pediatric oncology; procedural pain; distress management; hypnosis; treatment effectiveness evaluation, 29426

perceptually oriented hypnosis; hypnotic experiencing; hypnotic phenomena, 26461

phenomenological research; research methodologies; theoretical approaches; perceptual theory; hypnosis, 14214
positive suggestion; hypnosis; visual acuity; attention; myopia, 21409

post-hypnotic suggestion; dissociation; consciousness; hypnotic state, 33892

posthypnotic amnesia; autobiographical episodes; personal memories; memory accessibility; hypnosis, 35251

posttraumatic stress disorder; PTSD; hypnotizability; hypnotizability levels; trauma, 1513

reality monitoring; hypnosis; suggested experiences; hypnotizability; hallucinate visual shape, 21407

self esteem; hypnosis; ego enhancement; psychological theories; self concept; emotional well being; psychiatric theories, 31605

sleep-onset imagery; hypnosis; dreams; parapsychology; digital autoganzfeld; psi; consciousness, 6640

stage hypnosis; audience impact; performance, 33894
Stanford Hypnotic Susceptibility Scale; hypnotic ability; Rasch model, 33475

trait empathy; hypnotic ability; hypnotizability; absorption, 452

Hypnosis [See Also Autohypnosis]—Books

Hidden depths: The story of hypnosis, 3430
Winning the mind game: Using hypnosis in sport psychology, 6080

Hypnosis [See Also Autohypnosis]—Chapters
Imagery in smoking cessation and weight management, 23332

Physiological consequences of imagery and related approaches, 21802
Use of imagery in the treatment of cardiovascular disorders, 23356

Hypnotherapy—Serials

anecdotes; hypnosis; hypnotizability; individual differences; stereotypes, 35600

bedwetting; nocturnal enuresis; children; formal hypnotherapy; pediatricians; enuresis treatment; hypnotic techniques, 5386

Campbell Perry; hypnosis; memory; uncanceled hypnotic suggestions; pain; surgery; imagery; hypnotizability; Heraclitus, 23336

cerebral palsy; Dohsa method; autism; Japanese therapy, 8574

cognitive change; irritable bowel syndrome; hypnotherapy; symptom severity, 20454

depression; sexual trauma; posttraumatic stress disorder; brief hypnotherapy, 35601

ego state therapy; creativity; creative output; hypnosis, 2263

ego-state therapy; binge eating disorder; hypnotherapy, 5385

ego-state therapy; male patients; maternal re-nurturing; posttraumatic fragmentation; attachment deficits; childhood histories; parental abuse; human sex differences, 32496

group cognitive-behaviour therapy; hypnotherapy; Irritable Bowel Syndrome; psychotherapy; psychological interventions, 19891

hypnosis treatment; smoking cessation; clinical hypnosis, 14469

hypnosis; cognitive behavioral psychotherapy; analogue treatment; pain, 20459

hypnosis; Existential Psychotherapy; end-stage terminally ill cancer patients; management of pain, nausea & vomiting; death anxiety; existential isolation & meaninglessness; Ericksonian techniques, 35611

hypnosis; psychogenic or neurotic excoriations; acne excoriee; behavior; acne lesions; treatment; pregnant woman, 35612

Volume 91 SUBJECT INDEX

Hypnotherapy—Serials

hypnotherapy; cognitive-behavior therapy; psychological intervention; medical treatment; cancer patients; cancer care, 22886
hypnotherapy; gastrocolonic response; irritable bowel syndrome, 20430
hypnotherapy; hypnosis; efficacy; treatment outcome, 20426
hypnotherapy; hypnosis; ego state therapy, 2262
hypnotherapy; procedural pain; state anxiety; physiotherapy; anxiety; burn patients, 23335
hypnotic anchoring; hypnotherapy; ego state, 2260
hypnotic induction; virtual reality; decreased pain; virtual reality; burn injury; anxiety, 14247
insomnia subtypes; behavioral & hypnotic treatments; progressive muscle relaxation; sleep onset; sleep restriction; flurazepam, 5142
Milton H. Erickson; hypnosis; psychotherapy; therapeutic mechanisms; learning processes; hypnotherapeutic approaches; response set theory, 32495
neurophysiology; hypnosis; hypnotic susceptibility; controlled attention; awareness states; hypnotherapy, 23334
nineteenth vs twentieth century; direct symptom removal; psychoanalytic theory; hypnotic interventions; hypnosis literature, 35392
out-of-body experiences; hypnotherapy; hypnagogic situations, 23142
post-hypnotic suggestion; dissociation; consciousness; hypnotic state, 33892
sexual intercourse; childhood sexual trauma; ego state therapy; severe stomach pains, 2261

Hypnotherapy—Books

The deep trance training manual, vol. 1, 5387
Winning the mind game: Using hypnosis in sport psychology, 6080

Hypnotherapy—Chapters

Imagery in smoking cessation and weight management, 23352

Hypnotic Drugs [See Also Amobarbital, Apomorphine, Chloral Hydrate, Codeine, Phenobarbital, Thalidomide, Triazolam]—Serials

accidents; minor injuries; cognitive failures; antidepressants; sleeping tablets; psychomotor function; cognitive function, 2235
benzodiazepine hypnotics; long term use; older patients; attitudes, 26379
delta sleep inducing peptide; tetrapeptide; metapit seizures; audiogenic seizures; metapit seizure severity, 13081
dietary treatment; side effects; sleep problems; tryptophan; dietary hypnotic, 23414
insomnia; clinical drug interaction; zolpidem; zaleplon; zopiclone; pharmacokinetic interactions; pharmacodynamic interactions; sedative effects; conventional benzodiazepines; hypnosedatives, 2296
nonbenzodiazepine hypnotic; zaleplon overdose; complex behavior; sleepwalking, 32457
pharmacology; non-benzodiazepine hypnotic drugs; zolpidem; zopiclone; zaleplon; drug tolerance; drug dependence, 31006
propofol-induced alpha rhythm; electroencephalographic effects; sedatives; hypnotic drugs, 34147
sleep disturbance; sleep-wakefulness cycle; benzodiazepines; triazolam; flunitrazepam; phenobarbital; rats; hypnotics, 27940
valeriana; flavonoids; linarin; valerianic acid; sedation; sleep-enhancing properties; potentiation; sleep; anxiolytic flavone 6 methylapigenin; flavanone glycoside; rats; hesperidin, 12994
zolpidem; general practitioners; insomnia; primary care patients; patients needs; medical help seeking, 32539
zolpidem; hypnotic treatment; psychopharmacological treatment; chronic insomnia; methodology; outcomes, 32538
zolpidem; insomnia; benzodiazepine; hypnotic drugs; pharmacotherapy; treatment feasibility; drug efficacy, 32551
zolpidem; primary care setting; hypnotic agents; chronic insomnia; drug tolerance; drug dependence; drug schedules, 32544
zolpidem; psychomotor task performance; mood; food intake; night-shift work, 726
zolpidem; triazolam; performance tasks; self reported drug effects; tolerance; adults, 10047

Hypnotic Susceptibility—Serials

Campbell Perry; hypnosis; memory; uncanceled hypnotic suggestions; pain; surgery; imagery; hypnotizability; Heraclitus, 23336
dissociated-control theory; hypnosis; impaired performance; susceptibility; anterior cingulate cortex; prefrontal cortex, 33891
dissociative identity disorders; DID; feigned dissociation; hypnotic susceptibility; schizophrenia; relative efficacy, 6332

electroencephalography; EEG; emotional imagery; hypnotic susceptibility; cognitive unpleasant stimulation; cognitive neutral stimulation; EEG patterns; hypnosis, 15575
frontal lobe executive functioning; hypnotic ability; memory tasks; dissociated control theory; source amnesia; free recall, 12720
Harvard Group Scale of Hypnotic Susceptibility, Form A; factor structure; item-response theory; Waterloo-Stanford Group C Scale, 21094
hypnosis beliefs & opinions; hypnotizability; hypnotization experience, 449
hypnotic suggestibility; child psychiatric patients; hypnotic responsiveness; consciousness states; imaginative suggestibility, 20429
hypnotic susceptibility; Harvard Group Scale of Hypnotic Susceptibility; sex differences; item difficulty; effect size, 12452
hypnotic susceptibility; Harvard Group Scale of Hypnotic Susceptibility; Sweden; Swedish norms, 78
hypnotic susceptibility; hypnosis; attentional demand; time estimation; retrospective judgment; prospective judgment, 450
hypnotizability; African Americans; college students, 24540
hypnotizability; postoperative period; structured empathetic attention; self-hypnotic relaxation; medical patients; controlled hypnosis trials, 1777
posttraumatic stress disorder; PTSD; hypnotizability; hypnotizability levels; trauma, 1513
reality monitoring; hypnosis; suggested experiences; hypnotizability; hallucinate visual shape, 21407
Stanford Hypnotic Susceptibility Scale; hypnotic ability; Rasch model, 33475
trait empathy; hypnotic ability; hypnotizability; absorption, 452

Tridimensional Personality Questionnaire; Stanford Hypnotic Susceptibility Scale; catechol o-methyltransferase; Tellegen Absorption Scale; Differential Attentional Processes Inventory; polymorphism, 12955

Hypnotic Susceptibility—Books

The deep trance training manual, vol. 1, 5387

Hypnotists—Serials

hypnosis history; Swedish medicine; John Bjorkhem; therapeutic ideas; multidisciplinary activities, 29425

Hypnotic Sexual Desire Disorder [See Inhibited Sexual Desire]—Serials

epileptic seizures; psychogenic pseudoepileptic seizures; somatization; health; differential factors; hypochondriasis; somatic complaints; organic symptoms, 16807
hypochondriacal patients; primary care physicians; social desirability; positive outcomes; somatic symptoms; hypochondriasis, 29234
illness phobia; distress; impairment; hypochondriasis; classification, 25732
interventions; somatic symptoms; cognitive behavior therapy; social desirability bias; hypochondriacal beliefs; individual counseling; primary care, 29277
olanzapine treatment; monosymptomatic hypochondriacal psychosis, 20367
paroxetine treatment; delusional disorder, somatic type; hypochondriacal delusion; hypoperfusion; temporal lobes; parietal lobes, 32443
risk factors; hypochondriacal concerns; Big 5 personality domains, 19855
somatization disorder; hypochondriasis; epidemiology, 22797
somatoform disorders; pharmacologic treatment; pharmacotherapy; hypochondriasis; body dysmorphic disorder, 23370

Hypoglossal Nerve [See Cranial Nerves]

Hypoglycemia—Serials

caloric intake fear; severe hypoglycemia; anorexia nervosa; rapid refeeding; fear of obesity; biopsychological implications, 26008
food cravings; acute hypoglycemia; adults; Type I diabetes; euglycemia, 19889
glucose lowering effect; neonatal mice; neurophysiological changes; blood glucose; neural cell; brain histology; phenylpyruvate; phenylketonuria; neurodegenerative changes, 21838
hormone concentrations; hormonal responses; hypoglycemia; counterregulation; sleep; glycemic threshold, 3821
hypoglycemia; response error patterns; retest reliability; cognitive function; psychomotor function; reaction time; impairment, 63
neurocognitive correlates; childhood diabetes mellitus; type I diabetes; hypoglycemia; hyperglycemia; neurocognitive outcome; cognitive performance, 19847
selective processing; food words; insulin-induced hypoglycemia; cognitive processing; food stimuli, 28985

Hypothalamo Pituitary Adrenal System—Serials

structural central neural damage; long-term neurobehavioral deficits; L-cysteine; neonatal mice; hypoglycemia; brain; spatial memory; hippocampal-related behavior; neurotoxicity; histological damage, 723

Hypogonadism [See Also Klinefelters Syndrome, Turners Syndrome]—Serials

testosterone-replacement therapy risk; monitoring therapy; hypogonadism; diminished libido; vitality; erectile dysfunction; muscle mass reduction; bone density; depression; anemia, 14180

Hypokinesia [See Bradykinesia]

Hypomania—Serials

bipolar schizoaffective disorder; hypomanic episodes; ziprasidone; drug therapy; drug side effects; erectile dysfunction, 17033
depressive symptoms; affective disorders; bipolar disorder; hypomania; major depression; cognitive function, 28624
diagnostic issues; bipolar disorder; bipolar I disorder; bipolar II disorder; recurrent depression; hypomania; mania; differential diagnosis, 19355
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms; subtypes, 10771
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms, 10737
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms, 10767
level of functioning; hypomania; bipolar disorder, 34815
major depressive episode; hypomania; depressive mixed state; bipolar II disorder, 28630
mania; hypomania; olanzapine; causal relationship; bipolar manic attacks, 29306
perospirone; mania; hypomania; schizophrenia; drug side effects; drug therapy, 17094
personality traits; major depressive disorder; hypomanic symptoms; bipolar disorder, 19359

Hyponatremia—Serials

physiological approach; polyuria; hyponatraemia; schizophrenia; integrative physiology, 11640
selective serotonin re-uptake inhibitors; hyponatraemia; elderly; geriatric populations, 29403

Hypophysectomy—Serials

hypophysectomy; dopamine agonist quinpirole; behavioral sensitization; rats; clorgyline; locomotor sensitization; hypophysectomized rats; hypothalamo-pituitary-adrenal axis function, 15738

Hypophysis Disorders [See Pituitary Disorders]

Hypopituitarism—Serials

cognitive performance; hypopituitarism; long term replacement therapy; recombinant human growth hormone; growth hormone deficiency; memory, 29486

Hypotension—Serials

cerebrospinal fluid; hypovolemia; spontaneous intracranial hypotension syndrome, 13979
imidazole receptors; norepinephrine; rostral ventrolateral medulla; hypotension; hypertension; clonidine; rilmenidine; rats; ethanol, 10019
orthostatic hypotension; de novo Parkinson disease; autonomic cardiovascular impairment, 13923
post lumbar puncture; cerebrospinal fluid leak; headache; dural venous sinus; intracranial hypotension; headache; dural venous sinus abnormalities, 35212

Hypothalamo Pituitary Adrenal System—Serials

acamprosate; alcohol-dependent patients; hypothalamo-pituitary-adrenal system; hyperactivity; dexamethasone; corticotropin-releasing hormone; detoxified alcohols, 26750
ACTH responses; naloxone challenge; hypothalamo pituitary adrenal axis; hormones; psychological stress; personality characteristics, 10030
adaptive responses; environmental demands; hypothalamic pituitary adrenal axis; ancient stressors; modern stressors; elementary age children; chronic stressors; evolution, 15918
affective disorder; blood-brain barrier; mice; hypothalamo-pituitary-adrenocortical system; multidrug-resistance gene 1-type P-glycoproteins, 7237
animal sex differences; hypothalamo-pituitary-adrenal axis; pituitary-adrenal response; acute antidepressant treatment; imipramine; sertraline; prolactin; adrenocorticotropin; cortisol; sheep, 15732
antidepressant treatment; dehydroepiandrosterone sulfate; amitriptyline; paroxetine; depressed patients; adrenal androgens; hypothalamus; pituitary system, 35522
anxiety related behaviors; hypothalamic pituitary adrenal axis; serotonin receptor; limbic structures; brainstem structures; fear conditioning; stress conditions; mice, 27714
bed nucleus of the stria terminalis; noise; interleukin; medial prefrontal cortex; physical stressors; plasma adrenocorticotropin hormone; hypothalamic pituitary adrenal axis; rats, 21563
childhood sexual abuse; hpa axis; hypothalamo-pituitary-adrenal axis; corticotropin-releasing factor; posttraumatic stress disorder; long-term alterations, 1367

- cholecystokinin agonist; pentagastrin; repeat exposure; adrenocorticotropin; cortisol; anxiety symptoms; hypothalamic-pituitary-adrenal axis; novelty effects, 24819
- chronic social stress; neuroendocrine responses; adrenal responses; hens; group productivity; survival; hypothalamic-pituitary-adrenal axis; genetic basis, 27830
- cold stress; sympatho-adrenomedullary system; pituitary-adrenocortical axis; rats; isolation; crowding; noradrenaline; adrenocorticotrophic hormone; corticosterone; cytosol glucocorticoid receptor, 24752
- cortisol concentrations; hypothalamic-pituitary-adrenal; developmental stress research; peak response time; baseline cortisol; circadian rhythm; stress hormone; cortisol stress response, 675
- cortisol patterns; cortisol; diurnal cycle; circadian rhythmicity; individual variation; adult experience; young adults; aging; stress; hypothalamic-pituitary-adrenal axis, 9941
- cortisol; posttraumatic stress disorder; drug therapy; hippocampus; hypothalamic-pituitary-adrenal system, 5323
- daily life cortisol secretion; major depression; hypothalamic-pituitary-adrenal axis; hormone secretion; outpatients; intraindividual variability, 22508
- depression; mice; animal model; cognitive impairment; attention deficit disorder; hypothalamic-pituitary-adrenal axis; behavior analysis; trkB receptor, 3736
- developmental disabilities; self-injuring behavior; opiate agonist; naltrexone; hypothalamic-pituitary-adrenal axis, 5338
- dexamethasone suppression test; DSM-III-R axis I diagnoses; suicide attempts; hypothalamic-pituitary-adrenal axis; personality disorders; cortisol, 10686
- dexamethasone/CRH test; major depression; hypothalamic-pituitary-adrenal axis; pathophysiology; cortisol response, 16405
- ethanol; hypothalamic-pituitary-adrenal system response; psychosocial stress; alcohol-dependent fathers; sons; environmental stress; familial risk, 25918
- glucocorticoid receptor; mineralocorticoid receptor; hypothalamic-pituitary-adrenal axis; neonatal maternal separation; negative feedback; dexamethasone; rats, 15533
- glucocorticoids; immobilization stressor; hypothalamic-pituitary-adrenal axis; rats; corticosterone, 709
- hippocampal serotonergic neurotransmission; corticotropin-releasing hormone receptor type 1 antagonist NBI 30775; HPA axis activity; stress; corticosterone; behavior; mice, 10029
- hormonal status; renin-angiotensin system; RAS; system-regulating aminopeptidases; vasopressin-degrading activity; hypothalamic-pituitary-adrenal axis; mice; adrenal glands; HPA axis; pituitary gland, 15749
- HPA axis control; rats; St John's wort; hyperforin; fluoxetine; gene expression; haloperidol; mRNA; brain; hypothalamic-pituitary-adrenal axis, 9964
- HPA axis responses; psychosocial stress; healthy elderly adults; younger adults; children; gender; age, 7131
- hypocortisolism; glucocorticoid sensitivity; pro-inflammatory cytokine; Bosnian war refugees; posttraumatic stress disorder; PTSD; hypothalamic-pituitary-adrenal axis; basal hormone level; lymphocytes, 19553
- hypothalamic paraventricular nucleus; glutamatergic neurotransmission; gene expression; stress response; anhedonia; corticotropin-releasing hormone; ventral tegmental area; NMDA; nucleus accumbens, 561
- hypothalamic-pituitary axis; alcohol exposure; rats; ACTH response; response to alcohol exposure, 10013
- hypothalamic-pituitary-adrenal axis function; neuroendocrine response; cortisol secretion; anxiety; stress inhalation; brain's neuroendocrine response; carbon dioxide, 13090
- hypothalamic-pituitary-adrenal axis reactivity; dexamethasone-suppression/corticotropin-releasing hormone-stimulation test; depressed patients; cortisol; ACTH; HPA, 10749
- hypothalamic-pituitary-adrenal axis; sensitization; neonatal maternal separation; rats; hypothalamic corticotropin-releasing factor mRNA; hypothalamic paraventricular nucleus; anxiety-like behavior, 6709
- hypothalamic-pituitary-adrenal axis; sympatho-adrenomedullary responses; stress; drug craving; cocaine; drug addiction, 4740
- hypothalamic-pituitary-adrenal function; major depressive episodes; hypercortisolemia; antidepressant medications, 35570
- hypothalamo-pituitary-adrenal system; immune system; cytokine levels; interleukin; depression, 4604
- hypothalamo-pituitary-adrenal axis; newborn stress; atopic disposition; axis hyporeactivity, 28987
- hypothalamo-pituitary-adrenal axis; HPA axis; atopic dermatitis; psychosocial stress; allergic asthma; cortisol response, 1754
- hypothalamo-pituitary-adrenal axis; HPA axis; cortisol; awakening; awakening time; female nurses; female college students; sleep-wake cycle; work shifts, 7091
- hypothalamo-pituitary-adrenocortical system dysregulation; depression; corticotropin-releasing hormone; CRH-1 receptor antagonist R121919; endocrine changes; side effects, 5302
- imidazole receptor; adrenoceptor; hypothalamic-pituitary-adrenal axis; neuroendocrine response; stress, 21832
- lithium augmentation; hypothalamic-pituitary-thyroid system; unipolar major depressive disorder; augmentation therapy, 23222
- major depression; epilepsy; neuroendocrine abnormalities; hypothalamic-pituitary-adrenocortical system, 35338
- major depression; hypothalamic-pituitary-adrenal axis; neuroendocrine evidence; melancholic depression; cortisol responses; vasopressin, 15497
- menstrual cycle; neurocognitive functioning; mood; neuroendocrine function; premenopausal women; hypothalamic-pituitary-adrenal axis, 15454
- morphine dependence; rats; stress; corticotropin-releasing factor; hypothalamic-pituitary-adrenal axis, 7204
- naltrexone; adrenocorticotropin hormone; cortisol responses; hypothalamic-pituitary-adrenal axis function; catechol-O-methyltransferase gene; stress-related disorders; genotype; risk factor, 9815
- neurophysiological substrates; social withdrawal; aggression; limbic-hypothalamic-pituitary-adrenal; amygdala; prefrontal cortex, 18693
- neuroticism; depressive temperament; dysfunctional regulation; hypothalamic-pituitary-adrenocortical system; risk factors; unipolar depression, 28677
- nicotine withdrawal; animal model; hypothalamic-pituitary-adrenal axis; stress; rats; depression; precipitants; smoking cessation; HPA axis, 6814
- oral contraceptive; aggression; cortisol; serotonin; monkeys; heart rate; behavior; hypothalamic-pituitary-adrenal axis function; neurobiology, 7198
- panic disorder; neuroactive steroids; stress response; panic attacks; posttraumatic stress disorder; atrial natriuretic peptide; glucocorticoid receptor; hypothalamic-pituitary; response alterations, 10724
- patient characteristics; neuroendocrine responses; chronic fatigue syndrome; Insulin Tolerance Test; hypothalamic-pituitary-adrenal axis, 22809
- peer group settings; peer rejection; salivary cortisol; cortisol levels; temperament; hypothalamic-pituitary-adrenal axis; preschoolers; age; gender, 7355
- personality characteristics; cortisol; rhesus monkey; hypothalamic-pituitary-adrenal axis; circadian rhythm, 34122
- physiological effects; environmental enrichment; stress-responsive hormones; hypothalamic-pituitary-adrenal axis; mild stress; animal sex differences; adrenocorticotrophic hormone; corticosterone; rats, 7117
- pituitary volume; first-episode psychosis; hypothalamic-pituitary-adrenal axis; schizophrenia, 34882
- post-traumatic stress disorder; adrenocorticotrophic hormone; dexamethasone metyrapone tests; hypothalamic-pituitary-adrenocortical axis; feedback regulation, 29345
- premenstrual dysphoric disorder; sexual abuse; hypothalamic-pituitary-thyroid axis; thyroid axis profile, 25800
- prenatal exposure; betamethasone; stress physiology; premature infants; corticosteroid; postnatal stress regulation; hypothalamic-pituitary-adrenocortical axis, 30967
- prolactin; L-tryptophan; major depressive disorder; HPA axis function; cortisol; DHEA, 10760
- psychosocial stress; hypothalamo-pituitary-adrenal axis; sympathetic nervous system; stress-induced changes; dorsal motor nucleus; adrenoceptor regulation; depression; tree shrew, 15501
- rearing condition; limbic hypothalamic-pituitary-adrenal axis; stress; infant macaques; serotonin transporter gene; endocrine responses; polymorphism; anxiety; endocrine response, 18678
- repeated citalopram treatment; stress exposure; hypothalamic-pituitary-adrenocortical axis response; HPA; acute citalopram injection; antidepressant drugs; gene expression; neuropeptides; serotonin, 21881
- salivary cortisol levels; adolescent offspring; bipolar disorder; HPA axis, 7823
- salivary cortisol response; chronic fatigue syndrome; hypothalamic-pituitary-adrenal axis; awakening, 29027
- sex differences; pain; hypothalamic-pituitary-adrenocortical responses; opioid blockade; adrenocortical; pain sensitivity; blood pressure; naltrexone, 18702
- stress cortisol reactivity; depressed preschoolers; HPA axis; stressors; early depression, 10247
- stress; motivation; drug addiction; substance abuse; hypothalamic-pituitary-adrenal axis; self-medication hypothesis; abstinence; stress reduction; craving; addictions treatment, 13739
- synaptic effects; corticotropin-releasing factor; periaqueductal gray neurons; rats; hypothalamic-pituitary-adrenal axis, 6790
- work place; cortisol profiles; psychosocial distress; mobbing; physical health; psychological health; employee absenteeism; staff turnover; HPA axis, 19608
- Hypothalamus [See Also Hypothalamo Pituitary Adrenal System, Preoptic Area]—Serials**
- alpha-lactalbumin enriched diet; serotonin release; rewarding effects; anxiolytic-like effect; medial hypothalamus; sucrose consumption; behavioral tests; rats, 9870
- audogenic stress; stress-induced activation; corticotropin-releasing hormone; paraventricular nucleus; catecholaminergic neurons; medulla oblongata, 6901
- circadian regulation; photic regulation; ERK; JNK; p38; hamsters; suprachiasmatic nuclei; mitogen-activated protein kinase, 3830
- circadian behavioral rhythm; behavioral rhythmicity; central circadian pacemaker; genetically arrhythmic mice; circadian rhythmicity; suprachiasmatic nucleus graft; peripheral circadian clockwork; SCN, 3835
- circadian clock; suprachiasmatic nuclei; behavioral rhythms; signaling pathways; retinal function; nocturnal light; cGMP-dependent protein kinase II; period 1 gene; period 2 gene; hypothalamus, 15697
- circadian rhythms; ingestive behaviors; energy metabolism; hypocretin-2-saporin ablations; lateral hypothalamus, 6948
- corticotropin-releasing factor; gamma aminobutyric acid; paraventricular nucleus; hypothalamus; neuron activity; glutamate circuit control, 34003
- disrupted in schizophrenia-1; primate brain; DISC-1 expression; dentate gyrus; hippocampus; lateral septum; cerebral cortex; amygdala; paraventricular hypothalamus; cerebellum interpeduncular nucleus, 7860
- dopamine; dihydroxyphenylacetic acid; DOPAC; paraventricular nucleus; hypothalamus; erectile function; copulatory behavior; receptive female; male rats, 21637
- electric footshock; circadian rhythms; aversive stimulus; Syrian hamsters; lateral hypothalamic brain stimulation reward; reward allocation; nonphotic phase shifts, 12818
- emotional arousal; bilateral occipito-temporal; temporal gyrus; visual affective processing; bilateral anterior insulae; negative emotions; heart rate; hypothalamus; fMRI; frontal lobe, 681
- energy balance; reproduction; ingestion; hypothalamic-pituitary-gonadal system; metabolic fuels; physiological mechanisms; metabolic sensory stimuli; hormones; neuropeptides; neural pathways, 24621
- food intake; apolipoprotein; ingested fat; satiety; intestinal secretion; lipids; hypothalamus, 24625
- food intake; hypothalamus; membrane-permeable cAMP; taste aversion; satiety signal; protein kinase; NPY-induced feeding; neuropeptides; pertussis toxin; satiety-producing anorexigenic stimuli, 3973
- gamma aminobutyric acid; secretory activity; rat; oxytocin; neurons; supraoptic nucleus; taurine; hypothalamus, 34015
- gastric vagal trunks; cerebellar fastigial nucleus; glycemia-sensitive neurons; lateral hypothalamic area; intravenous glucose application; visceral response; food intake; rats; afferent inputs, 3735
- hemispheric dominance; hypothalamic digoxin; neurotransmitter patterns; love; arranged marriage; affection, 15530
- hemispheric dominance; myalgic encephalomyelitis; chronic fatigue syndrome; isoprenoid pathway; hypothalamic digoxin, 16610
- high-frequency oscillation; posterior hypothalamus; histaminergic neurons; hippocampal activity; hippocampal CA1; septal neurons; rats; memory trace formation; antagonists; antihistaminic drugs, 18757
- hippocampus; theta rhythm; reticular formation; medial hypothalamus; posterior hypothalamus; dorsomedial hypothalamus; benzodiazepine; rats, 18626
- human sex differences; hypothalamus; aggressive behavior; suprachiasmatic nucleus; serotonin; schizophrenia; neurotransmitter system; sex hormones, 6834
- hypothalamic digoxin; hemispheric chemical dominance; Tridosha theory; Ayurveda; biochemical differences, 17106
- hypothalamic visceromotor pattern generator; rat hypothalamus; dorsomedial nucleus; preoptic region; neuroendocrine motor zone; periventricular region of the hypothalamus, 15588
- hypothalamus; testes; testosterone secretion; human chorionic gonadotropin; alcohol; luteinizing hormone; corticotropin-releasing factor; steroidogenic acute regulatory protein; rats; Leydig cells, 34178
- ibotenic acid lesions; dorsal hippocampus; contextual fear conditioning; mammillary body lesions; hypothalamus; mice, 30840
- imidazole receptors; norepinephrine; rostral ventrolateral medulla; hypertension; hypertension; clonidine; rilmenidine; rats; ethanol, 10019
- ingestive behavior; molecular correlates; cellular correlates; ingestion control; postnatal development; hypothalamic neuropeptide Y neurons; hyperphagia; rat pups, 30914
- lateral hypothalamus; body weight regulation; neural development; single-unit activity; dopamine; dopaminergic receptor antagonists; cholecystokinin, 10067

Volume 91 SUBJECT INDEX

Hypothalamus—Serials

male reproductive activity; gene expression; hormone release; ethanol effect; gonadotropin releasing hormone gene; rats; hypothalamus pituitary-gonad axis, 7214

mCPP perfusions; ventromedial hypothalamic nucleus; lateral hypothalamic area; frontal cortex; food intake; 5 HT receptors; metabolism; feeding behavior; rats, 27897

medial hypothalamus; serotonin neural receptors; serotonin receptor agonist; electrical stimulation; feline defensive rage behavior; electrical stimulation; periaqueductal gray matter; cats, 6799

melanin-concentrating hormone; intracellular signaling pathways; lateral hypothalamus; feeding behavior; lateral hypothalamic neuropeptides; drug addiction; orexin; neurons; drug abuse responses; MCH, 15496

melanocortin-induced phosphorylation; melanocortin receptor; mitogen-activated protein kinase; melanocortin system; food intake; immunoreactive cell; rat hypothalamus; paraventricular nucleus, 3622

muscimol; morphine; penile erection; hexarelin analogue peptide; EP 80661; Nitric oxide; rats; paraventricular nucleus, 7260

myotonic dystrophy type 1; excessive daytime sleepiness; hypocretin system, 4873

narcolepsy; orexin; hypothalamic neurons; neurobiology; rapid eye movements, 22843

neurochemical characteristics; ventromedial hypothalamus; antiaversive effects; anxiolytics; anxiety; rats; animal models; camprone; clonidine; clonazepam; phenibut; indoter; GABA; dopamine; serotonin, 15813

nitric oxide; magnocellular neurons; paraventricular nucleus; supraoptic nucleus; cyclic GMP; mice, 12890

nucleus accumbens; lateral hypothalamic area; sexual behavior; rats; lesions; copulation; noncontact erection; female preference, 33984

oxytocin; neurosteroid modulation; supraoptic nucleus; GABA receptors; rats; allopregnanolone, 21615

paraventricular hypothalamic nucleus; PVN; ghrelin injection; feeding; c-fos immunoreactivity; peptide, 7241

perpetrators; domestic violence; cerebral glucose metabolism; hypothalamus; cortical brain structures; subcortical brain structures; positron emission tomography; fear-induced aggression, 19600

posterior hypothalamus; sleep-wake cycle; electrophysiological study; histaminergic neurons; hypothalamic neurons; paradoxical sleep; H3-receptors; freely moving cats, 649

posterior hypothalamus; sleep-wake cycle; electrophysiological study; histaminergic neurons; hypothalamic neurons; paradoxical sleep; H3-receptors; freely moving cats, 24742

repeated prolonged stress effect; adrenocorticotrophic hormone; expression levels; mu opioid receptor; midbrain homogenates; mRNA expression; rat brain, 7278

sex differences; human hypothalamus; sex hormones; Alzheimer patients cognition; estrogen replacement therapy; neuronal metabolism, 8313

suprachiasmatic nucleus; lesion; ablation; biological clock; circadian rhythms; time dependent modulation; cognitive performance; hamsters; reward-based learning & memory; place conditioning, 9852

tiapentine; lipopolysaccharide-induced expression; cytokines; spleen; hypothalamus; rats; hippocampus; neuroendocrine effects, 27866

white matter volumes; structural changes; functional abnormalities; voxel-based morphometry; structural correlates; narcoleptic patients; degeneration of hypocretin neurons; hypothalamus, 4879

Hypothalamus Lesions—Serials

bilateral posterior hypothalamic lesions; polysomnography; total sleep time; wakefulness; obese patient, 16594

gustatory thalamus; negative contrast; taste stimuli; thalamic lesions; gustatory memory; contrast effects; lesion-induced disruption; simultaneous contrast; anticipatory contrast; memory deficit, 18603

individual variability; cellular immune responses; lateral hypothalamic lesions; peripheral blood; cytotoxicity; rats; novelty responses; leukocytes; lymphocytes, 7008

post-infectious thalamic encephalitis; encephalitic syndrome; bilateral thalamic lesions; mycoplasma respiratory tract infection; amnesic syndrome; ataxia; acute onset; disease course, 29118

Hypothemia—Serials

dopaminergic profile; N-phenylpiperazine derivatives; dopamine; stereotypy; rats; cataleptic behavior; mice; dopamine ligands; dopaminergic behaviors; apomorphine-induced hypothemia, 21885

fenfluramine; hypothemia; cutaneous dilation; rats, 13084

gamma aminobutyric acid receptors; cannabinoids; hypothemia; thermoregulation; rats, 24843

hypothemia; hyperthermia; attentional learning deficits; spatial learning deficits; hypoxia-ischemic insult; neonatal rats, 30824

olanzapine; hypothemia; bipolar disorder; drug therapy; body temperature, 20283

pineal gland; morphofunctional changes; dynamic adaptation; hypothemia; serotonin metabolism; stress effects; rats, 9938

selective head cooling; neonatal hypoxic-ischemic brain injury management; mild systemic hypothemia; anesthesia; cerebral damage; neuroprotection; unsedated hypothemia, 3722

sensitivity; tolerance development; reaction latency; operant behavior; cannabinoid receptor blockade; potency; efficacy; WIN 55,212-2; CP 55,940; Δ⁹-THC; hypothemia; receptor antagonists, 18731

Hypothesis Testing [See Also Null Hypothesis Testing]—Serials

activation hypothesis; diathesis-stress model; hopelessness theory of depression; integration; cognitive priming; inferential styles; depressive symptoms, 25544

African Americans; violence subculture; victim precipitated homicide; race precipitated homicide; hypothesis, 30316

centrality hypothesis; dependency structures; artifact categories; target concepts; property projection, 18327

cognitive-behavioral treatment; panic disorder; fear of fear; mediational hypothesis; treatment efficacy, 32318

Featural and Unitary Semantic Space hypothesis; hypothesis testing; object words; action words; meaning representation; statistical model, 21976

hypothesis testing; stereotype suppression; stereotypical judgments; political correctness; confirmation biases; social interactions, 1207

hypothesis-testing; cutoff values; goodness-of-fit indexes; structural equation modeling, 24330

psychological research; underpowered studies; statistical power; multiple hypothesis testing; effect size measures; confidence intervals; Type I error rates, 18219

Rasch; measurement theory; genomic measurement; genomic variables; hypothesis testing; classical statistical genetics; population genetics, 27701

Hypothesis Testing [See Also Null Hypothesis Testing]—Chapters

Clapping with both hands: Numbers, people, and simultaneous hypotheses, 10479

Hypothesis Testing (Cognitive) [See Cognitive Hypothesis Testing]

Hypothyroidism—Serials

bipolar disorder; lithium prophylaxis; bipolar patients; rapid cycling; non-rapid cycling, 10748

dynamin III mRNA; rats; hypothyroidism; transcripts; brain; neural development; central nervous system, 548

hypothyroidism; developmental neuronal loss; thyroid hormone deficit; spiral ganglion neurons; auditory receptor; auditory organ development; afferent dendrites; efferent terminals; outer hair cell, 3700

impulsivity; congenital hypothyroidism; thyroid hormone; neonatal thyroid screening; replacement hormone; early treatment; thyroid gland, 35199

lithium; divalproex sodium; thyrotropin; thyroid-stimulating hormone; bipolar disorders; risk factors; lithium-induced hypothyroidism; bipolar youths, 14145

thyroid dysfunction; thyroid hormone supplementation; hormone treatment; bipolar disorder, 23289

Hypoxia [See Anoxia]

Hysterectomy—Serials

hysterectomy; estrogen replacement therapy; quality of life; older women; postmenopausal women; oophorectomy, 29350

migraine; premenstrual syndrome; follicle-stimulating hormone; menopausal status; hormone levels; hysterectomies; estrogen, 22853

treatment efficacy; stress inoculation training; posttraumatic stress disorder; emergency gynecological surgery; hysterectomy, 8384

Hysteria—Serials

psychoanalytic theory; hysteria; guilt, 13515

Hysteria—Chapters

The Argentine hysteric: A turn-of-the-century psychiatric type, 14959

Hysterical Neurosis (Conversion) [See Conversion Disorders]

Hysterical Neurosis (Dissociation) [See Dissociative Disorders]

Iatrogenic Effects [See Side Effects (Treatment)]

Ibuprofen Acid [See Also Muscimol]—Serials

ibuprofen lesions; pedunculopontine tegmental nucleus lesions; animal exploratory behavior; rats; motor activity, 30876

ibuprofen acid lesions; dorsal hippocampus; contextual fear conditioning; mammillary body lesions; hypothalamus; mice, 30840

ICD [See International Classification of Diseases]

Iconic Memory—Serials

iconicity; sign language discourse; linguistic features, 18873

semantic relatedness judgements; spatial iconicity, 18369

Id—Serials

ego; id; pathology; guilt; unconscious sense, 26319

Identity Formation—Serials

Ideal Self [See Self Concept]

Idealism—Serials

interdisciplinary research; idealist world views; spirituality; transpersonal experiences, 2086

object relationships; pathological grievance; complaint; narcissistic entitlement; idealisation; authentic lively self; lively entitlement, 34748

Ideation [See Also Imagination, Suicidal Ideation]—Serials

attributional processes; delusion; cognitive-behavioral therapy; delusional thinking; paranormal beliefs; subjective paranormal ideation; redefinition; mathematical model of delusional thinking, 26200

brainstorming; group procedures; idea selection; group interaction; process satisfaction, 22282

cessation; antidepressants; fluoxetine; pediatric depression; suicidality; ideation; self-harm; suicide attempts, 20288

magical thinking; obsessive compulsive disorder; magical ideation, 22578

multiple sclerosis; magical ideation; defense mechanism; neuropsychological deficiency; neuropathology; alternative treatments, 29182

paranoid ideation; prevalence; psychotic symptoms; racial differences; older Blacks; older Whites; urban population, 25621

putative schizotypy indicators; psychometric detection; latent class; taxon; taxometric methods; Magical Ideation Scale; Perceptual Aberration Scale; Revised Social Anhedonia Scale, 30445

treatment outcome; overvalued ideation; symptom severity; obsessive-compulsive disorder; treatment response; medication treatment; obsessions; compulsions; fluvoxamine, 17071

Ideation [See Also Imagination, Suicidal Ideation]—Chapters

Cognitive stimulation and interference in idea-generating groups, 1198

The constraining effects of initial ideas, 404

Enhancing ideational creativity in groups: Lessons from research on brainstorming, 1200

Experimental psychology: A manual of laboratory advice, 405

Identical Twins [See Monozygotic Twins]

Identification (Defense Mechanism)—Serials

childhood existence sense; identification process; projective identification; pathological identification; self denial, 25435

comprise formations; unconscious conflicts; psychoanalytic review; Western films; frontier myth; identification; spectators, 4007

group process; therapists dreams; unconscious identification; analytic group psychotherapy; therapeutic processes; group development, 32355

identification; aggressor; normal trauma; psychoanalytic technique; emotional abandonment; free associations; analytic relationship; patients compliance; Sander Ferenczi, 26321

psychoanalytic approach; reading process; novel characters; identification; self identity; queer; homosexuality, 31639

unconditional positive regard; conscious identification; counselors; person-centered counseling, 2088

Identity (Personal) [See Self Concept]

Identity (Professional) [See Professional Identity]

Identity Formation—Serials

African Americans; racial identity development; socially desirable responding, 31522

black identity; history; narrative; social constructionism; ethnic identity, 28392

group analysis; exchange; identity formation; familial identifications; group identifications; individual identity, 32366

guided imagery; body-mind connection; fear; anger; identity; power struggles; defensiveness, 32278

heterosexual identity development, 31429

human behavior; motivation; control theory; goal formation; identity formation; Stanislavski; acting method, 28451

identity configurations; identity formation & development; contemporary society; personal identity conflicts; socio-cultural conflict, 34709

identity formation; disruptiveness; boys; disruptive behavior, 31261

identity formation; parent-child value congruence; identity status; values, 34339

Latino identity; reconstructing identity; cognitive development; Latino college students; ethnic identity, 36199

mid-adulthood; psychosocial issues; gay men; lesbians; self destructive behaviors; heterosexism; normal adolescence; sexual orientation; Hispanics; African Americans, 28343

racial discrimination; strategic assimilation; racial hierarchy; identity construction; middle-class Blacks, 34474

re-conceptualization; narrative identity; lone motherhood; identity construction; life stories, 31412

Volume 91 SUBJECT INDEX

Identity Formation—Serials

religiosity; internalized homonegativity; identity development; conversion therapy; sexual orientation; homosexuality, 35426

storytelling practice; dialogic management; transplant support group; individual identities; collective identities; chronically ill patients; identity construction, 26201

Idiot Savants [See Savants]

Ileum [See Intestines]

Illegitimate Children—Serials

young male violence; father presence vs absence; violent crime; out of wedlock birth; illegitimacy; violent behavior; poverty; father child relations; cross-cultural comparison, 11050

Illiteracy [See Literacy]

Illness (Physical) [See Physical Disorders]

Illness Behavior—Serials

acute myocardial infarction; problem-focused coping; medical psychology; emotional response; illness behaviour; Self-Regulatory Model, 19940

alertness; child behavior; combination topiramate; vagus nerve stimulation; refractory epilepsy, 23389

celiac disease; illness behavior; patients; personality; treatment; dietary recommendation, 28992

denial of illness; medical rehabilitation; historical roots; anosognosia; unawareness syndromes; taxonomy, 31668

diagnostic dyspraxia; conflicting behavior; corpus callosum lesions; involuntary behaviors, 22908

epilepsy; behavior; psychiatric pathology, 26165

guinea pig pups; novel environment; stress induced sickness behaviors; behavioral responsiveness; vocalizations; locomotor activity; maternal separation; isolation, 21783

health communications; sensitivity; individual differences; future consequences; persuasive communication; colorectal cancer screening, 28499

health status; Five-Factor Model of Personality; illness behavior; life stress; sick-role behavior; personality traits, 10597

illness experience; health care; treatment outcome; stroke patients; Latvia, 8751

illness experience; multiple sclerosis; emotional distress; narrative therapy; restorative techniques; cognitive restructuring, 35404

illness-related narratives; marriages; couples; health talk; illness talk, 34495

insecure attachment; somatoform disorder; health care utilization; illness behavior, 19287

levetiracetam; adult patients; learning disability; behavioral adverse effects; optimal antiepileptic drug treatment; drug tolerability; drug efficacy, 23220

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14379

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14366

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14384

multiple chronic conditions; coping strategies; disease management; older persons; health care services, 14378

multiple sclerosis; coping; psychological adjustment; severity of illness; social support; duration of illness, 19868

musculoskeletal pain; prevalence; pain consequences; health care utilization; sick leave; limitation in daily life; demographics; at risk populations; pain characteristics, 16623

myocardial infarction; depression; cardiac outcome; self-rating, 19938

positive reappraisal coping; posttraumatic growth; early-stage breast cancer; women; benefit finding; prediction; perceived health; positive mood; health attitudes, 1820

reflective process; personal illness; nurse teachers; professional experience, 23732

roles; self-efficacy; abnormal illness behavior; osteoarthritis; self-management; health status, 26059

schizophrenia; illness models; treatment satisfaction; treatment compliance; ethnic differences, 34879

self management; asthmatic patients; educational program; illness adaptation; treatment response, 8615

social learning; irritable bowel syndrome; inflammatory bowel disease; passive coping strategies; pain; anxiety; depression; illness behavior; outpatient clinics, 13861

social psychology; community psychology; social knowledge; diabetes; illness experience; illness action; diabetes sufferers; healthy individuals; rural Ghanaian communities, 14223

socioeconomic conditions; health-related information; explanations of health and illness; deprived adolescents; poor adolescents; privileged adolescents, 971

zotepine; behavioural symptoms; psychological symptoms; dementia; drug safety; antipsychotic drug, 29370

zymosan; sickness behavior; lipopolysaccharide; induced sickness; rats, 7167

Illness Behavior—Books

Social psychological foundations of health and illness, 2274

Illness Behavior—Chapters

Common sense models of illness: Implications for symptom perception and health-related behaviors, 2363

Contributions of social comparison to physical illness and well-being, 2369

Daily processes in health and illness, 2370

Illumination [See Also Photopic Stimulation, Scotopic Stimulation]—Serials

alpha rhythm; visual stimulation; event-related synchronization; event-related desynchronization; feedback stimulation; EEG, 27806

ambient light levels; potential predation risk; aggressive behavior; juvenile white-seabream; *dipodus sargus cadenati*, 30787

animal welfare; visually mediated behaviour; domestic poultry; visual system; social interaction; light, 6728

bioscope; living matter; light source; sensor; photodetector; environmental temperature; physiological states, 18223

chromatic adaptation transforms; adaptation condition; visual adaptation; illumination, 6526

circadian rhythm; phase response curve; circadian pacemaker; wistar rats; non-photic stimuli; light; Zeitgeber; mammal; tau response curve, 21750

confusional migraine; photopsies; head pain; photophobia; phonophobia; photosensitivity, 22805

context-dependent olfactory learning; *Gryllus bimaculatus*; crickets; odor preference; conditioned stimulus; unconditioned stimulus; illumination; dark; light conditions, 24570

dawn simulation; cortisol response; awakening; bright light exposure; mood, 27834

different phase angles; contrasting seasons; summer; winter; activity patterns; cave harvestman; *goniosoma spelaeum*; light/dark cycle; environmental features; *Arachnida*, 21460

driving behavior; flashing green; amber; driver stopping; traffic signals; signal programmes, 30283

environmental influences; environmental factors; molecular mechanisms; circadian clocks; entrainment; light; temperature; neurospora; circadian rhythms, 15692

feeding activity; circadian rhythm; Japanese quail; sexual development; constant light; circadian rhythm clarity; light intensity; circadian rhythm expression, 21760

flashed stimulus; flash onset; motion onset; perceptual order; moving stimulus; spatial lag; leading edge; trailing edge; visual motion grouping; visual localization; relative position; temporal order, 21298

illumination; acoustic startle response; rats; fear potentiation; unconditioned stimulus; noradrenergic beta-receptor antagonist; propranolol, 6817

light deprivation; photoreceptors loss; taurine transporter knockout mice; retinal degeneration; apoptosis, 30825

light exposure; sleep; circadian activity rhythms; Alzheimer's disease; nursing home patients, 4963

light intensities; informational analysis; stimulus presentation; subjective estimates; reaction time, 12950

light therapy; bright light exposure; artificial light; seasonal affective disorders; pupillary diameters, 14213

light therapy; serotonin transporter; functional polymorphism; serotonergic drug; sleep deprivation; drug treatments; bipolar depressed patients; polymerase chain reaction; antidepressant response, 2247

luminance; light perception; empirical theory of vision; brightness perception; physical intensity of light stimuli; illusions of simultaneous brightness contrast; neural circuitry, 9595

neon color effect; color perception; light reflection; chromaticity; line segments; complementary color pairs; visual system; illusory colors, 33729

preferred luminance; human females; face cooling; tympanic temperature, 21764

remote illumination; adaptation mechanisms; remote adaptation; color sensation; color shifts; hue shift; achromatic illuminations; retinal color-coded cells, 21295

saccadic suppression; illumination; background manipulation; visual displacement; visual tracking; visual contrast, 3325

sensory enhancement; loudness; visual stimulation; concurrent light presentation; white noise, 33694

shaded pattern ambiguity perception; light source position; event related potential; stimulus orientation; occipital lobe; temporal lobe; visual system, 6512

stimulus detection; visual stimulus; auditory detection; human perception; psychophysics; irrelevant light; multisensory integration, 3851

sympathetic innervation; parasympathetic innervation; pupillary dilation; sustained processing; task difficulty; tropicamide; dapiprazole; light conditions; darkness, 18802

tactile target; fake hand; distractor lights; postural factors; visual factors; mislocalizations; touch, 33680

three dimensional shape; shape perception; specular highlights; visual information; human visual system; image shading; illumination, 30615

Illusions (Perception)—Serials

timed bright-light exposure; night work; subjective well-being; subjective distress; seasonality; female nurses; age differences, 14802

visual system; adult bee behavior; visual component genes; complementary deoxyribonucleic acid; opsin; visual arrestin; age; foragers; light exposure; phototransduction components, 15452

Illumination Therapy [See Phototherapy]

Illusions (Perception) [See Also Mueller Lyer Illusion, Perceptual Aftereffect, Spatial Distortion]—Serials

action; illusion; movement perception; neural processes; brain; visual stimulus; ventral premotor cortex; primary motor cortex, 12837

binocular depth inversion illusion; regular cannabiss users; cognitive impairment; executive functioning; memory; personality, 1667

contrast polarity; Cafe Wall type illusions; angularity illusion; tilt cues, 30606

directional harmonic model; harmonic resonance theory; perceptual grouping; computer simulation; collinear contours; Ehrenstein illusion; Kanizsa figure; orthogonal contours; illusory contours, 3324

Ebbinghaus illusions; visual search; object size; preattentive vision, 30593

edge detection; brightness perception; contrast thresholds; masking; illusory scalloping; spatial frequency, 30618

face memory; recognition memory task; memory illusions; perceptual fluency; subjective familiarity, 33861

flash lag illusion; psychophysical experiments; motion perception; object recognition, 30602

geometric illusions; haptic illusions; manual exploratory movements; Muller-Lyer illusion; vertical-horizontal illusion; Delboeuf illusion; vision, 21248

geometrical illusions; retinal image; fixation time; saccades; practice, 12593

handedness; phantom limb illusions; virtual reality box; strength, 24372

illusion; disillusionment; ego; psychoanalysis; metaphors; transformations; interplay process, 19234

illusory conjunctions; time domain; features binding; Rapid Serial Visual Presentation; focal attention; time course; attentional blink, 21263

illusory contours; amodal completion; depth stratification; cues, 30622

illusory contours; interpolation; extrapolation; contour completion; visible edges, 12607

illusory recollection; dual-process models; recognition memory; familiarity; recollection, 24498

infant perception; illusory contours; static figures; moving figures; Kanizsa figure, 933

intentional control; perceptual representations; reversible figure, 6528

jitter induced illusion of self motion; visual flow;vection; jittering radial flow; perspective; visual perception; vestibular activity, 12586

luminance; light perception; empirical theory of vision; brightness perception; physical intensity of light stimuli; illusions of simultaneous brightness contrast; neural circuitry, 9595

neon color effect; color perception; light reflection; chromaticity; line segments; complementary color pairs; visual system; illusory colors, 33729

octave illusion; auditory pathways; tone perception; pitch perception; semitone; diplacusis hypothesis, 15244

optical imaging; tactile illusion; somatosensory cortex; brain; stimuli; squirrel monkey, 6649

perceptual grouping; line discrimination task; attention, 18278

Poggendorff illusion; visuomotor actions; target locations; visual perception, 33726

positive illusions; mental health; physical health; elderly; self perception; Optimal Margin Theory; Social Psychological Model, 13271

reverse-phi motion; neurons; cortex; macaque monkey; stimulation; movement perception; illusions, 15551

saccadic chronostasis; fixation; superior colliculus; illusion; volition; oculomotor processes; efferent signals; cued saccades; express saccades, 24719

same-sign hypothesis; luminance gradients; depth perception; retinal images; visual stimulation; opposite luminance stereograms, 3320

schizophrenia patients; somatosensory evoked potentials; tactile sensations; neuronal activity; brain regions, 7890

shared motor planning; visual input; eye movement; eye position; eye-hand coupling; closed loop drawing; eye hand kinematics; ellipses tracing; fixation cluster; tangential hand velocity, 6561

size contrast; physical size; perceived size; size assimilation; visual perception; natural scene, 12598

spatial distortions; processing latencies; onset repulsion; motion direction; Frohlich illusion; target velocities, 27459

static motion aftereffect; tilt aftereffect; illusory line; visual hierarchy, 27779

Volume 91 SUBJECT INDEX

Illusions (Perception)—Serials

tactile perception; physical contact; manual chronostasis; eye movement; arm movement; time overestimation; retina, 9573

temporal ventriloquism; visual stimulus; sound; temporal dimensions; temporal proximity; flash-lag effect; moving object; noise burst; silent condition; isolated sound; visual illusion, 21257

time estimation; test interval; temporal durations; visual illusions, 33687

visual capture; arm position; reaching performance; mirror illusion; right arm, 33711

visual hallucinations; transcranial magnetic stimulation; illusions; occipital stroke; suppression; Charles Bonnet Syndrome, 1863

visual information; visual stimulus; neural signals; motion signals; line-motion illusion, 12590

visual perception; segmentation; grouping process; occlusion; interpolation process; fragmentary input; perceptual processes; illusory contours; objects, 6507

visual systems; Roelofs effect; single reference frame; cognitive judgments; object location; frame offset; sensorimotor responses; Roelofs illusion, 27451

wellbeing; illusory perceptions; life satisfaction; happiness, 25324

word fragment; electrophysiological correlates; event-related brain potentials; serial visual presentation; semantic priming; repetition blindness; illusory words; processing level, 18257

Illusions (Perception) [See Also Mueller-Lyer Illusion, Perceptual Aftereffect, Spatial Distortion]—Chapters

Effects of modal versus amodal completion upon visual attention: A function for filling-in?, 15616

Illusions in neglect, illusions of neglect, 23044

Perceptual completion and memory, 15231

Image (Retinal) [See Retinal Image]

Imagery [See Also Conceptual Imagery, Spatial Imagery]—Serials

adaptive learning; target detection; novel imagery data; neural network; pattern recognition, 14891

affective changes; insinuated action patterns; laughter; crying; walking; affective imaging, 18422

Ahrens's Image Model of Education; imagination; learning processes, 14623

athletes mental imagery; visual impairments; performers imagery experiences, 14026

attention; motor control; motor imagery; schizophrenia; posterior parietal cortex; auditory hallucinations; self-monitoring deficits, 34864

auditory areas; musical timbre; auditory imagery; timbre imagery; supplementary motor area; neural correlates; judgments, 27739

autobiographical memory; remitted bipolar depression; unipolar depression; imagery; memory; bipolar affective disorder, 25574

blindness; brain plasticity; mental imagery; visual cortex, 26184

body position; imagery tasks; visual mental imagery; repetitive transcranial magnetic stimulation; non-upright position; supine position; lateral position; body tilt; gravitational frame of reference, 3326

brain activation; motor imagery; locomotor-related tasks; standing; initiating gait; walking; walking with obstacles; supraspinal structures; human locomotion; electrical activity; blood flow, 3672

brain lateralization; motor imagery of hand movement; movement lateralization; brain damage; left-brain stroke; right-brain stroke; motor planning asymmetry, 22893

career development readings; words; images; metaphor; consciousness; non-linear representation; metaphorisation; methodological possibilities, 27032

compassionate images; self-criticism; self-soothing; self-compassion; depressed patients, 25559

computer skill training; symbolic mental rehearsal; behavior modeling; declarative knowledge; cognitive skill; productivity; reciprocal peer training, 23961

context-dependent memory; context-dependent forgetting; context familiarity; context effects; mental visualization; environmental context, 3384

cortical spinal excitability; motor evoked potentials; mental counting; perceptual-motor interaction; motor imagery; motor cortex; hand, 6864

curriculum; eidetic imagery; role playing; creative-dramatic processes, 14644

data visualization; binary data sets; spatial displays; glyph visualizations; spatial visualizations, 6510

drama-imagery; socialization; theater-drama; family imagery; juvenile delinquents, 14218

electroencephalography; EEG; emotional imagery; hypnotic susceptibility; cognitive unpleasant stimulation; cognitive neutral stimulation; EEG patterns; hypnosis, 15575

electromyography; EMG; muscular activity; real movements; imagined movements; inflow explanations, 676

electromyography; EMG; muscular activity; real movements; imagined movements; inflow explanations, 682

embodied imagination; mental imagery; dream, 11450

embodied imagination; mental imagery; dream, 11451

exercise imagery; transtheoretical model; motivational purposes; stages of change, 33827

familiarity; visual complexity; image agreement; naming difficulty; Boston Naming Test; line drawings, 6904

fantasy proneness; mental imagery; reality monitoring; individual differences; memory confusions, 24415

graphic design; Nobel Prize; cover significance, 805

human primary motor cortex; motor imagery; supplementary motor area; premotor area, 21567

image attributes taxonomy; visual persuasion; information-processing approaches; advertising, 33369

Image Habituation Training; brief exposure therapy; post-traumatic stress disorder; treatment effectiveness, 32331

imagery modality; golf putting performance; videotapes; male golfers, 36438

imagery rehearsal treatment; distressing dreams; psychological distress; sleep parameters; nightmare patients, 5195

imagery; cognitive therapy; psychosis; psychotic symptoms; persecutory delusions; hallucinations, 26286

imagery; early memories; agoraphobia; anxiety disorders, 25703

imagery; perception; vision; mental image; visualization; cueing; acquisition strategies; reaction time, 338

imagery; spiders anxiety; cognitive processes; early memories; cognitions; spider phobia, 25737

images; cognitive processes; drug craving; motivating experience; substance dependence; cognitive modelling; flashbacks; Tiffany's theory of craving; elaborated intrusion theory of craving, 25894

individual differences; imagery; aversions; memory; trauma, 24491

intrusive memories; non-intrusive memories; mood; imagery vividness; depressed mood, 24486

knowledge; contractile imagery; muscle strength; performance; strength tasks; skill learning; motor unit firing behavior; motor performing, 6558

literary work; mental image; reading process; multi-modal imagery; simulation process; somato-viscero-motor system; breathing process, 30757

mental imagery ability; spastic diplegic cerebral palsy; adolescents; visual imagery; visual-perceptual deficits, 35272

mental imagery; memory; psychopathology; psychological disorders; imagination; psychological disorder, 25517

mental imagery; memory; psychopathology; psychological disorders; PTSD; agoraphobia; mood disorders; psychosis; body dysmorphic disorder, 25514

mental imagery; motor skill acquisition; mental rehearsal; motor performance; sport psychology; performance, 33677

mental images; goals; psychopathology; traumatic experiences; traumatic experiences, 25506

mental skills package; performance consistency; improved performance; performance measures effects; cricket players; scoring measures, 9154

mental training; muscle power; strength gains; abductor; flexor; maximal voluntary contractions; cortical potential, 18696

mental walking; time production task; mental imagery; imagery tasks; arousal level; internal clock speed; temporal homology; sound stimuli, 33815

migraine; tension type headache; visual imagery; behavioral self management therapies, 23353

motor imagery; corticospinal excitability; abductor pollicis brevis; phasic thumb abduction; abductor digiti minimi; temporal stimulation; spatial stimulation; F wave; thumb; imaged movement, 15585

motor imagery; transcranial magnetic stimulation; finger; enslaving; deficit, 27757

motor schema theory; Ahrens Triple Code Image-Somatic response-Meaning Model; mental imagery; motor learning; Adams closed loop theory; Schmidt motor schema theory, 33766

multisensory processing; mental imagery; human cerebral cortex; haptic shape perception; visual perception; texture perception, 34083

multivariate multinomial logit models; dyadic sequential interaction data; imagery play therapy, 9347

musical expertise; visuospatial abilities; mental imagery; cognitive abilities; mental imagery; reaction times; vertical discrimination, 18250

nocturnal panic; psychophysiological responses; imagery; traumatic events; panic attacks; loss of vigilance; panic disorder; daytime panic, 10837

nonliteral imagery; perceptual performance; texture segmentation; multisensor fusion; usefulness evaluation; multisensor imagery; region recognition; color rendering; scene content; image-rendering, 24374

Imagery—Chapters

normative data; sex differences; Raven Standard Progressive Matrices; Mexican children; reasoning; visualization, 15001

object motion; motion duration estimates; eye movements; mental imagery; target arrival time; flight time; rating scale; target fixation; reasoning; mental tracking; judgment task; rating scale, 21277

object recognition; neural network; image analysis; appearance-based 3-D object recognition; three-layer perceptions; nonlinear principal component network; pose estimation, 14898

olfactory motor activity; imagery mimics; sensory stimuli; sensorimotor processes; nasal airflow; perception, 6547

perceptual simulation; property verification; imagery; word association, 33828

piano playing; music imagery; pianists; complex motor task; motor skills; effective visuomotor transformation; pitch; rhythm; motor cortex; musical texture; cortical network, 21317

prior knowledge; realism; narrative worlds; mental images, 31482

professional experiences; learning situations; imagery, 14617

psychological criticism; scientific psychology; Shakespearean imagery choice; Elizabethan age; Walter White, 31032

psychophysiological responses; script-driven imagery; abduction; space aliens; emotional trauma; heart rate; skin conductance; left lateral frontalis electromyographic responses, 24759

regional cerebral blood flow; visual imagery task performance; brain areas, 30857

relevance feedback; image retrieval; synergetic neural net; SNN; interpretation; human perception, 14899

remote viewing; paranormal investigators; multiple agent design; multiple-percept design; mentation reports, 18229

schizophrenia patients; theoretical proposals; visual mental imagery; conscious perception; behavioral measures; attentional factors; reality monitoring, 7857

smoking imagery; films; emotional state; lifestyle; tobacco use ideologies; smoking credibility; stereotypical images; sub-culture affiliation, 4314

spatial memory; visuospatial representations; skilled mental images; memory performance; problem solving; blindfold chess, 30868

spider woman archetype; social contexts, 25130

spontaneous images; early memories; body dysmorphic disorder; stressful memories, 25736

study strategies; imagery recall; rehearsal; oral presentation; text presentation, 18319

theory & practice & experience of guided imagery; teaching strategies & education; teachers, 14641

upright posture; slumped posture; negative thoughts; positive thoughts; recall; imagery ability, 33839

virtual experience; consumer learning; virtual affordance; product affordance; 3-D visualization; brand attitude; purchase intention; mechanical products; geometric products; TV advertising, 9203

visionary language; visual imagery; occupational therapy culture, 23729

visual cognition; visual imagery; cognitive neuroscience; cognitive control processes, 27731

visual imagery; cerebral visual dysfunction; object-properties processing system; spatial-properties processing system; cerebral hemisphere; brain damage; imagery deficit; visual area; occipital lobe, 9579

visual imagery; pulse waves; neuron activity; brain waves; neurochaos phenomenon; parasympathetic-division activity; meditation; electroencephalogram, 3424

visual mental imagery; imagery-related visuospatial activity; memory retrieval strategy; imagery content; frontal cortex; visual cortex, 30851

visual working memory; image statistics; luminance alteration; symmetry; isodipole, 27572

visualization assessment; visualization training; spatial skills; VIZ Website; response times; accuracy; spatial cognition, 33049

visuo-spatial memory; blindness; mental representation; strategies; visuo-spatial ability; visuo-spatial memory; mental imagery, 25723

visuospatial mental rotation; motion imagery; visual imagery; oculomotor performance; cognitive processes; eye movements; problem solving; creative thinking, 7124

Imagery [See Also Conceptual Imagery, Spatial Imagery]—Books

Healing images: The role of imagination in health, 23351

Opening the mind's eye: How images and language teach us how to see, 3739

Imagery [See Also Conceptual Imagery, Spatial Imagery]—Chapters

Cerebral substrates of musical imagery, 7017

Death imagery: Confronting death brings us to the threshold of life, 23329

Engineering presence: An experimental strategy, 3060

Healing images: Connecting with inner wisdom, 23357
 Healing images: Historical perspective, 23119
 How could images heal anything?, 23360
 How to use mental imagery for any clinical condition, 23116
 Imagery and cancer, 23358
 Imagery and spiritual development, 23327
 Imagery and the treatment of phobic disorders, 23332
 Imagery in the treatment of trauma, 23330
 Imagery, cerebral laterality and the healing process: A cautionary note, 23120
 Imagery, love, and health: How dynamical energy systems theory can integrate conventional and complementary medicine, 23118
 Imagery: Its history and use in the treatment of posttraumatic stress disorder, 23331
 Mental imagery in sex therapy, 23117
 Music, imagery, and healing, 23340
 Physiological consequences of imagery and related approaches, 21802
 Transforming the pain terrain: Theory and practice in the use of mental imagery for the treatment of pain, 23359
 Transpersonal images: Implications for health, 23324
 The use of imagery in alleviating depression, 23328
 We ask, does psi exist? But is this the right question and do we really want an answer anyway?, 9740
Imagery (Conceptual) [See Conceptual Imagery]
Imagination—Serials
 Ahsen's Image Model of Education; imagination; learning processes, 14623
 autobiographical memory; individual differences; memory distortions; personality traits; fantasy proneness; recognition task; false memories, 24499
 children's imagination; unknown; story-telling context; heffalump; meaning, 7435
 cognitive heading; perceptual heading; imagined locomotion; systematic errors; response mode, 24417
 consumer behavior; fantastic imagination; card game, 33352
 dog phobia; specific phobia; treatment outcome; active imaginal exposure; cognitive-behavioral treatment; cynophobia; coping responses, 8421
 embodied imagination; mental imagery; dream, 11450
 embodied imagination; mental imagery; dream, 11451
 fantasy proneness; imaginative involvement; psychological absorption; depersonalization disorder, 10709
 fantasy; imagination; U.S.; rhetorical studies; Marxism; psychoanalysis; symbolic convergence theory; collective unconscious; rhetorical processes, 4018
 imaginal perspective switches; remembered environments; response selection conflict; sensorimotor interference; cognitive transformations; rotations; translations; object locations, 12574
 imagination inflation; imagination; autobiographical events exposure, 24470
 imagination; creativity; theater in education; learning, 33057
 imagination; personality; imaginary companions; childhood, 10588
 picture interpretation; Jungian typology; quadrant schema; active imagination; emotionality, 25398
 reality; imagination; spatial updating; imagined environments; automatic spatial updating, 18271
 reasoning; design in nature; purpose; intention-based accounts; intuitive theists; artificialists; conceptual imagery; imagination; childhood development, 24954
 systematic destruction of language in G. Orwell's "1984" human experience & eidetic imagination, 13121
 transference; imaginer; imagined; unconscious fantasies; parent-child interaction; reality; fantasy interpretation; countertransference; narcissism, 32395

Imaginativeness [See Openness to Experience]
Imipramine—Serials
 animal model; human depression; c-fos expression; imipramine treatment; forced swimming test; dopaminergic brain; behavioral alterations; WAG/Rij rats, 534
 animal sex differences; hypothalamic-pituitary-adrenal axis; pituitary-adrenal response; acute antidepressant treatment; imipramine; sertraline; prolactin; adrenocorticotropin; cortisol; sheep, 15732
 antidepressants; imipramine; fluvoxamine; depressive mood; cardiovascular system; major depression; heart rate; blood pressure; orthostatic challenge, 17091
 chronic activity wheel running; imipramine; masculine copulatory behavior; olfactory bulbectomy; male rats, 34140
 gender differences; sertraline; imipramine; depressive disorder; dysthymic disorder, 11462
 hypericum perforatum; antidepressant effects; imipramine; hypericin; forced swimming; mobility; activity; model of depression; rats, 9994
 imipramine-induced antinociception; nicotine; cholinergic agents; mice; drug dosage, 13104
 imipramine; amantadine; behavioral reactivity; central adrenergic system; rats; drug-resistant depression; alternative antidepressant therapies; hyperactivity; exploratory behavior; aggression, 21826
 imipramine; fluoxetine; weight changes; leptin; body mass index; tricyclic antidepressants; depressed female patients; insulin; fasting blood; diabetes risk; glucose; free fatty acids; lipids; glucose, 8531
 memory retention; imipramine; gamma aminobutyric acid; baclofen; muscimol; bicuculline; drug dosage, 13103
 metabolism studies; metabolic rate; cytochrome P450; imipramine; in vitro; metabolism; model; steady-state, 13032
 nonassociative learning; associative learning; object recognition; place learning; habituation; open field exploration; imipramine; serotonergic receptors; adrenergic receptors; rats, 757
 panic disorder; sertraline; imipramine; drug switch strategy; differential efficacy; measures analysis, 8526
 platelet receptor function; long-term imipramine treatment; endogenous depression; antidepressants; serotonin, 29334
Imitation (Learning)—Serials
 action imitation; autistic spectrum disorder; emulation; cognitive development, 25969
 action imitation; social behavior; social reactions; motivation; perception; social learning; birds, 33948
 birth-order effect; social learning mechanisms; modeling; opportunity; telescoping; smoking onset; siblings, 10431
 brain; imitation; actions; theories; behavior, 6813
 Broca's area; imitation; neurons; manual finger movements; motor task; language, 15511
 cerebellum; action representation; internal representation; observational learning; spatial information processing; imitation; explorative strategies; spatial learning, 9873
 cognitive imitation; rhesus macaques; motor imitation, 30777
 cortical activity modulation; imitative behaviors; frontoparietal mirror areas, 12619
 dental procedures; mental retardation; video modeling; dental treatment; desensitization, 32323
 differential reinforcement; differential association; Ronald Akers social learning theory; smoking; imitation, 25232
 elicited imitation; autism; intellectual disabilities; autistic patients; imitation deficits, 28894
 enculturated orangutans; human-reared orangutans; generalization; imitation; object-related actions, 27640
 gestural imitation; limb apraxia; corticobasal degeneration; transitive gestures; intransitive representational gestures; intransitive non-representational gestures, 26162
 hemispheric specialization; callosotomy; hand-head positions; finger configurations; imitation, 11268
 homo imitans; homo provocans; human imprinting model; neonatal imitation; neonatal initiative capacity, 15973
 imitation judgments; shadowed words; stimulus presentation, 30740
 imitation; affordance learning; pigeons; *Columba livia*, 9762
 information processing; behavioral mimicry; context dependence; field dependence; cognitive style, 12678
 intervention implementation; intervention evaluation; classroom strategies; student engagement; sustained silent reading; school-based recreational reading; teacher modeling; third-graders, 12126
 Intimacy; Imitation; Language Learning; Spanish Diminutives; Mother-child Conversation; speaker groups, 31155
 limb gesture imitation; disease severity; Alzheimers disease; pantomime; praxis performance, 26158
 natural imitation; joint attention; social perception; nonverbal communication; eye fixation; pointing; cognitive processes; interspecies interaction; humans; monkeys, 508
 neonatal chimpanzees; Pan Troglodytes; neonatal facial imitation; innate ability; imitative abilities; human facial gestures; social communicative behavior; evolutionary perspective, 33935
 observational learning; ghost condition; imitation; emulation; young children, 31191
 operant conditioning; infant memory; generalization; cues; deferred imitation; context, 31157
 phonological disorder; sufficient-response-exemplar training; vocal imitation; object naming; conversational speech, 2532
 pretending; children; imitation game; trying; signs of effort; signs of playfulness; pretense, 18937

self-efficacy; star idols; luminaries modeling; adolescent perception; idol worship; social learning effect; gender differences; self concept, 18951
 social learning strategies; imitation, 33932
 social learning; imitation; apes, 33945
 social learning; imitation; psychology; biology, 33925
 social learning; marmosets; artificial fruit; imitation; artificial foraging task, 24559
Imitation (Learning)—Chapters
 Case study 14A. Movement imitation in monkeys, 6777
 Mirror neurons and the neural basis for learning by imitation: Computational modeling, 3742
 Mirror neurons, vocal imitation, and the evolution of particulate speech, 4066
 The mirror system in humans, 3754
 The role of objects in imitation, 4125
Immersion Programs [See Foreign Language Education]
Immigrants [See Immigration]
Immigration—Serials
 academic development; migrant Latino children; after-school programs; academic instruction; acculturation; community services; school involvement; children development, 30014
 acculturation attitudes; blue-collar workers; Turkish immigrants; perceived intergroup threat; Germans, 4348
 acculturation strategies; acculturative stress; coping process; motivational factors; need for cognitive closure; decisiveness; immigrants, 31309
 all-cause mortality; self-rated health; Sweden; health status; retirement; socioeconomic status; SES; immigrants; daily living activities; birth country, 16066
 attachment styles; personality; psychological adjustment; sociocultural adjustment; intercultural adjustment, 34466
 bicultural self-construals; multicultural diversity; dominant culture; biculturalism; immigration assimilation; US melting pot vision; cultural comparison; monocultural; social obligation; values, 28166
 Bosnian immigrants; immigrant perception; United States; health care system; Balkan wars; Bosnian refugees, 17325
 childbearing women; depressive symptoms; women of Mexican descent; protective strength factors, 19078
 Chinese Americans; immigrant women; value negotiation; self perceptions; cultural borderlands, 34688
 Chinese immigrants; parental expectations; school performance; goal orientation; study habits; adolescent children; internal control beliefs; mastery learning experiences, 9012
 clinical services; health communication; immigrants; community health advisor, 11774
 close reading; moral panic; trafficking victims; trafficking; migration; law; innocent protection; immigrant punishment; prostitution; undocumented workers; anxieties; gender distinction, 9304
 code switching; inter generational communication; acculturation; immigrants; family conversations; grandparents; grandchildren; parents, 15873
 cognitive differences; immigrants; majority groups; educational achievement; work proficiency, 33832
 colonialism; schooling experience; Africans; high school students; attitudes; experiences; urban high school; immigration, 9035
 computer-based training; immigrant Latinos; user instructions development; computer-based instruction; formal education, 33047
 creative expression workshops; refugee children; immigrant children; multiethnic schools, 14714
 crossing borders; disorientation; time orientation; space orientation; narratives; experiences; storytelling management; linguistic resources; immigrants, 18843
 cultural adaptation; dualistic world view; collectivism-individualism; integrative acculturation; religion; self image; intergenerational conflict; traditional values; South Asian immigrant women, 16122
 cultural adjustment; Chinese; adjustment patterns; Yugoslavians; adolescents; children; migration; Australia, 25059
 cultural adjustment; mental health; Japanese immigrants; youth; discrimination; coping; cultural identity, 13261
 cultural adjustment; situational factors; children; acculturative stress model; young migrants; Australia; internal process; adolescents; Chinese; Yugoslavians; youth, 25060
 cultural background; primary school children; intellectual performance; immigrants; construct validity; cognitive ability, 15004
 cultural behaviors; biculturalism; parental role; second generation Vietnamese; ethnic cultures; immigrants; social networks; assimilation, 10359
 cultural identification; substance use; heroin addicts; immigrants, 19667

- cultural influence; social support use; Chinese immigrants; cultural differences; social support relationships; impression management, 16094
- cultural trauma; larger societies; cultural dissolution; hegemonic culture; multicultural adaptation; societal interventions, 28510
- depression; elderly labor migrants; Center for Epidemiologic Studies Depression Scale; utility; Turkish & Arabic translation; acceptability; reliability; convergent & construct validity, 27323
- depression; kinship networks; social support; Vietnamese immigrants; multicultural community; urban setting; nonkinship networks; support satisfaction; psychological distress, 4326
- depressive symptoms; immigrant status; living arrangements; middle-aged adults; older adults; immigrants; nonimmigrants, 19408
- developmental disabilities; adaptation; children; autism; Down syndrome; physical differences; immigrants; Koreans; mothers; attitudes, 16527
- Dixie diaspora; immigrants in Georgia; Georgia residents; Latinos; social and economic resources, 10343
- dyadic peer preference; academic achievement; Israeli students; immigrant students; popularity; in-group contacts; out-group contacts; elementary school, 7420
- emigration desires; stayers; emigrate; leavers; psychological differences; Eastern European university students; achievement scores; work centrality level; power motivation; family centrality, 16087
- emotion-focused coping; problem-focused coping; racial discrimination; mental health effects; minority individuals; immigrants; depression; cultural norms, 22195
- ethics; HIV treatment eligibility; residential status; medical treatment; regulations; illegal immigrants; asylum seekers; harm to infants; infected mothers; guidelines; vertical transmission, 32669
- Ethiopian immigrants; depression; stressful events; refugees; age differences; premigration trauma; risk factors, 25555
- ethnic identities; cultural diversity; Asians; Latinos; public university students; recent immigration; discrimination; college experience; black exceptionalism theory of race and ethnicity, 10362
- ethnic slurs; ethnocentrism; ethnic immigrants; immigrant portrayal; child perceptions; cognitive representations; children's literature; child characters, 10360
- expatriates; culture of origin; interaction adjustment; managers, 36356
- family experiences; intergenerational gaps; immigration; parenting stress; perception; family relationships; cultural change, 34429
- family interdependence; academic adjustment; Native Americans; immigrant youth; college students; Asian Pacific; Latino; African American, 33142
- focus groups; Chinese immigrants; immigrant families; cultural relevancy; instrument development; validity; focus group methodology; involvement of community members, 12477
- German psychoanalysts; emigration; Nazism; 1930s; 1940s; 1950s, 12435
- group intervention, adolescents; Former Soviet Union; immigration; special educational program, 30007
- health promotion; American society; substance use prevention; acculturation; foreign born youth; residence length, 11911
- health status; health insurance; health care utilization patterns; immigrant black men, 14382
- Hispanic families; behavior problems; adolescents; family therapy intervention; intervention strategies; therapeutic alliances; immigration, 29294
- HIV; AIDS; health service needs; African immigrants; HIV/AIDS knowledge; risk behaviors; health service access, 11734
- HIV; sexual behavior; social causation; African migrants; decision making; research paradigm; research needs; sexual decision-making; sexual risk behavior, 11185
- hospital services; medical mismanagement; immigrant communities; clinical incompetence; African women, 16093
- human capital; acculturation; social identity; refugees; forced migration; identity reconstruction; social psychology; Bosnia; Herzegovina, 1069
- illegal immigrants; health care; terrorist attacks, 11770
- immigrant families; youth; postsecondary educational progress; educational experiences; ethnic backgrounds, 26924
- immigrant status; smoking prevalence statistics; tobacco use; race; ethnicity; smoking prevalence; cigarette smoking, 22265
- immigrant students; middle school; local White community; employment issues; family cohesion; safety concerns; academic advantage; student welcoming, 12171
- immigrant suicide rates; ethnocentrism; hate speech; ethnic immigrant groups, 25125
- immigrant women; market conditions; gender; work; migration; globalization; economic restructuring; skilled professionals; migration, 34427
- immigrants experiences; contextual continuity; self-experience; psychoanalysis, 31623
- immigrants; economic well-being; women leaving welfare; households earning; employment; sociodemographic characteristics, 32695
- immigrants; middle age; old age; psychosocial challenges; retirement; grandparenthood; sibling loss; death attitudes; health status; coping, 25083
- immigration attitudes; Mexican immigrants; public policy; justice; politics, 34437
- immigration experience; parents ability; dislocation; loss; child development; separation-individuation process, 25141
- immigration; Asian minorities; Hispanic minorities; history; attitudes; demographic trends, 10345
- immigration; depressive symptoms; confusion; sexual identity; peer group; ethnicity; life experience; immigrant parents; immigrant adolescents; tension, 25144
- immigration; disorienting anxiety; adaptation; acculturation, 25139
- immigration; state support; economic well-being; Israel; economic independence; elderly population; immigration effects; immigration timing, 22120
- informal social support; needs assessment; Moroccan immigrants; social psychology, 31303
- interactional synchrony; expressive timing; vocal interaction; interactional patterns; cultural similarities; cultural differences; infant vocalization; immigrant vs nonimmigrant mothers & infants, 10132
- intergroup similarity; cultural threat; interpersonal traits; immigrants; intergroup relations; prejudice; group conflict; group perception; stereotyped attitudes; personality traits, 10513
- Korean immigrant families; female employment; middle-class people; gender relations; paid employment; family networks; labor division; family economy; mothering, 7532
- Korean immigrants; grounded theory; negotiating; social boundaries; cultural boundaries; generational boundaries; adaptation, 25143
- Latino immigrants; religious economies; ethnic community; religious needs; religious entrepreneurship; Baptist mission, 10350
- lay health advisors; AIDS prevention programs; Turkish & Moroccan migrants; program effectiveness; acquired immunodeficiency syndrome; program evaluation; professional health advisors; attitudes, 32592
- marriage and family therapy training programs; immigrant students; language; culture; client feedback; trainee feedback; supervisor feedback; non-native English-speaking trainees, 35984
- marriage; immigration; life events; culture; choice behavior; emotional reactions, 26332
- meaning; health knowledge; Russian immigrants; health care system experiences; health behavior, 14352
- Mexican immigrants; industrial skill descriptions; communications; construction; industrial service; manufacturing, 5965
- migration; increased rates of schizophrenia; European psychiatry; risk factors; migrants, 28712
- mothering; immigration; cultural displacement; childhood development; gender roles; family structure, 25127
- older labor migrants; well being; social situation; demographic history; quality of life; social security access; social policy; retirement, 31289
- overweight-related behaviors; Hispanic US immigrants; adolescent health; acculturation; diet; smoking; family income; maternal education, 11108
- parenting style; child outcomes; immigrants; cross cultural differences; parental warmth; parental control; Chinese families; Chinese immigrants, 28275
- patriarchy; South Asian women; immigrants; spousal abuse; ethnic identity; abuse status, 28156
- perceptions; teaching; learning; mathematics; science; English schools; West Indian immigrant mothers; teachers, 12167
- personal development; professional development; St Patrick's Day; immigrants; family therapists; cultural sensitivity, 34434
- pervasive developmental disorder; immigrants; autism; risk factor, 28905
- phototherapy; self disclosure; client therapist alliance; Ethiopian immigrants, 32489
- physical activity; nutrition education; motivational factors; health status; educational modules development; healthy eating; immigrant older adults; teaching modules, 8667
- political participation; Mexican Americans; immigrants; nonelectoral participation, 4253
- postwar immigration; adaptation; peripheral region; immigrant settlement; employment, 10341
- primary school children; short-term memory; prediction; school achievement; cognitive ability; immigrants, 20842
- psychiatric admissions; psychosis; NATO bombing campaign; immigrants; stress; minority group status, 11877
- psychodynamic psychotherapy; immigration; immigrants, 26324
- psychometric properties; intergenerational conflict; Intergenerational Congruence in Immigrant Families-Parent Scale; immigrant families; Chinese American immigrant parents; conflict amelioration, 14990
- racial boundaries; socioeconomic mobility; migrant labor; citizenship; family formation; land ownership, 34403
- racial mistrust; immigrant minority students; White teachers; West Indian students; middle school students; Haitian students; West Indian students, 33150
- recruitment strategy; Bangladeshi immigrants; spousal abuse; experimental recruitment; qualitative research, 27431
- reference group; reference entry group; new culture; culture of origin; cognitive closure; social cognition; immigrants; acculturation; social relations, 22309
- reflective voices; immigrant students; dominant culture; teacher education; cultural workers; belief systems; cultural diversity; disadvantaged students; academic skills; acculturation; language, 17571
- refugee camp; solitary confinement; language learning; illiterate adults; school education; Kurdish refugees; second language; immigrants' acquisition, 7493
- religious diversity; immigration; global communication; non Western religions; American religion, 28220
- reproductive success; gonadal function; natal groups; adult males; dispersal status; pituitary function; social integration; hyena; dispersal; GnRH challenge; luteinizing hormone; testosterone, 6708
- residential segregation; Asian-origin groups; immigrants; ethnic minorities; nationality; demographic structure; big cities; industrial structure; Canada; United States; relative incomes; housing, 16142
- sampling strategies; trust-building activities; refugees; immigrant communities; difficult to locate, 9551
- selective mutism; social anxiety/phobia disposition; social competence; markers of neurodevelopmental delay/disorder; mother's psychological adjustment; marital conflict; immigrants; native children, 4559
- self-report; emotional problems; behavioral problems; Turkish immigrant; Turkish adolescents; Dutch adolescents, 28109
- serial migration; Caribbean immigrants; parent-child relationship; psychological well-being; childhood development, 18976
- severe trauma; acute psychotic episodes; Ethiopian immigrants; Israel; implications for Western psychiatrists, 5544
- skilled business people; immigration policy; entrepreneurial investors; coethnic businesses; entrepreneurial program, 31307
- social axioms; culture; adaptation difficulties; immigrants; lack of knowledge, 13309
- social capital; professional careers; immigrant women; social networks; dual-career couples, 34435
- Soviet immigrants; Israel; social capital; interpersonal trust; political variables; social exclusion; group exclusion; institutional trust; individual exclusion; political variables; social variables, 19000
- special education; mental retardation; Indian families; Hindu immigrants, 35122
- stigma; conditional nature; stigmatization; discrimination; immigrants, 34423
- tobacco cessation programs; females; Bangladeshi immigrants; chewing pan; nicotine replacement therapy; brief advice; encouragement; adverse effects; withdrawal symptoms, 14468
- transnational issues; multicultural curriculum; teachers; ethnic cultures; transnationalism; immigration; racism; multicultural teacher education, 36129
- treatment satisfaction; Dutch mental health care; ethnic similarity; therapist-patient interaction; Mediterranean migrants; Moroccans; Turkish; ethnic matching; ethnic preference; ethnic minorities, 26587
- urban education; cultural diversity; ethnic minorities; immigrant children; American urbanism; undereducated; urban public schools; residential segregation; neighborhood resources, 17585

Immigration—Chapters

Acculturation and enculturation among Latino youth, 10275

Immigrant children: Art as a second language, 23926

Immunization—Serials

Alzheimer's disease; amyloid beta vaccination; rhesus monkeys; nonhuman primates, 34150

Alzheimer's disease; amyloid protein; disease vaccination; amyloid beta protein clearance; immunization, 35679

- Alzheimer's disease; vaccines; mutated amyloid precursor protein gene; amyloid pathology; cognitive dysfunction; immunisation; molecular pathology; transgenic mouse model; pathogenesis, 2298
- antibody response; hepatitis A vaccination; hormones; sleep, 656
- childhood immunization; human rights; equity, 17231
- contraception; fallow deer; fertility control; porcine zona pellucida, 9745
- depressive symptoms; inflammatory response; influenza; vaccination; community mental health; older adults; interleukin 6, 2333
- education; feedback; provider; missed vaccine opportunities; community health center; hispanic population, 17253
- haemophilus influenzae; immunization; measles-mumps-rubella vaccine; diphtheria-tetanus-pertussis vaccine; at risk population; children; WIC program, 17216
- hepatitis B vaccination; middle school entry requirements, 32587
- immunization program; vaccine shortages; diphtheria-tetanus-acellular pertussis vaccine; pneumococcal conjugate vaccine; tetanus vaccine; diphtheria vaccine; health care providers, 17257
- immunization rates; public health centers; babies; individual calendars, 23444
- influenza vaccination; patient factors; physician factors; physician perspective; vaccination intention; office practices, 17271
- influenza vaccination; psychological stress; life events; antibody response; antibody levels; chronic stress, 8587
- influenza vaccine delay; late-receipt influenza vaccination; patient attitudes; elderly patients; vaccination rates; vaccination location, 14340
- influenza; vaccination; vaccination-timing guidelines; medicare recipients; mass vaccination; nontraditional settings, 17217
- interventions; medical practice culture; barriers; facilitators; adult immunization; influenza; pneumonia, 32681
- Lyme disease; risk perception; risk behavior; vaccination behavior; behavior motivation hypothesis; risk reappraisal hypothesis; accuracy hypothesis, 20498
- parental concern; vaccination; pediatricians; family physicians; safety; drug reactions; pain; immunization; vaccine refusal, 17226
- parental decisions; early childhood immunizations; maternal attitudes; health attitudes, 11620
- psychological stress; antibody response; influenza vaccination; critical period, 20515
- severe acute respiratory syndrome; fever; medical surveillance; mental health institute; vaccination, 35725
- Vaccination; transgenic mice; Alzheimer's disease; AD; antigen-antibody complexes; phagocytosis; neuron autodestruction; autoimmune reactions; autotoxic complement activation, 11664
- vaccinations; concurrent interventions; health budget; prenatal care; immunization programs; preventive care; India; information, 2329
- Immunogens [See Also Antigens]**
- Immunoglobulins—Serials**
- allergic symptoms; microflora; school children; food allergy, 35182
- breast milk; cortisol; secretory immunoglobulin; maternal mood; infant neurobehavioral functioning; neonatal performance, 15905
- music therapy; dermatitis patients; latex allergy; skin wheal responses; histamine; immunoglobulin E; cytokine pattern; blood mononuclear cells; allergic diseases, 23339
- neutropenia; intravenous immunoglobulin therapy; adult patients; neuroimmunologic disorders; drug doses; clinical aspects; white blood cells, 11663
- secretory immunoglobulin A; multi-tasking stress; acute stressor; working environments; reactivity; perceived workload, 24773
- secretory immunoglobulin; acute psychological stress; secretory immunity; cold pressor, 18681
- Immunologic Disorders [See Also Allergic Disorders, Anaphylactic Shock, Human Immunodeficiency Virus]—Serials**
- behavioral psychotherapy; pediatric autoimmune neuropsychiatric disorder; obsessive compulsive disorder; streptococcal infections; treatment effectiveness evaluation; PANDAS, 29275
- cognitive function; chronic granulomatous disease; inherited immunodeficiency; phagocytes; superoxide; metabolites; frequent hospitalizations; social development; educational development, 22867
- drug-drug interactions; immunosuppressants; transplanted tissues; side effects; autoimmune disorders; comorbidity; pharmacologic treatment; pharmacokinetics, 29436
- EAE-associated behavioral syndrome; inflammatory processes; behavior change; brain infiltration; mRNA expression; interleukins; tumor necrosis factor; cytokines; prostaglandins; symptoms; mice, 3695
- EAE-associated behavioral syndrome; inflammatory mediators; behavioral syndrome; dexamethasone; indomethacin; pentoxifylline; receptors; pro-inflammatory cytokines; multiple sclerosis; mice, 3956
- hypothalamic-pituitary-adrenal axis; newborn stress; atopic disposition; axis hyperactivity, 28987
- immune mediated neuropathies; etiology; pathogenic relationship; aging processes; vasculitis; paraproteinemia; neuropathy; immunosenescence, 4921
- interferon-gamma adenovector; autoimmunity-associated behavioral syndrome; systemic lupus erythematosus; mice; emotional reactivity; motivated behavior, 30985
- N-methyl-D-aspartate receptors; rat model; visceral hypersensitivity; nociceptive information; MK-801, 21836
- neutropenia; intravenous immunoglobulin therapy; adult patients; neuroimmunologic disorders; drug doses; clinical aspects; white blood cells, 11663
- pediatric autoimmune neuropsychiatric disorders; obsessive-compulsive disorder; infectious trigger; symptom changes; clinical course; antibody titers; tic disorders; Group A streptococcus; children, 10667
- pediatric autoimmune neuropsychiatric disorders; streptococcal infections; childhood obsessive-compulsive disorder; neurological abnormalities; tics; etiology; diagnosis, 34779
- Persian Gulf War syndrome; chronic abdominal pain; gastrointestinal symptoms; diarrhea; visceral hypersensitivity; cutaneous hypersensitivity; veterans; psychological stress; pain sensitivity, 16592
- prevalence; obsessive compulsive disorder; systemic lupus erythematosus, 22597
- psychopathological traits; right hand preference; mental health complaints; immunological disorders; accidents; handedness, 16367
- serum sickness-like reaction; bupropion therapy; pediatric patient; attention deficit disorder with hyperactivity; immune hypersensitivity reaction; drug side effects, 29399
- Immunologic Factors [See Also Antibodies, Antigens, Cytokines, Immunoglobulins]—Serials**
- cellular immune response; zebra finches; phytohaemagglutinin injection assay; immune assay failure, 3819
- exercise training; quality of life; well being; immune status; cardiopulmonary fitness; HIV-1 positive population, 8590
- gene polymorphism; tumor necrosis factor alpha; chromosomal location; schizophrenia; linkage disequilibrium, 7897
- health care utilization; negative thoughts; rumination; immune parameters; sadness; subjective sleep quality; age differences, 26634
- immune system; consummatory behaviors; appetitive behaviors; fluid intake; sucrose; intraoral intake measure; lithium chloride; rats, 653
- inflammation markers; cognition; healthy aging population; cognitive performance; serum inflammatory protein levels, 3836
- panic disorder stress; lymphocyte; interleukin; immunologic dysfunction; hypothalamic-pituitary-adrenal axis; cortisol; serotonin; epinephrine, 22585
- Immunologic Factors [See Also Antibodies, Antigens, Cytokines, Immunoglobulins]—Chapters**
- Development of the SMART-ENERGY Program, 16673
- Immunology [See Also Psychoneuroimmunology]—Serials**
- antibody response; hepatitis A vaccination; hormones; sleep, 656
- bereavement; acute emotional stress; stressful life events; psychological parameters; endocrine function; immune function; hypothalamic-pituitary-adrenal axis; depression; anxiety; temperament; mood, 7127
- calcineurin activator; Chinese herbal medicine; memory; mice; brain; synaptic efficacy; passive avoidance; amnesia; Fructus cannabis; calmodulin-dependent protein serine threonine phosphatase, 746
- CCR7 expression; polarized cells; T cell lines; differentiation; cell receptor signal; memory cell lines; autoimmune diseases; chemokines, 651
- cellular immune response; zebra finches; phytohaemagglutinin injection assay; immune assay failure, 3819
- cognitive impairment; neuropsychology; Hispanic women; immunity; macrophage; fingerprinting; monocyte-derived macrophages; MDM; HIV-1-associated dementia; HAD; biological markers, 1806
- cognitive-behavioral stress management; immune function; breast cancer; emotional well-being, 20456
- cognitive-behavioral stress management; interpersonal relationships; breast cancer; immune function; physiology; distress; life attitude, 20451
- disgust sensitivity; menstrual cycle; adaptation; reduction; suboptimal sexual behaviors; reproductive immunosuppression; disease prophylaxis, 3820
- EAE-associated behavioral syndrome; inflammatory processes; behavior change; brain infiltration; mRNA expression; interleukins; tumor necrosis factor; cytokines; prostaglandins; symptoms; mice, 3695
- EAE-associated behavioral syndrome; inflammatory mediators; behavioral syndrome; dexamethasone; indomethacin; pentoxifylline; receptors; pro-inflammatory cytokines; multiple sclerosis; mice, 3956
- endocrine responses; immune responses; social defeat; fighting; mice, 7102
- environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 28678
- environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 19481
- HIV prevention strategy; high risk populations; HIV seroconversion; HIV infection; preventive vaccine; chemoprophylaxis; prophylactic drug, 17269
- hypothalamic-pituitary-adrenal system; immune system; cytokine levels; interleukin; depression, 4604
- immune function; adjustment style; survival; prediction; breast cancer; women; psychosocial factors, 19918
- immune mediated neuropathies; etiology; pathogenic relationship; aging processes; vasculitis; paraproteinemia; neuropathy; immunosenescence, 4921
- immunological response; acute low-tone hearing loss; sensorineural loss; Meniere's disease; endolymphatic hydrops; etiology, 11310
- immunomodulatory effects; immune cells; cannabinoids; multiple sclerosis; plasma; cytokines; side effects, 5433
- immunotherapy; immunotherapeutic approaches; Alzheimer's disease; immune system; animal models; microglia activation, 8281
- immunotherapy; immunotherapeutic approaches; Alzheimer's disease; immune system; animal models; microglia activation, 13980
- individual differences; physiological response; stress-elicited changes; infectious disease susceptibility; cardiovascular responses; endocrine responses; immune responses; laboratory stressors, 7122
- individual variability; cellular immune responses; lateral hypothalamic lesions; peripheral blood; cytotoxicity; rats; novelty responses; leukocytes; lymphocytes, 7008
- inflammatory reaction; cytokines; neurodegeneration; neuroprotection; mRNA expression; Parkinson's disease; nitric synthase; murine model; mice; striatum; IL-1-beta; IL-6; TNF; IFN-gamma, IL-10; iNOS, 6863
- latent inhibition; polyribonucleic-polyribocytidilic acid; cytokine; schizophrenia; prenatal exposure; immune activation; neurodevelopment; hippocampus; rats; juvenile offspring; adult offspring, 4003
- mental arithmetic; coping efforts; delayed-type hypersensitivity; academic optimism; cellular immunity; academic stress; positive moods; test response, 685
- molecular mechanisms; functional glucocorticoid resistance; socially stressed male mice; antiproliferative effect; GC; lipopolysaccharide stimulated splenocytes; LPS; glucocorticoid receptor, 3573
- multiple sclerosis; demyelinating lesions; demyelination patterns; immune response; immune mechanisms; axonal pathology; paraclinical markers; T cell; inflammatory diseases, 8265
- neutrophil function; chemotaxis; free radicals; positive & negative symptoms; reactive oxygen species; superoxide production; bactericidal activity; phagocytosis; schizophrenia, 7898
- NK activity suppression; plasma factors; glucocorticoid involvement; rats; surgery; immunosuppression, 15453
- obsessive compulsive disorder; immune system; clinical characteristics; autoimmune mechanisms, 28761
- paw preference; dogs; lateralized behavior; immunity, 34059
- photoperiod; sex differences; species differences; leukocyte number; leukocyte trafficking; congeneric hamsters, 523
- placebo effects; classical conditioning; immune system function; etiology; expectations, 12565
- positron emission tomography; microglia visualization; multiple sclerosis patients; peripheral benzodiazepine receptor; immunology-pathophysiology, 22800
- prenatal exposure & immune activation; latent inhibition; dopamine; limbic morphology; animal development; haloperidol; clozapine; neurodevelopmental model; schizophrenia; rats, 801
- pro-inflammatory & anti-inflammatory cytokines; cerebrospinal fluid; vascular dementia; gene polymorphism; apoptosis; Alzheimer's disease, 8314
- repression; natural disasters; immunological correlates; neuroendocrine correlates; peripheral blood lymphocyte surface markers; salivary cortisol, 27183
- schizophrenic patients; immunology; risperidone; celecoxib; placebo; lymphocytes; cytokines; psychopathology, 20365
- sex differences; siberian hamsters; immune function enhancement; seasonal stressors; day length; photoperiodic enhancement; stress-induced enhancement, 7118

Volume 91 SUBJECT INDEX

Immunology—Serials

social stress; blood T cells distribution; lymphoid organs; body tissues; social confrontation stress; male Fischer rat, 15719
tumor necrosis factor- α ; treatment implications; inflammatory process; medical illness; bupropion; mirtazapine, 11655
Immunology [See Also Psychoneuroimmunology—Chapters]
Psychoneuroimmunology and trauma, 10691
Stress and immunity, 16644
Immunopathology [See Immunology]
Immunoreactivity—Serials
anti-inflammatory effects; reactive astrocytes; immune responses; brain injury; pathogens; immune-mediated damage; death receptors; CNS, 4987
antibody response; single trial conditioning paradigm; protein antigen; saccharin; early gene c-fos expression; insular cortex; rats, 33977
anxiety; inflammatory response system; serum prolactin; endopeptidase; primiparae; multiparae; pregnancy; birth; child delivery; immune responses; postpartum depression, 16407
backtest classification; housing condition; immune reactivity; pigs; cell-mediated immunity; humoral immunity, 12936
basolateral amygdala; substance P receptor immunoreactive interneurons; rat; neurotoxin; substance P saporin; anxiety related behavior, 6932
behavioral change; geniculate nuclei; bizarre behavior; normal rats; gliadin-7; GD-7; GN; alveus hippocampus; naloxone; brain cells, 3981
c-fos activation patterns; immunoreactivity; rats; prefrontal cortex; cues; classical conditioning; associative learning, 6811
c-fos expression; metabotropic glutamate receptors; animal models; anxiety; anxiolytic behavior; neuronal activation; immunoreactivity; hippocampus; amygdala; sensory information; mouse brain, 18762
cell adhesion molecule; immunoreactivity; anterior cingulate cortex; bipolar disorder; inflammatory response; affective disorders; schizophrenia, 19403
cerebrospinal fluid; unipolar major depression; gene polymorphism; neuropeptide Y; pathophysiology; immunoreactivity, 16400
clozapine-induced glutamate reduction; glutamate transport; frontal cortex; GLAST; EAAC1; neurotransmitter; rats; immunoreactivity, 13037
conditioned taste aversion; brainstem; parvocellular subdivision; intermediate nucleus of the solitary tract, 34071
conditioned taste avoidance; conditioned taste aversion; ingestive responses; taste reactivity; lithium chloride; bacterial lipopolysaccharide; immune activation; toxin; rats, 9924
endomorphin-2; deltorphin II; formalin-induced nociception; c-fos; pain-induced behavior; immunoreactivity; spinal cord; opioid receptor; morphine, 15532
food deprivation; extinction; prefrontal cortex; reinstatement; drug relapse; stress; immunohistochemistry; c-fos; rats; heroin; drug abuse; drug seeking; immunoreactivity; prelimbic cortex; model, 3710
fos expression; social behavior; pair bond formation; mating; amygdala; medial preoptic area; bed nucleus of stria terminalis; nucleus accumbens; lateral septum; female prairie voles, 3617
fos immunocytochemistry; neuroanatomical sites; tyrosine depletion; tyrosine-free amino acid mixture; amphetamine; phenylalanine; rats, 15774
glial fibrillary acidic protein; Alzheimer's disease; enzyme-linked immunosorbent assay; protein levels; neocortex, 8298
glucocorticoid sensitivity; dexamethasone; glucocorticoid receptors; peripheral mononuclear leukocytes; posttraumatic stress disorder; age at exposure; onset; physiological correlates, 25752
glutamic acid decarboxylase; glutamic acid decarboxylase immunoreactivity; aggressive behavior; anabolic androgenic steroid; adolescent exposure; neurochemistry, 3906
immune function; brain function; mindfulness meditation, 17218
immune function; brain function; mindfulness meditation, 17219
immune function; brain function; mindfulness meditation, 17256
immune function; brain function; mindfulness meditation, 17262
immunoreactive level; G protein; peripheral mononuclear cells; patients; anorexia nervosa; bulimia nervosa; mononuclear leukocytes, 13838
immunoreactive primary sensory neurons; lumbar intervertebral disc; rats; dorsal root ganglion neurons; pain perception, 6836
immunoreactivity; astrocytic markers; reperfusion; focal cerebral ischemia; glia; tissue damage, 6930

immunoreactivity; brain regions; Edinger Westphal nucleus; alcohol consumption; ethanol; lateral septum; hippocampal region; alcohol preferring; alcohol avoiding; mice, 15725
immunoreactivity; nucleus accumbens shell; cocaine sensitization; rats; serotonin; dopamine, 18790
immunosuppressant tacrolimus; ischemia-induced brain damage; memory dysfunction; rats; learning, 18557
lateral parabrachial nucleus; c-fos like immunoreactivity; apomorphine; conditioned consumption reduction; cooling lesions; rats; reinforcing properties; conditioning; LiCl, 12820
metabotropic glutamate receptor; inhibition; neuropeptide Y; receptor antagonist; GABA-benzodiazepine; anxiolytic action; flumazenil; receptor complex; receptor immunoreactivity; amygdala; Wistar rats, 18815
muscle cells; caveolin-3; chicken development; immunoreactivity; brain; neural tube; caveolae; myotome; avian tissue; embryogenesis, 21908
negative neurofilament light; tau immunostaining; frontotemporal dementia; Alzheimer's disease; immunohistochemical stainability, 32185
neurofibrillary tangle bearing; neurodegenerative diseases; Alzheimer's disease; specific marker; hippocampus; entorhinal cortex; clinical dementia; senile plaques, 11254
neuronal degeneration; immunoreactivity; reactive astrocytosis; protein oxidation; rat striatum; histopathology; HIV; temporal progression, 12970
neuropeptide Y; euthymic lithium; bipolar disorder; women; immunoreactivity; platelet cyclic AMP activity; plasma, 34831
olfactory system; null mutation; vomeronasal organ-projection pathway; male odors; aromatase gene; neuronal Fos-immunoreactivity; amygdala; sensory neurons, 15442
paraventricular hypothalamic nucleus; PVN; ghrelin injection; feeding; c-fos immunoreactivity; peptide, 7241
quinine; trigeminal subnucleus caudalis; chemosensory cells; c-fos immunohistochemistry; immunoreactivity; rats, 15676
substantia nigra pars reticulata; sex differences; anterior; posterior; age differences; alpha I subunit mRNA; GABA type A receptor; immunoreactivity; rats, 615
taste novelty; c-fos expression; central amygdala; insular cortex; taste aversion learning; rats, 6926
time-course; striatal FosB-like immunoreactivity; prodynorphin mRNA expression; chronic cocaine treatment; chronic L-DOPA treatment; 6-hydroxydopamine lesioned rats, 12768
ultrastructural localization; torsinA; macaque brain; immunoreactivity; monoclonal antibody; cerebellar cortex; dopamine neurons; human brain, 3598
Vaccination; transgenic mice; Alzheimer's disease; AD; antigen-antibody complexes; phagocytosis; neuron autodestruction; autoimmune reactions; autotoxic complement activation, 11664
water intake; pirenzepine; rats; 4-DAMP; brain Fos-immunoreactivity; water drinking; muscarinic receptor subtypes, 15802
Immunoreactivity—Chapters
The role of glial reaction and inflammation in Parkinson's disease, 16855
Impaired Professionals—Serials
Americans with Disability Act; ADA accommodation; therapists; disabilities; clinical training; mental health professionals; administration procedures, 2684
impaired health professionals; physicians; psychologists; social workers; psychiatrists; professional misconduct; treatment, 20771
medical students; practicing physicians; professional behavior; alcohol consumption; smoking prevalence; substance abuse; medical school, 26857
student attitudes; significant impairment; impaired students; peers; psychology students; clinical psychology training programs; formal standards; impaired student accommodation, 20700
supervisor identification; supervisor intervention; impaired trainees; trainee incompetence; psychology internships, 20692
trainee impairment; impairment frequency; impairment type; management; clinical psychology doctoral programs; school psychology; counseling psychology; internships; prevalence, 12081
Implicit Learning—Serials
musical transformations; implicit learning, 27537
remembering; directed forgetting; implicit memory, 24506
Implicit Memory—Serials
age; developmental improvement; conceptual implicit memory; category exemplar generation priming; kindergarten students; elementary school students; categorical-relational encoding; category knowledge, 18931
aging; stereotypes; explicit priming; implicit primes; older adults; subtle cues; blatant stereotypes; presentation condition; younger adults; memory performance; social-situational factors, 33797

Impotence—Chapters

artificial grammar learning; implicit memory; implicit learning; recollection; processing fluency; classification decisions; fluency heuristics; recognition decisions, 3357
depression; implicit memory; mood congruent memory bias; cognitive processes; emotions, 28628
explicit memory tasks; lexical processing; target stimulus; implicit memory tasks; shallow encoding; implicit tests; encoding tasks, 18344
explicit memory; implicit memory; memory difficulties; free recall; acquired brain injuries; errorless learning without fading; method of vanishing cues; rehabilitation, 29764
explicit retrieval; implicit retrieval; frontal lobes; perceptual implicit priming; conceptual implicit priming; frontal lesions, 3628
gender differences; implicit memory; explicit memory; affective passages; reading; verbal priming, 21328
implicit learning; explicit learning; decision making; sports; ball games; task complexity, 12659
implicit learning; explicit learning; probabilistic task; fine motor control; visual tracking; cognitive demands, 6604
implicit memory performance; explicit memory performance; attention deficit hyperactivity disorder; children, 25937
implicit memory; age differences; explicit memory; young adults; middle-aged adults; older adults; priming; aging; neuropsychology, 6611
inductive reasoning; implicit memory; problem solving; amnesia; number series completion; impaired memory systems; intact memory systems, 19981
involuntary conscious memory; intentional retrieval; implicit memory tests; retrieval; production processes; completion priming; perceptual memory; levels-of-processing, 27529
memory; psychoanalytic interaction theory; memory processing; implicit memory process; explicit process; retrieval cues; coconstructed phenomenon; networks; change; symbolic content; clinical examples, 14072
mixed anxiety-depression; implicit memory test; explicit memory bias, 7804
priming guesses; forced-recall test; implicit memory, 27540
proactive interference; implicit memory; fragment completion performance; study-test awareness; retroactive interference, 18396
probabilistic classification learning; prefrontal cortex; electrical stimulation; neural excitability; memory processes; implicit learning, 6923
repetition priming paradigm; explicit memory; implicit memory tests; perceptual processes; decision making; soccer players; response time, 6092
revelation effect; recognition; pictorial stimuli; implicit memory; age difference; priming; judgments, 909
schizophrenia; color-pattern implicit learning; memory impairment; auditory evoked potential; sensory gating; P50; implicit memory; explicit memory, 19454
trauma-related information; explicit memory; implicit memory; Holocaust-related words; paired associate recall; post-traumatic stress disorder; Holocaust survivors; Jewish adults, 7927
traumatic brain injury; day-to-day memory functioning; pediatric injury; memory loss; explicit memory; prospective memory; implicit memory, 32193
Impotence—Serials
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29557
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29516
erectile dysfunction; sexual partners; sexual life; Index of Sexual Life (ISL) Questionnaire; sexuality; sexual satisfaction; sexual drive, 26025
erectile dysfunction; sildenafil, 35217
erectile dysfunction; treatment options, 29484
erectile function; nocturnal penile tumescence; risperidone; erectile dysfunction; testosterone; prolactin levels; schizophrenia, 20398
pharmacocavernosometry; pharmacocavernosography; erectile dysfunction; penile erection; hemodynamic responses; diagnostic assessment; vasoactive agents; erectile function test; men, 32084
quality of sexual life; sexual satisfaction; sexual partner; erectile dysfunction; Index of Sexual Life Questionnaire; validity, 24293
sexual problem; psychosocial therapy clients; vaginismus; erectile dysfunction; sexual desire; sexual dysfunction, 32287
vasculogenic erectile dysfunction; molecular pathology; penile tissues; arterial insufficiency; collagen accumulation; erectile function; trabecular smooth muscle; connective tissues, 32099
Impotence—Chapters
Erectile dysfunction in middle-aged and older men, 4914
Psychogenic impotence in relatively young men, 4910

Impression Formation—Serials

stereotype lift; social comparisons; performance; academic achievement; ingroup/outgroup; stereotype threat; downward comparison; White privilege; prejudice, 7654
affluence cues; perceiver's endorsement; Protestant work ethic; interpersonal perceptions; lifestyle, 19171
attitudes toward women: women individuation; male individuation; impression formation, 34533
automatic behavioral; social stereotypes; social comparison; priming; behavioral measures; conscious awareness; behavioral contrast; outgroup, 4405
bad genes; anomalous face overgeneralization; facial preferences; health judgment; intelligence judgment; facial attractiveness; cue validity; cue utilization; accuracy, 34645
boasting; firsthand impressions; secondhand impressions; teller-listener extremity effect, 22308
cell phone; clothing; sex; first impressions; power, 13456
cognitive busyness; evaluative information; recall; impression formation; information processing; intergroup context, 34596
cognitive busyness; individual differences; impression formation processes; expectancy condition; moderating effects; high expectancy; need for cognition, 1206
connectionist model; person impression formation, 19154
conversation; first impressions; get-acquainted conversations; relationship development, 25285
correspondence bias; dispositional inference; fundamental attribution error; questioner superiority effect; social roles; role-constrained behavior, 1208
counterstereotypical behavior; social economic sanctions; backlash; rewards; sabotaged deviants; cultural stereotypes; stereotype maintenance; undermining deviants; self-esteem; gender deviants, 31538
dual process model; conceptual combination; perception; semantic similarity; comparison; integration; attribution, 9648
first impressions; unacquainted opposite gender pairs; conversation; extroversion; cheerfulness; attractiveness; galvanic skin response, 31512
group identification; creativity; individuation; self-verification; diversity; self-categorization; identity negotiation processes; small groups, 1190
groups; individuals; perceivers; entitativity groups; sense making; perceived coherence; inference; context variability; expected coherence; personality coherence, 22314
impression formation; competence information; morality; power-priming, 34627
impression formation; dispositional inference; group-related evaluative associations; category membership, 1209
impression management; romantic partners; dating partners; impression formation; human sex differences, 10549
impressions; initial encounters; young men; young women; conversations; unacquainted individuals; social attractiveness, 25255
information integration; impression of gaze direction; interpretation; judgment; Ukiyo-e pictures; cues, 3327
judgmental tendencies; Coolidge Axis II Inventory Scale; personality disorder scales; behavior; first impression interaction procedure; judgmental behavior, 21142
meal size; body size; individual impressions; body weight; physical attraction, 31585
mind-reading; metacognition; narcissism; self-estimated ability prediction; interpersonal sensitivity; social judgment; competence, 34652
mood; impression formation, 25300
new acquaintances; desired impressions; self-presentational concerns; friends; information regulation; impression management, 31542
personal websites; interpersonal perception; personality impressions; informant reports; e-perceptions; self-expression; self-rating, 28319
power; information search; impression formation; negotiation, 25260
priming; impression formation; informational biases, 19136
public relations; chief executive officers; organizational image; salience; positive valence; competency, 30171
social phobia; observer perspective; cognitive model; impression formation; social performance; anxiety, 1225
social stereotypes; social groups; sociability; impression formation; stereotype consensualization; group ability, 7601
social stereotypes; stereotype bias; stereotype disconfirmation; unprejudiced people; information-seeking preferences; attributional strategies, 28440
status assessment; perception; behavioral cues; appearance cues; judgment accuracy; gender, 34635
stereotype activation; social information processing; stereotypical beliefs; categorical cues; sex stereotypes, 28417
stereotype threat; mediational variables; performance goal directions; models, 33139
stereotypic inhibition; stereotypic traits; forgetting; memory; identity; personality characteristics, 7631

target position; target task; judge sensitivity; target felt rapport; nonverbal behavior; interpersonal sensitivity; perception, 34610
trait inferences; racial attitudes; motivation; prejudiced reactions; gender; impression formation, 22313
visual stimuli; written stimuli; affective dimension; affective reactions; social events; impression formation; information use, 7646
Yellow Peril; Asian Americans; stereotypes; social impression formation; perceptual priming; information processing; conscious awareness, 7629
Impression Management—Serials
applicant tactics; hiring recommendations; influence tactics; recruiter fit perceptions; job fit perception; ingratiation tactic; self-promotion tactic; recruiters, 33238
commercial exercise video models; women; self-presentational efficacy; exercise task self-efficacy, 13134
cultural influence; social support use; Chinese immigrants; cultural differences; social support relationships; impression management, 16094
differential prevalence group; impression management; self-deceptive; Minnesota Multiphasic Personality Inventory; underreporting response bias, 21109
duals paying; theoretical explication; conceptual model; attribution; justice; impression management; equity, 30117
environmental legitimacy; firms; impression management; stock market risk; natural environment; stockholders' expectations, 36360
factor structure; factorial integrity; composition; Self-Presentation in Exercise Questionnaire, 12462
food intake; impression management; presence of others; inhibitory norms, 1213
group influence; self-presentation; social anxiety, 13424
impression management; attention-deficit/hyperactivity disorder; families; symptoms; self-report measures; parenting practices; social desirability; child functioning; mothers self-report, 19749
impression management; embodied experience; information sharing; study participants; socially charged issues; qualitative design, 22304
impression management; impression-motivation; impression-construction; health-damaging behaviors; physical activity; self-presentation; model, 13429
impression management; organizational politics; job performance; supervisor ratings; employee performance, 33249
impression management; romantic partners; dating partners; impression formation; human sex differences, 10549
impressions; initial encounters; young men; young women; conversations; unacquainted individuals; social attractiveness, 25255
individual psychology; Adlerian brief therapy; impression management; pampering; self-deception; relational strategies; parent education, 20141
ingratiatory behaviors; group involvement; self-esteem; role ambiguity; opinion conformity; self-promotion; organizational settings, 36339
leader impression management; group satisfaction; group cohesion; group consensus; group communication; exemplification; business management; management education, 4378
management consulting; story-telling; cooperation; impression manager, 27058
new acquaintances; desired impressions; self-presentational concerns; friends; information regulation; impression management, 31542
partners; third person; interview; self-presentational styles; spouses, 19163
post earthquake crisis communications; corporate advertising; corporate strategy motives; social responsibility; communal relationship building; self interest; impression management, 33367
Revised NEO Personality Inventory; NEO-PI-R; job application; positive impression management, 76
self-esteem; self-certainty; self-conceptions; impression management concerns; self-concept clarity, 22369
self-presentational behavior; cognition; affect; competition; sports; self-handicapping behavior; stereotypes; social physique anxiety, 14811
self-presentational processes; self presentation; physical activity; exercise behavior; motivation, 14805
social desirability response; Social Interest Index; test validity; conscious impression management; self-presentation; unconscious self-deception, 18090
social desirability; implicit measures; explicit measures; explicit anxiety; implicit association test; impression management; response factors; anxiety measure, 86
Imprinting—Serials
brand name imprinting; memory; brand information retention, 9164
gene expression; long-term memory; chick brain; hyperstriatum ventrale; imprinting; brain region changes; amyloid precursor protein, 15583

homo imitans; homo provocans; human imprinting model; neonatal imitation; neonatal initiative capacity, 15973
maternal transmission; transgene expression; parental imprinting; paternal transmission; transgenic mice; mouse genome; parent-of-origin effect; cytometry, 15362
monocular sleep; male domestic chicks; social isolation; behavioral sleep; binocular sleep; lateralization, 34047
sexual imprinting; immediate early gene zenk; lateralization; hyperstriatum; optic tectum; zebra finches, 9858
X-monosomy; X-linked imprinting; superior temporal gyrus; Turner syndrome; morphology, 1333
Improvisation—Serials
musical improvisation; temporality; embodied experience; music; consciousness; cognition, 31034
technical aspects; cognitive aspects; social processes; jazz improvisation; cognitive linguistics; categorization, 31023
Impulse Control Disorders [See Also Explosive Disorders]—Serials
pathological gambling; impulse control disorder; bupropion; treatment, 35496
Impulsiveness—Serials
acquired brain injuries; delayed reinforcement; physical therapy; self-control; impulsivity, 2486
alcohol consumption; domestic violence; impulsivity; intimate partner violence; cognitive risk factors; aggressive behavior; marital aggression, 28808
alcohol myopia; cognitive impulsivity; alcohol intoxication; cues; decision making; rewards; delay discounting task; sobriety, 3954
alcohol; delay discounting; food; impulsivity; money; self control; choice behavior, 3367
antisocial personality disorder; physical aggression; borderline personality disorder; impulsiveness; aggressiveness, 19570
attention; personality; covert visual orienting; anxiety; impulsivity; peripheral cues; central cues; individual differences, 22360
borderline personality disorder; neurobiological correlates; neurotransmitter systems; serotonergic activity; impulsivity; affective instability; noradrenergic activity; cholinergic activity, 10861
bupropion; delayed gratification; serotonin; dopamine; hippocampus; nucleus accumbens; prefrontal cortex; impulsivity; choice; rats, 27915
carcinoid syndrome; psychiatric symptoms; tryptophan metabolism; aggressive impulse dysregulation, 26061
children's agreeableness; resiliency; impulsivity; effortful control, 25009
cocaine; impulsivity; substance abuse; aggression; sensation seeking; addiction severity, 8020
cocaine; serotonin; delay of gratification; behavioural disinhibition; electrocorticogram; behavioural sensitization; sucrose intake; methamphetamine, 10031
cognitive speed; attention-deficit/hyperactivity disorder; learning disabilities; sluggish cognitive tempo; hyperactivity; impulsivity; symptoms, 35083
comorbid bulimia; binge eating; impulsivity; reward sensitivity; alcohol abuse/dependence; bulimic women; Card Arranging Reward Responsiveness Objective Test; validity; etiology, 10708
compulsive traits; impulsive traits; serotonin; bulimia nervosa, 1697
concurrent validity; criterion validity; Immediate and Delayed Memory Tasks continuous performance test; impulsivity; impulsive behavior; disruptive behavior disorders; fighting, 3189
consumer impulsivity; Existential-Phenomenological Study; Consumers with Attention Deficit Disorder, 33349
decision making; risk taking; aging; age differences; impulsivity, 28101
delay discounting; impulsivity; self-control; rewards, 3359
delayed reinforcers; hyperbolic function; human operant studies; impulsivity; choice behavior; consumption; consumable reinforcers; discounting rates; questionnaires, 15179
Diderot unities; products; impulsive purchases; lifestyle; consumer attitudes, 12334
drinking age; impulsivity; immediate memory tasks; delayed memory tasks; alcohol consumption, 34580
drug abusers; substance abusers; health behaviors; money; health; freedom; drug dependence; impulsiveness, 11011
gene polymorphism; serotonin transporter expression; impulsivity; aggressive behavior; suicide attempts; cross cultural differences, 25772
genetic contribution; social impulsivity; aggressiveness; vervet monkeys; nonhuman primate model; age differences; maternal environment, 18542
Gray's Reinforcement Sensitivity Model; child psychopathology; behavioral approach system; behavioral inhibition system; drive; reward responsivity; impulsivity, 25442

group choice; habitat matching; impulsiveness; temporal discounting; competitive success, 4344

help-seeking behavior; children; impulsivity; problem-solving, 31173

hormonal religion; female religiosity; male physiology; impulsivity, 28200

hyperactivity; impulsivity; inattention; hyperkinetic disorder; methylphenidate; measurement; OPTAX test, 26376

hyperbolic discounting; emotional satisfaction; impulsive behavior; self-control; risk taking, 3407

impulsive aggression; personality disorder patients; prolactin response; fenfluramine, 19575

impulsive choice; forebrain serotonin depletion; amphetamine; delayed reward; psychomotor stimulant drugs; attention deficit hyperactivity; behavioural effects, 10060

impulsive choice; mice; sooner smaller choice; later larger choice; biological factors; genetic factors, 27627

impulsive sensation seeking; gender; gambling; interest; participation, 1262

impulsive; temporal discounting; probability discounting; gambling & non-gambling college students; delayed rewards, 6094

impulsiveness; executive control; working memory; self-report measures; memory scanning, 31614

impulsiveness; sensation seeking; coping; substance use; impulsivity; avoidance coping; emotional outlets; distraction; humor; gamblers; gender differences; intensity seeking, 13710

impulsivity; anxiety; religious attitudes; Gray's Reinforcement Sensitivity Theory; church attendance; prayer amount; church importance; religiosity, 19025

impulsivity; bipolar disorder; substance abuse; treatment outcome; suicide risk, 28573

impulsivity; borderline personality disorder; Attention-Deficit Scales for Adults; neurocognitive performance; computer administered tasks; patients, 10855

impulsivity; central nervous system; Pavlovian tasks; 5-HT depletion; rats; dihydroxytryptamine, 27957

impulsivity; congenital hypothyroidism; thyroid hormone; neonatal thyroid screening; replacement hormone; early treatment; thyroid gland, 35199

impulsivity; delay discounting; decision-making; animal model; impulsive behavior; hyperbolic discounting, 3473

impulsivity; functional magnetic resonance imaging; orbitofrontal cortex; frontal lobe; inhibiting responses; violent behavior, 3651

impulsivity; obsessive-compulsive disorder; anxiety disorders; panic disorder; social phobia; tics, 13674

impulsivity; school-aged boys; attention deficit hyperactivity disorder; oppositional defiant disorder, 25938

impulsivity; smoking abstinent alcoholics; nonsmoking abstinent alcoholics; ex-smoking abstinent alcoholics, 31954

inattention hyperactivity impulsivity; attention problems syndrome; teachers report form, 31995

inattention; hyperactivity trait; impulsivity trait; empirical typologies; attention-deficit hyperactivity disorder, 19759

increasing delay; pharmacological manipulations; dopaminergic mechanisms; delayed reinforcement; genetic contributions; choice behaviour; impulsive choice; impulsivity; operant conditioning, 9747

mens rea; impulse; premeditated aggression; impulsive aggression; criminal offense; conscious acts; unconscious acts, 14925

mentalizing; psychopathology; Professionals in Crisis program; attachment relationships; impulse control; mental states; treatment failure; intervention; patients; staff, 5652

methylphenidate; impulsive choice; self-control choices; delayed reinforcers; acute methylphenidate administration; impulsive response; delay to reinforcement, 10033

morphine; naltrexone; impulsive decision making; rats; delay discounting, 27907

neuropsychiatric illness; Cobalamin G disease; vitamin B metabolism; methionine synthase deficiency; impulsive behavior; aggressive behavior; inherited disorder, 22949

neuropsychology; impulsive personality disorders; impulsivity; antisocial behavior; borderline personality disorder; antisocial personality disorder; cognitive processes; emotions; brain, 7956

parent-adolescent conflict; adolescent impulsivity; parenting styles; marital satisfaction; authoritative parenting; psychosocial issues, 31386

pathological gambling; impulsivity; monetary rewards; delay discounting procedure, 4673

personality; event-related potential; heart rate; reaction time; emotional word processing; anxiety; impulsivity, 15713

platelet serotonin; personality-disorder; aggression; hostility; impulsivity, 22604

prenatal substance exposure; attention; cognitive deficits; foster placed children; impulsivity, 18900

psychometric evaluation; impulsivity; test reliability; test validity; construct validity; Lifetime History of Impulsive Behaviors, 24274

psychosis proneness; object selection; visual attention; individual differences; visual marking, 25653

reflective-impulsive style; coincidence-anticipation motor tasks; response latencies, 31110

right prefrontal activity; response inhibition; impulsiveness; Go/No-Go trials; neural networks, 30834

self-report impulsivity measures; component structure; Eysenck Impulsiveness Scale; Dickman Impulsiveness Scale; Barratt's Impulsiveness Scale; Behavioural Inhibition System, 30419

sensation seeking; deliberation; risk taking activities; college students; decision making, 13472

social behavior model; reflective process; impulsive process; interacting systems, 34643

Spanish adaptation; Dickman Impulsivity Inventory; psychometric properties; factorial structure; functional impulsivity; dysfunctional impulsivity; Eysenck Personality Questionnaire, 6266

suicide attempts; suicidal behavior; bipolar patients; impulsivity; hostility; aggression, 25575

temperamental risk factors; children; unintentional injury history; inhibitory control; impulsivity, 31254

total cholesterol; major depression; serum cholesterol; impulsivity; serum lipids, 1391

Impulsiveness—Chapters

The temporal ordering of childhood sexual abuse, eating disturbances, and impulsive and self-destructive behaviors, 4812

In Vitro Fertilization [See Reproductive Technology]

Incarceration—Serials

coping strategies; women inmates; reintegration issues; incarcerated women; housing; employment; familial reintegration; substance abuse; prison release, 26782

deterrence; rehabilitation; drug interventions; recidivism; incarceration; residential treatment; crime, 11893

facility-to-community transition; incarcerated youth; juvenile correctional system; social experiences, 32831

father absence; youth incarceration; adolescent males, 34965

female incarcerated adolescents; language problems; communication behaviors; school learning; correctional facility, 13851

gang members; gang membership; parole outcome; reincarceration; recidivism rates, 19724

imprisoned family member; local jail; family adjustment; incarceration; disrespectful treatment, 11962

incarcerated mothers; mutual support groups; substance abuse relapse; recidivism; family coping skills; communication; anger management; parenting skills, 29761

incarcerated offenders; Native Americans; recidivism rate; prisoners; Canadian Aboriginal healing lodges; Canadian correctional system, 17480

marijuana use; prior incarceration; HIV/AIDS risk behaviors; risk behavior; HIV; AIDS, 32830

mass imprisonment; life course; race inequality; class inequality; incarceration; prison; black men; white men; penal inequality, 36541

Massachusetts Youth Screening Instrument; Diagnostic Interview Schedule for Children; risk factors screening; service needs; incarcerated youth; mental disorder, 27328

mental disorders; criminal justice; severe mental disorders; schizophrenia; at risk populations; incarceration; arrest, 25931

mental health services; mentally ill offenders; alternative to prison program; criminal punishment; diversion programs; prison inmates; incarceration, 11975

mentally ill offenders; substance abusing offenders; incarceration; jails; release from prison; community mental health services; community based care, 32229

political economy; imprisonment; western democracies; affluent capitalist democracies; 1960-1990; business cycles, 35914

posttraumatic stress disorder; epidemiology; incarcerated juvenile delinquents; emotional trauma, 34783

pretrial detention; imprisonment decisions, 9315

prison industry; carceral expansion; economic benefits; employment growth; economic development; local area development; prison construction, 28170

prison; drug offender; incarceration; drug possession; Substance Abuse and Crime Prevention Act of 2000; Proposition 36; war on drugs, 23639

psychiatric disorders; prevalence; incarcerated male adolescents; psychopathology; detention; detention with compulsory treatment; allocation to detention programs, 10685

rearrests; reincarcerations; day reporting centers; DRC; discharged DRC clients; Cook County day reporting center; DRCs origin; DRCs type; program participants; offenders; recidivism, 2539

risk factors; prisons; substance abuse treatment outcomes; reincarceration, 29813

social support; anger expression; incarcerated women; prison surrogate families; prison, 26770

women prisoners; physical abuse; emotional abuse; sexual abuse; victims; criminality; feminist interventions; treatment planning, 32388

Incarceration—Chapters

Treating female offenders, 2544

Incentives [See Also Educational Incentives, Monetary Incentives]—Serials

antecedents; customer-contact employees; empowerment; workers; retail bank, 30221

attribution; compliance; responsibility inference; causation; incentive; motivational contexts, 1211

cross-cultural investigation; human resource managers; conceptual framework; incentive plans; multidimensional pay satisfaction, 17839

drinking games; alcohol consumption; motives; playing; incentives; gender differences, 25027

incentive effect; preparation time; classification accuracy; traumatic brain injury; task performance; memory tests, 33582

incentive structure; communication mode; distributed group decision support systems, 33395

individual differences; personality functioning; fundamental motivation systems; incentives; threats; effective responding; brain activity; eyeblink reflexes, 13492

intrinsic motivation; task performance; assigned goals; motivational sources; self-efficacy; incentives, 12715

labor unions; industrial-organizational psychology; financial rewards; employer-employee relation; power differences, 36408

long term incentive plans; executive pay; company performance; remuneration packages; United Kingdom, 9112

multiple measures; perverse incentives; score inflation; important decisions; incorrect decisions; test scores; educators; students; accountability; educational measurement, 223

organisational structure; organic organisations; pay systems; incentives; human resource environment; employee skills, 33234

organizational stability; organizational design; vertical hierarchy; incentive system; decision interaction; organizational structure; interdependencies; decomposition; managerial ability, 17873

personality; individual differences; work-related incentives; time; benefits; status; long term offers; money, 10584

primary care physicians; evidence-based practice; treatment quality; depression; incentives, 8720

reaction time pattern; generalization; discrimination; stimulus similarity; incentive; reinforcement; pigeons, 27607

salesforce compensation scheme; consumer inferences; consumer satisfaction levels; salesforce incentive structure; incentive scheme; sales assistance; salesperson consumer interactions, 17927

Incest—Serials

child incest victim; legal decisions; incestuous parent; molestation; sexual abuse; child protection; judicial decisionmaking; at risk siblings; legal presumption of endangerment; offender rebuttal, 27235

family systems theory; mental health counseling; family dynamics; sibling incest, 1581

Incest—Chapters

Using conjoint clarification sessions in the treatment of incest victims, 5236

Incidental Learning [See Also Latent Learning]—Serials

Digit Symbol-Incidental Learning; WAIS III; Wechsler Adult Intelligence Scale III; Wechsler Memory Scale III; WMS III; incidental learning; construct validity; clinical utility; standardization data, 15070

informal learning; learning environments; learning conditions; workplace, 14746

motor performance; motor learning; errorless implicit learning; errorful explicit learning; Parkinson's disease, 11277

spatial context learning; aging; contextual cuing; higher order sequence learning; implicit learning; spatiotemporal context learning, 9712

speed-accuracy tradeoff; recognition accuracy; recognition memory; incidental learning conditions; recollection process, 27531

statistical regularities; implicit learning; acoustical characteristic similarity; transition probabilities; auditory material, 30742

Inclusion (Educational) [See Mainstreaming (Educational)]

Income (Economic)—Serials

baby boomers; financial wellness; financial ratios, 25113

delinquency risk; financial assets; financial stress; borrower delinquency; borrower; household payment, 20989

earned income tax credit; children's allowances; economic well being, 1943

economic adaptation; demographics; flight-related & host-related & residency characteristics; acculturation; stressors; employment status; estimated earnings; Hmong & Somali & Russian refugees, 10344
 equity; economic inequality; income, 31326
 family income; neighborhood income; youths' well-being; receptive vocabulary; social comparisons; social networks; white children; US; communities; attention-deficit disorder; hyperactivity disorder, 7423
 family social support; financial strain; income source; depression; elderly; Hong Kong Chinese, 25089
 health services; user fees; health authorities; health facilities; modern treatment; Mali; quality of care; income; health service utilization; price, 17307
 immigration; state support; economic well-being; Israel; economic independence; elderly population; immigration effects; immigration timing, 22120
 international exchange; information gaps; social structure; intermediation; exchange relationships; income replacement sources, 9055
 local taxation; rightmost digit perception; psychological taxing; Flemish municipalities; private sector; public sector; tax policy; income taxes; pre-tax income inequality; non-0 ending tax rates, 4252
 male-female earnings gap; gender differences; work patterns; gender pay gap; earnings gap; women's progress; equality; undervaluing women's work, 13376
 mortality rates; racial composition; income inequality; metropolitan statistical areas; American cities; mortality; racial composition; MSAs; whites; blacks; health, 16085
 national wealth; thermal climate; predictors; motivation; volunteer work; cross-cultural differences, 7710
 tax compliance; norm processes; taxpayers; personal norms; social norms; self-categorization theory; concurring behaviour, 19017
 transfer principle; income distributions; income inequality; risk comparisons; distributional perception, 10302
Income Level [See Also **Lower Income Level**, **Middle Income Level**]
 breast cancer; breast carcinoma; socioeconomic characteristics; family income; trends; urbanization; educational level, 16689
 checking account; households; human capital; institutional reasons, 33330
 complementary justice; happiness; honesty; poor; rich; stereotype exemplars; justice motive; social perception; social cognition; lexical decision; justification; implicit activation, 1214
 economic quality; economic variables; wealth; social satisfaction; income distribution; income size; distribution quality; egalitarian societies; work opportunities; social cohesion, 25134
 educational achievement; occupational activity; socioeconomic status; income; drinking patterns; alcohol consumption; young adults, 16228
 educational achievement; occupational activity; socioeconomic status; income; drinking patterns; alcohol consumption; young adults, 16225
 emotional labor demands; wages; working conditions; cognitive demands; wage rates; occupational level; affective outcomes; job demands, 33280
 financial satisfaction; family income; well-being; older adults, 31573
 happiness; industrialized countries; per capita real incomes; time trends, 28195
 health care; socioeconomic status; racial disparities; African Americans; chronic illnesses; health insurance; health status; low income people; health care access, 5522
 health-wealth association; older Americans; racial-ethnic groups; social policy; racial-ethnic differences; race; ethnicity, 28178
 homicide; subcultures; sociodemographics; economic distress; alcohol use; folk justice; criminal behavior; Kentucky, 22709
 immigrants; economic well-being; women leaving welfare; households earning; employment; sociodemographic characteristics, 32695
 income inequality; private households; individual health; adult population; increased income; self assessed health, 14044
 income inequality; socioeconomic deprivation; family socioeconomic status; socioeconomic indicators; multilevel analyses; health outcomes; relative income; response rate; family level; cohort study, 25132
 male-female earnings gap; gender differences; work patterns; gender pay gap; earnings gap; women's progress; equality; undervaluing women's work, 13376
 occupational level; major shifts; census data, 20902
 physical height; career success relationship; theoretical model; leader emergence; preliminary test; performance; success; social esteem; literature meta-analysis; gender differences; personal income, 23974
 primary care patients; major depression; treatment preferences; low-income Latinos, 34822

recycling; gender; age; household income; China, 3051
 self-assessed health; survival probability; income inequality; mortality risk; health inequality; socioeconomic factors, 11617
 Tax Equity and Fiscal Responsibility Act; Medicaid eligibility; severe disabilities; disabled children; poor families; middle-income families, 32679
 transfer principle; income distributions; income inequality; risk comparisons; distributional perception, 10302
 white children; black children; neighborhood income; children; race; peers; racial differences; influences; mechanisms, 15920
Incontinence (Fecal) [See **Fecal Incontinence**]
Incontinence (Urinary) [See **Urinary Incontinence**]
Incorporation (Psychological) [See **Internalization**]
Independence (Personality)—Serials
 activities of daily living; functional disability; Alzheimer's disease; memantine; autonomy; drug therapy, 26161
 adolescent academic achievement; ethnic groups; psychological autonomy; school socialization; family context; connection; regulation, 33140
 adolescent attitudes; children nurturance; maternal attitude; self-determination; autonomy; children rights; parenting style; sociopolitical attitudes; decision making; maternal conservatism, 22089
 American university students; German university students; autonomy; competence; self-determination theory; informational feedback; educational contexts; perceived pressures; well being, 14665
 chronic obstructive pulmonary disease; behavioural strategy; disability; independence; self efficacy, 8123
 cognitive autonomy support; procedural autonomy support; organizational autonomy support; classroom behavior; student decision making & ownership; teachers, 26910
 complex communication; self; interdisciplinary communication; interdisciplinary theoretical perspective; contingent communications; social environment; self reference; cognitive autonomy, 22150
 emotional autonomy; problem behavior; Chinese adolescents; individuation; nondependency on parents; de-idealization of parents, 10229
 ethnic identity development; ethnic identity; Mexican-origin adolescents; familial ethnic socialization; ecological factors; autonomy, 10268
 gender; independence desires; dependence desires; social support process; activities of daily living, 16269
 independent mobility; actualized affordances; child-friendly environments, 27180
 intergenerational ambivalence; adult children; parent child relations; autonomy, 31391
 learning climates; intrinsic extrinsic goals; student learning; student performance; persistence; self-determination theory; autonomy-supportive manner; text material; college students, 30755
 media figures; adolescent development; autonomy; attachment; celebrities, 16013
 narcissistic defenses; coping behavior; psychoanalysis; psychotherapeutic processes, 32376
 perceived parenting; adolescent future orientation; self-evaluation; cognitive representation; autonomous-accepting parenting, 31390
 physical education; perceived locus of causality; perceived autonomy support; leisure time physical activity intentions & behavior; students; motivation; trans-contextual model; planned behavior, 2816
 psychological adjustment; psychological separation; emotional autonomy; normal development; western cultures; personal choice; autonomous self; behavioural autonomy, 16034
 psychological separation-individuation; psychological adjustment; Greek adolescents; mental health; conflictual independence; academic performance; behavioral problems; social competence; parents, 7418
 public journalism; professional autonomy; journalists; professional socialization, 17559
 self-determination; problem gambling; college students; gambling consequences; autonomy, 34997
 self-governance; drug abuse recovery; substance abuse recovery; residential treatment; rule implementation; self efficacy; social support networks, 11918
 social response context model; social influence; cultural evidence; compliance; contagion; independence, 22311
 sociotropy & autonomy; dysthymic or depressed 16-58 yr olds, Turkey, 7842
 sociotropy vs autonomy, prediction of anxiety vs depression, college students, 7776
 sociotropy; autonomy; vulnerability to depression; personality dimensions; sociotropy-autonomy scale; personality style inventory; scale relationship, 3173
 student engagement; teacher autonomy support; classroom teachers; motivational style; self determination, 26905
 third-party funding; third party counselling; counselling services; sexual abuse counselling; professional autonomy; managed care; government agency, 35413

treatment participation; social life satisfaction; case management relationship; connection; autonomy; schizophrenia; schizoaffective disorder; case management satisfaction, 16912
Independence (Personality)—Chapters
 Autonomy and consumer empowerment: Making quality of life the organizing principle for long-term care policy, 17343
Independent Living [See **Self Care Skills**]
Independent Living Programs—Serials
 intellectual disabilities; computer simulation application; ATM access; computer based training, 11881
 Jim Mansell; Commission for Social Care Inspection; social care services; highly individualized services; disabled people, 29684
 rollators; user satisfaction; community-living users; restricted walking ability; mobility, 17388
 schizophrenia patient; independent living; El Paseo Village, 2385
 transitional living program; residential treatment; diagnosis; treatment; older adolescent; relationship based milieu therapy; psychoanalytic developmental principles; transition to adulthood, 23573
Independent Party (Political) [See **Political Parties**]
Independent Study [See **Individualized Instruction**]
Independent Variables—Serials
 non-manipulation quantitative designs; correlational studies; causal comparative studies; random assignment; independent variable; rehabilitation research, 30565
Indians (American) [See **American Indians**]
Indifference [See **Apathy**]
Indigenous Populations [See Also **Alaska Natives**, **American Indians**, **Inuit**, **Pacific Islanders**]
 aboriginal communities; maternal child health care; professional practice; nursing involvement; practising nurses; health services; health inequities, 11809
 Aboriginal English teen talk; texts; like; pragmatic marker, 18874
 Aboriginal suicide; suicidal behavior; cross cultural differences, 10911
 aboriginal women; timely care; care barriers; health care concerns; health service delivery, 23483
 Aborigines; Aboriginal Australians; rehabilitation services; service access; equitable access, 11887
 AIDS prevention; American Indians; Alaska Native; communities treatment services; indigenous etiology paradigm; approaches to change, 29681
 amafufunyana; ukuthwasa; cultural explanatory models; traditional healers; family history; schizophrenia symptoms; diagnosis; Zosha patients, 28732
 anthropology; indigenous communities; interpersonal rapport; contract agreements; negotiated reciprocity; researcher-subject relationship; collaborative work; Native Alaska; heritage, 34468
 Australian indigenous offenders; repeat offences; risk factors; rehabilitation programs; cultural differences; treatment outcomes; program development, 5722
 binge eating; women; binge eating disorder; rural Fiji; indigenous populations; prevalence; culture; dieting; attitudes; body shape; body image; weight, 4798
 cannabis use; substance use; kava use; inhalant abuse; tobacco use; remote aboriginal populations; substance use patterns; health workers as proxy reporters of drug use epidemiology, 25867
 cultural experiences; motivational effects; academic effects; indigenous minority students; self-esteem; locus of control, 14628
 discourse; sovereignty; tino rangatiratanga; Aotearoa; Maori versus colonial interests; race relations; race talk; nationhood, 34480
 encouraging practitioners; clinical management; alcohol-related problems; Indigenous primary care setting; National Recommendations for the Clinical Management of Alcohol-Related Problems program, 29792
 English plural morpheme; Mandarin-speaking children; language environment; morpheme acquisition; English-speaking children, 10100
 english-learners; joking; native speakers; humor; sociolinguistic perspective; intercultural discourse, 7319
 ethnic identity; acculturation attitudes; indigenous Norwegian Sami; Kvens, 34473
 family therapists education; Aboriginal experience; reconciliation; hope; aboriginal experience; culture, 35980
 family violence; correctional service; culturally competent programs; community agency; abusive men; treatment; woman abuse; Aboriginal men; Aboriginal family violence program, 17485
 feminist strategies; representing 'the Other'; collective resistance; cultural survival; solidarity; social movement; testimonio; indigenous literary genre; third world; collective experience, 22138
 high risk populations; health promotion; diabetes disease prevention programme; urban marae; New Zealand; health education; health services; lifestyle programme, 17255

Indigenous Populations—Serials

Homai te Waiora ki Ahau; measurement; well-being; Maori; construct validity; test development, 33476
 incarcerated offenders; Native Americans; recidivism rate; prisoners; Canadian Aboriginal healing lodges; Canadian correctional system, 17480
 indigenous Australians; empathy; guilt; prejudice; negative attitudes, 31592
 indigenous mental health workers; Australia; Aboriginal and Torres Strait Islander, 14389
 indigenous people; indigenous staff recruitment; indigenous employee retention; Australian criminal justice system; focus groups, 30313
 indigenous Samis; Norwegians; mental disorders; background factors; mental well being; health services planning; Norway, 31716
 literacy programs; Maori children; Pacific Island children; literacy instruction; achievement; minority children; teachers; professional development; teachers' beliefs, 23885
 native language; Finnish-speaking majority; Swedish-speaking minority; unemployment; labour market, 9065
 needs; resources; disabled indigenous people; cross cultural rehabilitation partnerships; public policy, 11888
 nonnative speakers; native speakers; English; conversation analysis; nonnative-native interviews, 13116
 racism responses; coping styles; taxonomy; aboriginal Australians; discrimination; oppression; emotional response; behavioral responses, 10545
 smoking behavior; Indigenous secondary school students; smoking cessation; cultural factors; social factors; psychological factors, 28117
 substance abuse; group trauma experiences; grief; historical trauma; HT; historical trauma response; HTR; traumatized populations; intergenerational grief; Lakota; Natives, 4728
 tobacco interventions; Aboriginal people; smoking cessation; nicotine replacement therapy; evidence-based approach, 29793
 traditional art evaluation; health promotion; Aboriginal people; preventive health resources; language; cultural identity; health knowledge, 29514
 Two-Spirit organizing; lesbian, gay, bisexual and transgendered; Aboriginal descent; Canadian society; educational video; HIV; social work, 28352
Indigenous Populations [See Also Alaska Natives, American Indians, Inuit, Pacific Islanders]—Books
 Poverty and psychology: From global perspective to local practice, 10321
Individual Counseling [See Individual Psychotherapy]
Individual Differences—Serials
 academic achievement; statistics; boys; girls; public examinations; gender differences; social factors; school factors; individual factors, 36156
 academic procrastination; individual differences; high procrastinators; general anxiety; student writing; grades, 2782
 adolescence; substance abuse; peer influence; individual differences; relationship factors; risk factors, 22694
 adult personality; individual differences; personality stability, 7477
 age related differentiation; cognitive abilities, 24986
 anecdotes; hypnosis; hypnotizability; individual differences; stereotypes, 35600
 antisocial teasing; prosocial teasing; students' perception; individual differences; peers, 26954
 applicant reactions; selection screening technology; face-to-face interview; telephone interview; interactive voice response screening; individual differences; cognitive ability; conscientiousness, 33232
 arithmetic problem solving; individual differences; memory updating, 31166
 autobiographical memory; individual differences; memory distortions; personality traits; fantasy proneness; recognition task; false memories, 24499
 barroom violence; aggression; individual aggressive behavior; situational context; personality; bars; alcohol consumption; individual differences; violence predictors; bar environment, 7982
 brain asymmetry; neonatal novelty exposure; dynamics of turn bias; individual differences; social recognition memory; rats, 9893
 brain electrical activity; spatial ability; verbal ability; cognition; affective style; performance; EEG; individual differences, 7035
 Broca's region; cytoarchitecture; brain asymmetry; morphometry; language, 21530
 childhood development; sex differences; psychological problems; individual factors; environmental factors, 22437
 children's decision making; risky choice; individual differences, 10190
 cognitive ability; cognitive abilities; general intelligence; individual differences; measurement, 10599

cognitive busyness; individual differences; impression formation processes; expectancy condition; moderating effects; high expectancy; need for cognition, 1206
 cognitive change; aging; individual differences, 34393
 cognitive control; emotion; behavioral activation; individual differences; prefrontal cortex; reward responsiveness; personality psychology, 13477
 cognitive gerontology; dementia detection; cognitive decline; assessment; diagnostic reliability; centenarian study; external cognitive functioning; performance variability; very aged participants, 34377
 cognitive performance differences; cognitive ability; individual differences; mild mental retardation, 35121
 cognitive process; project completion time estimation; optimistic predictions; future focus manipulation; individual differences; personality traits; task domains, 9640
 cognitive style; verbal learners; individual differences; visual learners; learning preference; cognitive ability; college students; spatial ability; general achievement, 2791
 commercial memory aids; individual differences; utility, 17944
 communal lifestyles; depressive symptoms; depression; individual differences; living conditions, 28631
 Comprehensive Personality and Affect Scales; intraindividual variability; interindividual difference; negative affect; positive affect; subscales; measurement error; latent state-trait model analysis, 24224
 computer based training; cognitive activity; metacognitive activity; training environments; multimedia; training evaluation; individual differences, 21014
 context sensitivity; autistic spectrum disorders; individual differences; perceptual styles; size perception, 32011
 coping behavior; coping style; coping reports; report method; method concordance; daily report; time-limited retrospective report; global report, 9557
 daily hassles; immune system; personality traits; mood changes; physiological stress responses; physiological parameters; individual differences, 9943
 daily life cortisol secretion; major depression; hypothalamic-pituitary-adrenal axis; hormone secretion; outpatients; intraindividual variability, 22508
 decision framing; individual differences; cognitive processing; risky choice; math skill; need for cognition, 21348
 decision making; individual differences; risky decisions; skin conductance responses; somatic activities; choice behavior; human behavior; risky choices, 9945
 delinquent behavior; German adolescents; trajectories; time; individual covariates; family covariates; peer covariates; juvenile delinquency, 11063
 depressive symptoms; subjective perception of health; individual differences; age differences; disease; disability, 31742
 discordant sensory information; graphic production; individual differences; information processing strategies, 9652
 diversity faultlines; conflict experience; performance; morale; groups, 22298
 dopamine metabolism; personality trait; locus of control; individual differences; breast cancer, 35232
 dual-process theories; mind; working memory capacity; individual differences; attention control; controlled processing; psychology implications; clinical psychology; new areas, 27575
 educational achievements; experimental school; school effectiveness; individual differences; graduates, 33143
 emotional competence; aggressive behavior; school-age children; individual differences, 22612
 environmental influences; individual influences; young adults; university attending, 33013
 exposure to & appraisals of marital conflict; siblings; differences; psychological adjustment; behavioral conduct; experiences; depressed mood; externalizing problems, 1009
 facial expression change; valence focus; verbal reports; self-reported experience; emotional experience; individual differences; perceptual processing, 33887
 fantasy proneness; mental imagery; reality monitoring; individual differences; memory confusions, 24415
 field dependence; adult attachment styles; secure individuals; mbivalent individuals; avoidant individuals individual differences; information processing, 15302
 food consumption; food wasting; individuals; families; genetic lines; house mice, 7098
 frontal electroencephalographic asymmetry; emotional disorders; emotional responding; frontal cortex; individual difference, 34088
 general & work specific self-evaluations; work-related control beliefs; job attitudes; individual differences; job satisfaction; organizational commitment; job involvement; healthcare employees, 27074
 genetic influence; environmental influences; individual differences; psychological traits; genetics, 28452
 gratitude; daily mood; affective traits; positive affect; grateful moods; grateful emotions; spiritual transcendence, 10603

Individual Differences—Serials

habituation; infant development; methodology; model-based nonlinear regression framework; individual differences, 15138
 hardness; global attributions; discrimination; individual differences, 34523
 hardness; global attributions; specific attributions; individual differences; actions against discrimination; women, 34630
 head-related transfer function; external ear; individual differences; ferrets; virtual acoustic space; sound localization, 15718
 health communications; sensitivity; individual differences; future consequences; persuasive communication; colorectal cancer screening, 28499
 implicit social cognition; individual differences; neutral stimuli; death; affective Simon paradigm, 34623
 individual & social influences; age related trends; ethnic identity; Latino young adults; family & peer socialization, 34477
 individual behavior; black kite; foraging performance; weather; population patterns; breeding performance; Milvus migrans, 12765
 individual characteristics; computer programmers; temperament; knowledge; skills; prediction; success, 4467
 individual competence; consciousness; measurement; Agent-action-Objective model; information processing; analytic descriptive approach; synthetic reflective strategy, 13166
 individual differences; assimilation; contrast effects; affective experience; need for cognition; expectations; determinants, 7677
 individual differences; attitude structure; cognitive information; cognitive attitudes; cognitive responses; persuasion; affective attitudes, 10537
 individual differences; charismatic leadership; workplace aggression, 17774
 individual differences; cognitive ability; personality traits; assessment center evaluations, 17792
 individual differences; cultural variation; cultural orientation; behavior; personal individual-collective primacy; personal individualism-collectivism; nationality; social obligation-based compliance, 28449
 individual differences; deductive reasoning; intellectual ability; thinking style; logic; syllogisms; indicative selection, 12653
 individual differences; drug sensitivity; cocaine-seeking behavior reinstatement; rats; cocaine-conditioned cues; amphetamine priming injection, 24815
 individual differences; electroencephalogram alpha asymmetry; motivational dispositions; cortical activity; test validity and reliability, 33578
 individual differences; emotional complexity; emotional experiences; self-consciousness; openness to experience; empathic tendencies; cognitive complexity; ego development, 28478
 individual differences; emotional expression; brief facial expressions; life course; life context; Paul Ekman, 13481
 individual differences; fraction skills; mathematical knowledge; conceptual knowledge; simple arithmetic; working memory; on task classroom behavior, 7384
 individual differences; genetic contributions; environmental sources; drinking motivations; alcoholism; risk factors, 19692
 individual differences; imagery; aversions; memory; trauma, 24491
 individual differences; intelligence; problem solving; visually presented optimization problems, 18364
 individual differences; language performance; cochlear implantation; language skills, 35654
 individual differences; menstrual cycle phase; everyday situations; personality traits; work; moods, 18420
 individual differences; mood; coping; chronic pain; rheumatoid arthritis, 26056
 individual differences; narcissism; age; ethnicity; world region; gender, 4449
 individual differences; negative reciprocity norm endorsement; anger; disagreement; ridicule; revenge, 28463
 individual differences; parental diaries; health services; newborn infants; crying patterns; common concern; blood sample; neurobehavioral exam, 15907
 individual differences; personality functioning; fundamental motivation systems; incentives; threats; effective responding; brain activity; eyeblink reflexes, 13492
 individual differences; physiological response; stress-elicited changes; infectious disease susceptibility; cardiovascular responses; endocrine responses; immune responses; laboratory stressors, 7122
 individual differences; possible mechanisms; gender stereotypes; stereotype threat; math performance; stigma consciousness; test performance, 4394
 individual differences; reading comprehension; semantics; memory; sentences, 18928

- individual differences; saving; human-computer interaction; computing error; non-specialist computer users; computing losses; cognitive failure; attention; computers, 9211
- individual differences; school characteristics; academic achievement; extracurricular academic activities; socioeconomic background; learning ability; Scholastic Aptitude Test scores, 33593
- individual differences; self-defining memory dimensions; specificity; meaning; content; affect; self-restraint; distress; repressive defensiveness, 21362
- individual differences; social orientation; social interaction; cultural background; self regulation, 22366
- individual differences; spatial learning; neural correlates; spatial information preference; spatial skills; mental rotation ability; survey encoding information; route learning; map learning, 27571
- individual differences; television viewing; motives; personality dimension; psychoticism; extraversion; neuroticism, 1284
- individual differences; temporal variability; medically unexplained symptoms; symptom reporting; frequency; severity; framing; Gulf War veterans; personality; chronic illness, 25342
- individual differences; test scores; intelligence tests; cognitive ability; racial groups; Blacks, 28470

tobacco products; individual differences; personality determinants; tobacco usage, 19096
treatment condition; standard deviations; active treatment; treatment group; change scores; individual level change, 12541
uncertainty orientation; individual differences; unrealistic optimism; uncertainty avoidance; individualism-collectivism, 28406
validity; response-to-instruction model; reading disabilities; individual differences; instructional context; reading ability; phonology; behavior; instructional responsiveness; first & second graders, 12222
visual imagery vividness; delayed recall; stimulus affect; individual differences; emotions, 24485
visual search; individual differences; symbol-digit substitution test; feature encoding; memory, 9564
vocal recognition; newborn kids; mother goats; interindividual differences; voice structure; acoustic signature, 6666
workplace creativity; individual styles; training; creative confidence; creative self-leadership; graduate students, 12311
written emotional disclosure; chronic pelvic pain; women; individual difference moderators; stress management, 19876

Individual Differences—Books

Beyond individual and group differences: Human individuality, scientific psychology, and William Stern's critical personalism, 3121

Creating cultural motifs against terrorism: Empowering acceptance of our uniqueness, 4194
Cultural intelligence: Individual interactions across cultures, 10365

Individual differences in theory of mind: Implications for typical and atypical development, 7446

Individual Differences—Chapters

Coexistence of equity and interpersonal harmony among recipients: Reward allocation as an instrument for group management, 4390

Comparing processing-based, stimulus-based, and subject-based factors in metacognition, 21358

Coping and adjustment to rheumatoid arthritis, 1801

Counterproductive behaviors at work, 6067

The development of self-regulation in young children: Individual characteristics and environmental contexts, 13265

Exploring the instrumental versus non-instrumental aspects of procedural fairness: The usefulness of a person x situation approach, 4412

The impact of collectivism and situational variations on the motivation to achieve in Singapore, 4151

Individual development in the workplace, 6035

Individual differences and prototypical stories: Achievement motivation in Taiwan and the United States, 4478

Individual differences in theory of mind: The preschool years and beyond, 7448

Is the social psychology of creativity really social? Moving beyond a focus on the individual, 1194

On abilities and domains, 15925

Poverty and wealth, 10328

The psychodynamics of social judgments: An attachment theory perspective, 4426

Reflexive and reflective judgment processes: A social cognitive neuroscience approach, 3748

The role of metatextual knowledge in text comprehension, 22054

The role of religion and spirituality in community building, 839

The search for general abilities and basic capacities: Theoretical implications from the modifiability and complexity of mechanisms mediating expert performance, 16308

Self-control and crime, 13779

Synthesis: Psychological understanding and social skills, 7719

Temperament and self-regulation, 13266

Using the corpus callosum as an effective anatomical probe in the study of schizophrenia, 16446

What causes individual differences in cognitive performance?, 15994

Individual Problem Solving [See Problem Solving]**Individual Psychology—Serials**

postabortion grief; primary providers; community faith-based agencies; post-traumatic stress disorder; spiritual group intervention; shame; religious beliefs, 35463
 pregnancy rate; vocational school students; sexual intercourse; abortion; contraceptive use; partner pregnancy; unplanned pregnancy; Thailand; adolescents, 999

pregnancy termination; emotional reactions; moral concerns; abortions; adolescent pregnancy; Black adolescent women; social values; shame; embarrassment; guilt; sadness, 18966

pregnancy; depression; abortion; antidepressants, 34848
 prenatal diagnosis; trisomy; pregnancy termination, 8124
 psychiatric practice; abortion; mental side effects; psychiatry, 8635

psychological trauma; miscarriage; induced abortion; women; Impact of Event Scale; posttraumatic stress disorder, 19840

women's issue; abortion; pregnancy termination; male psychological reactions; abortion decision; psychotherapy, 23133

Inductive Deductive Reasoning [See Also Inference—Serials]

argumentum ad ignorantiam; argument from ignorance; inductive reasoning; Bayesian approach; argument strength; empirical argument theory, 24459

category membership; category coherence; object categories; causal knowledge; property induction, 12665
 category-based induction; conclusion typicality, 33793
 causal learning; causal maps; inference; formalism; directed graphical causal models; Bayes nets, 10182

Conditional Reasoning Measurement System; aggression; behavior justification; psychometrics; inductive reasoning, 33512

conditional reasoning theories; hypotheses; age related developments; children; adolescents; deontic; causal conditionals; inferences, 24956

conjunction fallacy; sentence construction pairs; reasoner interpretation; subjective probability; reasoning; pragmatics, 24474

consequential conditionals; outcomes; invited inference; suppressed inference; if then statements, 9633

deductive rationality; reasoning; implicit processes; explicit processes; logic; dual processing; timing constraint; inferences, 386

diverse instruction; information diversity; mental models; children; earth shape; core beliefs; conceptual change; induction; scientific reasoning, 7383

formal reasoning; informal reasoning; reasoning discrepancy; reasoning theory; well defined problems; statistical inference; cognitive psychology; everyday reasoning, 24428

gambler's fallacy; hot hand; inductions; law of small numbers; randomness; streak of events, 21327

group; brainstorming; task performance; problem solving; divergent thinking; convergent thinking, 13435

individual differences; deductive reasoning; intellectual ability; thinking style; logic; syllogisms; indicative selection, 12653

information; category; generalization; logical structure; label, 31533

Mental Model reasoning; propositional reasoning; Mental Model theory, 27490

past success; convergent thinking; groups; group-focused attributions; individual-focused attributions; divergent thinking, 31479

preadolescents; learning transfer; induction; biology; naive theory, 34298

prefrontal cortex; inductive reasoning; deductive reasoning; neural processes, 34025

reasoning; inconsistency; consistency; theories; mental models; propositions; causal knowledge, 27503

rules; analogy; similarity; past tenses; dual mechanism model; morphology; lexicon; phonology, 3347

self-directed inductive learning; abstract tasks; concrete tasks; learning outcomes; college students, 3379

semantic memory disorganization; schizophrenia; thought disturbances; reasoning disturbances, 34872

syllogistic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3354

syllogistic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3365

trance logic; posttraumatic stress disorder; phenomenological analysis; avoidance trauma; phenomenology, 25693

Industrial Accidents—Serials

accident rates; technological systems; modern industrial society; technological society; human error; safety methodologies, 6074

nonlinear dynamics; occupational accidents; self-organization; nonlinear dynamical systems theory; chaos; cusp catastrophe model, 6075

prolonged exposure; imagery-based cognitive restructuring component; industrial accident victims; post traumatic stress disorder; cognitive-behavioral analysis; imagery rescripting & repressing, 20180

workplace safety performance; conscientiousness; cognitive failure; workplace accidents; working conditions; safety behavior; individual differences, 2956

Industrial Accidents—Chapters

Alcohol, drugs, and workplace safety outcomes: A view from a general model of employee substance use and productivity, 2959

Responses of individuals and groups to consequences of technological disasters and radiation exposure, 1749

Safety climate and safety at work, 2964

Industrial and Organizational Psychology—Serials

activity theory; ergonomics; work study; education; human factors; industrial-organizational psychology, 30277

career self-management; vocational psychology; vocational adjustment; career development tasks; bounded organizational careers; career barriers; career satisfaction, 30135

career success; industrial-organizational psychologists; model; sponsorship, 30134

Edwin A. Fleishman; gold medal award; application of psychology; life achievement; work environment; human capabilities, 29836

employee selection; applicant reactions; organizational psychology; decision making, 36278

family business consultation; industrial/organizational psychology; clinical psychology; family psychology; industrial psychology, 36254

general management theory; Executive Behaviour; organization theory; scientific management tradition; top managers; practical rationalization issues, 6021

hubris; Gestalt perspective; invulnerability; omnipotence; messianic; ignorance; employee beliefs, 30189

hubris; Gestalt perspective; invulnerability; omnipotence; messianic; ignorance; organizational development; groupthink; employee beliefs, 30190

hubris; Gestalt perspective; invulnerability; omnipotence; messianic; ignorance; groupthink; employee beliefs, 30200

human resource management practices; organizational commitment; Indian software professionals; organizational psychology, 36319

industrial psychology; training; simulation, 12246

job performance; prediction; personality; the big 5; Industrial and Organizational Psychology, 36244

labor unions; industrial-organizational psychology; financial rewards; employer-employee relation; power differences, 36408

longitudinal research; occupational health psychology; causal relations, 12568

occupational health psychology; workplace characteristics; job stress; cost effectiveness; organisational change, 36263

organisational psychology; work psychology; resource myopia, 36250

organizational psychology; leadership characteristics; theoretical development; managerial performance; professional knowledge; human resources, 14729

organizational psychology; occupational psychology, 30112

organizational psychology; work psychology; business environment; technological advancement; corporate culture change; mergers; personnel selection, 36265

organizational theory; improvisation complexity; aesthetics; social creativity; social science; art, 24018

partnership; human resource management; management change; mutual gains, 36289

performance management; performance appraisal; employee performance; human resource management; employee perceptions; organisational psychology; organisational performance, 36299

political decision making; organizational politics; conflict processes; relationship conflict; academic departments, 36365

professional mobility; industrial-organizational psychologists; consulting psychologists; professional licensing; professional certification; state laws; regulations; short-term cross-state practice, 2619

Industrial and Organizational Psychology—Books

Handbook of industrial, work and organizational psychology, Volume 1: Personnel psychology, 5972

Handbook of industrial, work and organizational psychology, Volume 2: Organizational psychology, 5973

The psychology of workplace safety, 2957

Industrial and Organizational Psychology—Chapters

Assessment of individual job performance: A review of the past century and a look ahead, 3248

Careers and career management, 5995

Cognitive processes in strategic management: Some emerging trends and future directions, 6006

Communication in organizations: Speed, diversity, networks, and influence on organizational effectiveness, human health, and relationships, 6064

Compensation systems in the global context, 6061

Counterproductive behaviors at work, 6067

Cross-cultural industrial and organizational psychology: A critical appraisal of the field and future directions, 5975

Hierarchical Team Decision Making, 5979

The human team: Basic motivations and innovations, 6071

Human-machine interaction: Usability and user needs of the system, 5981

Individual development in the workplace, 6035

Intervention as a major tool of a psychology of human strengths: Examples from organizational change and innovation, 17886

Job satisfaction: A cross-cultural review, 6034

Justice in organizations: Theory, methods, and applications, 6059

Leadership in organizations, 6057

Measurement in work and organizational psychology, 3245

Mentoring: What We Know and Where We Might Go, 5980

Meta-analysis, 5985

Occupational injuries: Setting the stage, 2958

Occupational stress: Toward a more integrated framework, 6077

Organizational culture and climate, 5974

Performance appraisal and feedback: A consideration of national culture and a review of contemporary research and future trends, 3246

Personality Research in the Organizational Sciences, 5983

Predictors used for personnel selection: An overview of constructs, methods and techniques, 6007

Prevention of human errors in the frame of the activity theory, 6010

Psychological contracts in employment, 6068

Psychology and industrial efficiency, 2888

Research methods in industrial and organizational psychology: Data collection and data analysis with special consideration to professional issues, 5986

Strategies for Detecting Moderator Variables: A Review of Conceptual and Empirical Issues, 3294

The structure, measurement, validity, and use of personality variables in industrial, work, and organizational psychology, 3175

Work design: Learning from the past and mapping a new terrain, 5982
 Work motivation, 6032

Industrial Personnel [See Business and Industrial Personnel]
Industrial Psychology [See Industrial and Organizational Psychology]
Industrial Safety [See Occupational Safety]
Industrialization—Serials
 ideology; family arrangements; industrialization; family identity; sexuality, 34499
 industrial pollution; environmental politics; risk; air quality; political morality, 36485
 multigeneration innovation diffusion; intergeneration time impact; new technologies; technology adoption; consumer product technologies; industrial technologies, 6104
 network time; new knowledge epoch; temporal dimensions; knowledge production; industrial revolution; contemporary culture; globalization, 10119
Industry [See Business]
Infant Development [See Also Neonatal Development]—Serials
 acquired memory; operant conditioning; memory reactivation; reactivated memory; infants; reminding; retrieval difficulty; memory accessibility, 913
 amodal completion; infants; center occluded object; visibility, 24953
 assisted reproductive technology; spontaneous conception; developmental prognosis; infants; twins; in vitro fertilization; fertility drugs, 31111
 asthma symptoms; asthmatic children; maternal-infant bond, 29017
 attachment disorganization; infancy development; psychoanalysis; attachment theory; caregivers; infant behavior; parental state of mind; parental behaviors, 25014
 attachment theory; research; phases; attachment relationships; development; infant-caregiver interaction; pediatric, 966
 attention; cognitive development; docosahexaenoic acid; fatty acids; infancy; toddlerhood, 31135
 attention; eye movement; eye gaze; newborns; cues, 22033
 attentional engagement; attentional inertia; infant distraction latencies; attentional state, 24968
 autistic disorder; autism; infants; behavior profiles, 25957
 babbling; adult infant interaction; attachment behavior; poetic texture; mother speech; phonetics; developmental social process; emotional communication; language development, 13156
 basic arithmetic operations; sensory modalities; recognition; preverbal infants; visual objects, 13189
 bottom-up processing; infant development; cognitive development; category learning; visual recognition, 31146
 categorization asymmetry; infants; humans; nonhuman animals; perceptual cues; head; body; global gestalt information; familiarization/novelty-preference, 22040
 cerebral processing; mothers voice; unfamiliar voice; infants; neurophysiological mechanisms; auditory event-related potentials, 24972
 childhood amnesia; theoretical explanation; quantitative changes; age-related changes; memory development, 13184
 chocolate consumption; pregnancy; infant temperament; stress experiences, 28057
 cleft palate; speech production abilities; speech development; children; palatal surgery; consonant inventories; canonical babbling ratios; characteristics; early developing sounds, 5431
 clinical infant home-visiting services; child outcomes; school entry; aggressive behavior; kindergarten; behavior problems, 25034
 cobbling; twins; interaction; adjustment; post birth stress, 10396
 cognition; infancy; attention; memory; look duration; reaction time; recognition, 31180
 Cognitive Adaptive Test; validity; pediatric health care; health care providers; Mental Developmental Index; Bayley Scales of Infant Development, 15005
 cognitive capacity; infant perseverative errors; cognition; locomotion; infancy inhibition; task difficulty, 24931
 colic; risk; infants; nonmanual work; mothers; work demands; socioeconomic; psychosocial conditions, 18950
 concepts development; dichotomy; infant motor development; visual control; infant cognition, 7400
 conceptual development; infant category learning; adult category learning; perceptual development, 24949
 correlated attributes; human infants; novel category exemplars, 18909
 cortisol circadian rhythm; infancy; diurnal rhythm; appearance age; analysis method, 7354
 developmental changes; infant attention; dynamic stimuli; static stimuli, 31183

developmental changes; neuronal networks; brain development; developmental neuroimaging; brain cells; children, 15904
 developmental outcome; discordant premature twins; birth weight discordance; intrauterine growth restriction, 8125
 developmental outcomes; Bayley Scales of Infant Development; drug exposed children; mental development; psychomotor development, 73
 developmental theories; mother-infant relation; infant development; emotional availability; sensorimotor interaction, 25406
 digit movements; precision grip; hand-babbling; grasping patterns; hand movements; targeted reaching; infants; human reflexive grasp patterns; visually guided reaching; self directed movements, 4118
 direction perception; self motion; postnatal development; perceptual processes; locomotor experience; optic flow patterns; spatial abilities; infant development, 13181
 early memory development; preverbal children; memory processes, 13172
 epigenetic landscapes; infant motor development; dynamical systems theory; motor learning; prone progression, 7392
 event-mapping task complexity; prior information; infants, 7407
 facial cues; vocal cues; infants behavior; social referencing behavior; visual reference; voice; social cognition, 25071
 failure to thrive; feeding behavior; mealtime energy intake; infants; meal duration; food intake, 24745
 feeding problems; late infancy, 31109
 follicle position; normal human ovary; definitive histogenesis; spatial position; cortex, 9810
 foster care; attachment behavior; infant-caregiver dyads; foster parents; age at placement, 35809
 foster mother state of mind; training program; infants, 31375
 four month old infants; infant perception; animal categorization; body part importance; novelty preference, 22047
 goal directed behavior; infant encoding; intentional behavior; random behavior; infant attribution; human action; morphologically unfamiliar agent; approach behavior, 34295
 grammatical acquisition; infants; syntax; poverty of stimulus argument; linguistic structure, 31125
 graspability; object processing; infant cognition; visual perception, 7387
 habituation experiments; infants; movement, 24957
 habituation; high risk infants; test-retest reliability; attention; cognitive development, 901
 habituation; infant development; methodology; model-based nonlinear regression framework; individual differences, 15138
 handedness development; hand use preference; infants; grasping; reaching; unimanual manipulation; manual skill; progressive lateralization theory, 7386
 home visitation; public health nurses; early intervention program; adolescent mothers; infant health; maternal health; maternal behaviors; mother-child interactions; social competence, 23542
 human infants; sensory input; infant stepping; leg motion; knee flexor muscle torques, 21314
 indeterminate sleep; nonlinear structure; full-term newborns; nonlinear EEG; premature newborns; brain dynamics; active sleep; quiet sleep; synaptic interconnections; newborn brain, 7046
 individual differences; parental diaries; health services; newborn infants; crying patterns; common concern; blood sample; neurobehavioral exam, 15907
 individual differences; visual attention; infant attentional style, 15940
 infant categorization development; connectionist modeling; concept acquisition; infant cognition, 24940
 infant categorization; simple connectionist networks; developmental connectionist models, 24985
 infant chimpanzees; goal attribution; goal-directed behavior; disposition; looking time, 30779
 infant classical eyeblink conditioning; premature birth; associative learning, 31152
 infant emotionality; maternal characteristics; caregivers depression; social support; sensitivity; emotionality predictability; temperament characteristics; mother infant interaction, 18971
 infant irritability; infant characteristics; infant temperament; parent child contributors, 18947
 infant learning; object boundary information; prior experience; complex visual scene, 7382
 infant looking behavior; social referencing; attachment behavior; free play; attention; maternal inattentiveness, 10264
 infant mental health; young children; psychology; psychologists; health care delivery, 5752
 infant motor development; learning; motor control acquisition, 7395

infant observation; teaching; psychotherapy; education; counter-transference; semantic relevance; epistemologic relevance; teleologic relevance; classical psychoanalytic theory; object relation theory, 19240
 infant operant kicking procedure; computerized stimulus control; computerized measurement; kicking; mobile procedure; auditory reinforcers; visual reinforcers, 15963
 infant perception; illusory contours; static figures; moving figures; Kaniza figure, 933
 infant perception; infant vision; directional alignment; texture elements; pictorial depth cues, 918
 infant reactivity; maternal regulatory behavior; soothing behaviors; infant stress responses, 25171
 infant research; intersubjectivity; Andrew Meltzoff; Colwyn Trevarth; Daniel Stern; psychoanalytic theory, 10630
 infant response; others' intention; re-enactment; intended acts; developmental ability, 34294
 infant shifting attention; adults face; adults hand; joint attention, 15931
 infant side biases; familiarity-novelty preferences; serial paired-comparison task; looking; familiar faces; novel faces, 31145
 infant social attention; preschool; social cognition; infants understanding; preschool achievements; theory of mind, 25076
 infant visual foraging; visual information; stimulus characteristics; behavior, 24974
 infantile anorexia; physiological regulation; physiological dysregulation; respiratory sinus arrhythmia, 32525
 infantile autism; developmental outcomes; infants; toddlers, 35080
 infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34282
 infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34263
 infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34266
 infants motives; sharing attention; sharing interest; choice behavior, 25032
 infants; categorical representation formation; familiarization, 34293
 infants; facial expressions; stressful episodes; emotion intensity; discrete emotions; component expressions; full-face expressions; developmental change, 34243
 infants; gamete donation; parenting; parent child relationships; artificial insemination; parental well being; infant temperament; emotional involvement; in vitro fertilization, 34508
 infants; long term memory; music; tempo; timbre, 24987
 infants; long-term memory; sound patterns; words; voices; phonological patterns; indexical properties, 4104
 infants; object representation; visual tracking; oculocler, 10204
 infants; syntax; grammatical acquisition; semantic properties; syntactic structure; innateness; poverty of stimulus argument; linguistic input; learning; semantics, 31158
 infants; vocal motor coordination; gestures; speech; gesture-speech system, 31108
 intelligence quotient; IQ; infants; visual habitation; visual disabitation; childhood cognitive performance, 28076
 interactive behavior; attachment security assessment; parental ego-resilience; construct validation, 24195
 internal space development; psychological boundaries; symbolization; infancy; psychic skin, 24906
 intersubjectivity; infancy; psychoanalysis; mind; symbolism; correspondence; interactive regulation, 11448
 kinematic reaching parameters; in utero cocaine exposed infants; unexposed infants; high-risk infants; intrauterine cocaine exposure, 18942
 knowledge level; infancy; rich countries; poor countries, 7370
 lavender exposure; rosemary exposure; infants; depressed mothers; non depressed mothers; electroencephalographic activity; infants behavior; odor exposure, 15946
 linguistic rhythm; perception; acquisition; infants; speech segmentation procedures; native language; language discrimination, 10198
 maternal attributions; parenting style; low-income families; child maltreatment; at-risk infants; neonatal status; maternal depression, 13146
 maternal mood; infant feeding problems; food refusal; maternal anxiety; maternal depression; intervention implications, 7351
 maternal rigidity; infancy; intelligence; school age; pre-term, 18913
 maternal sensitivity; infant crying; infant fussing; infant contented behavior; social support, 28274
 mother-child interaction; maternal distancing; infant development; memory performance; competence; declarative memory, 940

mother-infant relationship; breastfeeding; bonding; mothers; mother child bonding; mother child relations, 978
 mother-infant relationship; single mothers; married families; cohabitating families; security of attachment; home environment; psychological adjustment; infant behavior; maternal behavior, 13247
 narrative; infant psychic growth; artist; consciousness aspects; mind; psychoanalysis, 32404
 natural language; structural principles; infant ability, 34275
 Neonatal Intensive Care Unit; pediatrician role; healing process; nutritional supplementation; health care personnel; infant psychosocial potential; medical problems, 7372
 newborn screening; fragile X syndrome, 35169
 newborns care preference; top-heavy patterns; inner features, 24938
 numerosity discrimination; human infants; infant sensitivity; auditory sequences, 31159
 numerosity; infants; numerical development; number discrimination; visual sets; representation of surface area, 31131
 object exploration; young infants; feet; leg movements; motor behaviors, 15949
 object individuation; infancy; infants, 24958
 object permanence; infancy; learning; innate contributions; training periods; nature nurture, 28085
 object permanence; infant cognition; agent-based model; robotics; simulation, 15980
 object retrieval; infant development; movement coordination; box transparency; task exposure; learning strategies; learning rate; time of discovery; solution discovery; infants, 7376
 observational learning; developmental psychopathology; psychosocial determinants; attachment theory; caregiving environments; action interpretation; learning strategies; infants; mentalization, 15950
 ontogeny; face identity; infants; internal face features; external face features; identity, 24934
 ontogeny; human learning; delay; long delay; trace; eye-blink conditioning; associative learning; infants, 7385
 operant conditioning; infant memory; generalization; cues; deferred imitation; context, 31157
 optical techniques; neonatal brain imaging; oxygenation; hemodynamics; metabolism, 7356
 pain expression; infants; development delay; facial expressions; developmental disabilities, 25959
 parent-child relationship; parental personality; personality development; infant temperament; personality; Big Five traits, 22220
 parental characteristics; infant colic; personality; marital satisfaction; parenting stress; social support; crying patterns; colic conceptualizations, 8162
 parental judgments; infant pain; cognitive capabilities; behavioral cues; parental beliefs; contextual cues; infants; age differences, 26507
 parental smoking; mothers; smoking hygiene; infant risk; respiratory tract infection; hospitalization, 14314
 parents perceptions; infant's pain experience; parental responses; coping; neonatal intensive care unit, 22810
 parents' experience; teething; infants; symptoms, 25162
 peer supervision; mental health professionals; infant mental health; professional development; emotions, 26846
 perceptual categorization; organizational processes; complex visual patterns; perceptual system; knowledge access; cognitive system; infants; learning, 10203
 perceptual sensitivity; motoric competence; infants; perceptual information; hidden object; infant search behaviors, 10177
 perinatal predictors; growth patterns; children born small; gestational age, 10133
 persistent ductus arteriosus; preterm infants; low birth weight; neonates; diastolic left ventricular function, 28058
 physical environmental effects; infant care; infant development; primates, 21420
 physical reasoning; perception; cognition; expectations; infants, 24930
 pictures; words; symbols; child's interpretation; infants, 24971
 positive affect; negative affect; depressive symptoms; parent-infant interaction; parent gender; parent depression history, 21997
 postnatal depression; health services research; cross-cultural research, 28634
 practice; memory reactivation; memory generalization; infants, 18917
 premature delivery; diabetic mothers; pregnancy; cognitive development; brain development; infant development, 10209
 prenatal cocaine exposure; infant performance; Neonatal Behavioral Assessment Scale, 8021
 preterm infants; diastolic left ventricular function; birth weight; signal expression, 28059
 preterm infants; mothers; fathers; touch; intergenerational effects, 4246

psychoanalysis; dyadic systems; infant research; intervention; therapeutic action, 20228
 rational action; human agents; computerized shapes; stimuli; habituation; infants; approach conditions, 15982
 representational capacity; object-based attention; chunking; perceptual grouping; infants, 31373
 reproductive issues; infant psychology, 31379
 reproductive psychology; infant psychology, 31098
 selective attention; sensory stimulation; intersensory redundancy; perceptual development; cognitive development; infancy, 24929
 separation-individuation theory; attachment theory; psychoanalytic developmental theory; attachment; infant development, 25407
 setting sun phenomenon; infant development; brain damage; downward gazing; normal development, 8328
 short-term memory capacity; infants, 18898
 sleep apnea; gastro-esophageal reflux; infants; sleep polysomnography; pH probe, 24731
 sleep regulation; motor activity; sleep duration; nightwaking episodes; infants; preschoolers; sleep consolidation, 24922
 spatial orientation task; indirect landmark; goal location, 15966
 speech; young infants; verbal signals, 24988
 spontaneous eye blinking; human infants; neuropharmacology; central dopamine system activity, 18907
 stationary objects; infants casual expectation; collision events, 7405
 stress patterns; event-related potentials; discrimination; language acquisition; rhythmic properties; mismatch negativity; prosody; early infant perception; language; syllables; electrophysiology, 18876
 surrogacy families; parent child relationships; psychological well-being; infant temperament; adaptation to parenthood, 19055
 syntactic knowledge; grammatical acquisition; infants; syntax; Bayesian learning model; poverty of stimulus argument; indirect learning; linguistic input, 31176
 systematic temporal variation; spontaneous eye blinking; human infants; central dopamine activity; neuropharmacology; visual stimuli, 18906
 temperamentally frustrated infants; parenting stress; psychological functioning; marital adjustment; maternal behavior, 24903
 tempo; rhythm; audiovisual stimulation; visual stimulation; intersensory redundancy, 34262
 Thatcher illusion; face processing; infant development; second-order relational information; face inversion; face discrimination; spatial information processing, 34264
 theoretical differences; developmental stages; uncorrelated stimuli; computational models; attention; correlation detection; infants, 24990
 TV program difficulty; preferences; television viewing; toddlers attention; moderate-discrepancy hypothesis; infants attention; TV entertainment; auditory features; visual features; content features, 24478
 umbilical cord inflammation; periventricular leukomalacia; low birth weight infants; chorioamnionitis; placental samples, 32117
 verbal accessibility; verbal recall; early memories; contextual cues; infants; contextual support, 22023
 very low birth weight infants; individualized developmental care; medical effects; neurodevelopmental effects; parenting; caregiving, 10123
 visual control learning; ecological perspective; movement, 7403
 visual object processing; categorization experiments; perceptual categorization; object representation; infant categorization, 24989
 visual perception; visual habituation; social causality; animated displays; role reversal; infant ability, 31178
 visual recognition memory; infant recognition memory; medial temporal lobe; developmental change; cognitive abilities; attention; declarative memory, 13205
 visuospatial short-term memory; gaze response; infant development, 31167
 vocal pitch; vocal responses; prosody; mother-infant interaction; father-infant interaction; communication disorders; prelinguistic infants, 13197
 word learning; mutual exclusivity assumption; language acquisition; learning constraints; vocabulary spurt; infants; age differences, 4109
 young infants; reasoning; hidden objects; violation-of-expectation, 34300
Infant Development [See Also Neonatal Development]—Chapters
 The biography of a baby, 894
 Mechanisms of musical memory in infancy, 7408
 Musical predispositions in infancy: An update, 7410
 The role of mirror neurons in the ontogeny of speech, 4124

Infant Vocalization—Serials
 amygdala response; sex-independent response; infant crying; infant laughing; maternal behavior; parents; non-parents; human brain response; emotional stimuli; infant adult interaction, 6985
 english-learning infants; word recognition; lexical items; accentual pattern; early lexical representation; prosodic aspects; segmental aspects; word-form recognition; phonological development, 18943
 infant nondistress vocalization; interpersonal influences; maternal verbal & nonverbal responsiveness; contingent responses; facial expressions, 1111
 interactional synchrony; expressive timing; vocal interaction; interactional patterns; cultural similarities; cultural differences; infant vocalization; immigrant vs nonimmigrant mothers & infants, 10132
 language acquisition; physical measurements; hand movements; babbling; language rhythm; sign languages, 28079
 vocal pitch; vocal responses; prosody; mother-infant interaction; father-infant interaction; communication disorders; prelinguistic infants, 13197
Infanticide—Serials
 infanticide; reproduction control; cooperative breeders; communal breeders, 24587
 mothers; filicide; suicide; psychiatric motive; classification system, 8045
 mothers; filicide; suicide; psychiatric motive; classification system; stalking; threats; harassing behavior; STHB; psychiatric patients; clinicians safety, 7737
 rapid temporal change; infanticide; passerine bird; population density; body condition; reproductive strategy; barn swallows, 27665
 Thomas langurs; calls; infanticide; primates; call discrimination, 18532
Infantile Neurosis [See Childhood Neurosis]
Infantile Paralysis [See Poliomyelitis]
Infantile Psychosis [See Childhood Psychosis]
Infants (Animal)—Serials
 early adoptions; late adoptions; mother pup interactions; maternal factors; ultrasound emissions; maternal separation, 21454
 human neonates; maturation of hearing; neonatal guinea pigs; temporary conductive hearing loss; auditory pathway; middle-ear cavity; amniotic fluid, 15698
 individual recognition; young macaques; *Macaca sylvanus*; maternal calls; age differences, 21457
 infant chimpanzees; goal attribution; goal-directed behavior; disposition; looking time, 30779
 maternal androgens; begging behavior; competitive ability; *Larus ridibundus*; yolk androgens; black headed gull chicks, 12747
 maternal interaction; isolation-induced ultrasonic vocalization; infant rats; number of vocalizations; vocalization amplitude; vocalization duration; bout structure, 12755
 newborn rat; suckling; surrogate nipple; milk; milk delivery; suckling frequency; oral compression activity; nutritive sucking; nonnutritive sucking, 6713
 physical environmental effects; infant care; infant development; primates, 21420
 social learning; ethanol; preweaning rats; endogenous opioids, 18744
Infarctions (Myocardial) [See Myocardial Infarctions]
Infections [See Infectious Disorders]
Infectious Disorders [See Also Bacterial Diseases, Parasitic Disorders, Sexually Transmitted Diseases, Viral Disorders]—Serials
 acute respiratory symptoms; adults; general practice; infective etiology; primary care doctors, 29623
 aging; HIV infection; cognitive decline; psychomotor decline; Parkinsonism, 35231
 behavioral psychotherapy; pediatric autoimmune neuropsychiatric disorder; obsessive compulsive disorder; streptococcal infections; treatment effectiveness evaluation; PANDAS, 29275
 biomedical research; infectious diseases; terrorist attacks, 26576
 central nervous system; psychosis; schizophrenia bacterial infection; viral infection; risk factors, 19465
 child day care; infectious disease risk; diarrheal illness; upper respiratory infection, 26048
 Cuban refugee children; health status; public health concern; communicable disease, 23424
 glial fibrillary acidic protein; glutamic acid decarboxylase 65; 67 kDa proteins; brains; neonatal mice; in utero viral infection, 24670
 hantavirus infection; aggressive behavior; male Norway rats; central nervous system, 18494
 health care challenges; refugee health care; medical needs; health care providers; inadequate training; infectious diseases; ritual female genital surgery; postsurgical complications, 35714
 hepatitis B virus; educational tool; slide set; pregnant women; perinatal infection transmission prevention; health knowledge, 2356

home hygiene; infectious intestinal disease; home environment; household disease transmission; surface swabbing; polio vaccine virus; nappy changing; fecal contamination, 11699

human immunodeficiency virus infected women; psychiatric morbidity; anxiety; depression, 29054

individual differences; physiological response; stress-elicited changes; infectious disease susceptibility; cardiovascular responses; endocrine responses; immune responses; laboratory stressors, 7122

interferon-gamma adenovector; autoimmunity-associated behavioral syndrome; systemic lupus erythematosus; mice; emotional reactivity; motivated behavior, 30985

male circumcision; sociodemographic characteristics; HIV infection; sexual behaviour; ethnic group, 11670

maternal infection; brain derived neurotrophic factor; nerve growth factor; expression; fetal brain; neonatal brain; maternal fetal unit; pregnancy; neurodevelopmental disorders; rats, 15435

neurocysticercosis; parasite elimination; cysticercosis; contaminated food ingestion; taenia eggs; praziquantel; albendazole; brain cysticerci; cysticidal therapy; infectious diseases, 14004

neurological disorders; psychiatric disorders; psychiatric morbidity; meningitis; psychosis; risk factors; genetic; deafness, 19445

neurological impairment; central nervous system infections; child development; childhood infections; neurocognitive impairment, 13929

obsessive-compulsive disorder; tourette's disorder; pediatric autoimmune neuropsychiatric disorders; temporal association; streptococcus, 1371

pediatric autoimmune neuropsychiatric disorders; obsessive-compulsive disorder; infectious trigger; symptom changes; clinical course; antibody titers; tic disorders; Group A streptococcus; children, 10667

pelvic inflammatory disease; chlamydia screening; student bar; primary care; young women; chlamydia infection, 35186

pulmonary infection; anorexia nervosa patient; female patient; atypical mycobacterium; Mycobacterium szulgai, 11110

resistance mechanisms; HIV-1 infection; exposed uninfected intravascular drug users; CD4 cell, 8028

serious respiratory infection; clozapine; infections; side effects, 1781

sexual risk behavior; HIV infection; Nakhonsawan; Thailand, 4268

tailored treatment; treatment guidelines; sore throat; urinary tract infection; antibiotic prescriptions; laboratory tests; telephone consultations; process evaluation; treatment outcomes, 5538

written emotional expression; immune function; human immunodeficiency virus; HIV infection; lymphocyte count, 19904

Infectious Disorders [See Also Bacterial Disorders, Parasitic Disorders, Sexually Transmitted Diseases, Viral Disorders]—Chapters

Infectious diseases, 8169

Interhemispheric abnormalities in schizophrenia and their possible etiology, 16447

Postinfective fatigue, 16658

Inference—Serials

algorithms; inferences; querying experts; knowledge space, 17963

aphasia; fluent; nonfluent; inference comprehension; priming effects; meaning, 26180

apprehension; perceptual mode functioning; inferential mode functioning; skill learning; competencies; supplemental mental activity, 33823

appropriate connectives; text length; text position; expository text; causal bridging inferences; adults, 389

Asperger Syndrome; non-literal language problems; autism; pragmatic language deficit; irony; central coherence; theory of mind; social inference, 25762

attribution; compliance; responsibility inference; causation; incentive; motivational contexts, 1211

Bayesian inference; covariance; matrix structures; Bayesian solution; diabetes patients; simulation; noise; clustering, 235

category information; inferences; ambiguous behavior; young children, 31149

category knowledge; category learning; diagnostic information; classification learning; inference learning; classification learning, 9643

causal inferences; domain-specific knowledge; conditional probabilities; preschoolers; cognitive development, 13208

causal learning; causal maps; inference; formalism; directed graphical causal models; Bayes nets, 10182

child causal inferences; backwards blocking; Bayesian reasoning; preschoolers; cognitive development; patterns of events; age, 24983

computational model; story comprehension; simulation results; inference process; story coherence; story recall, 9650

conditional promises; conditional threats; biconditional interpretations; reward; punishment; inference task; speaker control; consequent signing; inference acceptability ratings; reason analysis, 24480

conditional reasoning theories; hypotheses; age related developments; children; adolescents; deontic; causal conditionals; inferences, 24956

connectionism; discourse processing; inference; recurrent networks; reasoning; logical ordering; narratives; coherence, 18004

consequential conditionals; outcomes; invited inference; suppressed inference; if then statements, 9633

consumer inference; processes; bases; judgment contexts; induction; deduction; stimulus-based inference; memory-based inference, 27162

contractive apostrophes; possessive apostrophes; children; teaching; type frequency; token frequency, 26950

correspondence bias; dispositional inference; fundamental attribution error; questioner superiority effect; social roles; role-constrained behavior, 1208

coworkers; procedural justice inferences; accommodation; workplace; disabled employees, 20945

deductive rationality; reasoning; implicit processes; explicit processes; logic; dual processing; timing constraint; inferences, 386

dispositional inference; multiple inference integration; target person motives; target person traits; inferred motive content; causal attributions; situational forces; helpful behavior; assumptions, 16298

dispositional inferences; linguistic category model; dispositional attribution; situational constraints; social behaviors; mental control; correspondence bias; suppression rebounds, 19138

food location; inference; apes; auditory information; visual information, 27610

formal reasoning; everyday reasoning; logic; insight; language; mental models; information integration; inference; alternative possibilities coordination; narrative comprehension; cognitive operations, 24465

fuzzy inference network; search strategy; neural logic network; fuzzy logic; expert system, 24115

groups; individuals; perceivers; entitativity groups; sense making; perceived coherence; inference; context variability; expected coherence; personality coherence, 22314

high cognitive load; spontaneous trait inferences; inconsistent behaviors; recognition paradigm; cognitive resources; probe recognition; category labels; contextual cues, 28439

hybrid reasoning; knowledge bases; inference fusion; taxonomic reasoning; distributed heterogeneous reasoners; constraint solver; reasoning coordinator; input knowledge; Description Logics, 9255

impression formation; dispositional inference; group-related evaluative associations; category membership, 1209

indexical hypothesis; reading comprehension; instructional methods; activity; imagined activity; object manipulation; actual manipulation; imagined manipulation, 36110

inductive inference; expectations; conceptual hierarchy; hierarchical levels; privileged level; conceptual coherence; living kind features; artifact concepts; generalization strength; knowledge gains, 9646

inference; causation; covariation; power PC theory; causal induction; associative learning theory; causal judgments, 360

issue preface; formal reasoning; rational thought; logically valid inferences; cognitive study, 24475

knowledge based inferences; general knowledge; acquired brain injury; knowledge processing differences, 26168

knowledge transfer; consumers; analogy; categorization; relational similarity; relational inference; attribute inference; features processing; consumer research; consumer memory; structure mapping, 9166

learning context; second language acquisition; second language learning; causal inference; college students, 28001

learning; memory; inductive inference; category information; induction; cognitive development; childhood development, 31185

logical reasoning; cognitive development; modus ponens inference; errors; age differences; retrieval; cognitive interference, 943

memory constraints; transitive inferences; free-flying honeybees; visual patterns; Apis mellifera; multiple discrimination, 24555

memory organization; transitive inference; relational memory organization; schizophrenia, 25681

memory representations; developmental implications; inference generation; strategic processing; reading; comprehension; reader's flexibility, 21333

mental state inferences; mind reading; projection; stereotyping; models; social judgment, 34622

narrative texts; lexical decision; sentence expression; reading ability; text comprehension; predictive inference; deductive inference, 33778

negative self-imagery; inferences; ambiguous social information; social phobia; anxious individuals, 7931

non-observed correlations; inference; causal scenarios; causal knowledge; naive reasoners; causal link; cues; inferred correlation points; human causal detection, 24510

nonmonotonic extrapolation; function learning, 9635

online behavior recategorization; dispositional inferences; behavior categorization corrections; video corrections; contextual influence, 1226

perseveration; inhibition failure; preschool children; inferences; word meanings; cognitive inhibition; cognitive flexibility; lexical inference task, 905

person fit; item response theory; item scores; statistical inferences; order-restricted latent class models, 6400

reader sensitivity; linguistic cues; narratives; anaphor resolution; adjectives; stimulus salience, 30675

reasoning; inducements; advice; threats; promises; tips; warnings; inference patterns; interpret, 33814

scientific reasoning; causal inference; cognitive phenomena, 24445

similarity-based model; induction task; categorization task; young children; linguistic labels; perceptual information; similarity judgment; recognition memory tasks; artificial labels; real labels, 22044

spontaneous trait inferences; false recognition; attentional resources; trait judgments; faces recognition; behavior traits; automaticity; cognitive processes, 3378

spontaneous trait inferences; situational inferences; recognition paradigm; relearning paradigm; social perceivers; social inference; processing goals; person perception; Attribution, 7633

statistical inference; psychology; null hypothesis significance testing; Memory and Cognition journal; Geoffrey Loftus; statistical practice reform, 30527

statistical testing; null distributions; inference; models; statistical analysis; parametric procedures; nonparametric procedures, 249

taxon; meaning; taxometrics; statistical analysis; latent trait theory; psychometrics; inferential knowledge, 12539

text comprehension; inference; informal reasoning fallacies; high school students, 5909

transitivity; flexibility; conjunctive representations; hippocampus; transitive inference performance; rats; encoded memory; learning, 18568

two sided advertising; advertising effectiveness; source credibility perception; positive product attributes; inferences; message content; message processing; consumer judgment; logical relations, 9165

unfamiliar words; inferential processing; think-aloud protocols; cue selection; meaning deviation; age differences; old-old adults; young-old adults; young adults; abstraction deficit hypothesis, 927

visuospatial resources; predictive inferences; bridging inferences; text representation; perceptual memory load, 24431

working memory capacity; pragmatic inference; pragmatic implication; sensitivity; logical responses; children; felicitous statements; pragmatically enriched contexts; adult response inhibition, 24944

Inference—Chapters

Decomposing the person perception process: Cerebral hemispheric asymmetries in social perception, 3760

Inferior Colliculus—Serials

auditory pathway; temporal coding; prehyperpolarization; feedforward inhibition; inferior colliculus; membrane, 15241

brainstem auditory circuitry; temporal patterns; echolocation sounds; speech processing; information processing; auditory midbrain; inferior colliculus, 9826

central hearing loss; inferior colliculus; bilateral lesion; central nervous system lymphoma; word recognition, 16865

fear expression & inhibition; auditory information; inferior colliculus; electrolytic lesions; auditory stimulus; acoustic stimuli; anxiety; rats, 568

flight reactions; inferior colliculus; aversive reactions; neuronal nitric oxide synthase; NMDA receptor activation; rats; periaqueductal grey, 558

freezing behavior; distal threatening stimuli; Wistar rats; acoustic specificity; ultrasound vocalizations; gamma aminobutyric acid; inferior colliculus, 12758

inferior colliculi; responsive neurons; receptive fields; broadband noise; sound location; monkeys; neural pathways, 7050

inferior colliculus plasticity; auditory signal processing; corticofugal system; subcortical auditory nuclei; medial geniculate body; auditory cortex; acoustic signals, 9890

inferior colliculus; collicular neurons; central nucleus; sharp tuning; isofrequency contours; neural response; stresses; auditory midbrain; receptive fields, 6880

inferior colliculus; conditioned freezing; unconditioned stimulus; apomorphine; clozapine; latent inhibition; rats, 752

inferior colliculus; superior olivary complex; cell types; ventral cochlear nucleus; cochlear nuclear complex; neuronal projections; lateral lemniscus; auditory pathways; brainstem; sound localization, 6852

medial geniculate nucleus; interaural time differences; auditory cortex; inferior colliculus; adaptive plasticity; auditory thalamic neurons; juvenile barn owls, 21641

neuronal activity; inferior colliculus; tegmentum; vocal communication; squirrel monkeys, 30880

temporal masking; sound-evoked inhibition; duration-tuned neurons; inferior colliculus, 21581

Infertility—Serials

child adoption; India; infertility; donor insemination secrecy; cultural complexities; son preference, 19049

in-vitro fertilization; family counseling; infertility treatment; infertility counseling; psychotherapy, 14099

subfecundity; anxiety; impaired fecundity; developed countries, 22822

unsupportive social interactions; psychological adjustment; women; fertility problems; threat appraisals; avoidance coping, 8150

Infertility—Books

Inconceivable conceptions: Psychological aspects of infertility and reproductive technology, 14234

Infertility—Chapters

Assisted reproductive technology and the fertility clinic, 14235

Clinical waste, 13885

Eros and ART, 14238

Love, hate and the generative couple, 14102

Mourning the never born and the loss of the Angel, 13357

Myths and reality in male infertility, 13356

One man's story, 13338

Seth, 14240

The story of Seth's egg, 14239

The battle with mortality and the urge to procreate, 13358

Infirmarys [See Hospitals]

Inflammation—Serials

electroacupuncture; indomethacin; antihyperalgesia; inflammatory rats; hind paw edema; subcutaneous injection; hyperalgesia; potential synergism, 34190

obesity; inflammation; transgenic mice; proteins; UPC2; UPC3, 15438

pelvic inflammatory disease; chlamydia screening; student bar; primary care; young women; chlamydia infection, 35186

resistant bipolar disorder; Behcet syndrome, 28622

Infection—Serials

agrammatism; story retelling; sentence forms; inflectional morphology; verb retrieval; thematic roles; grammatical forms; syntactic training; message-level representations, 29821

gender incongruity; reading tasks; tense inflection violation; Alzheimer's disease; person violation, 5012

lexical tones discrimination; Cantonese lexical tones; low to high & rising to falling tones; categorical perception; linguistic experience; auditory sensitivity; sentence context, 6536

morphological development; derivational morphology; reading; inflectional morphology; spelling; third & fourth grade students; writing, 2783

neural processing; nouns; verbs; inflectional morphology; brain damage; neural substrates; language system; evoked potentials, 12926

rise fall contour intonation; semantics; pragmatics; multiple focus structure; sentences; contrastive topic hypothesis; rising pitch, 7340

rules; analogy; similarity; past tenses; dual mechanism model; morphology; lexicon; phonology, 3347

verb inflection; error patterns; agrammatical aphasia; phonological encoding; semantics; lexical influences; word form; affix frequency; diacritical operations; affixation, 26135

Influence (Interpersonal) [See Interpersonal Influences]

Influences (Social) [See Social Influences]

Influenza—Serials

depressive symptoms; inflammatory response; influenza; vaccination; community mental health; older adults; interleukin 6, 2333

haemophilus influenzae; immunization; measles-mumps-rubella vaccine; diphtheriatetanus-pertussis vaccine; at risk population; children; WIC program, 17216

influenza epidemics; viral infection; painting; Egon Schiele; erotic drawing; artist, 34197

influenza vaccination; patient factors; physician factors; physician perspective; vaccination intention; office practices, 17271

influenza vaccination; psychological stress; life events; antibody response; antibody levels; chronic stress, 8587

influenza vaccine delay; late-receipt influenza vaccination; patient attitudes; elderly patients; vaccination rates; vaccination location, 14340

influenza; vaccination; vaccination-timing guidelines; medicare recipients; mass vaccination; nontraditional settings, 17217

psychological stress; antibody response; influenza vaccination; critical period, 20515

social representation; bird flu epidemic; hygiene, 28171

Informants—Serials

cross informant ratings; social competence; children; adolescents; parents; teachers; peers, 25054

journalists; scandal; journalistic achievement; social norms; social behavior; whistle blowers, 31088

medical students' attitudes; potential behavior; whistle blowing; undergraduate medical curriculum, 17556

sexual harassment; whistle-blowing; organizational wrongdoing; LISREL modeling; government employees, 36388

students' attitudes; potential behavior; whistle blowing; undergraduate medical curriculum, 17555

Information—Serials

aggressive interactions; social environment; information; fishes; information, 33966

American Sign Language; information ordering; speaker subjectivity; modality; discourse functions; verbs, 31076

architect's use; information; therapeutic environments; knowledge base; French-speaking nursing homes; Quebec; information sources; designers; consumers, 12364

asthma patients; medicine information needs; chronic illness; patient perspective; medicine effectiveness, 32105

autistic behaviors; autistic symptoms; peers' perceptions; behavioral intentions, 28897

bayesian information criterion; akaike information criterion; structural equation models; confirmatory factor model; measurement invariance; cross validation; information fit indexes, 12544

cancer information services; living arrangements; living alone; emotional support, 29591

category knowledge; category learning; diagnostic information; classification learning; inference learning; classification learning, 9643

childhood anxiety; information processing abnormalities; anxiety disorders; psychiatric problems; anxiety complaints; stress disorder; social phobia, 19548

cross-national similarities; cross-national differences; export information; information utilization; perceptual mapping; Austria; Germany; New Zealand; UK; USA; data communication, 12346

cues; reduced cue effect; high processing motivation; persuasion; subjective information relevance; relevance override, 9673

data analysis; raw data; data preparation; information; data sources; data cleaning; data mining, 270

data mining; source database association rules; information accessibility; knowledge extraction; knowledge discovery in database; frame metadata model, 6146

dilution effect; diagnostic information; nondiagnostic information; regressive judgment, 30674

diverse groups; information sharing; performance; congruence ties; social ties; knowledge ties, 28404

dynamic information flow; cooperative information sharing; team agents, 27198

e-learning policies; practices; challenges; formal education; business management; technology; technology-enabled learning; information communications technology; ICT, 5881

electorate; voters; ballot position; electoral institutions; incumbency; endorsement; campaign expenditure; information, 22228

emotional reactions; procedural fairness; negative information; voice, 7609

employer information; positive information; negative information; job recruitment; applicant reactions, 12256

ethnicity; health information use; cancer patients; complementary and alternative medicine; educational level; ethnic differences, 22880

export information; information use; competitive advantage; business performance; decision making, 12350

face classification; face recognition; gender classification; facial expression; face identity; age; attractiveness; visual noise; information estimations, 21339

generalized social phobia; social judgments; social interaction; social information, 19505

hedonic expectations; perceptual contrast; test stimuli; assimilation; substance information, 33703

high self-esteem; low self-esteem; attentional bias; bias reduction training; rejection information; inhibition, 34661

holistic encoding hypothesis; facial perception; face recognition; decisional & informational separability; decisional criteria, 393

independence of events; gambling; erroneous perceptions; motivation, 14815

information accessibility; community adaptivity; virtual learning communities; Internet; Technology Acceptance Model; feelings; perceptions; intentions; community sustainability, 9214

information and communications technology; skills; trainee teachers; learning strategies, 17609

information integration; category learning; aging effects; quantitative model, 15947

information presenting models; specialized terminologies; term recognition; orienting, 13115

information sharing; dyadic interaction; social validation; interpersonal perception, 19133

information sources; information utilization; decision making; decision bias; information weighting, 21338

information sources; language versions; natural language; communication; computation; Turing machines, 36495

information; reliability; animals, 15356

information; self efficacy; adjustment; client engagement; job satisfaction; psychological well being; organizational change; government employees; stress, 9100

interdependent information; group decision making; information exchange; dyad decisions, 19117

Internet users; individual differences; managing and purpose of e-mail; identifying information; usage; Germans, 34214

internet-based focus groups; information; face-to-face focus group; computer, 14875

irrelevant information; intertemporal choice; loyalty; decisions; consumers, 27169

low probability events; Exemplar-Cuing Theory; unlikely events; mock jurors; DNA match; thinking, 30677

mental health; web based information; eating disorders; eating disorders treatment; content quality, 19818

mobile users; screen size; information structure; task complexity; mobile Internet device, 31082

motivated information management; human behavior; communication; theory, 28384

motivation effect; shopping motivation; price evaluation; product price; online environment; internet; information load; consumer motivation, 14841

oculomotor information; sequential aiming movement; sequential learning, 27455

organizational knowledge; knowledge construction; knowledge creation; constructivist perspective; organizational learning; organizational strategies; competing knowledge bodies; knowledge shaping, 30229

organizational knowledge; market information; firm performance; learning; memory, 12313

patient decision aid; information structuring; decision support; reasoned choice model; presentation; expectancy value, 29595

patient progress information; psychotherapy; therapeutic effects; therapists; patients; feedback; patient outcomes, 32274

Pavlovian conditioning; information approach; evolutionary integration; trends; information-seeking; operant conditioning; preexposure; sensory preconditioning; exposure learning, 33940

perceived control; locus of control; preparatory information; acute pain stimulus; pain perception, 24378

personal & social comparison information; emotional impact; cognitive impact; health risk; personal risk, 25344

pidgeon anticipation; local statistical information; serial response time task; repeating locations; random locations; spatial location; global information; response-to-stimulus intervals, 12734

police departments; information technology; knowledge-worker paradigm; technology use; crime prevention; learning organization; public sector, 24135

prescriptive & descriptive stereotypes; stereotyping; behavioral information, 34631

product information; information overload phenomenon; consumer choice; psychological states; on-line environment; alternatives; attributes, 17928

product instructions compliance; product instructions; process-cause information; instruction-based behavior; intention, 17932

psychological models; landscaping technique; retention; data informativeness, 27444

side effects; over the counter medicine; European Commission recommendations; communicating risk; information leaflet; verbal risk descriptors; satisfaction judgments; interpretation; intention, 32533

social psychology; information; mood; research; history, 10469

software; programming languages; global information infrastructure; research and development community, 21029

structurally similar knowing; double periphery; geographic periphery; hierarchical periphery; peripheral knowledge translation; customer interaction; expert knowledge; local knowledge, 30232

supervised neural networks; stored information; information update; neural trees, 14890

systematically selected leader; random leaders; information access; leadership selection; group decision quality; information sharing; group leader influence; group decision-making; directive leader, 13431

Volume 91 SUBJECT INDEX

Information—Serials

terror management; social information structuring; death-related anxiety management; mortality salience; representative information; inconsistent behavior; personal need for structure; causal order, 31530

trust; child information acquisition; reliable informant; testimony; acquired beliefs, 34314

unit price usage knowledge; unit pricing; price knowledge; consumer knowledge; consumer awareness; consumer understanding, 14834

web-based library instruction; information skills; Internet; implementation; cognitive aspects; instructional aspects; college students; information literacy, 12115

word-of-mouth; social network; collaborative information filtering; Altered Vista; collaborative learning; web sites; preservice teachers; inservice teachers, 18852

work teams; information environment; knowledge acquisition; knowledge processes; team knowledge structures; team knowledge configurations; task-topology match; knowledge distribution, 17853

working memory performance; negative emotional content; negative information; working memory tasks; performance, 6622

Information—Chapters
Credibility for the 21st century: Integrating perspectives on source, message, and media credibility in the contemporary media environment, 15900

Information (Messages) [See Messages]

Information Exchange [See Communication]

Information Processes (Human) [See Cognitive Processes]

Information Processing (Automated) [See Automated Information Processing]

Information Processing Speed [See Cognitive Processing Speed]

Information Retrieval (Automated) [See Automated Information Retrieval]

Information Seeking—Serials
age-related differences; in-store information search; information acquisition; purchasing; consumers, 12338

artifacts; seeking information; functional information; information seeking motivation, 24967

breast cancer; prostate cancer; internet site; information needs; health information; information reliability; patient expectation, 29660

consumer information; Internet; consumer protection; consumer attitudes; consumer behavior, 33354

decomposing serial learning; learning curve; information acquisition; information forgetting; item information; order information; free recall learning, 21360

electronic books technology; e-books; children; devices; book builder; learning time; questions; book building time, 2751

focus-window tracking technique; information acquisition; visual attention; blur filter calibration; information filter; search behavior, 30560

grounded theory; flow experiences; Web users; information-seeking activities; consciousness state, 30299

information acquisition strategies; cognitive structure; arithmetic; operators; operands; problem solving, 18361

information search; decision-making; process-tracing; voting, 28301

information seeking; human-computer interaction; user interface design; memory; internet; search history; legal information; information retrieval, 21016

information sources; information utilization; decision making; decision bias; information weighting, 21338

Internet; information search; automobiles; automobile buyers; automobile search, 24072

new project; outsiders; information acquisition; risk factors; information leakage; propriety costs; investment implications; consultations; project implementation; project production; moral hazard, 2928

organizational constraints; innovation; alliance formation; technological distance; local search; knowledge recombination; inventor mobility; geographic proximity; patent citation patterns, 2939

patient doctor relationship; patient personality; patient satisfaction; decision making; information-seeking behavior, 35359

personalized information ordering; online recruitment; job search engine; user preferences; search query, 9230

planned behaviour; search engines; learning tool; online information search; information retrieval, 36465

power; information search; impression formation; negotiation, 25260

prostate cancer; information seeking behaviour; partners informational needs, 23461

self generated causal hypotheses; verbs; distinctiveness information; consensus information; type of questions; attribution of responsibility, 7644

social stereotypes; stereotype bias; stereotype disconfirmation; unprejudiced people; information-seeking preferences; attributional strategies, 28440

technical information; information inquiry behavior; organizations; learning orientation; risk-taking propensity; self-efficacy, 14794

Information Seeking—Chapters
Toward a globalized conceptualization of organizational socializations, 6054

Information Services—Serials
hypertension treatment; medical informatics applications; health care system; informatics utility; informatics status; informatics future, 8199

optimism; coping; work resources; burnout; information service workers, 6030

task simulation; information services; decision-making, 27200

web home pages; student information; school district; World Wide Web; WWW accessibility; district events; policies; on-line barriers; United States; Canada; web sites, 3055

Information Storage (Human) [See Human Information Storage]

Information Systems [See Also Internet]—Serials
boolean functions; search space; hard task; cryptography, 33383

case based management information system; child welfare casework practices; computerization; social workers; communication; work social milieu; information sources; coworker & supervisor interactions, 5626

collaborative writing; design choices; Web; comments; Web based applications, 7313

computer-supported collaborative work; health-care information systems; group communication patterns; patient service environment; sociology; computer science; organizational science; psychology, 11815

computer-supported monitoring; patient treatment response; information technology; psychotherapy, 16936

computerization; knowledge; information technology use; public administrators; planners; policy makers; public managers; decision-making; Jordan; Jordanians; information processing utilization, 30308

data cleaning; classifier system; text data; information retrieval; document corpora; online data; automatic domain-specific summarization; text corpora; classification systems, 3073

decision making; information systems; web-based decision support systems, 33396

DEMO methodology; organisational modelling; knowledge information system; organisational infrastructure; organisational behaviour; business processes; norms, 6043

end-user satisfaction; enterprise resource planning systems; standardized information system; reengineering; interface characteristics, 24866

European Year of People with Disabilities; awareness of disabilities; information technology; accessibility; design; coping strategies; individual needs; software design; World Wide Web; special needs, 4023

health determinants; history; population health; health promotion; health inequalities; public health; government health policies; socioeconomic factors; health information systems, 14325

human-computer interaction; computing technology; management information systems; government; businesses, 33378

image representation; image space; intrinsic generalization; low dimensional representation; spectral histogram; linear representations, 9241

individual-occupation matching; career guidance; occupational information network; database, 30128

information & communications technology; educational participation; government rhetoric; educational participation; adult education; e-learning, 5877

information & communications technology; pupil achievement; optimism; optimist-rhetoric, 5874

information & communications technology; pupil learning; historical investigation; teaching styles; murder mystery; Harry Potter; death of Sam Woodhouse; hyperlink version, 5868

information & communications technology; science education; knowledge transformation; curriculum development; teacher knowledge; pedagogical reasoning; middle school students, 5864

information filtering; automatic filtering; Web users, 33394

information retrieval; information extraction; natural language processing; NLP, 1175

information systems; action research; uncontrollability; contingency; subjectivity; business process improvement, 33387

information systems; human computer interaction; undergraduate programs; cognitive psychology; curriculum, 20809

information systems; human-computer interaction; academic discipline; management schools; curriculum; human behavior; interdisciplinary perspective; training; education, 20816

information systems; IS; business goals; goal programming; investment strategies; optimization, 4025

Informed Consent—Serials

information systems; organizational context; strategic information; systems planning; human behavior; organizational situations; information technology; organizational life, 9130

information technologies; communications technologies; ICT-based concept mapping techniques; creativity; literacy tasks; writing achievement, 36135

information technology; collaborative approach; political engagement; cultural differences; interpersonal trust; electronic network; community leaders; social capital; social trust; social ties, 9212

information technology; payoff; structural variables; firm-level; empirical research, 9125

innovation cycles; information technology; language teaching, 36131

James R. Chen; adaptive information access; information retrieval; hypertext browsing; personal information spaces, 33382

knowledge based systems; professional information technology skills; examination; computer based assessment, 9242

long-term care insurance system; communication task; recording task; nursing care services; information technology; service quality, 29724

management information systems; human-computer interaction; human factors; research; assessment, 21010

on-line learning; finite automata; recurrent neural networks; dynamical systems; learning scheme; systems theory; system identification, 6155

organizational strategy development; management information system; power; information system strategy; ISS, 6041

personal cybernetics; humanistic intelligence; sensory mediation; visual perception; reality augmentation; computer-generated information; human-computer interaction, 6136

public health education; geographic information system; communicable disease control; undergraduate nursing education, 29553

small business sector; information systems; IS; computer-mediated communications; IS implementation; information technology; economy, 3071

textual information; display design; supervisory tasks, 33393

time impact; experience impact; data quality information; decision making; processing time; managers, 9082

traditional education; information technology; mediated education; business skills; teaching pedagogy; communication skill; outcome measurement; pedagogical change; curricular change; tacit knowledge, 20807

Information Systems [See Also Internet]—Chapters
The functional and dysfunctional consequences of human resource information technology for organizations and their employees, 17892

Information Technology and Human Resources Management: Harnessing the Power and Potential of Netcentricity, 5976

Presence in industrial virtual environment applications—Susceptibility and measurement reliability, 3062

Information Theory—Serials
business information technology ethics; higher education; information technology qualifications; ethical problems; information technology careers, 36141

cognition; information theory; age-related changes; memory; Nancy Collier Waugh, 9649

information processing; lifeguards scanning; decision making, 6580

information theory; dominance hierarchies; crayfish; agonistic repertoire, 15395

information transfer; behavioral coordination; meaningful information; computational models; information theory; technical sense; neural nets, 36517

interaction effects; measurement error; electronic mail; emotion; technology adoption; Monte Carlo simulation, 9232

random operators; quantum information theory; pseudo-random unitary operators; quantum communication; quantum information processing, 12378

Information Theory—Chapters
Unified theory, 10476

Informed Consent—Serials
active parental consent; student participation; international student survey, 18220

adolescent health behavior; informed consent, 11731

ambulatory cancer patients; impaired capacity; risk; decision-making capacity; informed consent; consent to research; judgment; patient characteristics, 8178

bioethics; informed consent; comprehension; decision making; schizophrenia; psychosis; aging; research participation; routine vs enhanced consent procedure, 10781

collaborative model; decisional capacity; informed consent; older patients; schizophrenia; geriatric patients; aging; competence; bioethics unit; research participation, 10793

Volume 91 SUBJECT INDEX

Informed Consent—Serials

consent decisions; adolescents; research-based issues; guidelines, 33630
decision-making abilities; mental illness; impaired cognition; bipolar disorder; consent capacity; mania, 25577
depressed elderly; decisional capacity; electroconvulsive therapy; educational intervention; informed consent, 17108
ethical challenges; telepsychiatry; professional ethics; professional liability; informed consent, 36019
ethical issues; community studies; parental consent; sexual experiences; child sexual abuse; informed consent; youth surveys; school children, 10916
ethical issues; withdrawal of care; informed consent; suicide attempt; family members, 36035
ethics; evidence based medicine; primary health care; patient autonomy; informed consent, 32988
ethics; psychopharmacology research; decisionally impaired subjects; informed consent; mentally disabled; vulnerable populations; mental disorders; protections; Institutional Review Board, 12076
family therapists; informed consent documents; private practice; marriage, 29843
forceps delivery; obstetric practice; informed choice; obstetricians; caesarean delivery, 35699
general practice consultations; ethnicity; consent rates; Asian patients, 35764
geriatric neuropsychiatric research; decisionally impaired research participants; research ethics; regulatory policy; legal policy; informed consent; proxy consent; surrogate consent, 26849
HIV testing; urban emergency department; patient consent; high risk patients; symptomatic patients; demographic characteristics, 29521
human tissue bill; mental capacity bill; human tissue use; genetic information; inadequate legislation; mentally ill; qualifying consent; therapeutic research, 36530
information giving; clinical trials; medical researchers; patient participants; researchers attitudes; information amount; participants understanding, 5813
informed consent; health promotion; breast cancer; breast self examination; breast screening program, 32597
informed consent; medical malpractice; supreme court; court rulings; psychiatrist; treatment risk; therapeutic privilege; negligence; psychiatric patients, 6191
informed consent; postponed information; patient attitudes; clinical trials; outreach stroke care; treatment effectiveness evaluation, 30555
informed consent; postponed information; patient attitudes; clinical trials; outreach stroke care; treatment effectiveness evaluation, 30553
informed consent; prostate cancer screening; prostate-specific antigen; African Americans; outpatient clinics; educational level; PSA, 4929
informed consent; psychodynamic psychotherapists; therapist attitudes; psychiatrists; interpersonal therapists, 2674
lamotrigine; informed consent; treatment decisions; physician assistance, 14161
lamotrigine; informed consent; treatment decisions; physician assistance; mood disorders, 14132
medical decision-making; minors; consent; assent; physician-patient relationship; medical care, 1934
medical students; informed consent; HIV testing; patient interaction, 23711
parental consent; implied consent; parental refusal; adolescent participation; school based research, 18231
parental participation; informed consent; randomized clinical trials; childhood leukemia; physician communication; ethics, 33627
prison-based research; coercion; informed consent; decisional capacity; mentally ill offenders; prisoners, 11970
proxy research consent; decisionally impaired; common good rationale; bodily integrity; science, 17308
proxy research consent; decisionally impaired; common good; bodily integrity, 17317
psychiatric research; informed consent; competence; privacy; voluntarism, 5811
psychiatrist attitude; antipsychotic medications; tardive dyskinesia; informed consent, 32958
psychiatry; treatment consent; legal issue; ethical issue; patient rights; law interpretation; legal thinking, 8742
psychopharmacological drug studies; psychopharmacology research; ethical issues; research ethics; informed consent; guidelines; special populations, 12063
psychotropic medication; pretrial detainee; Ninth Circuit Court; California; informed consent; medication prescription; Court ruling; Benson case; unconstitutional coercion, 6189
research participants; consent forms; criminology; informed consent; research ethics; offenders; confidentiality, 12413
research participation; human subjects; research experiences; social work research; informed consent disclosure; debriefing; emotional reactions; mental health; women; welfare reform, 9524

residential treatment; legal issues; informed consent; guardianship; state laws; confidentiality, 23590
risk factors; non-therapeutic research; justice; parental consent; children; research ethics, 32989
total artificial heart technology; elective device inactivation; decision-making capacity; potential clinical therapy; non futile situations, 29924
treatment consent; children; law; mental health professionals, 35768
updated version; written question format; informed consent; psychotherapy, 20765
Informed Consent—Chapters
Ethical considerations in clinical psychology research, 17565
Neuropsychological evaluations in the context of competency decisions, 3218
Ingestion (See Also Fluid Intake, Food Intake)—Serials
body alignment; feeding problems; swallowing; cerebral palsy; neuromotor disorders, 35335
depression of food intake; high-protein diet; rats; food intake; preingestive factors, 24744
dietary restraint; food; salivary reactivity; salivation; dietary control; overeating; cue reactivity; hunger; eating behavior, 21748
DSM-IV criteria diagnostic efficiency; obsessive compulsive personality disorder; binge eating disorder patients; adult patients; positive predictive power; negative predictive power, 16463
eating disorders; binge eating; eating behavior; distracting behaviors, 28948
eating; physiological consequences; physiological signals; drinking; fluid homeostasis; satiety, 30929
emotions; overweight women; normal-weight women; emotional state; eating; food energy content, 7101
endurance exercises; perceived exertion; physiological mediators; ultramarathon; carbohydrate ingestion; perceptual responses; competitive sporting event, 9159
energy balance; reproduction; ingestion; hypothalamic-pituitary-gonadal system; metabolic fuels; physiological mechanisms; metabolic sensory stimuli; hormones; neuropeptides; neural pathways, 24621
ethanol ingestion; odor detection threshold; olfactory function; odor discrimination; odor memory, 15790
family members; commensality; eating partners; meal partners; eating frequency; community, 13439
flavor aversion learning; lithium chloride; reptiles; amphibians, 27629
food reinforcement; hooded Lister rats; agonist baclofen doses; feeding behaviour; food reinforcement; Lister rats; running speed; food intake; ingestion; motivation, 13014
gustation; ingestion; sweet emulsions; fat emulsions; rat; caloric intake; body weight; Gerard P. Smith, 30938
hormones interactions; ingestive behavior; peptide signals; cholecystokinin; insulin, 31016
hunger ratings; unrestrained eaters; social pressure; social norms; food intake, 3847
ingestive behavior; licking behavior; rats; oropharyngeal stimulation; dopamine blockade; cholecystokinin, 30918
ingestive behavior; molecular correlates; cellular correlates; ingestion controls; postnatal development; hypothalamic neuropeptide Y neurons; hyperphagia; rat pups, 30914
microstructure of ingestive behavior; clozapine; olanzapine; rats; hyperphagia; weight gain liability; animal models; haloperidol; antipsychotic drugs, 15753
Minnesota Multiphasic Personality Inventory; psychopathology; eating disorders patients; anorexia nervosa, restricting subtype; anorexia nervosa, bulimic subtype; bulimia nervosa purgative, 19811
nacl solutions; sex differences; female rats; sucrose solution; estrogen; behavioral taste responses, 18658
neurocysticercosis; parasite elimination; cysticercosis; contaminated food ingestion; taenia eggs; praziquantel; albendazole; brain cysticerci; cysticidal therapy; infectious diseases, 14004
night time eating; binge eating disorder, 19812
nonobese persons; night eating syndrome; obese persons; eating disorders; obesity, 19815
phenylclidine; schizophrenia; animal model; decreased reward function; negative symptomatology; consumptive behavior; sucrose; water deprivation; operant performance; food reward; rats, 7271
poisoning; older adults; drug reactions; ingestions; suicide; drug metabolism, 29448
pregnant women; African-American women; rural community health agency; lead poisoning; prenatal care; pica; pregnancy outcomes; socioeconomically disadvantage; ingest; anemia; pregnancy complications, 16558
purchased eating food; body mass index; dietary records, 28963
waste area; parabrachial nucleus; rats; electrical brain stimulation; chemical brain stimulation; ingestive oromotor behaviors; pons; gustatory information, 12832
Ingratiation (See Impression Management)

Ingroup Outgroup—Serials

Ingroup Outgroup—Serials
stereotype lift; social comparisons; performance; academic achievement; ingroup outgroup; stereotype threat; downward comparison; White privilege; prejudice, 7654
action identification theory; attitude representation theory; mental representations; social groups; judgment processes, 34607
affective reactions; cross-functional teams; group size; common ingroup identity; relative group performance; functional heterogeneity, 25258
age discrimination; well being; group identification; rejection-identification model; age group identification; low status groups, 24908
attitude accessibility; time pressure; group norms; social identity; attitude-behavior relations; behavioral decision-making, 1170
attribution; conformity; out-group; human emotions; intergroup relations; inhumanization, 7649
behavioral deviance; unlikeability; social identity theory; evaluation; out-group members; in-group members; social deviance; workplace, 14764
behavioral tendencies; social categorization; fear-related behaviors; emotional reactions; world trade center; appraisal theories; terrorist attacks; outgroup members; September 11, 2001, 4346
bullying; social identity; group norms; distinctiveness threat; children's attitudes, 19622
children's attitudes; atypical member; ethnic ingroup; negative qualities; bias, 31241
communication paralysis; peer-group exclusion; social dynamics; adolescents; children; expression; disagreement; group rejections; regret; social exclusion; language; social reasoning; models, 4145
cross cultural differences; in-group advantage; emotion recognition; ethnic bias; emotional expressions; facial hemispheres, 30753
cross-group friendships; prejudice; outgroup variability; Catholics; Protestants; judgments; ingroup; outgroup, 28402
death thoughts; ingroup; unconscious defense mechanism; priming; categorization-latency; terror management theory; social identification phenomena; stereotypical judgments, 31470
dyadic peer preference; academic achievement; Israeli students; immigrant students; popularity; in-group contacts; out-group contacts; elementary school, 7420
emotional prejudice; essentialism; nationalism; ingroups; outgroups; intra-humanization, 7602
emotions; individual differences; sexism; ingroup outgroup; human sex differences; attribution, 7652
estimation of attitude positions; ingroup; outgroup; intergroup; intragroup; attitude projection; opinion certainty; perceived status similarity; college freshmen; sophomore & senior students, 10498
ethnic attitudes; racial attitudes; preschool children; outgroup attitudes; own group attitudes, 7429
gossip; social comparison; social functioning; negative talk; morality; ingroup outgroup, 22279
group cohesion; opinion certainty; consensus estimations; attitude projections; ingroup outgroup, 25270
group membership; group threat source; impostor; vegetarians & non-vegetarians; self identification; impression management, 1182
group status; contextual status; group-based self evaluation; group identification; group members, 31472
group status; ingroup outgroup ethnicity; Anglo Australian children; ethnic attitudes; social identity; ethnic prejudice; age differences, 28122
human aggression; interaction types; group aggression; individual aggression; interindividual intergroup discontinuity; intergroup interactions; trait aggressiveness; situational influences, 28399
identity perspective; intergroup sensitivity effect; group criticism; ingroup members; outsiders; social identity; source experience level; Australians, 13432
implicit attitude measures; Implicit Association Test; self-other distance rating; Jews; stereotyped attitudes; asymmetry effect; prejudice, 24211
implicit measures; explicit measures; sexual orientation; sexual attitudes; ingroup preferences; gay; straight men; beliefs, 22261
impression formation; dispositional inference; group-related evaluative associations; category membership, 1209
in-group bias; self evaluation; in-group out-group identification; collective self-esteem; in-group out-group evaluation; indigenous Fijians; Indian Fijians, 1165
in-group variability; group identification; variability estimates, 31520
in-group; out-group; social images; social perception; Jews; Arabs; group favoritism; majority; minority; age differences; children; adolescents, 945
inclusion; group member attitudes; out group; ingroup; relative prototypicality; superordinate category, 28412
ingroup ambivalence; social identification; experienced affect; attitudes, 7598

Volume 91 SUBJECT INDEX

Ingroup Outgroup—Serials

ingroup entitativity; ingroup identification, 7597
 ingroup/outgroup members; black sheep; group processes; social identity; ingroup deviance; group disidentification, 4347
 intergroup attitudes; Bible; God; Jesus; New Testament people; psychology; religion; Torah non-Israelites; ingroup; outgroup; core conflictual relationship theory, 22182
 intergroup conflict; identity affirmation; leadership; recognition; ARIA model, 18042
 intergroup conflict; self-directed negative affect; out-group derogation, 19111
 intergroup contact model; Common Ingroup Identity Model; intergroup friendship; interpersonal relations; Anglo-French; Mexican-Americans, 25263
 intergroup contrast; automatic behavior; behavioral contrast; outgroup stereotypes; personality trait, 22296
 intergroup perception; in-group bias; fair mindedness; minority groups; majority groups, 31513
 intergroup relations; ingroups; outgroups; information processing; bias, 25257
 intergroup relations; intergroup conflict; emotions; social cognition; intergroup bias; prejudice; automatic intergroup attitudes, 25261
 intergroup similarity; cultural threat; interpersonal traits; immigrants; intergroup relations; prejudice; group conflict; group perception; stereotyped attitudes; personality traits, 10513
 judgmental differentiation; intergroup differentiation; social identity theory; intergroup relations; reactive distinctiveness; reflective distinctiveness; group identification, 22287
 minority influence; majority influence; uncertainty orientation; situational expectancies; persuasive messages processing, 19101
 moral reasoning; gender differences; self reasoning; self-other relationship; social distance; ingroup dynamics, 34706
 negative affect; political sensitivity; self report; facial EMG; preferences; ingroup/outgroup; crossed categorization, 19114
 peer group; intergroup discrimination; causal attributions; social identity; ingroup evaluation; outgroup evaluation; identity threat, 25067
 perceptions; undergraduate students; licensees; defensive attribution hypothesis; environmental variables; exposure to violent incident; actions of victim, 10543
 police perceptions; public disorder; crowd conflict; outgroups; policing methods; attributions, 9320
 power; power distributions; interpersonal comparison; positive distinctiveness; group differentiation; decision-making task; power differences; out-group members; ingroup members, 13427
 prototypicality; sensitivity to prejudice cues; diagnostic information; targets' vigilance; prototypical information; outgroup members; discrimination, 31499
 racial-ethnic self-schemas; risk of academic disengagement; aschematic; ingroup schema; dual identity; minority identity; African Americans; Hispanics; American Indians; Arab-Palestinian Israelis, 12155
 reference groups; political advertising; first-person effects; third-person effects; out-group candidate; in-group candidate; social distance; self-enhancement, 18885
 regulatory focus; situational differences; individual differences; intergroup bias; emotionally expressed bias; behaviorally expressed bias; promotion focus; emotions; ingroup; outgroup; avoidance, 19150
 scientific communication; out-group stereotypes; social psychology research; in-group bias, 7607
 social identity theory; social dominance orientation; in-group inferiority; US; Italy; status; resistance; social competition; acquiescent responses, 19099
 social identity; worldview validation; ingroup identity primes; mortality salience; value endorsement; terror management, 25350
 social influence; message source; message content; self-categorization theory; mental arithmetic task; ingroup member; stress determination; outgroup member; social context; social support provider, 16252
 social perception; cerebral hemisphere asymmetries; galvanic skin response; response measures; dual encoding; person based memories; group based memories; retrieval; prior classical conditioning, 27570
 status difference; group status; group performance; responses to common fate, 1183
 stereotypes disconfirmability; people's beliefs; out-group stereotypes; in-group stereotypes; African American stereotypes; White stereotypes, 13459
 student prejudices; society; ethnopoliitical conflict; sectarianism, 19009
 subjective group dynamics; children's judgements; ingroup; out-group, 18945
 Theory of Realistic Conflict; competition; institutional settings; intergroup status; decisions; interdependence; ingroup; out-group, 7611

three-factor model; social identity; dimensionality; centrality; ingroup affect; ingroup ties, 31467
 vigilance; evaluative concerns; intimacy-building behaviors; dominant group members; intergroup interaction; outgroup orientation; racial ingroup identification; prejudiced racial attitudes, 34618
 within-group discussion; intergroup conflicts; collective effort; in-group members; team games; between group communication; conflict resolution; group competition; group incentive, 16247
 women's self-esteem; stereotypical connotation; performance context; upward comparison; self protection; out-group comparison; self relevance, 19142
Ingroup Outgroup—Chapters
 Interpersonal functioning requires self-regulation, 13444
Inhalant Abuse [See Also Glue Sniffing]—Serials
 acculturation; parental monitoring; knowledge level; family relations; marijuana; inhalant use; cultural-demographic factors; Anglo Americans; Hispanic American adolescents; gender; grade; region, 13751
 cost-effectiveness; life skills training; curriculum infusion approach; alcohol use; marijuana use; inhalant use; 7th graders, 36242
 infused life skills training; alcohol use; binge drinking; marijuana use; inhalant use; college students, 36241
Inhibited Sexual Desire—Serials
 pregnancy; female sexual desire; hormones; pregnancy trimesters; changes, 684
 premenopausal women; bupropion sustained release; hypoactive sexual desire disorder, 26428
 visual sexual stimuli; brain activation; hypoactive sexual desire disorder; sexual drive; sexual motivation; brain regions; orbitofrontal cortex; statistical parametric mapping; cerebral blood flow, 1394
Inhibited Sexual Desire—Chapters
 Women's difficulties with low sexual desire and sexual avoidance, 4548
Inhibition (Personality)—Serials
 anxiety; threat in children; cognitive inhibition; threat processing; child inhibition, 19546
 associative memory; behavioral inhibition system; hippocampus; Hebb; inappropriate associations, 3677
 Behavioral Inhibition/Behavioral Activation Scales; psychometric evaluation; outpatients; anxiety disorders; mood disorders; latent structure; reliability; validity, 33500
 behavioral inhibition; behavioral activation; media; image motion; face perception; autonomic activity; negative affect; positive affect, 12958
 behavioral inhibition; behavioral observations; temperamental trait; Behavioral Inhibition Scale; parent reported; teacher reported; anxiety symptoms; fear; behavioral symptoms, 30426
 behavioral inhibition; test reliability; test validity; confirmatory factor analysis, 18106
 behavioural inhibition; cognitive inhibition; gambling task; developmental changes; age-related increase; immediate reward, 1240
 bilingual children; attention; inhibition; monolingualism; neuropsychological assessment, 24933
 couples; relationship quality; verbal inhibition; interaction; individual differences; disinhibition; men; women, 7626
 executive functions; attention deficit hyperactivity disorder; inhibition, 19739
 experimental psychopathology; behavioral inhibition; negative emotion regulation; negative emotional reactivity; cognitive stressor; rumination; individual differences, 22351
 Gray-Wilson Personality Questionnaire; questionnaire development; behavioral activation system; behavioral inhibition system; Russian adolescents; personality measurement; adjustment, 112
 impulsivity; functional magnetic resonance imaging; orbitofrontal cortex; frontal lobe; inhibiting responses; violent behavior, 3651
 inhibition; cognitive performance; mathematical models; age differences; cognitive functioning; irrelevant thoughts; cognitive processing speed, 24939
 inhibition; executive functioning; ADHD symptoms; sex differences, 11068
 inhibitory control; stop signal task; modification; revised measure; mean reaction time; area of inhibition; children, 10169
 inhibitory difficulties; anxiety sensitivity; threat perception; homographs; meaning, 28446
 methylphenidate; response inhibition; boys; ADHD; attention deficit hyperactivity disorder; doses, 23294
 negative affects; behavioral inhibition system; behavioral approach system; frustration; sadness; anger, 16281
 negative emotions; alcohol use initiation; at risk population; inhibitory control; depressed mood; fear; anger; aggressive boys, 34354
 neurobehavioral disinhibition; disorder predisposition; substance use disorder; parental neglect; social maladjustment, 28879

personality traits; behavioral responses; emotional stimuli; sadomasochistic experiences; Gray's personality theory; behavioral approach system; behavioral inhibition system; brain activity, 22361
 personality; expectations; response strategies; Multiple-choice Question Examinations; university students; inhibition; omission errors, 18105
 psychological risk factors; HIV pathogenesis; autonomic nervous system; biological mechanisms; social inhibition; gay males, 8174
 psychopathy; cheater; warrior-hawk; empathy; altruism; indignation; antisociality; aggression; behavioral activation; inhibition, 10852
 reciprocal inhibition theory; personality psychology; sexual reactivity; psychotism; aggression; violent sexual offense; sexual arousal; adult males, 7699
 return inhibition; inhibitory control mechanisms; space; time; inhibitory processes; spatial representations; temporal representations; peripheral cue, 18287
 social anxiety; social competence; social functioning; inhibitory control; hyperactivity, 25069
 stereotypic inhibition; stereotypic traits; forgetting; memory; identity; personality characteristics, 7631
 stop signal inhibition; distractor interference; behavioral inhibition; flanker task; Stroop task, 24371
 traumatic brain injury; inhibition, 32169
 young children; intuitive physics; persistent error; preschoolers; choice behavior, 24945
Inhibition (Proactive) [See Proactive Inhibition]
Inhibition (Retrospective) [See Retrospective Inhibition]
Inhibition Rites—Serials
 fraternities; sororities; Greek organizations; attitudes towards hazing; alcohol overdose; non-Greek students; causal & responsibility attributions; authoritarianism, 2813
 initiation rituals; personal characteristics; tests; games; rookie prison inmates, 16254
Initiative—Serials
 depression severity; depression treatment; treatment planning; major depression; geriatric depression; initiation & perseveration impairment, 10292
 employee practices; business improvement; managers; initiatives; firms; employees, 30220
 homo imitans; homo provocans; human imprinting model; neonatal imitation; neonatal initiative capacity, 15973
 psychological processes; creativity; innovation; initiative; work roles; process differentiation; concept integration; leadership preferences; cross-cultural differences, 36350
 societal implications; consumer response; consumers' attitudes; prosocial marketing initiative; discount stores; gun sales, 14819
 test validity; Personal Growth Initiative Scale; Mexican Americans; college students; test scores; cultural factors, 108
Initiative—Chapters
 Creating and sustaining diversity and inclusion in organizations: Strategies and approaches, 2886
Injections [See Also Intramuscular Injections, Intraperitoneal Injections, Intravenous Injections]—Serials
 crack cocaine injection practices; HIV risk; health risk; behavioral practices; crack cocaine preparations, 31934
 ethyl alcohol; solvent; injection; experimentation; laboratory setting, 12558
 hepatitis B vaccine; injection drug users; monetary incentive; hepatitis B virus; hiv vaccine, 11736
 HIV prevalence; risk behaviors; high-risk sexual and injection networks; women injectors who have sex with women; social situations; social networks, 16677
 injection drug use; psychostimulant users; correlates; cessation of drug use; service utilization, 19708
 low back pain; epidural injection; steroids; treatment effectiveness evaluation; spinal injection therapy, 35652
 medication compliance; atypical antipsychotic drugs; drug therapy; schizophrenia; long acting injectable medications, 17052
 microinjection; nitric oxide synthase inhibitor; lateral basal forebrain; sleep cycle; L-NAME; sleep/wake cycle; spontaneous sleep; chronic sleep recordings; molsindamine; L-arginine; slow wave sleep, 13044
 neprilysin gene transfer; human amyloid pathology; transgenic mice; Alzheimer's disease; enzyme; brain; intracerebral injection; frontal cortex; hippocampus; endopeptidase, 15542
 New York City; Puerto Rico; HIV risk behaviors; intervention services; Puerto Rican Drug Injectors; migration status; homelessness; risk level; injection drug users, 4916
 newborn mice; head trauma; neuroprotective peptide; injections; head injury related dysfunction, 13101
 noninjection drug use implement sharing; risk factor; Hepatitis C infection; women drug users, 19894
 patient experiences; long-acting depot antipsychotic drug; drug injection; long-term psychiatric patients, 5351
 potassium channel modulators; morphine state-dependent memory; mice, 21929

Injections—Serials

psychosocial antecedents; injection risk reduction; AIDS risk reduction model; AIDS risk behavior; change behavior; multivariate analysis; opiate-addicted patients in treatment, 35376
 risperidone; injection; antipsychotic drug; attrition rate; psychiatric patients; psychosis, 17076
 schizophrenia; long-acting injectable medication; atypical antipsychotic treatment; treatment adherence, 17051
 unconditioned stimulus; preexposure effect; lithium chloride; flavor-aversion conditioning; rats; injection cues, 6669

Injuries [See Also Birth Injuries, Burns, Electrical Injuries, Head Injuries, Spinal Cord Injuries, Wounds]—Serials

accidents; minor injuries; cognitive failures; antidepressants; sleeping tablets; psychomotor function; cognitive function, 2235
 alcohol consumption patterns; farm populations; work-related injuries; incidence rates; Colorado; farmwork-related injuries; injury risk, 2955
 alcohol consumption patterns; farm populations; work-related injuries; incidence rates; farmwork-related injuries; injury risk, 36412
 alcohol consumption; injuries; emergency room attendance; violence; depression; conduct problems, 25780
 alcohol-consumption behaviors; risk factors; physical fighting; injuries; adolescent drinkers, 31457
 appendicular fractures; nontraumatic fracture; developmental disabilities; institutionalized adults; risk factors; bone mineral density, 1696
 athletic training; sport injury rehabilitation; journal information; developmental differences, 8832
 blunt abdominal injury; child abuse; hospital utilization; pediatric patient; patient outcomes; injury causes, 13721
 Canadian intercollegiate sport; precaution culture; risk culture; treatment; student-athletes; sports medicine clinicians; injured athletes; body healing, 1947
 childhood injuries; parental beliefs; childhood development; parental injury prevention behavior, 31113
 childhood injury; child behavior; parenting; family functioning; neighborhood characteristics, 31121
 childhood injury; health professionals; injury prevention advice, 26549
 childhood unintentional injuries; risk factors; preschoolers; maternal perceptions; stress; social support; safety behavior; at risk population, 26030
 children; risk; major knife injury; gun injury; stabbing; trauma registry data; inner-city victims, 28811
 Chinese Hamster Ovary; DAT-CHO; dopaminergic neurons; chronic diseases; induced neurons; DA; DAergic neurons; dopamine uptake; green tea polyphenols; induced injury, 5326
 chronic pain; physical activity; treatment program; excessive fears; pain; work-specific fears; injury; disability, 13882
 chronic traumatic brain injury; motor recovery; reaction times; movement times; traumatic brain injury, 19997
 clinically abusive relationships; physical abuse; injury treatment; nonclinically abusive relationships; psychopathology; current characteristics; clinical consequences; gender; developmental risks, 19716
 comorbid disease; comorbid injuries; parkinsonism; comorbid conditions; expenditure pattern; resource use, 5050
 cost-effectiveness; prework screening program; work injuries; Workers' Compensation; prevention, 8883
 deaths from injury and poisonings; demographic characteristics; suicide; trends; self-destructive behavior; alcohol abuse; drug abuse; suicide prevention, 1347
 depressive symptoms; lipid peroxidation; female population; vitamins; carotenoids; oxidative tissue injuries, 19215
 depressive symptoms; somatic symptoms; posttraumatic stress disorder; injured patients; PTSD, 4905
 disability management; whiplash; insurance corporation; recovery program; soft tissue injuries, 2389
 drinking patterns; alcohol dependence; symptoms; emergency room; alcohol related injury; blood alcohol concentration; self report; sociocultural factors, 1757
 drinking; driving; cannabis use; Ontario students; injury risk; drunk drivers; driving risks, 16496
 emergency psychiatrists; school violence; school shootings; injuries; risk factors, 28813
 emotional disclosure; physical recovery; rehabilitation; psychosocial recovery; social environment; cognitive-emotional processing; psychosocial adjustment, 20175
 employee perceptions; return to work; work-related injury; musculoskeletal injury; safety professionals; supervisors; job satisfaction, 8880
 ergonomics intervention; manual tasks; physical risk; legislative compliance; occupational injuries, 30237
 falls prevention program; independent elderly; health care system; No More Falls, 32578
 forced disuse; impaired forelimb; unilateral cortical injury; forelimb representation; rat sensorimotor cortex; brain injury, 21624

forensic psychological examinations; personal injury; compensation; legal process; expert testimony; distress; psychological functioning, 27218
 GABA type A receptor mediated effects; axotomized neurons; neuronal injury; facial motoneurons; bicuculline; calcium; glutamate; phosphopentanoic acid; rats, 15592
 gender differences; basic activities of daily living; fall-related injuries; extremity injury; independently living people; older people; recovery; Netherlands, 8137
 gender differences; injury severity; car accidents; drivers; sport-utility vehicle, 30288
 hip fractures; surgery; delirium; elderly patients; disease predisposition; epidemiology, 26494
 history; nation; enemies; fear of success; social alter; sacrifice; injuries, 22136
 home-safety practices; childhood injuries; burns; poisoning; drowning; cuts; strangulation; suffocation; choking; prevention, 26537
 hospitalization; firearm related injuries; United States; public health problem; firearm related morbidity; emergency department based surveillance system, 4846
 household risks; neighborhood risks; childhood injuries; poverty; deprived neighborhood; household composition; unadjusted risks, 11156
 injured workers; needs; experiences; occupational rehabilitation, 8882
 injury prevention; public health intervention; health promotion, 32604
 injury prevention; workplace injuries; worker psychological health; physical health; health safety management methods; work environment; Iceland; performance indicators; consultation effectiveness, 17898
 litigation-induced trauma sensitization; litigation process; traumatic injury; trauma resolution, 33408
 malingering detection; expert neuropsychologists; compensation claim; personal injury litigation; litigant assessment, 30318
 Mental injury; workers compensation; Supreme Court; Wyoming; suicide attempt; compensable physical injury; self-injurious behavior; mental disorder; court rulings, 6183
 mentally disordered offenders; abusive experience; psychiatric history; physical trauma; emotional trauma; modern psychiatry, 8032
 methadone; chronic neuropathic pain; pain management; central nervous system; peripheral nervous system; injury; levorphanol; analgesic effects, 5442
 motivational interviewing; hospital emergency department; injured adolescents; medical care; at risk, 19852
 motor system dysfunction; whiplash associated disorders; re-injury fear, 16632
 movement fear; injury; low back pain; disability; avoidance behavior; pain-related fear; functional disability; patients; primary care; chronic pain; participation; therapist; life activities, 8163
 neuropathic pain behaviors; spinal glutamate uptake activity; chronic constriction nerve injury; rats; ipsilateral spinal cord dorsal horn, 21699
 nonevoked facial pain; infraorbital nerve injury; face-grooming behavior; neuropathic pain; rats; chronic constriction injury, 27689
 nonfatal drowning precursors; unintentional drownings; leading cause; injury deaths; recreational settings; unintentional injury; vital statistics, 29498
 older workers; decisions; work-related injuries; return-to-work experience; musculoskeletal injuries; push self decisions; protect self decisions; worker compensation, 20904
 pain; traumatic injuries; mind-body dualism; biopsychosocial assessment; theories; disability attitudes; models, 29223
 passenger seating position; risk factors; passenger death; traffic crashes; injuries, 30286
 patient lifting intervention; prevention; work-related injuries; nurses, 20958
 peer-based intervention; violence; injuries; youth; hospitalization; criminal justice; death; program effects; treatment, 29453
 posttraumatic distress; adolescent athletes; sport injury, 8154
 posttraumatic stress disorder; acute stress disorder; injury; trauma; hospitalization; dissociation, 19522
 potential risk factors; compensation system; healthcare workers; workplace injuries; workplace violence; physical assault; incidence rates; public safety; nonfatal occupational assault injuries, 2950
 protection orders; future partner violence; injury; women; intimate partner violence; IPV; civil protection order; CPO; abuse; self reported IPV, 4754
 psychological testing; emotional damages; personal injury litigation, 6291
 quality of life; hip fracture; health status measures; physical mobility; patients; functional status, 15085

rehabilitation adherence; anterior cruciate ligament reconstruction outcome; knee; postoperative physical therapy, 26468
 rehabilitation adherence; psychological factors; knee surgery; age related differences; anterior cruciate ligament reconstruction, 8608
 secondary school athletes; mouthguard awareness; mouthguard use; oro-facial trauma; mouthguard wear; adolescent Nigerian athletes; oro-facial injuries, 30247
 sleep-related motor vehicle crashes; sleepy-driver; at risk populations, 6142
 solution-focused brief counseling; injury support; athletes; sport participation; mental support; emotional support; consultants; coaches; sport psychology; athletic trainers, 20149
 speed limit laws; highways; crash rate; injury; fatality; national maximum speed limit law repeal; urban areas; rural areas; trends, 30289
 sport injuries; sex; sport; injured body region; physical training, 36427
 sport-injury rehabilitation; sport-injury psychology; psychological aspects; developmental perspective; athletic injury, 8848
 sports related muscle pain; SRMP; athletes with locomotor disabilities; LDA; SRMP prevalence; SRMP determinants; physical exercise; sport injuries; SRMP prevention; disabled athletes, 22788
 stranger sexual assault; acquaintance sexual assault; adult males; coercion; violence; physical injuries, 31900
 suicidal behavior; suicide risk; self-injury risk; injury hospitalization, 1569
 telemedicine; rural trauma; emergency room; injured patients; discrepancies; mortality rates; trauma education, 9246
 temperamental risk factors; children; unintentional injury history; inhibitory control; impulsivity, 31254
 toddlers; in-home injuries; context; correlates; determinants; gender differences; play vs. nonplay; parent factors; risk taking; sensation seeking; ease of behavior management, 32100
 traumatic injuries; children; adolescents; hospital visits; psychiatric treatments; suicides, 5657
 treadmill; exercise; patients; epilepsy; safety; epileptic seizures; safety devices, 1836
 treatment acceptability; NCAA Division I Football athletes; rehabilitation intervention strategies; sport psychology; psychological distress; demographic factors; behavioral intervention; counseling, 27135
 union management solutions; injury prevention; workplace injuries; older workers; safety strategies; cost-effectiveness; unions; management, 20897
 violence prevention policy; injury prevention; public health research; injury surveillance utility; personal relationships; institutional capacity; racial discrimination; civil society pressure, 5622
 violence; dating partners; assault rates; injury rates; prevalence; college students; worldwide population; country comparison, 31901
 White mothers; Hispanic mothers; cultural differences; pediatric injury risk; protective mechanisms; risk behavior; mother's judgment; child compliance; stressful life events; cultural processes, 19071
 women; female-to-female; injuries; nonpartner violence; independent factors; multiple relationships, 1588
 workplace safety; job satisfaction; employment status; injuries, 9058
Injuries [See Also Birth Injuries, Burns, Electrical Injuries, Head Injuries, Spinal Cord Injuries, Wounds]—Books
 The psychology of workplace safety, 2957
Injuries [See Also Birth Injuries, Burns, Electrical Injuries, Head Injuries, Spinal Cord Injuries, Wounds]—Chapters
 Alcohol, drugs, and workplace safety outcomes: A view from a general model of employee substance use and productivity, 2959
 Collaborative care for injured victims of individual and mass trauma: A health services research approach to developing early interventions, 1972
 Common themes and future directions, 2960
 Diagnostic issues: Attorney perspective, 4907
 Ensuring healthy working lives, 20445
 Evaluating pain patients involved in personal injury litigation, 6176
 Occupational injuries: Setting the stage, 2958
 Returning to work after occupational injury, 2962
 Using psychology for injury and violence prevention in the community, 20450
 Young workers' occupational safety, 2963
Injuries (Birth) [See Birth Injuries]
Inlaws—Serials
 mothers-in-law; family dynamics; fertility decision-making; urban environment; family planning, 7537

parent care; caregiver care receiver relationship; relationship quality; mothers; daughters; mother-in-law; daughter-in-law; cultural demands, 2457

Inmates (Prison) [See Prisoners]

Innate Behavior (Animal) [See Instinctive Behavior]

Inner City [See Urban Environments]

Inner Ear [See Labyrinth (Anatomy)]

Inner Speech [See Self Talk]

Innovativeness [See Creativity]

Inquisitiveness [See Curiosity]

Insanity [See Mental Disorders]

Insanity Defense—Serials

courts; doctors; insanity defenses; judges; lawyers; juries; murder trial of David Hunter, 18th century; Scotland; psychiatric profession; law; evidence; criminal insanity, 21047

criminal law; human consciousness; unconscious thought processes; conscious thought processes; legal implications; voluntary acts; involuntary acts; insanity; voluntariness, 14928

extreme emotional disturbance; New York County cases; mitigating defense; verdicts; accepted pleas; successful cases; guilty pleas; understandable fear motivation; homicide, 14934

forensic psychiatric assessment; human nature; homicide; cultural factors; insanity defense, 33428

insanity defense; Andrea Yates case; legal responsibility; mental illness; insanity; insanity jurisprudence; psychiatrists, 6199

mental disorder; voluntariness; intention; criminal offense; insanity defense, 14939

Minnesota Multiphasic Personality Inventory-2; infrequency psychopathology; scale revision; malingering; mentally ill; federal defendants, 15046

precise definition; legal definition; legal concept; insanity; psychiatrists; lawyers; judges; judgements; legal system, 9288

violence; schizophrenia; verdict; murder; expert testimony, 6203

Insecticides (See Also Insecticide Acid)—Serials

at risk population; Parkinsons disease; pesticides; antiparkinsonian medications; epidemiology; pharmacy database, 16844

pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28068

pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28087

pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28082

pesticide exposure; adolescent farmworkers; farmworkers perceptions; Hispanics; risk perception; health beliefs; ecological framework; occupational hazards; migrant farmworkers, 28083

protective effect; dopaminergic neurodegeneration; extrapyramidal structures; intracerebral injection; rotenone; pesticide; experimental parkinsonism; anti-dopaminergic drug; male Wistar rats, 24778

triadimefon; behavioral sensitization; neurotoxicity; pesticides, 3961

Insecurity (Emotional) [See Emotional Security]

Insensitivity (Personality) [See Sensitivity (Personality)]

Inservice Teacher Education—Serials

inservice seminars; child abuse; early childhood teachers; domestic violence; special education teachers; kindergarten teachers; child protection issues; disabled children, 36075

Inservice Training [See Also Inservice Teacher Education, Mental Health Inservice Training]—Serials

career counseling training; self-efficacy; vocational problems; career indecision; educational counseling; conceptualization; inservice training, 36277

domestic violence workshop; standardized patients; medical students; knowledge; clinical skills, 20716

inservice training; computer; information technology; IT; childhood teachers; childhood education; teacher attitudes; teacher experience; Greece; educators, 2754

Inservice Training (Mental Health) [See Mental Health Inservice Training]

Insight—Serials

bipolar I disorder; remission; insight, 13619

chronic schizophrenia; cognitive function; insight; negative symptoms; positive symptoms; treatment compliance, 31778

concrete thinking; distant time; future time; mental representation levels; time construal; abstract thinking; insight; mental representations; creative cognition; temporal distance; problem solving, 30666

culture; insight; psychosis, 28737

emotion; consciousness; rage; insight; phenomenology, 18419

first person account; insight poetry; writing; mental health illness; mental health care; patient perspective; schizophrenia, 29432

health attributions; symptom severity; prediction; schizophrenia; insight; symptomatology; psychological variables; coping; attributional style; cognitive functioning, 34865

hypothetico-deductive insights; molecular biology; therapeutics; cancer; morbidity; mortality; psychological disorders; psychiatric disorders, 23625

insight problem; heuristics; goal conception; solution recoding; knowledge-lean problems, 9644

insight; paranoia; depression; schizophrenia; disease course, 19439

insight; positive symptoms; negative symptoms; active symptoms; dysphoric symptoms; autistic symptoms; schizophrenia; adult patients, 10804

insight; problem solving; factors; 9-dot problem; nine-dot problem, 9661

insight; symptoms; cognition; first-episode psychosis; community mental health services, 23544

insight; violent behavior; schizophrenia; forensic insight, 34863

maternal insightfulness; preschoolers; emotion problems; behavior problems, 31387

memory narratives; listener responses; self-defining memories; adolescence; spontaneous references; larger meanings; lessons; insight, 22101

mental illness; insight index; insight predictors; psychotic patients; non-psychotic patients; group classification; mental health, 19466

mild cognitive impairment; amnesic Alzheimers disease; awareness; memory; cognitive deficits; dementia; impaired insight, 35330

Mood Disorders Insight Scale; scale development; reliability; validity, 3201

neuroimaging; neural correlates; insight; problem solving; hippocampus, 18582

obsessive compulsive disorder; body dysmorphic disorder; insight; global insight; symptom severity; adult outpatients, 10702

Odysseus; home; exile; boundaries; otherness; traveller; discourse; refugees; voice; Odysseus; borders; antiquity; social boundaries; organizational boundaries; other boundaries, 806

patients' insight; schizophrenia; scale development; The Beck Cognitive Insight Scale (BCIS), 25610

psychoanalytic inquiry; psychoanalysis; conceptualizations; superego, 25440

psychosocial adjustment; psychosocial adjustment; schizophrenia; insight impairment, 25677

quantum change; personal emotion; cognition; behavior; psychology; psychotherapy, 29261

relevant information processing; conceptual processing; solutions; problem solving; priming; insight, 18323

schizoaffective disorder patients; chronic schizophrenia; psychosis; insight; recovery; methodological issues; positive and negative symptom awareness, 16442

self-enhancement bias; perceiver effect; target effect; unique self-perception; social comparison theory; self-insight theory; interpersonal perception; adjustment; social relations model, 10499

senior executives; decision makers; active scanning; insights, 27062

suicidal ideation; psychotic patients; symptomatology; psychosis; insight into illness, 16441

theory of mind; schizophrenia; perspective; impaired meta-representation; delusions, 34868

treatment resistance; anorexia nervosa; cognitive impairment; motivation; insight; Ulysses Agreement, 5655

Insight (Psychotherapeutic Process)—Serials

insight; working through; procedural knowledge; information-processing; non-declarative procedural knowledge; declarative knowledge; procedural memory; emotions; psychoanalytic technique, 20253

psychoanalytic research interview; interview analysis; hermeneutic principles; unconscious meaning; intrapsychic processes; psychoanalytic concepts; psychoanalysis, 20230

sculpting process; self analysis; emerging self; anxiety modulation, 5251

Insomnia—Serials

actigraphy; automated telephoned questionnaires; hypnotic effects; insomnia, 19898

attentional bias; acute insomnia; persistent insomnia; cancer; sleep onset, 4540

bipolar outpatients; actigraphy; sleep parameters; naturalistic setting, 25576

chronic benzodiazepine users; sleep microstructure; insomnia; EEG power spectra, 3763

chronic insomnia management; clinical practice; insomnia treatment, 26496

chronic insomnia; doxepin; nocturnal sleep; antidepressants; hypothalamic-pituitary-adrenal axis; plasma cortisol concentration; cortisol secretion; tricyclic antidepressant; plasma cortisol levels, 11547

chronic primary insomnia; cognitive-behavioral insomnia therapy; primary care patients; veterans, 5402

clinical factors; socioeconomic factors; insomnia; poor quality sleep; emotional impairment; psychological distress; prevalence, 26072

cognitive behavioral therapy; insomnia; individual therapy; group therapy; telephone consultations, 32259

daytime symptom ratings; primary insomniacs; subjective daytime alertness; mood, 22825

Epworth sleepiness scale; Resistance to Sleepiness Scale; daytime sleep propensity; resistance; psychometric techniques; psychometric studies; Latent trait theory; subjective sleep; sleep disorder, 15055

fatal familial insomnia; family of Chinese descent; sleep disturbance; neurophysiological data; radiological data; neuropathological data, 22846

health care utilization; insomniacs; sleep complaints; insomnia; mental disorders; sleep behavior; prevalence, 26604

insomnia; generalized anxiety disorder; cognitive behavior therapy; severity; symptoms, 26274

insomnia diagnosis; insomnia management; depression; elderly; sleep maintenance problems; chronic pain, 26020

insomnia management; measurement; symposium; nosologic systems; sleep difficulties; cognitive function, 26044

insomnia subtypes; behavioral & hypnotic treatments; progressive muscle relaxation; sleep onset; sleep restriction; flurazepam, 5142

insomnia treatment; sleep centers; clinical psychologists; clinical training, 23520

insomnia; cancer patients; criterion validity; insomnia detection; cancer screening; ambulatory oncology clinics, 3150

insomnia; chronic fatigue syndrome; monozygotic twins, 4902

insomnia; clinical drug interaction; zolpidem; zaleplon; zopiclone; pharmacokinetic interactions; pharmacodynamic interactions; sedative effects; conventional benzodiazepines; hypnotics, 2296

insomnia; health risk factors, 4895

insomnia; melatonin; children; adolescents; drug therapy; drug efficacy; drug safety, 32532

insomnia; negative impact; etiology; pharmacotherapy; behavioral treatments, 11146

insomnia; nosologic system; diagnostic system; pathophysiology; therapeutic approach, 26016

insomnia; postwithdrawal recovering alcoholics; sleep assessment protocol; subjective measures; objective measures; collateral measures, 31658

insomnia; precipitating factors; risk factors, 13856

insomnia; valid diagnostic system; insomnia diagnostic nosologies; classification systems, 26035

Internet based treatment; insomnia, 11628

Leeds sleep evaluation questionnaire; self-report; getting to sleep; quality of sleep; awakening from sleep; alertness; behavior following wakefulness; cross-cultural validation; reliability; insomnia, 9469

lormetazepam; insomnia patients; tablets; oral solution; drug doses; drug efficacy, 20460

maintenance treatment; maintenance therapy; insomnia; depression; research, 35540

maintenance treatment; maintenance therapy; insomnia; depression; research, 35568

medical practitioners; doctor-patient relationship; insomnia; zolpidem; drug therapy; alcohol; antidepressants, 32530

melatonin; health status; sleep; idiopathic chronic sleep-onset insomnia, 5346

mirtazapine; fluoxetine; sleep physiology; major depression; insomnia, 5362

morning awakening; salivary cortisol levels; sleep disturbances; insomnia, 35168

morning bright light treatment; sleep onset insomnia; exposure time; treatment duration; psychophysiological insomnia, 26455

nightmares; insomnia; sleep-disordered breathing; fire evacuees; treatment seeking; posttraumatic sleep disturbance, 25721

nocturia; quality of life; elderly patients; obstructive sleep apnea syndrome; sleep onset insomnia; urologic condition; medical condition, 26038

nocturnal cognitive arousal; insomnia; older adults; sleep; psychological adjustment, 4834

Pennebaker-style writing intervention; poor sleepers; insomnia; unwanted thoughts; worries, 5379

posttraumatic stress disorder; insomnia; comorbidity; depression; worry; panic; seeking treatment; PTSD; risk factors, 31660

primary insomnia; hypnotic effect; side effects; EEG records; night time; sleep logs; sleep EEG; melatonin; drug dosage; placebo, 23398

primary insomnia; risk factor; depression, 4534

primary insomnia; sleep onset latency; total sleep time; distorted sleep perception, 16637

psychometric properties; Sleep Locus of Control Scale; chronic insomnia; test reliability; test validity, 21178

psychopharmacological treatment; depression; anxiety; irritability; chronic viral hepatitis; insomnia; interferon, 23264

safety behaviour; insomnia; sleep; coping behavior; tiredness; Sleep-Related Behaviours Questionnaire; daytime functioning; psychometrics, 33563

self efficacy; cognitive-behavioral treatment; insomnia; prediction; treatment adherence, 3184

sequential treatment; medication; cognitive behavioral therapy; chronic insomnia, 23108

serotonin transporter polymorphisms; fluoxetine; depression; insomnia; agitation; adverse effects; 5HTTLPR, 8536

silent brain ischemia; white matter lesions; older adults; insomnia; difficulty falling asleep; early morning awakening; brain MRI, 16608

sleep maintenance problems; chronic insomnia; pediatric sleep; chronic sleep initiation; melatonin; children; adolescents, 23386

sleep problems; major depression; selective serotonin reuptake inhibitors; antidepressants; comorbidity; insomnia, 35503

sleep quality; chronic benzodiazepine usage; rem sleep; insomnia patients; insomnia; drug withdrawal; drug usage; drug dependency, 19880

sleep quality; cognitive ability; chronic insomnia; drug therapy; benzodiazepines; older adults, 5410

slow wave sleep; stress; insomnia; working day; sleep polysomnography; sleep quality; apprehension of next day, 21785

smoking level; sleep; health; psychological variables; insomnia, 12944

treatment adherence; group cognitive behavioral treatment; chronic insomnia, 5233

treatment efficacy; insomnia; patient report measures; polysomnography; nocturnal sleep, 26509

work stress; prediction; insomnia; workers; etiology; sleep problems; general health; working hours; working conditions, 26046

zolpidem; general practitioners; insomnia; primary care patients; patients needs; medical help seeking, 32539

zolpidem; hypnotic treatment; psychopharmacological treatment; chronic insomnia; methodology; outcomes, 32538

zolpidem; insomnia; benzodiazepine; hypnotic drugs; pharmacotherapy; treatment feasibility; drug efficacy, 32551

zolpidem; primary care setting; hypnotic agents; chronic insomnia; drug tolerance; drug dependence; drug schedules, 32544

zolpidem; temazepam; rebound insomnia; chronic insomnia treatment; drug side-effect, 29037

Instability (Emotional) [See Emotional Instability]

Instinctive Behavior—Serials

affective changes; instinctual action patterns; laughter; crying; walking; affective imaging, 18422

love; evolutionary psychology; love addiction; sexual passion; sexual instincts; ego instincts; attachment; psychoanalytic theory, 1315

olfactory motor activity; imagery mimics; sensory stimuli; sensorimotor processes; nasal airflow; perception, 6547

Institution Visitation—Serials

Alzheimer's disease; family visitors; long-term care facilities; living environments; cultural norms; privacy needs, 5647

mental health visits; complementary and alternative medicine; medicine providers; acupuncturists; chiropractors; massage therapists; naturopathic physicians, 26623

Institutional Release [See Also Hospital Discharge]—Serials

child support; formerly incarcerated noncustodial parents; released & paroled offenders; multiservice assistance program; employment; family reconnection; reentry programs; fatherhood, 2540

criminally committed inpatients; residential treatment program; forensic psychiatric patients; pre-release treatment program; demographic characteristics; psychopathology; offense characteristics, 5725

prisoner community reentry programs; prisoner release; community social service support; parole; recidivism, 2542

rearrests; reincarcerations; day reporting centers; DRC; discharged DRC clients; Cook County day reporting center; DRCs origin; DRCs type; program participants; offenders; recidivism, 2539

sexual offenders; prison discharge; reconviction rates; sexual convictions; violence convictions, 16515

violent forensic patients; rehabilitation approaches; progression ladders; ProLad; milieu treatment approach; risk management, 26762

Institutional Schools—Serials

special education; residential treatment; residential schools; children; adolescents; multidisciplinary collaboration, 23569

Institutionalization [See Also Hospitalization, Incarceration, Institutional Release]—Serials

African Americans; nursing home placement; dementia; institutionalization; family caregivers; cognitive impairment; caregiving burden; predictors, 29722

appendicular fractures; nontraumatic fracture; developmental disabilities; institutionalized adults; risk factors; bone mineral density, 1696

conflict prevention; OSCE; United Nations; UN; Organization for Security and Cooperation in Europe; conflict management; institutionalization, 18040

death anxiety; psychological well-being; institutionalized living; elderly; nursing homes, 5648

dementia patients; family caregivers; institutionalization; reasons, 20593

emotional neglect; early childhood development; affective development; institutionalized care; family environments; facial expressions, 34327

emotional problems; behavioural problems; institutionalized childcare clients; gender; out-of-home childcare; child and adolescent psychiatric institutions, 32651

eugenics; institutionalization; Illinois law; commitment law; psychologists role; intelligence testing; professional challenges; female professionals; mental testing; feeble-mindedness; eugenics, 33413

foster placement; institutionalization; early childhood; brain development; behavioral development; The Bucharest Early Intervention Project; deprivation, 10154

institutional care; overactivity; selectivity deficit; social relationships; quality of care; disorder behaviors; malnutrition, 22004

institutionalized elderly people; binocular low vision; eye diseases; remediable visual disability; low-vision aids; disease prevalence, 29197

institutionalization; child development; orphanages; adopted children, 10139

institutionalization; psychological suffering; mental health; at risk population; Brazilian adolescents, 32653

institutionalized psychogeriatric patients; patient satisfaction; family's satisfaction; quality of care; long term care; medical components; nursing; patient care; geriatric patients, 14448

mental retardation; institutional costs; community costs, 17331

non-institutionalized children; attachment style; institutionalized children; intellectual abilities, 25043

nursing home placement; integrated support; Meeting Centres Support Program; integrated family; community meeting; delay of institutionalization; dementia; positive effect; family carers; burden, 26683

psychiatric rehabilitation; mental illness; living skills; patient puppet theatre project; patient self actualization; empowerment, 32753

psychiatric rehabilitation; mental illness; living skills; patient puppet theatre project; patient self actualization; empowerment, 32750

social support; prescription medication; institutionalization; older adults; nursing facility admission; disabilities; predictors; epidemiological study, 29717

Institutions (Correctional) [See Correctional Institutions]

Institutions (Residential Care) [See Residential Care Institutions]

Instruction [See Teaching]

Instruction (Computer Assisted) [See Computer Assisted Instruction]

Instruction (Individualized) [See Individualized Instruction]

Instruction (Programmed) [See Programmed Instruction]

Instructional Media [See Also Advance Organizers, Educational Audiovisual Aids, Reading Materials, Teaching Machines, Textbooks]—Serials

computer teaching; learning stories; narrative theory; online educational experiences; educational multimedia; evaluation strategies, 30023

Courseware for Observational Research Version 2: COR V2; multimedia programs; scientific method; teaching; systematic observation, 33050

critical thinking; problem based learning; medical students; text & video & virtual case modalities; group discourse, 23692

introductory statistics class; multimedia instruction; student learning; statistics text; SPSS instruction; ActivStats, 18205

multimedia environments; cognitive learning tools; learning-dependent progression; mental models; economics; cognitive apprenticeship; CA, 5876

multimedia instruction; counseling skill development; students counseling skill, 23690

multimedia learning; integrated model; motivation; cognitive factors; theoretical models; educational psychology; cognitive theory, 27527

multimedia learning; students; interactive self-explaining environment; design of agent-based microworlds; cognitive theory, 2743

multimedia system; educational effectiveness; internet; computing; teaching material; learning environment; project management; Web-Enhanced Multimedia System for Project Management, 33087

online instruction; teaching environment; teaching methods; learners; instructor; resident instruction; computers; web; communication; professors, 17617

zone of proximal development; ZPD; tessellations; Tessel-Mania! Deluxe; Vygotskian environment; K-8 classroom; transformation study; prediction exchange; defending reasons; rotation; reflection, 2755

Instructional Media [See Also Advance Organizers, Educational Audiovisual Aids, Reading Materials, Teaching Machines, Textbooks]—Serials

Building a pedagogical model for synchronous distance learning courses, 2762

Encouraging innovation: Planning and evaluating technology programs, 2768

Instructional Objectives [See Educational Objectives]

Instructions (Experimental) [See Experimental Instructions]

Instrument Controls—Serials

control room; nuclear power plants; information processing behavior; safety; reliability; operator's performance; ecological interface; organizational structure; communication; human systems design, 6137

Instrumental Conditioning [See Operant Conditioning]

Instrumental Learning [See Operant Conditioning]

Instrumentality—Serials

demographics; labor union members; union commitment; union instrumentality; gender; age; racial dissimilarity, 27095

endogenous instrumentality; intrinsic motivation; task value; undergraduate students; motivational function; independent construct; self report scale, 12147

path models; instrumentality; expressiveness; social self-efficacy; shyness; depressive symptoms; college students, 28471

psychological contract generalizability; China; Western culture; contract forms; organizational citizenship behavior; instrumentality mediation, 17824

scientific realism; instrumentalism; psychological theory; scientific practice, 21946

Instrumentality—Chapters

Exploring the instrumental versus non-instrumental aspects of procedural fairness: The usefulness of a person x situation approach, 4412

Insulin—Serials

antiepileptic drugs; serum insulin; lipid level; epileptic men; body mass index; fasting serum; carbamazepine monotherapy; oxcarbazepine monotherapy; valproate, 5051

antipsychotic agents; clozapine; olanzapine; adverse effects; insulin; lipids; triglycerides; C-peptide, 5313

breath holding duration; insulin inhalation; AERx insulin diabetes management system; insulin concentrations; glucose concentrations; pharmacokinetics; pharmacodynamics, 7144

classical conditioning; insulin; classical conditionability; glucose injections; blood glucose; conditioned stimulus, 24770

cognitive decline; information processing speed; cognitive performance; serum IGF-1; elderly; insulin-like growth factor, 8235

diabetes mellitus; polyneuropathy; insulin neuritis; hemoglobin; insulin; sensorimotor peripheral neuropathy, 17207

diabetes; insulin resistance; neuropsychiatric population; antipsychotic medications; mental illness; schizophrenic persons, 22798

diminishing attachment; outcome; diabetes mellitus; coping; chronic illness; insulin injections, 11682

glucose; males; eating; snack foods; insulin preprandial profiles; glucose, 18657

hyperleptinemia; serotonin; 5-hydroxytryptophan; mice; insulin level; streptozotocin, 7277

insulin release; conventional antipsychotics; clozapine; olanzapine; atypical antipsychotics; isolated rat pancreatic islets, 18773

insulin resistance; insulin abnormalities; Alzheimer's disease; pathophysiology; clinical symptoms; cognitive impairments; amyloid precursor protein; senile plaques, 5467

Volume 91 SUBJECT INDEX

Insulin—Serials

insulin sensitivity; fat oxidation; high fat meal; familial weight; normal body weight; familial predisposition; overweight; energy expenditure; lipid oxidation; postprandial abnormalities, 7095
 insulin sensitivity; physical activity; blood glucose concentration; lifestyle interventions; impaired glucose tolerance; IGT; diabetes mellitus; obesity; diet; risk factors, 5123
 insulin therapy; diabetes mellitus; insulin administration; type 2 diabetes; insulin-resistant diabetes, 23380
 insulin; growth hormone; growth factors; birth complications; schizophrenia; fetal development; pre-adult development, 22540
 intraventricular insulin; leptin; conditioned place preference; high-fat diet; rats; food reward value; conditioned place preference, 21831
 L-arginine; insulin resistance; lipid; glucose; metabolism; diabetic rats; lipid tolerance; plasma triglyceride; Nitric oxide; NO; insulin secretion; hypertension; resistance, 4864
 moderate hypoglycaemia; working memory; neuropsychological test battery; insulin dependent diabetes; cognitive battery; mental functions, 13862
 nondiabetic Asian Indians; insulin sensitivity; insulin clearance; raised leptin; Caucasian subjects; Chinese subjects; ethnic groups, 7100
 obesity; metabolic syndrome; insulin resistance; C-reactive protein; adiponectin, 26006
 obesity; metabolic syndrome; insulin resistance; C-reactive protein; adiponectin; biological markers, 35157
 obesity; metabolic syndrome; insulin resistance; C-reactive protein; adiponectin; biological markers, 35143
 obesity; metabolic syndrome; insulin resistance; C-reactive protein; adiponectin; biological markers, 35138
 obesity; metabolic syndrome; insulin resistance; C-reactive protein; adiponectin; biological markers, 35136
 olanzapine; insulin resistance; glucose metabolism; schizophrenic patients; weight gain, 11484
 patient characteristics; neuroendocrine responses; chronic fatigue syndrome; Insulin Tolerance Test; hypothalamic-pituitary-adrenal axis, 22809
 racial differences; insulin; secretion; obese adults; enteroin-sular axis; octreotide suppression; glucagon; peptide; somatostatin, 28965
 serum adiponectin concentration; treatment; olanzapine; risperidone; glucose metabolism; insulin sensitivity; adiposity; drug therapy, 35576
 sexual differentiation; testis determination; insulin receptors; tyrosine kinase family; mice; chromosomes, 6810
Insulin Shock Therapy—Serials
 insulin coma therapy; side effects; treatment outcomes; mathematician John Nash; motion pictures; psychosis; history, 5377
Insurance [See Also Health Insurance, Social Security]—Serials
 adverse health effects; prescription drugs; chronic condition; benefit design; pharmacy benefits; drug use; privately insured; at risk populations; costs, 23377
 financial services industry; industrial insurance brokers; inter-organizational networks, 36400
 Medicare coverage; regulatory language, 26637
 moral hazard; insurance; risk sharing; consumer; monetary compensation, 24061
Insurance Agents [See Sales Personnel]
Intake Interview—Serials
 counselor in training; counselor perceptions; potential clients, 14588
 hearing disorders; tinnitus; clinical management; tinnitus retraining therapy; clinicians guide; patient treatment; initial interview, 1926
 short-term residential treatment; integration; psychotherapy; Menninger Clinic; initial stage of treatment process, 2471
Integrated Services—Serials
 action research; interprofessional team; safe channels, 23646
 alcohol abuse; collaborative care; alcohol abuse; health care interventions; trauma survivors; cognitive behavioral therapy, 26639
 Bridge Project; mental health referral; treatment engagement; Asian immigrants; explanatory model of illness; threshold to seek care; language barriers; stigma; mistrust of authority, 32647
 child welfare referrals; disabled children; early intervention; interagency coordination; Part C services; child welfare services; enrollment; Individuals with Disabilities Education Act, 35807
 children community service; service co-ordination; complex healthcare needs; health care services, 26665
 children community services; service co-ordination; complex healthcare needs; health care services, 26663
 collaborative care; depression; dysthymia; cost effectiveness; consult-liaison care, 8744
 collaborative treatment; treatment providers; client attitudes; professionals role, 35715
 eating disorders; mental health professionals; service collaboration; therapists, 29655
 Empowerment of South African Counselors; collaborative partnership; individual psychology; international outreach; developing country; psychosocial demand; belongingness; social interest; Ubuntu, 2712
 family-centred care; family-centred services; children healthcare; parental participation; decision-making; family functioning; integrated services, 26568
 family-provider teams; wraparound teamwork; care philosophy; children's mental health; support plans; individualized service, 35781
 integrated mental health care; mental health social work; mental health service managers; health service managers; academic staff; attitudes, 26840
 integrated mental health services delivery; community-based outpatient clinics; Veterans Administration; rural veterans, 14373
 interagency collaboration; family perception; health care services; social services, 29608
 managed care organizations; community-based care; social services; geriatric health care; area agencies on aging; process evaluation; strategic alliances, 5555
 mental health care; primary care settings; integration, 23493
 mental health care; primary care settings; integration, 23516
 mental health service delivery; homeless; dual diagnosis; mental illness; substance abuse; integrated teams; inter-agency cooperation, 5573
 mental health services; primary care; integrated psychiatric services; psychotropic prescriptions; psychiatric interventions; psychiatric diagnoses; utilization patterns; medical clinic; AIDS patients, 32694
 mental health status; status differences; medical service utilization; integrated primary care; mental health referral status; age; older patients; rural integrated primary care practice, 26628
 mental health; medical needs; homeless; health professionals; urban setting; family physicians; family therapists; family psychologists, 29683
 old age psychiatry services; service integration; Northern Ireland; England; social services, 2402
 older persons; mental health; mental health services; consultation-liaison model; integrated services, 35770
 pregnant women; opioid dependent; drug liaison midwife services; sociodemographic background; substance use; medical history; drug treatment; neonatal outcomes; maternal outcomes, 20659
 primary care services; mental health services; service collaboration satisfaction, 2401
 primary health care; mental health services; collaborative care, 14390
 residential treatment; community services; integrated care; troubled children and adolescents, 23578
 resource allocation; multisite service systems; service quality; health care services; intersite customer flows; analytical optimization models; optimal allocation policy; service criterion, 14753
 rural areas; integrated human services; social work; Canada; collaborative human services; rural model; rural communities, 11835
 schizophrenia; integrated care; community based treatment programs; social skills training; family interventions; antipsychotic medication, 23509
 service coordination; human service professionals; human services; rural towns; Australia, 11837
 substance abuse treatment; HIV; Personalized Nursing LIGHT model; medical treatment; AIDS; integrated care; evidence based practice, 11320
 substance abuse treatment; primary health care; integrated care; health care utilization; health care cost, 17315
 The Interagency Planning and Support Project; education; human service plans; Interagency Planning and Support model; service delivery, 5574
 woman abuse; substance abuse; integrated treatment program; intimate partner violence; physical violence; emotional abuse; batterers; program evaluation, 1906
Integrated Services—Chapters
 The Air Force experience: Integrating behavioral health providers into primary care, 2432
 Chronic illness management in primary care: The Cardinal Symptoms model, 2426
 Imagery and cancer, 23358
 Increasing collaboration between mental health and substance abuse professionals, 5150
 The integration and consolidation of health care: Implications for psychology in primary care, 2611
 Psychologists in women's primary care and obstetrics-gynecology: Consultation and treatment issues, 2423
Integration (Racial) [See Social Integration]
Integrative Psychotherapy—Serials
 abusive relationships; couples; therapists; domestic violence, 32340
 addictive disorders; drug rehabilitation; rehabilitation process; supraparadigmatic integrative model; integrative psychotherapy, 35406
 auditory hallucination; integrative treatment; schizophrenic patients; coping behavior; psychopathology, 23136
 borderline personality disorder; treatment outcome studies; interventions; therapeutic models; chronic condition; rehabilitation model, 31844
 brief integrative psychotherapy; contemporary models; transformational model; mutual influence; therapist initiative, 16916
 eye movement desensitization and reprocessing; psychotherapy integration; psychodynamic therapy; humanistic therapy; cognitive-behavioral therapy; assimilative integration, 35402
 integrative psychotherapy; integration framework; strategic approach; Freudian dynamic approach; sublimation mechanism; intervention strategy, 35424
 integrative therapy; therapeutic practice; therapy process; human development, 16930
 integrative treatment; cognitive therapy; therapeutic relationship; treatment protocol; treatment efficacy; depression, 16982
 posttraumatic stress disorder; interpersonal psychotherapy; group based psychotherapy; integrative therapeutic process, 35417
 psychoanalytic schools; couples; integrative approach; abusive relationships; couples dreams; psychoanalysis; couple therapy, 32396
 psychotherapy integration movement; constructivist view; theoretical integration; models, 26236
 psychotherapy integration movement; therapeutic relationship; brief psychotherapies; models, 16918
 psychotherapy training; integrative psychotherapy; residency training; continuing mental health education; educational interventions, 32903
 traditional behavioral couple therapy; integrative behavioral couple therapy; seriously distressed married couples; chronically distressed married couples; disorder severity, 17008
Integrity—Serials
 apology; denial; repairing trust; integrity; competence; trust violations; evidence of guilt; job candidate, 10541
 interpersonal power; social structures; western culture; integrity; morality; virtue; self; moral panacea, 21948
 management integrity; management ethics; Enron scandal; managerial malpractice, 14760
 professional societies; integrity, 9552
 psychological test; test validity; test items; test taker integrity; test result; test taker credibility; Confluence Score, 3137
Integrity—Chapters
 Working together: Balancing head and heart, 20449
Intellectual Development [See Also Language Development]—Serials
 congenital heart disease; CHD; academic outcomes; children; cyanotic CHD, 16717
 gifted learners; understanding; knowing; intellectual bar; teaching for understanding; constructivism, 14700
 intellectual disability; event recall; question types, 25970
 intelligence law; mental ability; physical brain size; infant motor capacity; mental growth; mental age; human nervous system; intelligence testing; standardized differences; human development, 33520
 psychiatric services; charitable facility; intellectual disabilities; anti-convulsant drugs; polypharmacy; mental health needs; neuroleptic drugs, 35773
 schizophrenia; intelligence; intellectual impairment; neuropsychology; aging; neurodevelopment; age differences; IQ, 4631
Intellectual Functioning [See Cognitive Ability]
Intellectualism—Serials
 career preparation; graduating college seniors; US colleges; intellectual growth; career development; minority graduates; college seniors, 17706
 exceptional women; expert culture; female Shakespeares; feminism; female literary modernists; academic feminism; political reform; intellectual engagement, 7567
Intellectually Gifted [See Gifted]
Intelligence [See Also Emotional Intelligence]—Serials
 A level grades; intelligence; achievement; ability; physician career; medical students; predictors; undergraduate training; personality traits, 35991
 academic achievement; intellectual ability; social status; family environment, 7686
 Advanced Progressive Matrices; sex difference; intelligence, 27295
 aging; perceptual speed; knowledge; old age; ability differentiation; age differences; pragmatic abilities; cognitive processing speed; intellectual development; intelligence, 7460
 analogical reasoning breakdown; frontotemporal lobar degeneration; neurocomputational model; learning; discovery; intelligence; cortical degeneration; anterior temporal cortices, 20027

Intelligence—Serials

Asperger syndrome; autistic symptoms; verbal intelligence; intuitive theory of mind; depression; anxiety, 22727
 beauty: intelligence; individual perception; physical attractiveness; social status, 31579
 brief measures; brief intelligence testing; measurement instruments; short forms; quick tests, 21125
 cathepsin D exon 2: polymorphism; general intelligence; dementia risk factor; cognitive decline rate; older persons; quantitative trait loci, 13274
 childhood intelligence; prediction; health; IQ; adult morbidity; adult mortality; self care; learning; reasoning; problem solving; prevention; chronic disease; accidental injury; treatment adherence, 13476
 cognitive ability; cognitive abilities; general intelligence; individual differences; measurement, 10599
 cognitive approach; marketing; intelligence; SWOT framework; managerial core logic; management planning, 30168
 cognitive functioning; old age effects; general intelligence; personality, 7465
 cognitive processes; neuropsychology; intelligence; disabilities; PASS theory; Luria, 12634
 cognitive variables; cognition; age differences; age-related influences; aging; intelligence, 10208
 conscientiousness; negative correlation; intelligence; fluid intelligence; crystallized intelligence; reasoning, 34694
 creative abilities; human intelligence; wisdom; theory; theories, 33201
 creative innovation; neurobiological; general intelligence; domain-specific knowledge; brain mechanisms, 567
 creativity; Kirton's Theory; novel stimulus; novel response; intelligent behavior; model; proactive creativity; reactive creativity; training programs, 34684
 dysgenic fertility; intelligence; vocabulary; genotypic intelligence, 19195
 early reading skills; kindergarten; third grade; reading skill development; family literacy; oral language; emergent reading; intelligence; spelling, 26948
 effect sizes; attention-deficit/hyperactivity disorder; neuropsychological test performance; neuropsychological measures; arithmetic achievement; cognitive ability; spelling, 28901
 emotional intelligence; academic achievement; undergraduate students; cognitive abilities; personality, 2777
 emotional intelligence; intelligence psychology, 19232
 eugenics; institutionalization; Illinois law; commitment law; psychologists role; intelligence testing; professional challenges; female professionals; mental testing; feeble-mindedness; eugenics, 33413
 Flynn effect; inspection time; Peabody Picture Vocabulary Test; processing speed; intelligence, 9671
 Flynn effects; secular trends; mean intelligence; test scores; language scores; mathematics scores; general ability scores; standing height; Norwegian conscripts, 33831
 gambling; fluid intelligence; executive function; letter fluency, 12647
 gender role; gender attributes; intelligence; leadership emergence; task type; all female groups, 4350
 general intelligence; evolutionary psychology theory; domain specific adaptation; problem solving; sociobiology, 15961
 general intelligence; sensory discrimination; psychometric intelligence, 18253
 general intelligence; socioeconomic status; social class; inequalities; health; mental health; fundamental cause; epidemiology, 10656
 genetics; genes; genomics; intelligence; general cognitive ability; g heritability; behavioral genetics, 12791
 genetics; prefrontal function; human prefrontal cortex; evolution; cognitive ability; intelligence, 12795
 individual differences; intelligence; problem solving; visually presented optimization problems, 18364
 information processing; intelligence; interstimulus interval; response uncertainty; reaction time; motor processes, 12628
 intellectual ability; legal process; male remand prisoners; intellectual impairments; criminal justice system; understanding, 33412
 intellectual differences; schizophrenic patients; normal controls; adult lifespan; IQ; age, 7881
 intellectual performance; general intelligence factor; mental ability tests; test reliability, 9395
 intellectual profile; Asperger syndrome; high functioning autism, 25459
 intellectual structure; multiple intelligences; Six Arts program; ancient Chinese educational program; Gardner's theory; Lin Chongde; theory of intelligence; contextual influences, 10171
 intelligence law; mental ability; physical brain size; infant motor capacity; mental growth; mental age; human nervous system; intelligence testing; standardized differences; human development, 33520
 intelligence profiles; cognitive capacities; executive function; autistic disorder; savant abilities, 19742

intelligence quotient; self assessment; self-estimates; intelligence; Black South Africans; White South Africans; Nigerians; cross cultural differences; gender differences, 28465
 intelligence related differences; brain activity; event-related desynchronization; event related synchronization; alpha bands; theta bands; memory; neural networks, 12847
 intelligence; Big Five personality traits; work drive; prediction; course grade; undergraduate psychology course, 2789
 intelligence; cultural context; assessment; development, 28512
 intelligence; genetics; genes; genomics; environmental influences; development; genetic linkage & association; gene manipulation, 9816
 intelligence; individual differences; cortical activation patterns; neural efficiency; cognitive performance, 24456
 intelligence; leadership; perceptual measures; stress level; leader directiveness; objective intelligence measures; cognitive resource theory, 23987
 intelligence; personality; career satisfaction; job satisfaction, 28488
 intelligence; personality; cognitive domains; self attribution of ability; cognitive functions; Big Five personality factors, 4447
 intelligence; stability over development; psychometric intelligence; childhood; old age; cognitive aging; health, 10130
 language competence; social behavior; emotional disorders; behavioral disorders; communicative competence model; language ability; social skills; intelligence, 10670
 language; human intelligence; genetic code; spoken language; written language; arabic numerals; music notation; labanotation, 13125
 learning intelligence; mother tongue; mathematics; children perception; best pupil, 26939
 learning; working memory; induced brain activity; intelligence; event-related desynchronization; EEG, 12914
 left basal ganglia infarctions; right basal ganglia infarctions; procedural learning; ischemic infarctions; declarative memory; general intelligence, 26177
 Loevinger's measure of personality; ego development; intelligence; maturity; ego level; discriminant validity; incremental validity, 21111
 low birthweight; school performance; neurological impairment; non-verbal intelligence; obstetric risk, 7406
 maternal fever; intraventricular hemorrhage; non-verbal intelligence; cognitive limitations; long-term sequelae; preterm delivery; cognitive deficits, 4849
 metacognitive skills; intelligence; domain generality; domain specificity; metacognitive development; age differences, 34299
 Multidimensional Aptitude Battery; Wechsler Adult Intelligence Scale; genetic two-factor model; twins, 3168
 multiple intelligences; secondary school teachers; intrapersonal intelligence; visual-spatial intelligences; bodily kinesthetic; self-efficacy; musical; verbal-linguistic; interpersonal intelligence, 2714
 national intelligence rate; national suicide rate; suicide mortality; suicidality; IQ; intelligence, 31611
 neural efficiency; event-related desynchronization; intelligence; working memory; short-term memory; central executive, 27737
 neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21574
 neural mechanisms; general fluid intelligence; individual differences; attentional control; prefrontal cortex; working memory; neural activity, 21587
 openness; intelligence; crystallized ability; self-reported intelligence, 19183
 parental estimates; intelligence types; sex differences, 24907
 parental gender; parental personality; self-estimation; intelligence; self perception; childrens intelligence, 34672
 personality profile; siblings; autistic children; intellectual level, 16540
 personality scores; intelligence scores; estimated scores, 34658
 personality traits; critical thinking; cognitive abilities; five factor model; openness, 22330
 personality traits; intelligence; openness to experience; achievement need; creativity, 16290
 personality-intelligence interface; ability traits; nonability traits; intellectual ability; IQ test performance; subjectively assessed intelligence, 31557
 personality; information processing speed; intelligent performance; independent influences; inspection time; arousal; Raven's matrices, 9632
 personality; intelligence; art experience; art interests; art activities; art knowledge; art judgment, 13474
 police officers; volume crime analysis; intelligence led policing; operational policing; police culture, 30341
 psychometric intelligence; emotional intelligence; intelligence estimates; gendered stereotypes, 19204

Ravens Advanced Progressive Matrices; sex differential item functioning; general intelligence; spatial test; visuospatial nature; test bias, 21108
 reading comprehension; chronic schizophrenia; functional reading; aphasia; intelligence, 4629
 respiratory disturbance; performance iq; academic achievement; disordered breathing; group comparisons; math achievement; immediate recall; sleep disordered breathing, 4862
 retest practice; speed ability relationship; practice sessions; general intelligence; reaction time; elementary cognitive tasks; skill acquisition ability; memory; attention; psychometric intelligence, 15298
 right vs left mesial temporal lobe epilepsy; postsurgical ability; material specific intelligence; verbal ability; non-verbal ability, 2304
 Scholastic Assessment Test; general cognitive ability; general intelligence; college students, 24305
 school climate; social intelligence; gifted students; average students; school environments, 33005
 school performance; sleep; intelligence; motivation; achievement motivation; test anxiety, 30039
 scientific problem-solving; metacognitive monitoring; problem-solving strategies; crystallized intelligence; seventh graders, 13206
 sex differences; intelligence; adolescents; developmental theory; Developmental Aptitude Test; Spanish standardization, 10572
 simultaneous processing; fluid intelligence; cognitive assessment; deductive reasoning; cognitive functions; spatial visualization abilities, 24941
 social situatedness; artificial intelligence; cognitive development theory; epigenetic robotics; natural intelligence; Vygotsky, 17964
 son preference; intelligence; family influences; sex/gender discrimination, 10371
 Spearman's hypothesis; general intelligence; Blacks; Whites; intelligence quotient; intelligence test; psychometrics; General Aptitude Test Battery; Junior Aptitude Test, 18152
 state of research; intelligence; situational & cultural variables, 13207
 Sternberg Triarchic Abilities Test; academic achievement prediction; general intelligence; test validity; examination grades; Wonderlic Personnel Test; undergraduate students, 6368
 teacher attitudes; implicit views; self perception; mathematical ability; intelligence; cross-cultural comparisons; academic abilities; general ability; verbal ability; students, 12180
 teacher research; mathematics teachers; science teachers; researcher; critical intelligence development; DIES model; best practice research scholarship; secondary teachers, 21195
 trait impressions; shared stereotypes; gender; age; personality inferences; behavior slices, 16264
 verbal intelligence; performance intelligence; reasoning ability; cognitive functioning, 33825
 verbal short-term memory; visuospatial working memory; fluid intelligence; working memory; latent-variable approach; spatial reasoning; domain-specific storage; executive-attention, 21378
 visual span; siblings; schizophrenia; neurocognitive deficits; verbal tasks; intelligence; verbal memory; learning, 1508
 visuospatial memory; working memory; mental rotation; intelligence; numeracy; early mathematical skills; preschool children, 18925
 WAIS Vocabulary subtest scores; rising test scores; young adults; older adults, 117
 Warrington Recognition Memory Test for Faces; interpretive strategy; diagnostic utility; temporal lobe epilepsy; psychometric properties; right temporal lobe; intelligence, 21161
 Wide Range Achievement Test-3 Reading subtest; pre-morbid intelligence measures; traumatic brain injury, 30476
 working memory maps; intelligence; vocabulary; mental rotation; abstract reasoning, 3364
 worst performance rule; multitrack cognitive tasks; general intelligence, 3351
Intelligence [See Also Emotional Intelligence]—Books
 Animal social complexity: Intelligence, culture, and individualized societies, 6754
 Cultural intelligence: Individual interactions across cultures, 10365
 Wisdom, intelligence, and creativity synthesized, 3381
Intelligence [See Also Emotional Intelligence]—Chapters
 The biography of a baby, 894
 Biological intelligence, 15457
 Case study 4A. Coalitionary aggression in White-faced capuchins, 6772
 Comprehensive Test of Nonverbal Intelligence, 130
 Context for nonverbal assessment of intelligence and related abilities, 128

Volume 91 SUBJECT INDEX

Intelligence—Chapters

Cross-battery assessment of nonverbal cognitive ability, 134
 Cross-cultural psychology, intelligence, and cognitive processes, 16144
 Developing childhood proclivities into adult competencies: The overlooked multiplier effect, 15924
 Dolphin social complexity: Lessons from long-term study and life history, 6780
 Driven to despair: Why we need to redefine the concept and measurement of intelligence, 16317
 Intelligence and presidential greatness: Equation replication using updated IQ estimates, 4255
 Intelligence as adaptive resource development and resource allocation: A new look through the lenses of SOC and expertise, 16310
 Life history and cognitive evolution in primates, 6773
 Looking for neural answers to linguistic questions, 4064
 The neuropsychological basis of intelligence revised: Some false starts and a clinical model, 3753
 Raven Progressive Matrices, 131
 Redefining interactions across cultures and organizations: Moving forward with cultural intelligence, 6058
 Robots with internal models: A route to machine consciousness?, 17992
 Social and vocal complexity in bats, 6783
 The social complexity of spotted hyenas, 6759
 Trait complexes, cognitive investment, and domain knowledge, 16305
Intelligence Age [See Mental Age]
Intelligence Measures [See Also Kaufman Assessment Battery for Children, Miller Analogies Test, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale for Children]—Serials
 ADHD: attention-deficit hyperactivity disorder; Universal Nonverbal Intelligence Test; memory; reasoning; successive processing tasks; planning tasks, 30388
 Advanced Progressive Matrices; sex difference; intelligence, 27295
 Assessment of Basic Learning Abilities test; ABLA; developmental disabilities; visual-visual nonidentity matching task; ABLA hierarchy; predictive validity; test-retest reliability, 12490
 Bar-On emotional intelligence quotient; test validity; offender population; emotional intelligence; Emotional Quotient Inventory, 33508
 brief measures; brief intelligence testing; measurement instruments; short forms; quick tests, 21125
 Children's Category Test; criterion validity; test subsets; injury severity; post-injury psychometric intelligence; T-score validity; pediatric traumatic brain injury; psychometric intelligence, 9451
 cognitive abilities; law of diminishing returns; IQ test correlation; intellectual efficiency; children; French intelligence scale; IQ groups, 34271
 cognitive aging; drop-out effects; practice effects; intelligence tests; vocabulary tests; verbal memory tests, 34291
 conation; conative ability; impairment degree; effective task completion; intelligence test; test scores; Wechsler test; performance IQ; verbal IQ; mental ability; intelligence measures; brain damage, 11290
 cultural background; primary school children; intellectual performance; immigrants; construct validity; cognitive ability, 15004
 difference scores; cognitive assessment; reliable component analysis; reliability, 30384
 general intelligence; sensory discrimination; psychometric intelligence, 18253
 general mental ability validity; general mental ability measures; occupations, 3244
 individual differences; test scores; intelligence tests; cognitive ability; racial groups; Blacks, 28470
 intellectual performance; general intelligence factor; mental ability tests; test reliability, 9395
 intellectual structure; multiple intelligences; Six Arts program; ancient Chinese educational program; Gardner's theory; Lin Chongde; theory of intelligence; contextual influences, 10171
 intelligence law; mental ability; physical brain size; infant motor capacity; mental growth; mental age; human nervous system; intelligence testing; standardized differences; human development, 33520
 IQ; intelligence quotient; score fluctuations; norms; mental retardation; Flynn effect; national policies, 1256
 language minority students; nonverbal tests; intellectual assessment; school psychologist; cognitive ability, 5791
 nonverbal intelligence test; deaf children; factor analysis; test validity; psychometrics, 30454
 openness; intelligence; crystallized ability; self-reported intelligence, 19183
 personality scores; intelligence scores; estimating one's own scores, 30406

personnel selection; clerical occupations; hybrid tests; test validity; work sample-intelligence test hybrid; mental ability; psychometrics, 30511
 processing speed; intellectual assessment instruments; constructs; interpretative utility, 30361
 worst performance rule; multitrait cognitive tasks; general intelligence, 3351
Intelligence Measures [See Also Kaufman Assessment Battery for Children, Miller Analogies Test, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale for Children]—Books
 Handbook of nonverbal assessment, 121
Intelligence Measures [See Also Kaufman Assessment Battery for Children, Miller Analogies Test, Peabody Picture Vocabulary Test, Raven Progressive Matrices, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale for Children]—Chapters
 Assessment with the Leiter International Performance Scale—Revised and the S-BIT, 132
 Best practices in detecting bias in nonverbal tests, 125
 Comprehensive Test of Nonverbal Intelligence, 130
 Context for nonverbal assessment of intelligence and related abilities, 128
 Cross-battery assessment of nonverbal cognitive ability, 134
 Cross-cultural psychology, intelligence, and cognitive processes, 16144
 The General Ability Measure for Adults, 122
 Naglieri Nonverbal Ability Tests: NMAT and MAT-EF, 129
 New methods for the diagnosis of the intellectual level of subnormals, 123
 Nonverbal assessment of personality and psychopathology, 133
 Nonverbal neuropsychological assessment, 199
 Physiological and psychological influences on multicultural and nonverbal assessment, 126
 Test of Nonverbal Intelligence: A language-free measure of cognitive ability, 124
 The Universal Nonverbal Intelligence Test, 127
 The Wechsler Scales for assessing children's intelligence: Past to present, 15017
Intelligence Quotient—Serials
 ADHD: attention-deficit hyperactivity disorder; Universal Nonverbal Intelligence Test; memory; reasoning; successive processing tasks; planning tasks, 30388
 age impact; intelligence quotient; Williams syndrome, 32109
 age; sex; IQ; time production; temporal response differentiation; timing ability, 31133
 Bar-On emotional intelligence quotient; test validity; offender population; emotional intelligence; Emotional Quotient Inventory, 33508
 blood lead; bone lead; prenatal period; children; exposure; intelligence quotient; IQ, 11131
 child influences; family influences; emotion regulatory behaviors; school entry; maternal education; depression; intelligence quotient; academic achievement, 33141
 childhood autism; Asperger's disorder; intelligence quotient; age, 28911
 childhood IQ; social class; deprivation; mortality risk; morbidity risk; Scottish Mental Survey; Midspan Studies, 1771
 children's learning; teachers' expectations; reading achievement; behavior problems; learning disabilities; Intelligence Quotient, 8078
 cognitive abilities; law of diminishing returns; IQ test correlation; intellectual efficiency; children; French intelligence scale; IQ groups, 34271
 creative thinking abilities; cognitive problem-solving skills; high intelligence quotient; verbal fluency, 30101
 developmental delays; parent-youth adult relationship; intelligence quotient; life satisfaction; independent living, 32003
 down syndrome; intellectual impairment; intelligence quotient; cognitive assessment; special needs; Stanford Binet; fourth edition, 18149
 dynamic assessment; educational settings; traditional IQ tests; professional psychologists; educational interventions; educational psychologists; teachers; classification; prediction; selection, 21184
 Flynn effect; inspection time; Peabody Picture Vocabulary Test; processing speed; intelligence, 9671
 foster care; care impact; academic achievement; care reentry; intelligence quotient, 23879
 head circumference; intelligence; learning; nutritional status; brain development; intellectual quotient; nutrition; brain; socio-economic status; IQ, 22000
 intellectual differences; schizophrenic patients; normal controls; adult lifespan; IQ; age, 7881
 intelligence quotient; IQ; heterosis; environmental effects; genetics; demographics, 10605
 intelligence quotient; IQ; infants; visual habitation; visual disabitation; childhood cognitive performance, 28076

intelligence quotient; self assessment; self-estimates; intelligence; Black South Africans; White South Africans; Nigerians; cross cultural differences; gender differences, 28465
 IQ; intelligence quotient; neuropsychological tests; test performance; cognitive tests; normal adults, 9445
 IQ; intelligence quotient; score fluctuations; norms; mental retardation; Flynn effect; national policies, 1256
 IQ; memory score; traumatic brain injuries, 23001
 IQ; special education; trends; mental retardation; learning disabilities; WISC-R; WISC-III, 9479
 maternal warmth; birth weight; attention deficit hyperactivity disorder; ADHD symptoms; IQ; twins, 16541
 mental retardation; cognitive capacities; behavioral problems; social experiences; human qualities; mental health, 35127
 music lessons; academic achievement; IQ enhancement, 31181
 negative emotionality; temperament; infant-mother attachment relationship; fear; anger; cognitive development; distress; intelligence quotient, 25028
 Oklahoma Premorbid Intelligence Estimate-3; WAIS-III FSIQ; dementia; traumatic brain injury; Huntington's disease; Korsakoff's disease; chronic alcohol use; temporal lobectomy; schizophrenia, 6324
 pediatric craniospinal irradiation; medulloblastoma; side effects; prediction of intellectual outcome; chemotherapy; age differences; human sex differences; parental education level, 2317
 pedophilia; IQ; memory; handedness; men; neuropsychological assessments, 10888
 personality-intelligence interface; ability traits; nonability traits; intellectual ability; IQ test performance; subjectively assessed intelligence, 31557
 progressive cognitive decline; highly intelligent older adults; prediction; mild cognitive impairment; premorbid intelligence; IQ-adjusted norms; preclinical Alzheimer's disease, 11291
 psychomotor movement; IQ; intelligence; speed of neural processing theory; general mental ability; speed; repetitive movement; tapping task, 30649
 race; brain size; IQ; biology; reductionism; determinism; cognitive ability, 18355
 reaction time; dominant hands; non-dominant hands; intelligence quotient; Hick's law, 12836
 reliability; time efficiency; short forms; Wechsler Adult Intelligence Scale-III; IQ scores; validity, 9394
 Rorschach comprehensive system; Wechsler IQ scores; adolescents; factor analysis; synthesized complexity; form quality; productivity, 119
 sensory processing; reading ability; IQ; attention; detection thresholds; auditory processing, 28075
 sex differences; mental ability; cognitive ability; IQ, 3353
 sex differences; progressive matrices; adolescents; abstract reasoning ability; age differences, 22039
 social competence; mental retardation; social maturity; IQ; social quotient; life experiences; rural children; urban children, 19800
 social self-concept; gifted students; psychological functioning; socioeconomic status; social self-esteem; creativity; intelligence; motivation, 30100
 Spearman's hypothesis; general intelligence; Blacks; Whites; intelligence quotient; intelligence test; psychometrics; General Aptitude Test Battery; Junior Aptitude Test, 18152
 suicide rates; mean iq scores; homicide rates; national estimates; gross domestic product, 7984
 verbal IQ; vocabulary; American Jews; intelligence, 10600
 worst performance rule; IQ; intelligence quotient; gifted; Spearman's law, 4129
Intelligence Quotient—Chapters
 Intelligence and presidential greatness: Equation replication using updated IQ estimates, 4255
 Social/emotional intelligence and midlife resilience in schoolboys with low tested intelligence, 895
Intelligent Tutoring Systems—Serials
 web based computer tutor; writing performance; narrative writing skills; HARRY, 9001
Intensity (Stimulus) [See Stimulus Intensity]
Intensive Care—Serials
 alcohol drinking patterns; intensive care admission; hospital mortality; general surgery patients; prediction, 17397
 asthma; young adults; intensive care; gender differences; hospitalization outcomes; length of stay; intensive care unit length of stay; mortality; respiratory failure, 2483
 conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29330
 depression; postpartum period; maternal attachment; NICU; low birth weight infants; social support; neonatal intensive care unit, 25581
 end of life practices; European intensive care units; limitations of therapy; treatment limitations, 8826

end of life practices; European intensive care units; limitations of therapy; treatment limitations, 8821
 end of life practices; European intensive care units; limitations of therapy; treatment limitations, 8829
 family nurse; family care; pediatric intensive care unit; critically ill children; family-nurse interaction; co-construction experience, 11857
 infant caregiving; parental participation, 17399
 Neonatal Intensive Care Unit; pediatrician role; healing process; nutritional supplementation; health care personnel; infant psychosocial potential; medical problems, 7372
 nurses experiences; family members; intensive care units; nurse-family interaction, 11873
 perception of stressors; critical care environment; nurses; patients, 23595
 stress behaviors; hospitalized preterm infants; occupational therapists; self-regulation; neonatal intensive care units; motor self-regulatory behaviors, 17003

Intention—Serials

action phases model; continuing education implementation; goal intention; goal-directed actions; vocational retraining; goal setting; goal implementation intention, 17618
 adolescent unsupervised driving; driving limits; parents' intentions; parent adolescent relations, 34509
 African American students; high school sophomores; educational success; positive academic attitude; theory of planned behavior; intention; high school completion; gender; predictive factors, 14672
 age-related declines; prospective memory; neural correlates; event-related brain potentials; electrophysiological data; encoding of intentions; detection of cues; disengagement from ongoing activity, 948
 aging; memory; to-be-performed actions; encoding, 13176
 aging; retrieved intentions; memory retrieval; age differences; age-related deficits; delays; divided attention; memory performance; prospective memory, 6609
 Alzheimer's disease; knowledge; help-seeking behaviors; lay public, 20073
 American Legacy Foundation truth campaign; Philip Morris tobacco countermarketing; youth smoking attitudes; beliefs; Youth intentions, 5492
 autistic behaviors; autistic symptoms; peers' perceptions; behavioral intentions, 28897
 automatic mental processes; intent; cues, 6574
 behavioral beliefs; theory of planned behavior; exercise behavior; older women; perceived control beliefs; exercise intention; normative beliefs, 17215
 behavioral intentions; middle-age women; osteoporosis prevention program, 8697
 behavioral intentions; physical exercise; orthopedic rehabilitation patients; patient beliefs, 35851
 big-five personality traits; goal orientation; performance intentions; personality characteristics, 25397
 caloric stimulation; differential performance; right-hemisphere lesions; contralesional neglect; line bisection tasks; intentional neglect; attentional neglect, 4960
 car use; car trips; trip purpose; motivational control; volitional control; household planning accuracy; prospective car logs; actual car logs, 17959
 causal role; intentional behavior; mental representations; intentional mental states; bodily motion; non-reductive metaphysics, 3419
 cessation treatments; nicotine dependency; smoking cigarettes; social stimulation; dissonant smokers; smoking cessation; cognitive factors; positive attitude, 11950
 chewing tobacco; elementary school age children; intentions of substance use; cigarettes; chewing tobacco; alcohol; marijuana; inhalants; risk; lifetime prevalence; substance identification, 1643
 chimpanzees; social cognition; social behavior; intentional actions; human experimenter discrimination, 33951
 choosing place of death; influence of pain; attitude toward death; theory of interpersonal behavior; respondents, 10601
 cognitive status examination; client relatives; relatives intentions; Alzheimers disease, 26179
 cognitive theories; emotions; feeling; cognitivism; evaluative content; emotional object; formal property, 18423
 cohabitation; housework; marital intentions; sex differences, 28237
 communicative intent; conversation; judgments, 25251
 condom use; intentions; Rwandan secondary school students; attitudes; male students; female students, 34562
 consumer attitude prediction; purchase intentions; consumer beliefs; genetically modified foods; consumer intentions, 9196
 consumer cognitive categories; environmental cues; consumer reactions; shopping intentions; price fairness; shop interior decoration; lighting; interior color, 3013
 criminal responsibility; mens rea; criminal law; intention, 14927
 cruel intentions; television; aggression; media, 28802

customer satisfaction; repurchase intention; adjusted expectations; customer loyalty; consumption experience, 24076
 decision enactment; intentions; desires; motivation; goal setting; goal striving; decision process; anticipated emotions, 356
 depressive symptoms; anxiety symptoms; children judgments; interpretation; intention; ambiguous social scenarios, 25508
 desires; intentions; attitude theory; decision making, 16297
 discrepancy development; self-regulation theory; motivational intervention; intention; heavy alcohol use; binge drinking; personalized normative feedback; personal strivings, 14487
 distant intentionality; staring; parapsychology; psychophysiological variables; electrodermal activity; direct mental interaction, 30954
 diversity; team efficacy; intrateam conflict; team performance; intentions to remain in team; MBA students, 4340
 doping use; Italian adolescents; Theory of Planned Behavior variables; sports; intentions; attitudes; subjective norms; perceived behavioral control; ergogenic supplements; moral disengagement measure, 35039
 drug curriculum; teaching; children's beliefs; drug action; scientific theory; alcohol; cocaine; tobacco; biological background; drug education; drug knowledge; intuitive theory, 5879
 emotional expressions; psychological dynamics; intentional actions; self-organized behavior, 3409
 emotions; neurobiology; psychoanalytic theory; brain functioning; intentionality; repression; W. J. Freeman's theories, 13524
 ethical decision-making; behavioral intentions; ethical issues; ethical judgments; marketing professionals, 36361
 exercise behavior; pregnancy; exercise intention, 31381
 exercise; anticipated regret; prediction; intention; health-enhancing behavior; Theory of Planned Behavior, 26518
 family-friendly benefits; social-cognitive perspective; working conditions; benefit use; benefit use intentions, 30233
 forgiveness; women's intentions; partners; domestic violence shelter; intention to return to partner; psychological constraints; demographic information, 25802
 general strain theory; situational based anger; trait based anger; dispositional anger; emotional states; mechanisms; crime; criminal intentions, 4458
 goal directed behavior; infant encoding; intentional behavior; random behavior; infant attribution; human action; morphologically unfamiliar agent; approach behavior, 34295
 group leader intentions; interventions; group sessions, 35476
 health behaviors; medication side effects; patient type; risk perception; intention to comply; prescriptions, 26520
 health behaviors; trait procrastination; behavioral intentions; self-efficacy; future consequences, 28509
 help reactions; decision making; helper intention; recipient evaluation; recipient attitude; future interaction; recipient perception of motivation; affect basis; role basis; cost-benefit calculation, 19134
 help-seeking intention; human males; psychological services, 35668
 HIV people; secret disclosure; significant others; intention; emotional state, 26089
 implementation intention; cue discrimination; opportunities to act; cue detection, 31546
 implementation intentions; dietary fat intake reduction; low-fat diet; fat energy, 20496
 individual intentions; condom use; theories; individual decision making; behavioral intentions, 26524
 inexperienced sales representatives; behavioral intentions; sales failure situations; performance attribution; sales management, 14721
 infant response; others' intention; re-enactment; intended acts; developmental ability, 34294
 intended actions; brief delays; forgetting; demanding situations; implementation intention strategies; strategic rehearsal; divided attention; interruptions, 413
 intent to recommend; behavioral intent; consumer satisfaction; service provider; service exchange; perceived control; proxy control; action control; perceived fairness, 27167
 intention to quit; job satisfaction; job stress; locus of control; self-esteem; supervisor support, 33278
 intention-behavior discrepancies; planned behavior; contingent valuation; hypothetical bias, 34621
 intention; egocentric distance; optical variables; physiological potential; intended actions; walking; perceived distance, 33738
 intentional control; perceptual representations; reversible figure, 6528
 intentional control; sequence knowledge; implicit learning, 12683

intentions; recycle household waste; past behaviour; perceived habit; lacking facilities; theory of planned behaviour, 27190
 interactional justice; distributive justice; procedural justice; perceptions of fairness; turnover intentions; employee turnover; retail employees, 17843
 justice perceptions; procedural justice research; procedural justice effects; regression coefficients; general mental ability; applicant attraction; employment managers; selection context, 14742
 linguistic meaning; ontological subjectivity; cognitive psychology; linguistic forms; mental life; meaning; pragmatics; semantics; semiotics; structuralism; epistemic objectivity; intentionality, 18857
 mens rea; folk concepts; legal concepts; intentionality; intention; motive; forethought, 14937
 mental disorder; voluntariness; intention; criminal offence; insanity defence, 14939
 natural codes; natural behavior; natural meaning; intention recognition; verbal communication; verbal communication; signalling function; intentions, 4061
 neural mechanisms; collective intentionality; we-mode process; brain; shared attitudes, 34004
 neural networks; connectionist; intention; exercise; theory of planned behavior; beliefs; attitudes, 2342
 neuroimaging; psychiatric patients; parietal cortex; neurological patients; self-awareness; movement; self-generated action; action awareness, 15481
 obstetricians attitudes; subjective norms; perceived controls; antibiotic prophylaxis; caesarean section; behavioural intention; post-caesarean infections, 12044
 occupational career construction; intention; careers; goal-directed action; actions; projects; family career-development project; relationship careers; contextual action theory; social constructionism, 27039
 organizational attraction; organizational pursuit; behavioral intentions; attractiveness; prestige; measurement, 6378
 original intentionality; robot utterances; robot psychoanalysis; unconscious cognition; intentionality evolution, 12387
 parenthood; monists; parent; pluralism; gestationalism; paternity problem; genetic derivation; extended custody; fathers; intentionalist, 10390
 persecutory delusions; schizophrenia; patients; affective disorders; intentional contingency; mechanical contingency; animations; shape movements, 7777
 persuasive communication; media richness; model; media features; communication outcomes; attitudes; intentions; behavior; organization, 20892
 phenomenal intentionality; what it is like; consciousness, 18426
 planned behavior theory; soft drink consumption; male adolescents; adolescent attitudes, 24917
 planned suicidal behavior; unplanned suicidal behavior; depression; hopelessness; lethality; prevention, 25784
 power; community organizing; intention; community problems, 1057
 prescriber intent; off-label usage; early discontinuation; antidepressants; patient diagnosis; antidepressant therapy; major depression, 23288
 product instructions compliance; product instructions; process-cause information; instruction-based behavior; intention, 17932
 retrieved intentions; interruptions; memory performance; prospective memory; delay length, 30727
 routine repetition; time pressure; decision making; relapse error; intention implementation; action slip, 12631
 self efficacy; physical activity patterns; fibromyalgia patients; psychosocial predictors; social influence; attitudes; intention; behavior; motivating physical activity; prospective predictors, 11138
 self enhancement; actions; good intentions; desirable trait; self-assessment; actors; observers; assigned weight, 13434
 sexual risk attitudes; youth intentions; family interaction; parent-teen prevention program; HIV; adolescent pregnancy; parental disapproval, 35687
 smoking cessation outcomes; adolescents; smoking behavior; stage of change; smoking cessation intervention; Not on Tobacco; intention to change; self efficacy; beliefs about smoking, 32767
 social cognitions; behavioral intentions; cardiovascular health; adolescents, 7444
 student attitudes; psychiatry specialization attitudes; career intentions; medical students; psychiatry attachment; course experiences, 17547
 student performances; quality education; educational values; good intentions; teachers, 20828
 subjective experience; new intentions; vocational psychology; social constructionism; personal constructionism; relational understanding, 27034
 symbol grounding; artificial intelligence; knowledge representation; robotics; intelligent behaviors; means-ends analysis; insect level intelligence, 30305

Volume 91 SUBJECT INDEX

Intention—Serials

Tarasoff Warnings; potential victims; threat; mental health patient; psychotherapist; duty to warn; intended crime, 6205
theory of planned behavior; illicit drug use; LSD; amphetamine; cannabis; ecstasy; intention to use; moral norms; drug use utilities, 11004
therapeutic processes; group therapy; individual therapy; counselor intentions; individual therapists; group therapists; Therapeutic Work intentions; Interpersonal and Safe Atmosphere intentions, 29256
undergraduate students; exercise interventions; ethnicity; planned behavior theory; Caucasians; African Americans; exercise intention; gender differences, 11693
understanding: intentional action; passive movement; self-judgment; body movement, 34287
voluntary action; actual movement; intention; self-paced actions; attention to intention; attention to movement; pre-supplementary motor area, 18643
web page: text-background color; readability; retention; aesthetics; behavioural intention; educational content; commercial content, 31086

Intention—Chapters

Implicit and explicit processes in social judgments: The role of goal-based explanations, 4424
A Meta-Analysis of the Theory of Reasoned Action and the Theory of Planned Behavior: The Principle of Compatibility and Multidimensionality of Beliefs as Moderators, 304
Planning and the implementation of goals, 13505
Reasoned action and social reaction: Willingness and intention as independent predictors of health risk, 16048

Intentional Learning—Serials

false recognition; intentional learning; false memory, 21367
recognition memory; recall performance; intentional study; common objects, 21382

Interaction (Interpersonal) [See Interpersonal Interaction]

Interaction (Social) [See Social Interaction]

Interaction Variance—Serials

structural equation models; latent interaction; alternative estimation strategies; indicator construction; quasi-maximum likelihood; Type I error rates; QML, 30536

Intergroup Services [See Integrated Services]

Intercourse (Sexual) [See Sexual Intercourse (Human)]

Intercultural Communication [See Cross Cultural Communication]

Interdisciplinary Research—Serials

alcohol drinking patterns; drinking problems; person-environment interactions; social-ecological perspective; interdisciplinary studies, 22696
executive control; young children; multidisciplinary approaches; cognition, 31143
human experimental psychology; quantitative analysis of behavior; cognitive psychology; bridging gaps; categorization; decision-making; SQAB 2003 conference, 24361
interdisciplinary ethics course; professional ethics education; curriculum development; course content; design framework; class structure; instructional design; interdisciplinary faculty; design team, 39990
interdisciplinary research; idealist world views; spirituality; transpersonal experiences, 2086
international; interdisciplinary; blindness; visual impairment, 29200
James Grier Miller; obituary; multidisciplinary research; behavioral science; Veterans Administration, 2592
mood disorders; multidisciplinary research; clinical neuroscience; late-life depression; geriatric medicine; elderly persons; frailty; geriatric psychiatry, 10289
multidisciplinary research; adolescent medicine; biomedical research; adolescent health; health care, 29537
reductionism; interdisciplinary cooperation; suicidology, 828
Social, Genetic and Developmental Psychiatry Centre; interdisciplinary research; research centre; nature-nurture; psychiatric disorders, 35384
Sri Lanka; cross-cultural research; capacity building; multidisciplinary research; bioethics; collaboration; multidisciplinary team efforts, 6461
symbolic-interpretive perspectives; social identity perspectives; psychodynamic perspectives; network perspectives; theoretical perspectives; small groups; thoughts; feeling; behavior, 25269
systems psychodynamics; history; Tavistock method; groups; organizations, 9326
theoretical perspective; small group research; feminist; social identity; social network; psychodynamic; functional; temporal; conflict-power-status; symbolic-interpretive; social-evolutionary, 10504

Interdisciplinary Research—Books

Being there: Concepts, effects and measurements of user presence in synthetic environments, 3057
Filling-in: From perceptual completion to cortical reorganization, 15606

Interdisciplinary Research—Chapters

An organizational communication challenge to the discourse of work and family research: From problematics to empowerment, 15844

Interdisciplinary Treatment Approach—Serials

action research; interprofessional team; safe channels, 23646
ADHD; attention deficit hyperactivity disorder; executive function; drug therapy; behavior therapy; combined treatment, 8061
adolescent violence; interdisciplinary collaboration; societal factors; holistic intervention; parent attitudes; school system; community environment; suicide, 4712
alertness; child behavior; combination topiramate; vagus nerve stimulation; refractory epilepsy, 23389
attachment theory; neurosciences; couple therapy; neurophysiology; affect regulation; attachment styles; relationships; theory integration; interactions, 35460
CHARGE syndrome; educational needs; interdisciplinary approach; intervention strategies; communication skills; motor development, 36217
children; school exclusion; primary school; first year secondary school; Home and School Support Project; mental health difficulties; intervention, 33192
collaborative care; primary medical care; mental health care providers; family medicine residency practice; community mental health center; interprovider communication; outcomes, 32639
collaborative competencies; interprofessional education; interprofessional collaboration; curriculum development; professional education; learning opportunities; teaching; 3P systems-form model, 35970
decision-making; discharge planning; leadership effects; contextual inhibitors; conceptual framework; team work; hospital discharge; multiple professionals; communication; multi-disciplinary teams, 35842
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16873
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16877
depression; interdisciplinary mental health care management program; anxiety disorder; alcohol abuse; physical health problems; symptoms; quality of life; elderly veterans, 26606
health research; psychological services; health care; interdisciplinary research, 26580
Integrated Treatment Model: MICA Case Conference Program; chemical abuse; psychosocial treatment; dual diagnosis; mental illness, 8363
interdisciplinary approach; obesity; cognitive-behavioral nutritional therapy; physical exercise; body weight; relaxation; psychosocial difficulties, 23167
interdisciplinary pain management program; rehabilitation clinic; chronic pain; patient functioning; analgesic drug elimination; pain; treatment outcome; cognitive behavioral therapy, 17122
interdisciplinary team; rehabilitation planning; rehabilitation staff; neurorehabilitation; International Classification of Functioning; ICF, 15080
interdisciplinary teamwork; palliative care programs; medical students; hospice setting, 8800
interprofessional education; health care professionals; student attitudes, 23924
mind; contemporary hospital treatment; length-of-stay; inpatient treatment program; biopsychosocial approach, 5662
motor neurone disease patients; developing user involvement; interprofessional services planning; community development; research forums; service quality reforms; virtual user forum, 35372
multicultural multilingual students; language based curriculum; thematic bilingual curriculum; functional communication; group therapy; children; speech-language pathologist; special education teacher, 26988
multidisciplinary rehabilitation program; patient characteristics; predictors; community integration; traumatic brain injury, 2488
multidisciplinary team approach; teamwork components; staff meetings; cost-effective; mental health care; health care delivery; elderly psychiatric benefit; care giver benefit, 29592
multidisciplinary team; attention deficit hyperactivity disorder; treatment effectiveness; child psychiatry, 1918
multisystemic treatment; child welfare services; antisocial behavior; home-based intervention; community-based intervention, 35802
panic disorder; hospital emergency departments; misidentification; mismanagement; integrated models of care; health care costs, 35838
patients views; homeopathy; complementary care; orthodox medical care; holistic approach; therapeutic relationship; empathy, 29456
pediatric residential treatment; psychopharmacology; psychiatric disorders; chronic mental illness; team approach; patient needs; children; adolescents, 23587

primary care setting; treatment patients; treatment time; medical costs; psychophysiological treatment; irritable bowel syndrome; biofeedback therapist; noncardiac chest pain; complete treatment, 26460

primary care; clinical psychology interests; training programs; behavioral health care; interdisciplinary team; predoctoral internship, 5766

rehabilitative hospital; multidisciplinary team; fall prevention; hospital injury; risk factors; at risk population; hospital stay, 29766

single model trap; model integration; assertive community treatment; ACT; psychiatric rehabilitation; rehabilitation model; case management technology, 17419

special education; residential treatment; residential schools; children; adolescents; multidisciplinary collaboration, 23569

team member attitudes; community-based teams; interdisciplinary collaborative teams; interprofessional collaboration; job satisfaction; complex primary-care patients; quality of care; communication, 35365

trauma focused psychotherapy; chronic posttraumatic stress disorder; PTSD; drug therapy; prolonged exposure therapy, 1937

traumatic brain injury; personality disorders; cognitive impairment; pain management; posttraumatic chronic pain; mood disorder; anxiety disorder; multidisciplinary pain management; comorbidity, 29213

value perceptions; integrative health care; primary care physicians; professional clinical counselors, 26842

Interdisciplinary Treatment Approach—Chapters

Anxiety disorders in adults: Pharmacological interventions and collaborative considerations, 5366

Collaborative care for injured victims of individual and mass trauma: A health services research approach to developing early interventions, 1972

Psychosocial dimensions of gastrointestinal disorders, 8170

Interest Inventories—Serials

construct validity; interest scales; Strong Interest Inventory; Campbell Interest and Skill Survey; convergent validity, 33604

Expanded Skills Confidence Inventory: E-SCI; vocational interests; interests; educational aspirations; career & academic major preferences; self efficacy; test validity, 231

nonmetric multidimensional scaling; hierarchical cluster analysis; Strong Interest Inventory; classification system; occupational structure, 30111
private self-consciousness; vocational interest, 9066

Interest Patterns [See Interests]

Interests [See Also Occupational Interests]—Serials
aquariums; visitors; learning; prior knowledge; interest, 21368

being interesting; challenges; manuscripts; authors; reviewers; editors, 7297

change in investment; socioemotional selectivity; gerotranscendence; disengagement theory of aging; activities; interests, 25082

college students; college major; interest; learning education words; business vocabulary words, 5900

computer training; computer experiences; training interests; psychosocial rehabilitation program; computer use; psychiatric disability; psychiatric patients, 17470

discourse; sovereignty; tino rangatiratanga; Aotearoa; Maori versus colonial interests; race relations; race talk; nationhood, 34480

employees ownership; affective organizational commitment; employees' perceptions; company shares; profit sharing; financial participation; motivation, 6027

gender differences; adolescent academic achievement; interests; values; life-role expectations; age differences, 33130

high school students; epistemological understanding; topic interest; belief change, 20840

human subjects research; privately sponsored research; individual financial conflicts of interest; federal disclosure regulations; institutional policy development; guidelines, 23736

human subjects research; trust preservation; institution financial conflicts of interest; recommendations; commercial research sponsors; public concerns; disclosure, 23735

intervention program; program participants; residential program; outcome differences; science activities; high school; ethnic status; high achievers; nonminority girls; minority girls, 5905

knowledge; interest; strategic processing; special education; special education majors; undergraduates; graduate students; special education faculty; expertise; Model of Domain Learning, 36039

night sky watching attitudes; college students; student interest; student enjoyment; student mood improvement; student thoughts; noctaelador; emotional attachment, 15339

night-sky watching behaviors; noctaelador; underlying factor; attitudes; college students, 7660

Interests—Serials

Volume 91 SUBJECT INDEX

Interests—Serials

performance; emotions; working; real-time correlates; within-person hypothesis; task difficulty; task skill; task interest; task effort, 27045
positive affect; joy; interest; psychological well-being; functionality; health, 25090
pragmatic language impairment; social relationship deficits; Williams syndrome; Downs syndrome; specific language impairment; interests, 35200
psychological research; undergraduate students; interest predictors, 27392
reinforcement learning; brain modeling; optimal control; Kalman filter models, 27797
romantic fantasies; personal power; interest; women; gender differences, 1272
Rothwell-Miller Interest Blank; scoring error; occupational psychologists; psychological tests; self-managed work; job allocation systems, 24313
social interest development; young adults; gender; birth order; family functioning; Self-Report Family Inventory; Social Interest Scale, 990
social interest; adolescent mentors; student volunteer mentors; cross-age mentoring; connectedness, 2698
social interest; coping resources; elementary students, 34320
structural hole brokerage; consortia; emergence; maintenance; dissolution; individual interests; relationships; homophily; trust; threats; interests; differentiation; integration, 31487
task interest; purpose goals; actual performance; assigned goals; adopted purpose goals, 7711
unusual child and adolescent sexual behavior; sexual interests; intervention; fantasy; postpubescent minors; developmental processes, 31240
Interests [See Also Occupational Interests]—Chapters
Interest, identity, and social functioning: Central features of modeling activity, 23857
Interethnic Communication [See Cross Cultural Communication]
Interethnic Family—Serials
mental outcomes; behavioral outcomes; inter-ethnic adoptees; interethnic adoption; institutionalisation; psychological problems; behavioral problems; risk factors, 25169
transracial adoption; minority foster recruitment; Multi-Ethnic Placement Act; Interethnic Adoption Provisions; transracial placements; support services, 5599
Interethnic Marriage [See Exogamous Marriage]
Interference (Learning) [See Also Latent Inhibition, Proactive Inhibition, Retroactive Inhibition]—Serials
age differences; localized attentional interference; spatial separation; visual field; older observers; younger observers; age distance interaction; attention, 15969
Alzheimer's disease; executive function ability; task instruction; inhibitory deficits; interfering effects; shifting disabilities; Stroop Test, 35248
bilingualism; age differences; inhibitory mechanisms; Stroop test, 21980
contextual interference; handwriting skill acquisition; practiced writing, 28090
dual tasks; single tasks; invisible primes; target-directed control settings; spatial memory; automatic processing; non conscious priming; task interference, 30699
facial memory; facial overshadowing; recognition criterion; verbalization; verbal description; identification performance; memory trace; implications for eyewitnesses, 24487
gender congruency effect; picture word interference; gender marked free-drawing & bound morphemes; distraction; noun gender; naming; Croatian, 361
gender differences; articulatory interference; spatial interference; matrix navigation; landmark based instructions; Euclidean based instructions, 6592
inhibitory properties; spatial attention; brain damage; brain lesions; posterior parietal lobe, 20068
interference effects; grasping objects; visual target; proprioceptive input, 18598
interference score; Stroop test; word reading; neuropsychological model; brain lesions; suppression; color naming; mental disorders, 27331
interference; forgetting; retrieval; memory, 3383
interference; neuronal circuitries; inhibitory control mechanisms; working memory capacity; item recognition, 9866
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 394
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 377
lithium chloride; conditioned taste aversion; associative interference; contextual discrimination learning; fluid ingestion; rats, 3936
mental attention; gifted children; mainstream children; mental attention capacity; cognitive inhibition; speed of processing, 18919

modality affect; serial recall; auditory modality; input serial position; output serial position; interference, 18374
multi-source interference task; dorsal anterior cingulate cortex; dACC activation; functional magnetic resonance imaging; cognitive interference, 12816
neural correlates; dual task interference; masking interference; attentional blink; functional magnetic resonance imaging; fMRI; rapid visual stream; regional cerebral blood flow, 6941
overlapping dual task interference; functional neuroanatomy; brain activation; magnetic resonance imaging, 6984
paired-associate learning; muscarinic cholinergic receptors; proactive interference; word pairs; memory; scopolamine, 12802
Pavlovian backward conditioning; outcome specificity; instrumental transfer; learning retardation; conditioned inhibition, 9760
proactive interference; cues; first-order Pavlovian conditioning; extinction; rats, 461
proactive interference; implicit memory; fragment completion performance; study-test awareness; retroactive interference, 18396
proactive interference; positive words; negative words; word recall; spontaneous encoding; emotional valence, 21369
psychological refractory period; stopping; control; stimulus processing; starting; interference; responses; response inhibitions; response terminations, 373
reinstatement; causal learning; context change; interference, 414
response shifting; inhibition; heavy alcohol consumption; chronic alcohol abuse; cognitive deficits; working memory; interference; alcoholic participants; Korsakoff's syndrome, 19665
saccades; dorsal-stream visual processing; ventral-stream visual processing; saccadic eye movements; cognitive processes; interference effect; visual subsystem, 24365
semantic distractor effects; phonological distractor effects; picture naming, 28005
spoken sentence production; horizontal information flow; picture word interference; temporal overlap; word activation; semantic information; phonological information, 18875
stop signal inhibition; distractor interference; behavioral inhibition; flanker task; Stroop task, 24371
timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 3361
timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 371
working memory capacity; interference; verbal & spatial serial order, 24509
working memory; human information storage; modality specific effects; peripheral subsystems; central processing; inhibitory control; verbal memory; visuospatial memory, 6612
Interference (Learning) [See Also Latent Inhibition, Proactive Inhibition, Retroactive Inhibition]—Chapters
Cognitive stimulation and interference in idea-generating groups, 1198
Interferons—Serials
autism; nitric oxide; interferons; cytokines; immunology; pathophysiology, 16539
chronic injection treatments; interferon alpha; locomotor activity; latent inhibition; dopamine system; taste aversion; rats, 551
depression; paroxetine treatment; interferon-alpha; tryptophan; kynurenine; neopterin; indoleamine-2,3-dioxygenase; metabolism, 8489
functional neuroimaging; neuropsychiatric symptoms; side effects; interferon; hepatitis C; fatigue; depression; at risk population; neural substrates, 29482
herbal medicine; interferon-induced psychiatric complications; chronic hepatitis C; depression; microcirculation, 29478
incidence; pathophysiology; depression; interferon alpha treatment; malignant melanoma, 20486
interferon- γ ; IFN- γ ; interferon production; rabbits; behavioral correlates; endocrine correlates; exogenous testosterone; peripheral blood mononuclear cells; season; social rank; plasma corticosterone, 21765
narcolepsy; alpha-interferon; gene polymorphisms; neuropsychiatric disease; sleep disturbances; daytime sleepiness; cataplexy; human leukocyte antigen; HLA-DR2, 20076
neuropsychiatric symptoms; hepatitis C; neuropsychiatric side effects; psychiatric treatment; major depression; ribavirin; interferon alpha; Beck Depression Inventory; antidepressant therapy, 5437
neurotransmitter changes; neuropsychiatric side effects; positive therapeutic effects; opioid receptor antagonists; neurobiological correlates; neuropsychiatric syndromes; interferon-alpha; treatment, 11554

Intergenerational Relations—Serials

prefrontal cortex; hippocampus; striatum; monoamine turnover; diclofenac sodium; non steroidal anti inflammatory drug; interferon; major depression; side effects; serotonin, 14138
serotonergic neurotransmission; pathophysiological mechanism; serotonin-specific reuptake inhibitors; psychiatric comorbidity; mirtazapine; multiple sclerosis; hepatitis C, 11549
suicidal ideation; interferon treatment; chronic patients; hepatitis C patients; major depression, 25788
Intergenerational Relations—Serials
adolescent-adult relationships; parents; teachers; home environment; school environment; academic growth; prediction; math achievement; high school students; adolescent perceptions, 26925
adult children; older parents; dyads; intergenerational solidarity; relationship quality; generation gap, 25283
adult-adolescent sexual relations; adolescent sexual experiences, 10258
Bruce Rind; psychological effects; intergenerational sex; history; culture; biological changes, 10125
code switching; inter generational communication; acculturation; immigrants; family conversations; grandparents; grandchildren; parents, 15873
daily consequences; widowhood; parent child relationship; caregiving; intergenerational transfers; daily household activities; gender role, 31354
elder respect; young adults; intergenerational relationships; cross-cultural differences; college students, 34616
elderly parent; ethnocultural diversity; intergenerational support relations; young adulthood; home sharing; collectivist systems; socio-demographic factors; co-residence attitude; aging families, 16062
emotion; thought; intergenerational program; reading-writing program; eighth-grade students; language arts students; elderly volunteers; informants experiences, 20813
family experiences; intergenerational gaps; immigration; parenting stress; perception; family relationships; cultural change, 34429
family processes; three-generation households; satisfaction; adolescent mothers; attitudes; father involvement; family systems perspective; grandmothers; African Americans, 4136
family structure; intergenerational financial exchange; adult nonresident children, 13328
intergenerational ambivalence; adult children; parent child relations; autonomy, 31391
intergenerational closure; family-community ties; adolescent lives; behavioral genetics; extrafamilial social networks, 13149
intergenerational contact; intergenerational attitudes; adolescents stereotypes; older people stereotypes, 25277
intergenerational differences; filial responsibility; parent care; care expectations; willingness attitude; socialization, 31355
intergenerational exchange patterns; aging; parent-child relationship, 28247
intergenerational interdependence; mid-life couples; help exchange; children; aging parents, 28246
intergenerational programs; classroom activities; intergenerational activities, 29933
intergenerational relationships; adolescent development; emotional separation; parent-adolescent relationships; ethnic groups; individuation process; developmental theories, 30383
intergenerational relationships; horticulture therapy; older adults; program evaluation; learning skills; Senior to Senior Living Lessons; minorities; senior college students, 28140
intergenerational relationships; young adulthood; life course; mental health; personality correlates; parent-child relationships, 4222
intergenerational transmission; trauma; war; state terror; memory; development; traumatic experiences; holocaust survivors; past; history; psychoanalytic theory, 1301
intergenerational triads; grandparent headed families; caregivers; grandchildren; grandmothers; well being, 19056
mental health; intergenerational exchange; Jewish Israelis; older adults, 25098
mother-adult child relationship; therapeutic counseling; clients; painful relationships; mothers; family therapy; father, 35422
mutual assistance; social exchange; family relationships; intergenerational relations; Filipino Americans; African Americans; Latinos; Cambodian Americans; extended family, 7527
parental divorce; young adult children; intergenerational exchange; past experience; traumatic experience; resolution process; gender differences, 31363
psychological consequences; mid-life women; social comparisons; self-esteem; family responsibilities; career accomplishments; peers; intergenerational social comparison, 31408

Volume 91 SUBJECT INDEX

Intergenerational Relations—Serials

psychometric properties; intergenerational conflict; Intergenerational Congruence in Immigrant Families-Parent Scale; immigrant families; Chinese American immigrant parents; conflict amelioration, 14990
quality of life; intergenerational relations; life satisfaction; well-being; family support; filial piety; mutual care, 16060
television reruns; culture; society; cross generational information; social continuity; collective memory; television viewing, 15899
young women; sexual risk behavior; intergenerational family relations, 22103

Intergenerational Relations—Books

Other people's kids: Social expectations and American adults' involvement with children and adolescents, 4090

Intergenerational Relations—Chapters

Interactions between juveniles and adult males in vervets: Implications for adult male turnover, 3552
Mediation in cognitive socialization: The influence of socioeconomic status, 1026

Intergenerational Transmission [See Transgenerational Patterns]

Intergroup Dynamics—Serials

alliance formation; inter alliance rivalry; alliance competition; group dynamics; competitive engagements; firm specific variables, 6038

attribution; conformity; out-group; human emotions; intergroup relations; infrahumanization, 7649
behavioral tendencies; social categorization; fear-related behaviors; emotional reactions; world trade center; appraisal theories; terrorist attacks; outgroup members; September 11, 2001, 4346

bias; objectivity; divergent perceptions; self vs. others; self perception; social perception; dispositional inferences; intergroup conflict, 28426
cognitive busyness; evaluative information; recall; impression formation; information processing; intergroup context, 34596

collective action; intergroup relations; environmental activism; efficacy, 19110
conflict management strategies; dual identity perceptions; separate groups perceptions, 19107

cross-group friendships; prejudice; outgroup variability; Catholics; Protestants; judgments; ingroup; outgroup, 28402

direct political action; intergroup relations theory; African Americans; church resources; socioeconomic status; group consciousness; group identification, 19105
discontinuity effect; intergroup relations; individual relations; competition, 34619

emotional prejudice; essentialism; nationalism; ingroups; outgroups; infra-humanization, 7602

ethnic identification; psychological well-being; intergroup competence; biracial individuals; Black-White individuals; Black-White individuals, 19039

facial expressions; social categorization; racial prejudice; African Americans; facial affect; race categorization; European Americans, 25299

goal interdependence; team performance; cooperation; independent goals; competitive goals; effective teamwork; organizational citizenship behavior; in-role; extra-role performance, 25286

group cohesion; opinion certainty; consensus estimations; attitude projections; ingroup outgroup, 25270

group size; group status; intergroup attitudes; majority groups; minority groups; intergroup contact familiarity, 28396

heterosexual ambivalence; heterocentric norms; intergroup discomfort; gay male; straight male, 28390

human aggression; interaction types; group aggression; individual aggression; interindividual intergroup discontinuity; intergroup interactions; trait aggressiveness; situational influences, 28399

implicit partisanship; group identification; group attraction; non-human group members, 31505

ingroup outgroup members; black sheep; group processes; social identity; ingroup deviance; group disidentification, 4347

inter-racial marriage; inter-ethnic marriage; intergroup marriage; intergroup interaction; socioeconomic status, 34488

interethnic contact & learning & attitudes; curriculum; first year college students; education; racial attitudes; extra-curricular programming; intergroup attitudes; Brown v. Board of Education, 36055

interethnic friendships; implicit bias; explicit bias; social desirability; African Americans; Latinos; self report measures; prejudice attitudes, 25250

intergroup bias; implicit theory; social identity; intergroup judgment; prejudice; racial attitudes, 31486

intergroup conflict; self-directed negative affect; out-group derogation, 19111

intergroup contact model; Common Ingroup Identity Model; intergroup friendship; interpersonal relations; Anglo-French; Mexican-Americans, 25263

intergroup contact; political predispositions; prejudice; intergroup emotions; social dominance; stereotypes; African Americans, 31496

intergroup contrast; automatic behavior; behavioral contrast; outgroup stereotypes; personality trait, 22296

intergroup learning; intergroup differences; enlightenment-encounter, 36191

intergroup perception; in-group bias; fair mindedness; minority groups; majority groups, 31513

intergroup relations; ingroups; outgroups; information processing; bias, 25257

intergroup relations; intergroup conflict; emotions; social cognition; intergroup bias; prejudice; automatic intergroup attitudes, 25261

intergroup similarity; cultural threat; interpersonal traits; immigrants; intergroup relations; prejudice; group conflict; group perception; stereotyped attitudes; personality traits, 10513

intragroup interaction; group cohesion; intergroup bias; ingroup outgroup, 28403

intrinsic motivation; recreational activities; intergroup competition; cooperation; performance; enjoyment, 22297

judgmental differentiation; intergroup differentiation; social identity theory; intergroup relations; reactive distinctiveness; reflective distinctiveness; group identification, 22287

metatheory; social identity research; theorists; intergroup behavior; motivation; self-categorization, 25236

mutual acculturation; social categorization; intergroup bias; interracial classrooms; ethnic identity, 31239

perceived importance; intergroup contact; prejudice reduction; intergroup acquaintances; intergroup contact; friends; intergroup evaluations; measurement; meaning; meta-analysis, 31518

power; power distributions; interpersonal comparison; positive distinctiveness; group differentiation; decision-making task; power differences; out-group members; ingroup members, 13427

psychosociological anchoring; social representations; structural dynamics; symbolic intergroup relations; heterosexual couple; homosexual couple; structural representation, 22316

race relations; higher education; cooperating learning technique; jigsaw classroom; racial discrimination; intergroup relations, 36200

regulatory focus; situational differences; individual differences; intergroup bias; emotionally expressed bias; behaviorally expressed bias; promotion focus; emotions; ingroup; outgroup; avoidance, 19150

school bullying; child attitudes; group status; rule legitimacy; rule consistency, 34351

social identification; intergroup orientation; self-conception; social identity; social groups, 7600

social identity perspective; intergroup relations; self-conception; small groups; social psychology; group membership; group processes, 25268

social identity; elementary school intervention; school integration; social experiences; educational experiences; intergroup relations; Brown v. Board of Education; desegregation, 36186

social origins; alliance formation; alliance origin effect; alliance performance; individual ties; biopharmaceutical R&D alliances; embeddedness approach, 12309

status difference; group status; group performance; responses to common fate, 1183

subjective group dynamics; children's judgements; ingroup; out-group, 18945

Theory of Realistic Conflict; competition; institutional settings; intergroup status; decisions; interdependence; ingroup; out-group, 7611

three-factor model; social identity; dimensionality; centrality; ingroup affect; ingroup ties, 31467

vigilance; evaluative concerns; intimacy-building behaviors; dominant group members; intergroup interaction; outgroup orientation; racial ingroup identification; prejudiced racial attitudes, 34618

within-group discussion; intergroup conflicts; collective effort; in-group members; team games; between group communication; conflict resolution; group competition; group incentive, 16247

Intergroup Dynamics—Chapters
Continuities and contrasts in American racial politics, 10521

The effects of television on a group vitality: Can television empower nondominant groups?, 16261

Leadership in a diverse workplace, 2883
A perspective looks at the past, present, and (perhaps) the future of intergroup relations: A quixotic defense of system justification theory, 10518

Why tell if you're not asked? Self-disclosure, intergroup contact, and heterosexuals' attitudes toward lesbians and gay men, 4290

Interhemispheric Interaction—Chapters

Interhemispheric Interaction—Serials

bimanual coordination; alcohol-exposed children; corpus callosum; prenatal exposure; fetal alcohol spectrum disorders; motor activity coordination; interhemispheric interaction, 28873

chicks; sex differences; brain lateralization; spatial encoding and memory; hemispheric processing; landmark and geometric information, 34074

cognition; hemispheric activation; tympanic membrane thermometry; ear temperature, 21560

corpus callosum; interhemispheric communication; placental mammals; sensory cortices; midline fusion; brain lateralization, 12797

exaggerated redundancy gain; split brain; hemispheric co-activation; corpus callosum, 34051

executive control; brain systems; neuroimaging; working memory; attentional processes; attentional selection; behavior; language function; verbal goal representations; brain systems interaction, 15286

interhemispheric communication; emotional stimuli; happy faces; angry faces; across-field advantage; individual differences; situational factors; evaluation conditions; visual fields, 33652

interhemispheric communication; menstrual cycle; progesterone levels; behavioral measure; negative affect; menstrual phase; mood variables, 30917

interhemispheric differences; emotional responses; skin conductance responses; visual fields; emotional stimuli, 34035

interhemispheric interaction; bilateral redundancy gain; bilateral stimulation; letter trigram recognition; performance; errors, 594

interhemispheric interaction; global lateral processing; mathematically gifted adolescents; average ability youth; college students, 18612

interhemispheric processing; intrahemispheric processing; visual ERPs; corpus callosum; anterior commissure; agenesis; interhemispheric transfer time; transmission; N100; P300; latency; amplitude, 18633

interhemispheric transfer; redundancy gain; visual field; reaction time; corpus callosum; colostomy, 8227

interhemispheric visuo-motor integration; neural correlates; reaction time; crossed responses; uncrossed responses; crossed-uncrossed difference; cerebral cortex, 12846

lateralized lexical decision; schizophrenia; hemispheric specialization; interhemispheric lexicality priming; word recognition, 7889

neural gate keeping; interhemispheric interactions; resource allocation; selective filtering; corpus callosum; selective attention, 18592

parallel interhemispheric processing; aging; alcoholism; corpus callosum size; reaction time, 8024

perceptual deficits; executive deficits; chronic schizophrenia; intentional tasks; attentional tasks; visual orientation; motor set; precuing; interhemispheric asymmetry, 22538

personal neglect disorder; crossed aphasia; finger agnosia; acalculia; cerebral damage; right/left confusion, 1861

self-paced movement; bilateral sources; movement related potentials; readiness potential; supplementary motor area; primary motor cortex; readiness potential; subthalamic nucleus; ipsilateral cortex, 35620

semantic processing; interhemispheric transfer; lexical decision; visual field; word association; semantic priming; stimulus onset, 9846

sensory temporal thresholds; interhemispheric transfer times; multiple sclerosis; outcome measure; cerebral lateralization; sensory stimulation; tactile stimulation; visual stimulation, 4976

sleep architecture; degree of handedness; college women; home sleep monitor, 21767

visual perception; foveal representation; cerebral hemisphere; brain stimulation, 34041

visual word recognition; interhemispheric transfer; cerebral hemisphere; foveal vision; visual field; right brain; symmetry detection; left brain; object perception, 15194

Interhemispheric Interaction—Books
The parallel brain: The cognitive neuroscience of the corpus callosum, 15607

Interhemispheric Interaction—Chapters
Agenesis of the corpus callosum, 14953

Alexithymia as a consequence of impaired callosal function: Evidence from multiple sclerosis patients and normal individuals, 16852

Brain size: A possible source of interindividual variability in corpus callosum morphology, 15625

Callosal axons and their development, 15624
Clinical neuropsychological assessment of callosal dysfunction: Multiple sclerosis and dyslexia, 16370

The corpus callosum equilibrates the cerebral hemispheres., 15629
Corpus callosum morphology in relation to cerebral asymmetries in the postmortem human, 15608

Effects of partial callosal and unilateral cortical lesions on interhemispheric transfer, 15631

The evolution of the concept of interhemispheric relay time, 15610
 Forebrain commissures: Glimpses of neurons producing mind, 15618
 Functions of the corpus callosum as derived from split-brain studies in cats, 15633
 Interhemispheric abnormalities in schizophrenia and their possible etiology, 16447
 Interhemispheric visuomotor activation: Spatiotemporal electrophysiology related to reaction time, 15682
 Optic aphasia and pure alexia: Contribution of callosal disconnection syndromes to the study of lexical and semantic representation in the right hemisphere, 16856
 Parallel processing in the bisected brain: Implications for callosal function, 15634
 The role of homotopic and heterotopic callosal connections in humans, 15613
 Stable and variable aspects of callosal channels: Lessons from partial disconnection, 15623
Interhemispheric Transfer [See Interhemispheric Interaction]
Interior Design—Serials
 interior design; waiting area; hospital environment; nouveau vs traditional; environmental appraisals; stress; arousal; satisfaction; pulse readings; neurological outputs, 3049
 store environment; emotions; retailing; behavior tendencies; consumers; store complexity; store order, 12336
 workplace identity: office decor; corporate office environment; social categorizations; employee status; employee distinctiveness; management prototypes; top-down processes; bottom-up processes, 14722
Interleukins—Serials
 alexithymia: serum levels; cytokines; interleukin; psychiatric symptoms; age difference, 16379
 alexithymia: serum levels; interleukin-4; interleukin-1; interleukin-2; interleukin-3; feelings; healthy women, 24751
 animal model; psychological stress; role of interleukin-6; emotional behaviour; body temperature; hyperthermia; open field behavior; mice, 670
 bed nucleus of the stria terminalis; noise; interleukin; medial prefrontal cortex; physical stressors; plasma adrenocorticotropic hormone; hypothalamic pituitary adrenal axis; rats, 21563
 brain lesions; interleukin-10; excitotoxic brain lesion; glutamatergic analogue ibotenate; cytokines; intracerebral ibotenate; mice, 21638
 cytokine secretion; interleukin beta; tumor necrosis factor-alpha; major depressive disorder; dysthymia; children; adolescents; depressed adult patients, 16393
 cytokines; genes; interleukin-1; polymorphisms; schizophrenia; disease susceptibility, 4657
 cytokines; major depression; antidepressant treatment; acute stress; chronic stress; interleukins; immune parameters, 35554
 depressive symptoms; inflammatory response; influenza; vaccination; community mental health; older adults; interleukin 6, 2333
 hypothalamo-pituitary adrenal system; immune system; cytokine levels; interleukin; depression, 4604
 interleukin-1 signaling: receptor antagonist expression; prefrontal cortex; schizophrenic patients; brain pathology; parietal cortex; putamen; hypothalamus, 7909
 interleukin-1 β gene: IL-1 β ; schizophrenia; pathophysiology; cytokines; immune system, 22570
 interleukin-6-deficient mice; audiogenic seizures; neurotransmitter amino acid levels; brain areas; disorder susceptibility, 24667
 interleukin-6; rat sleep; cytokines tumor necrosis factor; TNF; interleukin-1; IL; antibodies; non-rapid eye movements sleep; sleep regulation; sleep modulation; neuroimmune, 3912
 interleukin: rats; repeated administration; chronic administration; box escape learning; depression; anxiety; brain biogenic amines; behavioral changes; social exploration; locomotor activity, 7154
 interleukins: risk factor; Alzheimers disease; amyloid plaques; neurodegeneration; polymorphism; genotype; pro-inflammatory cytokines, 35274
 knock-out interleukin-6; seizure susceptibility; convulsant stimuli; animal strain differences; mice, 27874
 major depression; older persons; interleukin-6; tumor necrosis factor; C-reactive protein; inflammatory markers, 1440
 monocyte function; major depression; dysthymia; monocyte count; monocyte subsets; respiratory burst activity; phagocytic index; interleukin; tumor necrosis factor production; depressed patients, 16415
 prenatal infection; schizophrenia; cytokines; neuron development; interleukin; tumor necrosis factor; dendritic development; cortical neurons, 27735
 psychological stress; wound repair; surgery; interleukins, 2284

receptor expression; liver interleukin-6 receptor-alpha; animal sex differences; ethanol-consuming rats; gene expression, 33996
 religious participation; interleukin-6; mortality rates; older adults; religious attendance, 34383
 risk of schizophrenia; maternal cytokines; interleukins; adult offspring; tumor necrosis factor, 25616
 systemic infection; cognitive decline; Alzheimer's disease; interleukin 1beta, 22952
 tumor necrosis factor- α ; genes; polymorphisms; chronic schizophrenia; cytokines; genetic markers; genotypes; alleles; risk factors, 7906
 unipolar major depression; cerebrospinal fluid interleukin; cytokine interleukin-6, 22483
Intermarriage [See Exogamous Marriage]
Intermediate School Students—Serials
 bullying; fifth graders; sixth graders; seventh graders; parochial school, 9023
 students' interpretation; students' contribution; computer-mediated discussions, 20856
Intermittent Explosive Disorder [See Explosive Disorder]
Intermittent Reinforcement [See Reinforcement Schedules]
Internal Consistency [See Test Reliability]
Internal External Locus of Control—Serials
 African Americans; high school seniors; educational aspirations; high school teachers; preservice teachers; inservice teachers; locus of control, 9009
 aging; vision loss; primary control; secondary control; macular degeneration; functional ability; adaptation; positive affect; visually impaired older adults, 16870
 alcohol-related beliefs; God beliefs; Higher Power control beliefs; locus of control; recovery; Alcoholics Anonymous; satisfaction with life, 5695
 alexithymia; adult attachment style; internal-external locus of control; medical students, 1376
 ambiguity tolerance; psychological mindedness; magical thinking; magical ideation; locus of control; personality variable; cognitive style, 25320
 career ladders; labor markets; knowledge workers; external market; market forces, 24020
 carotid atherosclerosis; ambulatory blood pressure; demand; control; stress, 11214
 Chinese translation; Nowicki-Strickland locus of control scale; psychometric properties; scale reliability; scale validity, 30386
 communication apprehension; communication competence; desire for control; self-perceived communication; willingness to communicate, 25370
 cultural experiences; motivational effects; academic effects; indigenous minority students; self-esteem; locus of control, 14628
 depression; perceived control; life satisfaction; university students; Central-Eastern Europe; Western Europe; psychological well-being, 19217
 disease severity; psychosocial adjustment; primary control perceptions; secondary control perceptions; Parkinson's disease; prediction; depressive symptomatology; life satisfaction, 1862
 dopamine metabolism; personality trait; locus of control; individual differences; breast cancer, 35232
 economy; psychosocial variables; individual differences; locus of control; economic beliefs, 19161
 emotional exhaustion; positive orientation; active coping strategies; government employees; task complexity; resource levels, 9099
 entrepreneur personality factors; locus of control; achievement need; entrepreneurial values; cooperative entrepreneurship; psychological attribute range; Andalusian cooperatives, 10576
 esteem maintenance among groups; group performance cognitions; self-esteem; perceived positive and negative outcomes; internal factors; external factors; rationalization; confidence in performance, 31529
 external control & problem-solving interventions; social skills training; adults with intellectual disabilities; effectiveness, 32241
 feedback seeking; self evaluation; perceived control, 7628
 gender differences; mastery; married parents; work relations; family relations; feelings of control; socioeconomic factors, 4395
 general & work specific self-evaluations; work-related control beliefs; job attitudes; individual differences; job satisfaction; organizational commitment; job involvement; healthcare employees, 27074
 group counseling; adjustment; self-confidence; emotional stability; internal-external locus of control; women college students, 2862
 health causal attributions; coping; internal health-related locus of control; medical power health-related locus of control; peritoneal dialysis patients; quality of life; end-stage renal disease, 19881
 health messages; locus of control beliefs; mammography utilization; screening, 29574

hockey; sports betting; gambling; prediction; randomness; monetary gains; sport expert skills; chance, 27121
 individualism; collectivism; self-esteem; life satisfaction; feelings of mastery; Turkish university students; Turkish academicians; cross cultural differences; cultural experience, 16302
 institutional change; personal control; environmental satisfaction; prison; prison environmental; institutional management; minimum-security facilities; gangs, 17482
 intent to recommend; behavioral intent; consumer satisfaction; service provider; service exchange; perceived control; proxy control; action control; perceived fairness, 27167
 internal control perception; behavioral category; utilitarian behaviors; moderated relationships; hedonic behaviors; noncognitive moderator; cognitive moderator, 9185
 internal support; external support; preschool children; event planning; enabling events; logically linked events; conventional events; arbitrarily linked events; invariably sequenced projects; plans, 17668
 internal/external frame of reference; math self-concept; verbal self-concept; cross-cultural generalizability; educational implications; social comparison theory; cross-cultural study, 13241
 intrinsic religiosity; organ donation; extrinsic religious orientations; intrinsic religious orientation; personality inventories; social orientations; mature religiosity, 13490
 judgmental biases; anchor value; anchor source; insufficient adjustment; self-generated anchor; adjustment-based anchoring; social judgment; value anchoring; uncertain anchors; social judgment theory, 19137
 locus of control; outside forces; cynicism; individualism; self-serving bias; school achievement; self-control; depression, 34722
 locus of control; treatment amenability; risk assessments; juvenile offenders; internal and external orientation, 32841
 locus of control; work knowledge; mentoring; career; decision making; racial minority; academic institution, 33230
 love of money; work-related attitudes; Republic of Macedonia; money profiles; budgetary control, 33289
 meaning; agency; end-of-life care; values; elderly interpretation; geriatrics; care terminology; mental constructs; advance directives; palliative care, 8806
 neuroticism; locus of control; depression; internality; powerful others; chance, 31559
 parental communication; consumer behaviour; family life; interpersonal communications; child attitudes; influence over purchases, 12333
 patient power; patient control; chronic fatigue syndrome; fibromyalgia; health care process, 35167
 perceived academic control; causal thinking; academic achievement; classrooms; control, 5830
 perceived control; adjustment; trauma; sexual assault; sudden bereavement; life satisfaction; depression; posttraumatic stress disorder; anxiety; stress, 28553
 perceived control; locus of control; preparatory information; acute pain stimulus; pain perception, 24378
 perceived locus of causality; self-determination; perceived competence; behavioral intentions; sports; exercise; physical education; motivation, 2970
 personal control; self-presentation; women's discrimination attributions; psychological costs; private reporting conditions; public reporting conditions; discrimination minimization; stigmatized, 28430
 personal stress; mental health; sense of control; older adults, 7484
 personality; subjective job stress; locus of control; type A/B behavior pattern; cross cultural psychology, 33279
 personalized fear; personalized control; emotional reactions; September 11 terrorist attacks; cognitive adaptation theory, 22158
 portfolio assessment; locus of control; special education students; middle school students; learning disabilities; mild mental retardation, 9473
 predictive control theory; pathological development; evolutionary context; pathological and normal populations; defense mechanism; self concept; splitting; threat; anxiety; perceived control, 19230
 pregnant smokers; health behavior; health beliefs; fetal health locus of control, 34582
 private self-consciousness; need for cognition; locus of control; obsessive thinking; internal state awareness; self-reflectiveness; Iran; US, 31570
 psychological distress; self-efficacy; elderly; Chinese women; health locus of control; chronic physical illness, 19883
 psychometric properties; Sleep Locus of Control Scale; chronic insomnia; test reliability; test validity, 21178
 psychosocial factors; medical factors; treatment-related factors; health locus of control; surgical patients, 20490
 retirement attitudes; male retirees; locus of control; retirement training; aging, 7482

Volume 91 SUBJECT INDEX

Internal External Locus of Control—Serials

self-regulation patterns; Big Five; personality dimensions; ego-control; ego-resilience, 34676
social activism; occupational experience; locus of control; well-being; Black midlife women, 31312
work locus of control; health; job satisfaction; gender differences; occupational stress, 17845

Internalization [See Also Introjection]—Serials

aging; internal struggles; internal conflicts; cultural values; nursing home placement; elderly; death; adjustment, 1296
anorexic adolescents; internalizing conditions; externalizing conditions; psychopathology severity; disease onset; binge subtype, 28956
body image dissatisfaction; appearance culture; adolescent attitudes; friend conversations; peer criticism; appearance magazine exposure; appearance ideals; internalization, 22077
college transition; internalization; self-verification; self categorization; social identity, 28486
coping; involuntary stress reactivity; interpersonal stress; health status; internalizing problems; sociotropic college students, 28458
cultural internalization; well being; integration; tricultural university students; individuals; cultural competence; egalitarian values; English Canadian; French Canadian, 13302
dissonance reduction; cognitive dissonance; dissonance theory; forced compliance; multiple value repertoires; values, 28438
dual pathway model of bulimia; sociotropy; body dissatisfaction; internalized social pressures; dietary restraint; negative affect; need for approval; fear of social rejection, 1732
emotional development; emotional self-regulation; internalization; emotional expression; age differences; self-reported feeling; emotions, 7424
externalization; internalization; early childhood; disadvantaged boys; emotionality; fearfulness; maternal control, 34329
internalization; social competence; substance initiation; gender moderation; preventive intervention; social assertiveness, 25892
internalizing antecedents; conduct disorder; externalizing disorders; behavioural patterns, 34995
language impairment; aggressive behavior; adult delinquency; conduct disorder youth; incarcerated youth; speech impairments; attention deficits; internalizing problems, 26011
marital conflict styles; parental dysphoria; internalizing symptoms, 19305
maternal attachment model; behavior problems; early childhood; internalization; externalization; insecurity, 22222
maternal depressive symptoms; child internalizing behaviors; disruptive behaviors; mother-child relations, 4568
narcissism; aggression; internalization; exploitativeness; exhibitionism; self esteem, 25075
negative emotions; risk factor; peer victimization; internalization; externalizations; risk factors; anger; aggression; emotional regulation; gender, 34333
perceived competence; preschoolers children; self perception; parental relations; peer relations; internalizing problems; parenting style, 25166
personal sense statements; internalization-externalization; sociocultural meaning; social message transformation; self talk; personal dialogue; specialized knowledge; sociogenic approach; mind, 9663
physical attractiveness; internalized oppression; multigenerational transmission; African American families; aesthetic preference, 34431
problem behaviour; attachment relationships; parental attachment; internalization; externalization; adolescents, 25002
problem solving; problem-solving activity; problem-solving process; individual differences; cognitive development, 917
psychoanalytic patient; parental figures; internalization; resistance to change; loss, 32408
psychological control; adolescent perceptions; early adolescence; adjustment; parent/adolescent dyads; adolescent perceptions; internalizing symptoms; externalizing symptoms; behavioral control, 1010
reality; punishment fantasies; internalization; depression; etiology; Oedipus complex; unconscious content; conflict resolution; self-representation, 28532
resilience; self control; personality traits; behavior problem; internalization; externalization; Five Factor Model, 25072
self perception; problem externalization; problem internalization; adjustment; competence; adolescent development, 22069
Sociocultural Internalization of Appearance Questionnaire; body dissatisfaction; eating disturbances; test validity; internalization; societal norms; sociocultural factors; risk factors; body image, 21118

temperament; internalizing problems; externalizing problems; preadolescence, 34352

Internalization [See Also Introjection]—Chapters

From classical to organic psychology: In commemoration of the centennial of Lev Vygotsky's birth, 3125
Intrapersonal communication and internalization in the second language classroom, 2805

Termination, posttermination, and internalization of therapy and the therapist: Internal representation and psychotherapy outcome, 2120

International Classification of Diseases—Serials

child and adolescent psychopathology; taxonomies; classification systems; anxiety; depression; inattention; disruptive behavior; DSM-IV; International Classification of Diseases, 31700
cognitive disability; motor disability; complex disability; International Classification of Functioning, Disability and Health; paediatric neuro-rehabilitation, 28540
depression; Latvia; International Classification of Diseases; psychiatrists; somatic distress; narratives, 16890
depressive episode; relapse; suicide: ICD-10; depression severity; depression: ICD-10 categorization; validity, 27316
environmental factors; disability; chronic health conditions; International Classification of Diseases & Related Health Problems & Functioning & Disability & Health; ICD-10; ICF; school aged children, 9463
functional psychoses; DSM-IV; ICD-10; prognosis; affective disorders; schizophrenia; transient/episodic psychoses; delusional disorders; long-term course, 28603
health care providers; International Classification of Diseases diagnostic codes; diagnostic code use; insurance industry; adult abuse; child abuse; elder abuse; woman abuse, 10946
health status; disablement experience; International Classification of Functioning Disability and Health; stuttering; International Classification of Impairments Disabilities and Handicaps; revision, 16579
International Statistical Classification of Diseases and Related Health Problems; psychiatric chapter; A Research Agenda for DSM-V; ICD-11, 7779
mixed anxiety-depression; anxiety disorders; depressive disorders; comorbid depression; major depression; remission; epidemiology; ICD-10; International Classification of Diseases, 22426
World Health Organization International Classification of Functioning; WHO ICF; long-term ill health; ICD-10, 1953
International Organizations—Serials
corporate support; male expatriate spouses; corporate policy, 20915
cost-minimization; international transfer; multinationals; country-of-origin; centralization; decentralization; cross-national personnel policy; human resource management; human resource management, 17830
cross-cultural adjustment; learning orientation; self-efficacy; socialization; family adjustment; workforce management; business executives, 36345
cultural influence; relationship cultivation strategies; multinational companies; culture; family orientation, 33296
foreign expansion; service industries; human capital intensity; foreign entry mode; expatriate staffing decisions; separability, 23952
global staffing systems; global HR systems; Agile Technologies; Dow Chemical Company; IBM; Motorola; Procter & Gamble; Shell Oil; standardized staffing tools, 17807
human resource management; human resource practices; multinational enterprises; firm performance; strategic human resource management, 23966
human resource management; multinational companies; business system; management-labour cooperation, 23962
human resource management; multinational companies; globalization; HRM policies; R&D personnel management; national differences; internationalization; competitiveness; recruitment; mobility, 17788
international joint ventures; IJV; knowledge management; value creation, 23979
international linkage strategy; electronics industry; multinational experience; joint ventures; strategic alliances; acquisitions, 36362
International Psychoanalytical Association; homosexuality; history; psycho; antihomosexual discrimination, 2677
internationalization; US; Internet portals; Yahoo; AOL; Lycos; Alta Vista; electronic commerce, 14789
internationalizing firms; international business; time; duration; internationalization process; knowledge accumulation; knowledge development; learning processes; foreign operations; business firms, 9117
management style; subsidiary companies; headquarters; multinational corporations; managers, 36314
multinational companies; international bank; national subsidiaries; moral standards; value management; ethics, 36403

International Relations—Serials

multinational organizations; work experience; worker well-being, 12296
national culture; managing director; international production; multinational companies; employment, 23965
national identity; Commonwealth member; esoteric concept, 31314
organizational culture; multinational organizational structure; organizational change process, 36404
palliative care initiatives; World Health Organization; International Association for Hospice & Palliative Care; Global Cancer Control Program; Pan American Health Organization; pain relief, 17292
primary health care; international aid workers; international non governmental organizations; expatriate technical experts; social inequality; privatization, 23545
psychiatry; World Federation for Mental Health; Henry Stack Sullivan; world peace, 21057
psychology; religion; International Association for the Psychology of Religion, 34448
psychophysiology; conference announcement, 32857
sexual orientation; international lesbian, gay and bisexual psychiatric movement; psychiatrists; Association of Gay and Lesbian Psychiatrists; World Psychiatric Association, 2662
team assessment; team effectiveness; across context evaluation; multinational organizations; cross cultural differences; test construction; test validity; multinational teams; international management, 3242
work-value model; managers; cross-cultural differences; Schwartz's motivational theory; international organizations; social styles; individual differences; work-value systems, 15119
World Health Organization; health promotion; public health modernization; health care policy; health reform, 14330
World Health Organization; mental health research; journals; scientific literature, 35659
International Organizations—Chapters
International perspectives on workplace diversity, 3011
Knowledge Management in Global Organizations: Implications for International Human Resource Management, 5977
Redefining interactions across cultures and organizations: Moving forward with cultural intelligence, 6058
International Relations—Serials
expected utility theory of war; temporal domain; political similarity; international conflict; international interaction game; Kendalls tau b, 16180
global violence; promoting world peace; violent conflict; global era; human sciences; compliant governments; compliant governments, 7507
international mental health development; cultural dominance; community mental health services; social knowledge construction, 11789
learning networks; legitimacy; multinational subsidiaries; international relations; organizational strategies; institutional structures; power; knowledge, 17877
military interventions; U.S. foreign policy; international crisis; cold war; policy makers; harmony; just war theory, 10297
national cultural values; process discrepancies; outcome discrepancies; international strategic alliances; systems dynamic model, 36385
network parenting; international service development; corporate strategy; corporate parenting; supply-chain networks; services management, 30218
North American Free Trade Agreement; national disintegration; sovereignty; socioeconomic variables; demographic variables; political preferences; NAFTA knowledge, 31287
political context; foreign policy; political decision making; international relations; domestic politics; psychological theories, 31400
political psychology; prospect theory; political science; political scientists; international relations, 31402
prospect theory; international relations; decision making; political behavior, 31397
public health crisis; injection drug use; harm reduction; supervised injection facilities; health promotion; international legal implications; implementation of trials; Canada; Australia, 2398
science; technology; society; international relations; education; collaboration fostering; problem solving, 31311
teaching; international relations; history; problem oriented curriculum, 33095
territorial disputes management; international conflict; political leaders; conflict behavior; national leaders; foreign policy; policy change; military expertise, 16182
terrorism; international conflict; Transcendental Meditation-Sidhi; crime prevention, 8903
trade Policy; economic analysis; Softwood lumber case; economic issues; export quotas; national welfare, 31320
United States policy; Islam; attitudes; religious orientation; Muslim Lebanese, 16118

conversation; conversational norms; unwritten communication rules; redundancy avoidance; need for cognition, 21965

Volume 91 SUBJECT INDEX

Interpersonal Communication—Serials

correct; exit; correctness; exitability; electronic media communication; negotiation; constructive action, 18044
cosmetology students; African Americans; language socialization; learning terminology; metacommunicative theory; discourse; becoming hair experts; classroom dialogues; hair salon communication, 9002
couple communication; support; cancer; psychological distress; relationship satisfaction; partner responses; breast cancer diagnosis; patient self disclosure, 32130
customer interaction; remote banking; technology; telephone banking; video-conferencing; operators; computer-based technologies; technology mediated communication, 2875
depression; marital dissatisfaction; marital communication style; sex differences, 10374
desire; Nepali love letters; romantic love; female literacy rates; gender hierarchies, 16245
direct discussion; interpersonal warmth; nonverbal expression; integrative decision making; China, 10508
doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 5560
doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 29615
elderspeak; older persons; family; friends; service workers, 25102
enuciation of no; sexual subjects; rape; homosexual advances; physical violence; sadomasochistic scenes; pleasure; performativity; performance; identity; identification; homosexual panic defense, 16215
executive coaching; deep interpersonal communication; coaching model; therapeutic intervention, 27019
experiential approach; cognitive-behavioral techniques; relaxation exercises; group interactions; personal meaning; inpatient milieu; aggressive acts; ongoing group, 8453
face metaphoric expressions; Face Theory; Akan cultural system; Akan communicative interaction; sociolinguistics; pragmatics; discourses; speech community, 27971
face-to-face talk; computer-mediated discussion enhancement; discussion content; collaborative process; primary school students; horror stories, 2753
facial emotions recognition; neuropsychiatric disorders; interpersonal communication; neural substrates, 35298
family communication patterns; family scripts; breast cancer; ovarian cancer; family history; genetics, 26098
family functioning; family members; anorexia nervosa; family communication style; eating disorders; disagreements, 22762
female incarcerated adolescents; language problems; communication behaviors; school learning; correctional facility, 13851
friends; sex-related communication; emerging adulthood; adults communication; sexual attitudes; sexual behaviors; adolescent development, 28485
gender role; Tannen Model; gender; communication; gender differences; message interpretation, 25191
group communication; group competition; digital communities; web-based interaction; text messaging, 30303
health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; advanced directives, 11794
health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; health care providers, 11795
health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; advanced directives, 11806
health professional views; sexual discussion with patients, 17488
illness-related narratives; marriages; couples; health talk; illness talk, 34495
implicit communication; organizational culture; organizational structures and systems; management practices; employee behavior, 27102
impoliteness; dynamic aspects; prosodic aspects; communicative strategies; face attack; social conflict; disharmony, 4323
information sharing; dyadic interaction; social validation; interpersonal perception, 19133
interpersonal circumplex; physician-patient interaction; communication literature; interpersonal behavior; physician-patient control; affiliation measures; control measures, 11995
interpersonal communication process; verbal probability; probability terms; decision makers; forecasters; miscommunication; error rates, 15863

interpersonal communication; public affairs; public opinion; mass media, 18889
interpersonal communication; stereotype maintenance; stereotype sharedness, 7635
interpersonal effects; anger; happiness; negotiation; concessions; demands; strategic choice vs social contagion hypothesis; emotional reactions; communicated emotion; fear, 10509
interpersonal relationships; recipient appraisals; hurt evoking messages; feelings; relationship satisfaction, 25291
interpersonal relationships; synchronous interaction; structured dialogue system; collaborative argumentation; relational regulation, 36143
irony; friendship; interpersonal communication; verbal comprehension; solidarity relationships, 31504
James J. Brada; communication professor; interpersonal communication authority, 34602
language cognition; interpersonal cognition; pronoun usage; closeness perception; language variation; interpersonal interaction, 22284
learning experience; higher education; student interaction; communication skills; computer-mediated communication; social construction, 31051
linguistic styles; deceptive communication; dubitative ambiguity; elliptic eluding; cognitive complexity, 10483
loneliness; elderly people; Ghana; life conditions; rural community; companionship; respect; wisdom, 31280
maternal distress; child behavior; disclosure; psychosocial concerns; pediatrician, 26551
metalanguage; face concept; politeness concept; Chinese; English; Japanese, 4327
miscommunication; flirting interactions; sexual behavior; flirting motivation; gender differences, 25220
multimedia performance; communication; virtual drama; interactive; Goffman's dramaturgical perspective; Hyme's ethnography of communication; patterns; virtual community; social interaction, 31093
music therapy; pre-verbal adults; nonverbal adults; learning disability; learning disabled; emotion; sounds; vocalization; parent-infant communication; instinctive strategies; interactive relationship, 28929
myers-briggs type indicator; communicator image; extraversion; introversion, 13488
nonverbal behavior; cleft lip; cleft palate; CLP; interpersonal communication; woman; patients, 16583
online discourse; teen chatroom; conversational coherence; online chat conversations; visual conversation mediums, 10088
organizational communication; reflective practice; workplace language; workplace discourse; sociolinguistic analysis; action research process; theoretical knowledge; organizational learning, 33297
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35730
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35723
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35720
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35735
patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35748
perceptions; experience; attitudes; communication behavior; environment; group support system; electronic meeting systems; organizational personnel; information technology, 24019
personal space; intercultural differences; international ventures; interpersonal relations; interpersonal communication, 31466
physician-patient interaction; female gynecologists; gynecology clinic; communication characteristics; communication style; gender differences, 2413
political opinion; political communication networks; political discussion; disagreement; ambivalence; political isolation; presidential candidate preference; political engagement; election turnout, 13366
positive event communication; capitalization; interpersonal consequences; positive event coping; partners; marital satisfaction; close relationships; positive emotions; daily events; social bonds, 31477
power; dialogical therapy; not knowing therapy; therapists; therapeutic conversation, 2068
predictive genetic testing; cancer; talking to relatives; family communication; social roles; expectations, 29064
preschoolers; action-proneness; thought process; language; psychoanalyst; mentalization; neural inhibition; social discourse; linguistic complementarity; social constructivism; intersubjectivity, 24885
psychiatric care; open dialogue; acute psychosis; micropolitics; poetics; therapeutic dialogue, 2012
relationship adjustment; relationship stability; young couples; test validity; Communication Skills Test-Revised; Communication Box; Demand/Withdraw Pattern Questionnaire; communication measures, 93

Interpersonal Influences—Serials

route directions; standard instructions; explicit instructions; information content; conciseness; spatial discourse, 12633
second language acquisition; interactional context; dialogue; non-native speakers, 21978
second language learning; competence; immersion education; motivation; anxiety; gender differences; grade differences; willingness to communicate; communication frequency; junior high school students, 5908
social communication deficits; conduct disorder; pragmatic language skills; pragmatic competence; antisocial behavior; autism, 25799
social life; Social networks; corporeal travel; physical travel; communication devices; conversation; mobility; meetings; information revolution; co-presence, 16259

interpersonal interactions; antisocial behaviors; prosocial behaviors; causal attributions; theory of mind; characters; preschoolers, 969

interpersonal interactions; prejudice; gender differences; social cost, 34642

interpersonal intimacy; objective similarity; intimacy; behavioral tendency; male-female pairs; male-male pairs; gender, 19131

interpersonal perceptions; post-traumatic stress disorder-related functional impairment; social relations model; personality traits; self-perceptions, 34900

interpersonal problems; group treatment; personality disorder; group outcome; community mental health center, 8454

interpersonal problems; personality factors, 7687

interpersonal relations; human-computer interaction; psychological evaluation; echoic-mimicry effects; hummed sounds; computer prosodic mimicry; human voice, 17943

interpersonal relations; relational goods; personalized interactions; economics; work teams; company social events; migration, 34587

interpersonal relationship; client-therapist relationship; emotional intelligence; servant-leadership; organizational performance; management organizations, 30224

interpersonal relationships; assessment; therapeutic relationships; romantic relationships; family relationships; addictive substances; social support; psychiatric patients; adulthood functioning, 14074

interpersonal relationships; recipient appraisals; hurt evoking messages; feelings; relationship satisfaction, 25291

interpersonal relationships; relationship quality; prediction of life satisfaction; emotional expressiveness; Chinese groups; Asian Americans; Euro Americans; Korean groups; culture, 4217

interpersonal relationships; synchronous interaction; structured dialogue system; collaborative argumentation; relational regulation, 36143

interpersonal sensitivity; anxiety disorders; major depression, 22519

interpersonal sensitivity; nonverbal behavior; people's abilities; nonverbal cues; judgment accuracy; social communication; social relationships, 34608

Interpersonal System of Personality; test development; psychoanalytic orientation; group therapy, 33516

intersubjectivity; infancy; psychoanalysis; mind; symbolism; correspondence; interactive regulation, 11448

interviewing; feminist research; post-structuralism; reflexivity; interviews; embodied interactions; feminist theory; subjectivity, 22241

intimate relationships; external stress; cognitive processes; marriage; contextual factors; marital quality; perceptions, 10370

intimate relationships; interpersonal relationships; disability; disabled women; experiences; stereotypes; intellectually challenged, 1759

knowledge structure; electronics industry; relational patterns; seller-buyer networks; emergent technology; market uncertainty, 14720

language cognition; interpersonal cognition; pronoun usage; closeness perception; language variation; interpersonal interaction, 22284

late adolescent romantic couples; interaction quality; relationship quality, 22285

late studentship; academic aspiration; personal growth; higher education; sense of self; interpersonal relationships, 20791

leadership; affect; belongingness; procedural fairness, 25259

leisure time; married individuals; single individuals; family interaction; social capital, 28245

marital behavior; marital satisfaction; gender differences; workday experience spillover; daily work changes, 13333

marital difficulties; couples; depression; interaction, 4589

marital dysfunction; intergenerational transmission; interpersonal mediators; marital conflict; divorce; newlywed couples; families of origin, 34493

mental health; intergenerational exchange; Jewish Israelis; older adults, 25098

moral discourse; self discourse; interaction patterns; Love-line; radio advice show; healthy selfhood; intimate troubles; postmodern world, 34668

mother child interaction; contextual variability; conversation; speech patterns; maternal speech, 10113

mother's style; interaction style; children's interactive engagement; disabled children, 22219

mother-infant interaction; interaction patterns; low-income families, 10408

motivation; intrapersonal processes; self-concept; self-perception; desirable attributes; motivation; cognition; feedback seeking; social preferences; false feedback; extraversion; introversion, 19148

MSCEIT; ability-based measure; emotional intelligence; prediction; test validity; citizenship behavior; individual performance; group performance, 21113

multiple intelligences; secondary school teachers; intrapersonal intelligence; visual-spatial intelligences; bodily kinesthetic; self-efficacy; musical; verbal-linguistic; interpersonal intelligence, 2714

natural history; counselling psychology; psychological factors; physicality & embodiment; physical proximity; relatedness; death & dangers; natural science; nature of Being; emotion, 23144

negative relationship behaviors; family-of-origin violence; intergenerational transmission; romantic relationships; semantic networks; violent homes; nonviolent homes, 25826

networking behavior; interpersonal relationships; career outcomes; gender differences; promotions; compensation; career success, 23955

New Testament; interpersonal relationships; relationship patterns; attachment theory; core conflictual relationship theme, 13296

non-zero-sum collaboration; reciprocity; core relational functioning; friends, 25256

nonsexual multiple relationships; psychologists; sexual relationships; social interactions; client relations; former clients; supervisees; student interactions, 23740

odorant responsiveness; androstene; amyl acetate; affective impact; interpersonal relationships, 12583

online trust; consumer trust; Internet vendors; e-commerce; interpersonal trust, 9177

organizational justice; personality testing; personnel selection; job applicant screening; job applicant reactions; interpersonal treatment; social comparison; business students, 5996

ostracism; computers; self-esteem; belonging; internet ostracism; social exclusion, 28441

Person's Relating to Others Questionnaire; psychometrics; internal consistency; principal component analysis; psychotherapy patients; nonpatients; gender differences; mean scores, 9379

personal experiences; team effectiveness; commemorative trek; interpersonal performance factors; work performance factors; mood; satisfaction; group camaraderie; enjoyment, 24059

personal reflections; human relationships, 7599

personal space; interpersonal distance; schizophrenic patients; negative syndrome; diagnosis, 1496

personality; depressogenic effects; depression; dependency; self-criticism; interpersonal behavior; reassurance-seeking; life stressors, 25382

personality constructs; intraindividual variability; interpersonal behavior; flux; pulse; spin; mean score; interpersonal circumplex; mean extremity; mean angular coordinate; personality traits, 22354

physical attractiveness; sexual harassment; male employees; female employer, 19641

physical attractiveness; social partners; nonphysical traits; physical traits; beauty; Evolutionary psychology, 22290

positive expectations; interaction behaviors; spouses; marital satisfaction; relationship attributions; marriage, 22205

positive social exchanges; negative social exchanges; psychological health; psychological well-being; social relationships; positive affect; negative affect; older adults; prediction, 7618

postnatal depression; mother infant interaction; Still-face perturbation; instrumental learning task; primiparous depressed women; infant performance; maternal responsiveness, 19400

posttraumatic relationship syndrome; trauma; posttraumatic stress disorder; intimate relationship, 10838

pragmatic accuracy; social perception; social group members; familiarity; social relationships; romantic partners, 13450

pre-school culture; media culture; multimedia functions of computer; interactional processes; sociocultural perspective; constructivist approach, 30060

problem-solving interactions; problem-solving tasks; mother-child dyads; parenting stress; family problems; child gender, 19059

problematic behavior; public mental health; child outcomes; youth; interpersonal relationship; mood modulation, 25816

pronoun alternation; domestic violence; code-switching; contextualization cues; interactional sociolinguistics; conversation analysis; institutional interaction; violence against women, 7333

psychoanalysis; theory of interaction; intersubjectivity; therapeutic action; adult treatment; infant research; developmental systems theories; nonverbal communication, 11447

psychodynamic theories; group functioning; emotional processes; interpersonal behavior; psychoanalytic approach; humanistic approach; group development, 25276

psychological distress; vulnerability; human sex differences; negative mood states; negative event experience; interpersonal interactions, 1217

Volume 91 SUBJECT INDEX

Interpersonal Interaction—Serials

psychological gender; biological sex; relational maintenance behaviors; communication behaviors; romantic relationships; routine maintenance; sex difference, 25185
psychological gerontology; Germany; social policy; old age; personality development; cognitive developments; social relationships, 22131
rapport-building style; children's reports; staged event; memory, 18897
relational aggression; overt aggression; perceived popularity; children; adolescents; gender, 18972
relational intimacy; gender; group composition; task type; computer-mediated communication; face to face interaction; interpersonal relationships, 31485
relationship initiation; relationship intensification; relationship ending; romantic relationships; face threats; young adults, 7430
relationship patterns; dynamic psychopathology; core conflictual relationship themes; defensive functioning, 25445
relationship realignment; gift recipients; power of emotions; relationship quality; perceptions; positive and negative emotions, 10506
relationship satisfaction; responsiveness to flirtation; non-mates, 4369
relationship skills; interpersonal problems; therapist competence; adult survivors; child abuse, 16935
relationships; community research; participation; community psychology, 26644
research participation; relationships with adults; relationships with investigators; children; adolescents, 15938
residential setting; interpersonal interactions; aggression; intellectual disabilities; group living situations, 32715
resource interdependence; student interactions; student performance; cooperative learning, 26860
retailer-consumer relations; consumer personality; marketing, 14838
role of the caddy; golfer-caddy partnership; optimizing partnership; Strategy, 36434
romance; remaining in love; therapeutic implications; relational factors; romantic love; research findings, 7604
self neglect; unmitigated communion; social constraints; psychological distress; rheumatoid arthritis; chronic illness adaptation, 35178
self-construal; cooperation; interdependent self; independent self; priming; social dilemmas, 31517
self-enhancement bias; perceiver effect; target effect; unique self-perception; social comparison theory; self-insight theory; interpersonal perception; adjustment; social relations model, 10499
self-esteem; spontaneous reactions; deliberate reactions; interpersonal contingencies, 25293
self-monitoring; motives; interpersonal interaction; conscious awareness, 7671
self-presentational processes; self presentation; physical activity; exercise behavior; motivation, 14805
self-presentations; happiness; sincerity; politeness; caution; social relationships; social desirability; social relationships; male-female interactions, 25280
service recovery strategies; consumer responses; service failure; service employees; rapport, 9175
Shakespeare play; drama; Aristotelian view; human behavior; fictional social networks; human interaction, 13112
shame; negative therapeutic reaction; countertransference feelings; interpersonal relationships; psychotherapy, 16920
social function; interpersonal relation; cognitive therapy; major depression; social adjustment; dyadic adjustment; depressive symptoms, 26292
social interaction; casual interaction; marital quality; marital relationships; interaction frequency; marital partners, 16147
social interdependence theory; research, 1185
social interdependence theory; research, 13433
social perspective taking; aptitude conceptualization; interpersonal conflict resolution, 31478
social psychology; relationship commitment; research; history; close relationships; attention to alternatives, 10464
social psychology; romantic relationships; positive illusions; history; research; self-fulfilling effects, 10466
social reasoning; racial exclusion; social relationships; decision making; interpersonal relationships; overt racism; intimate relationship; non-intimate relationships; personal choice, 16132
social relations; disability onset; gender; age differences; social satisfaction; participation; social support; older adults; social network embedding; disability risk; functional decline protection, 13528
specific investments; marketing relationships; expropriation; bonding effect; marketing strategies; extant theory; marketing theory; investment risk; focal relationship; buyer-supplier dyad, 24087
stressful employee-customer interactions; burnout; customer-related social stressors scales; instrument development; service employees, 6377

structural dynamics; psychotherapeutic relationship; psychological duality; therapeutic dyadic interaction; validation feedback; dyadic interaction; behavioral interaction; emotionality, 7612
structural hole brokerage; consortia; emergence; maintenance; dissolution; individual interests; relationships; homophily; trust; threats; interests; differentiation; integration, 31487
structure & stability of perceived togetherness; elderly people; emotional togetherness; social togetherness; confirmatory factor analysis models, 33618
students attitudes; students problems; interpersonal domains; intra-personal domains; conscious problems; unconscious problems; inkblot images, 16292
substance abuse treatment; romantic relationships; inpatient treatment; rehabilitation romance; health personnel; sexual behavior, 11907
supportive ties; stress; relationships; hostility; cardiovascular reactivity; casual acquaintances, 34128
target position; target task; judge sensitivity; target felt rapport; nonverbal behavior; interpersonal sensitivity; perception, 34610
teasing; intrapersonal factors; interpersonal factors; social interactionist model, 31492
television characters; social relationships; parasocial relationships; television viewers; attachment style; break-ups, 21987
time frames; temporal alignment; personal control; social networks; article reports; coordination; allocation; hurriedness; rush; suburban society, 22277
time-limited dynamic psychotherapy; interpersonal experiences; therapeutic relationship; transactional processes; interpersonal patterns; maladaptive patterns; training program, 1996
topic avoidance; interpersonal communication; relationship development; intimacy; relational uncertainty; courtship, 19122
transformational leadership; learning goal orientation; career success; mentor-protégé relationships; mutual learning, 33265
transformational leadership; transactional leadership; virtual environments; physical environments; face-to-face settings; leadership style; group settings, 4360
undergraduate students; college adaptation; married students; interpersonal relationships; academic achievement, 20859
virtual cemetery; bereavement community; social isolation; interpersonal relationships; Web memoirs, 31055
virtual teams; distributed learning groups; collaborative learning and understanding; group interaction; educational learning, 36113
visible disability; willingness to interact; attitudes toward the disabled; gender differences; personal distance, 19251
workplace deviance; interpersonal mistreatment; work environment; climate; retaliation; victimization; employees; social retaliation victimization; well-being; power; resistance; victim silence, 2926
young adults; cancer patients; parent interaction; health care professionals, 29617
young children; interviewing; interview characteristics; eyewitness statements; rapport building; probe structures, 21039

Interpersonal Interaction (See Also Assistance (Social Behavior), Charitable Behavior, Collective Behavior, Conflict, Cooperation, Employee Interaction, Group Participation, Group Performance, Interpersonal Attraction, Interpersonal Communication, Interpersonal Compatibility, Interpersonal Influences, Male Female Relations, Participation, Peer Relations, Persecution, Rivalry, Social Dating, Stranger Reactions)—Chapters

Agents of change: Pathways through which mentoring relationships influence adolescents' academic adjustment, 1027
The close relationships of lesbians, gay men, and bisexuals, 4297
Environmental factors in developmental language disorders, 4822
Experiential personal construct psychotherapy, 16968
The human's greatest strength: Other humans, 16262
Interpersonal emotional processes in adjustment to chronic illness, 2359
Interpersonal functioning requires self-regulation, 13444
Mediation in cognitive socialization: The influence of socioeconomic status, 1026
Monogamy and polyamory: Relationship issues for bisexuals, 4300
Relational-cultural theory, 16965
The social portfolio: The role of activity in mental wellness as people age, 16073
Social relationships and health, 16244
Treatment of family problems, 16956
Interpersonal Perception [See Social Perception]

Interpersonal Relationships—Serials

Interpersonal Psychotherapy—Serials
culturally relevant psychotherapy; perinatal depression; low-income ob/gyn patients; brief interpersonal psychotherapy, 32372
interpersonal psychotherapy; cognitive behavior therapy; psychodynamic psychotherapy; major depression, 35399
interpersonal psychotherapy; depressed adolescents; effectiveness; mental health; major depressive disorder; dysthymia; depression disorder not otherwise specified; adjustment disorder; depressed mood, 32488
interpersonal therapy; cognitive impairment; dementia; depression, 8415
intersubjective ego psychology; Hartmannian ego psychology; Sullivanian interpersonal psychoanalysis; American psychoanalysis; Leowald; Erikson, 22378
personality disorder; maintenance interpersonal psychotherapy; major depression; treatment outcome; acute mood episode; comorbidity, 26233
posttraumatic stress disorder; interpersonal psychotherapy; group based psychotherapy; integrative therapeutic process, 35417
primary care physicians; assessment; treatment; interpersonal psychotherapy; perinatal depression; pregnant women; postpartum women, 29301
psychodynamic interpersonal therapy; primary care counselors; therapy effectiveness evaluation; chronic depression; somatization; suicidality, 26809
psychotherapy; postpartum depression; treatment efficacy; mother-infant psychotherapy group; interpersonal psychotherapy; treatment outcomes; mother child relations, 1980
sexual function; sexual partner; sexual dysfunction; orgasmic function; sexual arousal; recurrent major depression; depressed women; SSRI treatment, 20307
Interpersonal Relationship Satisfaction [See Relationship Satisfaction]
Interpersonal Relationships [See Also Family Relations, Friendship, Kinship, Marital Relations]—Serials
brand relationship norms; consumer attitudes; consumer behavior; interpersonal relationships; brand assessments; marketing action, 33338
circumplex relationship; circumplex overlap; Interpersonal Adjective Scales; 12-Point Affect Circumplex Scales, 33484
closeness; partner success; positive self-regard; social comparisons; romantic relationships; intimate relationships; self-affirmational resource; imagined comparisons; relationship-related strengths, 28422
disorganized attachment; borderline personality disorder; interpersonal relationships; psychiatric diagnosis; caregivers, 28790
empathy; online interpersonal trust; online communication; textual IM; empathic accuracy; response type; instant messaging; online communities; personal email communication, 34209
family process; negative effects; parental alcoholism; young adult dating relationships; trust; intimacy; commitment; satisfaction, 28864
Freud-Ferenczi correspondence; psychoanalytic discourse; personal relationships; Gizella Palos; Elma Laurvik, 32379
human relations; psychology; economics; economic research, 34443
individual psychotherapy; psychosis; relationship boundaries; auditory hallucinations; love; psychotherapeutic treatment decisions, 32267
Internet-related problems; psychosocial functioning; online sexual activities; young adults; social and sexual development; social support; environmental mastery; offline and online friends, 34308
interpersonal construct differentiation; repertory grid technique; grid size; scale type, 33608
interpersonal perception model; interpersonal judgement; person perception, 34633
interpersonal relations; relational goods; personalized interactions; economics; work teams; company social events; migration, 34587
leadership; leaders; followers; leader-follower relations; regressive relations; symbolic relations; developmental relations, 31506
life experiences; interpersonal relationships; cultural differences, 34411
loneliness; elderly people; Ghana; life conditions; rural community; companionship; respect; wisdom, 31280
love; interpersonal relationships; emotions; attachment need; social perception, 31474
multicultural research; Experiences in Close Relationships Scale; Chinese translation; adult attachment; reliability; anxiety; avoidance; self-efficacy, 27296
need to belong; social relationships; social cues; individual differences; social connectedness, 34639
negative emotion; married couples; college roommates; close interpersonal relationships; anger; sadness; hurt; anxiety; threat, 31508

negative mentoring experience; mentoring relationships; interpersonal relationships; relationship satisfaction, 36282
 painting; drawing; printmaking; Paul Klee; interpersonal relationships; psychoanalytic interpretation, 34192
 patient distortions; psychotherapy; borderline personality disorder; psychotherapists; distorted thinking; cognitive deficiencies; subconscious manipulation of relationships, 32255
 posttraumatic growth; cancer; survivors; self concept; interpersonal relation; philosophy of life; coping behavior, 29066
 psychological similarity; work-based relationships; self-efficacy beliefs; support; feedback; management development; corporate sector; not-for-profit sector, 36316
 relational intimacy; gender; group composition; task type; computer-mediated communication; face to face interaction; interpersonal relationships, 31485
 self-conscious emotions; emotions; self-esteem regulation, 34686
 Self-Report Psychopathy scale; factor structure; antisocial behavior; impulsivity; interpersonal manipulation, 33570
 sexual behavior; individual factors; relationship factors; family factors; extra-family factors; adolescent attitudes, 31268
 workaholicism; personal relationships; transactional stress model; workaholics, 27083
 youth mentoring; urban environment; adolescents perception; relationship styles; mentor relationships, 28113
Interacial Adoption—Serials
 adoption; counseling psychologists; legal developments; history; adoptees; birthparents; transracial adoption; racial identity; cultural assimilation, 1986
 counseling psychology; adoption; adopted persons; adoptive family; birth-family members; interracial adoption, 1988
 intercountry adoption; international adoption; social justice consideration; children rights; United States; adoptive families; UN Convention on Rights of the Child, 4236
 mental outcomes; behavioral outcomes; inter-ethnic adoptees; interethnic adoption; institutionalisation; psychological problems; behavioral problems; risk factors, 25169
 transracial adoption; child adoption attitudes; adoptive parent; interacial dating; parenthood, 4247
 transracial adoption; counseling psychology; cultural socialization; racial and ethnic challenges, 1995
 transracial adoption; minority foster recruitment; Multi-Ethnic Placement Act; Interethnic Adoption Provisions; transracial placements; support services, 5599
Interacial Family—Serials
 counseling considerations; interacial families; family therapists; biracial youth; parents, 35464
Interacial Marriage—Serials
 appraisals; racial identity; multiracial Asians; Asian Americans; outmarriage; phenotype; cultural exposure; cultural knowledge, 31341
 inter-racial marriage; inter-ethnic marriage; intergroup marriage; intergroup interaction; socioeconomic status, 34488
Interacial Offspring—Serials
 biracial girls; developmental challenges; racial identity; monocultural existence; ethnic heritage; identity development; social relationships; sexual relationships, 22191
 biracial identities; bisexual identities; human females; counseling; professional change; social transformation, 22152
 biracial lesbian; bisexual women; multiple minority identities; sexual identity, 22165
 biracial women; multiculturalism; feminism; American society; multicultural counseling; feminist therapy, 23145
 biracial women; racial attitudes; racial beliefs; psychosocial development; psychological functioning, 23123
 biracial women; racial identity development; therapeutic interventions, 23501
 Black-White biracial lesbian; ethnic identity; sexual identity; racial oppression; gender oppression, 22137
 dating practices; racial identity; psychotherapeutic needs; biracial women; racioethnic heritage; romantic relationship, 22160
 depressive symptoms; biracial college women attitudes; psychological help-seeking behavior, 23124
 ethnic identification; psychological well-being; intergroup competence; biracial individuals; Black-White individuals; Black-White individuals, 19039
 female biracial clients; empowerment; solution-focused interventions; client-therapist relationship, 23126
 mixed-race women experiences; biracial population; female gender; self identity, 22199
 mixed-race women; psychological health; gender differences; stress, 22188
 multiracial children; adult attitudes; race; friends; self-perception; depressive symptoms; European American; African American, 1067

multiracial people; spiritual care; pastoral care; racial group; America, 29429
 psychological stress; biracial adolescent girls; Black-Whites; Hispanic-Whites; Asian-Whites; self-identification, 22196
 racial identification; ethnic identity; ethnic discrimination perceptions; identity development; socioeconomic status, 31223
 racial identity development; multi-racial people; social experiences; biracial individuals; biracial women, 22198
Interrater Reliability—Serials
 ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16545
 ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16537
 ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16546
 ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16544
 autistic spectrum disorder; test-retest reliability; test validity; psychometrics; Developmental, Dimensional and Diagnostic Interview; computerized assessment, 27322
 behavior ratings; causal attributions; consistency; agreement; communication media type; interpersonal interaction; competitive group task, 10505
 blind methods; experimenter bias; methodological quality; inter-coder reliability; parapsychology, 33647
 child language; speech ambiguity; language acquisition; linguistic categories; inter-observer reliability; fuzzy logic, 10215
 clinical utility; tardive dyskinesia; psychiatric inpatients; Abnormal Involuntary Movements Scale; Brazilian patients, 12497
 computational alternatives; analysis of variance formulas; K-judge reliability, 24324
 consultation-liaison psychiatry; interrater reliability; psychological distress; medical patients; Diagnostic Criteria for Psychosomatic Research, 35066
 delirium; Confusion Assessment Method; mental status; hospital management; psychometric properties; interrater reliability, 33577
 delta; measurement; rater agreement; coefficient kappa; statistics, 30523
 diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 18134
 diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 27320
 DSM-IV; major depressive episode symptoms; interrater reliability; validity, 18129
 Hamilton Depression Scale; inter-rater reliability; web-based standardized education program; rater training, 5774
 health professionals; rater agreement; informal caregivers; QOL; women; proxy ratings; self ratings; gynecological cancer; quality of life assessment; patient ratings, 1814
 inter-rater reliability; cognitive impairment; neuropsychological performance; HIV infected individuals; HIV-associated cognitive impairment; Memorial Sloan-Kettering Staging; HIV-dementia, 15075
 interrater reliability; multivariate analysis; rating; measurement, 9351
 interrater reliability; predictive validity; risk assessment instruments; sexual violence; sex offenders, 24167
 interrater reliability; stability of diagnoses; Missouri Assessment of Genetics Interview for Children; DSM-IV; attention-deficit/hyperactivity disorder; major depressive disorder; family studies, 3202
 interrater reliability; story retelling; raters; minimal training; percent information units per minute; aphasia, 15069
 interrater reliability; test-retest reliability; Eating Disorder Examination; binge eating disorder, 9459
 intrarater reliability; rating scales; emotional or behavioral disorders; students; classroom behaviors; functional behavior assessment, 136
 logistic regression models; inter-rater agreement; covariates; dichotomous outcome; chance agreement; child psychopathology, 15130
 Montgomery-Asberg depression rating scale; inter-rater reliability; test validity; major depressive disorder; psychometrics; Japanese version, 21159
 objective structured clinical examinations; interrater reliability; examiner effects; objectivity; station reliability & validity; examiner experience; examiner involvement in station construction, 21202

polydipsia screening; schizophrenia; Polydipsia Screening Tool; psychometric properties; nurses; psychiatric residents; interrater reliability; internal consistency, 27367
 professional psychology training; professional psychology student; graduate student selection; interrater reliability, 35986
 psychopathy analysis; cross-national differences; prevalence; rater effects; interrater reliability; factor scores; rater perceptions; symptoms, 33542
 racial differences; ethnic differences; adolescent psychopathology; behavior problems; inter-informant agreement, 34982
 rating congruence; staff ratings; patient ratings; lesion side; activity limitation ratings; elderly stroke patients; Barthel Index scores, 11882
 rating goals; student evaluations of teachers; performance ratings; college students, 12108
 reliability induction; reliability generalization; alcohol screening instrument, 18070
 reliability; psychiatric assessments; sample size; power calculations; clinical trials, 6454
 retest reliability; quality of life; risk factors; surveillance; health, 21167
 risk assessment; violence; forensic psychiatric patients; clinicians attitudes; researchers attitudes; interrater reliability, 29739
 Ruff figural fluency test; design fluency; interrater; test-retest; executive functioning; qualitative scoring; psychometric properties; college undergraduates, 6250
 Schedule for Affective Disorders and Schizophrenia present episode; Greek version; children; adolescents; inter-rater reliability; symptoms; depression; somatization; anxiety; conduct problems, 9420
 sexually violent predators; civil commitment; interrater reliability; risk assessment; likelihood of reoffense, 33553
 short-interval test-retest interrater reliability; Dutch version; Structured Clinical Interview for DSM-IV personality disorders, 9438
 social functioning; functional autonomy; health care; interrater reliability; comprehensive profile; health care improvement; older people; social subscale; functional autonomy measurement system, 12518
 standardized rater training; Hamilton Depression Rating Scale; reliability, 3197
 stroke patients; postural adaptation; interrater reliability; Advanced Mobility and Balance Scale; AMBS, 3142
 systematic direct observation; behavioral observation; generalizability theory; variance; interobserver agreement, 30493
 team-based qualitative research; nursing; decision coding; measure of agreement; multi-rater Kappa; research data; raters, 21224
 test-retest reliability; Glasgow Outcome Scale; interrater reliability; GOS, 15078
Interresponse Time—Serials
 auditory stimuli; tempo shift; rhythmic sensorimotor synchronization; rhythmic arm movements; response intervals; stimulus frequency; stimulus onsets; psychophysical variables; cue, 6469
 differential reinforcement; self-reports; schedule performances; interresponse time, 33670
 interresponse time shaping; multiple-schedule performance; reinforcement rate, 33915
 interresponse times; choice structure; time allocation; extraneous behavior; concurrent variable interval schedules; reinforcement; unmeasured behavior, 24542
 lever pressing; response rate; variable-interval reinforcement schedule; response requirement; interresponse times; rate of reinforcement; bout length; rats, 3489
 reinforcement; extinction; resurgence; recency of reinforcement; response recovery; variable time schedule; variable interval schedule; pigeons; key pecking, 3482
 sequential dependencies; interresponse times; random-ratio reinforcement; staircase stochastic reinforcement; response patterns, 15175
Intersensory Integration [See Sensory Integration]
Intersensory Processes [See Also Sensory Integration, Synesthesia]—Serials
 attention distribution; facial expression; spatial attention; auditory visual speech discourse; language processing; haptic capacity; intersensory processes, 24377
 blind; auditory recognition; efficiency of encoding strategies; age at onset; intersensory compensation; false memory; physical encoding; semantic encoding, 1898
 cross modal interaction; temporal order judgment; visual perception; auditory perception; spatial proximity; stimulus onset asynchronies; temporal ventriloquism, 320
 cross-modal interactions; brightness discrimination; pitch discrimination; loudness perception; perceptual sensitivity; response bias, 323
 direction-specific bimodal facilitation; audiovisual motion detection; audiovisual perceptual interactions; motion perception, 21261

Volume 91 SUBJECT INDEX

Intersensory Processes—Serials

facial movement; audiovisual speech perception; intersensory processes; audio; spatial orientation; social influence, 33701

intersensory redundancy; bimodal stimulation; nonredundant vs redundant stimulation; heart rate; quail embryos; auditory stimulation; visual stimulation; temporal synchrony; unimodal stimulation, 7104

lexical decision; cross-modal priming; auditory priming; visual priming; regular verbs; irregular verbs; morphemic markers, 24476

lexical-gustatory synaesthesia; linguistic factors; conceptual factors; phonemes; taste, 1900

multisensory convergence; early cortical processing; neuroanatomy; psychophysiology; hierarchy of processing; neurophysiological correlates, 622

multisensory convergence; neuroanatomy; parietal cortex; auditory cortex; calcarine visual areas; macaque monkeys, 618

multisensory integration; temporal processing; auditory perception; ventriloquism; visual temporal order judgment task; visual stimulus; sounds; lights, 15187

multisensory processing; mental imagery; human cerebral cortex; haptic shape perception; visual perception; texture perception, 34083

multisensory research; methodology; neuropsychology, 605

neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 3804

neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 7082

neural correlates; categorical representations; cortical areas; sensory processing; neural mechanisms; non-human primate brain; sensory inputs; motor output; stimulus-response associations, 15549

neural processing; event-related brain potentials; auditory speech; visual speech; audiovisual speech perception; vowels; phonetic congruence, 9916

nonliteral imagery; perceptual performance; texture segmentation; multisensor fusion; usefulness evaluation; multisensor imagery; region recognition; color rendering; scene content; image-rendering, 24374

perceptual learning; visual modalities; human newborns; visual format; tactual modalities; shape recognition; hand; eyes, 4116

selective attention; sensory stimulation; intersensory redundancy; perceptual development; cognitive development; infancy, 24929

sensory cues; foraging; brown capuchins; unimodal cues; bimodal cues; visual cues; acoustic cues; olfactory cues, 27599

sensory words; linguistic elements; event related potentials; sensory mismatch; comprehensibility; metaphorical interpretation, 619

species-specific vocalizations; auditory-visual matching to sample; chimpanzees; Pan troglodytes; cross modal representations of vocalizations; vocal individual recognition, 30769

stimulus detection; visual stimulus; auditory detection; human perception; psychophysics; irrelevant light; multisensory integration, 3851

tempo; rhythm; audiovisual stimulation; visual stimulation; intersensory redundancy, 34262

temporal order judgment; stimulus onset asynchrony; intersensory processes; auditory perception; visual perception; hemispheric redundancy; spatial expectancy; spatial orientation; spatial attention, 329

temporal ventriloquism; sensorimotor synchronization; auditory localization; visual localization; response bias, 319

temporal ventriloquism; visual stimulus; sound; temporal dimensions; temporal proximity; flash-lag effect; moving object; noise burst; silent condition; isolated sound; visual illusion, 21257

visual stimulation; kinesthetic perception; intersensory processes; motor processes; visuospatial memory; rotation; virtual reality navigation task performance, 310

Intersensory Processes (See Also Sensory Integration, Synesthesia)—Chapters

Visual peripersonal space in humans, 21301

Intersexuality (See Hermaphroditism)

Interspecies Interaction—Serials

animal communication; relationship with humans; domestic animals; dogs, 15385

animal welfare; animal behaviour; human factors; positive attitude; sensitive periods; human behaviour; social group; human animal relationship; stockmanship; domestic animals, 6644

attacking wasps; open field behavior; hunting dragonflies; interspecies interaction; defensive behavior; predatory behavior; aggressive behavior; coloration; odor; shape; avoidance; flies, 505

avoidance distance; dairy farms; animal welfare; human animal relationship; farm welfare assessment; milkers behaviour; reliability, 6255

battered women; urban women; logistic regression analyses; pet owners; violence, 4684

behaviour patterns; dominance relationships; social hierarchy; dominance hierarchy; trainer horse relationship; training sessions, 6742

bestiality; zoophilia; crime; paraphilia; love; sexual contact; emotional involvement; zoosexual orientation, 28799

calf responsiveness; human animal relationship; test reliability; test repeatability; approach test, 9356

canine adoption; adoption process; animal shelters; human-canine relationship; abandoned animals; canine relinquishment; canine ownership; animal welfare, 6660

chimpanzees; nesting behavior; galago; resting; galago thomasi; pan troglodytes schweinfurthi, 18498

communicative behaviors; unimodal communication; bimodal communication; focal condition; auditory behavior; visual domain; attention of observers, 18496

companion animal loss; mental health; grief process; human-animal bond; support; grieving clients; counselor awareness; pets, 29276

emotional reactivity; postnatal handling; pregnancy; DA/Han rats; stress reactions; infancy; female rats, 3487

evolutionary implications; anthropomorphism; human animal relations, 3458

human-nonhumans association; social data; heterogeneity; sociological practice; social ordering; social disordering, 34591

Mexican Jays; flock movement; Northern Flickers; interspecific associations; agonistic encounters; avian predators; avian interactions; Arizona oak savanna, 15405

nest predators; predatory behavior; nesting birds; flying squirrels; canopy nests; artificial nests, 6693

nestling brown-headed cowbirds; host offspring; rearing; interspecies interaction; mortality; host tolerance; brood parasite species; symbiosis; nests, 507

psychiatric patients; therapeutic horseback riding; psychosocial benefits; adjunctive therapy; recovery process, 17412

psychometric properties; Children's Treatment of Animals Questionnaire; human behavior, 3153

purebred dogs; non-purebred dogs; pets; dog owners; dog owner resemblance, 25448

reproductive success; hatching success; shiny cowbird; parasitized nests; parasite eggs; parasite chicks; egg punctures, 6722

sexual behaviour; lactation handling; sows; human presence; fear of humans, 9794

sharks; shark-sucker; jump behavior, 6732

social learning; antipredator behavior; tammar wallabies; social transmission; vigilance; responses; visual stimuli; model cat; model goat, 468

species interaction; evolution of sex; genetic interactions; Red Queen hypothesis; ecological interactions; population genetics model, 24639

speciesist practices; psychometrics; paradoxical human non-human relationship; psychology; research, 3108

stockmanship quality; dairy farms; on farm assessment; quality assessment; behavioural reactions; positive attitude; human-animal interaction; job satisfaction; stockmanship, 6664

test development; psychometrics; Cruelty to Animals Inventory; children, 24189

visual attention; cues; attentional focus; dogs; dog-human interaction, 24605

Interspecies Interaction—Books

Pets and our mental health: The why, the what, and the how, 5177

Interstimulus Interval—Serials

backward visual masking; masking analysis; masking tests; stimulus onset asynchrony; interstimulus interval; stimulus termination asynchrony, 30598

bilateral ibotenic acid lesions; laterodorsal tegmental nucleus; prepulse inhibition; startle amplitude; acoustic startle reflex; interstimulus interval; rats, 30854

color contrast; low luminance; interstimulus intervals; physiological properties; schizophrenia patients; luminance contrast; visual processing; visual pathways, 7896

electrical oscillations; sensory neocortex; multivibrissa stimulation; cortical pyramidal cells; rats; submillisecond delays in interstimulus intervals; synchronized population spikes, 15477

fear conditioning; unconditional stimulus; short-latency facilitation; interstimulus interval; conditional response; tone conditional stimulus; eyeblink reflex; time course; grid-shock; rats, 18456

information processing; intelligence; interstimulus interval; response uncertainty; reaction time; motor processes, 12628

interstimulus interval; ISI; attentional modulation; cortical activities; human somatosensory areas; attentional enhancement; tactile stimulation, 3648

Intervention—Serials

interstimulus interval; long-trace taste-aversion; rats; anesthesia, 15782

interstimulus interval; selective attention task; differential modulation; somatosensory N140; temporal components; frontal components; event related potentials, 18642

interstimulus interval; somatosensory point localization; spatial accuracy; response time, 30588

interval duration; temporal processing; schizophrenia; cognitive deficits; auditory temporal perception; interstimulus interval, 1468

laterality; visual pattern persistence; bistable motion perception; visual field; stimulus intervals, 6980

rhythmic context; perceived duration; interval approach; entrainment approach; short-interval timing; internal clock; time judgment; tones, 3297

sensorimotor synchronization; auditory sequences; visual sequences; synchronization threshold; interval subdivision costs; finger tap synchronization; interonset intervals, 6562

time-order; interstimulus interval; feedback; duration discrimination; white-noise bursts, 24400

trial spacing; classical conditioning; memory priming; appetitive conditioning; conditioned stimulus; reinforced trials; nonreinforced trials; unconditioned stimulus; short-term memory; rats, 27636

visual asynchronies; sensitivity; consistency; vibro-tactile burst, 30628

Weber's law; interval timing; scalar property; chronometric counting; response distribution; stimulus duration, 21254

Intertrial Interval—Serials

action; perception; motor responses; stimulus encoding; R-S effect; S-R assignments; contrast; intertrial intervals; time, 30650

Adjusting-Paced Serial Addition Test; temporal threshold; response correctness interval; information processing speed; working memory; problem difficulty; neuropsychological tests; presentation mode, 9452

duration samples; retention-test ambiguity; detection; conditional discrimination; retention intervals; intertrial intervals; pigeons, 18468

problem variables; incubation effect; problem-solving; anagram task; priming task; incubation period, 21341

Interval Reinforcement (See Fixed Interval Reinforcement)

Intervention (See Also Crisis Intervention, Early Intervention, Family Intervention, School Based Intervention)—Serials

abnormal uterine bleeding; dysmenorrhea; premenstrual syndrome; amenorrhea; female adolescents; nursing interventions, 23396

acquired immunodeficiency syndrome; human immunodeficiency virus; HIV; AIDS; community intervention; prevention program; program evaluation, 20525

Active Postvention Model; postvention program evaluation; suicide; survivors; Local Outreach to Suicide Survivors Program, 29679

adaptive preventive interventions; tailoring variables, 35362

African Americans; adolescent girls; HIV prevention; randomized controlled trial; African American females; theory of gender; social cognitive theory; HIV intervention; theoretical frameworks, 29515

alcohol abuse; reward intervention; intoxication; college students; blood alcohol concentration; differential reinforcement; university parties, 13738

alcohol consumption; social atmosphere; educational intervention program; college students; bartenders; student pubs, 16229

alcohol counselling; medical in-patients; problem drinkers; brief intervention; alcohol related problems; number of treatments, 2512

alcohol screening; brief interventions; primary care; substance abuse prevention; time constraint, 35864

anal sex; sexual partners; risk behaviors; behavioral intervention, 16214

athlete perspectives; sport psychology consultation; sport experiences; personal issues; stigma; openness, 14804

attachment; mentalization; theory of mind; family treatment; family therapy; family development; therapeutic interventions, 5230

attempted suicide; deliberate self-harm; psychosocial interventions; psychological models; therapeutic strategies; self-harming behavior; controlled studies; treatment outcomes; evaluation, 34967

attention deficit hyperactivity disorder; psychotherapist role; intervention strategies, 32301

augmentative & alternative communication; supported employment; literacy intervention program; literacy skills; autistic adults, 4762

awareness; early-stage Alzheimer's disease; difficulties; impairment; assessment; intervention; outcome; rehabilitation, 26128

- bar safety; physical aggression; bars; risk assessment; intervention effectiveness; Safer Bars intervention, 28167
behavior rating scales; positive action; social intervention; positive behaviors; proactive model, 148
behavioral function; intervention acceptability; self-injurious behavior; behavioral interventions; mental retardation; escape; attention; experience; intervention effectiveness, 19794
bereavement; grief research; bereavement interventions; psychotherapeutic interventions; treatment guidelines, 29597
bereavement; grief research; health; research developments; empirical literature; grief interventions, 28457
biracial women; racial identity development; therapeutic interventions, 23501
brain injury; children; neurodevelopment; coping behavior; parent child relationship; intervention, 13936
brief group intervention; cancer patients; feasibility, 5404
cancer prevention interventions; social contextual factors; working class; multiethnic populations; health behavior interventions, 4941
challenging behaviors; moderate mental retardation; severe mental retardation; positive behavior support plan; augmentative & alternative communication intervention, 17004
child refugees; adolescent refugees; mental health; stressful experiences; stress reactions; interventions; ethical considerations; preflight; flight; resettlement, 10830
child witnesses; professional intervention; abuse experiences; information acquisition; sexual abuse; police interviews; psychologists, 30330
choice; health education intervention; randomized controlled trials; preference design trials; health education research; females, 23437
chronic obstructive pulmonary disease; exercise intervention; 1 year outcomes; cognitive ability; psychological well being; treatment compliance; cognitive decline, 5419
chronic obstructive pulmonary disease; heart rate variability intervention; self-reported disability; spontaneous breathing; daily home practice; biofeedback, 26450
chronic pain; elderly persons; retirement communities; self-management group intervention; physical functioning; mood; depression, 17118
cigarette smoking; smoking initiation; smoking trajectories; latent growth; critical intervention times; low frequency smokers; high frequency smokers; at risk identification; prevention, 29545
cigarette smoking; substance use; domestic violence treatment programs; batterer intervention programs; court referral, 31713
clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach, 17474
clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach; experimenter & natural history & placebo & Hawthorne & Pygmalion effect, 17476
clinical practice guidelines; psychologist adherence; tobacco cessation; practitioner survey; intervention, 23102
cognitive impairments; traumatic brain injury; assistive technology for cognition intervention; web based interventions, 32486
cognitive restructuring intervention; psychosocial interventions; chronic pain treatment; disabled persons, 32218
cognitive-behavioral intervention; brief group intervention; changes in diagnostic status; children with anxiety disorder; nonanxious parents, 11374
Community Awareness Motivation Partnership Teen Theatre intervention; CAMP; safe sex behavior; adolescence; health promotion; contraceptive use; behavioral ecological model, 2438
community interventions; interpersonal style; cooperative arrangements; interventionists, 26666
community psychologists; empowerment; transition-related goals; action research; intervention research, 26787
complex interventions; simple intervention; randomised controlled trial; health promotion, 33629
computer-based intervention; nutritional counseling; health promotion; fruits consumption; vegetables consumption; dietary intervention; fat intake, 11743
conceptual framework; methodology; multidimensional psychosocial & behavioral interventions; family caregivers for people with Alzheimer's disease; Resources for Enhancing Alzheimer's Caregiver Health, 2456
construct validation; actigraphic sleep measures; hospitalized patients; depression; sleep-wake cycle; experimental intervention, 14039
constructivist counseling; counseling; internet counseling; Web designing; therapeutic issues; negative cognitions; precipitating events; emotions, 32297
cost-effectiveness analysis; behavior change; family planning programs; contraceptive services; reproductive health programmes, 8759
crime expectancies; inmates; psychoeducational intervention; outcome expectancies, 31988
cultural intervention; cultural values; cultural beliefs; African American girls; ethnic identity; gender roles; relational aggression, 32261
data collection; integrated early childhood classrooms; interventionist perspectives; monitoring student progress; instruction; communication; teachers; assistant teacher; therapist; special education, 23777
dementia; music; intervention; emotional response; behavioral response; research; methodology, 14229
developmental disabilities; behavioral intentions; behavioral-intervention packages; pica, 11413
disorganized infant attachment strategies; helpless-fearful profiles; parenting; clinical intervention, 31233
domestic violence; crisis intervention; educational institutions; community-based approach; social support networks; mental health services; education strategies; prevention; victims, 2436
drug abuse; cognitive-behavioral skills; violence; adolescents; computer intervention; high-risk youth, 11937
dyadic intervention; social support; depression; prostate cancer; males, 14078
eating disorders; prevention programs; intervention effects; eating pathology, 13842
eating disorders; treatment; psychological interventions; bulimia nervosa; anorexia nervosa, 5100
educational intervention; cancer pain management; ambulatory settings; nurse-administered intervention; intervention effectiveness; patient education strategies, 32571
educational program; care attitudes; educational intervention; terminally ill persons, 5639
elementary school children; attention-deficit/hyperactivity problems; oppositional defiant; conduct problems; disruptive behavior problems; classroom intervention trial; developmental trajectories, 30067
emotional distress; HIV disease; telephone intervention; coping improvement; group intervention; depression; symptom severity; social support; nonmetropolitan areas, 11335
evaluation capacity; HIV prevention programs; science based interventions; effective interventions transfer; technical assistance, 5486
evidence-based interventions; Nurse-Family Partnership; Assertive Community Treatment; Oregon Therapeutic Foster Care; program development; community-based strategies, 20548
evidence-based practice; social work practice; practice guidelines for intervention; implementation; lay decision heuristics; epistemology, 11839
evidence-based practice; social work research, 11838
exercise adherence; body fat; motivation; exercise consistency; exercise program; weight loss; reversal theory; individually tailored intervention, 11686
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individualized tailored intervention, 11687
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; body weight; tailored intervention; individualized exercise prescription, 11718
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11748
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individualized tailored intervention, 11719
exercise; mental health care intervention; mental health; well-being, 32507
external control & problem-solving interventions; social skills training; adults with intellectual disabilities; effectiveness, 32241
family empowerment intervention; case management; intervention strategies; juvenile justice system; high-risk youth; juvenile assessment centers; early intervention; service delivery; family services, 2535
forgiveness; divorce; adolescent adjustment; educational intervention, 7547
full body restraint; rapid stimulus exposure; treatment; dogs; defensive aggressive behavior, 6752
graduate training; evidence-based interventions; school psychology programs; curriculum, 12030
group intervention, adolescents; Former Soviet Union; immigration; special educational program, 30007
group interventions; cancer patients; HIV disease; medical outcomes; disease outcomes; immune activity; survival rates, 35613
group interventions; health services; phases of illness; influences of group treatment effects; cancer; HIV, 29458
group leader intentions; interventions; group sessions, 35476
group level HIV intervention; quality of study methods; individual level HIV intervention, 35673
Guiding Responsibility and Expectations in Adolescents Today and Tomorrow violence prevention program; program evaluation; data collection; measurement, 17658
hard drug trade; drug trade regulation; intervention; public health; government organizations; private organizations; Rotterdam, 22695
health authority responsiveness; State Mental Health Authorities; mentally ill parents; serious mental illness; advocacy; intervention, 35717
health behavior intervention; chronic disease prevention; health behavior; Alameda county study; alcohol consumption; public health; health risk, 10628
health interventions; healthy eating; health care research; health promotion research, 24351
health plan employer data and information set; HEDIS; smoking measures; tobacco interventions, 15096
health promotion interventions; worksite; PHLAME; individual counselor meetings; team based curriculum; health behavior; firefighters, 35670
high school students; academic persistence; African Americans; Latinos; educational navigational skills, 9007
high school students; extensive support-needs; recreational activities; peers; physical education classes; intervention package, 12196
HIV infections; AIDS prevention; AIDS treatment; public health interventions, 32581
HIV prevention; unprotected anal intercourse; sexual risk; communication skills; noninjection drug usage; social norms; individually; men who have sex with men, 16210
homeless adolescents; harm reduction; substance use intervention; feedback interventions; risk factor; motivational intervention, 35863
insulin sensitivity; physical activity; blood glucose concentration; lifestyle interventions; impaired glucose tolerance; IGT; diabetes mellitus; obesity; diet; risk factors, 5123
international development; interventions; correctional treatment; reduction; reoffending; recidivism; Maori offenders, 14504
Internet interventions; Web-based treatment interventions; hybrid treatment interventions; health-related information; health care delivery; future directions; human-computer interaction, 2403
interpersonal interventions; expectation of benefit; task duration; team performance; work teams, 4342
intervention program evaluation; female batterers; abuse; truthfulness; violence; lethality; control; stress coping abilities; involuntary treatment; recidivism; arrest records; domestic violence, 35051
intervention selection bias; internal validity; intervention research; bias control; causal conclusions; alternative explanations; psychological interventions; quasi-experimental designs, 12557
intervention strategies; narrative therapies; family resistance; intergenerational therapies; resistance to counseling; relational counseling, 14093
intervention therapy; counselling service; brief intervention; student counseling service, 5796
intervention; prevention; school completion; school dropout, 5957
journal editorial; intensive family preservation services; dispute resolution methods; mediation; alcohol dependence treatment; research methodology, 15157
juvenile delinquent behavior; family empowerment intervention; growth model analysis; parental influence, 5723
language intervention; preschool teachers; elementary teachers; preferences; opinions; naturalistic approach; therapeutic treatment approach; speech pathologists; language delay; severity, 23638
mindfulness intervention; stress reduction; quality of life; traumatic brain injury, 11370
mindfulness stress reduction program; stress mindfulness; self-efficacy; optimism, 35587
minoritization; conceptual domestic violence; survivor views; service provider views; cultural issues; group work; institutional intervention; violent relationships; study context; structural barriers, 19628
modular course training; mobility; older adults; effectiveness; intervention program; mobility course; functionally-oriented modules, 17425
motivational enhancement; transtheoretical Model of Change; marijuana; Marijuana Check-Up intervention; brief intervention; marijuana users; readiness for change, 20099
motivational intervention; theory of planned behavior; volitional intervention; combined intervention; workplace health; workplace safety; training course attendance; occupational health; UK, 9072
multicomponent interventions; caregiver burden; depression; REACH multisite initiative; caregivers of persons with Alzheimer's disease, 2459
multicomponent psychosocial & behavioral interventions; Resources for Enhancing Alzheimer's Caregiver Health; caregiver distress; evaluation approach; taxonomy; family caregivers, 2452

multiple family group intervention; recidivism; juvenile offenders, 20678
 multi-level interventions; alcohol abuse; college campus; transtheoretical model of change; behavior change, 23619
 narrative intervention; communicative competence; Spanish-speaking children; native language, 14651
 obesity prevention programs; control conditions; eating patterns; school-based program; adolescent girls; body mass index; BMI; self-image; New Moves; satisfaction; behavioral change; intervention, 2345
 older academics; aging; work; wellness; musculoskeletal disorders; occupational performance; intervention; sedentary work; risk factors; client factors; physical context; organizational environment, 20669
 parent abducted children; child abduction; therapeutic interventions; treatment implications; adult development; relationship difficulties; birth name confusion, 8412
 participant experience; talking circles; type 2 diabetes; Northern Plains American Indian tribes; educational intervention, 8695
 participant motivation; Nijmegen Motivation List for Prevention; instrument assessment; preventive group interventions; depression prevention; test construction, 24227
 patient lifting intervention; prevention; work-related injuries; nurses, 20958
 pediatric pain; anxiety; behavioral telehealth intervention; computer network intervention; pain intensity; pain aversiveness, 11821
 peer-based intervention; violence; injuries; youth; hospitalization; criminal justice; death; program effects; treatment, 29453
 Pennebaker-style writing intervention; poor sleepers; insomnia; unwanted thoughts; worries, 5379
 perceived acceptability of behavioural treatments; measure development; psychological interventions; treatment evaluation, 24265
 physical activity intervention; blue-collar employees; peer leaders; professional leaders; energy expenditure; self-efficacy, 8666
 plasticity; neurodevelopment; language disorders; interventions; childhood development; adults; brain injury, 13849
 population health; concept definition; health outcomes; health determinants; health care policies; interventions, 14332
 positive behavior support; brief overviews; editorial, 11411
 postnatal depression; postnatal distress; antenatal classes; parenthood classes; adjustment; self-esteem, 23452
 postpartum depression; maternal mood; short & long term psychological treatment effects; cognitive behavior therapy; psychodynamic therapy; non-directive counseling; psychotherapy, 11375
 posttraumatic stress disorder; motivation enhancement; combat veterans; comorbid problems; change readiness; problem behaviors; symptoms; intervention, 35445
 prediction; adult characteristics; infant distress; emotional reactions; perceptions; intervention timing, 7718
 prevention programs; intervention distribution strategies; prevention program life course; dissemination barriers; alternative dissemination model; private enterprise models, 11329
 prevention programs; intervention distribution strategies; prevention program life course; dissemination barriers; alternative dissemination model; private enterprise models, 11338
 prevention programs; intervention distribution strategies; prevention program life course; dissemination barriers; alternative dissemination model; private enterprise models, 11358
 prevention research; women health; sexual risk behaviors; chronic disease risk; interventions; rural communities, 32573
 primary care interventions; sexually active adolescents; teenage pregnancy; sexually transmitted disease; psychological consequences; sex education; decision making; parents, 8694
 problem behavior; function-based interventions; functional behavior assessment; reliability; behavior topography, 33558
 problem drinking; mortality rates; intervention, 32763
 problematic students; problematic student behaviors; psychology education; professional psychology programs; accreditation policies; problematic student intervention, 20737
 Project Northland; intervention; alcohol prevention program; culturally diverse youth; urban adolescents; urban communities, 32789
 psychiatric responses; community trauma; natural disasters; man made trauma; community-based interventions; preparedness, 36482
 psychoeducational group preventive intervention evaluation; risk and protective factors; dating violence; college students, 35472

public health programming; participatory intervention; health inequalities; social justice; Kahnawake Schools Diabetes Prevention Project; community programmes, 17250
 quality of life; at risk population; cardiovascular disorder; intervention; diabetes mellitus; hypertension, 29084
 recruitment methods; breast cancer patients; survivors; home based physical activity intervention; psychosocial interventions, 35767
 reflective abstraction; moral discussion; moral reasoning interventions; interindividual intervention; moral dilemmas; 6th and 7th graders, 20808
 relationship-based prevention program; HIV infection; sexually transmitted disease; heterosexual couples, 17222
 resilience factors; clinical intervention; peer relations; self-efficacy; creativity; coherence; stressful background experiences, 23153
 Resources for Enhancing Alzheimer's Caregiver Health; interventions; family caregiving for persons with dementia; research design; outcome measures; sample characteristics, 2466
 Resources for Enhancing Alzheimer's Caregiver Health; REACH; multisite intervention trial; caregiver burden & depression; caregivers of persons with Alzheimer's disease, 2464
 rheumatoid arthritis patients; community-based intervention; effectiveness; feasibility; writing intervention; expressive writing; patient adherence; home-based videotaped instructions, 11827
 risk expert systems interventions; smoking cessation; dietary change; sun protection; parents; multiple behavior changes, 35701
 risk protocol assessment; wheelchair driving; multidisciplinary assessment; intervention management; patients; wheelchair traffic, 17394
 schizophrenia; neuropsychology; cognitive training; neurocognitive impairments; computerized vs noncomputerized interventions, 2039
 screening; brief alcohol interventions; health professionals; patient's perspective; screening settings, 32791
 sex risk; drug user; psychosocial intervention; HIV prevention; sexual risk behavior; effective intervention methods; study review; theory use, 11683
 sexual risk; reduction interventions; adolescents development; developmental appropriateness; sexual risk outcomes; rationale, 25050
 shoplifter; status; crime reporting; intervention; criminal behavior, 4753
 smoking cessation advice; licensed nurses; nursing assistants; job classification; resident disinterest; institutional support; safety concerns; long-term care; intervention opportunity, 13413
 smoking cessation interventions; ethnic minority groups, 14481
 smoking cessation; intervention; outcome measures, 11951
 social norming intervention; alcohol consumption; peers; college students, 23622
 social skills group; socially disorganized children; mental health services, 32523
 social work professionals; child protection; risk assessments; social workers; rationales; recommended interventions, 17554
 sport psychology; applied research; athletes; coaches; research; intervention; conflict, 24038
 stages of change; self-reported exercise; age; body mass index; exercise interventions; exercise change questionnaire; validity; community residents, 15091
 stress intervention workshop; experiential activities; stress reduction; coping enhancement; behavioral change; work satisfaction; upper level managers, 12282
 substance abuse; Hispanic immigrant adolescents; parent-centered approach; Familias Unidas, 5498
 substance use intervention; ethical issues; governmental interventions; medical interventions; drug use, 20760
 telephone intervention; schizophrenia treatment; treatment outcomes; costs, 11388
 temperament; novelty responses; sensory processing; pragmatics; child behavior; pediatric care; challenging young children; families; clinicians; caregivers; interventions; individual differences, 5139
 therapeutic engagement; adolescents; psychotherapy; developmental immaturity; psychotherapy intervention, 2003
 therapeutic intervention; trauma; stress; divorce; hypnosis; eye movement desensitization & reprocessing; neuro-linguistic programming; mediation; divorce education; support & counseling groups, 31366
 therapeutic relationship; false or misleading information; hidden agendas; signs of client untruthfulness; client behaviors; case formulations; interventions; therapeutic goals; therapists; clients, 5168
 tobacco smoking; college students; cognitive dissonance; health-risk manipulation; nicotine addiction; intervention; quit smoking, 32802

treatment fidelity; behavioral intervention; intervention research; health behavior change; methodological strategies; reliability; validity, 33634
 treatment fidelity; behavioral intervention; intervention research; health behavior change; methodological strategies; reliability; validity, 33622
 treatment strategies; psychosocial intervention; cognitive interventions; attention deficit hyperactivity disorder; adults; structured skill building, 23103
 treatment; nocturnal enuresis; graduated night waking; intervention; treatment planning; client-centered treatment, 35590
 treatment; Parkinson's disease; neurodegenerative disorder; levodopa; pharmacologic interventions nonpharmacologic interventions; dopamine antagonists; dopaminergic therapy, 14281
 unusual child and adolescent sexual behavior; sexual interests; intervention; fantasy; postpubescent minors; developmental processes, 31240
 urinary incontinence; behavioral intervention; social contingencies; attention seeking; avoidant behaviors; autism, 11414
 walking intervention; women, 17247
 wandering patients; nursing home residents; food intake; mealtime table leaving; behavioral communication intervention; Alzheimers disease, 17387
 web-based interventions; substance use disorders; alcohol use disorders; treatment effectiveness, 20630
 women leadership training programs; training techniques; gender difference; leadership roles; community intervention; training motivation; training outcomes, 5600
 work stress interventions; evidence-based research; public sector, 20925
 workstation ergonomics intervention program; employee perceptions; workstation characteristics; persistent pain level; eyestrain; workstation satisfaction; age differences, 17949
 young adolescents; development initiatives; individualized approach; adolescent development; effective strategies; socioeconomic status; consumer perspective; esteem-enhancement programs; preferences, 976
Intervention [See Also Crisis Intervention, Early Intervention, Family Intervention, School Based Intervention]—Books
 Classification of developmental language disorders: Theoretical issues and clinical implications, 4817
 Evidence-based cancer care and prevention: Behavioral interventions, 16709
 Poverty and psychology: From global perspective to local practice, 10321
 Terrorism and disaster: Individual and community mental health interventions, 1956
 Winning the mind game: Using hypnosis in sport psychology, 6080
Intervention [See Also Crisis Intervention, Early Intervention, Family Intervention, School Based Intervention]—Chapters
 Battered women and separation abuse: A treatment approach based on "knowing", 16495
 Battered women and traumatic brain injury, 4550
 Behavioral interventions for cancer prevention: Dietary intake and physical activity, 17274
 Benefits of speech manipulation for children with language disorders, 5716
 Cancer Screening, 17273
 Cancer-related fatigue, 16898
 Characteristics of children with specific impairment, 4819
 Chronic fatigue syndrome, fibromyalgia, multiple sclerosis and lupus: Meeting the challenges, 16654
 Community-based interventions, 16656
 Community-oriented interventions for conduct disorder: Theoretical progress needing empirical support, 23114
 Design consideration in prevention research, 8391
 Domestic violence interventions with women of color: The intersection of victimization and cultural diversity, 5153
 Family caregiving interventions in cancer care, 17386
 Helping women negotiate the cancer experience, 16966
 The impact of stress and the objectives of psychosocial interventions, 8600
 Interventions at the end of life, 17341
 Introduction: The state of the knowledge of intervention research in cancer care, 16710
 Linking systems and attachment theory: A conceptual framework for marital violence, 23198
 The PRO-SELF Program: A self-care intervention program, 17140
 Psychological interventions for cancer patients, 17137
 Psychosocial sequelae of cancer diagnosis and treatment, 8184
 Research on resilience: An integrative review, 4157
 A resilience framework for research, policy, and practice, 4093
 Sense of coherence in managing trauma workers, 20916
 September 11, 2001 and its aftermath, in New York City, 1965

Smoking cessation in cancer patients: Never too late to quit, 16711

Summary and future directions, 8599

Terrorism and disasters: Prevention, intervention, and recovery, 2431

Tertiary intervention for depression and prevention of relapse, 8393

Therapy and interventions research with adults [with vignette by Anne K. Jacobs], 16976

Trauma, terrorism, and disaster, 1397

Treatment, 8603

Why health care professionals are reluctant to intervene in cases of ongoing domestic abuse, 5759

Women and depressive disorders, 16423

Interview Schedules [See Also Diagnostic Interview Schedule, Structured Clinical Interview]—Serials

biopsychosocial domains; medical interview; primary care; construct validity; Verona Medical Interview Classification System; patient characteristics; physician-patient interaction, 27349

module reliability; alcohol consumption; family history of depression; psychiatric disorders; tobacco use; Alcohol Use Disorder and Associated Disabilities Interview Schedule, 6290

Schedule for Affective Disorders and Schizophrenia present episode; Greek version; children; adolescents; inter-rater reliability; symptoms; depression; somatization; anxiety; conduct problems, 9420

situational interview; patterned behavior description interview; validity; correlates; perceived fairness; cognitive ability; advance knowledge of questions; interview performance, 18176

Interviewers—Serials

active interview strategies; sociological deviance; tolerance; tattoo artists; drug reform advocates; good cop bad cop, 9536

care managers; research interviewers; strategy; consumer satisfaction information; in-home care, 35826

high structure interviews; interviewer related factors; personnel management, 14741

human resource professionals; team interviews; individual differences; perception; interviewer's experiences, 33235

interrogative suggestibility; interviewee self-esteem; interviewer style, 1234

job applicants; applicant personality traits; employment interviews; interviewer perceptions; interviewer recommendations; five-factor model, 17805

parent-child agreement; diagnosis; childhood anxiety disorder; diagnostic interviews; methodological issue; disorder diagnoses, 18120

suggestibility research; interviewing; interviewers; experimental methods; questioning behavior; young children, 15150

women's health; domestic violence; interviewer training; interviewer selection; methodology, 32910

yes/no questions; wh-questions; interviewer knowledge; question format; child interviews; answer knowledge; interview questions, 34365

Interviewing—Serials

active interview strategies; sociological deviance; tolerance; tattoo artists; drug reform advocates; good cop bad cop, 9536

cannabis; smoking; social context; socioeconomic backgrounds; friendship pairs; paired interviewing, 21237

distance education; motivational interviewing skills; behavioral health professionals; video workshops, 20731

eating disorders; motivational interviewing; cognitive behavioral therapy; weight disorders; treatment, 32254

educational psychology; motivational interviewing; secondary school pupils; disaffection, 23941

expectation led interviewer effects; health surveys; experimental design, 6428

forensic psychology; psychological instrument development; social psychological model; witness credibility assessment; interviewing; false confessions, 21038

forensic psychology; sex offender treatment; witness ethnicity; expert testimony; child witnesses; battered woman cases; interview approaches; youth antisocial behavior, 21042

high structure interviews; interviewer related factors; personnel management, 14741

interrogative suggestibility; interviewee self-esteem; interviewer style, 1234

interview guide construction; assessment; rules; structured interviews; interview contents; question formulation; Requirement Profile for In-depth Interviews in Psychological Assessment; evaluation, 24256

interviewing skills; nonverbal interview behavior; verbal skills; verbal influence; job applicants; recruiter assessments; applicant gender, 27042

interviewing technique; therapeutic setting; Internalized Other Interviewing therapy, 20171

interviewing techniques; chronic illness patients; illness experiences; narratives; self-presentation; social support; interviewers; interviewees, 6444

investigative interviews; human figure drawing; forensically relevant details; child sexual abuse; alleged victims, 16464

lesbian stories; sexual identity; social class; psychosocial health; interviewing; talk dynamics, 34557

market research; Internet based research; conferencing software; qualitative research; virtual synchronous group interviews; online research; Hotline Connect; cyberparents; online interviewing, 6446

motivational interviewing; health settings; health care consultations; patient-centred approach; treatment outcome; lifestyle changes; health problems, 32264

motivational interviewing; hospital emergency department; injured adolescents; medical care; at risk, 19852

motivational interviewing; interviewing techniques; alcohol problems; clients; alcohol abusers, 11941

motivational interviewing; outcome prediction; practitioner; cannabis use outcome; illegal drug users, 32804

motivational interviewing; personalized feedback; brief intervention; smokers; schizophrenia; tobacco dependence; treatment seeking; motivational; psychoeducational counseling, 32803

motivational interviewing; rehabilitation counseling; motivational conflicts, 35857

motivational interviewing; substance abuse treatment; treatment retention; women drug abusers; prenatal drug use; child welfare; coerced populations, 32794

motivational interviewing; substance misuse; clinical experience; behavioral change, 32775

motor neurone disease patients; developing user involvement; interprofessional services planning; community development; research interviews; service quality reforms; virtual user forum, 35372

police interviews; adult witnesses; interviewing strategies; police officers, 27237

primary care research; mental health; telephone interviewing; psychiatric assessment; telephone interviews, 17295

sensitive questions; computer-assisted self-interviewing; self-administered questionnaires; disk by mail; special populations; primary school children; visually impaired; deviant adolescents, 9346

story-telling; sexual abuse; child abuse; investigative interviews, 16491

survey data quality assessment; face to face interview; non-sampling error; total quality management approach; total survey error, 27420

teaching interviewing skills; social work education; professional learning, 12024

telephone interviewing; face-to-face interviewing; jail inmate visitors; correctional officers; perceptions of prisoners, 33644

telephone interviews; face to face interview; national probability samples; random digit dialing; telephone respondents; questionnaires; respondent satisficing; social desirability response bias, 21218

timing; repeated suggestive interviewing; misinformation; recall; eyewitness memory, 30728

young children; interviewing; interview characteristics; eyewitness statements; rapport building; probe structures, 21039

Interviewing—Chapters

Sexually and physically abused children, 1963

'We will protect your wife and child, but only if you confess': Police interrogations in England and The Netherlands, 18039

Interviews [See Also Intake Interview, Interview Schedules, Job Applicant Interviews, Psychodiagnostic Interview]—Serials

active interview strategies; sociological deviance; tolerance; tattoo artists; drug reform advocates; good cop bad cop, 9536

attitude measurement; general public; internet polls; voting behavior; telephone interviews, 27256

cancer clinical trial; quality of life questionnaires; patient trial experience; psychological impact; emotional impact; social impact; life threatening disease, 3224

cognitive interviews; question-response problems; less educated respondents; poor survey respondents; health questionnaire, 9544

data quality; monetary incentive; reference person; telephone survey; response rates; prepaid incentives; households, 21232

emotion-focused therapy; Leslie Greenberg; humanistic, 26265

employee recruiting; candidates; interview phase; organizations, 23967

family lives; multiple perspectives; interviews; social research; multiple realities, 16149

fictitious events; real events; credibility; suggested events; interviews, 30713

generalized anxiety disorder; college students; catastrophizing interview technique; analog population, 7929

intellectual disability; quality of life; research involvement; emancipatory research; peer interviews; response bias; research process; data collection; training, 29166

interviewing; feminist research; post-structuralism; reflexivity; interviews; embodied interactions; feminist theory; subjectivity, 22241

investigator-based interviews; qualitative research; disciplined data recording; interview structure, 27423

misinformation; recall; cognitive interview; mnemonics; young children, 22035

misunderstanding; standardized language; research interviews; language interpretation; interviewing methods, 18225

multidisciplinary research; disciplinary perspectives; multidisciplinary teams; middle school students; consistent findings; consensus process; research groups; attitudes toward violence, 17730

partners; third person; interview; self-presentational styles; spouses, 19163

politicians; answers; questioning; political language; political equivocation; television interviews; courtroom setting; legal context; political context, 4039

positive beliefs; worrying behavior; Structured Interview on Beliefs About Worry; validity; negative emotions; psychometrics, 30405

preschool children; guessing; recall; false suggestions; suggestibility; false memory; investigative interview; experienced events; nonexperienced events, 10179

professional development; interview; pedagogy; James R. Korn, 17670

psychoanalytic research interview; interview analysis; hermeneutic principles; unconscious meaning; intrapsychic processes; psychoanalytic concepts; psychoanalysis, 20230

psychological well-being; life review interview; mood; self-esteem; mental health, 7666

relational communication; organizational communication; focus group approach; retrospective interview technique; organizations; auditing staff relationships, 9118

seating positions; heart rates; interviews; anxiety, 12941

self-report; interview assessment; bulimic behaviors; adolescents, 9534

semistructured interview; bipolar II disorder; Structured Clinical Interview; major depressive episode, 1411

sensitive questions; computer-assisted self-interviewing; self-administered questionnaires; disk by mail; special populations; primary school children; visually impaired; deviant adolescents, 9346

stressful life events; young adults; interview; self-report; depression symptoms, 6441

suggestibility research; interviewing; interviewers; experimental methods; questioning behavior; young children, 15150

suicide risk assessment; suicide prevention; patient interview processes; suicidal ideation, 34993

Timeline Follow-Back interview; self reported alcohol consumption; validity; time; response bias; cases vs community controls vs medical patients, 176

validity; Telephone Interview for Cognitive Status; post stroke patients; cognitive function; dementia, 12500

Interviews [See Also Intake Interview, Interview Schedules, Job Applicant Interviews, Psychodiagnostic Interview]—Chapters

Elicitation methods to fit different purposes, 15037

Strategies for successful interactions with the news media, 2606

Intestines—Serials

physiological responses; behavioural responses; duodenal pain; freely moving rats; luminal distention; intestine; hypersensitivity; distention; functional gastrointestinal disorders; visceral pain, 21772

truncal vagotomy; hepatic vagotomy; feeding suppression; lipid infusions; food intake; jejunum; ileocolic acid; small intestine; splanchnic nerve, 21752

Intimacy—Serials

adolescent ego-development trajectories; young adult relationship outcomes; ego resiliency; hostility; profound arrest trajectory; adolescent development; psychiatric patients, 10242

alcohol abuse; drug abuse; sexual offenders; intimacy deficit; coping strategy; rape; child molestation, 31979

attachment styles; attachment theory; equity theory; close relationships; intimate relationships; partners; secure attachment; anxious attachment; avoidant attachment; heterosexual couples, 1180

body image; interpersonal functioning; adult attachment; social anxiety; fear of intimacy; gender, 16282

close relationships research; couple & family therapy; shared therapist interests; clinical case example; therapy measures; styles research; Love Styles theory; love theories, 11424

closeness; partner success; positive self-regard; social comparisons; romantic relationships; intimate relationships; self-affirmational resource; imagined comparisons; relationship-related strengths, 28422

communication quality; communication quantity; intimacy; relational satisfaction; same sex friend; romantic partner, 25264

deaf; short message service; communication; interpersonal relationships; intimacy, 29205

deliberative mindset; predictive validity; relationship closeness; implemental mindset; dating students; school to work transition; relationship status; ratings; perceived partner commitment, 1178

emotional closeness with perpetrators; amnesia; child sexual abuse; delayed memories; female college students, 10949

empathic accuracy model; subjective closeness; intimacy; marital interaction; marital relations; married couples; problem resolution; threat; avoidance, 1098

empathy; vulnerability; intimacy; couple therapy; therapist awareness, 32347

friendship expectation; collectivism; individualism; social structures; intimacy potential, 28387

intellectual disability; marital intimacy; parental perceptions; parents; children; low-income countries; gender differences; marital relation; Southern India, 28562

interdependence; mediator; culture; interpersonal closeness; Euro-Canadians; Turks; cross-cultural differences; interdependence; independent self-construal; ideal closeness, 13441

interpersonal intimacy; objective similarity; intimacy; behavioral tendency; male-female pairs; male-male pairs; gender, 19131

intimacy experiences; gender differences; love & affection; personal validation; trust; self disclosure; intimacy measures, 3167

Intimacy: Imitation: Language Learning: Spanish Diminutives: Mother-child Conversation; speaker groups, 31155

intimacy; public sphere; political chronology; culture; Argentina family conflicts; juridical contests; political struggles, 22154

intimate partner homicide; male proprietariness; self-defense theories; domestic violence; gender differences; spousal homicide, 11056

intimate partner violence; alcohol use; alcohol: linear relationship; threshold effect; drinking groups; drinking quantity; drinking frequency; drinking category; alcohol consumption; risk factor, 7791

intimate partner violence; public health surveillance; terminology; transnational research; victimization; methodology; definitional issues, 30566

intimate partner violence; victimization survey; socioeconomic status; Black victims; race; gender; income patterns; race, gender; income patterns, 1612

men's groups; male relationships; intimacy; relationship change, 7623

parental divorce; adult children of divorce; intimate relationship; marital attitudes; intimacy attitudes; counseling implications, 13339

personal inadequacy; personal intimacy; college men; hostility toward women; intimacy predictors, 28460

physical aggression; intimate partner violence; psychoactive substances; relationship distress; treatment program; male partner; violent men; alcohol; cocaine, 7781

posttraumatic relationship syndrome; trauma; posttraumatic stress disorder; intimate relationship, 10838

posttraumatic stress disorder; World War II veterans; prisoners of war; intimate relationships; relationship quality; marital stability, 13323

prototypical interaction patterns; prototypes; intimacy expectations; same-sex friendship; gender differences, 10494

relational intimacy; gender; group composition; task type; computer-mediated communication; face to face interaction; interpersonal relationships, 31485

RICH theory; psychological health; happiness; subjective well being; resources; intimacy; competence; health, 10595

romance; remaining in love; therapeutic implications; relational factors; romantic love; research findings, 7604

romantic intimacy; partner complaint; partner criticism; terror management theory, 4357

scale development; Perceived Interpersonal Closeness Scale; face validity; content validity; test-retest reliability; concurrent validity; discriminant validity, 103

sexual identities; intimate relationships; social construction; sexuality; romantic love, 25301

STaT; screening questions; emotional control; sensitivity level; intimate partner violence; women, 7995

topic avoidance; interpersonal communication; relationship development; intimacy; relational uncertainty; courtship, 19122

Intimacy—Chapters

The close relationships of lesbians, gay men, and bisexuals, 4297

Coaching for emotional wisdom in couples, 23159

Women in intimate relationships: Theory, research, and implications for practice, 16154

Intoxication [See Toxic Disorders]

Intoxication (Alcohol) [See Alcohol Intoxication]

Intra Aural Muscle Reflex [See Acoustic Reflex]

Intracranial Self Stimulation [See Brain Self Stimulation]

Intramuscular Injections—Serials

depot antipsychotics; injection site pain; anesthetic cream application; schizophrenia; lidocaine-prilocaine cream, 35510

hospitalized patients; painful conditions; pain relief; intramuscular injections; IM; opioids; morphine, 5448

masseter muscle; muscle pain; intramuscular injection; pressure pain threshold; granisetron; fibromyalgia patients; allodynia; hyperalgesia; pain, 14260

schizoaffective disorder; acute psychotic episodes; schizophrenic patients; acute agitation; intramuscular ziprasidone, 11471

Intraperitoneal Injections—Serials

spinal dorsal horn; intraperitoneal injections; allodynia; cancer chemotherapy; sensory processing; hyperalgesia; vincristine; rats; animal model, 15455

Intravenous Drug Usage—Serials

attributable risk measures; HIV prevention planning; HIV infection; injecting drug users; relative risk estimates; possible risk factors; high-risk activities, 17228

civil disobedience; establishment of medically supervised injecting center; MSIC; parliamentary inquiry; citizens; Roman Catholic nuns; public health practitioners; Australia, 2418

consumption rooms; health promotion; reduction of public nuisance of drug use; Germany, 2420

crack cocaine injection practices; HIV risk; health risk; behavioral practices; crack cocaine preparations, 31934

demographic & psychosocial factors; shooting gallery use; HIV risk behaviors; preventive practices; shooting gallery users, 1804

depression severity; injection drug users; HIV risk behavior; injection risk behavior; laws; major depression; substance abuse; dysthymia, 25492

depression severity; injection drug users; HIV risk behavior; injection risk behavior; major depression; substance abuse; dysthymia, 25487

disinfection; injection drug users; rinsing injection syringes; Human Immunodeficiency Virus, 23415

drug consumption facilities; differences; aspects needing improvement; staff; clients; Netherlands, 2419

drug injecting; developing countries; illicit drugs, 31964

drug injection cessation; drug addiction; negative life events; drug maintenance treatment; antiretroviral treatment; HIV-positive individuals; education level; sexual behavior, 32759

drug treatment program; injection drug users; human capital; institutional disaffiliation; residential treatment; detoxification programs; methadone maintenance programs, 5693

drug user; hepatitis c virus infection; holistic view; identity; coping; interpretive phenomenology, 31918

EVA; first safe injection facility; underfunding; municipal support; services; at risk populations; overdose; HIV infection; violence; death; drug injectors; Spain, 2376

extent & profile of public injecting; consideration of supervised injection facility; injecting drug users; Canada, 2388

geographical variation; HIV; injection drug users; US, 8005

health benefits; secondary syringe exchange; needle exchange program; drug lifestyle; injection drug users, 32795

hepatitis b vaccine; injection drug users; monetary incentive; hepatitis b virus; hiv vaccine, 11736

hepatitis prevention; drug treatment programs; HIV prevention; counseling; injection drug users, 29218

HIV epidemic; willingness to attend safe injection facilities; barriers & facilitators of use; methods of maximizing use; cocaine injectors, 2394

HIV infection; injecting cocaine use; cocaine; Vancouver; HIV risk factors, 16687

HIV prevalence; risk behaviors; high-risk sexual and injection networks; women injectors who have sex with women; social situations; social networks, 16677

HIV risk behaviors; injection risk behaviors; geographic location; social structure; role strain; injection sharing; sociodemographics; peer beliefs; Puerto Rican injection drug users, 10965

HIV treatment attitudes; unsafe sexual practices; injection practices; injecting drug users; IDU; needle sharing; Baltimore; HIV-seropositive; HIV-seronegative, 5464

HIV-status; HIV/AIDS; injecting drug using parents; psychopathology; social functioning; depression; behavior problems, 19905

HIV; AIDS; central nervous system; seropositivity; neuropsychological performance; intravenous drug users; cognitive symptoms; behavioral symptoms; motor symptoms, 4925

HIV; behavioral interventions; transparent reporting; non-randomized designs; HIV prevention; injection drug use; TREND, 29566

illicit drugs; injecting equipment; drug markets; prisons, 10991

illicit injection; safer injecting facilities; willingness to use; injection drug users; federal restrictions; police presence; Canada, 8736

illicit injection; safer injecting facilities; willingness to use; injection drug users; federal restrictions; police presence; Canada, 8721

injecting drug user; needle syringe program; Australia; client information management model, 5494

injecting drug users; condom usage; demographic characteristics; vulnerability perception; sex partners; self-efficacy; response efficacy; social norms; sexual behavior, 14329

Injection Drug User Quality of Life Scale; test development; psychometric properties, 6351

injection drug users; hepatitis C-related services; drug treatment programs; health services, 26742

injection drug users; HIV prevention; risky behavior; HIV behavioral interventions; outreach programs, 35669

injection drug users; HIV transmission risk; gender; substance use behavior; HIV related knowledge; sexual behavior; Russia; adolescents; young adults, 10987

intranasal midazolam; intravenous diazepam; acute seizures; pediatric emergency department; side effects; status epilepticus, 23266

intravenous antidepressant; antidepressant medications; clomipramine; citalopram, 17068

intravenous heroin; morphine; morphine-3-glucuronide; morphine-6-glucuronide, 3866

invention; injection drug users; community prevention goal; HIV intervention activities; at risk communities; self protective actions, 29518

lower extremity changes; pain; function; injection drug users; chronic venous insufficiency; behavior, 8022

methadone maintenance programs; HIV risk; injection drug users; drug risk; sex risk, 20623

needle sharing; injection drug user; supportive services; sociodemographics; HIV & AIDS awareness; risk factors, 8027

noninjection drug use implement sharing; risk factor; Hepatitis C infection; women drug users, 19894

public health crisis; injection drug use; harm reduction; supervised injection facilities; health promotion; international legal implications; implementation of trials; Canada; Australia, 2398

resistance mechanisms; HIV-1 infection; exposed uninfected intravascular drug users; CD4 cell, 8028

safer injection sites; site utilization; harm reduction project; injection drug users, 2382

self-efficacy; HIV-related injection; sex risk behaviors; drug injectors; crack smokers, 23439

sex differences; methamphetamine self-administration; rats; intravenous drug usage; methamphetamine maintenance, 21904

smokers; drug self-administration; pure nicotine; intravenous nicotine; nicotine gum; nicotine spray, 28370

Sydney Medically Supervised Injecting Center; client characteristics; predictors of frequent attendance; injection drug users; Australia, 2395

Sydney Medically Supervised Injecting Center; public health issues; community level; clinical service model; integration with other harm reduction services; injecting drug users; Australia, 2414

syringe exchange; long term effects; injection risk behavior; HIV prevention; syringe sharing, 29507

treatment adherence; depression; injection drug users; psychotherapy; psychopharmacology, 20124

US policy; HIV prevention; safer injection facilities; special issue; drug users; Germany; Switzerland; Netherlands; Australia; Spain, 2381

Intravenous Injections—Serials

EVA; first safe injection facility; underfunding; municipal support; services; at risk populations; overdose; HIV infection; violence; death; drug injectors; Spain, 2376

extent & profile of public injecting; consideration of supervised injection facility; injecting drug users; Canada, 2388

heroin dependence; methadone injection; hypoxia; bradycardia; maintenance treatment; IV opioid treatment; safety, 2523

illicit injection; safer injecting facilities; willingness to use; injection drug users; federal restrictions; police presence; Canada, 8721

illicit injection; safer injecting facilities; willingness to use; injection drug users; federal restrictions; police presence; Canada, 8736

intravenous regional sympathetic block; pain management; complex regional pain syndrome type 1, 20472

intravenous valproate loading; pediatric patients; pediatric status epilepticus; repetitive seizure, 14201

mental disease; saline injections, 34802

Volume 91 SUBJECT INDEX

Intravenous Injections—Serials

nociception; blink reflex; glyceryl trinitrate infusion; healthy volunteers; headache; placebo intravenous infusion, 21864
 psychosis; psychotic reaction; clarithromycin; psychiatric hospitalization; side-effect; intravenous administration; antipsychotic drugs, 35525
 safer injection sites; site utilization; harm reduction project; injection drug users, 2382
 single dose; high dose; intravenous injections; valproate; drug therapy; acute mania, 17077
 Sydney Medically Supervised Injecting Center; public health issues; community level; clinical service model; integration with other harm reduction services; injecting drug users; Australia, 2414
 testosterone; intravenous self-administration; intracerebroventricular self-administration; male rats; hamsters; adult rats; jugular cannula, 15824

Intrinsic Motivation—Serials

carer wellbeing; care motivation; older people; work-related influence; care-related influence; personal factors influence; female carers; carer stress; caregiver-care recipient relationship, 7468
 communication styles; foreign language teachers; intrinsic motivation; intrinsic motivation; integrative orientation; student attitudes; college students; communicative competence; autonomy, 5910
 endogenous instrumentality; intrinsic motivation; task value; undergraduate students; motivational function; independent construct; self-report scale, 12147
 externally imposed deadlines; rules-of-thumb strategies; intrinsic motivation; self-determination, 24524
 future intrinsic & extrinsic goal framing; self-determination theory; future time perspective theory; effort; autonomy; exercise; motivation; performance; persistence; sport club membership, 25073
 goal content; goal motives; psychological well-being; autonomous motives; controlled motives; extrinsic goal contents; intrinsic goal contents, 18357
 intrinsic motivation; drives; human motivation; basic desires; intrinsic enjoyment; end goals; theory of basic drives, 34703
 intrinsic motivation; extrinsic motivation; reading amount; past reading achievement; text comprehension; U.S. and Chinese fourth-grade students; cultural influences; motivational processes, 30045
 intrinsic motivation; recreational activities; intergroup competition; cooperation; performance; enjoyment, 22297
 intrinsic motivation; task performance; assigned goals; motivational sources; self-efficacy; incentives, 12715
 intrinsic spirituality scale; test development; motivation; psychology of religion, 9392
 intrinsic theory; inner awareness; mental-occurrence instances; cognitive awareness; appendage theory; stream of consciousness; equivocal remembrance theory, 18429
 learning climates; intrinsic extrinsic goals; student learning; student performance; persistence; self-determination theory; autonomy-supportive manner; text material; college students, 30755
 motivation; attention; cognitions; thinking; behavior; intrinsic extrinsic motivation, 3410
 nomadic cultures; sedentary cultures; intercultural relations; minority communities; integration problems; daily life; engagement; intrinsic motivation; skill development; Rom people; gypsies in Europe, 16117
 physical education; classroom motivational climate; student attitudes; individual goal orientations; intrinsic motivation; physical self-concept; exercise intentions, 20864
 rewards; performance standards; intrinsic motivation; learned industriousness, 3413
 students' motivational orientation; extrinsic motivation; intrinsic motivation; problem-based learning; PBL environment; class activities, 20865
 subjective experience; intrinsic motivation; self-determination; perceived competence; self-realization values; interest; flow experience; personal expressiveness, 1283
 synaptic plasticity; synaptic activity; classical conditioning; information processing; intrinsic excitability; brain regions; learning; memory, 6868
 task interest; purpose goals; actual performance; assigned goals; adopted purpose goals, 7711
 teacher feedback; intrinsic motivation; perceived learning environment; physical education; middle school students; motivation inventory; perceived challenge; competitiveness perception; sense of self, 9027
 temporal stability; Intrinsic Motivation Inventory, 6279

Intrinsic Motivation—Chapters

Is the social psychology of creativity really social? Moving beyond a focus on the individual, 1194

Introspection—Serials

Structural Analysis of Social Behavior; introjection; internalized self and other perceptions; staff attitudes toward patients; gender combinations; childhood memories of parents, 26243

Introspection—Serials

introspectibility; co-consciousness; unity of consciousness, 33890

postmaterialist values; cognitive support; social values; introspection; values-as-truisms; materialist; self-transcendence; cognitive support, 22303

Introspection—Chapters

Reflexive and reflective judgment processes: A social cognitive neuroscience approach, 3748

Introversi—Serials

personality dimensions; psychoticism; extraversion; neuroticism; prison inmates; college students; university students; compliance behavior; Eysenck personality dimensions, 34678

personality; rural ministry; introversion, 34671
 undergraduate college students; alcohol use; diffidence; introversion; loneliness; self-esteem; self-presentation model, 25886

vigilance; extraversion; introversion; performance differences; time-on-task, 22364

Intuition—Serials

children; adults; artifacts; object naming; historical intuition, 10183

clinical cognition; embodied cognition; calculative rationality; intuitive know-how; Cartesian cognition; nursing; expertise, 23661

decision making styles; judgments; intuitive decision making; analytical decision making; intuitive skill; private consumer decisions; decision outcome; perceived control; risk perception, 3376

emotion expression; marital satisfaction; marital stability; marital quality; intuitive judgments; couple interaction, 13337

ethnocentrism; intuition; Western psychology; academia, 7535

intuitive judgment; choice; bounded rationality; decision making; mental accessibility; prospect theory; framing effects; attribute substitution; bias, 376

mate-selection decisions; cognitive styles; decision-making; intuition, 31511

numerical intuition; price estimates; change in currency; learning hypothesis; global rescaling hypothesis, 36454

personality dimension; music preference; sensing-intuition dimension; musical enjoyment, 19203

psychic ability; biological theories; consciousness; shamanism; prediction; intuition; birth chart reading; astrologer; astrology; transcendent reality; psi, 6635

psychic phenomena; early emotional states; severe early trauma; psychic intuition, 25428

social psychology; common sense; intuition; personality psychology; personality theory; problem solving; social processes; mentors, 25238

Intuition—Books

Everyday mind reading: Understanding what other people think and feel, 3440

Intuition—Chapters

Guided imagery and intuition, 23326

Inuit—Serials

treatment services; Inuit; behavioral health treatment; cultural elements; substance abuse treatment; mental health treatment; historical trauma; traditional healing; Eskimo traditions, 5212

Inventories [See Also Interest Inventories]—Serials

achievement motivation; Achievement Motivation Inventory; equivalency; English version; German version; Israeli version, 27290

adolescent drug abuse; peer drug; treatment outcome; drug abuse treatment program; psychosocial risk factors; Personal Experience Inventory; family dysfunction; deviance, 18167

Adult Career Concerns Inventory; career stage measurement; career development; test reliability; test validity; short form, 9495

agitation; Cohen-Mansfield Agitation Inventory; Korean version; institutionalized elderly; criterion validity; vascular dementia; test reliability; test validity, 18141

alzheimers disease; reliability; validity; Hellenic Neuropsychiatric Inventory; outpatients, 18095

anger assessment; State-Trait Anger Expression Inventory; psychometric properties; anger control; anger expression; aggressiveness; internal consistency; test reliability; test validity, 30402

anger; factor structure; construct validity; anger assessment instruments; Swedish adaptation; scale relationships; test reliability, 9400

anxiety; athletes; Revised Competitive State Anxiety Inventory-2; factor structure, 6268

Arnett Inventory of Sensation Seeking; social desirability; occupational change; achievement motivation, 1271

Asian American Racism-Related Stress Inventory; test development; factor analysis; test reliability; test validity; college students, 9399

Auburn Differential Masculinity Inventory; hypermasculinity; sexual identity; dominance and aggression; conservative masculinity; devaluation of emotion; reliability; validity, 9382

biographical data; biodata measure; situational judgment inventory; college student performance; college entrance tests; Big Five personality constructs; racial subgroups scores; student selection, 15106

borderline personality disorder; factor structure; construct validity; adolescents; borderline personality inventory; symptomatology; factor analysis, 15040

borderline personality disorder; interpersonal problems; college students, 18132

child care HOME inventory; family child care homes; quality assessment; early childhood version; infant toddler version; psychometric characteristics; provider behavior, 55

child development; home observation; family nursing; maternal & child health nursing, 4086

chronic pain; chronic pain coping inventory; reliability; validity; coping, 6261

college students; psychometrics; self; self construal scale, 4451

Competitive State Anxiety Inventory; athletes; anxious state; excited states; validity, 21090

convergent validity; divergent validity; reliability; Coping Resources Inventory for Stress; college students; clinical populations; nonclinical populations, 6359

criterion validity; self-rating inventory for posttraumatic stress disorder; older adults; screening, 3205

depression proneness; treatment-seeking smokers; Depression Proneness Inventory; construct validity, 19698

Depressive Personality Disorder Inventory; quality of life; hopefulness; optimism, 30446

developmental screening tests; developmental delay assessment; Fragile X syndrome; Battelle Developmental Inventory Screening Test; Early Language Milestone scale-2; Denver-II test, 15002

discriminant validity; Career Factors Inventory; career indecision; career counseling; career choice anxiety, 33600

dysfunctional thinking; career decision making; Career Thoughts Inventory; Career Decision-Making Difficulties Questionnaire; career readiness, 30510

factor analysis; Career Factors Inventory; community college students; career indecision, 30514

factor structure; Bar-On Emotional Quotient Inventory, 102

factorial invariance; internal consistency; decisional balance inventory-short form; smokers, 30427

faith group differences; attachment to God; Attachment to God Inventory, 24202

female offenders; special needs; needs assessment instrument; treatment program; test validity & reliability; Female Offender Critical Intervention Inventory; FOCI; gender sensitive programs, 210

five-factor inventory; personality test; psychometric properties; test validity; test reliability, 24219

five-factor model; test comparison; personality; measurement, 30401

Five-Factor Personality Inventory; cross-cultural generalizability; structural invariance; internal consistency; European countries; non-European countries, 3166

French version; Multidimensional Fatigue Inventory; medical patients; test validity; psychometrics, 15089

General Behavior Inventory; diagnostic groups; youth self-report; discriminative validity; mood disorders, 21131

Hangover Symptoms Scale; hangover symptoms; scale validation; test development; test evaluation; college students; self-report inventory; college students; prevalence of symptoms, 9365

Holy Spirit Questionnaire; Spiritual Well-Being Scale; Spiritual Assessment Inventory; perceptions; personal knowledge; Christians; holy spirit, 24206

interest assessment; business careers; Business Career Factors Inventory; psychometrics, 30506

juvenile offenders; risk assessment; needs assessment; juvenile justice; inventories; Secure Care Psychosocial Screening; Youth Level of Service/Case Management Inventory, 9434

Learning and Study Strategies Inventory; factorial invariance; gender differences; ethnicity differences, 18185

marijuana screening; Marijuana Screening Inventory; psychometrics; reliability; assessment benefits; clinical guidelines, 18074

measurement instrument; test evaluation; test development; Pediatric Quality of Life Inventory; parent & staff satisfaction measures; pediatric health care facilities; staff co-worker satisfaction, 14988

mental health problems; behavioral symptoms; emotional distress; psychosocial impairment; reliability; validity; Health Dynamics Inventory; self-report questionnaire; psychometric properties, 33565

Million Adolescent Clinical Inventory; juvenile offending; Mexican American youth; reliability; validity, 30436

Inventories—Serials

- mindfulness skills; self-report; psychometric characteristics; borderline personality disorder, 30363
- Narcissistic Personality Inventory; measurement; narcissism; factor structure, 15028
- Need-Strength Profile; Basic Needs Inventory; test validity; test reliability; psychometrics; couples, 30368
- NEO Five-Factor Inventory; test reliability; factor structure; test validity; personality measures, 12466
- peak-to-peak amplitudes; event-related potential; deception detection; scalp distributions; university students; honest responses; frontal sites; oddball tasks; psychopathic personality trait groups, 24737
- perceived acceptability of behavioural treatments; measure development; psychological interventions; treatment evaluation, 24265
- Perfectionism Inventory; psychometrics; self evaluation; test development, 12463
- perfectionism; competitive athletes; measurement scale; competitive sports, 3163
- Personality Assessment Inventory; back random responding; item responses; T scores, 24216
- personality disorders; schizotypal; borderline; avoidant; obsessive-compulsive; major depressive disorder; mental representations; therapists; psychotherapy; Therapist Representation Inventory, 1978
- posttraumatic stress disorder dissimulation; coaching procedure; symptom specific information; detection avoidance strategies; Trauma Symptom Inventory; Miller Forensic Assessment of Symptoms Test, 27271
- probation officers; Supervisory Working Alliance Inventory Support Practice; individual supervision sessions; social work perspective; clinical psychologists; organizational change, 12451
- problem behavior; Contextual Assessment Inventory; developmental disabilities; inventory development, 27318
- problem-solving appraisal; human adjustment; Problem Solving Inventory; psychological adjustment; physical health; coping behavior; educational issues; vocational adjustment, 27362
- problem-solving appraisal; Problem Solving Inventory; incremental validity; psychological adjustment; physical health; counseling psychology; clinical utility; life satisfaction; well-being, 27359
- problem-solving appraisal; Problem Solving Inventory; psychological adjustment; physical health; coping behavior; educational issues; vocational adjustment; future research; meta-analysis, 27370
- problem-solving appraisal; Problem Solving Inventory; psychological adjustment; physical health; coping behavior; educational issues; vocational adjustment; future research; counseling psychology, 27356
- problem-solving appraisal; Problem Solving Inventory; psychological adjustment; physical health; coping behavior; educational issues; vocational adjustment; future research; counseling psychology, 27355
- problem-solving appraisal; Problem Solving Inventory; psychological adjustment; physical health; coping behavior; educational issues; vocational adjustment; future research; counseling; nonmajority, 27360
- Psychological Assessment Inventory profile cluster; coping style, 7674
- Psychological Performance Inventory; mental toughness test; athletes; sport psychology; construct validity, 33526
- psychometric properties; alcohol related problems; Short Index of Problems, 9415
- psychometric properties; circadian type inventory; test validity; test reliability, 24168
- psychometric properties; Coping Inventory for Stressful Situations; major depression; reliability; factorial validity; internal consistency; distress; personality correlates, 6274
- psychometric properties; Eating Disorder Inventory for children; Swedish girls, 12495
- psychometric properties; Eating Disorder Inventory; Chinese; adolescents; girls, 30480
- psychometric properties; Eating Disorders Inventory; binge eating disorder; bulimia nervosa; treatment, 172
- psychometric properties; Inventory of Drug Use Consequences; drug use; drinking; factor structure; validity; self-report, 3135
- psychometric properties; Multidimensional Child and Adolescent Depression Scale; test validity; test reliability, 6281
- psychometrics; Obsessive Beliefs Inventory; Interpretations of Intrusions Inventory; obsessive compulsive disorder; generalized anxiety disorder; test reliability, 24277
- psychopathy; factor structure; test validity; Psychopathic Personality Inventory, 137
- Quality of Life in Epilepsy Inventory 89; content validity; individualized measures; health-related needs; patients with epilepsy, 24178
- Quick Inventory of Depressive Symptomatology; depressive symptom; Inventory of Depressive Symptomatology; psychometric properties; Hamilton Rating Scale for Depression, 165
- Quick Inventory of Depressive Symptomatology; depressive symptom; Inventory of Depressive Symptomatology; psychometric properties; Hamilton Rating Scale for Depression, 164
- reconviction prediction; Psychological Inventory of Criminal Thinking Styles; male English prisoners, 14983
- reliability; validity; health-related quality of life; Multiple Sclerosis Quality of Life Inventory; multiple sclerosis; age differences, 9455
- Revised Approaches to Studying Inventory; psychometric properties; structure; management education; learning styles research; approach to learning; management undergraduate students, 33592
- screening; males; eating disorders; Eating Disorders Inventory; Survey for Eating Disorders, 12486
- Self Motivation Inventory for Children; factorial invariance; physical activity; cardiorespiratory endurance; psychometric properties; single-factor model; latent means; structural equation modeling, 3148
- self-concept; brain injuries; Adult Source of Self-Concept Inventor Chinese version; factor analysis, 154
- smoking; tobacco; motives; dependence; Wisconsin Inventory of Smoking Dependence Motives; internal consistency; smoking heaviness; multidimensional structure; test development; test validity, 15052
- social skills; reliability; validity; prosocial behavior; asocial behavior; peer relations; Spanish translation of Teenage Inventory of Social Skills, 72
- Social Thoughts and Beliefs Scale; cognitions; social phobia; test reliability, 175
- Spanish adaptation; Dickman Impulsivity Inventory; psychometric properties; factorial structure; functional impulsivity; dysfunctional impulsivity; Eysenck Personality Questionnaire, 6266
- speech anxiety; speech anxiety thoughts inventory; scale development; psychometric data; cognitions, 14998
- Spielberger trait anxiety inventory; confirmatory factor analysis; anxiety vs depression; nonclinical adults, 9411
- Stanford Time Perspective Inventory; psychometric properties; Italian version; factor analysis; internal consistency, 9370
- state-trait anxiety inventory; differential effectiveness; relaxation training; multimodal structural profile inventory; relaxation training, 26452
- Sternberg-Wagner Thinking Style Inventory; NEO-PI-R; cross-cultural replication; five-factor personality model; personality traits, 30404
- stress; burnout; dentists; Copenhagen Burnout Inventory; Maslach Burnout Inventory; psychometric properties; health professional burnout, 30429
- structural invariance; Africultural Coping Systems Inventory; factor structure; African descent populations, 9406
- Substance Abuse Subtle Screening Inventory-Adolescent Form; outcomes; adolescent offenders; treatment planning; program evaluation, 140
- Team Selection Inventory; factor structure; social desirability; construct validity; test validity; test reliability; employee selection; person-team fit; team-working climate, 27395
- temperament and character inventory; confirmatory factor analysis; psychobiological model; measurement models; personality; character, 90
- temporal stability; Intrinsic Motivation Inventory, 6279
- test development; test validity; test reliability; inventories; tutors; problem-based learning; teaching style assessment; assertive style; suggestive style; collaborative style; facilitative style, 15103
- test development; validity; pictorial version; Aachen Life Quality Inventory; German adaptation; quality of life; strokes; aphasia, 204
- validation study; father-daughter relationship; Father-Daughter Relationship Inventory, 61
- vocational interest; college students; gender differences; Holland's hexagon theory; Korean Strong Interest Inventory; test validity, 30515
- Investigation [See Experimentation]**
- Involuntary Treatment—Serials**
- assisted out patient treatment; mental patients; mental health treatment; coercion; law; involuntary psychiatric admission; Lanterman-Petris-Short act; California; Laura Law; legislative ambivalence, 6186
- caregiver burden; schizophrenia; hospitalization; substance abuse; family members; aggressive behavior; involuntary hospitalization, 8794
- civil commitment; personality disorder; bipolar affective disorder; eating disorder; self harm; decision making; comorbidity, 12399
- Civil commitment; Wisconsin Supreme Court; informed choices; medication; mental illness; liberty rights; citizens; court decision; incompetence; treatment decisions; law, 6194
- compulsory treatment; psychiatry; mental disorders; advance statements; joint care plans, 32684
- counseling; psychotherapists; court ordered counseling; professional psychotherapy; ethical violations; dual relationships; informed consent; therapy as punishment; confidentiality, 36033
- counseling; psychotherapists; court ordered counseling; professional psychotherapy; ethical violations; dual relationships; informed consent; therapy as punishment; confidentiality, 36032
- disulfiram treatment; supervised disulfiram; clinic visits; treatment adherence; voluntary group; court-mandated group; naturalistic followup study; study period; court assistance, 20650
- forced medication; criminal defendant; antipsychotic drugs; competence to stand trial; Second Circuit Court of Appeals, 9303
- forcible medication; courtroom competence; legal rights; psychotropic drugs; medical ethics; physicians' dual loyalty, 27224
- general practitioners; rural areas; health care policy; Mental Health Act; physician attitudes; difficulties; emergency detention, 32939
- involuntary civil commitment; mental illness; Russell Weston; effective monitoring; medication delivery, 32657
- involuntary treatment; psychiatric inpatient treatment; liberty deprivation; working-age population, 35845
- law students attitudes; involuntary hospitalization; medical students attitudes; suicidal patient; Huntington's disease; ethical issues; ethical reasoning, 20755
- law students attitudes; involuntary hospitalization; medical students attitudes; suicidal patient; Huntington's disease; ethical issues; ethical reasoning, 20761
- mandatory community treatment; ethics; mandatory outpatient treatment; ethical arguments; severe mental disorders; mental health service system; mental health patients, 5617
- mandatory community treatment; ethics; mandatory outpatient treatment; ethical arguments; severe mental disorders; mental health service system; mental health patients, 5603
- mentally ill; mental health care delivery; involuntary treatment; hospital admission; epidemiology, 29662
- outpatient commitment; representative payeeship; perceived coercion; treatment adherence; severe mental illness; legal mechanisms; involuntary admission, 3097
- psychiatric patients; psychiatric treatment; involuntary medication, 8825
- psychotropic medication; pretrial detainee; Ninth Circuit Court; California; informed consent; medication prescription; Court ruling; Benson case; unconstitutional coercion, 6189
- sex offender; self-incrimination; prison inmates; sex offender treatment program; maximum security setting; Warden McKune; involuntary treatment, 9295
- state psychiatric hospital; constitutional rights; medical malpractice; Michigan department; mental health; civil rights; Eugene Terrance; Everett Terrance; hyperthermia; death, 9292
- treatment modalities; patient satisfaction; forensic psychiatric hospital; involuntary forensic psychiatric treatment, 26613
- Involvement [See Also Community Involvement, Job Involvement]—Serials**
- adolescent involvement; high school students; behavior problem; discipline; decision making; parents, 22068
- alcohol use; late adolescents; summer break; mail survey; peer influence; parental behaviors; parent attitudes; parent values; alcohol involvement; adolescent drinking behavior; parental influence, 13761
- assertive outreach engagement; nursing, 32616
- autobiographical memory; event memory; memory decline; time delay; participant involvement; September 11, 12710
- childhood families; homeless adults; British National Child Development Study; early father involvement; early mother involvement; social disadvantage; economic disadvantage, 10301
- community preferences; priority setting; participatory process; health care; public preferences; treatment; citizens; legitimate role, 4254
- consumer evaluation; product attributes; attribute searchability; attribute judgments; consumer expertise; involvement; role of context, 27166
- consumer involvement; voluntary participation; relationship marketing; healthy relationships; service provider; health sector; telecom sector; services; consumers' willingness, 9170
- consumer product involvement; consumer product knowledge; utilitarian products; hedonic products; subjective knowledge; objective knowledge; college students, 3027
- counselor education; assistant professors; job satisfaction; job stress; job connectedness, 32951

demographic characteristics; father involvement; parental conflict; unmarried couples; divorce; coparenting; father involvement, 1102

depressive symptoms; romantic involvement; adolescence; preoccupation, 25012

divorce education program; divorced fathers; father involvement, 25150

divorce; custody; joint custody; divorce & fathers; fathers & custody; involvement, 7544

divorced father; father's involvement; spousal role; spousal identity; paternal role, 28263

drug treatment; diagnosis; ADHD symptoms; attention-deficit/hyperactivity disorder; perspective of fathers; sons with ADHD; mothers, 11084

early paternal involvement; social development; social behavior; social conduct; nursery school, 16160

educational attainment; father involvement; educational outcomes; mother's involvement, 26923

emotional responses; Kandoh; determinant factors; event involvement; event-related knowledge; emotionally moved, 3416

environmental psychology; personal involvement; water consumption behavior; situational factors; habit formation; repeated behavior, 17953

family involvement; nursing homes; emotional stress; psychological well-being; dementia, 14437

family participation; involvement; individualized education programs; barriers; special education process; culturally and linguistically diverse families; individualized family service plans, 17759

fantasy proneness; imaginative involvement; psychological absorption; depersonalization disorder, 10709

father involvement; parental child caregiving; two-parent families; caregiving roles, 13355

father involvement; treatment outcome; parent-child interaction therapy; parent training; childhood disruptive behavior, 2061

fatherhood; paternal involvement; parent child relations, 16169

gender differences; student engagement; African American undergraduates; historically Black colleges and universities, 36185

human agency; organizational arrangements; organizational forms; human involvement; employment trends; labour trends; modernity; bureaucracy; modern humans; modular man; contingency; selectivity; work, 2951

infant caregiving; parental participation, 17399

instructional context; bilingual special education; developmental disabilities; academic engaged behaviors; teacher behaviors; classrooms; elementary-level school; student behaviors, 17749

interpersonal exchange; supervisors; employee involvement; employee relationships; organizations; top management; employee performance; work outcomes, 27098

mental health services users; mental health carers; users involvement; carers involvement; practicalities; mental health services; stakeholders; involvement effects, 5577

motor neuron disease patients; developing user involvement; interprofessional services planning; community development; research interviews; service quality reforms; virtual user forum, 35372

nonresidential paternal involvement; familial grief; postdivorce involvement; paternal grief; father-child relations, 34501

nursing home residents; family involvement measurement; nursing home care, 23583

parental engagement; home visiting program; Parents as Teachers program, 14653

parenting style; Chinese population; parenting behavior; parent-child interaction; problem solving situations; authoritarianism; parental involvement; structured observation, 28285

paternal involvement; children; gender ideologies; domestic division of labor; parenting behavior, 28264

personal involvement; genre preferences; fictional characters; motion pictures; movies, 31491

Psychiatric Rehabilitation Journal; reader interaction; reader participation, 17426

public perceptions; father involvement; social norms; paternal role; community expectations; workplace provisions; father's responsibilities; fatherhood, 31370

reliability; construct validity; interrater reliability; Observation Coding System for Emotional Overinvolvement; adult outpatient behavior; obsessive-compulsive disorder; panic disorder; agoraphobia, 24207

religiousness; parent involvement; conduct problems; violence exposure; high risk adolescents, 19626

right hemisphere involvement; attentional blink; split-brain patient; visual information processing, 26138

self-determined behavior; student involvement; standards based reform; disabled students; students education; education programs, 30095

self-efficacy; well being; working women; non-working women; involvement, 19082

student engagement; teacher autonomy support; classroom teachers; motivational style; self determination, 26905

student involvement; individualized education program; program meetings, 30020

student involvement; self-determination activities; individualized education program; program implementation; student participation; exceptional children, 30084

teacher efficacy; family involvement practices; urban teacher preparation; elementary schoolteachers; home-school partnerships; community partnerships, 36047

urban African Americans; family perceptions; special educational system; involvement; community support services; children; cognitive disabilities; emotional disabilities, 17760

user involvement; carer; patient feedback; user forum; representation; hospice; forum evaluation, 17376

user involvement; service innovation; professional service developers; telecom services, 9131

women psychiatrists; research involvement, 26829

workplace deviance; organizational citizenship behavior; business unit performance; fast food organization, 14781

youth sports participants; social motivation; social recognition; parental pressure; social goal orientations; perceptions of belonging, 7413

Involvement (See Also Community Involvement, Job Involvement)—Chapters

Integration as acculturation; developmental disability, deinstitutionalization, and service delivery implications, 14419

Ions (See Electrolytes)

Iron—Serials

blood iron levels; tardive dyskinesia; peripheral iron indices; schizophrenia, 19843

neonatal brain damage; non protein bound iron; pathophysiological mechanisms; brain injury; foetal oxidative stress; neurodevelopmental outcome; free radicals; at risk populations, 22915

Irradiation (See Radiation)

Irrational Beliefs—Serials

basic assumptions; irrational beliefs; bereavement; traumatic grief; Low Frustration Tolerance; rational emotive behavior therapy, 26275

delusional belief; belief content; Wittgenstein; Davidsonian dogma; normal cognition; stark delusions; inexplicable beliefs; rationality; mental content; cognitive mistakes, 22455

delusional beliefs; monothematic delusions; rational responses; unusual experiences; Wittgensteinian framework; empiricist approach; meaning; rationalist account, 22428

human immunodeficiency virus transmission; transmission beliefs; immune reaction, 29505

irrational beliefs; situational fears; anxiety; social situations; secondary school students, 13239

irrational fear; suicide attempts; suicide; fear of AIDS; irrational beliefs, 34769

pathological gambling; erroneous beliefs; cognitive theory, 34981

politics; voters; political failures; collective belief logic; rational irrationality, 16181

Irritability—Serials

getting lost; executive functions; Alzheimers disease; dementia; directed attention; attentional impairments; distractibility; impulsivity; irritability, 35267

infant irritability; infant characteristics; infant temperament; parent child contributors, 18947

poststroke patients; neuropsychiatric symptoms; neuropsychological disorders; depression; irritability; eating disturbances; apathy; anxiety, 32071

psychopharmacological treatment; depression; anxiety; irritability; chronic viral hepatitis; insomnia; interferon, 23264

Irritable Bowel Syndrome—Serials

cognitive change; irritable bowel syndrome; hypnotherapy; symptom severity, 20454

general practitioner perceptions; chronic fatigue syndrome; irritable bowel syndrome; treatment perceptions; stereotypes; treatment, 32954

group cognitive-behaviour therapy; hypnotherapy; Irritable Bowel Syndrome; psychotherapy; psychological interventions, 19891

hypnotherapy; gastrocolonic response; irritable bowel syndrome, 20430

illness perception; acute bacterial gastro-enteritis; functional gastro-intestinal disorders; chronic symptoms; irritable bowel syndrome, 4880

irritable bowel syndrome; anxiety sensitivity; neuroticism; worry; generalized anxiety disorder; visceral anxiety, 8130

irritable bowel syndrome; depression; mood; symptom severity; bipolar disorder, 1322

irritable bowel syndrome; medical disorders; childhood abuse; Axis I psychiatric disorders; Axis II psychiatric disorders, 22789

irritable bowel syndrome; suggestion; desire; expectation; placebo effects; placebo analgesia; psychological factors; patients, 8653

irritable bowel syndrome; treatment; symptoms, 8149

pain severity; abdominal pain; catastrophizing; major depression; irritable bowel syndrome; maladaptive beliefs, 26045

parenting style; abdominal pain; somatization; irritable bowel syndrome (IBS); IBS patients; preclinical stress physiology; abuse research; family social climate; long-term health effects, 16612

risk perception; irritable bowel syndrome; perceived susceptibility; health & non-health threats; risks, 26028

social learning; irritable bowel syndrome; inflammatory bowel disease; passive coping strategies; pain; anxiety; depression; illness behavior; outpatient clinics, 13861

Irritable Bowel Syndrome—Chapters

Psychophysiological disorders, 2280

Ischemia (See Also Cerebral Ischemia)—Serials

arterial ischemic stroke; risk factors; elevated plasma homocysteine; cerebral arterial abnormalities, 22889

behavioral alterations; global ischemia; sham-ischemia; electro-acupuncture; motor activity; gerbils; motor activity; open field test, 35244

cardiovascular health; ischemic heart disease; acute coronary syndromes; drug interactions; major depression; psychosocial interventions; cardiovascular & antidepressant drugs; quality of life, 7744

clinical characteristics; subcortical ischemic depression; magnetic resonance imaging, 16404

Diphenyl diselenide; rat hippocampal slices; Oxygen-glucose deprivation; nitric oxide; synthase immunocost; vitro brain ischemia, 3642

drug refractory epilepsy; cardiac ischemia; seizures; cardiovascular abnormalities; sudden death; patients, 4954

early seizures; late seizures; cryptogenic ischemic stroke; young adults, 4949

gender differences; health information needs; decisional preferences; acute ischemic coronary event; recovery, 16725

glutamate involvement; simulated ischemic neurodegeneration; retinal morphology; neurotoxicity; endogenous glutamate; exogenous glutamate; lactate dehydrogenase release; rats, 7206

hypothermia; hyperthermia; attentional learning deficits; spatial learning deficits; hypoxia-ischemic insult; neonatal rats, 30824

immunosuppressant tacrolimus; ischemia-induced brain damage; memory dysfunction; rats; learning, 18557

intracortical endothelin; endothelin injections; skilled forelimb use; functional recovery; stroke; ischaemic lesion; excitotoxic; sensorimotor cortex, 21841

subcortical ischemic vascular dementia; regional pattern; N-acetylaspartate loss; subcortical vascular disease; Alzheimer disease; differential diagnosis, 8306

Tacrolimus; immunosuppressant agent; neuroprotective effect; ischemic brain damage; hippocampal damage; rats, 13002

transient ischaemic attacks; brain atrophy; potential vascular risk factors; cognitive impairment; ischaemic lesions, 14017

transient ischemic attack; TIA; public knowledge; diagnosis; US adults, 16720

unstable angina; emotional distress; anginal chest discomfort; ischemia-angina relationship; anger; depression; anxiety, 22890

Islam—Serials

Al-Qaeda; Taliban leadership; Islamic dream theories; guidance dreams; value system; Middle East; Islamic Jihadist conversion, 16339

global talking cure; terrorism; psychoanalysis; Islamic societies, 2091

homosexuality; Muslim attitudes; Netherlands; Yoesuf Foundation; community organization; Muslim community; Dutch society; homophobia; xenophobia; social service providers, 28354

international custody disputes; parents; children; comity; Islamic nations; United States; Islamic Shari'a law; child welfare; foreign decrees; child custody; jurisdiction, 14919

Islam; Muslim; religious background; psychological publications, 31337

Islam; religious background; psychoanalysis; psychoanalysts; psychotherapeutic processes; hermeneutics, 32941

Islamic terrorism; violence; Quran; cruelty, 35004

Muslims; treatment; cultural differences; Islam; mental health, 11319

oppositional behavior; Nation of Islam; female high school students; involuntary minority culture; Black social identity; Black achievement ideology, 20772

prophets; Islamic historical documents; Christian historical documents; Qur'an; New Testament, 7524

Quran; social changes; emotions; well-being; faith; spiritual experience; Moroccan housewives, 16120

theoretical model; psychotherapeutic model; health care providers; western psychotherapy; Muslim immigrants; Islamic women; Islamic concepts; mental illness, 16908
unconscious fantasies; motivational bases; political history; political events; Middle East; Osama bin Laden; ideology; Islam; personality; terrorist leader, 25401
United States policy; Islam; attitudes; religious orientation; Muslim Lebanese, 16118

Islam—Chapters

An Islamic school responds to September 11, 23861

Isoenzymes [See Isozymes]

Isolation (Social) [See Social Isolation]

Isozymes—Serials

cerebrospinal fluid; CSF; dementia; Creutzfeldt-Jakob disease; dementias; lactate dehydrogenase; isoenzymes, 35322

CYP2D6 activity; extrapyramidal symptoms; antidepressants; elderly; side effects, 11489

morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21517

morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21524

Item Analysis (Statistical)—Serials

ambiguous response formats; item response theory; opposite item pairs; Mokken model; graded response model; unipolar format; bipolar format; affect items, 111
anchor item methods; differential item functioning detection; likelihood ratio test; Type I error; item response theory, 6419

anchor item methods; differential item functioning; Rasch models, 27284

attitude & belief questions; contingent valuation survey; attitudes; beliefs; willingness-to-pay, 18096

classical test theory; item response theory; item reliability; true test score; item total correlation; item true score; item response function; conditional independence; exchangeable measures, 6238

coefficient alpha; maximum likelihood estimation; item-level missing data; reliability estimate; confidence interval; cross-sample fluctuation; reliability analyses; expectation maximization algorithm, 24323

concepts; relational structure; structural analysis; item response theory; interactions between the items; local item dependency; modeling, 6415

differential item functioning stability; survey data, 27267
full information item factor; local influence; perturbations; Monte Carlo EM algorithm; Q-displacement function, 18201

generalized graded unfolding model; parameter estimates; computer program; item response theory; individual differences, 9517

item analysis; multiple choice test; option characteristic functions; nonparametric approaches, 30533

item parceling; measures of fit; confirmatory factor analysis; goodness-of-fit indices; sample size; number of indicators per factor; coefficients; interfactor correlations, 255

item response theory; differential test functioning; effect size measures; mean raw scores; 4/5th rule; successive cut scores; personality assessment; professional licensure; college admissions, 21098

item-response theory; outpatients; schizophrenia; standard error range; ability levels; moderate impairment detection; test; University of Pennsylvania Smell Identification Test; diagnostic utility, 19478

measurement precision; multidimensional item response models; item analysis, 15142

model with internal restrictions on item difficulties (MIR-ID); estimation; parameter values; model parameters; item response theory models; computer program, 9518

patient video clips; neurology examination interpretation; computer-based test questions; text-based questions; item statistics; reliability; medical students, 18067

personality item validity; scale validity; personality item characteristics; ambiguity; syntactic complexity; social desirability; trait indicativity, 33513

personality measurement; item response theory; person-fit indices; Thurstone scaling; person response curve, 18107

set covering with item sampling; linear programming test assembly models; model infeasibility, 33609

vertical scaling; Rasch model; mathematics tests; computer software; scaling method decisions; item analysis, 30538

Item Analysis (Test)—Serials

ambiguous response formats; item response theory; opposite item pairs; Mokken model; graded response model; unipolar format; bipolar format; affect items, 111

item response theory; differential test functioning; effect size measures; mean raw scores; 4/5th rule; successive cut scores; personality assessment; professional licensure; college admissions, 21098

item response theory; item parameter invariance; product-moment correlation coefficient, 30541

Levels of Self-Criticism Scale; internalized self criticism; comparative self criticism; self evaluation; neuroticism; personality; attachment; test reliability; item analysis, 9405

Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; model constructs; model generalizability, 283

spatial test items; item analysis; item dimensionality; confirmatory factor analysis; visualization; Computerized Swedish Enlistment test battery, 33487

taxonicity; dimensionality; major depression; skewed distribution; involuntary defeat syndrome; test items; Beck Depression Inventory, 13610

Test of Workplace Essential Skills; cognitive skill assessment; subscales performance; gender; language; reading text; document use; numeracy; working-age adults; group differences; item analyses, 24314

Item Bias [See Test Bias]

Item Content (Test)—Serials

exposure control; computerized adaptive testing system; partial credit model; content balancing restrictions; item selection; Symptom-Hetter technique, 9345

Item Response Theory—Serials

alcohol problems; latent trait modeling; severity linking; abusive drinking; tolerance; withdrawal; alcoholism; conceptualization; assessment; symptom parameter, 25888

ambiguous response formats; item response theory; opposite item pairs; Mokken model; graded response model; unipolar format; bipolar format; affect items, 111

anchor item methods; differential item functioning detection; likelihood ratio test; Type I error; item response theory, 6419

anchor item methods; differential item functioning; Rasch models, 27284

bookmark difficulty location; item response models, 9502

child behavior checklist; cross-informant syndrome; psychometrics; factor analysis; item response theory, 6302

classical test theory; item response theory; item reliability; true test score; item total correlation; item true score; item response function; conditional independence; exchangeable measures, 6238

client satisfaction; public education; educational benchmarks; Rasch measurement, 12533

compulsive smoking; nicotine dependence; unidimensional construct; physical dependence; smoking behavior; Fagerstrom test; social problems; Rasch analysis, 10971

computerized adaptive testing; counseling; education; item response theory, 33214

concepts; relational structure; structural analysis; item response theory; interactions between the items; local item dependency; modeling, 6415

differential item function; Korean National Entrance Exam for Colleges and Universities; academic background; Item Response Theory Likelihood Approach; English subtest, 21194

exposure control; computerized adaptive testing system; partial credit model; content balancing restrictions; item selection; Symptom-Hetter technique, 9345

factor analyses; Fear of Negative Evaluation; Brief Fear of Negative Evaluation; convergent validity; statistical methods; validity analyses; factor structure; item response theory; FNE; BFNE, 24271

Gambling Attitudes and Beliefs Scale; item response theory; gambling attitudes; pathological gamblers; non-problem gamblers; gambling affinity, 24280

generalizability theory; many-facet Rasch measurement; problem-solving skills; psychometric properties; school activity, 30422

generalized graded unfolding model; parameter estimates; computer program; item response theory; individual differences, 9517

grade assignment practices; adjusted grade point average; method evaluation; Item Response Theory; adjusted GPA; grading standard differences, 9482

Harvard Group Scale of Hypnotic Susceptibility, Form A; factor structure; item response theory; Waterloo-Stanford Group C Scale, 21094

health-related quality of life; Clinical Interpretability; interpretation aids; visual function index; functional status, 27372

IRT observed-score equating; three-parameter logistic model; score equating methods; asymptotic standard errors, 15137

item response theory; construct validity; DSM-IV diagnostic criteria; substance use disorders; alcohol; cannabis; cocaine; performance characteristics, 13747

item response theory; differential test functioning; effect size measures; mean raw scores; 4/5th rule; successive cut scores; personality assessment; professional licensure; college admissions, 21098

item response theory; equating method; long-term scale maintenance; mixed format tests; constructed response items; multiple choice items, 6462

item response theory; goodness of fit statistics; performance assessments; probability functions, 18204

item response theory; item parameter invariance; product-moment correlation coefficient, 30541

item response theory; marketing; measurement issues, 24089

Item Response Theory; Psychopathy Checklist-Revised; male criminals; female criminals; offenders; forensic psychiatric patients, 24231

item-response theory; outpatients; schizophrenia; standard error range; ability levels; moderate impairment detection; test; University of Pennsylvania Smell Identification Test; diagnostic utility, 19478

kernel smoothing; item characteristic function estimation; continuous personality items; item response theory; continuous response model, 18108

local item dependence; item response theory; reading comprehension; reading assessment; Q3 statistics, 21191

local item dependence; latent trait; latent variable, 18060

Mahalanobis distance; unidimensionality; unidimensional measurement scale; item response patterns; scale reliability; scale dimensionality, 30548

Markov chain estimation; Markov Chain Monte Carlo; estimation theory; General Condorcet Model; answer key, 18064

Markov Chain Monte Carlo; compensatory item response models; noncompensatory item response models; estimation; two-parameter logistic model; latent trait model, 6390

markov chain monte carlo; item response function; estimation procedure; item response theory; bayesian estimation; latent response; unfolding response models; data augmentation, 18198

mathematical ability; unidimensional model; multidimensional item response theory; communication ability; scoring items; student proficiency classification, 6374

maximin calibration designs; nominal response model; item response theory, 9516

maximum information approach; scale description; Rasch model; data analysis; affective measures, 12532

measurement precision; multidimensional item response models; item analysis, 15142

Mississippi Scale for Posttraumatic Stress Disorder; Rasch analysis; true score theory; usefulness of reverse scored items, 23711

model with internal restrictions on item difficulties (MIR-ID); estimation; parameter values; model parameters; item response theory models; computer program, 9518

Mokken scale analysis; hierarchical clustering procedures; item pool; item selection methods; item response data, 33619

multidimensional adaptive testing; latent traits; adaptive item selection; measurement efficiency, 33621

nonparametric item response theory; IRT; psychopathology scales; construction; psychometric analysis; Minnesota Multiphasic Personality Inventory-2; MMPI-2; depression, 30417

nonparametric item response theory; order-restricted inference; inequality constraints; Bayesian inference, 18065

nonparametric models; item response theory; dimensionality assessment, 9519

person fit; item response theory; item scores; statistical inferences; order-restricted latent class models, 6400

person-fit index; latent class models; polytomous Rasch models; mixture distribution IRT models; response patterns, 15140

Personality Assessment Inventory; back random responding; item responses; T scores, 24216

personality measurement; item response theory; person-fit indices; Thurstone scaling; person response curve, 18107

polytomous ordered scales; middle response category; subpopulations; mixed-partial credit model; latent classes; personality questionnaire; personality factors, 30362

predictor variables; item response theory; measurement error; Bayesian modeling, 15128

Rasch analytic procedures; item bias; differential item functioning; English language test; undergraduate students; native English speakers; non-native English speakers, 12530

Rasch measurement model; student attitudes; student behaviors; studying; learning; motivation; university students, 12543

Rasch model estimation; Rasch estimation methods; chi-square methods; Marginal Maximum Likelihood Estimation, 27397

Rasch model; quantitative methods; demographic characteristics; socioeconomic; neighborhoods, 12525

Rasch; measurement theory; genomic measurement; genomic variables; hypothesis testing; classical statistical genetics; population genetics, 27701

sample size; Rasch model; item response theory; dichotomous items; Rasch parameter estimates, 27398

Volume 91 SUBJECT INDEX

Item Response Theory—Serials

schizophrenia outpatient health outcomes; EuroQol-5D; quality of life; schizophrenia; cross-cultural validity; quality of life; Rasch Model Analysis, 21153
Sense of Coherence instrument; construct validity; older adolescents; Rasch model, 15027
South Oaks Gambling Screen; gambling behavior; disease severity; test validity; test reliability; psychometrics; Rasch model, 21157
standardized mean difference; Item Response Theory; educational testing; psychological testing; effect size measures; test reliability, 18073
structural equation modeling; item response theory; factor analysis; dichotomous item responses; empirical social science research, 244
survey methodology; cognitive aspects; psychometric models; cognitive models; item response models; quality of life assessment, 21212
true score examination; mixed-format examination; accuracy; achievement; Classical Test Score Theory; item response theory; Generalized Partial Credit Model; multiple choice; extended response, 15101
true-score measures; binary items; item response theory calibration; reliability, 6397
Type I error rates; generalized graded unfolding model; fit indices; item response theory, 9507
variational approximations; latent variables; machine learning; graphical modeling; statistical physics literature; science literature, 18063
vertical scaling; Rasch model; mathematics tests; computer software; scaling method decisions; item analysis, 30538
working memory span; proactive interference; age-related decline; Rasch psychometric model, 900

IV Drug Usage [See Intravenous Drug Usage]

Jails [See Prisons]

James (William)—Serials

death; Gustav Fechner; William James; Carl Rogers; B. F. Skinner, 24865
positive psychology; history; American Psychological Association; Abraham Maslow; William James; Martin Seligman, 30350
William James; dress; styles of dress; clothing; apparel; social selves; academic dress, 30358

Japanese Americans—Serials

dementia caregiving; Japanese American; Japanese cultural values; stress; coping, 20007
depression; health status; community; Japanese American elderly; life events, 19374

Japanese Cultural Groups—Serials

cross-cultural comparisons; organizational culture; Arab & Japanese universities; management, 36366
cultural adjustment; mental health; Japanese immigrants; youth; discrimination; coping; cultural identity, 13261
future prediction; self perception; future life event desirability & commonness; relative likelihood estimates; super ordinary bias; unrealistic optimism & pessimism; Japanese, 34697
intellectual disability; attitudes toward; Japanese adults, 25967
intellectual disability; family; care; community; attitudes; elementary school student parents; Japanese adults, 35131
Japanese women; dream gender percentages; male; female; dream percentage representation; Japanese society; dream reports; women's role, 15346
learning; Japanese students; addition solution methods; classroom instruction, 26902
semantic differential technique; somatic sensations; aesthetic impressions; alexithymic tendencies; Japanese students, 26067
suicide rate; suicide mortality; Japan; trends; variations, 25854
triadic communication; social withdrawal; family support group; psychosocially disturbed youngsters; parents; Japanese socioeconomic change, 32369

Jaw—Serials

early infant jaw orthopaedics; early speech production; unilateral cleft lip; unilateral cleft palate; infant orthopaedics, 26498
jaw swelling; mandibular sarcoma; chondroblastic osteogenic sarcoma; periodontal ligament space; lamina dura; paranasal sinuses; labial; canine; maxillofacial region; bone tumor, 13899
masseter muscle activity; swallowing; mandibular fixation, 30924
orofacial muscle activity; speech rate; speech intensity; jaw movement distance, 9614
temporomandibular disorders; hyperalgesia; noxious stimuli; experimental pain sensitivity, 22842

Jealousy—Serials

Balkan identity; outside observer; object of envy; alien culture, 7529
behavioral responses; jealousy expressions; romantic jealousy; emotional intensity, 34620

emotional infidelity; sexual infidelity; terror management theory; romantic relationships; mortality salience; gender-differentiated jealousy, 4450
envy; religious experience; love; attention; absence; ideal self; unconscious forebodings; old age; death specter; organizing experience; empathic recognition; Freud, 30353
gratitude; phenomenological description; pride; envy, 13475
jealousy expression; understanding; coping; autistic children; social-comparison jealousy; social-relational jealousy, 19737
jealousy; couple relationship; relationship enhancement, 34597
nurse education community; nursing students; envy, 4453
promotion rejection; promotes; promotion expectation; perceived self-similarity; predicted envy; social evaluations; job performance, 27047
sex differences; extreme jealousy, 31507
sex differences; jealousy; cued recall; emotional infidelity; ambiguity; sexual infidelity; threatening condition, 31602
sexual strategies; sex differences; sexual & emotional jealousy; paternity uncertainty, 13465
social comparison; romantic jealousy; self-evaluation, 25252
transactional model; relationship commitment; jealousy; relationship insecurity; emotional arousability; dating relationships; marital relationships; couples, 1188

Jews—Serials

alcohol related beliefs; drinking attitudes; Jews; Protestants; alcohol depression hypothesis; coping with stress; men; women, 1159
counseling profession; Jews; cultural awareness; anti-Semitism; anti-Semitic behavior; Jewish issues; counseling profession; bias-free counseling; multicultural counseling, 5164
counseling profession; Jews; cultural awareness; anti-Semitism; anti-Semitic behavior; Jewish issues; counseling profession; bias-free counseling; multicultural counseling, 5173
countertransference collision; countertransference collusion; German Jewish analyst; German Nazi patient; psychoanalysis; holocaust; aggression; regression; projections; historic past inheritance, 23128
ethnic face categorization; terrorist attacks; cultural fixation; Jewish faces; non-Jewish faces; facial perception, 12668
hypersexual behavior; Hasidic Jews; psychiatric inpatients, 19328
Israeli Jews; memories; national events; world events, 13317
Jewish families; clinical management; disorders; children; adolescents, 11359
marital intimacy; male ejaculation; sexual dysfunctions; sex therapy; ejaculatory restrictions; Haredi Jewish couples, 26307
marital intimacy; male ejaculation; sexual dysfunctions; sex therapy; ejaculatory restrictions; Haredi Jewish couples, 26303
mediators; mediation; problem solving; stress; politics; economics; Israeli Jews; Palestinians, 13430
mental health; intergenerational exchange; Jewish Israelis; older adults, 25098
orthodox Judaism; psychoanalysis; Jewish thinkers; psychology; dialogue; reconciliation, 31626
partner abuse; male violence; Jews; Arabs; differential perceptions; ethnic groups, 31870
preschool age children; orthodox Jewish community; rates of emotional and behavioral disorder; predictors; gender differences; parent rating; teacher rating, 4525
religion; morality; positive mentality; Jews; Protestants; mental states, 22331
sexism; antisemitism; Canadian Jewish women; depression, 34419
sociodemographic background; Jewish adults; disability; social network; later life, 22121
suicide prevalence; suicidal beliefs; Jewish culture; religious-cultural differences; suicidal ideation, 7987
verbal IQ; vocabulary; American Jews; intelligence, 10600

Job Analysis—Serials

graphical occupational representations; skill similarity; occupational map; career counseling; course selection; alternative careers; particular occupations; career planning criteria; workplace skills, 2871
job analysis; human resource management; organizational performance; information system; strategic planning; top management; competitive advantage, 36292
occupational status; psychological dispositions; limitation perception, 9095
self presentation; job analysis; competency statements; ability statements; task statements; data collection; response differences; office clerical employees, 33285

Job Applicant Screening—Serials

supervision styles; activities analysis; casework; surveillance; correctional supervision; parole supervision; probation officers; parole officers; self rating; peer-rating, 12266
task design; cognitive task analysis; job design; job performance; methodology, 33374

Job Analysis—Chapters

Work design: Learning from the past and mapping a new terrain, 5982

Job Applicant Attitudes—Serials

Applicant Attribution-Reaction Theory; attributional processes; applicant reactions; fairness; test perceptions; test performance; motivation, 33241
applicant reactions; selection procedures; construct-oriented approach; time; test constructs; new technology; testing, 33236
applicant reactions; selection screening technology; face-to-face interview; telephone interview; interactive voice response screening; individual differences; cognitive ability; conscientiousness, 33232
corporate teamwork; college recruitment brochures; group work; competitive advantage; diverse workforce; applicant attitudes; organizational attractiveness, 14744
employee selection; applicant reactions; organizational psychology; decision making, 36278
employer information; positive information; negative information; job recruitment; applicant reactions, 12256
ethnic identity; organizational recruitment; recruitment brochures; recruitment outcomes; workplace diversity; race, 9069
fairness perception; personnel selection agency; employee selection; assessment procedure; job applicant attitudes; assessment feedback, 33245
job advertisements; goal framing effects; organizational attractiveness, 14728
job applicants; decision making; selection process; organization perception; job perception; serial decisions; perceived uncertainty; applicant preconceptions, 33240
job applicants; general beliefs; selection treatment beliefs; Social Process Questionnaire on Selection; questionnaire development, 30508
job applicants; personnel selection; selection procedures; test-taking attitudes; comparative anxiety; fairness perceptions, 17798
justice expectations; applicant perceptions; organizational behavior, 33233
justice perceptions; procedural justice research; procedural justice effects; regression coefficients; general mental ability; applicant attraction; employment managers; selection context, 14742
organizational justice theory; candidate perception; employment discrimination; personnel selection; employee promotion; fairness heuristic; subjective perception; theoretical models, 33237
organizational justice; personnel selection; selection fairness; applicant reactions; boundary conditions; high-tech testing, 33244
personnel selection methods; fairness reactions; job applicants; student reactions, 33239
reputation perceptions; organizational reputation; recruitment success; job attributes; job posting; job pursuit; expectations; familiarity; job seekers; brand-equity perspective, 14719

Job Applicant Interviews—Serials

anxiety levels; employment interviews, 17808
applicant reactions; selection procedures; construct-oriented approach; time; test constructs; new technology; testing, 33236
candidate selection; training; psychotherapy; counseling; selection interview; patients, 26250
conversation; context; frame; activity; genre; job interview, 21963
criterion-related validity; employment interviews; unstructured interview; structured interview; rated job performance; training performance; validity; reliability, 23968
human resource professionals; team interviews; individual differences; perception; interviewer's experiences, 33235
interviewing skills; nonverbal interview behavior; verbal skills; verbal influence; job applicants; recruiter assessments; applicant gender, 27042
job applicants; applicant personality traits; employment interviews; interviewer perceptions; interviewer recommendations; five-factor model, 17805

Job Applicant Interviews—Chapters

The job search, 2614

Job Applicant Screening—Serials

air force fighter pilots; cognitive plasticity; screening; training; experience; object tracking; objects in motion; US Air Force; tracking motion; air trajectories, 30596
applicant reactions; selection screening technology; face-to-face interview; telephone interview; interactive voice response screening; individual differences; cognitive ability; conscientiousness, 33232

applicant selection; departmental search committees; evaluation of faculty applicants; teaching experience; search committees; graduate program; job applicants, 17601
employee selection; applicant reactions; organizational psychology; decision making, 36278
measurement conditions; self-assessment validity; employee selection; competency rating; social comparison instructions, 33601
organizational justice; personality testing; personnel selection; job applicant screening; job applicant reactions; interpersonal treatment; social comparison; business students, 5996
personnel selection methods; fairness reactions; job applicants; student reactions, 33239
pre-employment screening test; test validity; test reliability; Counterproductive Behavior Index; psychometrics, 24315
recruitment; recruitment advertising; advertising effectiveness; applicant pool quality; organizational success; job description, 20912
resumes; job applicants; mental ability; personality traits; personnel recruitment; recruiter assessments, 17791
social identity theory; SIT; racial similarity; race; jobs; organizations; recruitment; relational demography, 2898
student success; counselor education; program directors' perceptions; applicant screening measures, 36090
Job Applicants—Serials
age; recruiters; applicants; job seekers; young; middle-aged; age-stereotype criteria; hiring recommendations & assessments; referent others, 2899
Applicant Attribution-Reaction Theory; attributional processes; applicant reactions; fairness; test perceptions; test performance; motivation, 33241
applicant faking; applicant response distortion; application process; job applicants; self report measures; selection measures; randomized-response technique, 18187
applicant tactics; hiring recommendations; influence tactics; recruiter fit perceptions; job fit perception; ingratiation tactic; self-promotion tactic; recruiters, 33238
cognitive ability assessment; job applicants; personality assessment; fairness perceptions; selection test, 10563
construct comparability; PIB/SpEE Stress Index; job applicants; cultural groups; public safety sector; security sector; psychometrics, 21206
electronic resumes; paper resumes; job applicants; attributes, 27041
job applicants; applicant personality traits; employment interviews; interviewer perceptions; interviewer recommendations; five-factor model, 17805
job applicants; decision making; selection process; organization perception; job perception; serial decisions; perceived uncertainty; applicant preconceptions, 33240
job applicants; personnel selection; selection procedures; test-taking attitudes; comparative anxiety; fairness perceptions, 17798
message processing; realistic recruitment services; perspective job applicants; target job; need for cognition; recruitment messages; realistic job previews; source credibility, 9068
organizational representatives; applicant attraction; minority applicants; white applicants, 14737
program directors; assistant professor; school psychology; position openings; job openings; research experiences; academic position; graduate students, 5840
recruiting sources; newspaper advertisements; job fairs; employee referrals; college placement offices; direct applicants; applicant quality; qualified applicants; applicants hired; job offers, 14738
resumes; job applicants; mental ability; personality traits; personnel recruitment; recruiter assessments, 17791
Revised NEO Personality Inventory; NEO-PI-R; job application; positive impression management, 76
self-starters; can-doers; mobile phoneys; personality language; job advertisements; situation vacant columns; self description lexicography; personality traits, 23960
social identity theory; SIT; racial similarity; race; jobs; organizations; recruitment; relational demography, 2898
Job Applicants—Chapters
Recruitment and selection: Applicant perspectives and outcomes, 6004
Job Change [See Career Change]
Job Characteristics [See Also Work Load]—Serials
acceptance; job control; mental health; job satisfaction; work performance, 6072
emotional labor demands; wages; working conditions; cognitive demands; wage rates; occupational level; affective outcomes; job demands, 33280
employer information; positive information; negative information; job recruitment; applicant reactions, 12256
gendered work conditions; psychological distress; social support; job satisfaction; physical health; organizational responsiveness; nonfaculty university employees; job demands, 9054
general mental ability validity; general mental ability measures; occupations, 3244

graphical occupational representations; skill similarity; occupational map; career counseling; course selection; alternative careers; particular occupations; career planning criteria; workplace skills, 2871
health service delivery; behavioural programme; adult psychiatrist; job plan; doctors; service user; patient attitudes, 8918
internships; business school students; job characteristics, 14681
job characteristics; correctional staff members; job stress; supervision; job variety; job autonomy; job satisfaction, 33283
job complexity; autonomy; cohesiveness; collectivist work groups; individualistic work groups; cross cultural differences, 9102
job demands; job control; burnout dimensions; work self-determination; emotional exhaustion; personal accomplishment; depersonalization; Job Demand-Control model, 30183
job seekers; effective recruitment practices; choice process; job attributes; job choice decisions; follow up; site visit arrangements; organizational constituents, 17778
job stress severity; emotional exhaustion; burnout symptoms; depersonalization; medical practitioners; South Africa, 12048
job stress; health care workers; sickness absence; job demand-control-support model; decision latitude; absenteeism; social support, 12057
longitudinal research; demand-control-support model; job strain; job demands; job control; work characteristics; health; well-being, 2949
manual labor; cognition; cognitive task analysis, 24035
mental health promotion; employment; healthy workplaces; employment project clients; workplace factors; job retention; key events; job stages; manager meetings; colleagues; attitudes, 14803
military officer jobs; job performance; military officers; Irish Defence Forces; contextual predictors, 6097
opportunity; careers; organizational commitment; attachment; job design; job enrichment; employee development mobility, 2918
personality role; work experience; job performance; task performance; discretionary behaviors; contextual performance, 14747
recruitment; recruitment advertising; advertising effectiveness; applicant pool quality; organizational success; job description, 20912
salivary cortisol; urinary cortisol; automated production system; physiological responses; urinary catecholamines; adrenaline; noradrenaline; daily variation, 12316
school psychological services; school psychologists; International School Psychology Survey; training; roles; responsibilities; test development, 33594
subjective well-being; transactional model; transactional model of subjective well-being; reactivity; job satisfaction; life satisfaction; job characteristics, 25395
work characteristics; mental health; job demands; job control; supervisor support; well-being; demand control support model, 36332
work environment; demand-control-support model; work stress; shiftwork; prediction; work perceptions; work attitudes; health; job demand; job control; safety perceptions; oil workers; conditions; UK, 2952
work values; vocational interests; personality traits; job characteristics; social vocational interests; enterprising vocational interests, 10568
Job Characteristics [See Also Work Load]—Chapters
How to avoid the occupational hazards of being a psychotherapist, 5763
Work design: Learning from the past and mapping a new terrain, 5982
Job Discrimination [See Employment Discrimination]
Job Enrichment—Serials
trait antecedents; service worker; job resourcefulness; JR; customer orientation, 9070
Job Experience Level—Serials
air force fighter pilots; cognitive plasticity; screening; training; experience; object tracking; objects in motion; US Air Force; tracking motion; air trajectories, 30596
business transfer; transfers of undertakings; human resource management; terms and conditions of employment; employment rights; transferred workers; transferee employer; employment relations, 36281
college graduate experiences; first year employment; corporate environment, 36353
college graduates experience; employment first year; college recruitment; graduates socialization; organizations, 36348
cortical areas; event-related desynchronization; fighter pilots; experience level; electroencephalography activity; imagery flight training, 12925
counseling; anxiety; depression; minimally trained counselors; women; communities, 1974

effectiveness of interventions; performance; knowledge; expertise; effectiveness; managerial leadership development programs; individual level; team level; group level; organizational level, 30156
experience; loan officers; lending; expert judgment; novice decision behavior; credit decisions; decision process, 33246
experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language; thinking, 12042
experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language, 12053
experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language; thinking, 12052
experiences; older staff nurses, 14556
general mental ability; occupational attainment; job performance; job experience; aptitude; occupations; theories, 10564
HIV care; experience; knowledge level; provider attitudes, 26832
organizational structure; organizational practices; workplace learning; multinational corporations; models, 14718
practical knowledge; adherence; classroom rules; preservice vs novice vs experienced educators; deaf; hard of hearing, 12202
sales representatives; emotional intelligence; awareness training; sales training programs; sales experience, 30147
schoolteachers experiences; childhood chronic illness; teacher training, 36078
situated cognition theory; student experience; workplace learning; work experiences; engineering students; legitimate peripheral participation; science education; gender issues, 30144
social activism; occupational experience; locus of control; well-being; Black middle women, 31312
student teachers; perceived seriousness; management of problem behaviors; undesirable behaviors; student discipline; teacher gender; pupil gender; teaching experience, 14673
workplace experience; workplace learning; design engineers; coping behavior; workers' perceptions; business organizations; collaboration, 30178
workplace teachers; workplace learners; novice-expert dichotomy; apprenticeship; expertise, 14740
Job Family Relationship [See Family Work Relationship]
Job Involvement—Serials
call centres; computer technology; occupational stress; employee attitudes; organizational structure; employee involvement; work teams; job satisfaction; organizational commitment, 24006
direct employee participation; Europe; organizations; participation determinants, 23995
employees; religiosity; job involvement; job attitudes; work values, 14768
ingratiatory behaviors; job involvement; self-esteem; role ambiguity; opinion conformity; self-promotion; organizational settings, 36339
job demands; job resources; burnout; job involvement; health problems; employee turnover, 24003
learning disabilities; employment self-efficacy; employment satisfaction; college graduates, 1710
nonlinear relationship; political skill; work outcomes; job satisfaction; job tension; intrapersonal worker reactions, 36341
self-managing work teams; natural work groups; group cohesion; group performance; business organization; job involvement, 4343
unemployed; work values; gender differences; work involvement; employment status change; well-being; gender differences, 30188
work involvement; parents; relationship quality; parent-child relationship; adolescent offspring; family life; work experiences, 34486
workaholism; work; time allocation; work-related activities; employee attitudes; demographics; occupation; employment sector, 17840
working relationships; educational institutions; participatory research; health professionals; community groups; partnership principles, 8954
Job Involvement—Chapters
Applying multi-wave, multi-variable models in evaluating the stability of job insecurity, and job and family involvement: A three-wave longitudinal study in Finland, 12301
Job Knowledge—Serials
business cycles; threshold nonlinearities; knowledge spillovers; firm payoff, 31305
career planning; self-estimates; test estimates; work-relevant abilities; occupational choices, 33602

Volume 91 SUBJECT INDEX

Job Knowledge—Serials

effectiveness of interventions; performance; knowledge; expertise; effectiveness; managerial leadership development programs; individual level; team level; group level; organizational level, 30156

employee turnover; tacit knowledge loss; organizational social structure; tacit knowledge diffusion, 17837

human resource management; knowledge management; organizational commitment; knowledge-sharing attitudes, 12271

International Society of Sport Psychology; competencies; occupational standards; occupational knowledge; exercise psychology; skills, 23745

older people; health care staff; knowledge level; attitudes; measurement instruments; support workers, 27348

primary care physicians; binge eating treatment practices; obesity treatment practices; physician knowledge; treatment recommendations, 23650

psychometrics; test development; organizational context; electrical job knowledge test, 18189

social workers; process knowledge; social work; hypothesis development & appraisal; rules, 17494

staff development; youth development work; professional youth workers; positive youth development; professional practice; adult learning facilitation, 5547

tacit skills; learning environments; workplace learning; knowledge; work performance; competences, 36251

tacit skills; skills recognition; learning outcomes; adult learning; work re-entry; practitioners; personal competences; workplace education; workplace training; job knowledge, 14723

venture growth; entrepreneurial traits; skill; situationally specific motivation; chief executive officers, 33251

work teams; information environment; knowledge acquisition; knowledge processes; team knowledge structures; team knowledge configurations; task-typology match; knowledge distribution, 17853

workplace learning; national competitiveness; education experience; learning technologies; workplace knowledge, 17802

Job Knowledge—Chapters

Cognitive ability, 6011

How can we understand one another if we don't speak the same language?, 17777

Job Mobility [See Occupational Mobility]

Job Performance [See Also Employee Efficiency, Employee Productivity]—Serials

academic performance reward & recognition; faculty perception; incentive level; clinical practice volume; academic productivity; rank; administrative responsibility; department mission & activities, 23734

acceptance; job control; mental health; job satisfaction; work performance, 6072

affective commitment; immediate supervisors; work group; organizational commitment; job performance; turnover, 12297

call centers; optimism; job stress; job performance; job satisfaction; personal orientation; employee turnover; job absenteeism; work conflict, 24005

chronic pain; work-related absence; work performance; litigation, 16586

cognitive performance; working conditions; workplace injuries; higher mortality; work performance; marital stress; general health; mental health; injury rates; long working hours, 30235

collectivism; organizational commitment; employee performance, 33221

collectivism; organizational commitment; employee performance; mentors; gay employees; lesbian employees; sexual identity; professional ethics, 33224

counterproductive work behavior; employees, 17859

criterion-related validity; employment interviews; unstructured interview; structured interview; rated job performance; training performance; validity; reliability, 23968

crossvergence; task perception; contextual performance; expatriate managers; effective performance; Western managers; Thai cultural environment, 33248

customer emotions; contact employee performance; relationship satisfaction; customer encounter, 36355

demographic heterogeneity; work teams; team leader; team effectiveness; demographic fit; organizational tenure; team empowerment, 27104

display-control compatibility; usability judgment; performance, 36475

dispositional affect; work related outcomes; job performance; negative affectivity; positive affectivity; social service personnel, 9108

effectiveness of interventions; performance; knowledge; expertise; effectiveness; managerial leadership development programs; individual level; team level; group level; organizational level, 30156

electronic monitoring intensity; secrecy; monitored employee reactions; managers decisions; performance expectations; trust, 30155

emotional exhaustion; conscientiousness; job performance; call center customer service representatives; service quality; call volume, 30202

emotional intelligence; accountability; executive coaching; authority; executive performance & development; organizations; responsibility; interpersonal & informational & decisional roles, 2911

emotional intelligence; individual performance; call centre agents, 30152

emotional labor; behavioral self-regulation; control theory models; emotional displays; job performance, 7675

- confidence judgments; individual decision making; group decision making; instructor feedback; exam accuracy scores; course related knowledge; college classrooms, 36194
- confidence-accuracy calibration; relative judgments; absolute judgments; face recognition; simultaneously presented stimuli; sequentially presented stimuli, 33882
- consumer evaluation; product attributes; attribute searchability; attribute judgments; consumer expertise; involvement; role of context, 27166
- correct answers; global judgments; local confidence; global confidence, 18338
- counterfactual thoughts; counterfactual thinking; judgments; persuasion; attitude change; attitude formation; motivation, 10529
- criminal psychological profiles; perceived accuracy; profiles author; professional profiler; police officers, 36549
- cross-group friendships; prejudice; outgroup variability; Catholics; Protestants; judgments; ingroup; outgroup, 28402
- decision making styles; judgments; intuitive decision making; analytical decision making; intuitive skill; private consumer decisions; decision outcome; perceived control; risk perception, 3376
- desired self; biased judgment; past behaviors; extraversion; introversion; self-promoting attributes, 28429
- dilution effect; diagnostic information; nondiagnostic information; regressive judgment, 30674
- display-control compatibility; usability judgment; performance, 36475
- duration judgments; schizophrenia; time cues; timing abilities; encoding; cognitive processes, 7866
- emotional reactions; social feedback; self-appraisals; judgment, 34690
- entrenchment; grammaticality judgment tasks; overgeneralization errors; verb argument structure; age differences; children vs adults, 15983
- ethanol; judgment; cognitive performance; psychomotor performance, 18808
- event-related potential; temporal context discrimination; declarative memory; neural correlates; recency judgments; memory retrieval, 24711
- expectations; figure skating; reputation bias; judging; sport performance, 20973
- eyewitness; confidence inflation; criminal trial; judgments, 36336
- false recognition memory; recognition judgment; strategic processes, 27543
- forced-choice decision making; take the best model; rational model; judgments; feedback, 27507
- gender differences; emotion judgments; facial expressions; conscious awareness; multiple emotions, 24527
- generalized social phobia; social judgments; social interaction; social information, 19505
- grammaticality sensitivity; judgments; processing times; violation detection; children; early focal brain injury; specific language impairment, 13556
- group judgments; centrality and accuracy models; quantity estimations; frames of reference; intragroup influence, 34594
- guilt; shame; disobedience; psychoanalysis; psychology; moral judgement, 26320
- haptic perceptual judgment; slanted surfaces; postural affordance; dynamic constraints; arm perceived position, 30586
- Harter Self-perception Profile for Children; self competence; global self-worth; psychometric properties, 33493
- health stereotypes; illusory correlations; judgments; compliance with medical treatment; younger vs older patients, 25303
- heuristics; decision making; judgment; social cognition, 10542
- human reactions; technological failure; human error; judgments; organizational accountability, 19200
- hypothesis testing; stereotype suppression; stereotypical judgments; political correctness; confirmation biases; social interactions, 1207
- impaired judgment; sadness; happiness; bilateral amygdala damage; facial expressions; processing, 19942
- impartial judgement; peer review process; journal editors; publication decisions; journal reviewers; bias; fairness; scientific research; fallibility; accountability, 10120
- individual differences; social judgment; stereotypes; cognitive load, 10524
- informal reasoning fallacies; fallacious argument; judgment; high school students, 27509
- information integration; impression of gaze direction; interpretation; judgment; Ukiyo-e pictures; cues, 3327
- intergroup bias; implicit theory; social identity; intergroup judgment; prejudice; racial attitudes, 31486
- intuitive judgment; choice; bounded rationality; decision making; mental accessibility; prospect theory; framing effects; attribute substitution; bias, 376
- judgement of learning accuracy; feeling of knowing accuracy; episodic memory tasks; metacognitive ability; older adults; cognitive performance, 33829
- judgement; causality; neural activity; brain activity; cortex activity; perception; brain regions, 3633
- judgements; emotional events; childhood development; adolescent development; self-reported anxiety; negative events, 13222
- judgment processes; behavioral; electrophysiology; aesthetics; descriptive symmetry, 18332
- judgment; advice; decision making; opinion, 12689
- judgment; education service personnel; success of inclusion, 26878
- judgment; psychologists; psychologically aggressive actions; husband; wife; psychological abuse; mental health professionals, 31348
- judgmental biases; anchor value; anchor source; insufficient adjustment; self-generated anchor; adjustment-based anchoring; social judgment; value anchoring; uncertain anchors; social judgment theory, 19137
- judgmental biases; social phobia; content-specific interpretation; social event, 7952
- judgmental tendencies; Coolidge Axis II Inventory Scale; personality disorder scales; behavior; first impression interaction procedure; judgmental behavior, 21142
- judgments of presentation frequency; recognition confidence ratings; memory; repetition; reminding; stimulus duration, 33799
- judgments; neural correlates; preferences; own preferences; other preferences; cortical activations, 27787
- magical thinking; causation judgments; ontological causal beliefs; physical causality, 18981
- medical students; undergraduate psychology students; prestigious terminology; clinical judgments; disease seriousness judgments; medicalese; diagnostic judgments, 20749
- memory biases; gymnastic judging; surface feature changes, 21359
- memory biases; gymnastic judging; surface feature changes, 436
- memory; prior instances; relative judgments; conflict detection, 33864
- mental state inferences; mind reading; projection; stereotyping; models; social judgment, 34622
- metacognition; paired-associate items; judgments of learning; Swahili-English translation, 18351
- mind-reading; metacognition; narcissism; self-estimated ability prediction; interpersonal sensitivity; social judgment; competence, 34652
- modern racism; racism judgments; racism expression; task specificity; target specific; guilt ratings; situational ambiguity; White Americans; Black Americans; mock jurors; racial stereotypes, 10467
- mood congruency bias; social judgment; emotions, 7638
- moral judgment; response-dependent properties; moral objectivism; moral/conventional distinction; children's judgments, 4082
- number processing; priming; stimulus onset asynchrony; naming task; response latencies; semantic distance; distance effects; processing times; arabic numbers; judgment task; number naming, 18350
- orthographically illegal nonwords; priming; perceptual identification; word judgment; structural encoding; phonological encoding, 18386
- parental judgments; infant pain; cognitive capabilities; behavioral cues; parental beliefs; contextual cues; infants; age differences, 26507
- people perceptions; personality disorders; behavior; judgments; personality traits; military recruits, 25763
- performance effect; processing speed; performance ratings; judgments; target performance; halo effects; context effect, 27046
- personality differences; personality judgments; dogs; humans; cross-species comparison; internal consistency, 7679
- pharmaceutical companies; social science research; policy implications; medical & health care fields; financial motives; judgment distortion; gift giving; conflict of interest; physicians, 8959
- plausibility; concept coherence; distributional word coherence; plausibility judgments, 33782
- positive character traits; semantic similarity; covariation; perceived characteristic association; taxonomies; rating; classification of strengths; classification of virtues; character trait structure, 19187
- positive negative asymmetry; trivial stimuli; evaluative judgments, 6599
- prefrontal cortex; lesions; feeling-of-knowing judgments; episodic memory performance; confidence judgments; recall; recognition; memory monitoring, 20052
- premature termination; operational definitions; therapist judgment, 1989
- presentation modality; event memory; suggestibility; confidence judgments; recognition; metamemory monitoring, 22041
- professional ethics; value judgments; continuing professional education; clinicians; medical education, 32886
- psychotherapy; economic rationalism; positivism; moral judgments, 35408
- recognition heuristic; fast and frugal; reasoning; judgment, 3368
- reflective judgment model; reflective thinking; epistemology; epistemic assumptions; late adolescence; adulthood; complex reasoning; development; theory; research strategies, 18335
- regret; relief; emotions; judgment; child understanding; age differences; reality, 31220
- regulatory focus; temporal distance; goal importance; retrospective judgments; temporal perspective; temporal effect; cognitive processes, 3370
- response conflict; spatial judgment; viewpoint alignment, 18298
- revelation effect; recognition judgment; response bias; memory sensitivity, 33880
- revelation effect; recognition; pictorial stimuli; implicit memory; age difference; priming; judgments, 909
- right frontal lesions; advice; predictive judgment; decision making; parietal lobe, 13947
- satisfaction ratings; satisfaction judgments; emotional experiences; negative affect; positive affect; motivation; well being, 13494
- self-serving judgments; lottery winning; buying behavior; myths; stereotypes; lottery winners, 28425
- self-stranger agreement; personality assessment; zero acquaintance; personality traits; extraversion; neuroticism; psychicism; face perception; photographs, 1224
- semantic relatedness judgments; spatial iconicity, 18369
- sensory temporal thresholds; interhemispheric transfer times; multiple sclerosis; outcome measure; cerebral lateralization; sensory stimulation; tactile stimulation; visual stimulation, 4976
- sequential judgment; option consideration; order effect; direction of comparison effects; option ratings, 9639
- shame; guilt; personality judgment; five factor model of personality, 19158
- social comparison; nonmotivated reasoning; above average effects; comparative optimism effects; biased comparative judgments, 34626
- social comparison; social judgments; egocentrism; prediction; quiz difficulty; betting on self versus other; focusing on opponent vs self, 7642
- social psychology theory; explanatory power; dual-mode attribution processes; conceptualization; social judgment; decision making; construal-level theory; self-regulation, 25247
- social support networks; social cognition; assimilation; context induced contrast; support judgments; supportiveness; negative affect, 1216

Volume 91 SUBJECT INDEX

Judgment—Serials

source credibility; believable facts; perceptions; source judgments; statement believability; Consumer Reports; National Enquirer, 10533

spatio-temporal brain activation; line bisection judgments; double simultaneous visual stimulation; visuo-spatial neglect, 24724

status assessment; perception; behavioral cues; appearance cues; judgment accuracy; gender, 34635

stereotyped groups; judgments/evaluations; evidentiary standards; behavioral responses; assimilative effects; contrast effects; shifting standards model, 4392

stereotypes; group-directed judgments; individual-directed judgments; social policy, 19118

stimulus familiarity; episodic recognition; music; novel melodies; familiar melodies; recency; judgments, 24505

subjective group dynamics; children's judgements; in-group; out-group, 18945

target position; target task; judge sensitivity; target felt report; nonverbal behavior; interpersonal sensitivity; perception, 34610

task switching; cognitive control; task representation; stimulus dimensions; task features; hierarchical representation; hierarchical organization; structured task; shift costs, 18337

temporal information; spatial information; event completion time; time estimation; judging volume; judging time; performing mental calculations, 33696

theoretical exploration; expectational gaps; corporate issue; stakeholders perceptions; corporate activities; interest-based judgements; mental models; moral values; typology; issues resolution, 17828

time perception; routine; time estimation; remembered duration; routine activities; duration judgments, 3305

transfer appropriate monitoring; metamemory; judgments of learning; test conditions; processing similarity; cued recall vs recognition memory test, 437

traumatic brain injuries; social perception deficits; social information judgments; emotions; beliefs; conversation interpretation; emotion recognition; social communication; mentalizing ability, 29149

triangulation; diagnostic judgments, 21236

undergraduate psychology students; judgement tasks; reasoning strategies; roles; perceptions of psychology; role taking, 2815

verbal cues; nonverbal cues; deceit; deception; lie detection; behavioral cues; reliable judgements; valid judgements; liars; truth tellers, 21351

Judgment (See Also Clinical Judgment (Not Diagnosis), Probability Judgment)—Chapters

Affective influences on social judgments and decisions: Implicit and explicit processes, 4414

Attitudinal process versus content: The role of information processing biases in social judgment and behavior, 4429

Biases in social judgment: Design flaws or design features?, 4419

Construal level theory of intertemporal judgment and decision, 15317

Hot cognition and social judgments: When and why do descriptions influence our feelings?, 4427

Impact of ostracism on social judgments and decisions: Explicit and implicit responses, 4336

Implicit and explicit process in social judgment: Deep and high, 4410

Implicit and explicit processes in social judgments: The role of goal-based explanations, 4424

The importance of the question in the judgment of abilities and opinions via social comparison, 4428

Judgment and decision-making research: Relevance to industrial and organizational psychology, 6062

Judgmental heuristics: Human strengths or human weaknesses?, 15312

Metacognitive judgments and their accuracy, 22052

Metacognitive processes at encoding, 23040

The parametric unimodel of human judgment: A fanfare to the common thing, 15316

A parametric unimodel of human judgment: Integrating dual-process frameworks in social cognition from a single-mode perspective, 4421

The psychodynamics of social judgments: An attachment theory perspective, 4426

Reflexive and reflective judgment processes: A social cognitive neuroscience approach, 3748

Responding to the social world: Attributions and stereotype-based judgments, 4420

Responding to the social world: Explicit and implicit processes in social judgments, 4415

The size of context effects in social judgment, 4409

Social judgements based on pseudocontingencies: A forgotten phenomenon, 4413

Summary assessment of experiences: The whole is different from the sum of its parts, 15306

The systemic nature of metacognitive experiences, 22050

Using state of awareness judgements to improve eyewitness confidence-accuracy judgements, 22055

When fairness works: Toward a general theory of uncertainty management, 6065

Judo—Serials

martial arts; aggressiveness; judo; karate; young boys; anger, 34356

Jumping—Serials

unipodal performance; leg muscle mass; jumping skills; ballet dancers, 33760

Jung (Carl)—Serials

end of meaning; birth of man; history of consciousness; unconscious; C.G. Jung's psychology project; logical interiorization, 31644

Spielrien; Jung; Bion; psychoanalysis; at-one-ment, 14109

Jung (Carl)—Books

Jung, Freud, and Hillman: Three depth psychologies in context, 6230

Jungian Psychology (See Also Collective Unconscious)—Serials

end of meaning; birth of man; history of consciousness; unconscious; C.G. Jung's psychology project; logical interiorization, 31644

healing image; Jungian approach: self-realization; psychoanalysis; dream interpretation; unconscious, 29305

Jungian analytical psychology; Poland; teaching; culture, 2111

Jungian theory; archetypes; psychology; questioning; metaphors; science discourse, 7728

picture interpretation; Jungian typology; quadrant schema; active imagination; emotionality, 25398

Jungian Psychotherapy (See Analytical Psychotherapy)

Junior Colleges (See Colleges)

Junior High School Students—Serials

cost-effectiveness; life skills training; curriculum infusion approach; alcohol use; marijuana use; inhalant use; 7th graders, 36242

emotional and behavioral disorders; grammar assignment perceptions; interspersal assignments; homework choice; students, 26971

grade level; instructional time; mathematics software selection; level differences; elementary school; intermediate students; teacher influence; gender; computer software, 2691

junior high students; career planning; career decision-making; career counseling needs; career attitudes, 36234

learning behaviors; gender groups; junior high school students; gender differences; self-enhancement; self-regulation, 24918

modernity; traditionalism; junior high school attainment; family background; gender inequality; education; city size; region, 33115

underage consumers; alcohol promotional clothing items; APCI; alcohol use; APCI ownership; APCI visibility, 16509

Junior High School Teachers—Serials

professional development; mathematics teacher educators; junior high school teachers; senior high school teachers; mathematics teachers; growth through practice; community of practice, 29957

Junior High Schools—Serials

learning behaviors; gender groups; junior high school students; gender differences; self-enhancement; self-regulation, 24918

peer mediation; junior high school; cultural diversity; inhibition, 30107

school characteristics; school-based mental health services; middle schools; high schools; health services, 20891

Juries—Serials

attorney gender; jury perception; decision making, 33433

character evidence; impeachment evidence; juror decisions; witness credibility; guilt; conviction judgments; cross-examination effect; witness impressions; path analysis; character witness credibility, 18019

criminal trials; criminal defendants race; legally relevant information; jurors decision-making, 33420

decision-making strategies; facial recognition task; cross race effect; criminal investigations; lineup identifications; eyewitness evidence; juries, 21045

expert testimony; battered woman syndrome; mock jury decisions; judgment; criminal evidence; batterer's threat, 21044

expert testimony; eyewitness memory; judge's final instructions; guilt perceptions; eyewitness believability; jurors; need for cognition; conviction rate; case strength, 24128

expert testimony; juror verdicts; experts credibility; cognition; numerical information; liability, 27226

inadmissible evidence; terror management theory; mortality salience; nullification beliefs; judicial process; backfire effect; juror verdicts; terror management theory, 36520

individual preference; group decision making; civil jury members; majority rule; unanimity rule, 25279

juror responses; expert witness testimony; gender stereotypes; gender-domain congruency; jury discussion, 30336

jury selection; social scientific; voir dire; courtrooms, 30319

legal case; Ring v. Arizona; death penalty; Arizona law; sixth amendment; supreme court; death decision, 9314

Need for Cognition; mock jury deliberations; persuasive communication; argument quality, 27234

pretrial publicity; prejudicial publicity; decision making; confirmation biases; negative pretrial publicity; predecisional distortion; guilty verdicts; evidence evaluation; mock jurors; juror bias, 27230

pretrial publicity; fraud case; trial evidence; verdict decisions; jurors; factual & affective/evaluative recall; reasoning, 9309

psychopathy; violence; prosecution testimony; juror perceptions; dangerousness; capital murder trial; mental disorder; risk factor, 27228

sexual assault; complainant sexual history evidence; jury adjudication; social influences; legal testimony; criminal responsibility, 31985

social science research; jury selection methods; trial consultants; lawyers; voir dire process, 30317

victim impact statements; mock juror sentencing; dehumanizing language; death qualified sample, 27232

visual gruesome evidence; verbal gruesome evidence; mock juror verdicts; jurors; decision-making, 33423

witness testimony; memory; juror misperceptions, 33434

Juries—Chapters

Convergence and complementarity between professional judges and lay adjudicators, 18026

Jury Selection—Serials

jury selection; social scientific; voir dire; courtrooms, 30319

social science research; jury selection methods; trial consultants; lawyers; voir dire process, 30317

Justice (See Also Distributive Justice, Procedural Justice)—Serials

adversarial vs inquisitorial justice systems; fairness perception; attitudes; cross-cultural differences; United States; Netherlands, 3101

affirmative action environment; fairness perceptions; promotion decisions; observer gender; applicant qualifications; social accounts, 16266

attribution-of-blame model; judgments; injustice, 7639

Brian Staggall; family therapy; social justice initiative; community health initiatives; psychiatrist, 35993

Brown v. Board of Education; racial decisions; segregation; desegregation; resegregation; supreme court eras; racial decisions; African American children, 36531

Brown vs Board of Education; court decision; threats; sustainability; desegregation; social justice, 36528

cognitive ability assessment; job applicants; personality assessment; fairness perceptions; selection test, 10563

complementary justice; happiness; honesty; poor; rich; stereotype exemplars; justice motive; social perception; social cognition; lexical decision; justification; implicit activation, 1214

counseling psychology; globalization; social justice; future directions; multiculturalism, 11986

counseling psychology; social justice; professional identity; social change identity; Houston 2001 National Counseling Psychology Conference, 11981

counseling psychology; social justice; social action groups; Houston 2001 National Counseling Psychology Conference; student training; research; practice; future direction, 12008

customer reactions; brokered ultimatum game; rational decision-making; justice theory; customer behavior; negotiation transaction; distributive injustice; ultimatum price; offers; bids; negotiation, 24071

decision frame; procedural justice; distributive justice; survey questions, 9286

democratization; democratic changes; governance; military dictatorship; economic justice; social welfare; quality of life; political freedom; civil society, 16191

discourse; gender inequalities; household labour division; social psychology; distributive justice, 22143

distributive decisions; experimental games; justice sensitivity; injustice; judgment; personality disposition, 19115

dues paying; theoretical explication; conceptual model; attribution; justice; impression management; equity, 30117

egocentric bias; negotiation; settlements; stalemates; interpersonal treatment; fair treatment; interactional justice; resource allocation; decision making; real-life context; gender, 24131

emotional reactions; procedural fairness; negative information; voice, 7609

fair beliefs; bargaining behavior; experimental bargaining; consumer behavior, 33340

fairness heuristic theory; validity; empirical research, 28435

forensic mental health assessment; pragmatic psychology; justice; forensic reports; principles; forensic report quality; case report; forensic report construction; normative characteristics, 14932

- gay congregation; lesbian congregation; social justice; communities; liberal church; advocacy; community affirmation, 28342
- immanent justice responding; traditional developmental theories; developmental changes; cognitive reasoning; adults; children; bad behavior; negative consequences, 24973
- immigration attitudes; Mexican immigrants; public policy; justice; politics, 34437
- interactional justice; distributive justice; procedural justice; perceptions of fairness; turnover intentions; employee turnover; retail employees, 17843
- International Criminal Tribunal for the Former Yugoslavia; ICTY; political factors; criminal trial; conflict resolution; law; international crime; international community; victor's justice, 12422
- Intimate Justice Scale; partner abuse screening; test validity & reliability; psychological abuse; physical violence; clinical usefulness; couples; relationships; ethical dynamics; clinical guidelines, 9418
- just world belief; personal values; personality traits; conformity; security; self direction; five factor personality model; college students; professionals, 7714
- justice arguments; care arguments; reproductive rights; speaker credibility; message credibility, 22310
- justice perceptions; compensatory reactions; timing of explanations; behavioral reactions; behavioral outcomes; justice effects; organizations; organizational behavior, 14730
- justice; disability; educator attitudes, 29938
- justice; morality; behaviour; basic needs; human development; criminal justice, 10555
- juvenile justice; family perceptions; community perceptions; service quality; customer perspectives, 26781
- leadership behavior; Confucianism; values, 30158
- legal intervention; domestic violence; men experiences; women experiences; women safety; life quality; justice, 28826
- legitimacy; justice perceptions; argument; reward procedures; reward distributions; individual justice; procedural justice; self interest, 31461
- mediation; child dependency disputes; dispute resolution methods; parental attitudes; justice psychology; trust psychology, 18041
- object relationships; pathological grievance; complaint; narcissistic entitlement; idealisation; authentic lively self; lively entitlement, 34748
- organizational change; fairness; voice; justification; stress; organizational climate, 5966
- organizational citizenship behavior; professionalism; justice perceptions; nurses' attitudes; Israeli nurses, 29903
- organizational justice; fairness perceptions; policy making; organizational behavior; organizational layoffs; employee attitudes, 12291
- organizational justice; leisure services; gender equity; workplace equity; employee perceptions, 2914
- organizational justice; stress; work-family conflict; interpersonal injustice; distributive injustice; procedural injustice; informational injustice; faculty members; family life; interface management, 24002
- performance appraisal system; level of satisfaction; organizational justice; public sector organizations; role perceptions, 33247
- power; justice; enabling occupation; occupational therapy; occupational therapists; client centered practice; Canadian guideline development, 14500
- procedural justice; adolescent conceptions; epistemology; fairness; moral concerns; instructional practices; motivational decisions; scientific uncertainties, 23922
- procedural justice; organizational contexts; decision making; fairness; work setting; four-component model; treatment quality, 12284
- race-based affirmative action policies; procedural justice; self-interest; student attitudes, 16179
- school experience; relational justice; institutional authorities; legitimization; perceptions; justice; teachers; school authority; school experience; procedural justice; models, 13182
- service learning; social justice; campus health; educational environment; health promotion; community colleges; community health, 35698
- sexual harassment; legal processes; reforms, 14930
- sickness absence; organizational justice perceptions; hostility; neuroticism; personality; hospital employees, 8975
- slavery reparations; African people; economic restitution; Special Drawing Rights; international currency; wealth accumulation; International Monetary Fund; globalized wealth, 28227
- social equity; justice; university admission; academic standards; higher education; equality of opportunity, 33022
- staff perceptions; work environment; juvenile group home settings; social climate; group homes; juvenile justice, 26776
- Thomas Szasz; psychiatry; humanistic psychology; social justice; neuroscience; psychotherapy; mental illness; freedom; drug laws, 12059
- workplace fairness; injustice; managers, 9081
- youth justice system; crimes, 14943
- Justice [See Also Distributive Justice, Procedural Justice]—Chapters**
- Coexistence of equity and interpersonal harmony among recipients: Reward allocation as an instrument for group management, 4390
- Information technology implementation: The need for compensation system congruency, 17852
- Justice in organizations: Theory, methods, and applications, 6059
- Juvenile Court [See Adjudication]**
- Juvenile Delinquency [See Also Female Delinquency, Male Delinquency]—Serials**
- adjudicative competency; juvenile population, 33424
- adolescent delinquency; adjustment problems; academic achievement; life events; family environments, 35064
- adolescent victimization; self-reported criminal; adolescent violent victimization; criminal involvement; prevention programs; nonfamily members; adolescents; early adulthood, 1674
- aggressive children; aggressive adolescents; rejected children; rejected adolescents; delinquent children; delinquent adolescents; friendships; antisocial behavior, 10900
- anger expression; avoidant coping; substance use; incarcerated adolescents; adolescent offenders, 31972
- attitudes; family; environmental correlates; delinquent behavior; incarcerated youths; violent offending; nonviolent offending; males; escalation of violence, 8047
- behavioral management; juvenile offender; psychopathic characteristics; unemotional traits; callousness; behavioral problems; peer interactions; daily functioning; correctional environment, 19714
- bullying behavior; anger; hostility; juvenile offenders; aggression; victims, 13768
- capital crimes; neurobiology; brain development; death sentence; developmental biology, 36534
- capital punishment; special offender; factorial survey design; mentally retarded offenders; mental capacity; public policy, 12402
- childhood exposure; violence against females; antisocial behavior; risk factors; sexual aggression; nonsexual aggression; delinquency; male juvenile sex offenders, 28883
- client participation; youth probationers; Hong Kong; probation services; supervision process; social work; young offenders; probation officers, 8899
- co-occurring substance use; delinquent behaviour; early adolescence; problem behaviors; middle school students, 31906
- cognitive and affective empathy; offending and offenders; systematic review; meta-analysis; effect size, 31975
- cognitive-behavioral intervention; coping skills; incarcerated youth; program development; program evaluation, 26780
- community violence; violence exposure; juvenile delinquents; psychopathology; sense of coherence; problem behavior, 1679
- competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14505
- competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14506
- completed suicide; Quebec adolescents; juvenile justice and child welfare services; suicide risk; juvenile delinquents; suicide prevention strategies, 19597
- criminal behavior; evidence-based treatments; multisystemic therapy; family functioning; cost saving; juvenile offenders, 20676
- criminal careers; criminal justice system; offending; youth crime; peer association; crime, 36538
- cross cultural differences; delinquent behaviors; high school students; seriousness; adolescent attitudes; crime; racial and ethnic differences, 11060
- decision-making capacity; developmental immaturity; diminished responsibility; juvenile death penalty; criminal culpability; mitigating condition; adolescence, 6204
- delinquency; leisure freedom; leisure motivation; leisure satisfaction; young offenders, 11053
- delinquency; social competence; incarcerated girls; agreeableness; conscientiousness; sensation-seeking behavior; extraversion; personality, 1687
- delinquent behavior; community violence; behavioral coping behavior; violence exposure; guardian role; peer support, 19727
- delinquent behavior; German adolescents; trajectories; time; individual covariates; family covariates; peer covariates; juvenile delinquency, 11063
- delinquent behaviors; Latino youth; distal contextual factors; violent behaviors; violent thoughts; substance abuse; skipping school; community violence; parent attachment; safe environment promotion, 16522
- divorce; juvenile delinquency; adolescents; children; parents, 8043
- ethnicity effects; ethnic disparity; outcome disparity; juvenile court processing; juvenile justice system; family courts; ethnic groups; Asian youth, 6198
- facility-to-community transition; incarcerated youth; juvenile correctional system; social experiences, 32831
- familial emotional support; emotional well-being; Mexican American adolescents; juvenile justice system; delinquency; self-esteem, 11039
- family empowerment intervention; case management; intervention strategies; juvenile justice system; high-risk youth; juvenile assessment centers; early intervention; service delivery; family services, 2535
- family functioning; mother-daughter relationships; females; African Americans; juvenile offenders; development; perceptions; adolescent-parent relationships, 1682
- family preplacement risk factors; multidimensional treatment foster care; treatment; parent youth interactions; youth treatment completion; chronic delinquency, 20580
- family structure; adolescent delinquency; parental absence; parental gender; unmarried mothers; single parent family; single mother; single father, 22700
- future orientation; impulsive sensation seeking; alcohol problems; alcohol use; cigarette smoking; marijuana use; hard drug use; health outcomes; risk behavior; sexual risk taking; condom use, 25485
- gang membership; delinquency; gang members; group membership; peer relations, 19711
- gang prevention; school-based prevention; school safety; law enforcement officers; gang resistance education; G.R.E.A.T. program, 33212
- general deviance syndrome; deviant behavior; factor analysis, 11049
- Hare Psychopathy Checklist; predictive validity; psychopathy; adolescent offenders; early adulthood; violence risk, 30442
- HIV; juvenile delinquency; adolescent attitudes; HIV prevention, 26769
- homeless youth; young offenders; victimization; criminal victims; criminal retaliation; invulnerability; financial gain, 35020
- illegal behavior; early intervention; behavior problems; illicit drug; treatment outcome; prevention; adjudication; alcohol abuse; neighborhoods; marijuana use; motivation; help seeking, 20635
- juvenile competence to stand trial; psychologists; forensic evaluations; psychological assessment; forensic tests; test usage, 166
- juvenile corrections system; substance abuse treatment; need for treatment; treatment utilization, 20641
- juvenile corrections; youths with disabilities; emotional or behavioral disorders; No Child Left Behind Act; correctional facilities; correctional education programs, 30080
- juvenile court; juvenile delinquency; dependent youth; status offenders; treatment effectiveness evaluation, 32836
- juvenile court; risk markers; mentally retarded; criminal process; crimes, 14924
- juvenile crime; self-report studies; police statistics; crime trends; Netherlands, 8049
- juvenile defendants; adult court; standing trial; waiver; forensic examination; qualifications; adolescent psychiatry; juvenile offenders; legal issues; risk assessment, 9312
- juvenile delinquency; civil legal representation; child advocacy; mental health services; family services; education program evaluation; recidivism reduction, 32840
- juvenile delinquency; criminal offenses; schizophrenic patients; aggressive behavior; epidemiology, 34777
- juvenile delinquency; prediction; attrition; demographic characteristics; criminal history; court-involved juvenile delinquent youth; service delivery; family; criminal rehabilitation; at-risk youth, 8894
- juvenile delinquency; sexual offense; residential placement; community based programs; adjudication; lengths of stay, 25927
- juvenile delinquent behavior; family empowerment intervention; growth model analysis; parental influence, 5723
- juvenile delinquents; juvenile behavior; juvenile attitudes; longitudinal study; behavior & delinquency relationship, 19717
- juvenile detainees; sexual risk behaviors; AIDS risk behaviors; ethnicity; drug risk behaviors, 16220
- juvenile diversion; recidivism; recidivism reduction, 28887
- juvenile justice; family perceptions; community perceptions; service quality; customer perspectives, 26781
- Juvenile Offender Parent Questionnaire; test development; parent self-report measurement; parent competency; exploratory factor analysis, 18097
- juvenile offenders; deliberate self harm; suicidal ideation; male offenders; prevalence; associated factors, 28886

Volume 91 SUBJECT INDEX

Juvenile Delinquency—Serials

juvenile offenders; rehabilitation; recidivism; residential treatment; delinquent youth, 26774
juvenile offenders; residential treatment; juvenile delinquency, 28815
juvenile offenders; risk assessment; needs assessment; juvenile justice; inventories; Secure Care Psychosocial Screening; Youth Level of Service/Case Management Inventory, 9434
juvenile recidivism; criminal behavior; social control; social learning theories; juvenile delinquency; offending behavior, 31990
juvenile sex offending; juvenile stranger attackers; juvenile perpetrators; victim allegations; sexual assault; offense/victim characteristics; offender characteristics, 22713
juvenile sexual offenders; male juvenile delinquency; sexual offenders; recidivism; at risk populations, 11035
life strain; negative emotions; anger; resentment; anxiety; depression; Agnew general strain theory; interpersonal strain; delinquent outcomes; minor offenses; violence, 28524
locus of control; treatment amenability; risk assessments; juvenile offenders; internal and external orientation, 32841
loners; social relationships; group differences; delinquency; friendship; social isolation; peer relationships; family relations; school relations, 16006
mental health professionals; juvenile legal evaluation; legal competency; juvenile competency evaluation; evaluation techniques; commitment criteria; youth client descriptions; legal issues, 33425
mental health services; young offenders; health needs, 32618
mental health symptoms; juvenile offenders; detention; mental disorder screening, 19253
Million Adolescent Clinical Inventory; juvenile offending; Mexican American youth; reliability; validity, 30436
Miranda rights; juvenile offenders; false confessions; capacity to confess; special education; IQ; age, 9306
multi-systemic intervention; persistent young offenders; recidivism; intervention effectiveness evaluation; police; social services; education, 30340
multiple family group intervention; recidivism; juvenile offenders, 20678
multisystemic therapy; violent substance-abusing adolescents; community-based treatment; substance dependent; adolescent violence; juvenile offenders; substance abuse; family treatment; clinical basis, 8873
neighborhood effects; gender differences; externalizing problems; juvenile delinquency; delinquent behavior; conduct problems; problem behavior; risk factors; girls, 28525
neuropsychological executive functions; adolescent sex offenders; nonsex offenders; neuropsychological deficits, 35062
Oregon Multidimensional Treatment Foster Care Model; treatment features; treatment outcomes; dissemination progress; severe antisocial behavior; delinquency; behavior problems; emotional problems, 20530
parental characteristics; adolescent characteristics; parenting styles; adolescent personality; adolescent depression; delinquency; psychotism; neuroticism; introversion; bonding; perceptions, 10705
parental efficacy; self-control; parent influence; delinquent behavior; adolescent delinquency; parenting; General Theory of Crime, 28889
parental management; peer relationships; friendship quality; ethnicity; friendship conflict; delinquent activity; drug use; adolescent perceptions; ethnic differences; family structure, 25041
pathological dissociation; traumatic events; family environment; community environment; dissociative disorder; juvenile delinquents, 11055
peer relationships; juvenile boys; sociometric status; friendship; institutionalized males; sociability; leadership, 22706
physical child abuse; child abuse; youth violence; adolescent violence; family relations; school attitudes; peer relations; violence attitudes, 1586
posttraumatic stress disorder; epidemiology; incarcerated juvenile delinquents; emotional trauma, 34783
predictive validity; concurrent validity; prospective validity; retrospective validity; self report; delinquency; blacks; Asians; whites; gender differences, 18087
prenatal exposure; alcohol; risk factors; delinquent behavior; adolescents; life stress; substance use; behavior problems; parenting practices; peer influence; caregiver substance use; dysmorphia, 1598
problem history; violent offending; high risk youth; mental health; substance abuse; predictive effects; co-occurring disorder histories; demographic characteristics, 11059
psychiatric disorders; prevalence; incarcerated male adolescents; psychopathology; detention; detention with compulsory treatment; allocation to detention programs, 10685

psychopathy; violence; juvenile offenders; criminal violence; incarcerated adolescents, 34996
psychosocial variables; recidivism; adolescent males; juvenile offenders; alcohol abuse; depression; parent attachment; peer attachment; personality traits, 19606
psychotic symptoms; criminal recidivism; adolescent detainees; violent offense, 22712
psychoticism; delinquent behaviors; non-criminals; high school students; university students, 25812
recidivism; sex offenders; adolescent offenders; rearrest; conviction; criminal behavior, 31982
reciprocal relations; depressive symptoms; juvenile delinquency, 8048
referral pathways; offending behaviour; Scottish children hearing tribunals; intervention; child abuse; policy implications; child protection; youth offenders, 33439
religion; violence; social bond; social control theory; peer commitment, 7419
resiliency; risk factors; substance use; protective factors; ethnic differences; age differences; gender differences; Hispanic urban juvenile detainees; substance abuse, 1668
risk assessment; Psychopathy Checklist Youth Version; Assessment of Violence Risk in Youth; Youth Level of Service/Case Management Inventory; prediction of recidivism; violent young offenders, 3188
Risk Sophistication-Maturity and Treatment Amenability Instrument; treatment compliance; validity; reliability; juvenile offenders; incarcerated adolescent males; transfer to adult court, 9422
self-reported delinquency; validity; self-report; socio-emotional functioning; court-probated youth; probation; assessment; juvenile delinquency; US; adjudication prediction; conduct disorder; parents, 8034
sex differences; empathy; juvenile offenders; adolescents, 11038
sibling influences; adolescent delinquency; Australian longitudinal study; sibling pairs; sibling delinquency; delinquent behaviour; age differences, 1675
social bonds; juvenile delinquency; self-control; adolescents, 25922
social characteristics; referred youth offenders; youth crime; social interventions; child care; child protection; young offenders, 31991
social emotional adjustment profiles; deviant behavior; juvenile offenders; internalizing problems; externalizing problems, 35053
social problem solving; adolescent problem solving; parent problem solving; aggression; delinquency; externalizing behavior; high school students; parents, 7357
social risk factors; social relationship patterns; residential treatment program; juvenile justice systems; treatment experiences; adolescents, 11934
staff perceptions; work environment; juvenile group home settings; social climate; group homes; juvenile justice, 26776
Substance Abuse Subtle Screening Inventory-Adolescent Form; outcomes; adolescent offenders; treatment planning; program evaluation, 140
substance dependent fathers; peer affiliation; deviant peer; developmental trajectories; socioeconomic status; high-risk children; delinquent peers; substance abuse, 10249
substance use; adolescent crime; substance abuse treatment; early deviant behavior; life circumstances, 20638
treatment delivery; adolescents; juvenile drug court model; drug abuse; alcohol abuse; juvenile delinquency; drug rehabilitation; alcohol rehabilitation, 14455
treatment recommendations; juvenile justice system; referral to mental health services; behavioral problems; race/ethnicity; juvenile offenders; Blacks; Whites, 6182
type of abuse & neglect; child maltreatment; emotional neglect; prediction of recidivism; adolescent detainees, 4755
violent behavior; differential disinhibition effect; marijuana use; delinquency; cocaine; amphetamine; sedatives, 10983
violent behavior; juvenile offenders; violent offenses; juvenile justice system; multidimensional treatment foster care; group home care, 20567
young offenders; mental health problems; psychosocial needs; epidemiology, 35052
young offenders; suicidal behavior; substance abuse; comorbidity; prediction; juvenile delinquency; risk factors; housing stress, 1590
youth detention home; women; sexuality; motherhood; childbearing; discourse, 31983
youth justice system; crimes, 14943
youth offenders; moral reconnection therapy; risk of recidivism; implementation by criminal justice system personnel, 5718
youth psychopathy; juvenile offender; antisocial behavior; personality disorder; predictive validity, 33536
youth psychopathy; Million Adolescent Clinical Inventory; Psychopathy Content Scale; validity, 33519

Ketamine—Serials

youth psychopathy; violent offending; violent recidivism; personality disorder; antisocial behavior; predictive validity; Psychopathy Checklist-Youth Version, 33543
youth violence; community engagement; youth policy; youth engagement; interpersonal violence; delinquency, 35065
Juvenile Delinquency [See Also Female Delinquency, Male Delinquency]—Chapters
The effects of school violence on the psychological adjustment of Korean adolescents: A comparative analysis of bullies, victims, and bystanders, 5939
Juvenile Gangs—Serials
gang members; gang membership; parole outcome; reincarceration; recidivism rates, 19724
gang membership; delinquency; gang members; group membership; peer relations, 19711
gang membership; juvenile females; female gangs; female gang members; female delinquency; crime rates, 19730
gangs; information processing; operating environment; police organization; public debate; gang statistics; midwestern gang unit; data collection; data dissemination, 3107
internal developmental assets; external developmental assets; African Americans; male gang members; individual assets; ecological assets; positive development, 22711
life course events; social networks; violence exposure; female gang members; poverty; racial isolation, 35055
Mexican American gang members; drug markets; drug use; drug selling; gang type, 22650
parent-adolescent communication; familial characteristics; dysfunctional parenting; self-esteem; aggression; parenting; street corner gang youths, 1592
positive social behavior; positive individual behavior; gang youth; African American males; positive youth development; community-based organizations, 954
positive youth development; developmental systems theory; African Americans; gang youth; community-based organizations, 1018
stressful life events; male gang membership; risk factors, 35054
Juvenile Gangs—Chapters
Prison gangs and their impact on management and treatment in correctional settings, 2558
Juvenile Justice—Serials
racial differences; mental health needs; juvenile justice system; mental health service utilization, 32844
Kainic Acid—Serials
AMPA receptor binding; kainate receptor binding; haloperidol; clozapine; NMDA receptors; brain regions; rats, 10041
hippocampus; cell fate specification; tissue development; Alzheimer disease; kainic acid; protein expression; drug treatment; postmitotic neurons; excitotoxic stimuli, 7269
vagal afferents; kainic acid; hyperalgesia; mice; vagotomy; pain behavior; nociceptive threshold, 15589
Karate [See Martial Arts]
Karyotype Disorders [See Chromosome Disorders]
Kaufman Assessment Battery for Children—Serials
cognitive outcomes; rural environment; Kenya; neuropsychological battery; test development; Kaufman Assessment Battery for Children; cerebral malaria; reliability; validity, 18156
cross-cultural validation; Kaufman Assessment battery for Children; Korean children; foreign language adaptation; sequential processing; simultaneous processing; achievement, 6370
Ketamine—Serials
antipsychotic treatment; prepulse inhibition deficit; metabotropic glutamate receptor; knockout mice; clozapine; raclopride; ketamine; amphetamine; lamotrigine, 18715
cerebral blood flow change; ketamine; BOLD signal; fMRI; functional magnetic resonance imaging; cognitive state change, 3862
chronic pancreatitis; clinical benefit; pain management; pathogenesis; ketamine therapy; psychotomimetic disturbances; drug side-effects, 14279
dextromethorphan; ketamine; MK-801; morphine; antinociception; tail flick test; sex; rats, 3913
dextromethorphan; ketamine; amitriptyline; formalin evoked behaviors; paw edema; peripheral interactions; rats; N-methyl-D-aspartate receptor antagonists; analgesia, 15804
ethanol; NMDA glutamate receptor antagonist; alcohol dependence; ketamine; N-methyl-D-aspartate, 8864
facial emotion recognition; ketamine; brain regions; healthy men; facial emotion perception; emotional processing; cognitive processing; neural processing; emotional blunting, 12965
haloperidol; olanzapine; ketamine; brain; regional 2-deoxyglucose uptake; rats, 3888
ketamine administration; brain responses; working memory; verbal memory; psychopharmacology, 24816

ketamine; acute effects; memory functioning; cognitive functioning; psychotic symptoms; dissociative symptoms, 10026

ketamine; cancer pain; opioid tolerance reversal; N-methyl-D-aspartate antagonist; analgesic effect; analgesia; pain control; pain relief; cancer patient, 5440

lamotrigine; ketamine; prepulse inhibition; startle response; amphetamine; animal strain differences; mice; bipolar disorder, 3876

N-methyl-D-aspartate; NMDA; allodynia; hyperalgesia; neuropathic pain; NMDA receptor antagonist ketamine; alfentanil; placebo; pain, 14272

pregnanolone; gamma aminobutyric acid modulators; complex behavior; rats; flunitrazepam; pentobarbital; ketamine, 27887

rats; ketamine; acepromazine; seizures; learning; neuromatrix; behavioral preservation; psychopharmacology; brain, 12996

schizophrenia; medication development; N-methyl-D-aspartate; glutamate; ketamine; NMDA; cognitive functioning; pharmacotherapy; cerebral cortex; cortical connectivity, 5301

sensory pain thresholds; women skin; fibromyalgia syndrome; ketamine responders; ketamine nonresponders; N-methyl-D-aspartate acid, 8138

spatial learning; contextual learning; ketamine; rats; pilocarpine epilepsy model; acepromazine; cognitive impairments, 28429

subdissociative dose; ketamine; working memory; planning; attention; perceptual processing; executive processes; psychopharmacology, 7203

Kibbutz—Serials

communal lifestyles; depressive symptoms; depression; individual differences; living conditions, 28631

Kidnapping—Serials

Amber Alert; crime prevention; child abduction; child molestation, 33448

nonfamily child abductions; incarcerated offenders; prison facilities; offender demographics; background history; murder, 1672

parent abducted children; child abduction; therapeutic interventions; treatment implications; adult development; relationship difficulties; birth name confusion, 8412

unlawful confinement; perpetrator characteristics; event characteristics; federal offenders; psychopathy; victim characteristics, 19719

Kidney Diseases—Serials

acupressure; fatigue; end-stage renal disease, 23322

decision-making; end-stage renal disease; health information; age differences; needs; sex differences; gender differences, 2315

end stage renal disease; hemodialysis vs peritoneal dialysis patients; acute neuropsychological changes; treatment outcomes; biochemistry; cognitive functioning, 5424

haemodialysis patients; renal failure; treatment; patients prevalent beliefs; end-stage renal failure; patient adjustment; educational intervention, 32093

health causal attributions; coping; internal health-related locus of control; medical power health-related locus of control; peritoneal dialysis patients; quality of life; end-stage renal disease, 19881

home hemodialysis; dialysis-linked complaints; illness burden; end-stage renal disease; spousal burdens; demographic factors; physical factor influence; 10-year patient survival factors, 17362

kidney stones; anorexia nervosa; nephrolithiasis, 13538

neurocognitive function; quality of life; hematocrit levels; chronic hemodialysis patients; end-stage renal disease, 32094

paranoid schizophrenia; clozapine therapy; acute interstitial nephritis; eosinophil count, 35618

patient empowerment; end-stage renal disease; self-care self-efficacy; depression; empowerment program, 23107

polypharmacy; elderly patients; hyperkalemia; adverse drug reactions; hospital admissions; chronic illness; renal function changes; primary care practitioner, 8562

quality of life; end-stage renal disease; older people; dialysis; renal failure patients; chronic renal failure, 23393

thirst; drinking; hemodialysis patients; fluid restriction; anxiety; attention; panic, 32082

urine screening; renal disease; hematuria; proteinuria; urine abnormalities; renal tract pathology, 29032

Kidney Diseases—Chapters

Psychosocial considerations in essential hypertension, coronary heart disease, and end-stage renal disease, 8172

Kidney Transplants [See Organ Transplantation]

Kidneys—Serials

decision-making process; living kidney donors, 9694

psychiatric evaluation; living kidney donors; end-stage renal disease; presurgical evaluation; psychiatric issues; informed decision; guidelines, 5553

Kinases—Serials

adenosine kinase; ecto-5'-nucleotidase; endo-5'-nucleotidase; rats; cortex forebrain; basal forebrain; adenosine monophosphate; enzyme activity; sleep deprivation; wakefulness; energy metabolism, 9818

Alzheimer's disease; AD; cell cycle proteins; AD pathogenesis; cyclin-dependent kinases; Cdk5; non-classical cyclin Q; ribonuclease protection assay; RPA; astrocytes, 11303

amphetamine; conditioned place preference; learning; locomotion; nucleus accumbens; NPC 15437; protein kinase; place conditioning; reward, 9950

antidepressant effect; glycogen synthase kinase-3 inhibitor; mouse hippocampus; catenin, 27905

beta-adrenergic receptor kinase 2 gene; schizophrenia; dopaminergic pathways; mutations; polymorphism; genes, 19502

bipolar disorder; valproate; lithium; myosin light chain kinase inhibitor; platelets; intracellular calcium increase; serotonin; thrombin, 10048

brain phenotype; kinase; activatory proteins; Alzheimer disease; neurons; rat brain, 21657

brain-derived neurotrophic factor; appetitive behavior; ventral tegmental; nucleus accumbens; depression; rats, 3625

brain-derived neurotrophic factor; spatial memory; spatial learning; synaptic plasticity; long-term potentiation; rats; phosphatidylinositol 3-kinase; hippocampus, 13041

cAMP-dependent protein kinase; cyclic adenosine monophosphate; conditioned place preference; conditioning; Wistar rats; reward related learning, 3872

cGMP-dependent protein kinase; habituation; *Drosophila melanogaster*; nonassociative learning; sensory responsiveness; foraging gene, 24747

circadian regulation; photic regulation; ERK; JNK; p38; hamsters; suprachiasmatic nuclei; mitogen-activated protein kinase, 3830

circadian clock; suprachiasmatic nuclei; behavioral rhythms; signaling pathways; retinal function; nocturnal light; cGMP-dependent protein kinase II; period 1 gene; period 2 gene; hypothalamus, 15697

creatine; guanidinoacetate methyltransferase deficiency; phosphocreatine; skeletal muscle; brain, 22844

Cuscuta chinensis glycoside; neuronal differentiation; rats; pheochromocytoma PC12 cells; kinases; PD98.059; acetylcholinesterase; herbal medicines, 732

cytoskeletal protein; mammalian adducts; phosphorylation; protein kinase; synapses; sensory neurons; motor neurons, 21589

Dyrk1A; protein kinase; physiological role; motor activity regulation; motor profile; neuromotor development; motor function; haploinsufficiency; mice, 30847

electroconvulsive shock; protein kinase B; phosphatidylinositol 3-OH kinase; signal transduction; rat hippocampus, 9850

endothelial cell; cell signaling; cell survival; cell biology; amyloid; serine-threonine kinase; Alzheimer's disease pathogenesis; A-beta 42; toxicity, 11299

ethanol; rat brain; pregnancy; fetal development; fetal alcohol syndrome; central nervous system; cell proliferation; developmental changes; mental retardation; neurotoxicity, 7270

fetal alcohol exposure; protein kinase C; cognitive impairment; GAP-43 protein; protein phosphorylation; hippocampus; rats; contextual fear conditioning, 18806

food intake; hypothalamus; membrane-permeable cAMP; taste aversion; satiety signal; protein kinase; NPY-induced feeding; neuropeptides; pertussis toxin; satiety-producing anorexic stimuli, 3973

gene polymorphisms; schizophrenia; glycogen synthase kinase, 25675

genetic variations; protein tyrosine kinase; alcohol dependence; mice; phenotype; alcoholism risk; patients, 8025

glycogen synthase kinase-3; bipolar disorder; novel therapeutic agents; signaling pathways; cellular resilience; neuronal plasticity; lithium; molecular targets; drug therapy, 17045

glycogen synthase kinase-3; lithium inhibition; enzyme inhibition; beta-catenin; valproate; carbamazepine; mRNA expression; rats, 9991

glycogen synthase kinase; schizophrenia; hippocampal lesion; ventral hippocampus; ibotenic acid; protein levels; rats; frontal cortex, 21649

hippocampal plasticity; synaptic plasticity; tyrosine kinases; synapses; synaptic transmission; mice, 15507

hippocampal protein synthesis; cAMP-dependent protein kinase; mitogen-activated protein kinase; rats; short term memory; long term memory; inhibitory avoidance task, 34174

hippocampal signaling cascades; memory consolidation; fear memory; protein kinases, 12799

inhibition activity; conditioned taste aversion; CTA; cAMP-dependent protein kinase A; PKA; memory reconsolidation; memory retrieval; protein synthesis; memory extinction; amygdala, 13024

intracellular signaling factors; lead; Sp1 DNA-binding; hippocampus; PKC; mitogen-activated protein kinase; rats; pheochromocytoma cells; nerve-growth factor; staurosporine; PD 98.059, 549

intracellular signaling; receptor complex; receptor antagonist; signaling pathways; microglial activation, 21496

kinases; antinociception; delta 9-tetrahydrocannabinol; rats; mice; KTS.720; bisindolylmaleimide; KTS.823; low molecular weight heparin; beta-ARK inhibitor; LY294.002; PPI; dynorphins; cAMP; tolerance, 3928

long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses, 471

long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses; motor memory, 474

major depression; adrenoceptor upregulation; brain tissue; blood platelets; G-protein-coupled receptor kinases; mirtazapine; depressed suicide attempters; depressed patients behavior; down regulation, 20328

mental retardation; protein kinase; hippocampus; long-term potentiation; Angelman syndrome; learning deficits, 22854

mitogen-activated protein kinase; chronic ethanol treatment; intracellular signaling; angiotensin; phospholipase activation; rat hepatocytes; acute ethanol administration, 21923

mitogen-activated protein kinase; MAPK cascades; synaptic plasticity; memory; aplysia; sensitization; serotonin; sensory-motor synapses; SN-MN synaptic facilitation, 34069

mitogen-activated protein kinase; neurotrophic factor; antidepressant treatment; intracellular signaling; noradrenergic receptors; tyrosine kinase; epidermal growth factor, 3721

mitogen-activated protein kinase; polymorphisms; synapsin III gene; signal transduction; association analysis; neuronal plasticity; neurotrophin action; hippocampal neurons; schizophrenia, 10800

morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21517

morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21524

N-methyl-D-aspartate; NMDA; glutamate receptors; hippocampus; conditioned fear; extinction; rodents; protein kinases; avoidance training; memory retrieval; memory consolidation, 9891

nerve growth factor; MC14; sargaquinone acid; neural differentiation; PC12D cells; SC-3010; chelerythrine chloride; PD98.059; kinases; inhibitors; neurite growth; signaling pathways, 581

neural stem cells; adult forebrain; glial fibrillary acid protein; herpes simplex virus thymidine kinase; mice, 21601

neuroprotective effects; minocycline; creatine; amyotrophic lateral sclerosis; motor performance; neuroprotection; animal models; mice, 21930

neurotrophic factor; cAMP-dependent protein kinase; bipolar affective disorder; lymphoblast, 22499

phosphatase activity; immobilization stress; protein phosphatase; neuronal gene expression; protein kinase; rat; serine; threonine; hippocampus, 3685

place preference; nucleus accumbens; amphetamine; extracellular signal-regulated kinase antagonists; mitogen-activated protein kinases; conditioned place preference; rats, 30978

prefrontal administration; long term memory; fear conditioning; rats; prefrontal cortex; trace conditioning; Pavlovian conditioning; extracellular signal regulated kinase phosphorylation; dopamine, 34175

protein kinase A; platelets; bipolar disorder, 4606

protein kinase A; prefrontal cortex; depression; suicide; [³H]cyclic adenosine monophosphate binding; catalytic activity, 13563

protein kinase A; stress; learned helplessness; phosphorylating enzyme; inescapable shock, 27725

protein kinase C; amyloid precursor protein secretion; APP secretory pathway; neuroblastoma cells; signal transduction, 12777

protein kinase C; nucleus accumbens; motor & spatial learning; long term memory; spatial memory, 18703

protein kinase; signal transduction mechanisms; central nervous system neurons; hypothalamic tissue; biogenic amines; in vitro regulation; corticotropin-releasing hormone; amygdala, 15521

retrograde amnesia; molecular systems; muscimol; gamma aminobutyric acid-A agonist; glutamate N-methyl-D-aspartate; receptor agonists; phosphonopentanoic acid; kinases; memory consolidation; rats, 21903

serum creatine kinase; risperidone; catatonic psychosis; adolescent, 11501

Volume 91 SUBJECT INDEX

Kinases—Serials

spinal glia; proinflammatory cytokines; sciatic inflammatory neuropathy; allodynia; neuropathic pain; rats; kinases; cytokines; animal model, 21642

spontaneous exploratory behaviors; intrathecal NMDA receptor antagonist; protein kinase C inhibitor; acute pancreatitis model; inflammation; pain, 13105

T-588; tacrine; extracellular signal-regulated kinase; cognitive enhancer; in vivo phosphorylation; hippocampus; rats; memory, 3999

tyrosine kinases; synaptic plasticity; memory formation; invertebrates; long term memory induction; signaling cascades; vertebrates, 6974

Kindergarten Students—Serials

achievement perception; achieving peers; kindergartners; schools, 33167

handwriting consistency; elementary students; kindergarten; first-grade children; quality performance; ranking, 17704

harmonic accompaniment; tonal achievement; tonal improvisations; young children; kindergarten; first grade; root melody accompaniment; song instruction, 33122

kindergarten general music classroom; developmentally appropriate practice; learning environment; effective teaching; curriculum construction; assessment; relationships with families, 33016

parent involvement; social competence; academic competence; kindergarten students, 17576

parents' perceptions; sensory processing disorders; kindergarten children; screening, 32070

second language learning; sign language as second language; kindergarten students; bilingual achievement; language development, 2689

short-term stability; social competence; respiratory sinus arrhythmia; heart period; cortisol; kindergarten children, 974

socioemotional functioning; attachment relationship; positive adjustment; child competence; social behavior; kindergarten students & their teachers, 13227

Kindergartners—Serials

clinical infant home-visiting services; child outcomes; school entry; aggressive behavior; kindergarten; behavior problems, 25034

handwriting consistency; elementary students; kindergarten; first-grade children; quality performance; ranking, 17704

kindergarten classes; behavior disorders; reinforcement; physical prompting training; transitional program, 20817

kindergarten entry; mothers decisions; delay decision, 13349

kindergarten general music classroom; developmentally appropriate practice; learning environment; effective teaching; curriculum construction; assessment; relationships with families, 33016

kindergarten programs; literacy instruction; at-risk students; reading instruction; intervention programs; phonological awareness; alphabetic skills; home school connections; professional development, 33083

language disorder; kindergarten diagnosis; language status change, 11128

phonological awareness; reading performance; at risk population; reading difficulties; kindergarten, 20833

predictive validity; Phelps Kindergarten Readiness Scale; academic achievement; kindergarten readiness, 21181

preschool to kindergarten transition; autism; survey development; children; teachers; parents; transition elements, 18180

preschool-kindergarten transition; intellectual disabilities; educational mainstreaming; parents; teachers; principals; inclusive preschool program; program evaluation; early intervention; students, 12199

pupil-teacher interaction; kindergarten classrooms; teacher professional development; kindergarten teachers, 33168

school readiness; early education; kindergarten; schools; communities; readiness perceptions; federal policies, 2825

Self-Rating Scale of Pro-Creative Personality; kindergarten teachers; performance indicators; internal consistency, 12473

Kindergartners—Chapters

Contextual understanding of children's play in Taiwanese kindergartners, 17746

Kindling—Serials

amygdala kindling; fearful behavior; glucocorticoid receptor; mRNA expression; hippocampal regions; rats, 9849

defensive behavior; conditioned stimulus; rats; temporal conditioning; amygdala kindling; convulsion; time; electrical brain stimulation; anticipation; attack, 12806

FK506; Tacrolimus; L-arginine; N-nitro-L-arginine methyl ester; L-NAME; pentylentetrazol; kindling; mice; neuroprotective action; free radical toxicity; pretreatment; protective effect, 784

hippocampal kindling; intractable temporal lobe epilepsy; rabbits; kindling antagonism; plastic changes; interictal discharge, 15445

pentylentetrazol induced kindling; cortical nitric oxide synthase; intracellular calcium; glutamate; free radicals; mice; nifedipine; taurine; seizures, 15432

seizure-resistant rats; seizure-prone rats; learning; reference memory; delayed alternation task; working memory; genetic background; amygdala kindling; original learning, 18646

spontaneous seizures; kindled rats; axo-somatic inhibition; neuronal loss; neurogenesis; hippocampal circuits; axo-axonic inhibition, 21741

Kinesics [See Body Language]

Kinesthetic Perception—Serials

action perception; off-line authorship; timing; action events; off-line perception; anticipation; self-other discrimination, 6477

aging; path integration skill; kinesthetic perception; vestibular contributions; wayfinding, 18265

body coordination; athletes; neuromuscular ability; kinesthetic perception; physical proficiencies; Brace Test, 33485

haptic reproduction; movement reproduction; visual feedback; kinesthetic feedback; cues, 3344

kinesthetic estimation; supine positions; body orientations; vertical orientations; horizontal orientations; upright position; kinesthetic perception, 33690

lumbar vertebra; physical therapists; posteroanterior motion test; oscilloscope; feedback; electromechanical single level spinal model; perception of force; perception of displacement, 14993

movement pattern; dynamic invariance; goal-directed aiming; behavioral dynamics; perceptuomotor control; precision aiming; movement time; task difficulty, 33755

neural elements; limb dynamics; inter-arm generalization; element sensitivity, 12617

path integration; linear locomotion; human medial temporal lobectomy; hippocampal formation; epilepsy; self-motion signals; amygdala; lateral temporal lobe, 24412

phase variability; proprioceptive perception, 3346

vestibular system; head-trunk coordination; bilateral labyrinthine input; anterior-posterior translations; segmental receptors; kinesthetic processes, 21313

visual stimulation; kinesthetic perception; intersensory processes; motor processes; visuospatial memory; rotation; virtual reality navigation task performance, 310

Kinship—Serials

adult female baboons; linear dominance hierarchies; cooperative interactions; female relationships; female-bonded groups; coalitional support; reciprocal altruism; coalition formation, 18521

African American children; child welfare; kinship system; child welfare system; out-of-home care; cultural sensitivity; family; foster care; social work, 32712

Australia; Aluridja kinship system type; kinship misinterpretation; terminological vocabulary; social practice; sociological terminology, 22144

chimerism; mosaicism; cultural construction; kinship; xenotransplantation; biological mechanisms, 25267

depression; kinship networks; social support; Vietnamese immigrants; multicultural community; urban setting; nonkinship networks; support satisfaction; psychological distress, 4326

evolutionary perspective; cooperative hunting groups; Indonesia; biological kinship; whale hunters, 4339

identity markers; Churchill home; England; Englishness; artifacts; symbols; kinship rituals, 16138

kin selection; kin discrimination; cooperative care for offspring by non-breeding kin; kin investment; W. D. Hamilton theories; vertebrates, 497

kinship caregivers; formal caregivers; Maryland; support services need, 5606

lesbian parent families; family relations; research; kinship formation, 25118

new genetics; family kinship; United States; biomedicine anthropology; medicalization; genetic inheritance; ethical dilemmas; future health; disease alleviation; longevity; medical genetics, 340

nonkin food sharing; benefit timing; benefit currency; foraging behavior; predation avoidance; mate provisioning; manipulative mutualism; reciprocity; trade; status enhancement; group augmentation, 21485

social structure; affective meaning; American kinship; kinship identities; family identities, 31531

social support; marriage; remarriage; divorce; kinship; National Survey of Families and Households; NSFH; elderly population; support perception, 7542

teen mothers; baby portrait; construction of kin networks; motherhood; consumerism, 31232

Kinship—Chapters

Odor-genes covariance and genetic relatedness assessments: Rethinking odor-based recognition mechanisms in rodents, 21526

Knee—Serials

Kinship Recognition—Serials

aggression; altruism; polyembryonic wasp soldiers; kinship; resource competition; kin selection theory; competition; Encyrtidae; parasites; broods; clonal division; reproductive larvae, 30791

chimpanzee face photos; humans; kin recognition; family resemblance, 27473

conspecific brood parasitism; kin selection; kin recognition system; common goldeneye; precocial birds; Bucephala clangula; host-parasite relatedness, 21481

familiar person remembrance; semantic dementia; role of context; recall knowledge, 26145

nestmate recognition; drones; workers; honeybee; Apis mellifera; genotypes; polyandry; resident queens; naturally drifting individuals; honeybee colonies, 21521

olfactory cues; individual recognition; urine; lactating female; guinea pigs, 15404

sexual reproduction; bumblebees; workers; queen production; egg laying; kin selection theory; aggressive behavior; late-switching colonies, 509

spatial position; eiders; kin recognition; ducklings; Somateria mollissima; parental manipulation of brood structure; female aggression; spatial distribution, 12759

vocal signature; acoustic recognition; macaroni penguins; breeding ecology; nests; Eudyptes; Chrysolophus; individual identity, 21483

Kinship Structure—Serials

Australia; Aluridja kinship system type; kinship misinterpretation; terminological vocabulary; social practice; sociological terminology, 22144

close relatives; kin selection; juvenile Atlantic salmon; kin-directed behaviors; resource competition; inclusive fitness; kin association; kin groups; winter refuge; aggregation cost, 3510

household composition timeline; field research; participatory research; agriculture; gender; methodology; kinship charts; agricultural household units; household living arrangements, 10310

human kinship; psychology of kinship; terminology; cross-cultural variation; kin classification; social cognition; social rank; group membership; innate schemas of genealogical distance, 1073

human kinship; psychology of kinship; terminology; kin classification; social cognition; schemas; Optimality Theory; language, 1072

sexual reproduction; bumblebees; workers; queen production; egg laying; kin selection theory; aggressive behavior; late-switching colonies, 509

social structure; affective meaning; American kinship; kinship identities; family identities, 31531

Kirtan Adaption Innovation Inventory—Serials

exploratory factor analysis; Kirtan adaption innovation inventory; confirmatory factor analysis; chi-square statistics; construct validity; correlated errors; cognitive style, 12447

Kleine Levin Syndrome—Serials

Kleine Levin syndrome; adolescent males; transient neuropsychiatric disorder; hypersomnolence; behavioral changes; excessive compulsive eating; hypersexual behavior; etiology; clinical diagnosis, 35282

Kleptomania—Serials

kleptomania; obsessive-compulsive spectrum disorder; affective spectrum disorder; comorbid psychiatric diagnosis; first degree relatives, 28589

psychiatric comorbidity; family history; kleptomania, 4560

Klinefelters Syndrome—Serials

androgen insensitivity syndrome; Klinefelter's syndrome; sex; gender; psychological features; medical nature; social considerations, 32076

executive skills; Klinefelters syndrome; sex chromosome abnormality; X-chromosomes, 19892

Klinefelter Syndrome; genetic syndrome; males; psychosocial issues; emotional issues; adaptive behavior; neurobehavioral issues, 28998

Knee—Serials

depressive symptoms; social relation; social support; social strain; psychological functioning; knee osteoarthritis; older adults; comorbid condition; chronic illness; arthritis, 4891

mechanical sensation; knee; pain thresholds; patients; neuronal responsiveness; normal control subjects; osteoarthritis patients; mechanical stimulation; mechanical allodynia; rheumatoid arthritis, 16602

pain; physical functioning; social functioning; ability level; well-being; older adults; osteoarthritis; knee; depressive symptoms; perceived health, 8112

physical recovery; arthroscopic knee surgery; coping behaviors; active coping; avoidant coping; clinical outcomes; physical outcomes; pain; knee function; stress reactivity, 26508

psychological distress; total knee arthroplasty; functional outcomes; household and work activity; role limitations; functional state; physical role, 2290

psychological readiness; anterior cruciate ligament surgery; preoperative mood levels; adult sports medicine patients, 8652

rehabilitation adherence; anterior cruciate ligament reconstruction outcome; knee; postoperative physical therapy, 26468

restless legs syndrome; lower extremities; dopamine agonist; limb phenomena; parkinsonism, 35634

total knee replacement; health disparities; Whites; Blacks; surgical beliefs; knee surgery; arthritis; low outcome expectations; treatment preferences; African American surgical beliefs, 20467

Knowledge Based Systems [See Expert Systems]

Knowledge Engineering—Serials

integrated knowledge system; Case Base Reasoning; case matching; knowledge management system; KM; data communication; data warehouse; Online Analytical Processing, 6148

knowledge engineering; requirement inconsistency; ranked agents; merging requirement; information fusion; logic based framework; beliefs; real world representations, 6145

knowledge resonance; category learning; connectionist model; Hebbian learning rule, 21034

local component decisions; problem-solving oscillations; coordination; project members; rugged performance landscape; product development projects; system performance; complex engineering projects, 1189

Knowledge Level [See Also Health Knowledge, Job Knowledge]—Serials

academic identity; management academics; business school strategies; metaphors; business management; professional knowledge, 33266

actual and perceived reading related subject matter knowledge; K-3 teachers; early literacy; reading; declarative knowledge; children's literature; phonological awareness; phonics, 33031

acupuncture; primary care provider; therapeutic intervention; medical problems; treatment effectiveness; medical therapy; working knowledge, 8632

adolescent psychiatrists knowledge; legislation attitude; psychiatric disorder; legal issues; mental health; consent, 14597

African Americans; Organ Donation Readiness Index; organ donation fear; organ donation knowledge; organ donation related actions; confirmatory analysis, 33589

algorithms; inferences; querying experts; knowledge space, 17963

aquariums; visitors; learning; prior knowledge; interest, 21368

artificial grammar classification; visual feature learning; exemplar specific knowledge, 18373

attention-deficit hyperactivity disorder; knowledge level; undergraduate education students; student attitudes; teacher attitude; curriculum development; in-service teacher training, 19738

caregiver knowledge; treatment; barriers to adherence; regimen knowledge; human immunodeficiency virus; caregivers; knowledge level; Treatment Interview Protocol, 24296

causal inferences; domain-specific knowledge; conditional probabilities; preschoolers; cognitive development, 13208

causal information; categorization; illusion of explanatory depth; pattern tracking; division of cognitive labor; children; adults, 3356

causal model theory; conceptual representation; categorization; causal knowledge; category features, 382

causal question asking; student questions; comprehensibility rating; causal chain length; effects; causal relations; reader knowledge; metacognitive awareness; antecedent question; school grade level, 12154

childhood learning; museum intervention; classroom intervention; science learning; low-income children; concept complexity; content knowledge, 23892

childrens knowledge; uppercase letters; lowercase letters; childrens spelling; phonological bases; nonphonological knowledge, 31193

clinical hypnosis; knowledge; attitudes; mental stability; beliefs; motivation; experience, 32492

college students; family planning; contraceptive methods knowledge; sterilization; birth control pills; condom; birth spacing; sexually transmitted infections; STI; sexual behavior, 4242

community boundedness; personal relevance; knowledge gap; socioeconomic status; communication campaigns; medical insurance; medical assistance, 32602

complex knowledge; performance; knowledge transfer; skill transfer, 20894

computerization; knowledge; information technology use; public administrators; planners; policy makers; public managers; decision-making; Jordan; Jordanians; information processing utilization, 30308

concept maps; knowledge representation tool; cognitive representations; computer-based concept mapping tool; dynamic imagery; abstraction level; Web browser, 21032

constructive biases; expert knowledge; clinical judgments, 9689

consumer knowledge; knowledge level; information processing; event sponsorships; brand equity; sponsor-event fit, 17931

consumer product involvement; consumer product knowledge; utilitarian products; hedonic products; subjective knowledge; objective knowledge; college students, 3027

contextual learning; theoretical knowledge; inserted question; scientific text; vocational students, 14649

cooperative work groups; mathematics tasks; mathematics knowledge; peer-directed questions; elementary school students, 9016

country of origin; attitudes; product performance; expertise level; product evaluation, 3015

couples therapy; family therapists; psychology; Human Development; Life Span Development; cognitive development; neurobiology; negative reinforcement, 29893

criterion-related validity; tacit knowledge; alternative measurement; graduate student selection; graduate psychology education; GRE scores; undergraduate GPA, 36153

cultural context; sociocultural processes; implicit knowledge; childhood development, 10144

culture; childrens knowledge; cosmology; earths shape; day-night cycle, 24980

customer defection; consumer knowledge; customer satisfaction; repurchase decisions; alternative vendor knowledge; choices; managers, 14849

deliberate self-harm; adolescents; knowledge measure; attitude measures; health care professionals; training needs; professional staff knowledge; young men; at risk populations, 1570

diverse groups; information sharing; performance; congruence ties; social ties; knowledge ties, 28404

domestic violence workshop; standardized patients; medical students; knowledge; clinical skills, 20716

dopaminergic systems; ecstasy users; MDMA; ecstasy information; 3,4-methylenedioxymethamphetamine; mass media; toxic effect; animal research; human research; mood; pain tolerance; driving, 25878

educational intervention; therapeutic education; chronic diseases; knowledge certainty, 6352

emotional responses; kando; determinant factors; event involvement; event-related knowledge; emotionally moved, 3416

enslaved Africans; enslaved doctors; American medicine; slave community; slave quarters; plantation hospitals; southern medical knowledge, 23652

environmental management; worker participation; knowledge content, 9103

epistemological norms; student familiarity; fallacious argument identification; informal reasoning; argument fallacies; invalid arguments; argumentation; norms awareness; norms identification tasks, 12166

evaluation; vocabulary knowledge measure; reading performance; English as a second language; TOEFL test, 21196

expert attitudes; lay attitudes; food risk; personal value systems; expert-lay discrepancy; risk perception; communication of risk; lay handling risk; knowledge deficit; public trust in institutions, 14820

expertise reversal effect; knowledge level; cognitive load; instructional presentations; cognitive performance; learner knowledge; schema based rapid method, 36157

first language reading skills; second language knowledge; Bosnian Serbo-Croatian speakers; French language; interlingual transfer, 7334

functional approach; English language proficiency; language development; knowledge structure; writing development; structure analysis; content knowledge; content learning; learning stages, 10099

genetic modification of foods; consumer perceptions; organic foods; knowledge level, 14833

grounded theory method; educational practice; epistemorphs; functionalist drift; interpretive drift; knowledge, 33638

health care workers attitude; knowledge level; competence; health promotion projects, 29532

health professions; pharmaceutical industry; student understanding; medical students; ethics, 12028

hearing loss; hearing protection devices; racial ethnic diversity; young adults knowledge; noise induced hearing loss; noise exposure, 29196

high function individuals; autism; written discourse; reading; cues; background knowledge; discourse understanding, 25968

high school biology; World Wide Web; WWW; atomic force microscope; student knowledge; viruses, 17646

high school students; student attitudes; HIV; condom use; people with AIDS; knowledge level; religiosity; social norms, 29053

HIV care; experience; knowledge level; provider attitudes, 26832

HIV infection; AIDS knowledge; risk perception; demographic characteristics; cognitive risk factors; behavioral risk factors; gender differences, 26080

HIV risk behaviors; HIV prevention education; offenders; community supervision; HIV infection; incarcerated populations; knowledge level, 35355

human evolution; epistemological beliefs; open-minded thinking; animal evolution; biological evolution; cognitive disposition; student understanding; knowledge level, 17742

identity perspective; intergroup sensitivity effect; group criticism; ingroup members; outsiders; social identity; source experience level; Australians, 13432

illness understanding; children's ontological knowledge; ontological categories; children's illness conceptions; exemplar; naive theory generalization, 4097

illusory truth; fiction; false memory; source monitoring, 3395

individual differences; fraction skills; mathematical knowledge; conceptual knowledge; simple arithmetic; working memory; on task classroom behavior, 7384

inductive inference; expectations; conceptual hierarchy; hierarchical levels; privileged level; conceptual coherence; living kind features; artifact concepts; generalization strength; knowledge gains, 9646

information & communications technology; science education; knowledge transformation; curriculum development; teacher knowledge; pedagogical reasoning; middle school students, 5864

information technology; gendered interactions; personal computers; gendered bodies; gendered knowledges; professional knowledge, 14858

insight problem; heuristics; goal conception; solution re-coding; knowledge-lean problems, 9644

intentional control; sequence knowledge; implicit learning, 12683

internationalizing firms; international business; time; duration; internationalization process; knowledge accumulation; knowledge development; learning processes; foreign operations; business firms, 9117

interorganizational relationships; buyer-seller relationships; knowledge productivity; software firms; flexibility effects; innovation; strategic value creation; trading partners, 24028

irrelevant information; knowledge activation; ambiguous homographs; information suppression; baseball knowledge, 12651

judgement of learning accuracy; feeling of knowing accuracy; episodic memory tasks; metacognitive ability; older adults; cognitive performance, 33829

judges; knowledge; eyewitness testimony; beliefs, 24142

knowledge based inferences; general knowledge; acquired brain injury; knowledge processing differences, 26168

knowledge exchange value; exchange complexity; exchange identity; learning bandwagon; fad bandwagon, 9124

knowledge indicators; cultural domains; cultural consensus model; individual informants' knowledge, 4216

knowledge level; Alzheimer's disease; ethnic groups; older adults, 13917

knowledge level; infancy; rich countries; poor countries, 7370

knowledge management; financial performance; performance profiles; business environment; firms; innovation; market orientation; New Zealand, 9116

knowledge representation; reasoning; context; theories, 21955

knowledge resonance; category learning; connectionist model; Hebbian learning rule, 21034

knowledge scores; oral contraceptives; communication about contraception; high school students; gender, 986

knowledge structure; electronics industry; relational patterns; seller-buyer networks; emergent technology; market uncertainty, 14720

knowledge structures; learning research; public affairs expertise; online news stories; in-text hyperlinks; World Wide Web, 13132

knowledge transfer; consumers; analogy; categorization; relational similarity; relational inference; attribute inference; features processing; consumer research; consumer memory; structure mapping, 9166

knowledge-creation; knowledge management; economic development; management studies, 14776

knowledge; contractile imagery; muscle strength; performance; strength tasks; skill learning; motor unit firing behavior; motor performing, 6558

knowledge; interest; strategic processing; special education; special education majors; undergraduates; graduate students; special education faculty; expertise; Model of Domain Learning, 36039

knowledge; workplace accommodations; workplace protections; young adults; schizophrenia; employment; Americans with Disabilities Act, 8837

- language: cognition; deaf learners; hearing peers; deaf education; conceptual & content & linguistic knowledge; academic achievement; problem solving; reading; students, 8344
- learning networks; legitimacy; multinational subsidiaries; international relations; organizational strategies; institutional structures; power; knowledge, 17877
- learning outcomes: wisdom development; college programs; higher education, 33051
- learning processes; work organization; metal industry company; experiences; knowledge sharing, 36389
- levels of body knowledge; early childhood development; visual habituation; visual discrimination; body representation schema; abstraction; visuospatial ability; emotion; information storage, 34288
- literacy; childrens knowledge; human experience; drawings; reading; writing, 36120
- malaria; endemic countries; community perceptions; hypodermic countries; foci-endemic malaria, 22850
- mathematical knowledge; mathematics intervention; socioeconomic status; mathematics curriculum, 23831
- medical students; knowledge; understanding; peoples experience; emotions; health; sickness; the arts; arts in medicine; special study module, 23698
- metacognition; explanation; understanding; knowledge; cognitive development; age differences; awareness; explanatory depth, 10197
- metaknowledge; metacognitive processes; long-term memory; natural categories; semantic memory, 24482
- motor performance; audience affability; metaknowledge, 9149
- musical expertise; visuospatial abilities; mental imagery; cognitive abilities; mental imagery; reaction times; vertical discrimination, 18250
- network time; new knowledge epoch; temporal dimensions; knowledge production; industrial revolution; contemporary culture; globalization, 10119
- non-observed correlations; inference; causal scenarios; causal knowledge; naive reasoners; causal link; cues; inferred correlation points; human causal detection, 24510
- nurses knowledge; nurses attitudes; sexual health clinics; post-sexual exposure; HIV infections; exposure prophylaxis, 29907
- obesity; physicians; knowledge; attitudes; medicine residents; medical consequences; obesity treatment, 8913
- occupational therapy; barriers; evidence-based practice; occupational therapists; knowledge level; continuing education, 17465
- organizational climate; transfer of safety training; safety knowledge; safety performance; hazardous waste workers, 2954
- organizational knowledge; knowledge construction; knowledge creation; constructivist perspective; organizational learning; organizational strategies; competing knowledge bodies; knowledge shaping, 30229
- organizational knowledge; power; politics; collective sensemaking; social situations; enactment; inter-organizational collaboration; telecommunications sector; problem-solving, 30219
- pain course; International Association for the Study of Pain; pain curricula guidelines; student knowledge; attitudes; health professions students, 5783
- patient characteristics; prostate cancer; psycho-educational Uncertainty Management Intervention; cancer knowledge; patient provider communication; African American men; White men, 23348
- patient's perspective; epilepsy; Omani patients; patients' knowledge; Oman; health education; medication regime compliance, 4961
- pedagogical content knowledge; teacher development; preservice teachers; physical education; emotion understanding; motor development, 12107
- personalised e-training; computer use; multiple attribute decision making; Simple Additive Weighing, 30278
- practicum supervision; internship; positive attitude; content knowledge; ethics; free labor; counseling programs, 17508
- preservice teachers; teacher knowledge; teacher attitudes; science concepts; analogy, 26884
- primary care physicians; family practitioners; physicians' attitudes; general internists; end-of-life care; hospice services; knowledge; family readiness; patient readiness, 5799
- prior knowledge sources; category learning; unexpected information; Baywatch model; critical stimulus features congruency; incongruent features, 30719
- prior knowledge; realism; narrative worlds; mental images, 31482
- probability judgment; prediction; general knowledge; combined error model; sensory discrimination task; calibration; additivity; source independence; confidence, 9659
- progressive fluent aphasia; verbal impairment; access to knowledge from pictures; multi-modality system for semantic memory, 5057
- reading purpose; text processing strategies; topic knowledge; memorization; elaboration; high school students, 23869
- reading skills; science content knowledge; teaching methods; secondary school students; academic achievement, 26888
- reasoning; inconsistency; consistency; theories; mental models; propositions; causal knowledge, 27503
- recognition memory; Spanish-Catalan cognate & noncognate words; remember; know; confidence judgment; signal detection model, 406
- recognition of mental illness; mental health literacy; schizophrenia; depression; public opinion; mental illness attitudes; psychopharmacology attitudes; community psychiatry attitudes, 1383
- reflective practice; sport psychologists; sports psychology; professional training; professional development; professional knowledge, 26796
- relationship status; romantic partner; knowledge organization; partner knowledge, 34612
- rhetorical questions; persuasion knowledge; advertising; message processing, 33362
- schizophrenia; false memories; knowledge corruption, 19480
- scientific work; elementary students; student perceptions; science learning; museum science program; gifted education; student attitudes, 2854
- secondary school students; aging; students knowledge, 25047
- self-efficacy; caregiver characteristics; mental health services; caregivers attitudes; knowledge level; social support, 26612
- self-rated ability; confidence judgements; eyewitness memory; general knowledge, 18395
- semantics; reference point concepts; document quality; background knowledge; patient information leaflets; quantifiers; evaluative adjectives; travel brochures; common ground; clarity; persuasiveness, 18884
- sentence-level context; prior word knowledge; need for cognition; information processing; technical language; print ads, 27156
- sex; disabled women experiences; personal perspectives; health care; sexuality; reproductive rights; personal beliefs; needs; desires; sexual practices; developmental disabilities; knowledge level, 1691
- sexual orientation; school psychologists; attitudes; knowledge level; school psychology; graduate training, 12050
- signal detection theory; remember know paradigm; sensitivity estimates; confidence judgments; remember rates, 15325
- situational interview; patterned behavior description interview; validity; correlates; perceived fairness; cognitive ability; advance knowledge of questions; interview performance, 18176
- social axioms; culture; adaptation difficulties; immigrants; lack of knowledge, 13309
- social capital; project team; knowledge integration; social bonding; social bridges, 30222
- speech therapists; egypt; knowledge; experiences; attitudes; augmentative communication; alternative communication, 20754
- speech-language pathologists; knowledge level; non-oral feeding; dysphagia; feeding tubes; aspiration risk, 17539
- student knowledge; Programme for International Student Assessment; student patterns; academic achievement; students' thinking; nominal cognitive variables, 33134
- sum-difference theory; remembering; knowing; remember-know paradigm; recognition memory; signal detection model; receiver operating characteristic curves; item recognition, 27566
- task specificity; prior knowledge; hyperlexia structure; search strategies; incidental learning; discipline expertise, 2706
- teacher characteristics; teacher knowledge; attention deficit hyperactivity disorder; perceived knowledge; actual knowledge; in-service teachers; preservice teachers; primary-school teachers, 22731
- teachers' content knowledge; high-poverty urban schools; classroom reading achievement; professional development, 6369
- theories; categorization; category learning; classical theories; prototype theories; exemplar theories; knowledge-based theories; implicit learning; explicit learning, 3302
- TPL-KATS-card sort; structural knowledge; software tool, 12379
- transient ischemic attack; TIA; public knowledge; diagnosis; US adults, 16720
- updating behavior; lacking knowledge experience; learning; context; cognition; motivation; affect, 27024
- User directed Technologies; the world wide web; characteristics of users; consumer knowledge content; declarative knowledge; procedural knowledge; measurement scales, 30518
- verbal irony; meta-linguistic knowledge; echoic interpretation; apposition; syntactic structure, 28003
- visual rightness theory; picture perception; stimulus discrimination; abstract paintings; representational paintings; perturbed stimuli; minor disruption; major disruption; untrained adults, 337
- vocabulary memory; college students; majors; nonlinear relations; knowledge domains, 33848
- Who Wants to be a Millionaire; quiz shows; countries; cross cultural analysis; globalization; knowledge hierarchy; television program, 31087
- word meaning; Plato's problem; definition; knowledge & use, 10105
- word-referent link; ignorant speaker; knowledgeable speaker; novel word; word learning; toys; young children, 10207
- work teams; information environment; knowledge acquisition; knowledge processes; team knowledge structures; team knowledge configurations; task-typology match; knowledge distribution, 17853
- working definition; developmental dyslexia; comorbidity; teacher knowledge, 7988
- young children; explanatory abilities; cognitive development; physical principles; psychological principles; biological principles, 18940
- Knowledge Level [See Also Health Knowledge, Job Knowledge]—Chapters**

- What causes individual differences in cognitive performance?, 15994
- Knowledge of Results—Serials**
- augmented auditory feedback; psychomotor skill learning; precision shooting; knowledge-of-results; performance, 24410
- motor program learning; average knowledge; acquisition trials; kr schedule; parameter learning, 6570
- psychiatric genetics research; susceptibility data; research participants; research ethics; psychiatric disorders, 12061
- skill acquisition; knowledge of results; KR; motor learning; performance; skill retention; motor skill; feedback; verbal encouragement; algebraic score; error score, 15280
- Korean Cultural Groups—Serials**
- Alzheimers disease; pathways to care; help seeking decisions; Korean Americans; dementia symptoms, 14403
- Asian American families; treatment guidelines; culturally competent therapy; Korean Americans; family therapy; ethnic groups; cultural competence; family therapists, 32346
- culturally relevant treatment methods; family psychoeducational intervention; Korean American families; chronic mental illness; coping skills; understanding of mental illness; family empowerment, 35474
- filial therapy; immigrant Korean parents; empathetic interactions; stress level; parenting; parent-child relationship; Korean American families, 8419
- Korean immigrants; grounded theory; negotiating; social boundaries; cultural boundaries; generational boundaries; adaptation, 25143
- major depressive disorder; monocyte chemoattractant protein-1 gene -2518 polymorphism; genotype; susceptibility; Koreans, 34845
- ministry demand; Korean American pastors; symptomatic stress; life satisfaction; well-being; expectations; cultural differences, 34453
- parenting style; self-perception; Korean American college students; authoritarian parenting; authoritative parenting; permissive parenting; academic competence; morality; self-reliance, 10399
- physical activity attitudes; Korean women, 29526
- tobacco use; acculturation; Korean descent; epidemiology; cigarette use, 31445
- women's experiences; Korean American women; chronic pain; aging; osteoarthritis; disease symptom, 22801

Korean Cultural Groups—Chapters

Contextual differences in Korean mother-child interactions:
A study of scaffolding behaviors, 16050

Korsakoffs Psychosis—Serials

amnesia; confabulation; Korsakoff syndrome; spontaneous
subdural hematoma; brain damage, 1854

response shifting; inhibition; heavy alcohol consumption;
chronic alcohol abuse; cognitive deficits; working mem-
ory; interference; alcoholic participants; Korsakoff's
syndrome, 19665

Wernicke-Korsakoff syndrome; amnesia; frontal lobes;
FDG-PET; 18-fluorodeoxyglucose, 4881

Wernickes syndrome; galantamine; Korsakoff psychosis;
amnesia; memory; acetylcholinesterase; attention, 28869

Kupfer Detre Self Rating Scale [See Nonprojective
Personality Measures]

L Dopa [See Levodopa]

Labeling—Serials

Ipse Dixit' mislabeling: post-daubert approaches; expert
clinical opinion; supreme court decisions; expert testi-
mony admissibility; judicial determinations; forensic ex-
perts, 6171

disabled persons; terminology; labelling; technology acces-
sibility, 7769

emotional reactions; lay persons; public reactions; Alzhe-
imer's disease; stigma; labeling, 20074

essentialist linguistic labels; linguistic forms; perceptions of
preferences; self perception, 28437

family therapy; methodology; mental disorders; psycho-
therapeutic techniques; diagnostic labeling, 26301

information; category; generalization; logical structure; la-
bel, 31533

learning disability; labels; civil rights; inclusion; equality;
learning patterns; educational & social systems; medical
model; flexible curricula; diagnosis, 28930

linguistic labels; source errors; source-monitoring deci-
sions; memories; category membership, 27539

medical diagnoses; lay diagnoses; stomach symptoms;
throat symptoms; diagnosis impact; function of diagno-
sis, 5396

object labels; conversations; young children; parent lan-
guage; child expectations; word meanings; contexts,
31132

reintegration process; crime desistance; criminal behavior
abstinence; labeling theory; looking-glass self-concept,
26772

sexually abused child; labels; adverse effects; child sexual
abuse; symptomatology; expectancies; behavior;
achievement, 7976

unacknowledged rape; rape victims; rape myth acceptance;
labeling; legal definition, 35019

Labor (Childbirth)—Serials

acupuncture; meperidine; labor pains; childbirth; treat-
ment outcomes, 17112

attention deficit hyperactivity disorder; demographic vari-
ables; fetal stress; induced labor; selected physiological
variables, 26026

childbirth education and methods; medical interventions;
childbirth labor; delivery process; childbirth medicine;
awareness, 35695

childhood sexual abuse; pregnancy; child birth; traumatic
experiences; psychological impact; behavioral impact,
35023

epidural use; childbirth beliefs; fear; locus of control; child-
birth participation; pain control choices; mothers, 7552

forceps delivery; obstetric practice; informed choice; obste-
tricians; caesarean delivery, 35699

hypnosis; childbirth; labor; Hypnobirthing; prenatal prepa-
ration; fear, 2253

maternal morbidity; rural Upper Egypt; community-based
interventions; public health problem; health care work-
ers; postpartum period; public health research; poverty;
illiteracy; antenatal care, 16203

parturient position; labor pain intensity perception; cervical
dilatation, 21252

pregnancy; placenta; fetus; opioids; mother; drugs; pain
treatment, 17208

preterm labor; pregnancy outcomes; sleep disturbance; fa-
tigue; stress; perception; military officer rank; preterm
birth; risk factor; active duty military women, 5801

principal components analysis; Perceptions of Labour and
Delivery Scale; component structure, 30364

umbilical artery vascular flow resistance; fetuses; uterine
contractions; placental circulation; velocimetry changes;
umbilical artery, 9928

Labor Management Relations—Serials

cost-minimization; international transfer; multinationals;
country-of-origin; centralization; decentralization;
cross-national personnel policy; human resource man-
agement; human resource management, 17830

employee benefits; labor; health policy; employers; health
care; history; United States, 12245

employment relations; industrial societies; work arrange-
ments; valued resources; nonstandard work; flexibility;
collective control; labor market segmentation; work-
place effects, 24016

employment relations; white-collar employees; long-term
employment; internal labour market, 12254

employment relationship; psychological contract; relation-
ship change, 36284

human resource management; multinational companies;
business system; management-labour cooperation,
23962

individual agreements; organisational strategies; Australian
workplace agreements; industrial relations; political re-
lations; employers; employees, 30210

labor turnover; management retention strategies; manu-
facturing plants; labor management relations; transnational
companies; management decision making; political
economy, 36293

mistreatment at work; grievance filing; employee with-
drawal, 36326

organizational discourse; industrial relations; Melbourne
Port industrial dispute; institutional Interplay, 9061

organizational downsizing; firm deknowledgeing; restruc-
turing; transition; firm behavior; contingent labour use;
long term skill change; deskilling, 17864

union management solutions; injury prevention; workplace
injuries; older workers; safety strategies; cost-effective-
ness; unions; management, 20897

Labor Management Relations—Chapters

Psychological contracts in employment, 6068

Labor Relations [See Labor Management Relations]

Labor Union Members—Serials

demographics; labor union members; union commitment;
union instrumentality; gender; age; racial dissimilarity,
27095

hardiness; personality trait; organizational citizenship be-
havior; obedience; participation; loyalty; unionized em-
ployees, 7708

union commitment measurement; methodological challeng-
es; methodological problems; commitment scores; mea-
surement invariance; invariance tests; statistical inde-
pendence assumption, 30551

union commitment; informal union activity; activity partici-
pation; union participation; union activities; labor
unions, 33222

Labor Unions—Serials

demographics; labor union members; union commitment;
union instrumentality; gender; age; racial dissimilarity,
27095

flexibility; atypical employment; work organization; regu-
lation; employer; trade union; negotiation; consultation;
management; employees; contingent employment; re-
gional differences, Europe, 36258

labor unions; industrial-organizational psychology; finan-
cial rewards; employer-employee relation; power differ-
ences, 36408

labor unions; public attitude; race; gender; social classes;
economic classes; socioeconomic position; economic
hardship, 7517

paired comparisons; ethnographic observations; power re-
lationships; reciprocity; obligation; unions; organized la-
bor; politics, 9508

union commitment; informal union activity; activity partici-
pation; union participation; union activities; labor
unions, 33222

Labor Unions—Chapters

Labor unions and occupational safety: Conflict and cooper-
ation, 2913

Laboratories (Experimental) [See Experimental Labo-
ratories]

Laborers (Construction and Industry) [See Blue Collar
Workers]

Laborers (Farm) [See Agricultural Workers]

Labyrinth (Anatomy) [See Also Cochlea]—Serials

Georg von Bekesy; auditory system research; psychoacous-
tics; inner ear; sensory inhibition; Nobel Prize winner;
biography, 344

hair cells; inner ear; afferent connections; sensory epithelia;
primary neurons; molecular nature; vestibular neurons;
spiral neurons; neurogenin 1; ngn1; null mutation, 6892

inner ear anomalies; middle ear anomalies; congenital heart
disease; CHARGE association; coloboma of the eye;
heart defects; choanal atresia; growth retardation; genital
hypoplasia, 13905

inner ear processes; psychoacoustic threshold; tuning curve
attributes; transient emission suppression; frequency res-
olution; otoacoustic emissions, 15266

vestibular nuclei; primary afferents; unilateral labyrinthec-
tomy; vestibular end organs; efferent connections; affer-
ent projections; posterior cerebellum, 6839

Labyrinth (Apparatus) [See Mazes]

Labyrinth Disorders [See Also Menieres Disease, Mo-
tion Sickness]—Serials

critical life event; anxiety; vestibular neuritis, 20083

vestibular neuritis; vestibular nerve; lesions site; vestibular
evoked myogenic potential; labyrinth; vestibular neuro-
labyrinthitis; taxonomies, 6955

vestibular neuritis; vestibular nerve; lesions site; vestibular
evoked myogenic potential; labyrinth; vestibular neuro-
labyrinthitis; taxonomies, 6900

Lactate Dehydrogenase—Serials

cerebrospinal fluid; CSF; dementia; Creutzfeldt-Jakob dis-
ease; dementias; lactate dehydrogenase; isoenzymes,
35322

glucose metabolism; glioma cells; gliotoxins; astrocytes;
sodium-dependent glutamate transporters; amino acids;
LDH; lactate dehydrogenase; labelled lactate; labelled
alanine; gliotoxic amino acids, 9822

glutamate involvement; simulated ischemic neurodegener-
ation; retinal morphology; neurotoxicity; endogenous
glutamate; exogenous glutamate; lactate dehydrogenase
release; rats, 7206

Lactation—Serials

bipolar disorder; pregnancy; lactation; pregnant women;
counseling; teratogenic drugs; lithium; valproate; car-
bamazepine, 20126

bisphenol A; endocrine disrupter; sex difference; preoptic
area; bed nucleus; stria terminalis; corticotropin-releas-
ing hormone; hormone-immunoreactive neurons; lacta-
tion; pregnancy; rats, 15748

breast inflammation; acupuncture treatment; lactating
women; care interventions, 29417

breastfeeding; love; public health; mother child interaction;
lactation, 29544

ethanol induced advance; puberty onset; bicuculline; fe-
male rats, 13020

heroin self-administration; rats; perinatal lead exposure;
gestation; lactation, 27935

social chemosignals; breastfeeding women; reproductive
behavior; sexual motivation; human pheromones; sexual
desire; sexual fantasies; lactation; endocrine function,
34115

stress-related behavior; cat exposure; reproductive status;
pregnant rats; lactating rats; virgin rats; male rats, 12947

Lactic Acid—Serials

cochlear implantation; mitochondrial encephalopathy; lac-
tic acidosis; stroke-like episodes syndrome; MELAS
syndrome, 11684

Language [See Also Dialect, Figurative Language, For-
eign Languages, Form Classes (Language), Phrases,
Rhetoric, Sentences, Sign Language, Spelling, Vocabu-
lary, Written Language]—Serials

Aboriginal English teen talk; texts; like; pragmatic marker,
18874

absolute pitch development; speech; tone language; music,
34268

academic achievement; school problem behavior; risk fac-
tors; socioemotional competence; extracurricular activi-
ty; language achievement; math achievement, 20844

academic English learning; English language learners; En-
glish instructional environment, 29984

acculturation influences; familism; language preferences;
household education; Mexican American mothers &
children, 16140

acquired language impairment; French; English; functional
left hemispherectomy; Rasmussen syndrome; bilingual-
ism; written communication; oral communication; lin-
guistics; adolescent, 8649

age differences; language comprehension; perceptual sym-
bols; response times, 24875

aging; language production; words; older adults; tip-of-the-
tongue states; speech production; retrieval; model; lin-
guistic representations; phonology; orthography, 13147

alveolar stop allophony; phonetic nature; cognitive nature,
24886

Alzheimer's disease; lexical processing; object recognition;
spoken & written perception; word & non word produc-
tion; language; reading; writing; speech, 8230

artificial syntactic violations; Broca region; grammaticality
classification task; consonant strings; brain regions; lan-
guage processing, 24702

aspectual forms; Cantonese children; specific language im-
pairment; verb affixes; morphologic deficits; grammar
deficit; finite verb morphology; processing limitations;
isolating languages, 8108

aspectual selection; negation; stative situation; energy in-
put; Mandarin Chinese, 7327

atypical hemispheric dominance for language; functional
magnetic resonance; presurgical diagnostic procedures;
patient with left frontal focal epilepsy, 14005

auditory comprehension; Wernickes aphasia; inhibition;
language processing, 29186

autism; pervasive developmental disorders; regression; de-
velopmental history; medical issues; familial conditions,
25943

automated desymbolization; cognitive subfunction; lan-
guage comprehension; graphemes; functional coordina-
tion deficit model; phonological decoding; disabled chil-
dren; reading; letter reversals; dyslexia, 1708

- auxiliary verb constructions; dynamic eventive; Japanese language; Korean language; Spanish language; volitionality sense; speaker stance; emphatic, 859
- bilingual memory; language organization; language knowledge; mechanisms; interactive-activation models; connectionist models; memory processes, 27538
- bilingualism; phonological awareness; Cantonese-speaking children; Mandarin-speaking children; monolingual speakers; bilingual speakers; Chinese children; tone awareness; age differences, 13169
- bilingual patient; positron emission tomography; language mapping; left posterior temporal cavernous angioma, 583
- bootstrapping; language learning environment; intelligent language learning; target language, 17719
- brain areas; lesion analysis; language comprehension; brain-injured patients; left hemisphere stroke patients, 22928
- brain; language; mind; mental lexicon, 27746
- brain; magnetic source imaging; phonological processing; semantic processing; language, 552
- cerebral asymmetry; language; schizophrenia; gene; cerebral cortex; occipital lobe; temporal lobe; parietal lobe; genetics; psychosis; monozygotic twin; lateral dominance, 19436
- cerebral hemisphere; language mechanism; nervous system; neurologist; Ludwig Lichtheim; Carl Wernicke, 27744
- child abuse; sexual abuse; attributions of culpability; methodological influences; victimization; closed-probe questions; consensual activity; language; university students; general population, 18212
- child attitudes; speech therapy; language therapy; school-based services; communication difficulties; communication skills, 14696
- childhood head injury; metacognitive processes; injury severity; typically developing children; recall prediction; delayed test; study-recall trials; memory span; overconfidence; language; semantics, 16768
- Chinese; relative clauses; subject-verb-object languages; sentences; processing, 4042
- Christian music; theological language; musical style; lyrical content; Christianity; songs, 34458
- code switching; lexicon; compound nouns; plural nouns; multimorphemic elements; embedded language; matrix-language clauses; multimorphemic lexical units; bilingual code-switching data, 10095
- cognitive processes; comprehension; language; cognitions, 15867
- cognitive skills; inhibitory control; working memory; physiological functioning; temperament; language; preschool children, 10218
- Coh-Metrix; text analysis; cohesion; language; readability; discourse processing; computational linguistics, 31067
- collaborative language approach; institutionalized elderly; therapy; depression; conversation, 20147
- color perception; color naming differences; color terms; color salience; visual neurophysiology; cognition; color naming behavior; languages; Vietnamese language speakers; English language speakers, 15207
- color perception; perceptual learning; language, 24394
- communication; linguistics; pragmatics; language; context, 21951
- computational constraints; syntactic processing; nonhuman primate; human language; animal communication systems, 12748
- computer-assisted intervention; Fast ForWord Language program; academic performance; oral language competency; phonological processing abilities; basic reading skills; classroom behavior, 5915
- computer-assisted language learning; language teaching, 36115
- computerized content analysis; leadership research; leadership; linguistic basis; President Bush; rhetoric; media coverage; 9/11 attack; symbolic elements; contextual elements, 21954
- concept formation; language evolution; tools; evolutionary processes; hierarchical order; neural networks; hominids; neural nets; Wernicke area; Broca area; eem warning period; learning; memory, 3091
- conceptual distinction; count nouns; mass nouns; aggregates, 28007
- consciousness state; natural working language; Agent-action-Objective model; structural relations; mental activity; mind process, 12719
- context use; control children; pragmatic comprehension; specifically language impaired children; SLI children; contextual processing, 8103
- contextualization; code switching; textualization cue; pragmatics, 15853
- cosmology students; African Americans; language socialization; learning terminology; metacommunicative theory; discourse; becoming hair experts; classroom dialogues; hair salon communication, 9002
- cross-cultural similarities; mental structures; categorization; English language; North American culture; universality, 33826
- decontextualized language strategies; low socioeconomic status; storybook reading; mothers; preschool age children, 34514
- deductive instruction; inductive instruction; direct object pronouns; French as a Second Language; language grammar, 12142
- desire; language; theoretical perspectives; theory, 15851
- deterministic finite automata; minimization algorithm; partial minimization; optimization; quadratic-time algorithm, 15143
- development of orthography; Touo language; Touo speaking community; community leaders; linguistic obstacles; social obstacles; political obstacles, 13126
- developmental dyslexia; languages; English; orthographies, 1720
- discordant twin pairs; monozygotic twin pairs; language lateralization; schizophrenia; genetics; right hemisphere, 28742
- dual tasks; language perception; word perception; native language; second language; foreign language; event-related potentials, 24733
- ecology; language; spatial cognitive tasks; orientation systems; linguistic relativity hypothesis; cultural practice impact, 18932
- Eleanor Safran; cognitive neuropsychology; speech comprehension; speech production; assessment; agrammatism; language; verbal short term memory; sentence processing; semantics; syntax, 18548
- emergent grammar; verbs; verb-forms; Hebrew language; language development; young children; morphology; semantics; syntax, 10166
- empathy development; I differentiation; self- & other-construction; self-recognition; subjective action perception; intersubjectivity; human development; theories, 31101
- English plural morpheme; Mandarin-speaking children; language environment; morpheme acquisition; English-speaking children, 10100
- ethnicity effect; language concordance; physician-patient agreement; patient health behavior; health behavior changes; physician-patient communication, 29511
- event-related potentials; beginning bilingual students; foreign language learning, 4027
- expressive language; receptive language; young children; autism; generalization; word pairs; teaching methods, 8888
- false memory; language processing; false recognition; list learning; independence-interdependence; Japanese; English; bilingual students; words; list language; test language, 21967
- filler-gap dependencies; head-final language; Japanese; sentence completion, 24868
- first language reading skills; second language knowledge; Bosnian Serbo-Croatian speakers; French language; interlingual transfer, 7334
- fluency; complexity; accuracy; second language learning; narrative writing; planning, 15856
- Fodor's problem; flexible cognition; modular account; natural language sentences; conceptual modules; sentence generator; supposers; inference to best explanation; computational tractability, 4029
- fragile X syndrome; mental retardation; developmental disorder; attention; language, 35177
- frames of reference; spatial memories; reference systems; language; cues, 9721
- functional anatomy; language, 21667
- functional disability; cognitive impairment; psychiatric manifestations; language difficulties; dementia patients; mirror image; misidentification; disease stage, 13983
- functional hemispheric asymmetry; tinnitus patients; language asymmetry; word dichotic listening; lexical decision tasks, 20082
- functional magnetic resonance imaging; language; memory; epilepsy surgery; refractory epilepsy; neuropsychology, 20066
- functional neuroimaging; language; speech scientists, 9549
- fuzzy association rules; fuzzy systems; fuzzy grids based rules mining algorithm; FGBRMA; relational database; natural language; decision making; fuzzy partition methods, 17974
- gender agreement; number agreement; grammar; Spanish language; nouns; first language speakers; adjectives, 21977
- gender; writing styles; language usage; popular fiction; award-winning fiction; emotional content; publication period, 24862
- genetics; linguistics; human ancestors; language; clicking noises; modern humans; clicks; conversation; click language; click speakers; nonverbal utterances; click sounds; words, 18871
- George Eliot; linguistic representation; metaphors; knowledge; cognition; Middlemarch, 21942
- grammatical gender preservation; semantics; word production; German words, 12679
- grey matter density; point mutation; bilateral brain abnormalities; orofacial dyspraxia; verbal dyspraxia, 4842
- hare psychopathy checklist-revised; emotional components; emotional material; emotional content; verbal stimuli; psychopathy; emotional polarity; metaphorical statements; male inmates, 1549
- hemispheric dominance; lexical decision task; auditory event related brain potentials; auditory stimuli; language processing; auditory stimuli; active brain voxels, 6989
- Henry Charlton Bastian; language centers; cortex; occipital lobe; temporal lobe; glosso-kinaesthetic centers; cheirokinaesthetic centers, 18574
- hippocampal activation; medial temporal lobe activation; semantic language processing; episodic memory functions; handedness, 3602
- Hnahnu occasional sellers; interpersonal cross cultural conflict; power pragmatics; market interaction; Spanish-speaking middlemen; Mesitios, 7322
- Hong Kong Chinese learners; English as a second language; educational environment; schools; linguistic problems, 17692
- human cognition; schema; language; mental content; non-conceptual world, 15288
- identity options; Russian textbooks; foreign language textbooks; second language textbooks; imagined learners; imagined interlocutors; cultural factors, 30017
- identity; language use; attitudes; trilingual behavior; code mixing; teenagers, 15866
- incremental existence; semantic relationship; objective semantic content; holistic meaning; Finnish existential sentence; cognitive semantic study, 7324
- incremental learning; recurrent neural networks; incremental training; evolutionary hill climbing; mildly context sensitive & context free languages; evolutionary algorithm; hidden unit dynamics, 9264
- indefinite expressions; indefinite nouns; semantic domain; Japanese language, 13123
- individuation; objects; events; language; developmental changes; counting; spatio-temporal individuation strategy, 4117
- Indo-European language; human history; historical linguistics; European languages; Kurgan expansion; Anatolian farming, 7323
- information sources; language versions; natural language; communication; computation; Turing machines, 36495
- innovation cycles; information technology; language teaching, 36131
- interactional language; creativity; context; spoken language; story telling, 27979
- interhemispheric dissociation; frontal language region; temporal language region; focal epilepsy; lateralization, 11227
- interlingual homophones; bilingual auditory word recognition; word identification; language membership decisions, 4056
- intrasubject reproducibility; presurgical language lateralization; brain mapping; language (MRI); test-retest reliability; within test reliability; epilepsy, 12505
- invented language game; phonemic awareness; suffixal reduplication; onset replacement; preschool child, 916
- kernel methods; relation extraction; unstructured language; natural language sources; text representations; kernel computation; algorithms, 14876
- language acquisition; Downs syndrome; language skills; communication skills; special educational needs; naturalistic intervention, 25985
- language bias; neuroscience; internal medicine; randomized controlled trials; published results; significance of findings, 32877
- language cognition; interpersonal cognition; pronoun usage; closeness perception; language variation; interpersonal interaction, 22284
- language comprehension; human brain; language disorders; sensory areas; lateralization; location; functional magnetic resonance imaging; fMRI; language stimulus; cortical processing, 3717
- language comprehension; words; sentences; visual objects, 28030
- language comprehension; working memory; traumatic brain injury; adolescents performance, 29155
- language development; bilingual children; language impairment; age; Swedish-Arabic children; language impaired children; normally developed children; preschool children, 8098
- language dominance; interpersonal deception; computer-mediated communication; personality traits; nonverbal behaviors; paralinguistic behaviors, 24095
- language games; human behavior; social practices; evolutionary psychology; biologically based universals; nature; culture, 28383

- language ideology; Basque nationalist pedagogy; secondary schools; ethnic identity; male speakers; vernacular Basque; Basque identity; Basque culture; masculinity; Basque female members, 7320
- language intensity; response rate; attitude change; e mails; intense messages; communication media, 34208
- language interpreters; mental health care; therapists, 14563
- language lateralization; joke comprehension; handedness; event-related brain potentials; anterior electrode sites; language representation; hemispheric asymmetries, 21497
- language learning; learning for work; learning at work; women; social identity; work learning; literacy, 36260
- language organization; cognitive functions; brain semantic processing; brain activation; fMRI; functional magnetic resonance imaging, 3791
- language processing; grammar; brain dynamics; EEG; fMRI, 21572
- language processing; human brain; sentence comprehension; neural basis; syntactic processes; prefrontal cortex; lexico-semantic information; syntactic integration, 6591
- language skills; shyness; preschoolers; expressive & receptive language; phonemic awareness; preschoolers; temperamentally shy; vocabulary, 24926
- language system; demographic trends; technology; international communication; written communication; spoken communication; multilingual, 18861
- language teaching; cultures; terrorism; foreign language learning; role of language, 31291
- language-as-fixed-effect fallacy; data analysis; experimental design, 256
- language-impaired children; sentence interpretation strategies; monolingual German learning children; specific language impairment; language impairment, 8104
- language-specific memory traces; consonants; brain; native language experience; place-of-articulation feature, 18400
- language; brain activity; cognitive ability, 27823
- language; cognition; deaf learners; hearing peers; deaf education; conceptual & content & linguistic knowledge; academic achievement; problem solving; reading; students, 8344
- language; cortical mechanisms; hemispheric dominance; cavernoma; language mapping; language reorganization; lesion size; small lesions, 26150
- language; embodied brain; animal models; language evolution; neuroanatomy; language skills; language processing; brain, 18566
- language; human intelligence; genetic code; spoken language; written language; arabic numerals; music notation; labanotation, 13125
- language; personal pronouns; intersubjectivity; mood; modality; perspective commutability; imperative, 15979
- language; science; technical knowledge; scientific English, 18869
- language; transitional phenomena; psychotherapy; language switch, 1984
- languages; pragmatic distinction; Spanish negation; tamponco; no; canon, 858
- languages; world languages; distant languages; modern historical linguistics; comparative method; language classification; history, 18870
- laterality; language; human evolution; brain; handedness, 33995
- lateralization; language functions; auditory functions; spoken language comprehension; phonemes; left hemisphere, 21585
- lexical access processes; language production; grammatical category information; syntactic construction; noun phrase; picture word interference; word class effects; semantic processing, 18349
- lexical access; bilingual speech production; language switching; proficient bilinguals, 27983
- linguistic development; second language acquisition; social interaction; linguistic inventory; social contexts; German language, 15937
- linguistic ideology; Arvanitika; discourse comparative analysis; erasure; fragmentation; marginalization; repression; sublimation; language ideology; sociocultural conditions; historical conditions, 13127
- literacy related difficulties; language backgrounds; phonological skills; developmental dyslexia; monolingual children; bilingual children, 32020
- localized morphological brain differences; English speaking Caucasians; Chinese speaking Asians; anatomical plasticity; language acquisition; manual skill acquisition; neural plasticity; brain shape, 6924
- logical connectives; mental representation; language; cognition; reasoning, 24471
- logicomathematic structural methodology; theoretical implications; unconscious cognition; consistent set; mathematics; structural methodology; language; verbal narratives, 18062
- magnetoencephalography; temporal lobe; magnetic resonance imaging; language comprehension task, 379
- mathematics skills; dyslexia; language comprehension skills; digit span performance; children, 13809
- mathematics; language skills; science subjects; secondary education; background characteristics; rational choice model, 36173
- memory circuits; language; declarative model; procedural model; brain structure; temporal lobe; declarative memory, 21707
- metallanguage; face concept; politeness concept; Chinese; English; Japanese, 4327
- metaphorical meanings; contrastive-cognitive analysis; semantic derogation; animal metaphor; conceptualization; English; Spanish; gender differences; cultural differences, 21960
- methodological implications; Gadamer's notion of statements; statements; speculative language; phenomenological research; phenomenological methods; conversational approach; reflexivity, 27432
- mind; language; linguistics; psychology; narrative, 34217
- misunderstanding; standardized language; research interviews; language interpretation; interviewing methods, 18225
- mitigated directness; Honglou meng; directive speech acts; politeness; Chinese men; illocutionary transparency; individual speech; Chinese culture; language, 21973
- modern behavior; origins; autonomous speech; FOXP2 gene; language development; human evolution, 15854
- monadic second-order logic; regular languages; declarative description language; finite state transductions; logic formulas; automata; replacement operators; NLP; automation toolkit, 17981
- morphology; agrammatic sentence comprehension; German; trace deletion hypothesis, 4978
- morphosyntax; specific language impairment; expressive language, 22780
- motor functions; cerebral hemisphere; Broca's region; language production & comprehension; inferior frontal gyrus; ventral premotor cortex; Brodmann's area, 21543
- motor neurone disease; frontotemporal dementia; language; aphasia; verb impairment, 21538
- N400; P600; event-related brain potentials; language comprehension; Italian language; sentence comprehension, 27972
- naming; analog clock; digital clock; time expression; priming; language, 28004
- natural language processing; grammar, 15864
- Nepali requestive acts; Linguistic indirectness; politeness; speech acts; conversational goal; language use; sociocultural factors, 4059
- neural correlates; predicate-argument structure; language; prelinguistic mental representation; neural pathways; categorization, 9656
- neural theory; specific brain structures; language processing; social cognition; brain functions; brain areas; emotion, 21583
- neurobiological; language understanding; neuroimaging methods; language; brain imaging, 21693
- neurological correlates; language; phonological short-term memory; left hemisphere; ischemic lesion, 5062
- novel sentences; dual process language model; speech; language behaviour; language creativity, 34229
- online language processing; disfluent speakers; disfluency; fluency; listener interpretation; biases, 34215
- oral proficiency test; international teaching assistants; oral proficiency interview test; linguistic proficiency; teaching assistants; verbal behaviors, 14979
- orthography; German language; words; nonwords; connectionist learning models; reading development; whole-word approach; English language; cross-language learning rate; nonword decoding accuracy, 15958
- orthography; verbal fluency performance; schizophrenia; non-alphabetical language, 25679
- pediatric epilepsy patients; atypical language dominance; intracarotid amyltal procedures; left-sided focal epilepsy; left-sided language representation; clinical & neuropsychological characteristics, 11252
- pediatric traumatic brain injury; language skills; recovery; prediction, 11235
- person-centered planning; support; cultural sensitivity; individuals with disabilities; families; processes; components; language differences; cultural differences; outcomes; developmental disability, 17347
- personality-descriptive adjectives; personality dimensions; personality structure; six-factor structure; language, 10626
- philosophical theories of concepts; Fodor; Peacocke; Wittgenstein; private language argument; constraints; explanation of relation between thought & language; cognitive psychology, 3360
- philosophy of language; context, 21969
- phonetic change detection; vowel difference; Finnish vs Hungarian language context; bilingualism; speech processing; event related potentials; deviance detection; mismatch negativity, 7084
- phonological awareness; auditory; visual; functional MRI; Japanese; developmental dyslexia, 27788
- phonological awareness; spoken language; reading acquisition; learning to read, 10170
- phonological disorders; screening tools; Cantonese Segmental Phonology Test; Cantonese speaking children; phonological abilities, 12492
- phonological processing; oral language abilities; fourth-grade poor readers; oral language skills; reading abilities; word attack; word recognition; comprehension; verbal working memory; naming, 13165
- phonology; phonological form; phonological information; auditory discrimination; teaching morphological French; second language classroom, 15848
- phonology; posterior basal temporal area; auditory processing; visual language processing; semantics; epilepsy, 23013
- Pierre Bourdieu; psychoanalysis; sociocultural context; language; psychoanalytic theory; psychic reality; culture; developmental theories; symbolic power; psychoanalysts, 7730
- plasticity; development; language; atypical children; brain development; behavioral development; infants; toddlers; neurodevelopment; communication disorders; at risk children, 13160
- predicting stuttering; phonetic complexity; German; stuttering rate; developmental changes; stuttering, 32064
- prenatal androgen levels; neural asymmetry; language lateralization; congenital adrenal hyperplasia; handedness, 29018
- preschool children; specific language impairment; unaffected controls; regular forms; irregular forms; past tense acquisition, 8106
- producing and understanding noun-noun compounds; language; Constraint theory; conceptual combination; word familiarity, 36505
- psychogenic fugue; memory disorder; emotional trauma; psychological trauma; personal identity; loss of language, 22941
- Psycholinguistic Assessment of Language Processing in Aphasia; aphasia; cognitive neuropsychology; neuropsychology; cognitive impairments; cognitive neuroscience, 27309
- Psycholinguistic Assessments of Language Processing in Aphasia; pragmatic disorders; language, 27332
- psychological criticism; scientific psychology; Shakespearean imagery choice; Elizabethan age; Walter White, 31032
- qualitative research; dietitians; language, 3274
- reasoning styles; differential language effects; European Americans; Bilingual Chinese; culture; testing language; categorization; cross-cultural research; English language; Chinese language, 27998

verbal behavior; joint control; verbal-operant typology; abstraction; language development; comprehension, 33748

verbal language development; educational systems; communicational style; hearing loss level; mimic language, 36222

verbal short-term memory; memory performance; vocabulary level; vocabulary acquisition; learning disability; development, 35107

visual word recognition; acquisition age; expert vocabularies, 27468

vocabulary spurt; word learning; inflection point; language development; logistic; quadratic, 24947

vocabulary; augmentative and alternative communication; language organization techniques; display conditions; children; taxonomic grid; schematic grid; schematic scene; iconic encoding, 26759

vowel length; long vowels; disyllabic words; word production; German-speaking children, 919

Williams syndrome; developmental disorders; language; cognitive skills; language acquisition, 32096

Wolf-Hirschhorn syndrome; chromosome deletion; phenotypic expression; communicative development; speech; language, 16639

word learning; dogs; language acquisition; fast mapping; learning; memory, 27619

word learning; mutual exclusivity assumption; language acquisition; learning constraints; vocabulary spurt; infants; age differences, 4109

word learning; verb learning; phonotactic probability, 10112

word-referent link; ignorant speaker; knowledgeable speaker; novel word; word learning; toys; young children, 10207

young children; mathematical problem solving; metacognitive abilities; socioeconomic status; language; formal schooling; sex differences, 934

Language Development [See Also Language Delay]—Books

Mind, brain, and language: Multidisciplinary perspectives, 15988

Vygotsky's and A. A. Leontiev's semiotics and psycholinguistics: Applications for education, second language acquisition, and theories of language, 10115

Language Development [See Also Language Delay]—Chapters

The close association between classification and intervention for children with primary language impairments, 4824

The development of American Sign Language and Manually Coded English systems, 23078

Development of spoken language by deaf children, 23059

Differential use of cerebral mechanisms in bilinguals, 15996

A dynamic systems approach to diagnostic measurement of SLI, 4830

Early intervention for young children with language impairments, 4832

Environmental factors in developmental language disorders, 4822

Expressing meaning: From communicative intent to building a lexicon, 23068

The language and thought of the child, 951

Lexical deficits in specific language impairment, 4825

Modality and the structure of language: Sign languages versus signed systems, 21985

The neural systems underlying sign language, 23062

Neuroplasticity and development: The acquisition of morphosyntax in children with early focal lesions and children with specific language impairment, 4552

Parallel systems for processing language: Hemispheric complementarity in the normal brain, 15612

The phonetic systems of bilinguals, 15993

Pragmatic disability in children with specific language impairments, 4829

The role of cued speech in language development of deaf children, 23070

The role of speech perception capacities in early language acquisition, 15991

Specific language impairment: Diagnostic dilemmas, 4818

Language Disorders [See Also Aphasia, Mutism]—Serials

acquired language impairment: French; English; functional left hemispherectomy; Rasmussen syndrome; bilingualism; written communication; oral communication; linguistics; adolescent, 8649

aspectual forms; Cantonese children; specific language impairment; verb affixes; morphologic deficits; grammar deficit; finite verb morphology; processing limitations; isolating languages, 8108

Asperger Syndrome: non-literal language problems; autism; pragmatic language deficit; irony; central coherence; theory of mind; social inference, 25762

auditory lexical decision; specific language impairment; receptive language ability, 19828

auditory processing; reading skills; language remediation program; training effects; specific language impairment; dyslexia; auditory discrimination; program evaluation, 12188

auditory stimuli; language impairment; tone pairs; event-related potentials; cortical responses; rapid tone sequences; brain response; single tone, 35159

bilingual children; grammatical development; preschool children; language impairment, 35162

caregivers; communicative participation; preschool children; language impairment; storybook reading, 19829

clitics; agrammatism; neurolinguistic; language disorders, 19958

collaboration; teachers; speech language therapist; special education; children; language disorders, 14690

communication disorders; therapy approaches; group treatment; adult aphasia, 26758

complex communication needs; AAC; language development; grammar, 7317

context use; control children; pragmatic comprehension; specifically language impaired children; SLI children; contextual processing, 8103

crossed aphasia in dextrals; cognitive functions; language; gestures; visual spatial abilities; adult, 20018

developing children; specific language impairments; focal brain lesions; sentence interpretation; focal brain injuries; perinatal period, 26012

development; morphosyntactic ability; atypical populations; tag questions; children; early focal lesions; specific language impairment; sentence processing capacity; performance, 13554

dichotic listening performance; executive function; reading impairment; lateralization; attention; language disorders, 11089

disabled children; speech disorder; language disorder; childcare; Early Head Start, 23538

Volume 91 SUBJECT INDEX

Language Disorders—Serials

electronic mail; e-mail interface; acquired cognitive-linguistic impairment; interface design, 1874
emotional disturbance; K-12 students; comorbid disorders; language deficits; public schools; academic characteristics; social adjustment, 10928
English past tense; children; early focal brain injury; left hemisphere; right hemisphere; specific language impairment; overregularization; zero-marking, 13543
English plural morpheme; Mandarin-speaking children; language environment; morpheme acquisition; English-speaking children, 10100
event related brain potential; language related P600 effect; P300 oddball effect; aphasia; temporo-parietal lesions; basal ganglia lesions; verb inflection violations; auditory oddball task, 22932
exceptional children; writing disabilities; professional writers; classroom practice; exceptional students; educators; communicative medium, 30094
face recognition; voice recognition; preschoolers; specific language impairment; emotion cues; social interaction, 16575
female incarcerated adolescents; language problems; communication behaviors; school learning; correctional facility, 13851
grammatical morphemes; aspect; modality; tense; English speaking children; specific language impairment; language development, 11122
grammaticality sensitivity; judgments; processing times; violation detection; children; early focal brain injury; specific language impairment, 13556
group treatment; language disorders; pragmatic intervention; treatment planning; language recovery, 26755
indefinite articles; definite articles; specific language impairment; Swedish children, 11120
independent literacy; atypical communication; literacy development; language impairment; interactive literacy; communication impairment, 32065
input manipulations; word learning abilities; specific language impairment; presentation rate; sentence complexity; word type, 22782
Kernel functional categories; computational complexity; French-speaking children; functional categories; clauses; language impaired children; normally developing children; language asymmetry, 8100
language development; bilingual children; language impairment; age; Swedish-Arabic children; language impaired children; normally developed children; preschool children, 8098
language development; language deficits; language processing; stages; grammar; narrative; verbal memory; language delay; brain injury; Williams Syndrome; Down Syndrome; specific language impairment, 13847
language disorder; kindergarten diagnosis; language status change, 11128
language impairment; aggressive behavior; adult delinquency; conduct disordered youth; incarcerated youth; speech impairments; attention deficits; internalizing problems, 26011
language impairment; dementia; behavior disturbances; psychiatric symptoms; socialization; psychiatric symptoms; elderly; nursing home residents; social care facilities, 19336
language impairment; disabled children; parent attitudes; speech development; language development, 32068
language impairment; mainstream culture; Mexican American mothers; child rearing; cross cultural diversity; mothers' beliefs; child education; language impairment; Anglo American Mothers, 11126
language impairment; reading disability; lexical processes; supralexical processes, 13852
language profiles; Down syndrome; specific language impairment; nonverbal cognitive ability; language measures, 11121
language-impaired children; sentence interpretation strategies; monolingual German learning children; specific language impairment; language impairment, 8104
language; social competence; language impairment; social growth; speech/language impairment; emotional knowledge; language development, 16576
learning; verb meaning; language impaired children; normally developing children, 8105
Left anterior temporal lobectomy; functional neuroimaging; language deficits; fMRI; epilepsy patients, 16818
left-hemisphere stroke patients; receptive language impairment; digitized spoken words; ERPs, 16747
linguistic deficits; left selective amygdalohippocampotomy; left-sided temporal lobe epilepsy; naming deficits, 26122
long term neuropsychological deficits; cerebellar infarctions; young adult twins; linguistic deficits; cognitive functions; linguistic functions, 13941
magnocellular visual processing; language processing deficits; dyslexia; reading impairment, 35104

medical assessment; pain management; traumatic brain injury; cognitive deficits; dysautonomia; behavioral deficits; dysautonomia; neuropathic pain; comorbidity; spasticity; heterotopic ossification, 29221
morphosyntax; specific language impairment; expressive language, 22780
naming; nouns; verbs; noun verb dissociation; grammatical deficits; language production, 20009
narratives; children; specific language impairment; early focal brain injury; Williams syndrome; language development; morphological errors; syntax; evaluative devices, 13548
neurodevelopmental disorder; language disorder; motor coordination; serum antibodies; rodent purkinje cells; maternal neuronal antibodies; autism; pregnant mice, 22723
neurological factors; motor impairments; language impairments, 1324
nonverbal ability; language impairment; genetic mediation; environmental mediation; comorbidity; twins; co-twin, 11129
object complements; infinitive production; conversation; five year old children; specific language impairments, 11119
parental concerns; needs; children; speech difficulties; language difficulties; special education, 14693
phonological dyslexia; familiar words; phonological impairment; phonemes; nonwords; reading; Alzheimer's disease; brain damage, 35261
phonological processing; pseudohomophones; developmental language disabilities; language processing deficits; lexical decision; semantic priming, 8095
phonology; assessment; Swedish-Arabic children; language impairment; bilingualism, 4816
plasticity; neurodevelopment; language disorders; interventions; childhood development; adults; brain injury, 13849
pragmatic language impairment; social relationship deficits; Williams syndrome; Downs syndrome; specific language impairment; interests, 35200
pre-literacy skills; speech sound disorders; comorbid language impairment, 22416
preschool children; specific language impairment; unaffected controls; regular forms; irregular forms; past tense acquisition, 8106
repeated storybook reading; phonological impairments; language impairments; cloze word procedures; contrast word procedures; linguistics; scaffolding, 16573
schizophrenia; pathophysiological mechanisms; disorganization syndrome; contextual information; language disorders; semantic priming; theory of mind; Bleulerian approach, 4625
sentence comprehension; specific language impairment; phonological working memory; linguistic processing speed, 35161
specific language impairment; children; velocardiocfacial syndrome; VCFS; language development, 16599
specific language impairment; second language acquisition; learning transfer, 22783
specific language impairments; phonology; semantics; past tense, 28967
speech disorder; language disorder; gene mutation; functional brain abnormalities, 8145
speech disorders; co-occurring disorders; non-speech disorders; language disorders; stuttering children; treatment services, 13848
temporal lobe stimulation; anatomic distinction; auditory naming processes; auditory verbal processing; superior temporal gyrus; epilepsy; temporoparietal cortex; post-operative language decline, 15249
tense marking; children; autism; language profile; specific language impairment; word repetition, 31675
thalamic vascular lesions; communicative abilities; language alteration; cognitive ability; attention; memory; executive functions, 22990
theory of mind; cognitive ability; autistic children; phonological syntax language impairment; autism; mental state, 13535
therapy manual construction; language impaired children; mainstream primary school, 36223
topic control; shared storybook reading; mother-child interactions; language impairments; discourse, 4814
verb morphology; verb morphemes; specific language impairment; Swedish speaking children; normally developing compatriots, 8099
verb reading; developmental language impairment; mental lexicon; francophones, 4815
visual function; aphasia; neurogenic language disorders; visual information processing; visual acuity; colour perception; visual fields; visual attention; oculomotor functions, 29123
visual processing; specific language impairment; visuospatial attentional orienting; motor response; generalized slowing hypothesis, 19834

Language Proficiency—Serials

word age of acquisition; spelling performance; surface dysgraphia; herpes simplex viral encephalitis; semantic anomia; alternative spellings; errors; word comprehension, 1744
word length effect; language impairment; serial word recall; children; short term memory effects, 13846
word retrieval deficits; contextual priming; word-finding disorders; semantics; phonological context; naming impairments treatment, 29820
written production; proper nouns; dates; aphasia; oral production; comprehension impairment, 26167
Language Disorders [See Also Aphasia, Mutism]—Books
Classification of developmental language disorders: Theoretical issues and clinical implications, 4817
Language Disorders [See Also Aphasia, Mutism]—Chapters
Benefits of speech manipulation for children with language disorders, 5716
Central auditory processing, 4823
Characteristics of children with specific impairment, 4819
The close association between classification and intervention for children with primary language impairments, 4824
Comprehensive Test of Nonverbal Intelligence, 130
Developmental language disorders: Classification, assessment, and intervention, 4831
A dynamic systems approach to diagnostic measurement of SLI, 4830
Early detection of developmental language disorders, 3208
Early intervention for young children with language impairments, 4832
Environmental factors in developmental language disorders, 4822
Grammatical impairment: An overview and a sketch of Dutch, 4820
Information processing in children with specific language impairment, 4821
Lexical deficits in specific language impairment, 4825
Morphological disorders, 4828
Neuroimaging measures in the study of specific language impairment, 4826
Neuroplasticity and development: The acquisition of morphosyntax in children with early focal lesions and children with specific language impairment, 4552
Physiological and psychological influences on multicultural and nonverbal assessment, 126
Pragmatic disability in children with specific language impairments, 4829
Specific language impairment: Diagnostic dilemmas, 4818
Speech output disorders, 4827
Language Proficiency—Serials
adolescent readers; language curriculum; chronic reading failure; phonological skills; semantic skills; syntactic skills; pragmatic skills; discourse processing skills, 26900
adult native speakers; sentence processing; ambiguous sentences; parsing strategies; native languages; relative clause attachment, 13124
assessment personnel; eligibility criteria; reasons; eligibility decisions; learning disabilities; language proficiency; environment; culture; lack of data; linguistically diverse learners, 29952
auditory lexical decision; specific language impairment; receptive language ability, 19828
beliefs; maintenance; minority language; Hispanic teenagers; Spanish; language proficiency, 15951
bilingualism; English as an additional language; language skill assessment; children, 5827
Broca's region; cytoarchitecture; brain asymmetry; morphometry; language, 21530
collocations; advanced learners of English; German speaking students; verb noun collocations, 4053
computer-mediated communication; oral proficiency; German language, 12138
cultural content; reading proficiency; English language learners; language proficiency; Chinese culture; local subculture; social background; reading comprehension; cultural content, 13117
dual immersion classroom; student Spanish use; second language acquisition; heritage language maintenance, 30040
educational assessments; language proficiency; language testing; test translation; public education; non-English-speaking immigrants; academic background; achievement test, 21199
English past tense; children; early focal brain injury; left hemisphere; right hemisphere; specific language impairment; overregularization; zero-marking, 13543
English proficiency measure; health survey research; older adults; language, 27358
expressive language assessment; children; Pakistani heritage background; bilingualism; test development, 3152
Filipino Americans; mental health care systems; cultural factors; mental health problems; language abilities; help-seeking behavior; ethnic minorities, 20535

Volume 91 SUBJECT INDEX

Language Proficiency—Serials

functional approach; English language proficiency; language development; knowledge structure; writing development; structure analysis; content knowledge; content learning; learning stages, 10099
gender agreement; number agreement; grammar; Spanish language; nouns; first language speakers; adjectives, 21977
individual differences; language performance; cochlear implantation; language skills, 35654
knowledge; content lexical cohesive devices; writing skills; related words; foreign learner; competence level; semantic interrelationships; Arab EFL learners, 5848
language changes; bilingual children; Punjabi; English; language assessment, 14626
language changes; bilingual children; Punjabi; English; language assessment, 5828
language learning strategies; metacognitive strategies; disciplinary differences; strategy inventory; English students, 10109
learning context; home university; study abroad; second language Spanish; lexical abilities; grammatical abilities; oral conversational proficiency; college students, 29966
learning context; second language acquisition; oral fluency acquisition; study abroad context; learning Spanish; at home context; lexical access; college students; cognitive abilities, 29936
learning context; second language fluency; home university; study abroad; immersion programs; French language learning, 29979
learning context; study abroad; communication strategies; second language; Spanish language learners; home university classroom; college students, 29997
lexical access; bilingual speech production; language switching; proficient bilinguals, 27983
multilingualism; language proficiency; brain regions; functional activity, 24654
Naglieri Nonverbal Ability Test; Hispanic children; limited English proficiency; socioeconomic status; geographic region; standard scores, 12450
naming; semantic representation; lexical access; bilinguals; language, 27987
native language; Finnish-speaking majority; Swedish-speaking minority; unemployment; labour market, 9065
nonnative speakers; native speakers; English; conversation analysis; nonnative-native interviews, 13116
oral proficiency test; international teaching assistants; oral proficiency interview test; linguistic proficiency; teaching assistants; verbal behaviors, 14979
parallelism; argument; visual parallelism, 16250
preschool learners; English language learners; oral proficiency; instructional experience; literacy development; rhyming; English as a second language, 26941
proficient bilinguals; phonological priming; priming effect; balanced bilinguals; priming paradigm; target word, 18859
second language reading; intensive domestic immersion; study abroad; college students; Japanese reading comprehension, 30032
second language; explicit knowledge; language proficiency; language aptitude; metalanguage; measurement, 31063
sniff magnitude test; University of Pennsylvania Smell Identification Test; nonnative English speakers; children; olfactory function; cognitive abilities; linguistic abilities, 24185
sound; meaning; language proficiency; bilingual consumer environments; bilingual information, 33335
Spanish derivational morphology; native language; vocabulary acquisition; language proficiency, 12153
syntactic development; children; language fluency; stuttering; English as additional language, 4106
thinking styles; language proficiency; South African students; native language, 7328

Language Proficiency—Chapters

Assessing children's proficiency in natural signed languages, 21984

Laryngeal Disorders—Serials

laryngectomy; group therapy; adjustment; coping; laryngeal speech rehabilitation; well being; quality of life; speech-language pathologist; psychosocial aspects; group intervention themes, 26756
perceptual analysis; instrumental analysis; laryngeal function; traumatic brain injury; childhood; phonatory disturbance; laryngeal impairment; pediatric larynx, 16351

Larynx [See Also Vocal Cords]—Serials

perceptual analysis; instrumental analysis; laryngeal function; traumatic brain injury; childhood; phonatory disturbance; laryngeal impairment; pediatric larynx, 16351
phonation offset; tracheoesophageal speech; laryngeal speakers, 24622
quality of life; laryngeal cancer patients; test score interpretation, 26103

Latchkey Children [See Child Self Care]

Latency (Response) [See Response Latency]

Latency [See Tardiness]

Latent Inhibition [See Also Proactive Inhibition, Retroactive Inhibition]—Serials

age-related differences; aging; inhibition function; explicit memory; inefficient inhibitory mechanisms; priming; cloze sentences, 21365
appetitive latent inhibition; stimulus preexposure; sign tracking responses; goal tracking responses; rats, 9754
attentional dysfunction; latent inhibition; schizotypal personality questionnaire; field-dependent individuals; embedded figure test; irrelevant stimuli; schizotypy, 1547
chronic injection treatments; interferon alpha; locomotor activity; latent inhibition; dopamine system; taste aversion; rats, 551
cognitive capacity; infant perseverative errors; cognition; locomotion; infancy inhibition; task difficulty, 24931
contextual stimulus; latent inhibition; appetitive conditioning; systemic amphetamine; drug dosages; rats, 27927
Down syndrome; multimodal inhibition; inhibition of return; information processing capabilities; visual cues; verbal cues, 25986
English words processing; Japanese university students; distracting word; inhibition; word categorization; ignored words, 34222
inferior colliculus; conditioned freezing; unconditioned stimulus; apomorphine; clozapine; latent inhibition; rats, 752
inhibition of return; attention; perceptual motor processes; cues; perceptual localization, 445
inhibition of return; attention; rapid attentional shifts; memory; visual search; cue duration; reaction time, 6616
latent inhibition; 5-HT_{2A} receptor antagonists; schizophrenia; antipsychotic potential; rats, 3941
latent inhibition; adult males; within-subject paradigm; amphetamine; bromocriptine; schizophrenia; dopamine agonists, 3982
latent inhibition; autoshaping performance; nonreinforced preexposure; Pavlovian conditioning, 33917
latent inhibition; conditioned taste aversions; rats; learned saline aversions, 33933
latent inhibition; context change; schizotypy; schizophrenia; attentional distractibility, 25684
latent inhibition; neural development; schizophrenia; amphetamine; clozapine; peradolescence; rats; animal models, 4002
latent inhibition; polyribonucleoside-polyribocytidilic acid; cytokine; schizophrenia; prenatal exposure; immune activation; neurodevelopment; hippocampus; rats; juvenile offspring; adult offspring, 4003
latent inhibition; preexposure; context effects; context specificity; conditioned lick suppression; rats, 9777
latent inhibition; prepulse inhibition; amphetamine withdrawal; escalating dosage schedule; startle reflex; rats; schizophrenia, 3968
latent inhibition; schizophrenia; positive symptoms; negative symptoms; antipsychotic drugs; dopamine; nucleus accumbens; animal models; rodents, 3991
latent inhibition; signal value; unconditioned stimulus; attenuated conditioning; conditioned stimulus, 33926
latent inhibition; young schizophrenics; symptom-types; conditioning retardation, 16429
loss aversion; inhibition; multialternative choice; dynamical models; similarity effects; compromise effects; attraction effects; attention switching, 27522
modafinil; cognition; response inhibition; adults; attention deficit hyperactivity disorder, 26441
neuroleptic drugs; haloperidol; dopamine agonist; amphetamine-induced disruption; latent inhibition; clozapine; conditioned taste aversion, 10037
no-go performance; prefrontal cortical blockade; touching response; inhibitory deficit; saline infusion; response inhibition, 6683
prenatal exposure & immune activation; latent inhibition; dopamine; limbic morphology; animal development; haloperidol; clozapine; neurodevelopmental model; schizophrenia; rats, 801
recall; information retrieval; memory; inhibition; recognition latency, 12712
serotonin; dopamine metabolism; rat brain; latent inhibition; amygdala complex; hippocampus; striatum; prefrontal cortex; monoamine oxidase activity; conditioned passive avoidance, 15552
trials-to-criterion tasks; latent inhibition; stimulus preexposure; positive-schizotypy; latent facilitation; learning, 30706

Latent Learning—Serials
basal ganglia damage; latent learning; medial temporal lobe; associative learning; medicated Parkinson's patients; amnesic patients, 5040
latent learning; context preexposure; conditioned fear; shock; rats; N-Methyl-D-Aspartate receptor antagonist; NMDA; incidental learning; Pavlovian context conditioning; D,L-2-amino-5-phosphovaleate, 13082
response bias; temporal order tasks; attention manipulation; masked primes; perceptual latency priming, 30624

Lateral Dominance—Serials

trials-to-criterion tasks; latent inhibition; stimulus preexposure; positive-schizotypy; latent facilitation; learning, 30706
verbal short-term memory; visuospatial working memory; fluid intelligence; working memory; latent-variable approach; spatial reasoning; domain-specific storage; executive-attention, 21378

Lateral Dominance [See Also Handedness, Ocular Dominance]—Serials
anomaly detection; visuospatial skills; mental rotation; right cerebral hemisphere advantage; perceptual abilities; cognitive processes, 30875
approach-withdrawal motivation; emotion; neural correlates; well-being; prefrontal cortex, 24535
attention-deficit/hyperactivity disorder; prefrontal cortex; rodents; animal models; pathophysiology; cerebral lateralization; early development; risk factors, 6816
attentional bias; unilateral hemispheric damage; spatial neglect; right hemisphere; left hemisphere; greyscales task; stroke; brain lesions, 11278
attentional deployment; spatial attention; divided visual field; lateral dominance; cue position; word recognition; naming latency, 6934
atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 13939
atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 14005
auditory lexical decision; categorical perception; frequency modulation direction discrimination; left auditory cortex; right auditory cortex; lateralization; word recognition, 6970
auditory verbal hallucinations; auditory activation; language function; internal monitoring; lateralization of language function, 22562
avoidant attachment; hemispheric lateralization; processing of attachment and emotion related words; positivity or negativity decision making, 31560
basic-level categories; classification; right hemisphere; left hemisphere; hemispheric specialization; visual field; object identification, 3664
behavioral laterality; brain lateralization; neonatal lambs; perinatal stress; gender; locomotor; tail movement; lying behaviors, 33985
brain asymmetry; long-term memory; brain laterality; fruit flies; *Drosophila melanogaster*; memory retrieval, 34054
brain asymmetry; neonatal novelty exposure; dynamics of turn bias; individual differences; social recognition memory; rats, 9893
caloric stimulation; differential performance; right-hemisphere lesions; contralesional neglect; line bisection tasks; intentional neglect; attentional neglect, 4960
cerebral asymmetry; language; schizophrenia; gene; cerebral cortex; occipital lobe; temporal lobe; parietal lobe; genetics; psychosis; monozygotic twin; lateral dominance, 19436
cerebral hemispheres; specific priming; abstract priming; brain-damaged patients, 35253
cerebral lateralization; normal cerebral volume asymmetries; early onset schizophrenia; adolescent patients, 10787
chicks; sex differences; brain lateralization; spatial encoding and memory; hemispheric processing; landmark and geometric information, 34074
complex tool use; brain systems; semantic knowledge; functional neuroimaging; neural systems; cerebral hemisphere, 27747
contralesional targets; perseverative behavior; ipsilesional targets; unilateral neglect; target cancellation task; right brain-damaged patients, 8220
cortical asymmetry; bipolar disorder; motor disturbances; perceptual disturbances; cognitive disturbances; right hemisphere dysfunction; depression; manic subjects; medication type, 28633
delayed cerebral maturation; hemisphere asymmetry; regional differences; stuttering; brain regions, 26014
dichoptic presentation; right vs left visual hemifield; hemispheric asymmetry; word recognition; interocular interaction; performance, 579
dichotic listening performance; executive function; reading impairment; lateralization; attention; language disorders, 11089
differential bilingual laterality; age; environment; language acquisition; bilinguals, 9871
discordant twin pairs; monozygotic twin pairs; language lateralization; schizophrenia; genetics; right hemisphere, 28742
divided visual field; hemispheric specialization; temporal discrimination; split brain patient; visually presented stimuli; stimulus duration; stimulus intensity, 8246
ear advantage; focal epilepsy; size & localization of structural brain abnormality; lateralization of epileptogenic area; seizure characteristics; dichotic listening; children, 13965

- emotional prosody; speech condition; laterality; emotional intonations; linguistic meaning; frontal activation; subcortical activation, 585
- epilepsy surgery; postoperative clinical depression; presurgical assessment; suicide; attempted suicide; psychiatric referral; temporal lobectomy; surgery side, 17190
- event-related potentials; divided visual field; semantic processing; lexically ambiguous words; word meaning; hemispheric differences; cerebral hemispheres; N400 component, 7031
- expressive aprosody; amusia; right temporo-occipital seizures, 16736
- facial closure; Gestalt test; brain damage; brain hemispheres; facial discrimination; contour illusions, 8326
- fear conditioning; amygdalar lateralization; left & right amygdalae; acquisition; retention; electrolytic lesions; rats, 12804
- framing effect; decision making; hemispheric activation; rationality, 30681
- functional hemispheric asymmetry; tinnitus patients; language asymmetry; word dichotic listening; lexical decision tasks, 20082
- global-local visual biases; perception of visual-spatial orientation; left hemisphere function; sex differences; right hemisphere function, 12807
- global-local visual processing; posttraumatic stress disorder; hemispheric asymmetry; visual hierarchical attention, 34930
- goal-directed movements; spatial neglect; spatial representations; substantial differences; space representation; exploratory behavior; pointing movements; hand movements, 569
- Greek sculpture; testicle position; scrotal asymmetry, 34048
- grip selection; hemiparetic cerebral palsy; grip planning; right side lesion; left side lesion, 23004
- hand laterality; cognitive ability, 607
- handedness; human behavioral lateralization; callosal difference, 6872
- handedness; Leonardo da Vinci; lateralisation; painting, 24692
- handedness; response style; Tower of Hanoi task; response time; novel objects; novel environment; comparative laterality, 34080
- Hebrew; orthography; linguistics; letter processing; Arabic; hemispheric abilities; visual field, 9833
- hemisphere asymmetries; false recognition; memory processes; word recognition; visual fields, 3402
- hemisphere differences; moderately imageable words; high image nouns; low image nouns; right visual field; left hemisphere, 6915
- hemispherectomy; contralateral hemianopia; line bisection; visual field; cerebral asymmetry; lateralization; pseudoneglect; neglect, 19988
- hemispheric activation patterns; cerebral hemispheres; lexical decision; phonological priming; orthographic priming; stimulus similarity; left visual field; right visual field, 9854
- hemispheric asymmetries; cognitive modeling; unilateral visual neglect; cognitive disorders; line bisection task; nervous system connectivity; neural network simulation, 16800
- hemispheric asymmetries; face processing; face perception; memory; self recognition; visual field, 27717
- hemispheric asymmetries; silence gaps; gap detection; noise type; acoustic properties; brown noise; white noise; monaural stimulation, 6543
- hemispheric asymmetry; developmental dyslexia; auditory cortex, 13808
- hemispheric asymmetry; emotion; conscious perception; unconscious perception; negative stimuli; neutral stimuli; visual perception, 30874
- hemispheric asymmetry; motor cortical inhibitory tone; transcranial magnetic stimulation, 27743
- hemispheric asymmetry; spatially filtered stimuli; visual stimuli; spatial-frequency content; semantic category, 34075
- hemispheric asymmetry; visual fields; multiple priming; convergent & divergent semantic priming; lexical ambiguity; lexical decision; semantic judgment, 6884
- hemispheric differences; mediated priming; lexical representation; left hemisphere; right hemisphere, 6935
- hemispheric differences; object recognition; lateralised processing; visual stimuli; visual field, 34026
- hemispheric dominance; hypothalamic digoxin; neurotransmitter patterns; love; arranged marriage; affection, 15530
- hemispheric dominance; isoprenoid pathway; digoxin synthesis; neurotransmitter patterns; neoplasms; neurogenetic disorders; Huntington's disease; trisomy 21; glioblastoma multiforme; lymphoma, 16609
- hemispheric dominance; left hemisphere; right hemisphere; linguistic processing; non-linguistic processing; temporal processing; frequency transitions; stimulus change, 6946
- hemispheric dominance; lexical decision task; auditory event related brain potentials; auditory stimuli; language processing; auditory stimuli; active brain voxels, 6989
- hemispheric laterality; prefrontal cortex; verbal stimuli; meaning; neuroimaging; memory process, 410
- hemispheric lateralization; amygdala; emotionally influenced memory; human sex differences; emotional material, 24656
- hemispheric lateralization; electroencephalography; EEG; spontaneous lateralization; wakefulness; REM sleep, 7036
- hemispheric lateralization; finger length; digit pattern; schizophrenia; endocrine component; pathogenesis, 10775
- hemispheric performance; object-based attention; visual fields, 21709
- hemispheric specialization; hemispheric independence; hemispheric interaction; word recognition; lexical decision; cognitive theories; neural network models, 24717
- hemispheric specialization; primary auditory area; neuronal responses; song production; anesthetized male starlings; field L complex; songbird brain, 21429
- hemispheric specialization; spatial frequency processing; natural scenes; precedence effect; visual field; scene presentation, 6967
- hemispheric suppression; lexical decision; visual field; inhibitory-interaction hypothesis; hemispheric functional imbalance, 24466
- hemisphericity; left brain; sorting; higher education; career selection; line bisection; Best Hand Test; groups, 604
- hippocampal abnormalities; functional asymmetry; unsuccessful psychopaths; neurodevelopmental abnormality, 10863
- hippocampal formation; homing pigeons; lesions; room cues; local landmarks; global environmental space; unilateral lesions; spatial learning; lateralization, 18576
- hippocampal kindling; intractable temporal lobe epilepsy; rabbits; kindling antagonism; plastic changes; interictal discharge, 15445
- human brain; infants; perinatal focal brain lesions; unilateral damage; hemiparetic neglect; young children, 5074
- immune function; brain function; mindfulness meditation, 17218
- immune function; brain function; mindfulness meditation, 17262
- interhemispheric communication; menstrual cycle; progesterone levels; behavioral measure; negative affect; menstrual phase; mood variables, 30917
- interhemispheric dissociation; frontal language region; temporal language region; focal epilepsy; lateralization, 11227
- intracarotid amytal procedure; temporal lobectomy; neurosurgery; amygdalohippocampectomy; male patients; temporal lobe epilepsy; cerebral language dominance; lateralization of seizure focus; memory, 2283
- intracranial tumors; laterality; picture recognition memory; word recognition memory; left hemispheric patients; right hemispheric patients, 13946
- intrasubject reproducibility; presurgical language lateralization; brain mapping; language fMRI; test-retest reliability; within test reliability; epilepsy, 12505
- Iowa gambling task; prefrontal cortex; decision making; punishment; rewards; lateralization; alpha activity, 18610
- language lateralization; joke comprehension; handedness; event-related brain potentials; anterior electrode sites; language representation; hemispheric asymmetries, 21497
- language; cortical mechanisms; hemispheric dominance; cavernoma; language mapping; language reorganization; lesion size; small lesions, 26150
- lateral effects; perceived spatial location; auditory hallucinations; patients head, 6538
- laterality effects; novel objects; object recognition; left hemisphere; recognition subsystem; semantic associations; right hemisphere; viewpoint dependent performance; semantic processing, 27722
- laterality; handedness; eye preference; foot preference; early-onset schizophrenia, 19433
- laterality; language; human evolution; brain; handedness, 33995
- laterality; visual pattern persistence; bistable motion perception; visual field; stimulus intervals, 6980
- lateralization; auditory hallucinations; schizophrenia, 22563
- lateralization; language functions; auditory functions; spoken language comprehension; phonemes; left hemisphere, 21585
- lateralization; neuroimaging; frontotemporal lobar degeneration; Alzheimers disease; dementia; differential diagnosis, 32170
- lateralized lexical decision; schizophrenia; hemispheric specialization; interhemispheric lexicality priming; word recognition, 7889
- lateralized prefrontal memory; monitoring processes; prefrontal cortex; recognition judgments; judgment of frequency; item familiarity, 30844
- lateralized value; neuropsychological testing; presurgical evaluation; mesial temporal lobe epilepsy; neuropsychological predictors; epileptic foci, 11266
- left visual field; lexical decision accuracy; nonverbal auditory stimulation; lateral dominance, 9686
- lexical decision; hemispheric division of labor; error monitoring; hemispheric specialization; cognitive load, 24680
- line bisection; cortical organization; cortical activation; laterality; rightward errors; athletes; Group Cortical Organization and Activation Theory; personality traits, 12819
- line bisection; hemifield neglect; pseudoneglect; scanning direction; Hebrew, 27807
- linguistic experience; hemispheric processing; lexical tone; hemispheric lateralization; Mandarin tone; bilinguals; Norwegian tone, 30884
- linguistic prosody; stress perception; functional cerebral asymmetry; word stress, 24694
- magnetoencephalography; movement preparation processes; auditory precues; event-related desynchronization; ipsi vs contralateral motor responses; sensorimotor cortex; spatial precues, 7056
- magnitude; reliability; laterality effects; auditory word recognition; dichotic listening; emotional tone, 30883
- maternal depression; infant holding; dysphoria; symptoms; domestic violence; mother-infant relationships; handedness, 34853
- mental illness; epilepsy; psychosis; left hemisphere dysfunction; schizophrenia; laterality; psychopathology; mania; hysteria; depression, 1325
- mental illness; epilepsy; psychosis; left hemisphere dysfunction; schizophrenia; laterality; psychopathology; mania; hysteria; depression, 1343
- mental rotation; EEG; parietal laterality; sex differences, 7070
- mental rotation; neuropsychological evidence; mental strategy; hemispheric lateralization; brain damage; stimulus type; egocentric vs allocentric transformation; object- vs viewer-based transformation, 24714
- monaural sound localization; gender-related differences; localization performance; functional asymmetries; hemispheric asymmetry; auditory space perception; parietal lobe, 18580
- monocular sleep; male domestic chicks; social isolation; behavioral sleep; binocular sleep; lateralization, 34047
- motor preparation; memory search task; event-related brain potentials; ERPs; lateralized-readiness potential; LRP; serial & parallel processing, 27790
- motor sequence complexity; performing hand; hemispheric lateralization; performing sequences; asymmetry; primary sensorimotor cortex, 24408
- motoric dominance; motor performance; sporting excellence; innate superiority; lateral dominance; training; heredity, 36429
- neural correlates; developmental dyslexia; behavioral profile; cognitive profile; cerebral asymmetry, 32021
- neural substrates; brain circuitry; emotional experience; processing; cerebral hemispheres; specialization; positive emotions; negative emotions; approach-related emotions; withdrawal-related emotions, 18579
- neurolinguistic development; deaf children; early language experience; hemispheric specialization; cued speech; sign language, 8342
- neuropsychological measurements; seizure onset side; presurgical assessment; temporal lobe epilepsy; temporal lobectomy, 17142
- neuroticism; electroencephalography; EEG asymmetry; EEG variability; anxiety; negative affect; frontal asymmetry variability, 15664
- normal developmental histories; adult onset intractable epilepsy; head trauma; atypical speech lateralization; cerebral infection, 13545
- opaque idioms; literal sentences; right vs left hemisphere; sentence comprehension; repetitive transcranial magnetic stimulation; frontal cortex; temporal cortex, 24700
- Parkinson's disease; pathophysiology; unilateral tremor; post-movement beta synchronization; related neural networks, 16830
- paw preference; dogs; lateralised behavior; immunity, 34059
- pediatric epilepsy patients; atypical language dominance; intracarotid amytal procedures; left-sided focal epilepsy; left-sided language representation; clinical & neuropsychological characteristics, 11252
- phoneme perception; neonate; left sylvian infarct; auditory discrimination; lateral dominance, 11239
- planum temporale; sylvian fissure asymmetries; magnetic resonance images; inferior parietal lobe; cerebral hemisphere; great apes, 3608
- prefrontal cortex; hemispheric asymmetries; prefrontal activity; memory retrieval processes; cerebral hemispheres, 30867

Volume 91 SUBJECT INDEX

Lateral Dominance—Serials

prenatal androgen levels; neural asymmetry; language lateralization; congenital adrenal hyperplasia; handedness, 29018

reliable laterality effects; dichotic listening task; word stimuli; emotional component, 21308

right hemisphere functions; depression; cortical activation; cortex; brain laterality; physiological activity, 10763

right hemisphere involvement; attentional blink; split-brain patient; visual information processing, 26138

right hemispheric dysfunction; pure progressive aphasia; frontal lobe; multimodal neuroimaging; woman, 20067

right or left hippocampal size or neuronal/axonal density; posttraumatic stress disorder; hippocampal dysfunction; creatine; choline; n-acetyl aspartate; military veterans, 25726

Right Shift Theory; handedness; brain specialization; genetics; speech; left & right brain specialties, 18553

right vs left mesial temporal lobe epilepsy; postsurgical ability; material specific intelligence; verbal ability; non-verbal ability, 2304

right-hemispheric language; right hemisphere; linguistic capabilities; hemispheric function; speech comprehension; corpus callosum; brain damage, 30855

schizophrenia; dyslexia; cerebral lateralization; neuromagnetic responses; auditory stimuli, 19264

schizophrenia; laterality; hemispheric asymmetry; auditory cortex; steady-state response; magnetoencephalography, 7907

selective attention; hemispheric specialization; hemispheric asymmetries; healthy individuals; task demands; behavioral evidence, 3630

selective attention; repeated event inhibition; hemispheric specialization; identity-based discrimination; visual field, 6860

semantic information; disconnected hemispheres; split-brain patients; daily lives; corpus callosum, 24676

semantic representations; hemispheric asymmetries; neural network models; semantic processing; right hemispheres; foveal splitting; cerebral hemispheres; orthography, 15215

sex; laterality effects; gender related differences; spatial requirements; cognitive functions; handedness, 34002

social perception; cerebral hemisphere asymmetries; galvanic skin response; response measures; dual encoding; person based memories; group based memories; retrieval; prior classical conditioning, 27570

speech processing; handedness; anatomical markers; planum temporale; hemispheric specialization; functional variability, 9848

spoken word recognition; cortical organization; receptive language functions; Chinese; English; Spanish; neurophysiological activity; temporal & temporoparietal brain areas; hemispheric dominance, 18617

temporal lobe; face processing; face matching; face perception; hemispheric neurons; hemispheric specialization, 11271

temporal representations; cortex; split-brain patient; cortical contributions; subcortical contributions; visual field, 19985

trait anxiety; theta band power; EEG; threat; emotional responses; visual stimuli; hemispheric asymmetry, 7115

turning behavior; right handers; handedness; cerebral dopamine asymmetries; hemispheric dopamine asymmetries; cerebral dopamine asymmetries, 6949

unilateral spatial neglect; brain lesions; line bisection; attention, 8259

verbal fluency; EEG; laterality; dorsolateral prefrontal cortex; hemispheric asymmetry, 12875

vestibular cortical function; non-dominant hemisphere; function dominance; vestibular cortical system; hemispheric dominance; cortical activation; subcortical activation, 6874

visual field asymmetries; age differences; word matching; gender differences; younger adults; older adults, 9839

visual field; lexical tasks; cerebral asymmetries; language; structural behavioral correlations; Heschl's gyrus; planum temporale; planum parietale, 18562

visual language laterality; auditory language laterality; brain processes; verbal functions; auditory monitoring; visual monitoring; cross-modal correlation; dichotic listening, 7004

visuospatial processing; right hemisphere interpreter; hemispheric asymmetry; visual perception, 6865

word frequency effect; information processing strategies; right cerebral hemisphere; visual field; hemispheric asymmetries; visual word recognition; lexical decisions, 9687

zebrafish larvae; behavioral lateralization; startled induced locomotion, 30828

Lateral Dominance [See Also Handedness, Ocular Dominance]—Books

The face in the mirror: The search for the origins of consciousness, 637

Lateral Dominance [See Also Handedness, Ocular Dominance]—Chapters

Biological intelligence, 15457

Brain size: A possible source of interindividual variability in corpus callosum morphology, 15625

Cerebral substrates for musical temporal processes, 8330

Corpus callosum morphology in relation to cerebral asymmetries in the postmortem human, 15608

Decomposing the person perception process: Cerebral hemispheric asymmetries in social perception, 3760

Effects of partial callosal and unilateral cortical lesions on interhemispheric transfer, 15631

Imagery, cerebral laterality and the healing process: A cautionary note, 23120

Intracerebral evoked potentials in pitch perception reveal a function of asymmetry of human auditory cortex, 7018

Neural specializations for tonal processing, 7028

Neuroplasticity and development: The acquisition of morphosyntax in children with early focal lesions and children with specific language impairment, 4552

Latinos/Latinas [See Hispanics]

Laughter—Serials

affective changes; instinctual action patterns; laughter; crying; walking; affective imaging, 18422

conversational laughter; acoustic parameters; occurrence features, 25290

humor; logotherapy; value realms; tragic triad, 16934

laughing audition; crying audition; amygdala insula; auditory cortex; non-verbal vocalizations; amygdala activation; behavioral responses; facial expressions; vocal expression; sound delivery, 15570

pathological laughter; obsessive-compulsive phenomenon, 28792

postical laughter; status epilepticus; pathologic neurologic laughter; ictal phenomenon; epilepsy; electrical brain stimulation; cortex, 11232

psychoanalytic theories; Freud; documentary filmmaking; compulsions; laughter; smoking, 21941

psychotherapeutic action; comedy; neurotic isolation; laughter; transference; countertransference, 35488

sense of humor; physical health; laughter; immunity; well-being; therapeutic applications, 32593

sexual selection; humor; creativity; laughter; evolution, 13440

Laughter—Chapters

Laughter and smiling: The intertwining of nature and culture, 6762

Law (Government) [See Also Civil Law, Criminal Law]—Serials

discourse; section 28 repeal; equality conceptualizations; citizenship; heterosexuality; lesbian citizenship; gay citizenship, 27225

European Convention on Human Rights; ECHR; Human Rights Act 1998; legal challenges; mentally ill, 12400

heterosexual age of consent; age of consent; heterosexuality; institutionalization; law; sexual offenses; adolescent attitudes, 25068

homophobia; morally conservative; discourse; governmental law repeal; disclaiming; tolerance, 34538

Jurisprudential Theory; competency; professional psychology; psychologists; law; legal system, 33407

online research; ethical responsibility; legal responsibility; law; internet users; distressing information; online communication; internet researchers; online disclosure, 15839

racist victimisation; government policy; racist crimes; laws, 31981

regulatory officials; federal & state laws; diversion prevention; healthcare practitioners; controlled substance diversion; legal officials; drug prescribers; controlled substance prescription, 2625

residential treatment; legal issues; informed consent; guardianship; state laws; confidentiality, 23590

Law (Government) [See Also Civil Law, Criminal Law]—Chapters

Violence risk assessment in American law, 18031

Law Enforcement [See Also Adjudication, Incarceration, Legal Arrest, Legal Detention]—Serials

child support enforcement; unwed childbearing; fatherhood costs; teenage childbearing; premarital childbearing; paternity establishment; teenage pregnancy; financial support, 31389

church vulnerability; law enforcement; violence; church clergy, 36535

college students; drunk driving; alcohol drinking; alcohol related problems; control policies, 11026

criminal profiling; stranger rapists; law enforcement agencies, 3133

gang prevention; school-based prevention; school safety; law enforcement officers; gang resistance education; G.R.E.A.T. program, 33212

gangs; information processing; operating environment; police organization; public debate; gang statistics; mid-western gang unit; data collection; data dissemination, 3107

Laws—Serials

law enforcement; organized crime; outlaw bikers; local law enforcement; Big Four Outlaw Biker Gangs, 36546

law; mental disorders; negligence; physical impact; impact rule; public policy; fraudulent claims; malingerers, 31691

non-urban setting; crime perception; police order; drugs; gangs; social infrastructure; victimization fear; social activity; citizens, 24120

peer support counseling; law enforcement; police officers; mental health; stress; resistance; emergency services; posttraumatic stress disorder; on-the-job trauma, 5388

police chiefs; ombudsmen; attitudes; white-collar offenses; criminal procedures; elder abuse; nursing home offenses; street offenses; older victims; penalties, 3105

police officer selection; candidate selection process; generation X; generation Y; personal security; police work; law enforcement agencies; social order, 9071

police sexual misconduct; police subculture, 9321

proactive behavior; police field training officers; non-field training officers; aggressive preventive patrol, 24140

religious terrorism; anthropological profile; causal profile; politics; criminal actus reus; international military; global assessment; law enforcement cooperation; theory; definitions, 16524

school security; student rights; suspicionless drug testing, 9302

violence portrayal; violent agents; group membership; media violence; disguised violence; non-US agents; law enforcement agents; US nationalism; newspaper photographs; imagery; group status, 15887

Law Enforcement Personnel [See Also Police Personnel, Prison Personnel, Probation Officers]—Serials

large group crisis intervention; critical incident stress management; Cop 2 Cop program; law enforcement personnel; Port Authority Police Department; disaster, 11766

Law Students—Serials

adjustment; law students; sources of stress; coping strategies; relationships, 9033

legal education; undermining effects; law students; motivation; values; well-being, 33173

legal profession; female law students; career development; gender-related psychosocial aspects, 17782

pedagogical objectives; morally contentious issues; undergraduate law students; student-teacher relationship; critical-egalitarian pedagogy, 12113

stress inoculation training; first year law students; anxiety; stress; irrationality; academic performance, 14630

Laws [See Also Abortion Laws, Disability Laws, Drug Laws, Gun Control Laws]—Serials

adolescent smoking behavior; smoking rates; legislation; tobacco sales restrictions; retailer compliance; selling cigarettes to adolescents, 14922

adversarial divorce; conjugal body politics; divorce law; Family Law Act, 28258

alcohol-impaired driving; university students; countries; legislative practices; attitudes; drinking and driving; prevalence; traffic accidents, 28878

Amber Alert; crime prevention; child abduction; child molestation, 33448

anti-discrimination laws; coalition building; electoral organizing; civil rights law; sexual orientation; gay rights; gay rights organizations; political coalitions, 28327

antidiscrimination statutes; federal law; social discrimination; sexual orientation discrimination; gays; lesbians; bisexuals; sexual orientation legislation, 28351

antistalking laws; legal definitions; stalking; offending; criminal justice; victims, 36542

applied developmental psychology; television effects; Children's Television Act; learning, 1000

assisted out patient treatment; mental patients; mental health treatment; coercion; law; involuntary psychiatric admission; Lanterman-Petris-Short act; California; Laura Law; legislative ambivalence, 6186

assisted suicide; human rights; legal issues, 34971

attitude change; patronage behaviors; smoke-free bar law; tobacco smoke; bars; behavior changes; bar patrons, 24125

autism screening; autism spectrum disorder; public school system; school personnel; professional training; screening process; legal issues; clinical issues, 26994

character evaluation; applicant morals; law, 33405

child custody; domestic violence; abusive parents; battered women; joint custody; father's rights; state laws, 9297

child psychiatric emergency department; legal issues; mental health professionals; emergency psychiatric hospitalization; laws; consent; civil liberties; confidentiality; mental health treatment, 5540

Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 991

Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 953

- Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1022
- Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 997
- Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 962
- Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1014
- Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks; media policy, 963
- college admission criteria; affirmative action; laws; minority groups; *Gutter v. Bollinger* Supreme Court ruling, 3098
- community coalition; prevention; policy changes; law changes; Drug and Alcohol Abuse Coalition, 2521
- completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 19615
- completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 19627
- completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 16481
- constructs; legal; psychiatric; psychological trauma; PTSD; posttraumatic stress disorder, 27223
- consumer markets; contractual unfairness law; policy making; differences; US; European Union, 33332
- default employment contract rules; human behavior; endowment effect; employee termination, 33421
- domestic violence; family values; legal system; patriarchy; tradition, 7959
- empowerment; public policy; Personal Responsibility and Work Opportunity Act; welfare; drug convictions; women, 20572
- eugenics; institutionalization; Illinois law; commitment law; psychologists role; intelligence testing; professional challenges; female professionals; mental testing; feeblemindedness; eugenics, 33413
- family law; mediation processes; child-focused approaches; parental separation; litigation, 33411
- family mediation; divorce; family law, 33445
- family; at risk population; parenting; parents; child protection; learning difficulties; child loss, 28922
- forensic psychiatrists; critical forensic psychiatry; marginal position; law; insider; emerging situation; mental illness patients; society, 6170
- government policy making; drug experimentation law; child experimental subjects; experimental ethics; morality; informed consent; risk; child health & welfare; US, 2679
- hate crime; victims; demographic characteristics; psychological theory; psychologically based defense strategies; attitude; motivation; intent; emotions; behavior; intergroup relations, 33437
- health information; Health Insurance Portability and Accountability Act; health care transactions; national standards; individual rights; protected health information; disclosure safeguards, 14043
- homophobia; legal rights; sexual minority; homosexuals; human rights; Alberta Canada; 1990s, 30325
- human trafficking; prostitution; Italian laws; government proposals; brothels; legalization; Nigerian women, 34536
- insanity defense; Andrea Yates case; legal responsibility; mental illness; insanity; insanity jurisprudence; psychiatrists, 6199
- international custody disputes; parents; children; comity; Islamic nations; United States; Islamic Shari'a law; child welfare; foreign decrees; child custody; jurisdiction, 14919
- law; cultural production; race; racialized systems; oppression; America; society structure; inequality; sociopolitical systems; racism; racist social structure, 13301
- legal traditions; mental health; jurisdictions; law; civil commitment; involuntary care; legal system; mentally ill, 14921
- managed care organizations; cost containment arrangements; patients; health care; Employee Retirement Income Security Act, 14365
- mediation processes; child-inclusive approach; divorce mediation; child consultant, 33443
- Mental Health Review Tribunal; learning difficulties; residential placement; learning disability; court of appeal; law; warrant execution; jurisdiction; mentally ill adults, 30314
- Mexican American families; ethical ambiguities; chronic conditions; professional commitment; health care systems; reform initiatives; welfare reform; child patients; immigration laws, 23518
- military suicide rates; antidepressant drugs; bullying laws; suicide prevention; suicide, 34937
- New Freedom Initiative; disabled individuals; deinstitutionalization; institution residents; intellectual disabilities; developmental disabilities; Americans With Disabilities Act, 29689
- New York law implementation; driver cell phone use; gender; age; vehicle type, 12369
- No Child Left Behind Act; deaf students; deaf education, 36068
- palliative care; euthanasia; medical practice; euthanasia law, 9291
- pragmatic psychology; forensic psychology; psychology-law; database systems; legal research; Psycholaw Lexis Proposal; case archive systems; databases, 14904
- prenatal drug exposure; neonatal drug addiction; Maryland law SB 512; child abuse or neglect; parental rights; hospital implementation; informed consent; practice implications; professional ethics, 31948
- prostitution laws; decriminalization; legalization; physical harms; emotional harms; social harms, 34544
- prostitution; sexual consumers; buyer legalization; male abuse of women; human trafficking; sexual exploitation, 34563
- psychiatric confinement; psychiatric discharge; professional liability; medical malpractice law; case law, 12394
- psychiatric practice; abortion; mental side effects; psychiatry, 8635
- psychology; crime; law, 27220
- public health crisis; injection drug use; harm reduction; supervised injection facilities; health promotion; international legal implications; implementation of trials; Canada; Australia, 2398
- refugee children; traumatic experiences; expert witness; legal issues; human rights, 6193
- religious organizations; human rights violations; public safety; Japanese Parliament; religious activities; victim prevention; Law on Religious Corporations, 1061
- religious terrorism; anthropological profile; causal profile; politics; criminal actus reus; international military; global assessment; law enforcement cooperation; theory; definitions, 16524
- request for euthanasia; clinical practice guideline; health care laws; ethics, 32972
- safety belts use; behavioral risk factors; primary laws; prevalence estimates; motor vehicle crashes, 24102
- same-sex marriage; feminism; legal strategy; civil partnership registration; same-sex couples; legal marriage rights, 30321
- same-sex marriage; social crisis; political crisis; economic crisis; lesbians; gay; legal marriage, 28357
- school counseling; educational reform; national academic standards; educational practice; pedagogy; The Educate America Act; National Standards for School Counseling Programs; No Child Left Behind Act, 32867
- sense of entitlement; law violation; legal disobedience; public vs private response; response to state authorities vs another person; moral reasoning; political orientation; attitudes toward the law, 3100
- sex offenders laws; judicial case; California; mental health evaluators; legal error; violent sex offenders; Sexually Violent Predators Act; (SVPA); judicial court; court decision, 6196
- sexual harassment; preventive measures; supervisors; working environment; employer liability; laws; zero tolerance policy, 27119
- sexual offences bill; under-age sex abetting; teenage pregnancies; paedophiles; vulnerable young people; legislation, law, 6169
- smoke free parks; smoking prevention; health effects; resolutions; laws, 17230
- social workers; law; legal system; therapeutic jurisprudence; legal environments; mental health law, 8924
- special education students; mild mental retardation; remedial curriculum; public law, 26977
- speed limit laws; highways; crash rate; injury; fatality; national maximum speed limit law repeal; urban areas; rural areas; trends, 30289
- state laws; prevention policies; school children; bullying, 4696
- Swedish laws; sexual services; prostitution prevention; human trafficking; zero tolerance; law, 34543
- treatment consent; children; law; mental health professionals, 35768
- violent criminals; offenders; dangerousness; lethal predators; sexual predation; sanity; civil commitment; laws; killing, 4758
- World Health Organization; antipsychiatry ideologues; mental disorders; laws, 29671
- Laws [See Also Abortion Laws, Disability Laws, Drug Laws, Gun Control Laws]—Books**

- Lawyers [See Attorneys]**
- Lead (Metal)—Serials**
- blood lead; bone lead; prenatal period; children; exposure; intelligence quotient; IQ, 11131
- cognitive deficits; adult rats; lead intoxication; regional specific inhibition; constitutive nitric oxide synthase; subchronic lead doses; hippocampal long-term potentiation; perforant path, 12999
- early developmental lead exposure; cocaine sensitivity; adulthood; self-administration; pregnancy; nursing; rats, 13048
- early lead exposure; neuropsychological outcome; adolescence, 19835
- intracellular signaling factors; lead; Sp1 DNA-binding; hippocampus; PKC; mitogen-activated protein kinase; rats; pheochromocytoma cells; nerve-growth factor; staurosporine; PD 98,059, 549
- lead stimulus; reflex stimulus modality; blink reflex; blink-eliciting stimulus; blink modulation, 18670
- Lead Poisoning—Serials**
- blood lead; bone lead; prenatal period; children; exposure; intelligence quotient; IQ, 11131
- environmental enrichment; spatial learning; gene expression; brain-derived neurotrophic factor; learning impairments; long-term cognitive deficit; molecular deficit; developmental lead exposure; rats, 3563
- heroin self-administration; rats; perinatal lead exposure; gestation; lactation, 27935
- neurological impairment; cognitive impairment; leaded gasoline encephalopathy; chronic gasoline abusers, 29099
- pediatric populations; pediatric blood lead surveillance program; health screening; Navy population; high risk children, 5477
- Leadership [See Also Leadership Qualities, Leadership Style, Transformational Leadership]—Serials**
- adult perceptions; chief executive officers; gender identity; organizational leadership attributes; masculinity, 23998
- age; leadership styles; leadership; manager behaviour; managers, 30170
- athletic coaches; preferred leadership; leadership behavior; gender; competition level; task dependence; task variability; student athlete preferences; interactions, 17907
- charismatic leadership; chief executive officers; upper echelons theory; firm performance, 33272
- Chief Executive Officers; managers characteristics; staff attitudes; humanistic approach; positive thinker; achievement orientation; self awareness; leadership, 27068
- citizenship behavior; team leadership; team commitment; perceived team support; team size; management teams; organizational change, 27106
- Colin Powell; leadership; transition; generals; admirals; military; executives, 6101
- collaboration; community leadership; African American community; action research, 26653
- community leaders; self contentedness; low-income communities; community psychology, 31498
- community leadership; education workshop; community building; South Africa; ethnic culture, 22142
- community organization; leadership; leaders; participatory leadership; organizations, 31510
- computerized content analysis; leadership research; leadership; linguistic basis; President Bush; rhetoric; media coverage; 9/11 attack; symbolic elements; contextual elements, 21954
- directive leadership; leadership; group decision support system; electronic groups; group process; problem structure, 12257
- effective school visioning strategy; school leaders; parents; teachers, 29935
- effectiveness of interventions; performance; knowledge; expertise; effectiveness; managerial leadership development programs; individual level; team level; group level; organizational level, 30156

- elementary schools; mathematics instruction; professional developers; leadership development; school administrators; leadership strategies; literacy instruction; academic subjects; literacy skills, 17620
- emergent leadership; group performance; group characteristics; group cohesion; group regulation; group outcomes; self-perception; group perceptions; ability groups, 31521
- emergent leadership; leaderless group discussion; evolutionary principles; intrasexually competitive situation; reward sensitivity; extroversion; personality; situational factors, 4445
- female leadership; female leaders; male leaders; resistance to change; status processes; institutionalization, 1138
- female leadership; psychosocial barriers; motivational gravity; Ghana; Tanzania; developing countries; business development; management, 19076
- firm performance; leadership; chief executive officer; shareholder value; compensation, 33228

Volume 91 SUBJECT INDEX

Leadership Style—Serials

autocratic leadership; leadership style; autocratic style; group membership; social dilemma, 10510
chief executive officers; professional motivations; professional consultation; management decision making; organizational finances; fraud, 14751
cognitive style; creative leadership; problem solving, 13479
contemporary management; German leadership; American literature; management theory; leadership theory; German organization, 6018
dualism; leadership; masculinity; feminism; gender differences; television; theoretical interpretation, 33254
educational administrators; administrator role; cultural leaders; community colleges; former presidents; community college presidents; leader personal identity; cultural relations, 17599
effective leadership; transformational leadership behavior; organizational outcomes; organizational change; leaders social context; peer leadership behavior; cynicism, 33253
female leadership; female leaders; male leaders; resistance to change; status processes; institutionalization, 1138
gender; instructional outcomes; leadership style; gender-instruction effectiveness; management by exception; student perceptions; contingent reward; management by exemption, 26973
globalization; control-commitment dilemma; bureaucratic control; managers; top management; governance strategies; leadership style, 27052
gunas; karma-yoga; transformational leadership; managers; subordinates, 2900
high self-monitors; leaders; small groups; low self-monitors; leader behavior, 7610
industrial organizations; industrial safety; managerial behavior; leadership styles; industrial personnel; safety climate; commitment, 6015
informal leadership; gender role; individual differences; network centrality; informal leadership emergence; organizations; manufacturing teams, 33286
intelligence; leadership; perceptual measures; stress level; leader directiveness; objective intelligence measures; cognitive resource theory, 23987
job satisfaction; leadership style; organizational commitment; organizational culture; Australian managers; Hong Kong managers, 27059
leadership behavior; subordinate well being; time frame, 17776
leadership behaviors; Consideration; Initiating Structure; follower satisfaction with leadership & job; motivation; leader effectiveness; validity, 12273
leadership behaviors; developing countries; leadership styles; corporate leadership; market economy; culture; Asia, 30167
leadership efficacy; anxiety; self efficacy; collective efficacy; task effectiveness; group performance, 1184
leadership model; the fit model; leadership style; personality type; managers perception; demographic characteristics; city managers, 36315
leadership practices; cross cultural differences; leadership concepts; leadership styles; leadership behaviors, 33273
leadership research; leadership cultural-specific; leadership cultural-universals; international context; cross cultural context, 33220
leadership research; leadership cultural-specific; leadership cultural-universals; international context; cross cultural context, 33227
leadership skills; team reflexivity; team performance; leadership development; training program; leadership learning, 33258
leadership style; employee groups; employee-leadership matching, 12276
leadership styles; Chinese chief executive officers; leader behavior; management models, 30174
leadership; leader effectiveness; leadership experience; stress conditions; job subordinate; subordinate experience; experience measures, 2909
leadership; managers; subordinate; organizational performance; authority delegation, 33271
ontology; Afrikaner leadership; Boer Rebellion; rebel leadership; patriarchy; industrialization; women roles; motivation; political changes; economic changes, 28189
organizational leadership; leadership models, 36374
participative leadership; relational demography variables; leadership, 7624
pastoral leadership; African American church; sociopolitical issues; political involvement; social programs; community involvement; transformational & transactional & laissez-faire leaders; outreach, 2933
propulsion model; creative leadership; leadership model, 34614
public sector; charismatic leadership; managers, 23986
reflective leadership; leadership qualities; metacognition; reflectiveness, 9085
reflective practitioner; good management practice; management theories; practice tensions; managers; management thinking; collaborative settings, 12272

self-sacrificial behavior; crisis situations; charismatic leaders; transformational leader; leadership theories; situational factors; leader behaviors; organization commitment; social perception, 31484
situation awareness; transformational leadership; leadership style; operational readiness; interpersonal influence; senior military officers, 33324
social dominance orientation; leadership tactics; authoritarianism; global consequences; Global Change Game; simulation; globalization, 13291
social dominance; leadership behavior; social movements; right-wing authoritarianism; political leadership; psychological motives, 13285
social interest; autobiographical memories; individual psychology; social fulfillment; Adlerian analysis; leadership style; M. L. King Jr, 31462
transformational leadership; transactional leadership; virtual environments; physical environments; face-to-face settings; leadership style; group settings, 4360
transformational leadership; vision; inspirational communication; intellectual stimulation; supportive leadership; personal recognition, 33263
urban environment; learning community; effective school leader; leadership practices; leadership patterns; teachers; staff; parents; elementary school students; academic achievement, 33146
violence prevention; urban children; leader behaviors; child responses; skill building; peers; behavior management; behavioral reinforcement; group dynamics; school-based project, 33209
Leadership Style—Chapters
Leadership in organizations, 6057
The role of leadership in safety, 2961
Learned Helplessness—Serials
behavioral depression; uncontrollable stress; serotonergic neurons; habitual physical activity; dorsal raphe nucleus; neurons; inhibitory autoreceptors; escape responding, 21588
cell proliferation; helpless behavior; learned helplessness; dentate gyrus; mood disorders; brain structure; hippocampus; rats; animal model; depression; neurogenesis, 3726
corticotropin-releasing hormone; dorsal raphe nucleus; serotonin; stress; learned helplessness; corticotropin-releasing hormone receptor, 9997
homocysteine; sex; stress; learned helplessness model of depression; estrous cycle; helpless behavior; male rats; female rats, 12960
motivational consequences; environmental stress; learned helplessness; learning difficulties; mistaken belief, 27187
partner abuse; learned helplessness; attributional style; trauma symptoms; battered women; women's shelter, 35001
pessimistic explanatory style; rate acceleration; increased anxiety; obtained scores; false feedback; basketball; anxiety; sports achievement, 2973
protein kinase A; stress; learned helplessness; phosphorylating enzyme; inescapable shock, 27725
rats; congenital learned helplessness; sucrose; activity deficits; learning deficits; major depression, 21922
serotonin transporter; anxiety; depression; antidepressant treatment; stress-related behaviors; serotonergic neuron function; mice; learned helplessness; animal models, 3670
student motivation; self-efficacy; self-worth; failure avoidance; learned helplessness; academic motivation, 33138
Learning [See Also Adult Learning, Animal Learning, Cognitive Hypothesis Testing, Conditioning, Cooperative Learning, Discrimination Learning, Experiential Learning, Extinction (Learning), Foreign Language Learning, Generalization (Learning), Generation Effect (Learning), Implicit Learning, Incidental Learning, Intentional Learning, Interference (Learning), Mastery Learning, Maze Learning, Mnemonic Learning, Nonverbal Learning, Observational Learning, Organizational Learning, Overlearning, Perceptual Motor Learning, Probability Learning, Rat Learning, Relearning, School Learning, Self-Regulated Learning, Sequential Learning, Serial Learning, Skill Learning, Social Learning, Spatial Learning, Spontaneous Recovery (Learning), State Dependent Learning, Transfer (Learning), Trial and Error Learning, Verbal Learning]—Serials
academic cognition; self-regulatory strategies; social cognition; academic self-efficacy; learning; bullying; victim; primary school children, 13145
academic self-concept; goal orientation; adolescence metacognition; student learning; mathematical self concept; self esteem, 9008
acetylcholine; human brain function; neuroimaging; cholinergic modulation; learning; memory; psychopharmacology; functional magnetic resonance imaging; positron emission tomography, 535
acetylcholine; olfactory perceptual learning; olfactory system; neural plasticity; cholinergic modulation, 15603

Learning—Serials

action research; work based learning; meta learning; pragmatic issues; workplace learning; student learning, 20826
active avoidance learning; ethanol diets; liquid diets; rats; water; sucrose; learning ability, 21830
active learning; class probability; class ranking; learning method; algorithm; Sampling-based learning method; uncertainty sampling, 30301
active learning; cognition, 29886
adult development; learning; skills; aging; attitudes; older workers, 18997
affective associative learning; sensory perception; nociceptive stimuli; participant awareness; affective perception; thermal stimuli; painful stimuli; aversive conditioning, 15191
age changes; attentional control; stimulus contingencies; children; young adults; visual attention task; forced choice identification; attentional focus; reaction time; accuracy; learning, 24935
age differences; infant category learning; stimulus features; familiarization; attention; cascade correlation, 24979
age of acquisition; words, 415
aging; causal contingency; contingency detection; causal learning; response outcome contingencies; age differences; response rate; response rate adaptation, 15972
Ahlsen's Image Model of Education; imagination; learning processes, 14623
AP-5; inhibitory avoidance; N-methyl-D-aspartate receptors; male rats; basolateral amygdala; learning, 9853
appetitive conditioning; rats; associative learning; computational comparator hypothesis, 33934
applied developmental psychology; television effects; Children's Television Act; learning, 1000
approximation algorithm; gradient ascent learning algorithm; maximum clique; Hopfield neural network, 265
aquariums; visitors; learning; prior knowledge; interest, 21368
artificial grammar classification; visual feature learning; exemplar specific knowledge, 18373
artificial grammar learning; cognitive implicit learning; classification judgments; information sources; knowledge of abstract rules; chunk strength; neural regions; neural activation; letter strings, 18590
artificial grammar learning; implicit memory; implicit learning; recollection; processing fluency; classification decisions; fluency heuristics; recognition decisions, 3357
associative learning; associative history; associative change; cues; human causal learning, 6607
associative learning; chimpanzee fetus; long-lasting memory; vibroacoustic stimulation; classical conditioning, 18455
associative learning; conditioned stimuli; predictive relationship; models, 27623
attention; perceptual grouping; visual statistical learning; visual shapes, 24379
attentional functions; attentional capacities; cortical cholinergic inputs; learning; memory, 621
auditory plasticity; tone sequence learning; scalp topography; source localization; mismatch negativity; neurophysiological response; auditory discrimination ability, 21502
Bayesian learning; missing data; independent component analysis; independent sources; gaussians, 9527
behavioral cusps; behavioral repertoires; cumulative-hierarchical learning; behavioral changes; human behavior development, 33658
binary multinomial processing tree models; cognitive processes; memory; recall; forgetting, 30723
biosocial factors; sexual orientation; neurocognitive functioning; cognitive performance; gender role learning; judgment; verbal fluency; perceptual speed; object location memory; early development, 27515
bootstrapping; language learning environment; intelligent language learning; target language, 17719
Braconid wasps; hymenopteran parasitoids; complex odor bouquets; associative learning; odor perception; parasitoid host location, 15377
brain activation dynamics; brain systems; anatomical & pharmacological dissociation; task difficulty; practice; mapping; elderly volunteers; scopolamine, sulpiride; methylphenidate; diazepam; learning, 3877
case-based reasoning; problem-based learning; medical schools; curriculum; cognitive processes; human reasoning process; teaching method, 12018
category knowledge; category learning; diagnostic information; classification learning; inference learning; classification learning, 9643
category learning; cognitive neuroscience; sensory neocortex; perceptual representation; lateral prefrontal structures; anterior prefrontal structures; neostriatum; category exemplar, 12851

- category learning; shape representations; dimensional perception; shape dimensions; visual perception; cognitive processing; categorization; visual processing; visual differentiation, 3295
- category learning; SUSTAIN; network model; surprising event; category construction, 18006
- category number; rule-based category learning; information-integration category learning, 9720
- causal reasoning; causal conditionalizing; contingency learning, 6603
- cerebral activation patterns; arithmetic learning; multiplication; training; hemispheric activation, 9906
- cerebral activity; predictors; learning performance; Parkinson disease; treatment effects; drug therapy; deep brain stimulation, 2285
- child learning; child functioning; cognitive variability; choice; strategic change; child development, 34296
- childhood learning; maths learning; science learning; education, 23760
- children; internet use; education; literacy; learning; research priorities; public concerns; pornography, 15910
- cholesterol; classical conditioning; rabbit; nictitating membrane; learning; memory; beta amyloid, 6983
- cholinergic regulation; memory systems; acetylcholine; amygdala; hippocampus; striatum; learning; memory, 565
- cholinesterase inhibitors; metrifonate; galanthamine; acetylcholine; CI-1017; learning; aging; rabbits; Alzheimer's disease; hippocampus, 526
- classical fear conditioning; auditory cues; memory enhancement; cortisone injections; learning; male rats, 9843
- clinical reasoning skills; problem-based learning; occupational therapy students, 32926
- cognitive ability; academic achievement; learning behaviors, 23898
- cognitive behavioural therapy; shared learning programme; outcome evaluation; brief training programme, 26287
- cognitive development; spatial problems; maturational constraints; learning experience; concrete operations; culture; implicit vs explicit theory; children; US vs Mexico; Piaget, 10194
- cognitive style; verbal learners; individual differences; visual learners; learning preference; cognitive ability; college students; spatial ability; general achievement, 2791
- collaborative competencies; interprofessional education; interprofessional collaboration; curriculum development; professional education; learning opportunities; teaching; 3P systems-form model, 35970
- college students; American colleges; postsecondary education; two-year college attendance; four-year college attendance; learning orientations; bachelor degree completion; student background, 17711
- college students; college major; interest; learning education words; business vocabulary words, 5900
- color perception; perceptual learning; language, 24394
- complex regularity; learned associations; human memory systems; medial temporal lobe; implicit learning task; basal ganglia; fMRI data; behavioral data, 21509
- computational model; cholinergic suppression; acetylcholine; olfactory cortex; previously strengthened synapses; information storage process; learning process; self-organized representations, 590
- computer simulations; cellular neural network; CNN; tabu search; template learning, 14873
- computer-based assessment; guessing; mark proportion; learning objectives; multiple choice assessments, 14978
- computers; learning; teaching process; student performance; secondary school students, 17647
- concept identification; informative tutoring feedback; task completion; information; motivation; task engagement; effort; persistence; performance satisfaction; self efficacy; achievement, 30729
- connectionism; attitude learning; positive and negative evaluations; computer simulation; asymmetry; false negative beliefs; false positive beliefs; approach; avoidance behavior; contingent feedback, 3090
- constructivist perspective; measurement strategies; developing strategies; strategy development; teaching experiment; cognitive processes; linear measurement; case studies, 12139
- context-dependent olfactory learning; *Gryllus bimaculatus*; crickets; odor preference; conditioned stimulus; unconditioned stimulus; illumination; dark; light conditions, 24570
- contextual conditioning; conditioned stimulus; learning; age-related differences; infant rats; adult rats, 9755
- contextual learning; theoretical knowledge; inserted question; scientific text; vocational students, 14649
- corticotropin releasing factor; hippocampal neuronal excitability; hippocampus dependent learning; neuronal excitability; associative learning; mice; intracellular signaling pathways, 12809
- culturalizing instruction; cultural diversity; African American students; inclusive learning, 5871
- declarative learning; motor procedural learning; subclinical obsessive-compulsive symptoms; executive functioning; spatial problem solving; cognitive procedural learning, 4662
- defensive copers; passive avoidance learning; self-deception; socialization; defensive coping strategies; high-anxious individuals; low-anxious individuals; feedback, 34714
- delayed feedback; academic testing; testing preparation; learning; immediate self corrective feedback; classroom examinations, 23878
- dense amnesia; cholinergic cells; learning; memory; primates; animal model; basal forebrain, 4989
- dentate gyrus; mammalian learning; stereotypical behavior; auditory conditioning; intertrial intervals; hippocampus; spatial behavior; memory, 3714
- development of navigational abilities; homing pigeons; confinement; wind screened aviary; flight experience; navigational map learning; unscreened aviary; Columba livia; orientation performance, 12727
- developmental psychobiology; synapses; circuits; learning; abstracts, 520
- DIAGNOSER; Internet; classroom instruction; assessment; learning; feedback; concepts; ideas; misconceptions; student responses; errors, 30503
- diagnostic process; attention-deficit hyperactivity disorder; educational underachievement; behavior problems; evaluation process; learning development; social development, 16536
- dictionary learning algorithms; dictionary elements; succinct expression; dictionary entries; algorithms; synthetic data; coding efficiency; sparse representations; FO-CUSS, 3256
- discourse; learning; organizational learning; social practices, 14777
- discovery learning; contingency adduction; textual responding; beginning reading program; phonics skills; sound-to-letter correspondence, 36124
- dissociation; episnet learning; perceptual learning; flavour aversion, 18460
- distinctive features; episodic memory; memory representations; university students; learning material; memory awareness; semantic memory; schematization development; students' knowledge, 14663
- dopaminergic neurons; L-DOPA; aversive learning; water escape task performance; memory; tyrosine hydroxylase gene; mice, 9827
- e-learning policies; practices; challenges; formal education; business management; technology; technology-enabled learning; information communications technology; ICT, 5881
- ecstasy; learning impairment; NMDA receptor; acute MDMA treatment; passive avoidance retention; memory consolidation; protein phosphatase; serotonin; rat hippocampus, 24835
- educational experiences; educational psychology; learning; motivation; cognitive psychology; performance; commitment; students; curriculum; Schoolwide Enrichment Model; academic potential, 23822
- educational opportunity; learning environment; effective learning; social aspects; World Wide Web; multimedia; Malay digital folklore; storytelling, 2727
- educational programs; talent development; at-risk students; gifted children; gifted programs; gifted students, 2855
- educational psychology; educational technology; edutainment software; learning; long term effects, 23820
- educational psychology; problem-based learning; sociocultural view of learning; specialized language; teachers; enculturation; jargon, 29940
- educational technology; program planning; learning programs; instructional program, 5853
- elaborative interrogation; knowledge construction; expository text; text reading; knowledge level; interest level; learning; recall; inference; coherence; strategic processing, 36130
- electronic technologies; secondary school classrooms; mathematics learning; pedagogical implications; teaching, 2739
- elementary in-service teachers; computer use; elementary classrooms; technology; learning, 12134
- emotion-based learning; card game; Iowa and Bangor Gambling Tasks; frontal lesions, 24419
- environmentally mediated synergy; perception; behavior; mobile robots; perceptual learning, 3300
- ESL students; ideological conflict; learning environment; English-as-a-second-language; ESL; classroom practices; educational theory; Canadian senior public school; language ideologies, 23915
- estrogen; associative memory formation; ovariectomized females; rats; ovarian hormone; learning; short term estrogen replacement, 27913
- expert study; philosophy; reading; learning to read, 36106
- familiarity; perirhinal cortex; temporal lobe; familiarity discrimination; recognition memory; Hebbian learning; anti-Hebbian learning; neurons; hippocampal region, 15483
- feedback specificity; learning; independent performance; initial performance; exploration strategies; practice; learning mechanisms, 15326
- flavor aversion learning; lithium chloride; reptiles; amphibians, 27629
- fluoxetine; diazepam; learning; predatory stress; recognition memory; mice, 9761
- gaussian mixture models; greedy learning; heuristic; algorithms, 3262
- gender differences; cognitive outcomes; influential factors, 20845
- gender differences; student attitudes; stereotypes; gendered performance; motor skills tasks; classroom active learning, 29995

 Aspergers syndrome; attention-deficit hyperactivity disorder; differential diagnosis; nonverbal learning disability, 28572
 assessment personnel; eligibility criteria; reasons; eligibility decisions; learning disabilities; language proficiency; environment; culture; lack of data; linguistically diverse learners, 29952
 brain plasticity; psychophysiological treatment; event-related brain potential; attention-deficit hyperactivity disorder; pre-frontal lobes; learning disability; topographic mapping; morphology, 28909
 children's learning; teachers' expectations; reading achievement; behavior problems; learning disabilities; Intelligence Quotient, 8078
 chromosomal deletion syndrome; learning disabilities; attention deficits; neurocognitive anomalies, 35215
 co-teaching; advocacy; special education; science; student outcomes; learning disabilities, 27000
 cognitive disabilities; powered wheelchair; preschool children; wakefulness; alertness; limb use; training, 17423
 cognitive speed; attention-deficit/hyperactivity disorder; learning disabilities; sluggish cognitive tempo; hyperactivity; impulsivity; symptoms, 35083
 color stimulation; handwriting performance; learning disabilities; attention deficit hyperactivity disorder; graphomotor control, 32001
 communication problems; autism; learning disability; central coherence theory; sense making; comorbidity; intentionality; symbol formation; cognitive style; communicative competence, 32008
 community based assessment; learning disabilities; chronic low level toxicants exposure; contextual risk factors; environmental risk factors; pollution sources; chemicals; lead; heavy metals; solvents, 4787
 community learning disability teams; caseload management; discharge procedures; team structures; decision making, 11844
 community-based services; evidence-based practices; community health services; intellectual disability, 23540
 comorbidity; autism; learning disability; dual diagnosis, 32016
 comorbidity; developmental coordination disorders; learning disabilities; attention-deficit/hyperactivity disorder; perceptual-motor dysfunction; severity; children, 4520
 constant time delay; interspersal of known items; teaching; sight words; mild mental retardation; learning disabilities, 12200
 counselor intervention; African American students; learning disabilities; school counselors; ethnically appropriate counseling; post-secondary planning, 36079
 cross-cultural working; community learning disabilities; clinical issues; cultural sensitivity; health care services, 35810
 disabled children; speech disorder; language disorder; childcare; Early Head Start, 23538
 disabled students; Australian schools; disability identification; disability definition; trends, 30077
 disabled; graduate student; learning disability; parents; teachers; therapists; coaches; disability pervasiveness; learning-disabled clients; natural tendency, 1718
 donepezil; rivastigmine; galantamine; memantine; treatment; dementia; Alzheimer's disease; down syndrome; intellectual disability; pharmacology; dementia management, 29368
 emotional or behavioral disorders; learning disabilities; academic difficulties; mathematics; lesson script deviations; effective instructional practices; Direct Instruction, 2828
 employment experiences; adults with learning disabilities; work environment; Canada; US; disability laws; employee attitudes, 28927
 environmental enrichment; spatial learning; gene expression; brain-derived neurotrophic factor; learning impairments; long-term cognitive deficit; molecular deficit; developmental lead exposure; rats, 3563
 environmental events; challenging behaviour; learning disabilities; lag sequential analysis, 19789
 epilepsy; intellectual disability; learning disability; concerns; family; paid carer, 16552
 epilepsy; learning disability; mental illness; behavioural disturbances, 22751
 familial cancer; developmental dyslexia; platelet-activating factor; aetiology; cell damage; tumorigenesis, 28939

family; at risk population; parenting; parents; child protection; learning difficulties; child loss, 28922
 forensic populations; learning disability; Psychopathy Checklist-Revised; PCL-R; offenders; reliability; validity, 21151
 friendships; dyads; play behaviors; mild disabilities; child perceptions; mental retardation; learning disabilities; elementary school students, 12179
 genetic disorders; learning disabilities; identification; treatment; reading disabilities; cognitive profiles, 28547
 genetic disorders; learning disabilities; Klinefelter Syndrome; Turner Syndrome; Neurofibromatosis Type 1; Duchenne Muscular Dystrophy; cognitive profile; education, 28548
 graphic organizers; reading comprehension; learning disabilities; cognitive maps; semantic organizers; framed outlines; visual displays, 19786
 group play/activity therapy; playrooms; learning disabled preadolescents; problem behavior; school-based intervention; humanistic principles; elementary students, 8420
 hippocampus; alpha-keto acids; maple syrup urine disease; learning deficits; rats; alpha-ketoglutaric acid; alpha-keto-beta-methylvaleric acid; alpha-ketoisovaleric acid; rat behavior; avoidance, 12962
 human rights; learning difficulties; Flemish Musketeers; politics of resistance; stories; beliefs & attitudes in disabling society; relational perspective; self-empowerment; power dynamics, 28935
 idioms comprehension; language-based learning disabilities; word meaning, 25978
 inclusive learning disability research; nondisabled researcher; learning difficulties; research projects; research roles, 28942
 intellectual disability; event recall; question types, 25970
 intellectually disabled individuals; treatment services; sex offenders; sexual offences, 35610
 IQ; special education; trends; mental retardation; learning disabilities; WISC; WISC-R; WISC-III, 9479
 language; learning disability; audience; ownership; authority; co-authorship, 22747
 learning deficits; dyslexia; identical complexity; artificial grammar; learning task; task complexity; stimulus format; attention, 35111
 learning difficulties; behavioral difficulties; microcephaly; undiagnosed maternal phenylketonuria, 35213
 learning difficulties; health improvement; intellectual disability, 29571
 learning difficulties; intellectual impairment; learning disabilities; development disability; mental retardation; disability studies & research, 28928
 learning difficulties; learning strategies; strategy learning; middle school students; middle school teachers; inclusion team content area teachers; special educators, 14698
 learning difficulties; leisure; support model; access model; sports participation, 4786
 learning difficulties; numeracy education; Australia; outcomes-based curriculum frameworks; teaching approaches, 12099
 learning difficulties; people-led research; research experiences; self-empowerment; rejection, 28940
 learning difficulties; social play behavior; young children; at risk population, 32028
 learning difficulties; supported employment; work environment; job training problems; impairment consequences, 5713
 learning disabilities experience; self-discovery; self-actualization; adaptation; adulthood, 28934
 learning disabilities; care planning; professional practice; health welfare, 17297
 learning disabilities; carers; parents; family life, 28921
 learning disabilities; contemporary schools; special education; effective instruction delivery; evidence-based practices; research-practice link, 26983
 learning disabilities; diagnostic approaches; definitions; legislation; psychiatric systems; diagnostic system; clinical judgment; discrepancy model; classification model, 32019
 learning disabilities; discrimination; prejudices; moral worth; social policy; legislative incompatibility, 28937
 learning disabilities; effective instruction; contemporary schools; student performance; educational personnel; role of science, 26981
 learning disabilities; effective instruction; contemporary schools; student performance; educational personnel; role of science, 26984
 learning disabilities; effective instruction; contemporary schools; student performance; educational personnel; role of science, 26997
 learning disabilities; employment self-efficacy; employment satisfaction; college graduates, 1710
 learning disabilities; group work; coping strategies; learning; loss; change; group facilitation issues, 28933

learning disabilities; male offenders; mixed-ability client group; high security setting; literacy skills; psycho-dynamic psychotherapy; art based therapy; literature; Biblio-therapy; Poetry Therapy, 28924

learning disabilities; mental retardation; group concept problem; stigma; social identity; group evaluations; social model of disability, 1723

learning disabilities; older adults; health needs; health care services; health problems; community support services; service satisfaction; care staff, 11759

learning disabilities; personal narratives, 25972

learning disabilities; principals' perceptions; teachers' perception; professional development, 35108

learning disabilities; psychiatric service; referral, 32660

learning disabilities; schools; intervention (RTI) model; research-based practices; specialized instruction; teachers; practices to 'scale' funding, 33188

learning disabilities; social competence; academic achievement; self-perception; inclusive classrooms; teachers; peers; elementary students; junior high school students; high school students, 1712

learning disabilities; special education; research; teaching; science into schooling; reading instruction, 26995

learning disabilities; special education; science; educational outcomes; social outcomes, 26980

learning disability; autism, 32009

learning disability; breast examination; care givers; abuse; cancer screening; carers, 29520

learning disability; labels; civil rights; inclusion; equality; learning patterns; educational & social systems; medical model; flexible curricula; diagnosis, 28930

learning disability; mental health; mental health disorders; psychiatry; diagnostic methods, 22748

learning disability; patient injuries; fall injury; care giver; court application, 28925

learning disabled; 19th century; North Wales; community care; Denbighshire; extended family care; female relatives; caregiving; idiots; challenging behavior, 5642

learning disabled; dementia development; carers; support groups; personality change; resident group work; dementia explanation; peers, 29145

learning-disabled brains; learning disabilities; neurophysiological correlates; brain morphology; development, 4785

levetiracetam; adult patients; learning disability; behavioral adverse effects; optimal antiepileptic drug treatment; drug tolerability; drug efficacy, 23220

mathematical disabilities; child development; ability level; learning strategies, 19788

mathematical learning difficulties; PASS cognitive processes; children; intervention; special education, 5943

mathematical problem-solving instruction; mathematics disability; at risk; third graders; reading disability, 30079

mathematics education; international perspectives; mathematics performance; learning disabilities, 12152

mathematics education; learning disabilities; Spain; math curriculum; teacher resources, 11090

mathematics learning disabilities; assignment perceptions; student attitudes; computation skill deficits; interspersal assignments, 27002

mathematics learning disabilities; Belgium; elementary schools, 11091

mathematics; academic diversity; Japan; teaching methods; learning disabilities, 12136

mathematics; learning disabilities; memory deficit; cognitive deficit; arithmetical competencies, 11092

medical professionalism; learning differences; medical students; reading impairment; accommodation; licensing exams; Supreme Court decision; Bartlett v. the New York State Board of Bar Examiners, 23688

medical students; learning differences; reading impairment; law; accommodation; medical licensing examinations; Supreme Court decision; Bartlett v. the New York State Board of Bar Examiners, 23703

Mental Health Review Tribunal; learning difficulties; residential placement; learning disability; court of appeal; law; warrant execution; jurisdiction; mentally ill adults, 30314

mental retardation; learning disabilities; adult outcomes; self-determination; high school graduation; special education; quality of life, 12215

motivational intervention; learning disabilities; cognitive processes; writing ability; instructional programs, 36216

music therapy; pre-verbal adults; nonverbal adults; learning disability; learning disabled; emotion; sounds; vocalization; parent-infant communication; instinctive strategies; interactive relationship, 28929

naming; literacy; word-finding difficulties; dyslexia; decoding and spelling abilities; phonological awareness; reading comprehension, 35110

neural plasticity; central auditory pathway plasticity; learning disability; attention deficit disorder; learning impaired children; auditory training; learning problems, 16548

neurocognitive deficits; vocational attainment; silent learning disorders; low self-esteem; normal aging; female personality development; workplace problems; parenting problems; anxiety; depression, 1707

neurodevelopmental characteristics; learning impairments; double-deficit hypothesis; reading; neuropsychological domains, 35115

Neurofibromatosis Type 1; nonverbal learning disabilities; genetic characteristics; physical characteristics; diagnosis; cognitive profile; educational intervention, 28546

neuroleptic malignant syndrome; learning disability; lifetime prevalence rate; neurological symptoms; psychiatric case studies, 1338

noncredible effort; complete reading; illiteracy; reading inhibition; color-word interference; acquired brain injury; executive function; color-naming response; neuropsychological assessment; failure, 18160

organisational simplification; health service provider; learning disabilities; primary health care, 23502

pain; pain management; learning disabilities; treatment challenges, 11651

personality characteristics; learning disabilities; emotional adjustment; social adjustment; maladaptive behavior; gender effect; primary school students, 35112

postsecondary education; learning disabilities; cognitive disabilities; intellectual disabilities; community colleges, 20875

preschool screening test; test validation; learning disabled; developmentally delayed, 9484

psychiatric services; learning disability; mental health services; specialist residential services; practice standards, 14385

psychometric properties; Sutter-Eyberg Student Behavior Inventory; rural elementary school children; adolescents; psychometric properties; learning disabilities; developmental delay, 14974

rapid cycling affective disorder; challenging behavior; mild learning disability, 32025

response cards; learning disabilities; English; second language; hand raising; academic responding; writing instruction class, 33183

response to treatment model; response to instruction; reading & learning disabilities; second-grade students; risk; reading problems; daily supplemental reading instruction, 2849

school administrators; learning disabilities; educational outcomes; school culture; leadership; special education, 26859

school leaders; special education; effective instruction; learning disabilities; school administrative support, 26858

season of birth; school achievement; specific learning disabilities; school retention; rates of diagnosis, 30083

secondary healthcare; learning disability; primary healthcare; hospitals, 23491

self-correction; spelling words; learning disabilities; attention deficit-hyperactivity disorder; spelling instruction, 28891

senior house officers; learning disability; learning disability psychiatry; trainee attitudes; emotional states, 32902

sexual abuse; psychological disturbances; learning disabilities; disabled people; mental health problems, 7765

sexual offenders; nonsexual offenders; intellectual disability; learning disabilities; personal characteristics; referral sources; mental health services; mental illness, 31669

significance testing; learning disabilities; effect size measures; social sciences, 3276

social status; learning disabilities; social perceptions; social cognition, 25976

socioeconomic status; special education; classification accuracy; mild learning problems; educational placement; identifying children; exceptional children; predictive validity; academic problems, 3234

socioemotional adjustment; academic adjustment; learning disorders; attachment based factors; teacher student relationships, 33177

Sotos syndrome; learning disabilities; behavioural problems; educational support; school placement; social networks; psychological counselling, 4776

speech development; mathematics learning disability; reading ability; speech skills; phonological awareness; phoneme awareness; rhyme awareness, 7390

speech patterns; vocalization patterns; boys; ADHD; dyslexia; learning disabilities, 10646

spelling problems; spelling performance; behavioral problems; retention test; spelling disabilities; spelling instruction; consonant clusters; low intelligence; Dutch students, 11098

sterilisation; learning disabilities, 32022

story-mapping; story-grammar; reading comprehension; elementary students; learning disabilities, 33179

student inclusion; inclusive education; learning disabilities; mainstreaming; general education classrooms, 26991

subcortical heterotopia; corpus callosum; dysgenesis; strabismus; craniofacial dysmorphism; eye abnormalities; growth mental retardation; learning disability, 13531

teacher perceptions; student perceptions; student effort; learning disabilities; strategy instruction; strategy use; classroom curriculum; academic difficulties; academic self-perception, 26899

teaching methods; curriculum; learning differences; reading skills; secondary schools, 26863

temporal lobe damage; Herpes simplex virus encephalitis; learning disabilities; brain anatomy; intellectual functioning, 29184

test anxiety; learning disabilities; personality profiles; emotionality; worry; college maladjustment, 35109

Test of Everyday Attention; visual selective attention; attentional switching; working memory; nondyslexic learning disability, 19787

testing assessments; students; learning disabilities; National Joint Committee on Learning Disabilities; learning outcomes; educational accountability; state assessment; school district assessment, 33185

Turner syndrome; genetic factors; hormonal factors; learning disability profile; neurobehavioral profile; brain development; brain function, 28569

Valuing People; Tony Blair; Joan Scott; Brian White; learning difficulties; Government agenda; personal perspective; learning disability services, 29685

verbal short-term memory; memory performance; vocabulary level; vocabulary acquisition; learning disability; development, 35107

visuospatial learning disability; arithmetic; numerical tasks; calculation tasks; knowledge, 1717

vocabulary instruction; learning disabilities; students; teaching methods, 17754

Willowbrook Futures Project; person-centered planning; processes; outcomes; intellectual disabilities; problem behavior; interdisciplinary service planning, 14414

word prediction; written communication skills; learning disabilities; handwriting problems; written work; computer word processing; occupational therapy intervention, 17460

working memory; counting knowledge; mathematical disability; arithmetic development; strategy choice; addition problems; learning disability, 25974

working memory; numerical information; mathematical disabilities and ability; cognitive impairment; children, 32026

writing disabilities; academic outcomes; assistive technology; junior high school students; word processing; learning disabilities; spelling; reading; sentence construction, 19785

Learning Disabilities [See Also Dyslexia]—Books

Creativity and collaborative learning: The practical guide to empowering students, teachers, and families (2nd ed.), 5946

Disability and the Black community, 4547

Learning Disorders [See Also Learning Disabilities, Reading Disabilities]—Serials

Carlisle Research Co-op: person-led research; self-advocacy movement; learning difficulty; labels; support roles, 28923

epilepsy; intellectual disability; learning disability; concerns; family; paid carer, 16552

Valuing People; Tony Blair; Joan Scott; Brian White; learning difficulties; Government agenda; personal perspective; learning disability services, 29685

Learning Disorders [See Also Learning Disabilities, Reading Disabilities]—Chapters

Dynamic assessment of the evolving cognitive functions in children, 1721

Learning Environment—Serials

classroom goal orientation; high school classrooms; teacher beliefs; classroom environments; teaching; learning; instructional practices, 29932

computer-mediated communication; collaboration; communication tools; sound social spaces; virtual learning environments; student interaction, 36119

Constructivist Learning Environment Survey; classroom learning environments; preservice teachers; inservice teachers; validity; reliability, 30494

distance education; educators; learning environment; educational programs; video conferencing; classroom environment; interactivity; postsecondary institutions; courses, 33091

experience; reinforcement learning environments; progressive difficulty; algorithm, 36507

information technology; communication technology; classroom practice; digital photography; software applications, 36138

internet; communication medium; education technology; learning environment; teaching methods; educational software; Web; educators; component architecture, 33067

- learning climates; intrinsic extrinsic goals; student learning; student performance; persistence; self-determination theory; autonomy-supportive manner; text material; college students, 30755
- mobile learning environment; wireless handheld network; constructivist environments; pedagogical practice; collaboration, 36148
- multimedia system; educational effectiveness; internet; computing; teaching material; learning environment; project management; Web-Enhanced Multimedia System for Project Management, 33087
- natural learning environments; learning opportunities; natural environments; childhood activities; Asset-Eased Context Matrix; learning contexts; contextually based assessment, 33147
- secondary school students; learning; lifelong learners; school assessment; metalearning, 29963
- self-regulated learning training; college students; learning; hypermedia, 36098
- urban environment; learning community; effective school leader; leadership practices; leadership patterns; teachers; staff; parents; elementary school students; academic achievement, 33146
- Learning Organizations** [See Organizational Learning]
- Learning Rate—Serials**
- hippocampal theta activity; acquisition rate; online brain-computer interface; classical conditioning; eyeblink trace conditioning; learning rate; hippocampal response; rabbits; hippocampal plasticity, 18452
- instructional time; student learning rate; academic treatment decisions; second graders; spelling; spelling interventions; traditional drill and practice; interspersal training; high-p sequencing, 12114
- learning processes; linear hypothesis; block average data; individual trials; statistical test; curve parameters; learning curve; learning rates, 9504
- orthography; German language; words; nonwords; connectionist learning models; reading development; whole-word approach; English language; cross-language learning rate; nonword decoding accuracy, 15958
- visuomotor association learning; visual discrimination; guanfacine; idazoxan; drug enhanced learning rate; drug interactions; monkeys, 10057
- Learning Schedules—Serials**
- human schedule performance; protocol analysis; silent dog methodology; verbal behavior; operant performance, 33844
- motor program learning; average knowledge; acquisition trials; R schedule; parameter learning, 6570
- Learning Strategies** [See Also Mnemonic Learning, Observational Learning, Social Learning, Trial and Error Learning]—Serials
- achievement goals; situational coping; inquiry learning; achievement goals; elementary school; social interaction, 30044
- adaptiveness; strategy choices; numerosity judgment; adults, 424
- arithmetic; age-related differences; strategy selection; five-rule effects; cognitive ability; judgments; young adults; elderly; arithmetic problem verification tasks, 30678
- basal ganglia; category learning; Parkinson's disease; memory; learning strategies, 32183
- boys; girls; cognitive strategy; video games; learning; gender differences; children, 18911
- case studies; teaching methods; abnormal psychology; learning tools; psychology education, 23815
- CD-ROM audio textbook; organizational strategy; history classes; academic performance; secondary-level content acquisition; secondary students, 2830
- child learning; child functioning; cognitive variability; choice; strategic change; child development, 34296
- cognitive learning principle; role acquisition strategies; professional actors; active learning device; active experiencing principle, 30731
- cognitive variables; learning oriented climate; physical activity intention; self-regulation; confidence-efficacy; attention-concentration; willingness to engage; strategy to use, 23908
- communication impairments; Autism spectrum disorders; learning opportunities; preschool classroom; print materials; experiences; writing technologies; natural literacy, 5942
- computer-assisted instruction; interactivity; web based learning system; distance education, 23800
- coping strategies; learning modalities; female graduate students, 2810
- differential reward outcome learning; conditional visual discriminations; neural mechanisms; learning strategies, 33851
- dorsal striatum; behavioral strategy; hippocampal cholinergic deafferentation; spatial learning; cue bias; learning strategy selection; acetylcholine level; neurotoxin; 192 IgG-saporin, 3874
- environmental print; reading development; nonliterate adults; cues; learning strategies, 2778
- epistemic cognition; student-centered learning, 33080
- errorless learning; false memory; memory performance; memory retrieval; learning strategies; evoked potentials; trial and error learning, 21739
- foreign language learning; student perceptions; learning strategies; student motivation; self-concept; academic achievement, 33162
- Goal Orientation and Learning Strategies Survey; test development; test validation; student motivation; cognitive strategies; metacognitive cognitive, 18178
- individual differences; spatial learning; neural correlates; spatial information preference; spatial skills; mental rotation ability; survey encoding information; route learning; map learning, 27571
- information and communications technology; skills; trainee teachers; learning strategies, 17609
- intervention implementation; intervention evaluation; classroom strategies; student engagement; sustained silent reading; school-based recreational reading; teacher modeling; third-graders, 12126
- iSTART: Interactive Strategy Training for Active Reading and Thinking; reading strategy training; comprehension; science texts; Web-based application, 33015
- language learning strategies; metacognitive strategies; disciplinary differences; strategy inventory; English students, 10109
- learner-centered instruction; foreign language teaching; second language teaching; learner development, 5870
- Learning and Study Strategies Inventory; factorial invariance; gender differences; ethnicity differences, 18185
- learning approaches; personality types; student development; style constructs, 30046
- learning concepts; complementary types of processing; material appropriate processing; elaboration, 26926
- learning difficulties; learning strategies; strategy learning; middle school students; middle school teachers; inclusion team content area teachers; special educators, 14698
- learning effect; word meanings; word list; word-learning method; meaning-inferred method; meaning-given method, 13194
- learning environment; college teachers; learning tools; electronic learning; teaching methods, 36128
- learning outcomes; monitoring device; teaching aid; learning aid; classroom realities, 12121
- learning strategies; student perceptions; course information construction; academic performance; college students; teaching format; self regulation; academic instruction; academic assessment, 17662
- learning strategies; study strategies; learning needs; business students; students characteristics; gender, 23890
- learning strategy; ovarian steroids; memory; estrogen; progesterone; female rats; estrous cycle, 27621
- learning; learning strategies; teaching strategies; active teaching; didactic teaching, 29985
- mathematical disabilities; child development; ability level; learning strategies, 19788
- mathematics pedagogy; English mathematics curriculum; teaching strategies; mathematical learning; cognitive processes; multisensory learning; self esteem; preschool students, 33070
- memory representations; developmental implications; inference generation; strategic processing; reading; comprehension; reader's flexibility, 21333
- memory strategies; performance; prospective memory task; e-mail; mobile phone, 15334
- metacognition; self-regulated learning constructs; academic monitoring; theory development, 33676
- nature of science; epistemological beliefs; scientific knowledge; natural selection; theory change; inquiry; learning; high school students; students' ideas; Biological Inquiry unit, 5931
- nutrition education needs; education intervention; racial groups; older adults; strategies; nutrition messages, 8673
- orbitofrontal cortex; obsessive compulsive disorder; clinical symptoms; cognitive performance; impaired organizational strategies; gray matter volume reduction, 16450
- pedagogical aids; student exam scores; undergraduate psychology students, 33123
- proximal learning; study time allocation; free choice; studying; item difficulty; learning strategies; discrepancy reduction model; time on task, 3396
- pure discovery learning; constructivist teaching methods; guided methods; conservation strategies; social constructivism; instructional method; problem solving rules, 12125
- questionnaires; academic disciplines; psychology; biology; learning style; study processes; academic disciplines, 23891
- Rasch measurement model; student attitudes; student behaviors; studying; learning; motivation; university students, 12543
- reading comprehension; instructional strategies; middle school teachers; sixth-grade students; teaching methods; lessons, 17666
- reading purpose; text processing strategies; topic knowledge; memorization; elaboration; high school students, 23869
- reading strategies; latent semantic analysis, 33132
- research; networked management learning; networked learning; management education; quantitative approaches; technology mediated learning; communication technology, 33250
- response latency; mental ability; mental strategy; cognitive aging; response accuracy; animal model; beagle dogs; aged dogs; young dogs; errors; learning strategies, 479
- Revised Approaches to Studying Inventory; psychometric properties; structure; management education; learning styles research; approach to learning; management undergraduate students, 33592
- school leavers; mature age students; academic performance; learning strategies; academic achievement, 20841
- science classrooms; shared perceptions; classroom learning environment; motivation; learning environment; achievement; high school, 5912
- second language vocabulary strategies; Hong Kong; English vocabulary; Cantonese speakers; academic vocabulary; word frequency, 12143
- self explanation reading training; reading strategy instruction; self-explanation; comprehension scores; logic; domain general knowledge, 24452
- Self-Regulation Empowerment Program; adolescent students; self-motivation; learning strategies; self-regulation, 23801
- size comparison; task repetition; strategy evaluation; geometric figures, 24991
- social learning strategies; imitation, 33932
- sport goal orientations; sport motivation; academic strategies; learning strategies; educational goals; student athletes; high school students, 23887
- strategic learning; primary math education; model construction; teaching strategy, 17681
- strategies; mental arithmetic calculation; written arithmetic calculation; grade school children; mathematics; cognitive functioning, 2790
- strategy acquisition; maintenance; gifted & nongifted young children; recall; clustering; study behaviors; age differences; intelligence differences, 2779
- strategy difficulty; strategy progression; initial training; mouse-based strategy; script-based strategy; order of introduction; editing task, 24520
- strategy; cognitive skill learning; memory-based performance; practice; item response; parallel strategy execution; retrieval; algorithm, 9676
- striatal dopamine activity; learning strategy; dopamine transporter; Parkinson's disease; problem-solving strategy; strategic learning, 22911
- studying examples; fading worked-out solutions steps; independent problem solving; self-explanation prompts; near & far transfer; instructional procedures, 2728
- subgoal learning approach; transfer; statistics; conceptually oriented equations; elaborations; studying; computationally oriented equations; solution procedures, 2776
- supervision; reciprocal learning; educational psychology; learning gains; learning process; supervisor learning; supervisee learning, 35967
- teacher educators; student-directed learning; learning strategies; teaching methods, 8992
- teacher perceptions; student perceptions; student effort; learning disabilities; strategy instruction; strategy use; classroom curriculum; academic difficulties; academic self-perception, 26899
- think-aloud protocols; language acquisition; number agreement; object pronouns; direct object, 9562
- university students; approach to learning; mathematics; learning mathematics, 14656
- working memory; mental arithmetic; cognitive processes; learning strategies; phonological disruption; visuospatial interference; age differences; children, 18930
- workplace learning; heavy workload; workplace climate questionnaires; physicians; Approaches to Work Questionnaire for Physicians; Workplace Climate Questionnaire for Physicians, 15113
- Learning Strategies** [See Also Mnemonic Learning, Observational Learning, Social Learning, Trial and Error Learning]—Chapters
- Contextual differences in Korean mother-child interactions: A study of scaffolding behaviors, 16050
- Explanations why? The role of explanations in answer to (assessment) problems, 23862
- A models and modeling perspective on problem solving, 23864
- Treatment of academic skills problems, 16993
- Vygotsky's doctrine of scientific concepts: Its role for contemporary education, 2803
- Learning Style** [See Cognitive Style]

Volume 91 SUBJECT INDEX

Learning Theory—Serials

Learning Theory—Serials

associative learning theory; experimental psychology; Pavlovian conditioning; associationism, 3394
behavior therapy; cognitive-behavior therapy; anxiety disorders; learning theory; treatment design methods, 35430
boosting; hard core set construction; computational complexity; computational learning theory, 12381
classroom teaching; student learning; pedagogy; theory-practice gap; educational research, 36063
cognition; classical conditioning; operant conditioning; mental representations; cognitive involvement, 18336
computer programming language; undergraduate college students; education students; learning theory; constructionist technology, 2730
conceptual complexity; conceptualization; multiagent model; learnability; concept learning; working memory, 18340
differential reinforcement; differential association; Ronald Akers social learning theory; smoking; imitation, 25232
emotional arousal; delay eyeblink condition; associative learning; physiological arousal; unconditioned stimulus; unconditioned response, 3845
familiarity; artificial grammar; classic mere exposure effect; structural mere exposure effect; implicit learning theory; aesthetics, 30534
learning process; professional education; educational psychology; reflective practitioner, 23776
learning theories; resource allocation; global search model; local adaptation model; expectations; history of past decisions vs most successful previous decision; decision making, 384
learning vector quantization; LVQ; neural gas; NG; single class; upper case; lower case; cursive character recognizer; CSR; data base training, 14877
mathematical learning theory; mathematical models; traumatic avoidance learning; learning; mathematical psychology; data sets, 30534
multilayer neural networks; learning model; algorithm; local minima escape; global convergence; exclusive or & parity problems; alphabetic characters & Arabic numerals learning; ionosphere data, 18008
observational learning; developmental psychopathology; psychosocial determinants; attachment theory; caregiving environments; action interpretation; learning strategies; infants; mentalization, 15950
Pavlovian conditioning; theoretical perspectives; empirical relationships; learning theories; theory testing; empirical laws; basic learning, 33921
psychology of learning; English-speaking countries; Pavlov, 3115
Rescorla-Wagner model; learning theory; Pavlovian conditioning; interactive simulation, 30013
sequential prediction; learning problems; on line learning; algorithms; game theory, 12376
voter turnout; collective action outcomes; stochastic learning theory, 22234
voter turnout; collective action outcomes; stochastic learning theory, 22235
workplace learning; organizational learning; local terrains; global terrains; clients; users, 36283
Learning Theory—Chapters
Psychological tools and mediated learning, 2804
The relations of learning and student social class: Toward re-socializing? sociocultural learning theory, 2807
Least Squares—Serials
EM algorithm; principal component analysis; PCA; isotropic noise; generalized least-squares; factor analysis, 3249
ordinary least squares progression estimator; heteroscedasticity; regression model; Type I error, 268
quantile averaging; response time analysis; Vincentizing; sampling properties; least squares regression; maximum likelihood method; standard errors, 24327
SAS macro; interindividual variability; longitudinal data analyses; individual growth curves, 12528
Lecture Method—Serials
cross-cultural course changes; traditional lecture course; contemporary course; bible-learning; video learning; experiential exercises; student attitudes; college students; minority groups, 2693
electronic voting system; lecture interactivity, 26891
electronic voting system; logic lectures; electronic handsets; students; television shows, 26911
faculty members; student perceptions; teaching; annoying teaching habits; disorganized teaching; talking too fast; monotone voice lecturing, 5866
Left Brain—Serials
agrammatism; Broca's area; event-related functional magnetic resonance imaging; grammaticality judgments; syntactic traces; Trace Deletion Hypothesis, 862
bilingual patient; positron emission tomography; language mapping; left posterior temporal cavernous angioma, 583

hemisphericity; left brain; sorting; higher education; career selection; line bisection; Best Hand Test; groups, 604
intravenous tissue plasminogen activator; slurred speech; left hemiparesis; intraarterial t-PA; case management, 26124
left brain damage; right brain damage; implicature; processing ability, 32154
lexical access; cerebral hemispheres; foveal information; letter string; visual field; hemisphere-specific effects; SERIOL model, 15224
mental illness; epilepsy; psychosis; left hemisphere dysfunction; schizophrenia; laterality; psychopathology; mania; hysteria; depression, 1343
mental illness; epilepsy; psychosis; left hemisphere dysfunction; schizophrenia; laterality; psychopathology; mania; hysteria; depression, 1325
motor cortex activation; action word production; words; representation; grammatical differences; conceptual differences; sensorimotor features; left primary motor cortex; word retrieval; nouns; verbs, 18648
neocortex; left planum temporale; right planum temporale; grey & white matter; secondary auditory cortex; cortical volume; cortical length; cortical thickness; speech processing, 9838
orthographic neighborhood; visual word recognition; visual field; lexical decision; recognition processes; split foveal theory; left hemisphere; right hemisphere, 15211
personality traits; cerebral hemispheres; visual field; self description process; linguistic process; affective tone; left hemisphere; right hemisphere; lateralization; verbal stimuli, 31567
prosodic structure; brain damage; prosodic information; syntactic disambiguation; left hemisphere; right hemisphere, 4966
PTSD symptoms; childhood cancer survivors; dopaminergic activity; traumatized mothers; brain hemisphere; turning biases; urinary DA levels, 1519
right hippocampus swelling; prolonged febrile seizure; left focal seizures; mesial temporal sclerosis; status epilepticus; temporal lobe; MTS, 16826

Left Brain—Chapters

Parallel systems for processing language: Hemispheric complementarity in the normal brain, 15612

Leg (Anatomy)—Serials

arousal response; leg movements; restless legs syndrome; RLS; nocturnal evolution; slow wave activity; electroencephalographic; RLS patients; sleep wake cycle, 16629
cognitive impairment; limb length; dementia patients; community residents; lower education; socioeconomic status; formal education; health status, 16785
human infants; sensory input; infant stepping; leg motion; knee flexor muscle torques, 21314
leg-coordination deficits; cerebellar gait ataxia; limb movements; normal bipedal walking, 22978
object exploration; young infants; feet; leg movements; motor behaviors, 15949
plastic change; motor cortex; leg function; peripheral nerve; brain stimulation; dual stimulation, 13911
pramipexole dose; restless legs syndrome; dopaminergic agents; levodopa, 26513
restless legs syndrome; lower extremities; dopamine agonist; limb phenomena; parkinsonism, 35634
restless legs syndrome; periodic limb movement disorder; neurological disorder; sleep disturbances; older adults; diagnosis, 26144

Legal Arrest—Serials

bipolar I disorder inmates; criminality; criminal arrest; criminal offending; illness factors; criminality; psychiatric treatment history; bipolar arrestees, 19394
blacks; whites; race; probability of arrest; offenders; National Incident-Based Reporting System; NIBRS; multivariate logistic regression, 3103
college students; drinking-related arrests; college towns; policies; high-risk drinking behaviors; gender; extra curricular activities; arrest prevalence; student characteristics, 32790
conflict theory; racial profiling; police traffic stop practices; racial factors; socioeconomic factors; arrest practices, 6215
criminal behavior patterns; postrelease offending patterns; paroled youth characteristics; arrest frequency; geographic characteristics, 22703
drug-crime nexus; drug use; arrests; nexus investigation; prevalence, 19725
parent characteristics; arrested parents; emotional problem; serious mental illness; child welfare services; mental health care; domestic violence; behavior problems; out-of-home care; substance abuse, 20575
pretrial detention; imprisonment decisions, 9315
racial disproportionality; arrest rates; incarceration rates; regional differences; regional variation; state prison admission, 5727
risk assessments; criminal record; sex offender; re-arrest; probability, 11037

Legal Decisions—Serials

Legal Confession—Serials

cognitive processes; memory distortions; false confessions; memory illusions; false memories; coercion, 30720
confessions; denials; personality factors; antisocial personality traits; criminal behavior, 16288
forensic psychology; psychological instrument development; social psychological model; witness credibility assessment; interviewing; false confessions, 21038
personality role; confessions; denials; antisocial personality traits; criminal behavior, 25349

Legal Decisions—Serials

Ipse Dixit' mislabeling; post-daubert approaches; expert clinical opinion; supreme court decisions; expert testimony admissibility; judicial determinations; forensic experts, 6171
Americans with Disabilities Act; ADA; Ella Williams; Toyota; disability determination; disabled claimants, 9300
anarchism; marriage; legal sanction; religious sanction; interpersonal relationships; anarchism feminist thought, 28256
assisted out patient treatment; mental patients; mental health treatment; coercion; law; involuntary psychiatric admission; Lanterman-Petris-Short act; California; Laura Law; legislative ambivalence, 6186
Brown v. Board of Education; racial decisions; segregation; desegregation; resegregation; supreme court eras; racial decisions; African American children, 36531
Brown v. Board of Education; school integration; equal educational opportunity; self-fulfilling prophecies; psychology role, 36533
Brown v. Board of Education; segregation; desegregation; Topeka Supreme Court Case; social science statement, 36526
Brown v. Board of Education; court decision; threats; sustainability; desegregation; social justice, 36528
Brown v. Board of Education; scientific attack; psychological knowledge; psychology & civil rights movement; psychological experts; psychology & society, 36529
Brown v. Board of Education; court decision; psychology, 36532
case; Atkins v. Virginia; execution; mental retardation; Eighth Amendment; cruel punishment; US Constitution; mentally retarded defendants, 9313
Child Abuse Potential Inventory; Parenting Stress Index; Parent Child Relationship Inventory; Bricklin Perceptual Scale; Daubert standard; parental capacity measures; validity; reliability, 30379
child sexual abuse cases; defendant race; mock jurors; child victims; jurors' decisions, 14926
Civil commitment; Wisconsin Supreme Court; informed choices; medication; mental illness; liberty rights; citizens; court decision; incompetence; treatment decisions; law, 6194
close reading; moral panic; trafficking victims; trafficking; migration; law; innocent protection; immigrant punishment; prostitution; undocumented workers; anxieties; gender distinction, 9304
cognitive impairments; financial competence; assessment; guardianship decisions, 12395
end-of-life decisions incidence; general practitioners; end-of-life decisions characteristics, 29922
ethics; psychotherapist-patient privilege; confidentiality; Jaffee v. Redmond; psychotherapy, 8966
evidence; argument skills; cognitive factors; juror reasoning; verdict choice; narrative explanation; legal testimony; evidence-based argument, 33415
Fairfax County Fire and Rescue Department; Randall Mottram; paramedic supervisor; posttraumatic stress disorder; PTSD; workers compensation claim; occupational disease, 9293
federal district court; decision making; religious expression; public forum, 33417
forced medication; criminal defendant; antipsychotic drugs; competence to stand trial; Second Circuit Court of Appeals, 9303
Fulmer v. Michigan Department of State Police; Michigan Sex Offender Registration Act; sex offender; public notification; Daniel Fulmer; plaintiff, 9301
funding accountability; public responsibility; court decisions; school funding; state obligation; educational inequalities; intergenerational responsibility; educational opportunity; schooling, 8983
informed consent; medical malpractice; supreme court; court rulings; psychiatrist; treatment risk; therapeutic privilege; negligence; psychiatric patients, 6191
insanity defense; Andrea Yates case; legal responsibility; mental illness; insanity; insanity jurisprudence; psychiatrists, 6199
judgement; expert advice; decision makers; psychological contract; monetary rewards; advice quality, 30688
judicial decision making; expert testimony reliability; judges; appellate court; scientific evidence reliability, 30315
legal case; Ring v. Arizona; death penalty; Arizona law; sixth amendment; supreme court; death decision, 9314

legal perspective; sexuality; lesbian; gay; social theories; organization; heteronormativity; workplace, 34569

medical professionalism; learning differences; medical students; reading impairment; accommodation; licensing exams; Supreme Court decision; *Bartlett v. the New York State Board of Bar Examiners*, 23688

medical students; learning differences; reading impairment; law; accommodation; medical licensing examinations; Supreme Court decision; *Bartlett v. the New York State Board of Bar Examiners*, 23703

personality disorder; parenting disorder; legal framework; personality disordered parents, 9283

psychiatric confinement; psychiatric discharge; professional liability; medical malpractice law; case law, 12394

psychotropic medication; pretrial detainee; Ninth Circuit Court; California; informed consent; medication prescription; Court ruling; *Benson case*; unconstitutional coercion, 6189

school security; student rights; suspicionless drug testing, 9302

sex offender; federal district court; double jeopardy clause; ex post facto clause; rights violation; *Antonio Montalvo*, 9294

sex offender; self-incrimination; prison inmates; sex offender treatment program; maximum security setting; *Warden McKune*; involuntary treatment, 9295

sex offenders laws; judicial case; California; mental health evaluators; legal error; violent sex offenders; Sexually Violent Predators Act; (SVPA); judicial court; court decision, 6196

supreme court; antisocial personality disorder; psychiatric diagnosis; sexual predator laws; preventive detention; predictive validity; mental abnormality; diagnostic systems; human rationality, 6202

visual gruesome evidence; verbal gruesome evidence; mock juror verdicts; jurors; decision-making, 33423

Legal Detention—Serials

mental health services; substance abuse service; youth detention center; *Mental Health Alcohol Tobacco and Other Drugs Service*; substance dependence services, 35911

pretrial detention; imprisonment decisions, 9315

psychotropic medication; pretrial detainee; Ninth Circuit Court; California; informed consent; medication prescription; Court ruling; *Benson case*; unconstitutional coercion, 6189

Legal Evidence [See Also Legal Testimony]—Serials

brain imaging limitations; courtroom; forensic psychiatry; imaging evidence; central nervous system disorders; disorder diagnosis; *Vincent Gigante case*, 9311

clothing cues; children identification accuracy; clothing bias; lineup identification, 27229

digital photographic evidence; adjudication; domestic violence; guilty pleas; convictions; sentence severity, 12405

evidence; argument skills; cognitive factors; juror reasoning; verdict choice; narrative explanation; legal testimony; evidence-based argument, 33415

expert testimony; battered woman syndrome; mock jury decisions; judgment; criminal evidence; batterer's threat, 21044

inadmissible evidence; terror management theory; mortality salience; nullification beliefs; judicial process; backfire effect; juror verdicts; terror management theory, 36520

judicial decision making; expert testimony reliability; judges; appellate court; scientific evidence reliability, 30315

pretrial publicity; prejudicial publicity; decision making; confirmation biases; negative pretrial publicity; predecisional distortion; guilty verdicts; evidence evaluation; mock jurors; juror bias, 27230

pretrial publicity; fraud case; trial evidence; verdict decisions; jurors; factual & affective/evaluative recall; reasoning, 9309

psychological testing; scientific principles; forensic psychological testing; evidence; expert testimony; legal standards; forensic experts; testimony admissibility, 14906

visual gruesome evidence; verbal gruesome evidence; mock juror verdicts; jurors; decision-making, 33423

Legal Evidence [See Also Legal Testimony]—Chapters

Expert evidence: The state of law in the Netherlands and the United States, 18036

Expert witnesses in Europe and the United States, 18015

Identification evidence in Germany and the United States: Common sense assumptions, empirical evidence, guidelines and juridical practices, 18035

Preventing bad psychological scientific evidence in the Netherlands and the United States, 18030

Legal Interrogation—Serials

child witnesses; professional intervention; abuse experiences; information acquisition; sexual abuse; police interviews; psychologists, 30330

courtroom questioning style; eyewitness confidence; eyewitness accuracy; observer perception; jurors perception, 18021

forensic hypnosis; memory facilitation; focused meditation technique; police investigations, 23338

forensic psychology; sex offender treatment; witness ethnicity; expert testimony; child witnesses; battered woman cases; interview approaches; youth antisocial behavior, 21042

Miranda rights; juvenile offenders; false confessions; capacity to confess; special education; IQ; age, 9306

police interviews; adult witnesses; interviewing strategies; police officers, 27237

police interviews; detecting deceit; police officers; suspects; accuracy rates; actual truths; perceived experience; cues, 12407

story-telling; sexual abuse; child abuse; investigative interviews, 16491

Legal Interrogation—Chapters

Adversarial influences on the interrogation of trial witnesses, 18014

'We will protect your wife and child, but only if you confess': Police interrogations in England and The Netherlands, 18039

reluctant partners; legislative intent; Latino college success; underrepresented minorities; college choice; problem definition, 36165

school psychology; personnel shortage; legislation; geographical region; school settings; public schools, 20684

voting patterns; national forces; public opinion; religious forces; local elections; state abortion initiative; morality politics; election timing; partisanship; Supreme Court rulings, 16190

Leisure Time—Serials

Alzheimers disease; leisure activities participation; Swedish twins, 19964

blood pressure; mood; work; leisure; overtime; job stress, 30194

chronic bronchitis; cause-specific mortality; leisure time physical activity; Whitehall study participants; baseline bronchitis status, 4838

collective identity; negative portrayal; urban residents; success story; Queen Anne Memorial Garden; urban decline; neighborhood revitalization; leisure activity; narratives, 2976

delinquency; leisure freedom; leisure motivation; leisure satisfaction; young offenders, 11053

early adolescence; naturally occurring changes; physical activity; depressive symptoms; leisure time, 25580

family life satisfaction; family leisure involvement; family life; parent perspective; recreation; child perspective; family structure, 2979

free time; motivation; self report measures; test development; test validity; Free Time Motivation Scale for Adolescents, 77

household expenditure; leisure; income elasticities; retirement; elderly household; purchase, 31282

learning difficulties; leisure; support model; access model; sports participation, 4786

leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1878
 leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1840
 leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1879
 leisure activities; personal development; social development; social identity; leisure stereotypes, 9158
 leisure activity; body mass index; physical activities, 9157
 leisure participation; adolescent leisure; family environment scale; leisure satisfaction; high school students; leisure activity; leisure needs, 25020
 leisure time; married individuals; single individuals; family interaction; social capital, 28245
 leisure time; total energy expenditure; double labeled water; basal metabolic rate; calorimetry; physical activities; Minnesota Leisure Time Activity Questionnaire, 6362
 leisure-time physical activity; LTPA; participants; Baltimore Longitudinal Study of Aging; sedentary lifestyle; sedentary adults; oxygen uptake; health-consciousness, 2978
 leisure-time; physical activity; cultural differences; Mexican-Americans; elderly attitudes, 10286
 leisure; cognition; intellectual activities; physical exercise; social activities; age rate; cognitive decline; younger adulthood, 24060
 low income level; human immunodeficiency virus infected population; leisure time activities; health outcomes; household functioning, 29057
 mastery beliefs; productive leisure activities; third age; education; volunteering; participation; personality traits, 10619
 mindful caregiving; happiness; multiple disabilities; leisure activities; mindfulness training, 19284
 motivation; physical activity; leisure time; youths, 25004
 physical activity; gender differences; older children; adolescents; organized sport; leisure time physical activity, 6079
 physical education; perceived locus of causality; perceived autonomy support; leisure time physical activity intentions & behavior; students; motivation; trans-contextual model; planned behavior, 2816
 time sampling; leisure time; work leisure relationship, 30115
 unprovoked epileptic seizure; leisure time; social activity; adult age; patients; leisure time activity; marital status; drivers license, 22968
Leiter Adult Intelligence Scale [See Intelligence Measurements]
Length of Stay [See Treatment Duration]
Lens (Eye)—Serials
 accommodation; age; presbyopic onset; monocular components; infrared optometer, 27465
Leptin—Serials
 estradiol; chronic variate stress; feeding behavior; sweet food; leptin; female rats, 3899
 genetics; leptin expression; baboons; gene; heredity, 6823
 hexarelin; slow-wave sleep; cortisol; prolactin; leptin; tumor necrosis factor; ghrelin growth hormone; hormone stimulation, 27883
 leptin; hunger; body weight; gender differences; tobacco smoking; smoking abstinence, 31447
 weight change; leptin change; risperidone; autism; developmental impact; temporal characteristics; drug dosage, 32460
Lesbian Parents [See Homosexual Parents]
Lesbianism—Serials
 active coping model; Black lesbians; Black Americans; psychosocial competence; individual factors; environmental factors; theoretical model, 31421
 activism; gay; lesbian; bisexual; transgender; media tools; activists, 28034
 adolescents; gays; lesbians; bisexuals; harm reduction; school environment; gender identity; at risk populations; mental disorders, 14631
 behavioral clinical psychology programs; doctoral training programs; sexual orientation; bisexuality; homosexuality; lesbianism; student perspectives, 12012
 biracial lesbian; bisexual women; multiple minority identities; sexual identity, 22165
 bisexual women; overweight; obesity; exercise frequency; lesbian women; attitude differences; ethnicity; cohabitation, 8700
 Black-White biracial lesbian; ethnic identity; sexual identity; racial oppression; gender oppression, 22137
 breast cancer; health behaviours; preventive health; health promotion; breast self-examination; BSE; lesbian healthcare behaviour; health risk factors, 5483
 brothers; sisters; lesbians; gay men; bisexuals; social change; social issues; sexual orientation; demographic comparison; methodology, 34567
 building community; lesbian; gay; bisexual; transsexuals; youth; social services, 28176

building community; rural settings; gay; lesbian; bisexual; transgender; youth & adult alliance; gay-straight alliance; community based program, 28361
 butch identity; gender description; butch-identified women, 25223
 butch-femme; gender studies; James Dean; masculinity; queer nation, 7580
 campus climate; student investigators; gays; lesbians; bisexuals; transgendered; self-perception; self-awareness; sexual identity, 36180
 Caucasian lesbians; career development; sexual identity; sexual orientation; sexual identity, 36270
 children; gay & lesbian parents; oedipal development; triangulation; triadic object relationships; adult sexuality; sexual orientation; conscience; inclusion; immutability; psychosexual development, 13233
 civil partnership; same-sex couples; marriage rights; civil union; lesbian partnership; gay partnership; partnership legislation, 28355
 counselor education; bisexual issues; information-based intervention; attitude-based interventions; counselor trainees; trainee attitudes; lesbians; gays, 35977
 daytime soap operas; homosexuality; gay characters; lesbian characters; Bianca Montgomery storyline; genre, 15888
 Dr. Nanette Gartrell; psychiatrists; patient sexual abuse; lesbian families, 20681
 drag; African clothing; homosexuality; cultural authenticity; attire; gay communities; lesbian communities, 34570
 equal marriage; lesbians; same-sex marriage; lesbian couples; gay couples; human rights; marriage rights; federal legislation, 28366
 family life; homosexual lifestyle; lesbian family; single parent mothers; gay parents; children of gay parents, 25154
 family therapists; lesbians; gay men; therapist attitude; training, 26793
 female homosexuality; psychoanalytic theory; female sexual response; social identities; feminist lesbian; women; social dynamics; emotional dynamics; psychosexual development, 1137
 feminism; internalized heterosexism; lesbians; bisexual women, 34531
 feminist theory; lesbian marriage; gay marriage; social inequality; social movement; human rights, 28326
 film; media; misrepresentation; queer; rhetoric; transgender; Boys Don't Cry; gender identity; sexuality, 7593
 gay & straight possible selves; goals; identity; subjective well-being; personality development; ego development; narratives, 34551
 gay adolescents; lesbian adolescents; loneliness, 7585
 gay congregation; lesbian congregation; social justice; communities; liberal church; advocacy; community affirmation, 28342
 gay marriage; lesbian marriage; intimate relationships; couples; marriage rights; partnership rights; international migration; immigration, 28338
 gay men; lesbians; mental health counselors; substance abuse problems; counseling; historical context; legal protection; gay community, 1144
 gay; lesbian; bisexual; transgender; equality; public policy; liberation, 28330
 gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5131
 gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5106
 health service; social services; gay population; lesbian population; bisexual population; rights; quality of life; social networks; health; well-being, 29670
 heterosexuality; feminism; monogamy; sexual freedom; gay; lesbian; bisexuals, 28339
 homophobia; gay; lesbian; homosexual; transsexual; community; educational value; learning environment; academic potential, 28333
 identity management; management strategies; lesbian employees; gay employees; heterosexual identity, 33275
 internalized heterosexism; lesbian; bisexual women; feminist dimensions; feminist identity development; feminist ideologies; feminism, 34534
 interviews; lesbian; gay; bisexual trainee teachers; sexual orientation; sexual attitudes; sexuality; gender; idealism, 36092
 legal perspective; sexuality; lesbian; gay; social theories; organization; heteronormativity; workplace, 34569
 legal recognition; same-sex ceremonies; equal rights; gay; lesbian; bisexualism; transgender; taxation; immigration; healthcare; same-sex marriage, 28349
 lesbian community; gay community; social mechanisms; legal mechanism; marriage; heterosexual feminists, 31306
 lesbian marriage; gay marriage; marriage rights; marriage responsibility; same-sex marriage; cohabitation; theoretical perspectives; political aspects, 28331
 lesbian mothers; openness; child awareness; donor insemination, 7559

lesbian parent families; family relations; research; kinship formation, 25118
 lesbian population; population estimation; healthcare needs; health problems, 16207
 lesbian shame; attachment styles; lesbian identity integration, 10428
 lesbian stories; sexual identity; social class; psychosocial health; interviewing; talk dynamics, 34557
 lesbian women; interpersonal relationships; social construct; HIV vulnerability; whites; sexually transmitted infection; community membership, 2330
 lesbian; gay youth; safe spaces; homophobia; community-based organizations; sexual orientation; youth development, 10426
 lesbians; homosexuality; sexual orientation; alcohol use; substance use; drinking patterns, 1147
 love; marriage; legal rights; same-sex couples; lesbians; gay; sexual orientation; commitment ceremony; homosexual relationship, 28328
 male to female transgender clients; social issues; psychological issues; gay male; lesbians; therapists, 29257
 movement; legislation; lesbian; gay; bisexual; transgender; community; lesbian rights; gay rights, 28182
 multiple jeopardy; gendered organization; lesbians; social movement organizations; oppressions; feminist intersectional theory, 24027
 organizing for change; gay rights; lesbian rights; bisexual rights; transgender rights, 28335
 Peruvian feminist lesbian group; lesbophobia; heterosexism; gay movement; social change, 28340
 psychosocial characteristics; demographic characteristics; personality characteristics; lesbian batterers; domestic violence, 10908
 psychotherapy; lesbians; gay men; mental health; life choices; therapists; social change; adult development, 29255
 public health; US Defense of Marriage Act; lesbian; bisexual women; suicidality; behavioral difficulties; psychiatric treatment; sexual orientation; female relationship status; same-sex marriages, 28350
 qualitative data analysis; theoretical ideas; qualitative study; thinking process, 21230
 race differences; ethnic differences; minority women; sexual orientation; lesbianism; sexual identity development; African Americans; lesbians of color; Latinas; Whites; identity disclosure, 31432
 relationship satisfaction; gay couples; heterosexuality; relationship dissolution; lesbian relationships; emotional qualities, 10420
 royal folk; gay experience; lesbianism; psychoanalysis; identification; sexuality, 31434
 same-sex marriage; social crisis; political crisis; economic crisis; lesbians; gay; legal marriage, 28357
 same-sex partnerships; Christian Church; cultural revolution; heterosexuality; choice family; friendship; lesbians; gay men; attitudes toward same sex marriages, 28365
 social justice; lesbian; gay; bisexual; transgenders; communities; civil rights, 30328
 symbolic beliefs; prior contact; heterosexual attitudes; lesbianism; lesbian women; homosexuality; gay men, 13383
 treatment counselor's attitudes; lesbian; gay; bisexual; transgendered; clients; urban settings; rural settings; counselor competence; homophobia, 23723
 women; self-injury; lesbian; bisexual; identity; sex role attitudes, 19580
Lesbianism—Books
 Lesbian identity and contemporary psychotherapy: A framework for clinical practice, 11394
 Psychological perspectives on lesbian, gay, and bisexual experiences (2nd ed.), 4279
Lesbianism—Chapters
 The close relationships of lesbians, gay men, and bisexuals, 4297
 Counseling issues for lesbian and bisexual women, 16972
 Explaining diversity in the development of same-sex sexuality among young women, 4283
 Lesbians and gay men in midlife, 4293
 Male and female homosexuality in heterosexual life, 5186
 Sapphic shadows: Challenging the silence in the study of sexuality, 4282
 Women's work: The practice of donor insemination amongst some lesbian women, 14236
Lesions [See Also Brain Lesions, Neural Lesions]—Serials
 central amygdaloid nucleus; gustatory neurons; rat; parabrachial nucleus; electrical stimulation; electrolytic lesion, 3779
 circadian rhythms; locomotor activity rhythm; eyestalk ablation; extraretinal photoreceptors; light dark cycles; constant darkness; freshwater crabs; Pseudophilopha americana, 9931
 dorsal striatum lesions; tone fear conditioning; contextual fear conditioning; lesioned rats; memory tasks, 12828

Volume 91 SUBJECT INDEX

Lesions—Serials

dorsal striatum; stimulus-response learning; neurotoxic lesions; dorsomedial striatum; dorsolateral striatum; discrimination task; rats, 21582

electrolytic lesions; ventral hippocampus; dorsal hippocampus; conditioned fear expression; inhibitory avoidance; elevated T-maze; anxiety; rats, 24715

exploratory behavior; Muscimol; developing rats; spatial open field test; wall-rearing; rearing, 3707

hemineglect; tonic inhibition; temporo-parieto-occipital lesion; brain; corticothalamic interaction; damaged cortex, 27715

hippocampal lesions; priming; nonassociative priming; visual stimulus orientation; visual stimuli; memory activation; excitotoxic hippocampal lesions; rats, 18588

human pulvinar contribution; unilateral pulvinar lesions; vision; action; square color; square size; selective attention; pulvinar damage; response competition; target location, 29105

inescapable shock; rats; escape latency; bed nucleus; stria terminalis; long-duration responses; unpredictable stressors; anxiety-like state; behavioral consequences; fear; chemical lesion; freezing, 18687

ipsilateral cerebellar dysfunction; unilateral cerebellar lesions; arm movements; bilateral cerebellar activation; unilateral cerebellar infarctions; contralateral hand; dysmetria, 16773

lesions; ventromedial prefrontal cortex; artery; object memory; object-location memory; patients, 629

locomotor recovery; spinal cord transection; nerve fibers; spontaneous recovery; spinal cord injury; spinal fibers; white matter; locomotion; adult rats, 9902

nucleus accumbens; lateral hypothalamic area; sexual behaviour; rats; lesions; copulation; noncontact erection; female preference, 33984

remifentanyl; hyperalgesia; freeze lesion; mechanical stimulation; electrical stimulation; pharmacodynamics; pain thresholds, 15770

reward; uncontrollable stress; serotonin; 5-HT; 8-OH-DPAT; electrolytic lesion, 13096

spatial memory; lesioning; mice; nemotoprotective activity; ergot alkaloids; agrolavin; learning; retention; spatial habit, 9956

telencephalic ablation; shoaling behavior; goldfish, 21691

time-course; striatal FosB-like immunoreactivity; prodynorphin mRNA expression; chronic cocaine treatment; chronic L-DOPA treatment; 6-hydroxydopamine lesioned rats, 12768

unilateral lesion; substantia nigra pars compacta; working memory impairment; rats; Parkinson's disease; striatal dopamine; methylphenyltetrahydropyridine, 34136

vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6955

vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6900

Lesson Plans—Serials

disabled children; lesson plan; disabilities, 29976

emotional or behavioral disorders; learning disabilities; academic difficulties; mathematics; lesson script deviations; effective instructional practices; Direct Instruction, 2828

English as a second language; meaning-focused lessons; linguistic, 30005

Lesson Plans—Chapters

Cooperative group lesson plans, 5891

Creating and supporting peer tutor partnerships: Lesson plans, 5895

Letters (Alphabet) [See Also Consonants, Vowels]—Serials

age of acquisition; lexical decision; letter detection; beginning readers; skilled readers; letter information; function words; content words; structural account hypothesis; phonological processes, 896

attentional blink; attention capture; target capture effects; target letters; distractor letters; serial visual presentation; rapid presentation; visual system; key target features, 21400

automated desymbolization; cognitive subfunction; language comprehension; graphemes; functional coordination deficit model; phonological decoding; disabled children; reading; letter reversals; dyslexia, 1708

automaticity; functional anatomy; invariant word recognition; letter binding; masked words; neuroimaging, 24384

Between the Lions; educational television; television program; literacy skills; kindergarten children; first graders; reading; phonemic awareness; letter sounds; reading risk status, 22038

children's knowledge; uppercase letters; lowercase letters; children's spelling; phonological bases; nonphonological knowledge, 31193

Chinese characters; instructional learning objects; instructional software design, 26895

choice set size effects; letter processing; word identification; readers; decision models; somewhat-efficient conditioning, 9678

compound letters; global processing; local processing; element heterogeneity; visual perception, 9590

computer based instruction; letter-sound correspondences; matching to sample; stimulus equivalence; children, 20812

declarative knowledge; procedural knowledge; word recognition; letter decoding; reading, 21953

dyslexia; word recognition; orthographic representations; reading acquisition; letters; reading development, 11094

early predictors; phonological memory; letter knowledge; rapid naming, 28069

empirical confusion matrices; tactual recognition; visual recognition, 30574

event related potentials; impaired reading; letter discrimination; form; rhyme, 1709

event-related potentials; word spellings; altered letter; case-altered forms; brain, 34065

filtered Fourier difference spectrum; psychophysical letter discrimination; peripheral retina; dissimilarity; prediction; peripheral vision; Snellen letter pairs; visual acuity, 18273

functional neuroanatomy; impaired reading; dyslexia; reading tasks; left inferior occipitotemporal cortex; word presentation; object-specific processing; letter-specific processing; letter strings, 28936

graphemic buffer disorder; dysphasic patient; spelling; spelling errors; letters, 20047

Hebrew; orthography; linguistics; letter processing; Arabic; hemispheric abilities; visual field, 9833

jumbled word effect; letter position coding; relative position priming; transposition priming, 27541

letter grouping; selective attention; buried words reading, 18285

letter knowledge; phonological awareness; reading skills; verbal ability; phonological memory; longitudinal study results, 30030

letter-name knowledge; letter sounds; graphemes; phonemes, 28086

letters; skilled typing; motor proficiency; keypresses; automatic activation; congruency effect; effector-dependent representations; spatial representations, 21319

meaning; alphanumeric-colour synaesthesia; digits; letters; colored ambiguous graphemes; stimulus context; color; photisms, 8345

mild depressive symptoms; verbal fluency; letter fluency; semantic fluency; older adults, 16413

mirrored stimuli; rotated mirror; event-related brain potential; delayed response; mental rotation; normal letter discriminations; mirror-reversed form, 18283

missing letter effect; letter-detection errors; reading; structural processing; eye movements, 33792

one missing letter effect; assessment methods; reading; target letters; function words; content words; frequency; rapid serial visual presentation; cognitive processes, 15299

processing time hypothesis; missing-letter effect; familiar words; word identification; letter identification; target letters; visual presentation, 3374

reading achievement; predictive measures; predictive accuracy; letter identification; phonological awareness; phonological memory; rapid automatized naming; time frame; kindergarten students, 215

reading difficulties; early intervention; kindergarten; prediction; reading skills; phonological awareness; letter sound knowledge; naming speed; letter name knowledge, 23889

repetition effects; visual recognition; letter presentation, 24504

saccadic system; motor plans; visual information; fixation position; scanning letter strings, 27471

selective activation; cognitive processing; letter recognition; letter processing; cortical regions; object recognition; fMRI, 15518

semantic fluency; verbal fluency; perseveration; categories; words; letter fluency; working memory; frontal lobe function; memory load, 9630

serial rapid naming; reading acquisition; phonological activation and recording; letter sounds; orthographic knowledge; naming speed; training effects, 31139

word spacing; letter spacing; reading books, 30042

Leucocytes [See Also Lymphocytes]—Serials

anorexia nervosa; leukocyte counts; manifestation factors; starving syndrome; microvascular changes; vascular acrosyndrom, 19814

antidepressant treatment; cytokine; treatment response; major depressive disorder; serotonin re-uptake inhibitors; tumor necrosis factor-alpha; immunological parameters; C-reactive proteins, 11566

clozapine; neutropenia; drug therapy; absolute neutrophil count, 20270

Levodopa—Serials

dexamethasone; mononuclear leukocytes; lysozyme inhibition; cortisol; glucocorticoid sensitivity; neuropsychiatric disorders, 4545

hostility; peripheral leukocyte counts; lymphocytes, 687

immunoreactive level; G protein; peripheral mononuclear cells; patients; anorexia nervosa; bulimia nervosa; mononuclear leukocytes, 13838

mice; leukocyte common antigen-related protein; tyrosine phosphatase; spatial learning impairment; hyperactivity, 34109

mononuclear leukocytes; post-traumatic stress disorder; glucocorticoid receptors; neuroendocrine systems; topiramate, 23307

neutropenia; intravenous immunoglobulin therapy; adult patients; neuroimmunologic disorders; drug doses; clinical aspects; white blood cells, 11663

neutrophil function; chemotaxis; free radicals; positive & negative symptoms; reactive oxygen species; superoxide production; bactericidal activity; phagocytosis; schizophrenia, 7898

serum creatine kinase; leukocytosis; psychotic episodes; neuroleptic malignant syndrome development; risk; lactate dehydrogenase; serum glutamic oxaloacetic transaminase; white blood cell count, 7877

Leucocytes [See Also Lymphocytes]—Chapters

Case study 1A. Sociality and disease risk: A comparative study of leukocyte counts in primates, 6767

Leukemias—Serials

academic deficit; acute lymphoblastic leukemia survivors; math weaknesses; math skills, 19912

bone marrow transplantation; hematopoietic stem cell transplantation; chronic myelogenous leukemia; pre-transplant predictors; survival, 35621

parental participation; informed consent; randomized clinical trials; childhood leukemia; physician communication; ethics, 33627

pediatric hematology; fathers' perspective; childhood acute lymphoblastic leukemia; coping behavior; emotional response, 35235

visual attention; long-term survivors; acute lymphoblastic leukemia; cranial radiation therapy, 20488

Leukocytes [See Leucocytes]

Leukotomy [See Psychosurgery]

Level of Functioning [See Ability Level]

Levodopa—Serials

adenosine receptor antagonist; istradefylline; motor fluctuations; peak-dose dyskinesias; levodopa-treated Parkinson's disease; drug safety; drug efficacy, 8622

brain activation; healthy age-matched controls; performance differences; medial premotor system; Parkinson's disease; decreased activation; disease rating; sensorimotor cortex; timing; synchronization, 4991

chemotherapy-induced parkinsonism; methotrexate; methotrexate monotherapy; levodopa; Parkinsonism, 35646

chronic L-Dopa; Schizophrenia; therapeutic implications; heuristic implications; dopamine precursor; levodopa; antipsychotic drugs, 17049

clozapine; levodopa-induced dyskinesias; Parkinson's disease, 29324

cognitive performance; motor performance; Parkinson's disease; associative learning; spatial working memory; visual working memory; L-Dopa therapy, 20362

cortico-motoneuron excitability; Parkinson's disease; levodopa; cortico-motoneuron abnormality; fatiguing exercise; repetitive isometric wrist extension; motor evoked potentials, 17058

donepezil; cognitive impairment; treatment; dementia; Parkinson's disease, 14158

folic acid; homocysteine; Parkinsonian patients; levodopa; risk factors; nervous system; adenosylmethionine; cognitive decline; dopa decarboxylase inhibitors; ischaemic heart; cerebrovascular disease, 17186

galantamine; donepezil; Alzheimers disease; ease of use; tolerability; cognition; activities of daily living, 14154

Huntington's disease; early onset; childhood; L-Dopa; drug therapy, 8321

hypokinetic behavior; rigidity; rotenone treated rats; Parkinson's disease; levodopa, 34132

L-Dopa medication; cognitive inflexibility; impulsivity; Parkinson's disease; patients; dopamine; dopaminergic medication; attentional functioning; socio-emotional functioning, 20463

L-Dopa-induced dyskinesias; motor fluctuations; sporadic Parkinson's disease; familial Parkinson's disease, 29163

L-DOPA; D-amphetamine; noradrenergic depletions; 6-hydroxydopamine; N-(2-chloroethyl)-N-ethyl-2-bromobenzyllamine; rats; Parkinson's disease; animal model, 31010

levodopa therapy; advanced idiopathic Parkinson's disease; response fluctuation; response fluctuation mechanisms, 2308

levodopa-induced dyskinesias; disease rating scale; parkinson disease; unified parkinson; dyskinesia, 35645

motor fluctuations; Parkinson's disease; side effects; drug tolerability; treatment efficacy; entacapone; catechol-O-methyltransferase; levodopa/dopa decarboxylase; drug dosages, 23390

noradrenergic drugs; levodopa-induced dyskinesia; Parkinson's disease; neurotransmitters; dyskinesia treatment; drug therapy, 11634

opioid antagonist; dopamine; parkinsonian monkeys; levodopa induced dyskinesias; naloxone; naltrexone; locomotor activity, 8300

parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11668

parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11632

parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 2323

Parkinson's disease; entacapone; levodopa; quality of life; safety; tolerance; adverse events; patients, 2164

Parkinson's disease; levodopa; bilateral subthalamic nucleus stimulation; parkinsonian symptoms; age, 17185

Parkinsonian medications; Parkinson disease; dementia, 8520

Parkinson's disease patients; levodopa; regional brain activation; motor sequence learning; Parkinson's disease; PD; PET imaging; dopaminergic therapy; motor function; cognition, 17162

Parkinson's disease; antiparkinsonian treatments; treatment efficacy; treatment safety; drug therapy; dopaminergic medications; side effects, 20483

pathogenic contribution; therapeutic potential; adenosine receptor-mediated mechanisms; Parkinson disease; levodopa-induced motor complications, 8606

pharmacokinetics; etilevodopa; carbidopa; drug administration methods; levodopa tablets; carbidopa tablets; fluctuating Parkinson's disease, 11638

pramipexole dose; restless legs syndrome; dopaminergic agents; levodopa, 26513

semantic activation; semantic priming; dopamine; levodopa, 9947

subthalamic nucleus stimulation; levodopa treatment; gait abnormalities; parkinson's disease; dyskinesias; gait parameter, 5117

Tourette syndrome; dopamine; levodopa; chronic tic disorder, 23245

treatment strategies; Parkinsonian brain; motor response; Parkinsonian patient; drugs; clinical aspect; pathophysiological aspect, 14034

treatment; Parkinson's disease; neurodegenerative disorder; levodopa; pharmacologic interventions nonpharmacologic interventions; dopamine antagonists; dopaminergic therapy, 14281

vitamin B; plasma homocysteine levels; coronary artery disease; plasma concentration; levodopa; hyperhomocysteinemia; folate; levodopa therapy, 5455

Levy Body Disease [See Dementia with Lewy Bodies]

Lexical Access [See Also Lexical Decision]—Serials

age of acquisition; language exposure; cerebral activation; lexical retrieval; bilinguals; Spanish; Catalan; fluency; word retrieval; verbal fluency, 644

aging; language production; words; older adults; tip-of-the-tongue states; speech production; retrieval; model; linguistic representations; phonology; orthography, 13147

allomorphic variation; Arabic; lexical processing; word patterns; priming; lexical representation; morphemes, 27974

anomia; self-generation; phonological cues; phonological access; oral reading strategies; naming treatment; chronic nonfluent aphasia; reading therapy; apraxia of speech, 17473

brain potential component N400; stimulus-response compatibility; task overlap; semantic activation, 30852

cognitive mediators; sex-related differences; mathematical abilities; mental rotation; lexical access, 9647

cognitive representation; lexical access; letter font; letter size; graphemes; phonemes; perceived word center, 15199

computer-mediated negotiated interaction; lexical acquisition; decision making, 34228

configurational asymmetry; lexical access; prefixed verbs; French, 28026

contextual influence; semantic knowledge; discourse context; lexical access; active memory; eye tracking; comprehension; world knowledge, 18856

developmental deep dyslexia; Williams syndrome; semantic errors; lexical access; phonology, 13880

dyslexia; number-word reading; event-related potentials; lexical access; semantic access; developmental reading problems, 9905

eating disorders; at risk individuals; lexical processing; fat related words, 4801

English words processing; Japanese university students; distracting word; inhibition; word categorization; ignored words, 34222

english-learning infants; word recognition; lexical items; accentual pattern; early lexical representation; prosodic aspects; segmental aspects; word-form recognition; phonological development, 18943

event related potentials; lexical identification; word recognition; listeners; mental lexicon; cross-modal word fragment priming, 24729

event-related potentials; aging; age-related changes; sensory processing; lexical processing; sentence processing; age differences; speech comprehension; language comprehension; sentences; words, 7459

Finnish speakers; aphasic speakers; word searching; syntactic construction; sequential construction; lexical elements; conversation, 26140

functional magnetic resonance imaging; native english speakers; superior temporal gyrus; inferior frontal gyrus; language functions; foreign language learning; lexical tone, 633

hemispheric differences; mediated priming; lexical representation; left hemisphere; right hemisphere, 6935

language processing; human brain; sentence comprehension; neural basis; syntactic processes; prefrontal cortex; lexico-semantic information; syntactic integration, 6591

lexical access processes; language production; grammatical category information; syntactic construction; noun phrase; picture word interference; word class effects; semantic processing, 18349

lexical access; bilingual speech production; language switching; proficient bilinguals, 27983

lexical access; cerebral hemispheres; foveal information; letter string; visual field; hemisphere-specific effects; SERIAL model, 15224

lexical access; frequency effect; serial comparison; verification procedure; search model; rank order; rank hypothesis, 27508

lexical access; phoneme segment retrieval; dual origin; single origin; aphasia; postlexical error mechanism; phonological errors, 20053

lexical competition; eye-tracking; non-native spoken-word recognition; Dutch listeners, 9622

lexical decision task; diffusion model; drift rate; signal-detection representation; word frequency; nonwords; models of lexical access, 9675

lexical development; genetics; environment; prelinguistic gestures; quadruplets; language delay, 31161

lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 346

lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 345

lexical processing; verbal short-term memory; verbal learning, 18390

lexical production; Williams syndrome; gesture; naming; children, 8082

lexical representations; sublexical representations; speech processing; spoken words; English; spoken word recognition; nonsense words; spoken word processing; language processing, 861

lexical retrieval problems; anomia; aphasia; phonological cueing treatment; semantic cueing treatment; words, 17475

lexical retrieval; second language writing; secondary students, 26909

lexical stress; stress priming; picture naming; speech production, 28015

lexical-semantic retention; speech production; aphasia; phrasal planning; short-term memory; brain damage, 32172

lexical-syntactic representations; word form representations; word production; lexical retrieval; Welsh speaking patient; aphasia; lexical access; grammatical gender; nouns; syntactic mediation, 8102

linguistic experience; hemispheric processing; lexical tone; hemispheric lateralization; Mandarin tone; bilinguals; Norwegian tone, 30884

linguistic production; lexical categories; French speaking children; cochlear implants; deafness, 8628

mental lexicon; morphology; grammar; nouns, 27976

naming; category concept generation; older adults; dementia; lexical access; word retrieval, 29129

naming; semantic representation; lexical access; bilinguals; language, 27987

neural systems; word retrieval; concept retrieval; temporal lobe; conceptual knowledge; brain lesions, 21566

omission errors; lexical access; computational models; picture naming; aphasic errors; language disorders; speech errors, 19969

orthographic knowledge; literacy acquisition; literacy instruction; spelling performance; French first graders, 13192

orthographically overlapping prime words; word fragment completion task; blocking prime; lexical retrieval; word finding; lexical competitor; aging; young adults; older adults, 923

percent word retrieval method; percent substantive verbs method; percent corrected error method; word retrieval analysis; aphasia; naming; description; conversation, 15133

perceptual specificity; priming; lexical components; compound words, 27504

phonological components; priming; tip-of-the-tongue resolution; phonological primes; words; letters; syllables; phonemes, 18309

phonological priming; tip-of-the-tongue states; short-term plasticity; word retrieval; caffeine, 21962

phonotactic probability; neighborhood density; speech production; lexical representation; onset density; picture naming tasks, 12680

physical auditory information; lexical auditory information; physiological studies; processing hypothesis; language specificity; lexical categories; positive potential; brain potentials, 3340

pitch; lexical identification; spoken word recognition; ERPs, 27730

pre-attentive auditory processing; lexicality; event-related potentials; auditory sensory memory; speech comprehension; language familiarity, 9657

priming; auditory comprehension; aphasia; neutral lexical probes, 29192

proper names; lexical categories; storybook reading; familiar objects; inanimate object; parental speech; native language; word learning; reading task; parental speech; mothers; 4 yr olds, 911

prosody; lexical embedding; speech comprehension, 4054

redintegration; lexicality; children; memory task; rhyme; phonology; complex task demands, 30743

reduced word forms; word processing; suffix restoration effect; mental lexicon; phonology; orthography, 27999

schizophrenia; lexical competition; word identification; schizophrenia symptoms; thought disorder; spoken words, 22566

semantic facilitation; lexical representations; language production; lexical access; phonology, 31059

semantic memory; verbal working memory; event-related brain potential; homographs; comprehension errors; lexical access; lexical selection; lexical integration; language, 24516

semantic representation; semantic illusions; lexical processing; literality; sentences; lexical access; interpretation based processing; metaphor comprehension, 18855

sex differences; lexical access; lexical store size; semantic fluency; category fluency; fluency consistency; semantic categories, 9664

sign language lexicography; word definitions; meaning explanations; frame roles; structured background information; sign lexicographers; ASL corpus; ASL dictionary; meaning descriptions; frame-setting, 15857

spanish-english bilinguals; phonological similarity; spoken word recognition; bilingual lexical activation; acoustic-phonetic information, 24402

spoken language comprehension; continuous mapping; thematic constraints; semantic constraints; contextual effects; constraining verb condition; subject noun phrase; Dutch constructions, 13118

sublexical representations; visual word recognition; perceptual process; long-term memory, 33779

syntactic priming effects; lexical items; picture description, 34279

tip-of-the-tongue states; cognates; noncognates; translation effects; Spanish-English bilinguals; Tagalog-English bilinguals, 9651

type-token ratio method; number of different words method; D method; productive vocabulary measurement; nonfluent aphasia; fluent aphasia; conversation; picture description; lexical diversity, 15144

verb deficits; Alzheimer's disease; agrammatic aphasia; lexical organization, 11267

verb; noun; Italian; lexical processing; aphasia; words, 20024

verbal fluency; word retrieval; semantics; lexical processes; semantic organization; brain lesions; cognitive processes; frontal lobe; priming, 9681

visual analysis; phonological processing; lexicon; right homonymous hemianopia; adult readers; phonological stage; dyslexia; anomia; grapheme-phoneme conversion, 857

word recognition; listening preferences; lexical processing; spoken word; speech affect, 31184

word repetition; discourse context; lexical repetition; language processing; coreferential processing; repeated names; event-related potentials, 24710

Lexical Access [See Also Lexical Decision]—Chapters

Expressing meaning: From communicative intent to building a lexicon, 23068

Lexical Decision—Serials

abstract morphemes; lexical representation; Arabic language; auditory priming: CV-Skeleton, 24872
age differences; stress pattern; phonetic identification; metrical structure influence; speech perception; lexical stress; aging; word stress; language, 4028
age of acquisition; lexical decision; letter detection; beginning readers; skilled readers; letter information; function words; content words; structural account hypothesis; phonological processes, 896
age-of-acquisition effects; native speakers; second language learners; lexical decision; English speakers; Dutch speakers; reading age; language development effect, 18905
age-related decline; cognitive ability; test words; lexical decisions; emotion words; tone of voice; arousal words; font color, 33841
anxious responding; mental arithmetic; lexical decision; performance, 9655
audiovisual speech perception; visually influenced response; lexical status; McGurk effect; visual signal; phonemes; auditory signal; lexical influences; response time; auditory speech, 21303
auditory lexical decision task; orthographic representations; letter-by-letter reading; orthographic information; phonological similarity; auditory lexical access; auditory presentation, 1711
auditory lexical decision; categorical perception; frequency modulation direction discrimination; left auditory cortex; right auditory cortex; lateralization; word recognition, 6970
auditory lexical decision; specific language impairment; receptive language ability, 19828
behavior; brain damage; self-organization; aphasic patients; naming; lexical decision, 29102
category size effect; semantic categorization decision; masked priming effects; word frequency, 27990
causation; causal models; lexical semantics; verbs, 4062
children; word decoding skill; lexical decision task; oral reading; second grade students; test validity; test reliability, 27288
concrete words; abstract words; dual-coding theory; word recognition; visual word processing; lexical decision task; brain; right hemisphere, 6885
connectionist model; lexical processing; token effects; type effects; Dutch past-tense formation; final devoicing; verbs, 27985
control of time course of cognition; tempo naming task; lexical processing; cognitive processing speed; lexical errors; time pressure; task complexity, 33805
developmental differences; lexical processing; functional magnetic resonance imaging; neuroanatomy; orthography; phonology; semantics; audio & visual presentation, 358
developmental dyslexia; reading speed; lexical processing; reading program, 29759
diffusion model account; aphasics; dyslexics; reading impairments; lexical decision task; word naming performance, 25979
emotion; memory; attention; taboo Stroop; lexical decision; immediate memory tasks, 30679
emotional Stroop effect; cognitive slowing; reading; lexical decision; color naming; stimulus salience, 30573
event related potentials; conscious & unconscious semantic priming; lexical decision; stimulus onset asynchrony; N400, 7072
executive dysfunction; word naming performance; Alzheimer dementia; word reading performance; lexical-semantic impairment, 29103
explicit memory tasks; lexical processing; target stimulus; implicit memory tasks; shallow encoding; implicit tests; encoding tasks, 18344
functional hemispheric asymmetry; tinnitus patients; language asymmetry; word dichotic listening; lexical decision tasks, 20082
hemispheric activation patterns; cerebral hemispheres; lexical decision; phonological priming; orthographic priming; stimulus similarity; left visual field; right visual field, 9854
hemispheric asymmetry; visual fields; multiple priming; convergent & divergent semantic priming; lexical ambiguity; lexical decision; semantic judgment, 6884
hemispheric dominance; lexical decision task; auditory event related brain potentials; auditory stimuli; language processing; auditory stimuli; active brain voxels, 6989
hemispheric specialization; hemispheric independence; hemispheric interaction; word recognition; lexical decision; cognitive theories; neural network models, 24717
hemispheric suppression; lexical decision; visual field; inhibitory-interaction hypothesis; hemispheric functional imbalance, 24466
lateralized lexical decision; schizophrenia; hemispheric specialization; interhemispheric lexicality priming; word recognition, 7889

left visual field; lexical decision accuracy; nonverbal auditory stimulation; lateral dominance, 9686
lexical activation; lexical frequency; phototactic probability; lexical decision, 28022
lexical competition; phonological priming; phonological match; phonological mismatch; primes; targets; phonemes, 18320
lexical decision task; diffusion model; drift rate; signal-detection representation; word frequency; nonwords; models of lexical access, 9675
lexical decision; aging; response time; diffusion model analysis; response accuracy, 25106
lexical decision; corticulatory cues; explicit speech segmentation; word stress; cross-modal fragment priming; auditory primes; speech fragment, 15257
lexical decision; cross-modal priming; auditory priming; visual priming; regular verbs; irregular verbs; morphemic markers, 24476
lexical decision; decision process; evidence accumulation; words; lexical processing; models; REM-LD; retrieving effectively from memory-lexical decision, 27524
lexical decision; hemispheric division of labor; error monitoring; hemispheric specialization; cognitive load, 24680
lexical decision; perceptual information; explicit recognition; repetition priming; semantic priming; associated words; false memory, 24451
lexical decision; semantic priming; verbal humor; joke understanding; meaning activation; initial meaning; intended meaning, 6597
lexical decision; skilled readers; developmental dyslexia; naming latency; length effect; syllables, 24440
lexical decision; spoken word recognition; priming; recognition point, 9636
lexical orthographic processing; phonological processing; word recognition, 6589
lexical performance; cerebral activation patterns; electrical activity; visual stimuli; auditory stimuli; word judgment; brain, 641
lexical processing speed; regularity effect; word frequency, 18878
lexical richness; bilinguals; spontaneous speech, 4032
magnetic resonance imaging; fMRI; Japanese Kana orthography; visual familiarity; words; phonological encoding; silent articulation; phonological lexical decision, 24682
masked repetition; phonological priming; lexical decision latencies; auditory vs visual presentation; pseudohomophones; orthographic priming; cross-modal priming, 417
masked translation priming; semantic priming; bilingual lexical processing; bilingual lexicon; lexical decision; semantic categorization, 24876
mental lexicons; taxonomic organization; deaf students; hearing students; lexical organization; word knowledge; world knowledge; literacy skills, 35347
mental representation; radicals; Chinese characters; priming; low-frequency targets, 12635
morphological analysis; brain-injured; semantic errors; reading errors; lexical comprehension, 32168
morphological decomposition; reverse base frequency effect; word recognition, 24473
morphological family frequency; M350 inhibition; magnetoencephalographic response time; lexical processing; lexical frequency; facilitory effect; root-affix competition; family size; neural correlates, 15670
narrative texts; lexical decision; sentence expression; reading ability; text comprehension; predictive inference; deductive inference, 33778
nonword repetition priming; lexical decision; memory trace storage; speed stress; study task; performance; retrieval, 9696
noun-noun compounds; relational priming; repetition priming; lexical decision; words, 27991
orthographic priming; lexical decision; letter position; neighborhood distribution, 30680
phonological features; spoken word recognition; written word recognition; phonological stability; auditory lexical decision, 27988
phonological influences; distinct cortical areas; connectionist models; behavioral studies; neural correlates; lexicality effect; occipital cortex; letter string length; reading; orthography, 635
phonological neighborhood; visual word perception; visual lexical decision, 33842
phonological priming effects; individual differences; lexical decision task; word meaning; perceptual skill; phonological skill, 27994
phonological processing; pseudohomophones; developmental language disabilities; language processing deficits; lexical decision; semantic priming, 8095
Portuguese gender-inflected words; mental lexicon; nouns; adjectives; grammatical gender; lexical access; word recognition, 27982
preview eccentricity; lexical decision task; eye movements; lexical decision time; nonwords; words, 30667
psychoanalytic interpretations; conversation analysis; patients experience; lexical choice; psychoanalysis, 32403

pure alexia; letter-by-letter reading; covert reading; lexical decision; semantic categorization; Stroop interference, 20021
rapid automatized naming; lexical decision; letter-string reading measures; sight vocabulary; phonetic decoding; visual word recognition, 27525
repetition blindness; nonwords; lexical decision; cognitive processes; word recognition; mental types activation; sublexical level; word-nonword pairs; identical repetitions; word encoding, 15287
schizophrenia; lexical competition; word identification; schizophrenia symptoms; thought disorder; spoken words, 22566
second language experience; vocabulary skill; priming; strongly associated words; weakly associated words; lexical decisions, 24426
semantic ambiguity; word recognition; lexical decision performance; lexical ambiguity; lexical decision; connectionist networks, 21037
semantic decision making; neural correlates; early Alzheimer's disease, 9881
semantic dementia; word recognition; object recognition; lexical decision; object decision; typicality; familiarity, 20045
semantic priming; automaticity; lexical decision; prime display, 366
semantic priming; lexical decision; brain activity; event-related potential; words, 7069
semantic processing; interhemispheric transfer; lexical decision; visual field; word association; semantic priming; stimulus onset, 9846
semantic transparency; morphological processing; lexical decision making; morpheme, 27989
sentence recall; delayed recall; immediate recall; visually presented sentences; lure intrusion effect; phonological information; surface information; acoustic-sensory information; lexical priming, 24513
situation-evoking stimuli; domain of reference; resolution of lexical ambiguity; reading; word ambiguity, 18365
speed-accuracy trade-off locus; reaction time; lateral readiness potential; speeded decision; Erikson flanker task; line discrimination; lexical decision; response deadline; adaptive tracking; stress, 21343
speeded naming; visual word naming; lexical decision; visual word recognition; young adults; older adults; phonological features; semantic variables; words; lexical variables, 21325
sublexical processing; visual word recognition; Chinese characters; repetition blindness, 9693
syllable frequency; word recognition; visual word recognition; syllabic structure; polysyllabic words, 33783
syllable information; silent reading; eye movements; phonological processes; sublexical information, 33774
thematic integration processes; cognitive deficits; Broca's aphasia; Wernicke's aphasia; priming; syntax; semantics; pragmatics; lexical decision, 11282
verbal processing; alcohol intoxication; prelexical aspects; semantic aspects; mnemonic aspects; central physiologic systems; autonomic physiologic systems, 34167
visual lexical decision; vowel duration; visual word identification; lexical phonology, 10103
visual word recognition; lexical decision; homophonic words; homophones, 30665
visual word recognition; syllables; phonology, 33775
vowels; second language; Italian; foreign language learning, 15858
word frequency effect; information processing strategies; right cerebral hemisphere; visual field; hemispheric asymmetries; visual word recognition; lexical decisions, 9687
word meaning; lexical decision; pseudowords; familiarity; linguistics; French words, 31071
word recognition; right visual field; case alternation; lexical decision; hemispheres; word length; orthographic neighbors; split fovea, 15198
writing; phonology; speaking; homophone usage, 34226

Lexical Decision—Chapters
Dissociating automatic orthographic and phonological codes in lexical access and lexical acquisition, 15272
Masked priming across languages: An insight into bilingual lexical processing, 15309
The mechanics of masked priming, 15270
Racehorses, reindeer, and sparrows: Using masked priming to investigate morphological influences on compound word identification, 15323

Liberalism—Serials
clergy congregation mismatches; clergy; job satisfaction; conservatism; liberalism, 29913
sexual antinomies; modern societies; sexual liberalism; sexuality; sexual relations, 25222
social inequality; indigenism; social organization; post-liberal indigenist politics; socioeconomic structure; history; 19th century Bengal; social formation, 28198

South Africa; political environment; black South Africans; economic policies; economic problems; economic theory; market system; neoliberalism; economic policies; income distribution; economic market, 16114
virtue; psychotherapy; democratic liberalism; religion; ethics, 7725

Liberalism (Political) [See Political Liberalism]

Libido—Serials

libido; Sigmund Freud, 31627

Libido—Chapters

Recognizing and reversing sexual side effects of medications, 5156

Libraries [See Also School Libraries]—Serials

case libraries; problem solving; related stories; undergraduates; ill-structured problems, 17573

international children's digital library; digital books; online viewing; book reading access; community libraries; design; digital archive; children books, 17642

non-academic enquiries; Boolean logic; Amazon Online Catalogue; British Library Catalogue; Library of Congress Catalogue; homosexuality; anti-gay literature, 10427

Libraries (School) [See School Libraries]

Librium [See Chlordiazepoxide]

Licensing (Professional) [See Professional Licensing]

Licensing Examinations [See Professional Examinations]

Licking—Serials

chronic intrathecal cannula; spinal administration; formalin injection; lumbar puncture; spinal cord; rats; biting; licking; flinching, 15364

conditioned suppression; rats; initial conditioning task; water licking behavior; fear conditioning; extinction, 33920
dopamine efflux; nucleus accumbens; successive negative contrast; licking; sucrose consumption; rats, 30849

ingestive behavior; licking behavior; rats; oropharyngeal stimulation; dopamine blockade; cholecystokinin, 30918
safety signals; avoidance learning; classical conditioning; inhibition; summation tests; retardation tests; licking suppression, 24561

Lidocaine—Serials

caffeine; adulterants; street cocaine; Brazil; illicit samples; lidocaine, 4727

case report; suprapubic pain; intravesical lidocaine, 14286
dorsolateral striatum; response learning; learning acquisition; cue deficient condition; cue available; artificial cerebrospinal fluid; lidocaine injections; rats, 18720

hippocampal memory system; cocaine self-administration; rats; drug-seeking behavior; lidocaine, 30813

instrumental responses; reward magnitude; lidocaine inactivation; instrumental behavior; transient inactivation; rat nucleus accumbens; reaction time, 18741

lidocaine injections; place task acquisition; hippocampal lesions; response learning; male rats, 554

reversible inactivation; supramammillary nucleus; passive avoidance learning; rats; cannula; lidocaine, 24849

Life Changes—Serials

child to adult transition; adult services; transition continuity, 35782

cohabitation; family instability; marriage; childhood family experiences, 28252

cultural life scripts; structure recall; autobiographical memory; transitional life events, 30704

developmental anxieties; psychological development of couples; birth of child; narcissistic levels; autistic-continguous levels; paranoid-schizoid levels; couples therapy; relationship, 35448

diet change; physical activity; body weight; self efficacy; alcohol consumption; life transitions; females; college freshmen; relocation; diet quality, 35664

earthquake survivors; physically & psychologically destructive effects; expectations; victims, 34442

gender; preloss marital dependence; older adults; psychological adjustment; widowhood; widows; widowers, 28236

home leaving transition; military service; attachment functions transfer; basic training adjustment; parents; peers, 36445

life coaching; marketing strategy; advertising; coaching articles; websites; public speaking; psychotherapists, 35973

life course transitions; depressive symptoms; depressed women; parental caregiving role; marital status change; perceived health changes; mid-life transition; mental health, 31755

process theology; aging; life pattern, 34385

religious coping; psychological distress; psychological disability; end stage pulmonary disease; life threatening situations; coping methods; religion, 35175

retirement planning behaviors; retirement satisfaction; national retirement program; national retirement policy; financial planning; health planning; private support; public support, 34379

severe intellectual disabilities; students; person-centered planning; family-centered planning; person-family interdependent planning; life change; transition to adulthood, 35089

symbolic competencies; developmental transitions; first name choice; cultural elements; psychological development; parenthood; books; movies; religious baggage; symbolic resources; emotions, 31122

threat appraisals; distress; positive life change; psychological impact; terrorist attack; September 11, 25115

Life Course [See Life Span]

Life Expectancy—Serials

Alzheimer's disease; life expectancy; genetic relationship; disease development; longevity, 32156

autobiographical memory; brain lesion effects; functional neuroanatomy; lifespan development; aging, 24688

autobiographical memory; life span; age groups, 24924
childhood intelligence; prediction; health; IQ; adult morbidity; adult mortality; self care; learning; reasoning; problem solving; prevention; chronic disease; accidental injury; treatment adherence, 13476

cognitive impairment; American population; age-specific prevalence; total life expectancy; elderly person, 7479
cost-effectiveness analysis; anorexia nervosa; health care systems; life expectancy; mortality rate, 20096

death; life; metaphors; sickness; time; Turkey; body; metaphor theory, 10108

functional status; active life expectancy; senior citizens; transition patterns; activities of daily living; loss of independence in ADL; gender, 29533

health; height; longevity; life expectancy; human development, 22005

Human Development Index; social indicators; human development; education; living standard; Life Quality Index; Time Allocation Index; literacy; longevity; developed countries, 30371

life expectancy; life span; peak achievement ages; death ages; career pinnacles; precocity-longevity hypothesis, 34248

life expectancy; *Mastrus ridibundus*; host encounter rate; brood size; laboratory conditions; insect parasitoids; field conditions, 12746

life spans; social hierarchies; British aristocracy; social position; death, 4079

longevity; health care expenditures; older people; death; elderly medicare beneficiaries; expenditure patterns, 26467

longevity; health care expenditures; older people; death; elderly medicare beneficiaries; expenditure patterns, 26471

Medicaid beneficiaries; life expectancy; external causes of death; natural causes of death; mental illness; substance abuse; psychiatric disorders; dual diagnosis, 13533

mental health services; life expectancy; human sex differences; maternal mortality rate; infant mortality rate; literacy; health welfare; social welfare, 17313

mortality rates; life expectancy; World War I; postcombat disorders; veterans; Boer war; disordered action of the heart; neurasthenia; shell shock, 6100

normal brain aging; caloric restriction; synaptic plasticity; life span; neural erosion; caloric intake control; astrocyte volume, 6887

personality traits; intraindividual life-span approach; neuroticism; age-graded life events; extraversion, 7473

psychiatry; infant death rate; life expectancy; unemployment; literacy; mental health services, 17291

sexual selection; facial attractiveness; perceived health; longevity; photographs, 1181

time discounting; lifespan; intertemporal choice predict; age differences, 25378

visual search; life span; single feature targets; conjunction targets; developmental trends; eccentricity, 24952

Life Experiences [See Also Life Changes]—Serials

adolescent delinquency; adjustment problems; academic achievement; life events; family environments, 35064
affective forecasting; impact bias; happiness; prediction; emotional consequences; isolation effect; college housing lotteries; future life events, 1243

alcohol treatment; spirituality; religiousness; life changing experiences; alcoholism, 11935

alcohol use disorders; psychological distress; state trait model; trait alcohol use disorders; trait psychological distress, 8013

American Indians; sociodemographic factors; stressful life events; functional ability; depression, 19168

autobiographical memory narratives; adolescents; adults; life experiences; experienced wisdom; age differences; life philosophy; learned lessons, 22061

breast cancer patients; ontological health model; suffering; meaning, 8177

breast cancer; life experiences; cancer survivors; ethnic diversity; socioeconomic status; quality of life, 29058

cancer, 32128

capras delusion; unusual experiences; unfamiliar person; familiar person; self-recognition; memory, 27532

childbirth; parents experiences; mothers; fathers; postpartum talk; communication, 10405

children; cult; married life; cult members; post-cult experiences; behavior of cult leader; transference; defense mechanisms of projection; projective identification; cult situations, 1046

chronic illness; emotional suffering; hopes; dreams; illness experiences; self reformulation; ill participants, 8155

clinical gaze; occupational therapists; ethnographic lens; interpersonal processes; ethnographic research; qualitative research; artistic metaphors, 21240

cognitive psychology; terrorist attacks; stressful everyday events; memory, 12656

cognitive transformation; resilience; coping behavior; adverse events; life experiences; bereavement, 25389

collective action; feminist self-labeling; life experiences; feminist identity development; social identity theory; women-focused collective activities; feminist attitudes; conservatism, 25198

community support; adults perceptions; knowledge; systems; life experiences; learning; system facilitator; elder living communities, 20568

community support; adults perceptions; knowledge; systems; life experiences; learning; system facilitator; elder living communities, 20582

consciousness; transcendence; life experiences; psychic development, 24541

critical incidents; student counselors; counselor education; experiential learning, 5768

critical life event; anxiety; vestibular neuronitis, 20083
cultural life scripts; structure recall; autobiographical memory; transitional life events, 30704

delusions; explanation of experiences; alternative explanations; realistic explanations; symptom measures; reasoning; self esteem, 31694

delusions; schizophrenia; experiences; onset; psychosis, 19497

depression; adolescent girls; stress buffering model; negative life events; social support, 31725

depression; health status; community; Japanese American elderly; life events, 19374

developmental disabilities; negative life events; problem behavior; psychological well-being; residential population; residential hospital; psychiatric problems; adaptive behavior; adults, 28915

disruptive behaviors; life events; Latina mothers; professional services; help seeking; problem recognition; maternal distress; awareness; young children, 10871

egocentrism; focalism; unrealistic optimism; unrealistic pessimism; life events; likelihood, 25368

elderly patients; major depression; pathophysiology; risk factors; life experiences, 34814

emotional events; retellings; memories; past experiences, 30726

emotional experiences; altruist detection; cheater detection; performance testing; cognitive behavior, 30659

event interpretation; life experiences; assessment; eisegesis; childhood experiences; educational experiences, 25335

everyday life experiences; life meaning; rehabilitation service delivery; meta-model; relationships; activity engagement; everyday life experiences; individual differences; self knowledge, 11790

extreme life events; attachment; life span; intergenerational transmission; trauma, 10148

family experience; cross-cultural comparisons, 34404
family experiences; intergenerational gaps; immigration; parenting stress; perception; family relationships; cultural change, 34429

feminist identity; life experiences; exposure to feminism; exposure-identification relationship; self-identification, 25200

future prediction; self perception; future life event desirability & commonness; relative likelihood estimates; super ordinary bias; unrealistic optimism & pessimism; Japanese, 34697

gay men; lesbians; mental health counselors; substance abuse problems; counseling; historical context; legal protections; gay community, 11144

geneticist; Mario Capecchi; genetics; childhood experiences, 32869

Geriatric Depression Scale; symptom change; depressive symptoms; negative life event; test score change, 12499

Gestalt therapy; life experiences; child attitudes; child psychotherapy, 29239

Gestalt therapy; life experiences; child attitudes; child psychotherapy, 29240

Gestalt therapy; life experiences; child attitudes; child psychotherapy, 29241

Gestalt therapy; life experiences; child attitudes; child psychotherapy, 29263

Gestalt therapy; life experiences; child attitudes; child psychotherapy, 29264
global maladaptive schema; life events; psychological distress; personality pathology, 34737

- group analysis; death; dying; personal dynamics; collective dynamics; group psychotherapy; personal experiences, 32371
- healthy retirement; economic change; health problems; medical issue; social event; life cycle; work life; retirement planning, 16064
- hope; HIV affected people; significant others experiences; despair; hopelessness, 8175
- humankind lovers; Mr. Rogers; Kathe Kollwitz; life histories; loving action; compassionate living; artist; traumatic events; victims; caregivers, 31299
- humiliation; loss; life events; difficulties; depression; siblings; depressive episodes, 7825
- identity change; adulthood; defense mechanisms; life experiences, 25333
- ill health; worthlessness; emotional suffering; powerlessness; life situation; self image; individual experience, 31549
- illness experience; multiple sclerosis; emotional distress; narrative therapy; restoring techniques; cognitive restructuring, 35404
- imagination inflation; imagination; autobiographical events exposure, 24470
- immigrants experiences; contextual continuity; self-experience; psychoanalysis, 31623
- immigration experience; parents ability; dislocation; loss; child development; separation-individuation process, 25141
- immigration; depressive symptoms; confusion; sexual identity; peer group; ethnicity; life experience; immigrant parents; emergent adolescents; tension, 25144
- implicit self-esteem; explicit self-esteem; health; positive life events, 11614
- individual differences; emotional expression; brief facial expressions; life course; life context; Paul Ekman, 13481
- individual psychology; human experience; color perception, 30594
- infertile couples; adoption process; phenomenological analysis; infertility treatments; qualitative approach; becoming adoptive parents, 4224
- labor force participation; adverse childhood events; homeless adults; substance use; social service utilization, 11021

Volume 91 SUBJECT INDEX

Life Satisfaction—Serials

urban regeneration; mental health; life satisfaction, 30280
well-being; life satisfaction; positive illusions; self-views; happiness; self-perception, 28453
wellbeing; illusory perceptions; life satisfaction; happiness, 25324

Life Span—Serials

life course; marijuana generation; American youths; marijuana use; drug use trends; drug era; blunts generation, 31928
life expectancy; life span; peak achievement ages; death ages; career pinnacles; precocity-longevity hypothesis, 34248
mass imprisonment; life course; race inequality; class inequality; incarceration; prison; black men; white men; penal inequality, 36541

Life Sustaining Treatment—Serials

euthanasia; professional ethics; life sustainability; health care policy, 36026
life-sustaining medical treatment; adult attitudes; treatment preferences; preference stability; advance directives; predictors of preference change; treatment refusal; aging, 5417
religiosity; patient perceptions; do not resuscitate decision, 20611

Life Transitions [See Life Changes]

Lifestyle [See Also Lifestyle Changes]—Serials

adolescent friends; romantic partners; siblings; antisocial lifestyle; boys; delinquency, 4715
Adolescent Health Promotion Scale; psychometric properties; assessment; unhealthy lifestyle; reliability; item analysis; test development; construct validity; factor analysis; Taiwanese adolescents, 15087
cognitive ability; personality traits; life styles; family environment, 33674
communal lifestyles; depressive symptoms; depression; individual differences; living conditions, 28631
community; psychoactive substance; street children; continuous exposure; local government area; Nigeria; associated lifestyles; socio-demographic factors, 11006
confirmatory factor analysis; Wellness Evaluation of Lifestyle; Five-Factor Wel, 18165
consumer patronage; retail environment; consumer lifestyle orientation; belief-attitude-behavior intention model, 36455
controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; controllability; income; work hours; graduate medical education, 8942
controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; income; work hours; graduate medical education, 8943
controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; controllability; income; work hours; graduate medical education, 8938
criminal record; victim characteristics; antisocial lifestyle; homicide; victimization; violent crime, 22707
Diderot unities; products; impulsive purchases; lifestyle; consumer attitudes, 12334
dietary intake; eating behavior; physical activity; rural communities; body mass index levels; BMI; body mass index; lifestyle variables, 17240
eastern Europe; health psychology; psychological effects; learned helplessness; western countries; individual traits; learned optimism; health behavior; health status; public health, 11611
educational level; pupil education; parental occupation; lifestyle behaviors, 22104
facing mortality; enabling patient styles; prognostic uncertainty; survival estimates; caring; dying patients; medicine limitations; treatment; patient lifestyle; caregivers; good death, 10616
factor structure; wellness; Wheel of Wellness; model of well-being; healthy functioning; Wellness Evaluation of Lifestyle, 30409
family patterns; lifestyles; Israel; trends; divorce; fertility; dating; mate selection; marital relationships & dissolution; parenting; elderly; gender issues; division of labor; power; stress, 10369
harm reduction; college students; lifestyle management; alcohol abuse; alcohol use prevention, 35874
health inequalities; social circumstances; lifestyles; socioeconomic behavior; future ill-health; cultural circumstances; familial circumstances; children attitudes, 11689
health profile; Ireland; socio demographic indicators; logistic regression model; marital status; educational status; employment; general medical services; GMS, 2338
hearing impairment; lifestyle; elderly; hearing aids; activity participation; social interaction, 8352
HIV infection; AIDS; highly active antiretroviral therapy; HAART adherence barriers; patient-provider collaboration; lifestyle-tailored regimen, 5415

HIV seropositive men; social support; uncertainty; illness; perceived health; hope; spirituality, 16676
HIV seropositive men; social support; uncertainty; illness; perceived health; hope; spirituality, 16679
HIV seropositive men; social support; uncertainty; illness; perceived health; hope; spirituality, 16678
leprosy; social stigma; perception; beggary lifestyle, 32079
life skills; assessment instrument; instrument development; working adults; life skills learning program; young workers; learning outcomes, 18071
lifestyle activities; positive functioning; everyday activities; volunteering; old-old age; psychosocial markers; mortality rate, 1041
lifestyle factors; bone mass; Japanese women; calcium intake; Caucasians; life stages; exercise; nutrition; aging, 11716
lifestyle; health; nutrition; food; marketing; advertising, 36460
long sleepers; short sleepers; psychological adjustment; lifestyle; sleep parameters; older adults, 12933
masculine identity; lifestyle magazine; antifeminist sentiments, 31081
meal preferences; teenagers; preference-based segmentation; teenagers attitude; teenagers lifestyle, 28107
menopause; physical activity; diet; risk factors; weight gain; weight loss; cardiovascular disease; cardiovascular health; health behavior; body composition; lifestyle intervention, 11739
Mexican migrant farmworkers; lifestyle; psychosocial stressors; United States; work demands; depression, 16383
obesity; environmental factors; lifestyle; smoking habits; body mass index; educational status; urbanisation, 28961
obesity; government; health care policy; exercise; lifestyle, 32090
physical activities; participation; self perception; socioeconomic factors; health factors; life-style, 29517
psychosocial aspects; work; family; life cycle issues; women's lives, 1142
risky lifestyles; dating violence; violent victimization; risk factors adolescent dating relationships, 34330
schizophrenia; osteoporosis; antipsychotic-induced hyperprolactinaemia; lifestyle factors; risk factors, 35374
single mothers; violent victimization; individual welfare; public entertainment; residential neighbourhood; lifestyle, 28807
sleep health; lifestyle; mental health; Japanese elderly; health; sleep mechanisms; insomnia; exercise; sleep quality, 25109
smoking intervention; smoking cessation; social support; postoperative complications; intervention programs; knee arthroplasty, 8871
social exclusion; poverty; life cycle; sociological perspectives; life course; family-cycle approach; income trajectories, 16108
social interest; autobiographical memories; individual psychology; social fulfillment; Adlerian analysis; leadership style; M L King Jr, 31462
societal implications; psychiatric disorder; clinical depression; social definitions; lifestyle drugs; mood; behavior; cognition, 23476
socioeconomic pattern; smoking; sedentary lifestyle; Norway; United States; adolescent health, 4132
Vietnamese adults; chronic diseases; health behaviors; acculturation; depression; chronic disease prevention; intraethnic factors; locus of control, 2357
violent victimization; family attachment; delinquent peers; routine activities; lifestyles frameworks; guardianship; crime; victimization, 35013

Y chromosome; gender differences; cardiovascular disease; CVD; risk factors; cigarette smoking; overweight; Pawtucket Heart Health Program; PHHP; lifestyle, 16715
Light [See Illumination]
Light Adaptation—Serials
chromatic adaptation transforms; adaptation condition; visual adaptation; illumination, 6526
circadian phase alterations; gamma aminobutyric acid-A; receptor activation; suprachiasmatic nucleus; diurnal rodents; nocturnal rodents; light effects; muscimol; rats, 21766
light conditions; grating stimuli; underwater visual acuity; viewing distance; manatees; visual resolution, 3472
Light Therapy [See Phototherapy]
Likability—Serials
behavioral deviance; unlikeability; social identity theory; evaluation; out-group members; in-group members; social deviance; workplace, 14764
college students; college teacher gender; student attitudes; teacher characteristics; femininity; likeability; sex differences, 10552
Likert Scales—Serials
likert scales; visual analogue scales; coping function; response format; methodology; transactional coping patterns; baseline assessments, 15026
Likert-type score items; acquiescent response bias; construct equivalence; cultural comparisons; attitude assessment, 69
Liking [See Affection]
Limbic System [See Also Amygdala, Fornix, Gyrus Cinguli, Hippocampus, Medial Forebrain Bundle, Olfactory Bulb, Septal Nuclei]—Serials
amisulpride; limbic specificity; clinical profile; atypical antipsychotic mechanisms; presynaptic receptors; atypical neuroleptics; dissociation hypothesis, 7236
anxiety related behaviors; hypothalamic pituitary adrenal activity; serotonin receptor; limbic structures; brainstem structures; fear conditioning; stress conditions; mice, 27714
autism; memory; limbic system; prefrontal cortex, episodic memory; semantic memory; perceptual representation system, 4778
cerebral blood flow; cocaine dependence; limbic activation; biologic difference; cocaine addicted females; sex-specific neurobiologic responses; chronic cocaine use, 10960
cholinergic mechanism; procaine; emotional experiences; sensory experiences; cerebral blood flow; cerebral muscarinic cholinergic receptors; limbic activation; rhesus monkey, 27855
cholinergic regulation; memory systems; acetylcholine; amygdala; hippocampus; striatum; learning; memory, 565
coincident timing; bilateral symmetry; limbs; bilateral skill performance; motor performance, 33758
egocentric working memory; limbic brain regions; direction cues; J maze; nonmatching-to-turn rule; fornix lesions, 30837
entorhinal cortex lesions; rats; place navigation; proximal landmarks; distal landmarks, 34053
excitotoxic lesions; infralimbic areas; medial prefrontal cortex; motor preparatory processes; execution of reaction time task; rats, 21676
frontolimbic response; negative feedback; clinical depression; frontal cortex; performance feedback, 7849
functional neuroimaging; human emotions; limbic brain regions; paralimbic brain regions; functional neuroanatomy, 34057
glutamate; anxiety; limbic system; ionotropic glutamate receptors; metabotropic glutamate receptors; molecule; NMDA; AMPA; kainate; glutamatergic system, 30943
hippocampus; stress; depression; atrophy; cell loss; limbic brain structures; etiology of depression; treatment of depression; neurogenesis; antidepressant treatment, 31729
limbic paroxysmal; frontotemporal paroxysmal rhythmic activity; magnetoencephalography; obsessive-compulsive disorder; diagnosis; magnetic resonance imaging; electrocardiograms; electrooculograms, 19506
object processing; representation; levels of specificity; perirhinal cortex; object identification; domain level naming; basic level naming; anterior and posterior inferior temporal cortex; neurons, 18616

- rats; prelimbic-infralimbic areas; task switching; acquisition; reversal learning; odor discrimination; place discrimination; bupivacaine; performance; behavioral flexibility; task difficulty, 614
- rearing condition; limbic hypothalamic pituitary adrenal axis; stress; infant macaques; serotonin transporter gene; endocrine responses; polymorphism; anxiety; endocrine response, 18678
- REM sleep; depressed patients; regional cerebral glucose metabolism; limbic cortex; anterior limbic and paralimbic cortex; neurobiology, 28660
- rostral anterior cingulate cortex; schizophrenia; brain activity; errors of commission, 22545
- serotonin transporters; obsessive-compulsive disorder; serotonergic abnormalities; transporters availability; subcortical region; limbic region, 7945
- spatial representation; hippocampus; neocortex; entorhinal cortex; neural activity; memory, 34021
- temporal activity patterns; red nucleus; rats; limb movement; motor cortex; locomotion, 21593
- violence; schizophrenia; limbic psychotic trigger reaction; prefrontal functions; limbic seizure kindling; hallucinations and delusions; volitional action; memory, 31781
- Limex** [See Thresholds]
- Limited English Proficiency** [See Language Proficiency]
- Linear Perspective—Serials**
- ipsilesional cues; line-bisection errors; unilateral neglect; predictive value, 8212
- jitter induced illusion of self motion; visual flow; vection; jittering radial flow; perspective; visual perception; vestibular activity, 12586
- multicollinearity; cognitive data; independent variables; picturing data; age acquisition; visual familiarity; naming speed, 6587
- psychophysics; physiology; noisy linear observers; bubbles method; signal processing system; reverse correlation, 27439
- psychophysics; physiology; noisy linear observers; bubbles method; signal processing system; reverse correlation, 27443
- psychophysics; physiology; noisy linear observers; bubbles method; signal processing system; reverse correlation, 27442
- spatial information; unfamiliar environment; position; perspective; memory, 419
- Linear Regression—Serials**
- backpropagated neural network; neuropsychology; regression analysis; virtual reality; spatial ability; test validation; data analytic applicability; artificial neural network, 12507
- factor analysis; hierarchical linear models; mediation, multilevel models; structural equation models, 214
- hierarchical linear modelling; animal behavior; behavior change; relationship change; multilevel modelling; animal development; developmental trajectories; individual differences, 18197
- hierarchical linear modelling; animal behavior; behavior change; relationship change; multilevel modelling; animal development; developmental trajectories; individual differences, 246
- machine learning; temporal difference learning; relative loss bounds; on-line algorithms; linear regression; linear predictors, 12383
- multicriterion clusterwise regression; customer value; segment homogeneity; true cluster structure; telecommunications industry; segmentation problem; linear regression; heuristic solution strategy, 24067
- statistical models; hierarchical linear models; layered mixed effects models; simple fixed effects models; empirical comparison; value-added assessment; school performance, 26951
- Linear Regression—Chapters**
- The analysis of correlational data, 15146
- Linguistics** [See Also Ethnolinguistics, Grammar, Metalinguistics, Neurolinguistics, Orthography, Psycholinguistics, Sociolinguistics]—Serials
- acquisition order; semantic complexity; linguistic factors; syntactic function; wh question acquisition; English speaking 3 yr olds & their mothers, 941
- allomorphic variation; Arabic; lexical processing; word patterns; priming; lexical representation; morphemes, 27974
- applied linguistics; composition studies; second language writing; pedagogy; rhetoric, 28019
- applied linguistics; conversation analysis; research criteria, 15154
- aspectual selection; negation; stative situation; energy input; Mandarin Chinese, 7327
- child language; speech ambiguity; language acquisition; linguistic categories; inter-observer reliability; fuzzy logic, 10215
- Chinese; thinking; conceptual metaphor; linguistic manifestation; cultural model; cultural differences, 863
- cognitive iconicity; conceptual spaces; meaning; gestures; signed languages; phonology; linguistics; morphology; grammatical classes; iconic representation, 31079
- cognitive linguistics; grammar; talk; thinking; linguistic categorization; East Cree; Amharic; English; Mandarin; Tagalog; metalinguistics, 854
- communication; linguistics; pragmatics; language; context, 21951
- computerized task conditions; second language learning; foreign language development; adult learners; explicitness, 33136
- configurational asymmetry; lexical access; prefixed verbs; French, 28026
- criminal psychopaths; temporal lobe abnormalities; semantic processing; linguistics, 25928
- cross-linguistic analysis; vocabulary; language development; cross cultural differences, 31130
- cross-linguistic generalizability; sentence processing complexity; on-line processing; cross-serial dependencies; Dutch; verb, 34224
- crossing borders; disorientation; time orientation; space orientation; narratives; experiences; storytelling management; linguistic resources; immigrants, 18843
- developmental dysgraphia; lexical-graphemic components, 8060
- developmental sequences; English syllable; L2 syllable codas; grammatical conditioning; language acquisition, 15861
- dispositional inferences; linguistic category model; dispositional attribution; situational constraints; social behaviors; mental control; correspondence bias; suppression rebounds, 19138
- doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 5560
- doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 29615
- educational institutions; university settings; linguistic culture acquisition; foreign language departments; spanish department; linguistic culture transmission; non-English languages views, 21975
- Egyptian Arabic; communicative goals; pragmatic functions; metalinguistic negation; MN; negative operator; linguistics; grammaticalization; interpretation, 852
- English as a second language; meaning-focused lessons; linguistic, 30005
- English; foreign language translation; linguistics; semantics, 853
- essentialist linguistic labels; linguistic forms; perceptions of preferences; self perception, 28437
- false belief reasoning; relative clause sentences; linguistic structures; metarepresentation, 18938
- focus typology; focus construction; syntactic feature; word-level category; focus movement; polarity projection, 10098
- Fodor's problem; flexible cognition; modular account; natural language sentences; conceptual modules; sentence generator; supposer; inference to best explanation; computational tractability, 4029
- genetics; linguistics; human ancestors; language; clicking noises; modern humans; clicks; conversation; click language; click speakers; nonverbal utterances; click sounds; words, 18871
- grammatical properties; Italian verbs; mental lexicon; form class; mood; tense, 28000
- hemispheric dominance; left hemisphere; right hemisphere; linguistic processing; non-linguistic processing; temporal processing; frequency transitions; stimulus change, 6946
- human kinship; psychology of kinship; terminology; kin classification; social cognition; schemas; Optimality Theory; language, 1072
- iconicity; sign language discourse; linguistic features, 18873
- idiom comprehension; metapragmatic knowledge; contextual characteristics; linguistic convention; idiom familiarity level; age differences; children, 22037
- idioms comprehension; language-based learning disabilities; word meaning, 25978
- Indo-European language; human history; historical linguistics; European languages; Kurgan expansion; Anatolian farming, 7323
- infants; syntax; grammatical acquisition; semantic properties; syntactic structure; innateness; poverty of stimulus argument; linguistic input; learning; semantics, 31158
- Lakota postpositions; semantic cores; prototype effects; functional domains; semantic level; synonyms, 10110
- language education; culture; linguistics, 31321
- languages; world languages; distant languages; modern historical linguistics; comparative method; language classification; history, 18870
- lexicality; morphological structure; semantic transparency; German ver-verbs processing; visual on-line processing; off-line processing, 28016
- linguistic acculturation; polydrug use; Hispanic adolescents; bilingual students; parent child interaction, 13736
- linguistic bands; Spanish language shift; English language shift; bilingualism; linguistic diversity; English; Spanish; Latinos; educational equity; social justice; parents; children, 34220
- linguistic deficits; neuropsychological deficits; crossed conduction aphasia; brain lesion; brain hemispheres, 11228
- linguistic development; second language acquisition; social interaction; linguistic inventory; social contexts; German language, 15937
- linguistic distinction; mass count distinction; information processing; Alzheimer's disease; mild cognitive impairment, 29180
- linguistic experience; hemispheric processing; lexical tone; hemispheric lateralization; Mandarin tone; bilinguals; Norwegian tone, 30884
- linguistic functioning; cognitive functioning; autism symptoms; Fragile X syndrome; nonverbal cognition; expressive language, 32104
- linguistic ideology; Arvanitika; discourse comparative analysis; erasure; fragmentation; marginalization; repression; sublimation; language ideology; sociocultural conditions; historical conditions, 13127
- linguistic labels; source errors; source-monitoring decisions; memories; category membership, 27539
- linguistic meaning; ontological subjectivity; cognitive psychology; linguistic forms; mental life; meaning; pragmatics; semantics; semiotics; structuralism; epistemic objectivity; intentionality, 18857
- linguistic production; lexical categories; French speaking children; cochlear implants; deafness, 8628
- linguistic prosody; stress perception; functional cerebral asymmetry; word stress, 24694
- linguistic rhythm; perception; acquisition; infants; speech segmentation procedures; native language; language discrimination, 10198
- linguistic styles; deceptive communication; dubitative ambiguity; elliptic eluding; cognitive complexity, 10483
- magic spells; desire; Petalangan people; agency; beauty; love spell; linguistic features; metalinguistic dimensions; language practice; sexuality; desire subject; desire object, 16213
- masked morphological priming; past tense primes; present tense recognition; morphemic representations; Greek verbs, 31077
- memory metaphors; early memory; Adlerian therapy, 32228
- mind; language; linguistics; psychology; narrative, 34217
- morphological processing; words organization; mind; construct; content; ecological validity, 28002
- morphological units; Arabic mental lexicon; dyslexia; word meaning; linguistics, 28931
- morphosyntactic gender features; bilingual language processing; linguistic representations; models, 28014
- narrative texts; writing ability; expository texts; text construction; text conceptualization; discourse functions; linguistic forms; age differences, 24932
- narratives; preschool conversations; multi-party talk-in-interaction; conversational narratives; linguistic structures; Turkish children; thematic relevance, 13190
- natural language processing; grammar, 15864
- natural language; structural principles; infant ability, 34275
- Nepali requestive acts; Linguistic indirectness; politeness; speech acts; conversational goal; language use; sociocultural factors, 4059
- neural correlates; predicate-argument structure; language; prelinguistic mental representation; neural pathways; categorization, 9656
- neuropsychology; linguistic aphasiology; aphasic patients, 26155
- number magnitude; number parity; number representations; Linguistic Markedness of Response Codes; Spatial Numerical Association of Response Codes; reaction time; notational modulations, 27510
- numerical sequences; linguistic syntactic structure; syntax; rule-governed anomalies; arithmetic rules; P600; neurophysiology, 18595
- optimal innovation; pleasure ratings; Optimal Innovation Hypothesis; familiarity; linguistics; familiar expressions, 31065
- orthographic consistency; spelling development; orthography; English spelling model; core skills; alphabetic writing systems; letter knowledge; language; phonological awareness; cross-linguistic study, 15852
- phonological representation; decoding skills; linguistic information; reading decoding; reading development, 24951
- pragmatics-based humor research; pragmatics; humor; human communication, 7316

Volume 91 SUBJECT INDEX

Linguistics—Serials

Literacy—Serials

pronominal processing; gender information; pronouns; automatic use; strategic use, 28011
prosody modeling; soft templates; prosody generation model; text-to-speech systems; linguistic theories; articulatory model; multiple languages; speech acts; speech style; accent categories, 4047
reading; word skipping; linguistic factors; visual factors; word length; parafoveal word length; context predictability, 12637
reduced word forms; word processing; suffix restoration effect; mental lexicon; phonology; orthography, 27999
relative clause structure; preposition; genitive pied-piping; Polish; children, 13193
repeated storybook reading; phonological impairments; language impairments; cloze word procedures; contrast word procedures; linguistics; scaffolding, 16573
scholarships; linguistic politeness; face; Japanese language; politeness strategies; social norms, 4400
scholarships; linguistic politeness; face; Japanese language; politeness strategies; social norms, 4402
scholarships; linguistic politeness; face; Japanese language; politeness strategies; social norms, 4399
second language acquisition; linguistics; language development; deaf adults; foreign language learning; grammar; age constraints, 10104
semantic discrimination; semantic tasks; linguistic task; cerebellum; overt articulation; brain activation, 3809
semantic processing; criminal psychopaths; temporal lobe abnormalities; linguistics, 25929
semantic restrictions; surface analysis; verbal cluster; Dutch; structuralist surface parser, 10114
semantics; number word acquisition; linguistics; developmental perspectives; language development, 28077
signed languages; cognitive linguistics; cognitive dimensions; spoken languages; iconicity; metaphor; metonymy; gestures, 31080
similarity-based model; induction task; categorization task; young children; linguistic labels; perceptual information; similarity judgment; recognition memory tasks; artificial labels; real labels, 22044
somatic words; social words; emotional experience; linguistics; emotions; cross cultural differences, 34721
Spanish colour word; linguistic relativity; color sequence, 18858
speaker-specific mapping; text-independent speaker recognition; parameter vectors; linguistic information; mapping approach; speaker-specific information; speech, 4052
structure of words; structure of concepts; lexicon; linguistics, 24881
syntax; language; syntactic information; syntactic priming; Spanish-English bilingual language; shared lexical information, 24880
teacher preparation; special education teachers; teacher linguistic diversity; teacher cultural diversity; teacher retention; special education; teacher shortages; research; current demographics, 26999
teacher research; linguistic backgrounds; cultural backgrounds; experienced teacher researchers; science lessons; mathematics lessons; theory into practice, 17590
temporal lobe abnormalities; semantic processing; criminal psychopaths; linguistics, 19721
temporal lobe; speech comprehension; narrative speech; linguistics, 21564
utterance-level constructions; language development; mother-child dyads; linguistic interaction; structure of language; child-directed speech, 10168
visual speech; amodal processing; priming; linguistic processing, 27460
visuospatial cues; distracting stimuli; target localization; auditory modality; visual modality; linguistic cue words; visual target attention, 18868
word length; word frequency; linguistic word properties; neurophysiological brain response, 7030
word meaning; lexical decision; pseudowords; familiarity; linguistics; French words, 31071
Linguistics [See Also Ethnolinguistics, Grammar, Meta-linguistics, Neurolinguistics, Orthography, Psycholinguistics, Sociolinguistics]—Chapters
A connectionist model which unifies the behavioral and the linguistic processes: Results from robot learning experiments, 6167
Connectionist modeling of language: Examples and implications, 15879
Language, mind, and culture: From linguistic relativity to representational modularity, 15877
Linguistic models, 15997
Review of verbal behavior by B. F. Skinner, 864
The self-in-talk: Toward an analysis of interpersonal language and its use, 10522
Linkage Analysis [See Genetic Linkage]
Lions [See Felids]
Lipid Metabolism—Serials
birthweight; intrauterine environment; adiposity; fat distribution; later life; body mass index; obesity, 7555

fasting; mice; torpor; resting energy expenditure; fat depletion; conjugated linoleic acid, 34099
insulin sensitivity; fat oxidation; high fat meal; familial weight; normal body weight; familial predisposition; overweight; energy expenditure; lipid oxidation; postprandial abnormalities, 7095
L-arginine; insulin resistance; lipid; glucose; metabolism; diabetic rats; lipid tolerance; plasma triglyceride; Nitric oxide; NO; insulin secretion; hypertension; resistance, 4864
norepinephrine turnover; white adipose tissue; brown adipose tissue; partial lipectomy; body fat; sympathetic nervous system; lipolysis; thermogenesis; Siberian hamsters, 24748
soy isoflavones; dietary supplements; genistein; daidzein; phytoestrogens; serum lipids; bone metabolism; cognition; lipid metabolism; osteoblasts; osteoclasts; bone markers; bone mineral density, 21833
Lipids [See Also Fatty Acids]—Serials
antiepileptic drugs; serum insulin; lipid level; epileptic men; body mass index; fasting serum; carbamazepine monotherapy; oxcarbazepine monotherapy; valproate, 5051
body fat; excess accumulation; dyslipidemia; hypertension; cardiovascular risk factor; obesity, 29003
depressive symptoms; lipid peroxidation; female population; vitamins; carotenoids; oxidative tissue injuries, 19215
diet palatability; macronutrient composition; food intake; high-fat diet; high-carbohydrate diet; rats, 7110
dietary cholate; antiatherogenic effects; ethanol consumption; cardiovascular events; atherosclerosis; mouse models; ethanol, 9977
dietary fat consumption; readiness to change; ethnocultural association; midlife African American women, 26523
drug therapy; open-label switch; zipsadone; atypical antipsychotics; maladaptive behavior; body weight; lipid levels; autistic disorder, 17035
energy balance; plasma leptin concentration; fasting plasma; fat deposition; body fat mass; diet manipulation; insulin concentration; glucose concentration; fat mobilization, 15694
food intake; apolipoprotein; ingested fat; satiety; intestinal secretion; lipids; hypothalamus, 24625
implementation intentions; dietary fat intake reduction; low-fat diet; fat energy, 20496
lipids; immune cells; exercise; mental stress; coronary artery disease; adjustment; plasma volume, 16716
low density lipoprotein cholesterol; carbamazepine; lipoprotein-a concentration; triglycerides, 15712
Neimann Pick C; Alzheimer's disease; cholesterol; tau protein; statins; lipids; neurons; mice, 5043
olfactory function; apolipoprotein E; mice; lipids, 21650
paroxetine administration; selective serotonin reuptake inhibitors; lipoprotein cholesterol; paroxetine discontinuation; therapeutic intervention; coronary heart disease; plasma lipid levels, 11520
plasma lipid levels; Alzheimer disease; donepezil hydrochloride; lipid profile; age; cognitive level, 13912
plasma lipids; bone mineral density; cognitive function; soy protein containing isoflavones; healthy elderly postmenopausal women, 27909
serum cholesterol concentration; serum lipid levels; depression; suicidality; panic disorder, 19623
serum lipid concentrations; serum cholesterol; spa therapy; job demands; occupational stress; lipoprotein cholesterol; triglycerides; human sex differences; relaxation, 7106
thalamic membrane phospholipids; schizophrenia; thalamus; phosphatidylcholine; myelin membrane; sphingomyelin; galactocerebrosides; phosphatidylserine; membrane lipid, 28739
total cholesterol; major depression; serum cholesterol; impulsivity; serum lipids, 1391
truncal vagotomy; hepatic vagotomy; feeding suppression; lipid infusions; food intake; jejunum; linoleic acid; small intestine; splanchnic nerve, 21752
yellow dung fly; heritability; condition surrogates; handicap sexual selection; heritable condition; fluctuating asymmetry; lipid reserves; body size, 3579
Lipoproteins—Serials
APOE4 genotype; microglial function; APOE4 transgenic mice; arginine transport; risk factor; Alzheimer's disease; neuropathological insults; APOE function; central nervous system, 3618
apolipoprotein E genotype; gene variability; cognitive functions; cognitive aging; logical memory; verbal memory, 25092
apolipoprotein E4; allele; depressive symptoms; cognitive decline; middle-aged; elderly; Alzheimer disease, 4565
apolipoprotein E; Alzheimer's disease; age at onset; genetic risk factors; lifetime susceptibility, 26146
apolipoprotein E; antidepressant medications; antidepressant treatment; antidepressant efficacy; geriatric depression; cognitive impairment; baseline depression, 2197

apolipoprotein E; schizophrenia; frontal cortex; gene polymorphisms; DNA; Brodmann's area, 1469
cognitive impairment; progressive dementia; cognitive functioning; late-life depression; Apolipoprotein E; Alzheimer's disease; age of onset; at risk populations, 11234
cognitive support; episodic free recall; apolipoprotein E; vitamin B12; folate; older adults; encoding; retrieval, 18991
ethanolamine; phosphoethanolamine; mitochondrial function; mitochondrial dysfunction hypothesis; depression; bipolar disorder; phospholipid metabolism; rats; animal models, 12776
food intake; apolipoprotein; ingested fat; satiety; intestinal secretion; lipids; hypothalamus, 24625
high-density lipoprotein cholesterol; polyunsaturated fatty acids; bipolar depressed patients; family members, 16417
lesion volume; gray matter; depressed patients; magnetic resonance imaging; neuropsychiatric disorders; cerebrovascular disease; apolipoprotein, 1446
low density lipoprotein cholesterol; carbamazepine; lipoprotein-a concentration; triglycerides, 15712
neuroanatomical sites; apolipoprotein D; bipolar disorder; schizophrenia; brain regions; dorsolateral prefrontal cortex; neuropathology, 13577
neurodegenerative diseases; nitric oxide synthase activity; cognitive performance; apolipoprotein E-deficient mice; nitric oxide; hippocampus; aging, 3667
olfactory function; apolipoprotein E; mice; lipids, 21650
protein transmission rates; autistic probands; Reelin signaling pathway; genotype; APOE receptor 2; alleles, 28916
serum lipid concentrations; serum cholesterol; spa therapy; job demands; occupational stress; lipoprotein cholesterol; triglycerides; human sex differences; relaxation, 7106
sleep disruption; Alzheimer's disease; apolipoprotein epsilon 4 allele; sleep-wake parameters; time, 16845
transgenic mouse models; Alzheimer's disease; phenotypes; amyloid precursor protein; etiology; treatment; behavioral testing; drug discovery, 528
Lips (Face)—Serials
facial expressions; facial expressions reproducibility, 15278
phonetics; phonology; speech production; cleft lip; cleft palate, 26041
unilateral cleft lip; motion analysis system; lip movement; objective measurement; facial appearance; subjective assessment, 17200
Listening [See Auditory Perception]
Listening (Interpersonal)—Serials
boasting; firsthand impressions; secondhand impressions; teller-listener extremity effect, 22308
occupational therapy philosophy; client-centered practice; narrative methods; occupational therapy users; listening, 8878
psychotherapy clients; personal story approach; psychotherapy; narratives; listening, 1987
rhetorical truth; psychoanalysis; listening, 2113
Listening (Interpersonal)—Books
The therapeutic relationship: Listening and responding in a multicultural world, 8425
Listening Comprehension—Serials
age; speakers; Spanish accents; Taiwanese accents; intelligibility; accented speech; listeners, 6535
auditory comprehension; Wernicke's aphasia; inhibition; language processing, 29186
digitized second language videotext; multimedia; computer-based listening skills; computer assisted instruction; foreign language learning, 36111
lateralization; language functions; auditory functions; spoken language comprehension; phonemes; left hemisphere, 21585
multiple-choice questions; Resource Allocation Paradigms of Pittsburgh; story comprehension; passage dependency; auditory story comprehension; software environment, 27269
online language processing; disfluent speakers; disfluency; fluency; listener interpretation; biases, 34215
speech processing; handedness; anatomical markers; planum temporale; hemispheric specialization; functional variability, 9848
speech; young infants; verbal signals, 24988
temporal lobe; speech comprehension; narrative speech; linguistics, 21564
Literacy [See Also Computer Literacy]—Serials
augmentative & alternative communication; communication impairments; developing literacy skills, 4813
augmentative & alternative communication; supported employment; literacy intervention program; literacy skills; autistic adults, 4762
autobiographical memories; language development; literacy development; narrative approach; meaning, 31022

- Between the Lions; educational television; television program; literacy skills; kindergarten children; first graders; reading; phonemic awareness; letter sounds; reading risk status, 22038
- bilingual children; literacy experiences; culture-sensitive pedagogy; literacy learning; teacher's cultural beliefs; Chinese-English speakers; kindergarten students, 14650
- bilingual children; reading disability; nonbilingual children; second language acquisition; working memory; pseudoword reading; language proficiency; phonological memory; short term memory; reading, 13212
- Books Alive project; multimedia texts; talking books; reading development; higher-order reading skills; elementary school students, 2759
- capitalism; second language learning; literacy practices; school reform; educational reform, 33119
- community college students; reading abilities; literacy skills; black man, 9021
- conceptual framework; digital literacy; survival skills; cognitive skills; motor skills; sociological skills; emotional skills, 29973
- concurrent validity; Dynamic Indicators of Basic Early Literacy Skills; Comprehensive Test of Phonological Processing; diagnostic accuracy; phonological awareness; cut-scores; kindergartners, 9477
- dyslexia; literacy problems, 8073
- early literacy; anticipatory guidance; AG; language skills; language development books; literacy program; pediatric clinic, 15984
- early writing development; teaching methods; literacy; English as a second language; preschool students, 36146
- educational performance; reading; mathematics; science; literacy; health performance; disability-related life expectancy; goals; GDP; economic growth; subjective well-being; happiness, 25121
- elementary school students; rural environment; literacy workshops; ethnic groups; student attitude, 17718
- elementary school; literacy research; literacy practice; literacy transitions; prevention based instruction; curriculum decisions, 33109
- emergent literacy learning; young deaf children; emergent reading; emergent writing, 36231
- emergent metaliteracies; literacy testing; Education Quality and Accountability Office; postmodern society; pop culture; epistemology; literacy, 36056
- environmental print; reading development; nonliterate adults; cues; learning strategies, 2778
- Finnish students; multiliteracy profiles; Internet activity; Programme for International Student Assessment; literacy performance; gender role, 33128
- fluency task; semantic verbal fluency; animal fluency; ecological relevance; literacy groups; semantic memory; qualitative measures; quantitative analysis; group differences; cultural background, 18324
- French-speaking countries; literacy practices; cognitive and sociological dimensions; phonemic awareness; word recognition; literacy research; literacy instruction, 29974
- German-speaking countries; literacy projects; reading socialization; literacy socialization; research projects, 29980
- health problems; stigmatization; life satisfaction; literacy skills; sex workers, 31286
- Hebrew electronic books; Dutch electronic books; child literacy development; e-books; content analysis, 36122
- Human Development Index; social indicators; human development; education; living standard; Life Quality Index; Time Allocation Index; literacy; longevity; developed countries, 30371
- ICT; literacy development; reading education; elementary school students; interactive moral tale; group discussion, 2744
- independent literacy; atypical communication; literacy development; language impairment; interactive literacy; communication impairment, 32065
- information technologies; communications technologies; ICT-based concept mapping techniques; creativity; literacy tasks; writing achievement, 36135
- intervention strategy; literacy learning; Bookstart project; children; early years, 23818
- kindergarten programs; literacy instruction; at-risk students; reading instruction; intervention programs; phonological awareness; alphabetic skills; home school connections; professional development, 33083
- Language development; literacy; longitudinal study; narrative; oral discourse; reading and writing skill; pre-school, 33120
- language learning; strategic thinking; learning environments; art, 33072
- literacy achievement; Norwegian minority students; reading habits; Programme for International Student Assessment; family background; school motivation; ethnic differences, 33125
- literacy achievement; Programme for International Student Assessment; reading; student characteristics; gender role; citizenship, 33129
- literacy achievement; schooling years; spoken language; written language, 30041
- literacy development; deaf students; bilingual teaching; bilingual learning; teaching strategies; learning strategies; American Sign Language; English as second language, 36212
- literacy development; word reading development; autism; intervention strategies; teaching, 4772
- literacy education; literacy curriculum; curriculum development; reading education; reading achievement, 36133
- literacy improvement; secondary schools; student attitudes; reading skills; teaching methods; large group instruction; small group & individual instruction; success in class, 26890
- literacy instruction; disciplinary practice; diverse learners; reading group; socio political discourses; institutional discourses; cognitive academic performances, 36058

Volume 91 SUBJECT INDEX

Literacy Programs—Serials

family literacy programs; linguistically diverse populations; culturally diverse populations; educational reform; family involvement; student achievement; adult ESL; intergenerational programs, 33069

French-speaking countries; literacy practices; cognitive and sociological dimensions; phonemic awareness; word recognition; literacy research; literacy instruction, 29974

German-speaking countries; literacy projects; reading socialization; literacy socialization; research projects, 29980

interactive whole class teaching; National Literacy Strategy; NLS; discourse styles; primary teachers; computerized observation; cognitive engagement; classroom pedagogy; professional development, 17636

literacy programs; Maori children; Pacific Island children; literacy instruction; achievement; minority children; teachers; professional development; teachers' beliefs, 23885

older struggling readers; literacy instruction; technology-based intervention; reading acquisition; integrated media, 26894

Semitic scripts; Israeli educational reforms; reading; classroom instructional practices; literacy research, 30002

social relations; language theories; social organization; language attitudes; pedagogical theory; language ideologies; Khmer literacy classes; California; instructional organization, 21968

The National Research and Development Centre for Adult Literacy and Numeracy; Great Britain; government-funded project; adult language; higher education; volunteer & community organizations, 29959

Literature [See Also Poetry, Prose]—Serials
abbreviations; acronyms; psychiatric literature, 28539
actual and perceived reading related subject matter knowledge; K-3 teachers; early literacy; reading; declarative knowledge; children's literature; phonological awareness; phonics, 33031
adverse events; care; medical literature; health services; nursing literature, 8735
anxiety disorders; miscarriage; anxiety symptomatology; pregnancy, 19531
as-if personalities; lifestyle change; The Hours; love; relationships, 25383
astronomy; science fiction; curriculum design; disadvantaged learners; higher education; BS honours award; learning policies, 36137
bereavement; grief; inclusion criteria; identification process; literature; reference manager; articles, 27403
bipolar disorder; suicide; Virginia Woolf; diaries; letters, 25553
communication; sender receiver relationships; topic focus; writer focus; reader focus; reader persona; target audience; center stage, 7309
contemporary literature; masculinity; identity crisis; aggressive men; Chuck Palahniuk; Fight Club; American men, 15830
criticism; psychological interpretation; Shakespeare; Locke; As You Like It, 31047
cultural variation; human nature; literary works; cognitive adaptations; human nature; human minds; environmental variation, 13319
eating disorder; trends; terminology; literature; treatment, 35152
ecofeminism; Elin Wagner; Alarm Clock; patriarchy; ecological destruction; patriarchal civilization; feminine subjugation, 21938
exceptional women; expert culture; female Shakespeares; feminism; female literary modernists; academic feminism; political reform; intellectual engagement, 7567
face-to-face talk; computer-mediated discussion enhancement; discussion content; collaborative process; primary school students; horror stories, 2753
fictional paraphilia; psychological analysis; psychodynamic theories; fictional character; novel; love; aggression, 31039
Franklin's Tale; power relations; desire structure; Chaucer's tales; narratives; psychoanalytic theory; desire model; homosexual desire; oedipal resolution, 4013
gender identity; protagonist; medieval literature; Parzival; clothing; masculinity; nudity, 21932
gender representations; girlhood; children's literature; feminism; sex roles; gender conceptualization; sex-role stereotypes, 31234
gender; writing styles; language usage; popular fiction; award-winning fiction; emotional content; publication period, 24862
George Eliot; linguistic representation; metaphors; knowledge; cognition; Middlemarch, 21942
Gustave Flaubert; Madame Bovary; Emma Bovary; author characteristics; psychoanalytic interpretation, 7723
Gustave Flaubert; Madame Bovary; Emma Bovary; author characteristics; psychoanalytic interpretation, 7731
hard-boiled masculinity; narration; fiction; social life, 31024

Harry Potter; butterbeer; alcohol use; attitudes; children; adolescents, 10081
illusory truth; fiction; false memory; source monitoring, 3395
literary epiphany; quantum change; epiphanic intensity; Leo Tolstoy; Fyodor Dostoevsky; intensity; resonance; mystery, 27961
literary work; mental image; reading process; multi-modal imagery; simulation process; somato-viscero-motor system; breathing process, 30757
literature review; reviewer; manuscripts; intellectual discourse, 7296
literature; sport psychology; authors; bibliographic references, 36414
mainstream media sources; nursing literature; nursing research, 10121
male muse; psychic territory; sexualized death; phallic mourning; masculinity; The Man; racial imagery; heterosexual romance, 31033
Mans World; Charlotte Haldane; gender roles; female reproduction; caste system; male dominance; motherhood, 21935
masculinity; character representation; male bonding; material prosperity; Sinclair Lewis; male friendship, 31046
May Sinclair; Modern novelists; psychoanalytic theories; Medico-Psychological Clinic; literature, 31643
memory distortion; fictional adolescent; biographical sketching; subjective past; subjective present; personality change; autobiographical memory, 18394
Naked Lunch; novels; film adaptation; David Cronenberg; psychoanalysis; sexuality; writing; symbolization; body relation; unconscious mind, 18825
narcissism; spirituality; evil; contemporary culture; values; psychotherapy; literature, 18827
narrative; narrativity; narrative definition; misleading paradigm; structural, referential, pragmatic, & value-based features, 34210
nursing literature; families, 8758
Odyssey; home; exile; boundaries; otherness; traveller; discourse; refugees; voice; Odyssey; borders; antiquity; social boundaries; organizational boundaries; other boundaries, 806
postcolonial female subject; history; cultural essentialism; feminist theories; postcolonial writing; Latin America; North Africa, 4011
psychiatrists; fiction reading; humanities; fiction literature, 11982
psychoanalysis; evil; classroom; debates; Othello; psychic meanings, 13110
psychoanalyst; psychoanalysis; literature, 20244
psychoanalytic interpretations; heroism; Holocaust; memoir, 18828
psychological criticism; scientific psychology; Shakespearean imagery choice; Elizabethan age; Walter White, 31032
psychological research; climbers; romanticism; cultural contexts; mountaineering; psychological themes; mountaineering literature; self; identity, 12320
psychology; literature; level of abstraction; narratives; culture, 34191
publishing process; academic marketing discipline; United States; reviewers; editor; author; reviewing, 7288
Queen Christina; gender; feminism; play; patriarchy, 24863
reading; fiction; clinical psychoanalysis; Marcel Proust; psychoanalytic experience; Sigmund Freud, 8472
research literature; pain treatment efficacy; pain assessment; pain measures; pain problems; psychometric issues; reliability; validity, 6244
reviewer readiness; role clarity; ability; motivation; reviewer, 7293
reviewing philosophy; Henry James; respect; generosity; balance, 7291
Sabina Spielrein; literature, 24859
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10077
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10073
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10078
schizophrenia; William Faulkner; language; The Sound and the Fury; literature; comprehension; psychopathology, 10076
sex differences; mate choice criteria; folktales; mate preferences, 22286
Shakespeare play; drama; Aristotelian view; human behavior; fictional social networks; human interaction, 13112
Sigmund Freud; Arthur Schnitzler; psychoanalysis; feminine subjectivity; modernist literature; feminine desire, 31632
Sigmund Freud; reading; books; companionship, 21934
spider woman archetype; social contexts, 25130

Lithium—Serials

systematic destruction of language in G. Orwell's '1984' human experience & eidetic imagination, 13121
treasure hunting; adventure fiction; masculinity; femininity; feminist perspective; narrative; contemporary film, 4015
Ulysses; epic; heroic; Bloomsday; Homer; James Joyce; stream of consciousness; human nature, 34198
World Health Organization; mental health research; journals; scientific literature, 35659

Child sexual abuse and adult sexual risk: Where do we go from here?, 1632
Mediation in cognitive socialization: The influence of socioeconomic status, 1026
Literature Review—Serials
being interesting; challenges; manuscripts; authors; reviewers; editors, 7297
bereavement; grief; inclusion criteria; identification process; literature; reference manager; articles, 27403
journal reviewing; marketing discipline; marketing knowledge, 7298
literature review; reviewer; manuscripts; intellectual discourse, 7296
mental retardation; literature; participant gender; sex; researchers, 16555
publishing process; academic marketing discipline; United States; reviewers; editor; author; reviewing, 7288
reviewer readiness; role clarity; ability; motivation; reviewer, 7293
reviewing philosophy; Henry James; respect; generosity; balance, 7291
sex risk; drug user; psychosocial intervention; HIV prevention; sexual risk behavior; effective intervention methods; study review; theory use, 11683
Literature Review—Chapters
Issues of Reviews and Meta-Analyses of Observational Studies, 302
Writing a literature review, 292
Lithium [See Also Lithium Carbonate]—Serials
5HT2A receptors; platelets; bipolar; schizoaffective; lithium, 5327
affective disorder; therapeutic outcome; auditory-cortex-evoked activity; prophylactic lithium treatment; loudness dependence, 23250
bipolar affective disorder; erectile dysfunction; depressive phase; manic episode; olanzapine; lithium therapy, 26381
bipolar depression; suicide; correlates; lithium treatment; bipolar disorder; risk factors, 31730
bipolar disorder; illness; family history; treatment response; lithium; lamotrigine monotherapy; anxiety-panic disorder, 25545
bipolar disorder; lithium prophylaxis; bipolar patients; rapid cycling; non-rapid cycling, 10748
bipolar disorder; lithium; putative treatments; atypical antipsychotics; mood stabilizers; adverse effects; anti-suicidal properties, 2106
bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine, 5269
bipolar disorder; valproate; lithium; myosin light chain kinase inhibitor; platelets; intracellular calcium increase; serotonin; thrombin, 10048
bipolar patients; lithium inhibitable enzymes; pathophysiology; postmortem brains; inositol monophosphatases; phosphatidylinositol; glycogen synthase kinase; frontal cortex; occipital cortex, 4581
chronic lithium treatment; rats; brain; serum levels; dehydroepiandrosterone; dehydroepiandrosterone-sulphate, 18766
chronic lithium vs sodium valproate, concentration of myo-inositol and inositol monophosphate in rat brains, 760
chronic treatment; lithium chloride; motor behaviour; mice survival; Huntington's disease mutation; neuroprotective properties; anti-depressive properties; rotarod performance, 3994

Volume 91 SUBJECT INDEX

Lithium—Serials

clozapine-lithium pharmacotherapy; treatment efficacy; drug therapy, 20280
conditioned taste avoidance; conditioned taste aversion; ingestive responses; taste reactivity; lithium chloride; bacterial lipopolysaccharide; immune activation; toxin; rats, 9924
controlled lithium discontinuation; bipolar patients; lithium prophylaxis; disorder recurrence, 25607
corticotropin releasing factor; stress responses; valproic acid; lithium; rats, 3904
drug inhibition; morphine analgesia; lithium chloride; naloxone; naloxone methiodide; rats, 30982
elderly people; bipolar disorder; vehicle crashes; impaired memory; slow reaction times; elderly adults, 35526
flavor aversion learning; lithium chloride; reptiles; amphibians, 27629
glycogen synthase kinase-3; bipolar disorder; novel therapeutic agents; signaling pathways; cellular resilience; neuronal plasticity; lithium; molecular targets; drug therapy, 17045
glycogen synthase kinase-3; lithium inhibition; enzyme inhibition; beta-catenin; valproate; carbamazepine; mRNA expression; rats, 9991
inositol monophosphatase; lithium treatment; bipolar disorder; enzyme activity, 20342
lamotrigine & lithium maintenance treatment; recently depressed patients; bipolar disorder; tolerability; efficacy; mood episodes; concomitant drugs; prevention; anticonvulsants, 2151
lamotrigine efficacy; lithium efficacy; placebo; maintenance treatment; bipolar I disorder; manic patients; depressive patients, 20297
lithium augmentation efficacy; antidepressants; treatment resistant depression; protracted mild depression, 23275
lithium augmentation; HPA system; treatment-resistant depression; tricyclic antidepressants; pharmacologic treatment; neuroendocrine studies, 11472
lithium augmentation; hypothalamic-pituitary-thyroid system; unipolar major depressive disorder; augmentation therapy, 23222
lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20369
lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20292
lithium chloride; rat brain; fractional phosphorylation; brain cytosolic phospholipase; protein level; arachidonic acid; phosphorylated protein; brain lithium concentration, 3990
lithium chloride; conditioned taste aversion; associative interference; contextual discrimination learning; fluid ingestion; rats, 3936
lithium treatment; maintenance therapy; bipolar disorder; lamotrigine bipolar trials; disease subtype; treatment adherence; drug tolerability; dose uncertainty, 20330
lithium treatment; nerve growth factor; brain-derived neurotrophic factor; glial cell line-derived neurotrophic factor; rats; depression, 3864
lithium treatment; schizophrenia; antipsychotic medication; clinicians; randomized controlled trials; meta-analysis, 20350
lithium-associated cognitive impairment; negative cumulative cognitive effects; neuropsychological impairment, 11538
lithium; anticonvulsants; drug therapy; lamotrigine; drug interactions; antidepressant drugs; mental disorders; drug dependency, 5132
lithium; auditory gating; bipolar disorder; schizophrenia; psychosis; animal model, 761
lithium; clinical efficacy; bipolar disorder; recurrent affective episodes; gene expression; protein kinase C; glycogen synthase kinase-3; signal transduction pathways, 14157
lithium; colchicine-induced apoptosis; rat; cerebellar granule neurons; mood stabilizers; lithium; valproic acid; neurotoxicity, 27900
lithium; divalproex sodium; thyrotropin; thyroid-stimulating hormone; bipolar disorders; risk factors; lithium-induced hypothyroidism; bipolar youths, 14145
lithium; drug interaction; nonsteroidal anti-inflammatory drugs; rofecoxib; celecoxib, 11542
lithium; valproate; amino acid neurotransmitters; rats; aspartate; glutamate; taurine; gamma aminobutyric acid; alanine; bipolar disorder implications, 759
lithium; valproate; large dense core vesicles; vesicular monoamine transporter; nerve growth factor; PC12 cells; protein expression; neurophysiology, 9968
lithium; valproic acid; treatment effects; brain chemistry; bipolar disorder; gray matter lactate; glutamate; glutamine; gamma aminobutyric acid, 35529
manic depression; pretreatment episode count; prediction; lithium therapy response; course of illness, 5270
mood stabilizers; bipolar disorder; anticonvulsant agents; valproate; lithium; brain, 26343

neurocognitive functioning; long-term lithium treatment; neuropsychiatric disorders; adult neurogenesis; bipolar disorder; drug treatments, 11466
neuropeptide Y; euthymic lithium; bipolar disorder; women; immunoreactivity; platelet cyclic AMP activity; plasma, 34831
placebo; lithium; lamotrigine; maintenance treatment; monotherapy bipolar I disorder; depression; mania; mood episode, 23242
quetiapine; lithium; divalproex; treatment; bipolar mania; tolerability; combination therapy, 29378
schizoaffective disorder; lithium; carbamazepine; prophylaxis; treatment; prophylactic therapy, 23208
selective orexin; receptor antagonist; lithium chloride; behavioral satiety sequence; food intake; anorectic effect; appetite; SB-334867; rats, 21853
thyroid dysfunction; thyroid hormone supplementation; hormone treatment; bipolar disorder, 23289
trichotillomania; lithium; comorbidity; bipolar disorder, 2144
valproate; lithium; neuronal cells; protein levels; anti-apoptotic Bcl-2; glial cells; calreticulin; rat brain; peptide, 18724
venlafaxine; depression; lithium; resistant patients; serotonin syndrome; drug therapy, 8484
white matter hyperintensities; psychiatric disorders; lithium therapy; side effects, 5271
Lithium Bromide [See Bromides]
Lithium Carbonate—Serials
bipolar disorder; divalproex sodium; pediatrics; adolescents; lithium; juveniles, 20324
lithium carbonate; noradrenergic responses; norepinephrine; idazoxan; alpha drenoceptor antagonist; manic depressive illness; sympathetic responses, 18781
lithium toxicity; side effects; renal insufficiency; bipolar disorder; hypercalcemia; food & water aversion, 11467
lithium; mood disorders; neurologist; headaches; child psychiatrist; bipolar disorder; pseudotumor cerebri, 14150
treatment-resistant schizophrenia; childhood onset schizophrenia; clozapine; lithium carbonate; neutropenia; agranulocytosis; white blood count; clozapine challenge; neutrophil count, 2224
Litigation—Serials
chronic pain; work-related absence; work performance; litigation, 16586
cut-off scores; performance profiles; neuropsychological assessment instrument; memory assessment scales; symptom exaggeration; malingering; traumatic brain injury; litigant, 27341
factitious disorder; physical disorder; civil litigation; mortality; pneumonia; cardiac arrest; opioid overdose; septic shock; self-injurious behavior, 28997
litigation-induced trauma sensitization; litigation process; traumatic injury; trauma resolution, 33408
litigation; epidemiology; posttraumatic stress disorder; malingering, 22594
litigation; mental retardation; service provision; class members; quality assurance, 17329
malingering detection; expert neuropsychologists; compensation claim; personal injury litigation; litigant assessment, 30318
mediation; procedural justice; litigation; social processes; legal decision-making, 33444
medical malpractice; malpractice law; personal-injury law; care standards; malpractice litigation; unsafe practices; negligence compensation, 14611
mental institution; psychotic behavior; religious themes; forensic psychiatrist; Elizabeth Smart case; family trauma; crime perpetrator, 6172
MMPI; workplace sexual harassment; psychological condition; forensic evaluation; emotional distress; validity; discrimination litigants; sex discrimination, 24259
psychological testing; emotional damages; personal injury litigation, 6291
tobacco control; Master Settlement Agreement; anti-tobacco policy; tobacco industry; advertising, 13410
Litter Size—Serials
male Mongolian gerbils; newborn male pups; female pups; olfactory control; early parental behavior; pup litter size; sex differences; age differences; mating behavior; mating effort, 490
newborn rabbits; sibling presence; thermal benefits; littermates; thermal efficiency; body temperature, 487
Liver—Serials
hepatotoxicity; citralopram; liver damage; depression; side effect, 26393
human liver microsomes; peripheral metabolism; neurotoxic metabolite; alpha-methylglutamate; in vitro formation; glutathione regioisomers; methylendioxyamphetamine; methylendioxyamphetamine, 12989
liver transplant recipients; alcohol dependency; deaths; liver grafting, 23364

Living Arrangements—Serials

mitogen-activated protein kinase; chronic ethanol treatment; intracellular signaling; angiotensin; phospholipase activation; rat hepatocytes; acute ethanol administration, 21923
receptor expression; liver interleukin-6 receptor-alpha; animal sex differences; ethanol-consuming rats; gene expression, 33996
thiol conjugate excretion; valproic acid; high risk epilepsy patients; monotherapy; polytherapy; hepatotoxicity; age effects, 17164
Liver Disorders [See Also Hepatitis]—Serials
alcohol withdrawal syndrome; liver disease; seizures; disordered perceptions; delirium; heavy drinkers, 19646
anorexia nervosa; liver damage; multiorgan dysfunction, 25991
health status; end-stage liver disease; health-related quality of life; health-status questionnaires; utility assessment techniques, 26024
magnesium pemoline; drug safety; hepatic treatment; possible risks; liver treatment, 8640
nefazodone; antidepressant drugs; major depression; liver disease; acute liver failure, 26351
Living Alone—Serials
cancer information services; living arrangements; living alone; emotional support, 29591
caregivers; Alzheimers disease; living alone; spousal caregivers; co-resident adult children; caregiving impact, 14420
dementia; living alone; managing risk; risk taking, 14424
disability onset; household composition; elderly men; widowhood; living alone; family, 28152
home-based nursing program; diabetic control; diabetes mellitus; elderly diabetics; program evaluation; living alone, 29708
low physical function; instrumental activities; standardized clinical measures; IADL; rehabilitation; elderly inner-city women, 17421
marital status; parental status; informal support; living alone; filial supportcommunity dwelling; older people, 35754
social support; living alone; loneliness feeling; elderly population; activities of daily living, 22132
Living Arrangements [See Also Cohabitation, Living Alone]—Serials
cancer information services; living arrangements; living alone; emotional support, 29591
caregivers; Alzheimers disease; living alone; spousal caregivers; co-resident adult children; caregiving impact, 14420
child living arrangements; family forms; family diversity; parental cohabitation; marriage; 1946-2001, 31347
depressive symptoms; immigrant status; living arrangements; middle-aged adults; older adults; immigrants; nonimmigrants, 19408
domestic assistance; financial assistance; physical assistance; extended family residence; elderly men; Mexico, 25091
elderly parent; ethnic/racial diversity; intergenerational support relations; young adulthood; home sharing; collectivist systems; socio-demographic factors; co-residence attitude; aging families, 16062
household composition timeline; field research; participatory research; agriculture; gender; methodology; kinship charts; agricultural household units; household living arrangements, 10310
housing market conditions; residential independence; housing costs; older couples; living arrangements, 10293
independent living; developmental transition; substance abuse; at risk population; family of origin; alcohol abuse; drug abuse, 25890
intergenerational triads; grandparent headed families; caregivers; grandchildren; grandmothers; well being, 19056
living arrangements; adolescent deviance; maltreated children; risk factors, 1584
living arrangements; homeless; mental illness; case management; housing arrangement, 28608
living arrangements; university students; identity development; adult identity; independent living; personal development, 873
marriage; social inequality; same-sex marriage; equal rights; power; violence; abuse; living arrangements; partnership registration, 28332
married individuals; cohabitating couples; cohabiters who marry; well-being, 22207
medicaid; developmental disabilities; intermediate care facility; long-term care services; nursing facility, 35752
nonresidential parenting; divorce; parenting; geographical distance; challenges; strengths, 10378
offspring; suicide risk; women; children living at home; children living away from home, 19592
older people; living arrangements; Belgium; household; living alone, 7453
orphans; Acquired Immune Deficiency Syndrome; migration experiences; successful migration; urban communities; rural communities; households, 35224

Volume 91 SUBJECT INDEX

Living Arrangements—Serials

service user satisfaction; living arrangements; intellectual disability; older adults; residential placement; service planning; quality of life, 23586

student integration; living situation; study habits; college students, 33154

Living Wills [See Advance Directives]

Lobotomy [See Psychosurgery]

Lobotomy [See Psychosurgery]

Local Anesthetics [See Also Cocaine, Lidocaine, Quinine]—Serials

sciatic nerve blockade; tricyclic antidepressants; local anesthetic; sciatic nerve functions; bupivacaine; amitriptyline; rat sciatic notch, 15811

Localization (Perceptual) [See Perceptual Localization]

Localization (Sound) [See Auditory Localization]

Locus Coeruleus—Serials

corticotropin-releasing factor antagonist; locus coeruleus; freezing behavior; brain catecholamines; rats, 518

corticotropin-releasing factor; receptor antagonist; exploratory behavior; monoamines; transcription factor; rats, 27921

fluoxetine administration potentiates; olanzapine; locus coeruleus neuronal activity, 24848

gamma aminobutyric acid agonists receptor; locus coeruleus; picrotoxin; rapid eye movement sleep; Na-K ATPase enzyme; rats, 30983

gamma-hydroxybutyrate treatment; narcolepsy; locus coeruleus norepinephrine neurons; rats; spontaneous firing, 21744

hypersecretion; corticotropin releasing factor; locus coeruleus; plasma adrenocorticotropin; increased production; CNA; receptor; CRFR; stressed induced rats; depression, 690

locus coeruleus; neonatal handling; cells; rats; neuroanatomy; behavior; stress responses, 592

neuron loss; Alzheimer disease; cholinergic nuclei; aminergic nuclei; cholinergic nucleus basalis; noradrenergic locus coeruleus; dopaminergic substantia nigra; serotonergic dorsal raphe nucleus, 5030

Locus of Control [See Internal External Locus of Control]

Logic (Philosophy)—Serials

decision theoretic analysis; deontic reasoning; indicative conditional probability; acceptability judgment; unacceptability; deontic conditionals; psychological research; permission rules, 24461

electronic voting system; logic lectures; electronic handsets; students; television shows, 26911

empirical generalization; artificial intelligence; computer programs; logical process; realism, 36499

issue preface; formal reasoning; rational thought; logically valid inferences; cognitive study, 24475

knowledge engineering; requirement inconsistency; ranked agents; merging requirement; information fusion; logic based framework; beliefs; real world representations, 6145

natural science; atomic facts; logical space; logical atomism; natural science; information philosophy, 36498

prefactual possibilities; future; counterfactuals; indicative conditionals; true possibilities; implied meaning; consistent possibilities; judgment; presupposed facts, 24421

theoretical approaches; theoretical traditions; intersubjectivity; otherness; logic of supplementarity, 1070

Wittgensteinian evaluative criteria; quantitative theory; categorization; ambiguity; logical rigor; simplicity; dynamics, 24550

Logic (Philosophy)—Books

Relevance in argumentation, 831

Logical Thinking—Serials

analogue mapping; associative projective neural networks; structure sensitive distributed representations, 36518

circular reasoning; arguments; reasonableness; repetition; claim structure; reasoning judgment, 15283

cognitive approach; marketing; intelligence; SWOT framework; managerial core logic; management planning, 30168

conditional probability; conjunctive probability; judgments; conditional statements, 30687

conjunction fallacy; sentence construction pairs; reasoner interpretation; subjective probability; reasoning; pragmatics, 24474

connectionism; discourse processing; inference; recurrent networks; reasoning; logical ordering; narratives; coherence, 18004

consequential conditionals; outcomes; invited inference; suppressed inference; if then statements, 9633

cooperation; psychological game theory; rationality; social interaction; rational choice theory; social dilemma, 16248

deductive rationality; reasoning; implicit processes; explicit processes; logic; dual processing; timing constraint; inferences, 386

economic phenomena; two-tier rationality; two-tier reflexivity; ethnomethodology; economic theory; instrumental rationality, 16097

epistemological norms; student familiarity; fallacious argument identification; informal reasoning; argument fallacies; invalid arguments; argumentation; norms awareness; norms identification tasks, 12166

individual differences; deductive reasoning; intellectual ability; thinking style; logic; syllogisms; indicative selection, 12653

information; category; generalization; logical structure; label, 31533

irrational decisions; cognitive-experiential self-theory; optimal response; cognition scale; low probability; numbers; ratio; judgment, 355

logic; semantic theory; cognitive science; conditional reasoning, 27520

logical connectives; mental representation; language; cognition; reasoning, 24471

logical reasoning deficits; schizophrenia, 10785

monadic second-order logic; regular languages; declarative description language; finite state transductions; logic formulas; automata; replacement operators; NLP; automation toolkit, 17981

natural science; atomic facts; logical space; logical atomism; natural science; information philosophy, 36498

prefrontal cortex; inductive reasoning; deductive reasoning; neural processes, 34025

propositional reasoning; instructional simulations; classroom context; teacher effectiveness; student grading, 33056

research participants; conversational logic; performance rewarding; reasoning performance; researcher interaction, 27505

secondary mathematics teachers; mathematical definition; school mathematics; teacher educators; logic; pedagogy; periodic function; periodicity; constant function, 2709

sylogistic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3365

sylogistic reasoning; semantics; quantification; generalized quantifiers; monotonicity; theories; logical thinking; inference, 3354

understanding; structural alignment; analogical learning; abstraction; eighth graders; analogical reasoning; structure mapping, 30038

Logical Thinking—Books

What would Aristotle do? Self-control through the power of reason, 4472

Logistic Regression—Serials

caregiver strain; logistic regression model; prediction; negative affectivity; perceived functional ability; stroke patients; spouses; carer mood, 8787

logistic regression models; inter-rater agreement; covariates; dichotomous outcome; chance agreement; child psychopathology, 15130

multiple logistic regression; adolescent marijuana use; clinical features; artificial neural networks; marijuana dependence, 19694

public health; classification and regression tree analysis; methodology; health-related behavior; segmentation strategies; at risk populations; logistic regression; decision making, 9540

Logotherapy—Serials

disability acceptance theories; logotherapy; counseling relationship; professional awareness; personal processes; chronic illness; noetic dimension; disabled patients; meaning of life, 16933

humor; logotherapy; value realms; tragic triad, 16934

logotherapy; cognitive therapy; therapeutic interventions; human suffering; human psyche; psychotherapy; negative nature; human free will; therapeutic endeavor, 16905

logotherapy; self-help; spiritual dimension; clinical practice; wisdom, 32257

martial arts benefits; logotherapy; Viktor Frankl; existential analysis; meaning potentials; self-transcendence; freedom; experiential meanings; martial arts, 16923

noetic dimension; human ontology; existentialism; logotherapy; physical dimension; human existence; human genome; human spirit; psychological dimension; ethical meanings; morals; conscience; values, 15834

Noguera RESPECT program; youthful violence; existential vacuum; logotherapeutic approach; cultural phenomenon; moral education; the meaning factor; violence learning; aggression; RESPECT, 16939

Loneliness—Serials

academic performance; overseas study quality; Taiwanese graduate students; English writing skills; engineering degree; loneliness; majoring, 5917

brief meditation program; health effects; well being; loneliness, 17101

bullying; victimization; friendship; loneliness; males; females; gender, 13694

bullying; victimization; friendship; loneliness; males; females; gender, 22622

cancer patients; multiple sclerosis patients; loneliness, 25486

causes of loneliness; terminal illness; multiple sclerosis; cancer; sex differences, 11168

childhood loneliness; conversations; children; game-playing approach; subjective experiences; measurement, 4135

childhood trauma; abandoned child; female patient; interference; treatment, 20261

children perceptions; loneliness; teachers interventions, 20851

culture; pathology; Flathead loneliness disorder; depressive disorder, 34843

friendship experiences; children's loneliness; depression; psychological adjustment; relationship development; popularity; friendship quantity; friendship quality, 1004

gay adolescents; lesbian adolescents; loneliness, 7585

internet use; social interaction; depressed individuals; psychosocial distress; psychosocial health, 4020

loneliness; adolescents; young adults; Ecstasy; MDMA; coping strategies; drug use; Ecstasy drug users; non-Ecstasy drug users; non-drug users; gender differences; methylenedioxymethamphetamine, 16506

loneliness; elderly people; Ghana; life conditions; rural community; companionship; respect; wisdom, 31280

loneliness; Internet use; social behavior; social interaction, 4367

loneliness; neuroendocrine responses; cardiovascular responses; inflammatory stress responses; affective state, 24768

loneliness; older adults; cross-cultural differences; loneliness level; partnership; kinship; friendship, 31281

loneliness; seniors; methodology; findings, 31277

love styles; gender differences; loneliness; love status; foreign language translation; UCLA Loneliness Scale; Love Attitude Scale; Portugal test versions, 18969

old age; loneliness, 31276

peer victimization; adolescent development; social anxiety; loneliness; bullying; gender differences; relational & overt victimization; prosocial behavior, 1015

peer victimization; social anxiety; loneliness; adolescent females; prosocial behaviours, 25063

psychological well-being; childlessness; loneliness; depression; older adults, 25148

psychometric properties; Loneliness and Social Dissatisfaction Scale; African American children; Hispanic American Children, 18100

relational patterns; social alienation; coping strategies; family dynamics; loneliness; Northern American culture, 7538

response options; self-reports; UCLA Loneliness Scale; frequency scale effects; response option frequency range, 10611

self-criticism; dependency; individual differences; self-silencing; loneliness; depression; mediational model; romantic relationship status, 7668

Social and Emotional Loneliness Scale for Adults; short form; reliability; validity, 9387

social isolation; cross national comparisons; loneliness; older people, 31271

social isolation; social factors; loneliness; predictors; old people; health factors; rural people; urban people, 31273

social loss; fMRI study; methodology; implications, 610

social support; living alone; loneliness feeling; elderly population; activities of daily living, 22132

undergraduate college students; alcohol use; diffidence; introversion; loneliness; self-esteem; self-presentation model, 25886

youth suicide; street youth; loneliness; hopelessness; street life; social stigma; drug abuse; worthlessness, 34976

Long Term Care—Serials

activity participation; well-being; dementia patients; long-term care settings; nursing home residents, 22921

acute confusion risk; sensory impairment; elder care; geriatric syndrome; long term care; hearing impaired; visually impaired, 20596

Algae Wandering Scale-Version 2; age differences; Alzheimer's disease; spatial disorientation; attention shift; eloping behavior; persistent walking; care environment, 6328

assisted living; consumer discourse; cultural construction; organizational strategies; consumer choice; consumer independence, 35733

assisted living; consumer discourse; cultural construction; organizational strategies; consumer choice; consumer independence, 35722

client abuse; client neglect; agency-based home care; consumer-directed home care; workers abuse; long term care; Americans; social workers; care models; disabled clients; client referrals, 8795

dementia; pain; behavioral disturbances; quality of life; long term care; activity of daily living, 35727

depression identification; long-term care setting; nursing home residents; Geriatric Depression Scale Short Form; Minimum Data Set; aging; validity, 24245

developmental disability; aging; family member support; sibling support; postparental care; sibling carers; sibling relationship; support network, 28899

disease management; bipolar disorder; long-term maintenance treatment; diseased patients, 7840

educating; LTC staff; therapeutic environments; resource for evaluation and modification of dementia environments for living; REMODEL; LTC; dementia residents; caregivers, 12025

family metaphor; staff communication; death; dying; caregiving staff members; nursing home residents; disenfranchised grief; professional distance; social construction; deceased residents, 20600

food service practices; recommended dietary allowance; long-term care facility; healthy eating; energy level; Canada, 8811

health insurance coverage; mental health services; middle class families; mentally ill child; long-term care; child relinquishment; child custody; legislation, 26633

informal long-term care; patients; depression; quality of care, 26680

institutionalized psychogeriatric patients; patient satisfaction; family's satisfaction; quality of care; long term care; medical components; nursing; patient care; geriatric patients, 14448

long-term care facility; protein levels; medication pass supplement program; prealbumin measures; body weight; elderly; disabled; meal intake; nutrient dense supplement; nursing protocol, 8812

long-term care insurance system; communication task; recording task; nursing care services; information technology; service quality, 29724

long-term treatment; selective serotonin reuptake inhibitors; posttraumatic stress disorder; psychiatric comorbidity; secondary prevention; treatments; PTSD prevention; chronicity; early intervention, 13587

major depression; skilled-nursing settings; long-term care settings; nursing home residents; treatment quality; quality improvement, 26682

medicaid; developmental disabilities; intermediate care facility; long-term care services; nursing facility, 35752

mobility technology; long term care; health needs; disability, 29579

normative needs; long-term community care; chronic schizophrenic patients; mental health care, 29686

observational study; vibrotactile rhythm playing; seniors; long term care; nursing home residents; day program participants; drum circle program; music, 32730

Omnibus Budget Reconciliation Act of 1987; medication prescription; physical restraint; nursing home residents; psychotropic drugs; long term care; public policy; quality of life, 5650

parental experience; health care services; long-term ventilation; families experience; commissioning services; providing services, 26596

psychiatric disorders; psychotherapy; addictive personality; bulimia; drug addiction; interventions; behavioral interventions, 14073

psychiatric services; charitable facility; intellectual disabilities; anti-convulsant drugs; polypharmacy; mental health needs; neuroleptic drugs, 35773

psychosocial status; long term care; nursing home; assisted living facilities; family care homes; quality of life, 35737

resident behavior problems; clinical management; long term care facilities; service providers, 14589

residential care facilities; chronic mental illness; cooperative apartments; community care; personal care; nursing homes, 32726

residential facilities; long-term psychiatric care; mentally ill; structure data; process data; outcome data, 29721

severely mentally ill; long-stay population; lay residential community; residential care; ethnography, 26691

smoking cessation advice; licensed nurses; nursing assistants; job classification; resident disinterest; institutional support; safety concerns; long-term care; intervention opportunity, 13413

status epilepticus; developmental disabilities; long-term care facility; total seizure time; treatment protocol; neuronal injury; intravenous access; diazepam rectal gel, 5420

substance abuse treatment; solution-focused therapy; therapeutic community; long term residential care; day treatment, 8870

teaching staff; cognitively impaired; impaired residents; self-protective behaviors; educational program; staff knowledge; staff skill; staff confidence; long-term care residents; patients, 12029

therapeutic relationships; long-term care facility; healthcare environment; emotional well-being; physical suffering; sick person; nurses, 5748

Long Term Care—Chapters

Autonomy and consumer empowerment: Making quality of life the organizing principle for long-term care policy, 17343

Long Term Memory—Serials

acquisition; free recall; forgetting; verbal information; long-term memory; young individuals; middle-aged individuals; elderly individuals, 3385

amnesia; short-term memory; long-term memory; episodic long-term memory; semantic long-term memory; encephalopathy, 4975

amyloid β protein; neuronal fibrillogenesis; long-term memory; crabs; Alzheimer's disease implications, 9883

antiepileptic drugs; long-term memory; anticonvulsant activity; passive avoidance task; astemizole; histamine antagonist; maximal electroshocks; mice; epilepsy, 788

brain asymmetry; long-term memory; brain laterality; fruit flies; *Drosophila melanogaster*; memory retrieval, 34054

categorical perception; stimulus continuum; long term memory; phonemes, 9619

cellular change; neuronal responsiveness; long term memory; neurons, 578

cellular prion protein; physiological functions; antibody; memory retention; locomotor activity; behavioral parameters, 7166

conditioned taste aversion; short-term memory; long-term memory; antimetabolite; rats; learning, 6688

dementia; memory intervention; training; adjusted spaced retrieval; errorless learning; Alzheimer's disease; alcohol induced memory impairment; long term memory, 19993

drosophila; long term memory; catepsin activity; gene expression; cysteine proteinases; olfactory memory; peptide, 30768

gene expression; long-term memory; chick brain; hyperstriatum ventrale; imprinting; brain region changes; amyloid precursor protein, 15583

genomic effects; nongenomic effects; intrahippocampal microinjection; androgens; testosterone; long-term memory; intracellular receptors; neuronal excitability; male adult rats, 30992

hippocampal protein synthesis; cAMP-dependent protein kinase; mitogen-activated protein kinase; rats; short term memory; long term memory; inhibitory avoidance task, 34174

inducible repression; amygdala dependent memory; calcium responsive element binding; long term memory; memory deficits, 34032

infants; long term memory; music; tempo; timbre, 24987

infants; long-term memory; sound patterns; words; voices; phonological patterns; indexical properties, 4104

inhibitory control; long-term memory; temporal lobes; frontal lobes; brain damaged patients; frontal lesions; temporal lesions, 4980

life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27729

life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27765

life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27766

life history strategies; latent semantic analysis; corticocortical connections; context; countercurrent; hippocampus; neocortex; life span, 27754

long term memory retrieval; use of analogues in problem solving; analogy; cross cultural differences; transfer, 30660

long-term memory enhancement; aging; aged impaired memory; rats; spatial memory; BIBN-99; memory performance; spatial learning; reference memory, 3967

long-term memory formation; long-term potentiation; neuronal plasticity; mice; RAS proteins; RIN1; amygdala; aversive memory formation, 21571

long-term memory; conditioned aversion; rat fetus; prenatal learning; embryonic development, 18453

long-term memory; consolidated long-term memory; memory stages; mollusks; consolidation; retention, 9831

long-term memory; illiteracy; literacy; older people, 28147

long-term memory; personal traits; collective self; self-reference effect; cultural background; memory paradigm; personal self; working self; individualism; collectivism; self-schema; self concept, 7653

long-term memory; polyADP-ribosylation; neurons; alysia; nuclear proteins; DNA damage; eukaryotic cells; polymerase, 27688

long-term retention; Arabic numerals; differential numeral values; chimpanzees; computer monitor; magnitude estimation; magnitude representation; cognitive processes; discrete representation, 24556

long-term retention; spatial mental model; younger adults; older adults; knowledge structures, 28072

memory formation; cell-permeable phospholipase; neurons; long-term spatial memory; C gamma 1 binding cell-penetrating peptide, 24651

memory formation; time-dependent long-term stage; temporal parameters; passive avoidance task; spatial learning task; retention; chicks, 21432

memory function; prenatal alcohol exposure; visuospatial learning; verbal learning; long-term memory; short-term memory, 34186

memory performance; gray matter volumes; executive function; white matter hyperintensities; aging, 27803

memory strategy; behavioral performance; mnemonic processes; brain activation; long-term memory; short-term memory, 3713

mental relaxation; long-term memory; incidental visual memory; memory retention, 24508

metaknowledge; metacognitive processes; long-term memory; natural categories; semantic memory, 24482

mobile phone; undergraduate students; long-term memory; phone exposure; spatial errors, 21990

monkeys; long term retention; food array size selection; reverse-reward contingency; nonpreferred food; transposition; self control, 12730

N-methyl-D-aspartate receptors; long-term memory; spatial memory; black-capped chickadees; hippocampal formation; birds; animal learning; food storing; hidden food caches; synaptic plasticity, 12884

neurons; long-term memory storage; cognitive function; hippocampus; monkeys; neocortex, 21586

noradrenergic action; prefrontal cortex; memory consolidation; beta receptors; prelimbic region; prefrontal cortex; noradrenaline; long-term memory consolidation, 33942

novel picture pairs; perirhinal cortex; encoding; retrieval; medial temporal lobe; brain; visual associative memory; long-term memory; fMRI; paired associates, 9875

perception; awareness; visual information; long term memory, 30705

prediction; short term memory; long term memory; pain intensity; pain unpleasantness; root canal therapy, 23375

prefrontal administration; long term memory; fear conditioning; rats; prefrontal cortex; trace conditioning; Pavlovian conditioning; extracellular signal regulated kinase phosphorylation; dopamine, 34175

repetition effects; memory representations; famous faces; differential involvement; episodic representation; face representation, 12915

salivary cortisol; short term memory; long term memory; emotional faces; stress hormone cortisol; episodic memory; emotional events; stimulation; spatial memory, 27561

schizophrenia; schizophreniform disorder; schizoaffective disorder; cognitive processing speed; long term memory deficit; central executive function, 1477

stimulus intensity; stimulus frequency; acoustic stimulation; complex rhythm stimulus; long term memory consolidation; chicks; passive-avoidance task, 12742

sublexical representations; visual word recognition; perceptual process; long-term memory, 33779

synaptic connections stability; cortical circuits; long-term information storage; brain imaging; topographic maps, 15548

task span; task names; stimuli lists; task performance; memory span; executive control; memory storage; task switching; long-term memory; retrieval; working memory, 21337

visual memory; object memory; scene representation; natural scenes; long-term memory component; visual short-term memory; recency advantage; memory systems; target object; visual form, 21375

visuospatial information; long-term memory; unilateral anterior temporal lobectomy; mesial temporal lobe; facial recognition; visual patterns, 13932

working memory performance; negative emotional content; negative information; working memory tasks; performance, 6622

Long Term Potentiation [See Postactivation Potentials]

Longevity [See Life Expectancy]

Longitudinal Studies [See Also Prospective Studies]—Serials

applied longitudinal methods; aging research; quantitative statistical techniques; multilevel modeling; structural equation modeling, 7462

Bayes estimators; Bayes risk; empirical Bayes estimators; longitudinal designs; mean squared error; multilevel analysis; ordinary least squares estimators; robustness; random coefficients, 236

domestic violence; batterers; phoning logistics; longitudinal follow-up study; partner abuse; response, 24343

longitudinal research; demand-control-support model; job strain; job demands; job control; work characteristics; health; well-being, 2949

longitudinal research; occupational health psychology; causal relations, 12568

longitudinal studies; methodology; Collaborative Longitudinal Personality Disorders Study; Collaborative Depression Study; Harvard/Brown Anxiety Research Program; remission; recovery, 4574

participant retention; research participants; longitudinal research; follow-up studies; Parkinson's disease; caregivers, 27421

Volume 91 SUBJECT INDEX

Longitudinal Studies—Serials

retest effects; longitudinal assessments; cognitive functioning, 30389
structural equation models; modeling; alternative models; longitudinal data; academic motivation; academic competence, 240
Lorazepam—Serials
acute treatment; psychotic agitation; oral treatment; intramuscular treatment; risperidone; lorazepam; haloperidol, 23228
benzodiazepines; memory; stem-completion tasks; lorazepam; flunitrazepam; perceptual priming, 767
chronic alprazolam treatment; lorazepam; anxiety; depression; plasma cortisol; drug administration; memory assessment; parallel design; chronic effects; cortisol levels, 20379
clonazepam; lorazepam; acute mania; placebo; haloperidol; lithium; Bayesian meta-analysis; random trials; fixed trials; treatment effects, 17038
high-potency benzodiazepines; alprazolam; clonazepam; lorazepam; anxiety disorders; pharmacology, 23276
lorazepam; visual information processing; visuo-perceptual impairments; diazepam; placebo; masking, 27889
status epilepticus; developmental disabilities; long-term care facility; total seizure time; treatment protocol; neuronal injury; intravenous access; diazepam rectal gel, 5420
Lordosis (Animal) [See Animal Sexual Receptivity]
Loudness [See Also Noise Levels (Work Areas)]—Serials
affective disorder; therapeutic outcome; auditory-cortex-evoked activity; prophylactic lithium treatment; loudness dependence, 23250
apoptosis suppression; cochlea; sound conditioning; noise induced hearing loss; low level non damaging sound; acoustic trauma; cytoplasm; neuroprotective gene, 8346
hearing aid; hearing loss; gender; declined amplification; loudness, 8339
loudness dependence; serotonergic dysfunction; auditory cortex activity; dipole source analysis; serotonergic activity; potential amplitudes; schizophrenia, 7880
loudness recruitment; inner-ear hearing impairment hearing impairment; auditory evoked magnetic fields; auditory cortex; loudness sensation, 15665
loudness; complex electrical stimuli; sequential current pulses; cochlear implants; sound processing; model, 17181
sensory enhancement; loudness; visual stimulation; concurrent light presentation; white noise, 33694
sound-pressure level; SPL; attenuation; Florida scrub habitat; sound propagation; loudness; acoustic reflexes, 15360
tryptophan depletion; auditory event related potentials; central serotonergic activity; amplitude slope; stimulus intensity; loudness; amino acid, 12775
voice classification; perception; timbre; pitch; multidimensional scaling; female singing voices; dissimilar voices, 15247
Loudness Perception—Serials
auditory adaptation; contrast; ipsilateral comparison paradigm; loudness adaptation, 6540
Love—Serials
abuse; intimate relationships; Anglo-American social work; love relationships; structural feminism; social workers, 10495
analyst's feelings; countertransference love; purposeful self-disclosure; falling in love, 2109
as-if personalities; lifestyle change; The Hours; love; relationships, 25383
breastfeeding; love; public health; mother child interaction; lactation, 29544
Circumplex; dependency; self-criticism; depression; rejection; roommates; love; dominance, 7688
close relationships research; couple & family therapy; shared therapist interests; clinical case example; therapy measures; styles research; Love Styles theory; love theories, 11424
depressive symptoms; romantic involvement; adolescence; preoccupation, 25012
desire; Nepali love letters; romantic love; female literacy rates; gender hierarchies, 16245
gender imbalance; emotional work; psychological distress; gender divisions; marital love; marital conflict; couples, 34494
hemispheric dominance; hypothalamic digoxin; neurotransmitter patterns; love; arranged marriage; affection, 15530
hormonal changes; falling in love; pituitary hormone; adrenal hormones; gonadal hormones; human pair formation; long-lasting relationship; single individuals; cortisol levels, 27841
humankind lovers; Mr. Rogers; Kathe Kollwitz; life histories; loving action; compassionate living; artist; traumatic events; victims; caregivers, 31299

love styles; gender differences; loneliness; love status; foreign language translation; UCLA Loneliness Scale; Love Attitude Scale; Portugal test versions, 18969
love styles; romantic love experiences; emotional experiences; self-perceptions; partner impressions, 25271
love themes; popular music; romantic satisfaction; love music, 13464
love: dissociation; discipline; therapeutic relationship; relational perspective; transference; countertransference, 26327
love: dissociation; discipline; therapeutic relationship; relational perspective; transference; countertransference, 26311
love: evolutionary psychology; love addiction; sexual passion; sexual instincts; ego instincts; attachment; psychoanalytic theory, 1315
love: interpersonal relationships; emotions; attachment need; social perception, 31474
love; marriage; legal rights; same-sex couples; lesbians; gay; sexual orientation; commitment ceremony; homosexual relationship, 28328
love; marriage; obsessive neurotic; misrecognition, 19557
love: multiple meanings; ego states, 1312
loving styles; personality dimensions; attachment styles, 22339
narcissistic relationship; intimate relationships; superego level; love relationships; intrapsychic reality; female bodies; Dead Ringers; David Cronenberg, 18830
Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34740
Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34741
romance; remaining in love; therapeutic implications; relational factors; romantic love; research findings, 7604
romantic love; sexual desire; neurobiology; gender differences; sexual orientation; evolution, 25212
romantic love; sexual passionate love; spiritual companionate love; advertising attitudes; pleasure; arousal, 12347
romantic relationships; relationship commitment; love; equity; university students; relationship alternative perception; steady dating relationship; respondents feelings; relationship evaluation, 16249
sexual identities; intimate relationships; social construction; sexuality; romantic love, 25301
subjective well-being; love types; cross-cultural differences; individualistic culture; collectivistic culture; emotions; life satisfaction; US; Korea, 22288
work & love relationship; career burnout; couple burnout; counseling, 17784
Low Birth Weight [See Birth Weight]
Lower Class—Serials
decontextualized language strategies; low socioeconomic status; storybook reading; mothers; preschool age children, 34514
psychosis; poverty; mentally ill; lowest socioeconomic groups; psychotic symptoms; antipsychotics, 22554
welfare recipients; poor people; attributional information; political discussions; social scientists; political domain, 13452
Lower Income Level—Serials
achievement gap; high-poverty school; high-performance school; academic performance; low-income children; peers; low-income families; Golden Spike Schools, 36163
adolescents; standardized tests; test performance; test scores; stereotype threat; gender & race gaps; achievement; math & intellectual abilities; Blacks; Hispanics; low-income; females; intervention, 9475
adult hunger; child hunger; maternal risk indicators; low income; homelessness; female-headed families, 22168
African American attitudes; tobacco products; low-income smokers; tobacco control; cigarette excise taxes, 4312
African Americans; infant outcomes; home visits; daily living skills; community residents; Mexican Americans; minority families; inner city; low income families; maternal outcome; infant outcome, 11728
alcohol use; pregnant women; demographic variables; prenatal alcohol consumption; postconception drinking; prevalence rates; minority women; Hispanic women; risk status, 13749
behavior problems; preschool children; low income families; preschoolers; toddlers, 13713
cancers news; cancer education; culturally competent approach; inner city community; ethnic minorities; socioeconomically disenfranchised communities; health problems; cancer, 35690
Center for Epidemiologic Studies Depression Scale; factor structure; low income women; primary care clinics; depression screening, 24282

Lower Income Level—Serials

Child Behavior Checklist; low-income; African American; test items; teacher-parent agreement; behavior problems, 21128
community leaders; self contentedness; low-income communities; community psychology, 31498
community technology center; policy implications; youth; social good; low income neighborhood; policymaker rhetoric; internet access, 13131
condom use; sexually transmitted disease; at risk populations; low income populations; African Americans; preventive behaviors; males; STD clinic, 34545
convergent validity; low-income population; minority; health status, 12513
early intervention; disabled children; families; characteristics estimates; low-income families; ethnic minorities; foster care; males, 29227
educational outcomes; low income children; neighborhood effects; gender differences; relocation; poverty; achievement; grade retention; suspensions; expulsions, 26929
episodic homelessness; housing; adult childbearing women; low-income women; child care; well-being, 10320
evidence based preventive services; community health clinics; low income; population characteristics; health screening; ethnic minority; immigration; private doctors; primary health care, 11802
externalizing problems; internalizing problems; low-income; Latino early adolescents; risk factors; mother child relationship; maternal monitoring; adjustment outcomes, 31670
false-belief understanding; low-income population; verbal ability; social competence, 13203
father-child communication; mother-child communication; toddlers; low-income families, 25176
financial management training; low-income consumers; curriculum development, 33327
gay men; support services; heterosexism; service delivery; aged care; Whites; low income, 28356
informal caregiving; low-income women; welfare reform; caregiving responsibilities; caregiver burden; employment maintenance; welfare-employment transition, 29709
language development; Latino children; fictional narratives; sentence organization; developmental differences; low-socioeconomic status community, 13195
low income pregnant women; prenatal alcohol use reports; prenatal alcohol exposure; public health, 10441
low-income African-American; sociocultural factors; protective factors; smoking attitudes; stress relief benefits; cigarette smoking; sociocultural factors; smoking patterns, 16224
low-income parents; Free Early Readiness Program; parental attitudes; social support, 28276
low-income preschoolers; false-beliefs; Head Start, 10175
lower income urban women; paid informal work; economic gain; employment profiles, 4192
male employment; low-income urban neighborhoods; black men; black male joblessness; metropolitan areas; employment trends; employment rates, 9064
maternal attributions; parenting style; low-income families; child maltreatment; at-risk infants; neonatal status; maternal depression, 13146
maternal employment; depressive symptoms; parenting style; low-income mothers; Head Start, 19395
medical education; deprived communities; community-based education; patient involvement; medical students; carers; socioeconomic status, 23435
mental health research; low income countries; middle income countries; developing countries; scientific journal, 29578
microenterprises; microenterprise assistance programs; low-income women; labor market; household income; poverty status; self-employed women, 29698
mother-infant interaction; interaction patterns; low-income families, 10408
narrative skills; theory of mind; low-income preschoolers; African American preschoolers; European American preschoolers, 36151
nutrition intervention; supplemental nutrition program; low-income women; dietary risk factors; calories from fat; fruit intake; vegetable intake; fiber intake, 14328
nutrition; nutritional deficiency; low income; mothers; daughters; African American, 23455
out-of-school care; problem behavior; low-income adolescents; individual characteristics; family characteristics; neighborhood characteristics; added risks, 31857
pap smear; fecal occult blood testing; cancer screening; mammography adherence; clinical breast exam; low-income women; health care services, 8657
Parenting Wisely; parent training; low-income families; single-parent families; CD-ROM instruction, 20536
Peabody Picture Vocabulary Test; African American children; low income; test performance; Head Start program; vocabulary usage, 15939

Volume 91 SUBJECT INDEX

Lower Income Level—Serials

practitioner relationships; quality of care; low-income persons; serious mental illness; psychiatric disabilities, 29279
prenatal care use; low income women; health care system perceptions; service attributes; service provider characteristics, 17330
prevention; summer reading declines; disadvantaged children; summer vacation; reading achievement, 5832
public insurance; private insurance; state program; low-income population; family response; employer response; Medicaid, 16885
recipe booklet; nutritional education; fruits consumption; vegetables consumption; low income household, 35662
risky firearms behavior; low-income families; elementary school children; poverty; crime fear; crime victimization; firearms storage, 25128
role strain; low income mothers; parenthood; employment; family responsibilities, 34492
salivary cortisol; posttraumatic stress disorder; adult trauma; low income women, 19564
social support; low-income mothers; single mothers; grief; isolation; loss; concerns; resilience, 25173
summer reading; ethnic achievement gap; low-income students; reading; books; reading proficiency, 36159
teacher ratings; low income families; kindergarten children; academic competence; literacy & math skills; educational values; parents; perceived differences; instructional skills, 2695
trustworthiness; service organizations; low-income neighborhoods; government agencies; hospitals; churches, 29703
welfare recipients; poor people; attributional information; political discussions; social scientists; political domain, 13452

Lower Income Level—Chapters

Living with violence: Housed and homeless women and children, 22666

Loyalty—Serials

career mobility; corporate loyalty; job change; organizational commitment, 36342
consumer loyalty; purchase behavior, 20988
corporate citizenship practices; internal corporate culture; external corporate culture; customer loyalty; organizational commitment, 30215
customer relationship management; customer loyalty; moderating role; web site characteristics; internet; customer expectations; customer prospecting; interactive management; customer loyalty, 33351
customer satisfaction; repurchase intention; adjusted expectations; customer loyalty; consumption experience, 24076
football referees; referees' behavior; favoritism; biased behavior; agents; home bias; agency theory; soccer; decisions; football match, 31607
internet; price-value-loyalty chain; world wide web; WWW; value determination; consumer perception; price factors; nonprice factors; value contribution; online shopping; marketer challenges, 14830
irrelevant information; intertemporal choice; loyalty; decisions; consumers, 27169
loyalty program; value perception; brand loyalty; customer loyalty; reward schemes, 9198
loyalty; computer terminals; anthropomorphism; consistency; human-computer interaction; long-term social relationships; computers, 36467
social identity; group loyalty; exit options; positive impression; group membership; group perception; norm perception; self-perception; social glue; group stability, 16260

LSD (Drug) [See Lysergic Acid Diethylamide]

Lucid Dreaming—Serials

lucid dreaming; private self-consciousness; lucid dream; personality characteristics; lucid dreamers, 3428
Native American dreaming; vision quests; power dreams; lucidity, 27591

Luck [See Chance (Fortune)]

Lumbar Spinal Cord—Serials

chronic intrathecal cannula; spinal administration; formalin injection; lumbar puncture; spinal cord; rats; biting; flicking; flinching, 15364
disc herniation types; lumbar disc disease; daily living activities; interruption duration; clinical variables; treatment outcomes; radiological diagnosis; surgical recurrence; surgical timing; age, 35183
lumbar vertebra; physical therapists; posteroanterior motion test; oscilloscope; feedback; electromechanical single level spinal model; perception of force; perception of displacement, 14993
percutaneous neuromodulation therapy; low back pain; electrical stimulation; lumbar paraspinal tissues; physical activity levels; sleep, 17115
post lumbar puncture; cerebrospinal fluid leak; headache; dural venous sinus; intracranial hypotension; headache; dural venous sinus abnormalities, 35212

psychosocial status; depression; stress symptoms; lumbar disc herniation; disability; pain; occupational handicap; female patients, 8141

simulated work environment; lifting task; work environment; L5/S1 compression forces; work hardening, 8885
visual input; postural control; control mechanisms; lumbar spine; sitting posture; sensory feedback, 6565

Lumbrosacral Plexus [See Spinal Nerves]

Luminance—Serials

anchoring; Munsell System; Natural Color System; color evaluation; chromatic variables; color differences; fixed range scale; value; saturation; color reflectance; luminance; gray-scale method, 15195
binocular summation; luminance contrast; binocular visual system; visual reaction time; chromatic changes; stereopsis; chromatic contrast, 6505
brightness; color; borders; spatial coding; motion; illusory spatial jitter; low-luminance-contrast boundary, 332
chromatic edges; chromatic surfaces; chromatic constancies; cerebral achromatopsia; luminance differences; luminance contrast; chromatic borders; colour appearance; luminance change, 18286
color contrast; low luminance; interstimulus intervals; physiological properties; schizophrenia patients; luminance contrast; visual processing; visual pathways, 7896
color; human vision; chromatic variations; luminance variations; inhomogeneous illumination; color vision, 15210
color; luminance motion; luminance-varying pattern; perception; motion processing, 6527
color; luminance; visual speech perception; face display types; audiovisual speech perception; auditory noise, 12602
dynamic cone response; color appearance models; color luminance; power model; hue change; color saturation; constant color chromaticity; CIECAM97s, 15206
free-viewing perceptual asymmetries; vertical stimuli; horizontal stimuli; perceptual biases; luminance judgments; attention, 21285
localized attentional interference; attentional salience; luminance; cues, 30752
luminance adaptation; visual processes; attentional blink, 24388
luminance change; asynchronous perception; motion perception; observers, 9585
luminance gratings; disparity gratings; shading; stereopsis; binocular disparity; spatial frequency; spatial cues; depth cues, 18302
luminance mechanism; red-green isoluminant grating; temporal chromatic aberration; motion perception; detection threshold; direction discrimination; temporal frequency; luminance noise, 21283
luminance-contrast; visual attention; eye movements, 15197
luminance; light perception; empirical theory of vision; brightness perception; physical intensity of light stimuli; illusions of simultaneous brightness contrast; neural circuitry, 9595
magnocellular system; attention allocation; flanked-letter identification; luminance contrast, 30617
modelling divergence; luminance; chromatic detection performance; surfperch habitats; Emiotocidae; habitat irradiance; photoreceptor absorbance; photopigments, 34101
motion sharpening; luminance contrast; distortions; gain control; compressive non-linearity, 6502
neural substrates; stereodepth perception; stereoscopic processing; human brain; binocular luminance rivalry; regional cerebral blood flow, 6889
same-sign hypothesis; luminance gradients; depth perception; retinal images; visual stimulation; opposite luminance stereograms, 3320
spatiotemporal differences; cognitive processes; event-related potentials; luminance; spatial frequency; visual stimuli, 18297
stimulus duration; brightness; metacontrast masking; stimulus luminance; U-shaped masking functions, 30595
stimulus processing; detection sensitivity; attention; masked detection; cuing; luminance detection, 9599
texture contrast; visual attention; natural scenes; central nervous system, 34112
ultraviolet vision; visual perception; color perception; photoreceptors; light waves; bats, 3463
visual perception; motion perception; stimulus discrimination; luminance changes; motion path; motion energy; multiplicative nonlinearity, 30600
visual working memory; image statistics; luminance alteration; symmetry; isodipole, 27572
word length effect; luminance increment paradigm; printed word perception; word recognition; developmental pattern; phonological length; word naming; on-line word identification; speed naming, 28063

Luminance Threshold [See Brightness Perception]

Lunar Synodic Cycle—Serials

full moon; seizure frequency; lunar cycle; nonepileptic seizures; epileptic seizures; myths, 35255

Lupus—Serials

Lung—Serials

facial pain; lung carcinoma; symptoms; tumor invasion; vagus nerve; pulmonary carcinoma; at risk population, 22872
genetic polymorphism; eosinophil counts; cationic protein; asthma; middle school children; asthmatic children; genotypes; lung function, 4869
lung volume; speech production; fundamental frequency; acoustic variables; vowel space; production performance; articulatory behavior; acoustic properties; average fundamental; acoustic output, 15263
obesity; apnea severity; obstructive sleep apnea; upper airway anatomy; pharyngeal airway physiology; ventilatory control; airway collapse; lung capacity; volume changes, 4856
p53 gene polymorphisms; schizophrenic patients; lung cancer patients, 19279
pharmacological interactions; cancer patient; methadone maintenance; bronchioloalveolar lung carcinoma; chemotherapy resistance, 29782
Lung Disorders [See Also Cystic Fibrosis, Pneumonia]—Serials
behavior modification; chronic lung disease; coping style; rehabilitation programs; depressive state; psychological factors, 35858
breathing training; anxiety state reduction; hypertension; angina; functional chest disorder; chronic obstructive pulmonary disease; cardiac rehabilitation; optimal breathing pattern; breathing volume, 2275
chronic obstructive pulmonary disease; behavioural strategy; disability; independence; self efficacy, 8123
chronic obstructive pulmonary disease; exercise intervention; 1 year outcomes; cognitive ability; psychological well being; treatment compliance; cognitive decline, 5419
chronic obstructive pulmonary disease; health-related quality; resistance training; exercise training; rehabilitation programs, 35856
chronic obstructive pulmonary disease; heart rate variability intervention; self-reported disability; spontaneous breathing; daily home practice; biofeedback, 26450
chronic obstructive pulmonary disease; pulmonary rehabilitation programs; COPD patients; anxiety disorders; quality of life; comorbidity; treatments, 8360
citalopram; quality of life; lung transplant recipients; chronic obstructive pulmonary disease; mortality; anxiety; depression, 23298
major depression; chronic obstructive pulmonary disease; depressive symptoms; comorbidity; drug side effects, 34751
newly diagnosed cancer patients; lung cancer; concerns; care teams, 16699
patient education; behavior modification; inhalation technique; chronic obstructive pulmonary disease; disease management; self control, 35713
prognosis; depressive coping; depression; lung cancer survival patients, 26096
quality of life; chronic obstructive pulmonary disease; patients, 16642
religious coping; psychological distress; psychological disability; end stage pulmonary disease; life threatening situations; coping methods; religion, 35175
self-management; illness beliefs; chronic obstructive pulmonary disease; psychopathology, 19851
sleep disturbances; chronic obstructive pulmonary disease patients; prevalence; elderly, 4840
smoking habits; lung cancer patients; mortality rate; smoking amount; smoking histories, 35029
terminally ill patients needs; chronic obstructive pulmonary disease; community; primary care, 29006
women smokers; cross-sectional data; health hazards; osteoporosis; women smoker perception; smoking-related health risks; cigarette smoking; smoking cessation, 16886
Lupus—Serials
clozapine; lupus erythematosus; drug side effects; drug therapy; paranoid-hallucinatory schizophrenia, 20411
cognitive dysfunction; nervous system; neuropsychiatric symptoms; systemic lupus erythematosus; sleep; quality of life, 35216
complex partial status epilepticus; systemic lupus erythematosus; neuroimaging; EEG; CPSE; visual hallucinations; electroencephalogram; corticosteroids; extratemporal, 16597
corticosteroid psychosis; systemic lupus erythematosus; anxiety disorders; family history; psychiatric illnesses; serum levels; creatinine, 11633
prevalence; obsessive compulsive disorder; systemic lupus erythematosus, 22597
systemic lupus erythematosus; antiphospholipid antibodies; osteoporosis; cerebrovascular disease; cognitive disorders; mood disturbances, 11134
systemic lupus erythematosus; working memory impairments; processing speed deficits; multiple sclerosis, 11171

Volume 91 SUBJECT INDEX

Lupus—Chapters

Lupus—Chapters

Chronic fatigue syndrome, fibromyalgia, multiple sclerosis and lupus: Meeting the challenges, 16654

Luteinizing Hormone—Serials

ethanol; luteinizing hormone secretion; puberty; female rats; hormone release; epidermal growth factor receptor; prepubertal luteinizing hormone-releasing hormone, 13015

luteal phase; endogenous progesterone; physiological evidence; premenstrual syndrome; behavioral response; aminobutyric acid; hormone secretion; menstrual cycle, 1791

male effect; sheep; goats; olfactory systems; luteinizing hormone; vomeronasal organ; anestrus females; sexually active males; synchronized ovulation; pheromonal cue; control of reproduction, 34104

pulsatile luteinizing hormone; depression; hormone disruption, 28640

Lutherans [See Protestants]

Lying [See Deception]

Lymphatic Disorders [See Blood and Lymphatic Disorders]

Lymphocytes—Serials

bipolar disorder; sodium pump; intracellular sodium; ethacrynic acid; lymphoblastoid cell lines; cell treatment; calcium, 22502

CCR7 expression; polarized cells; T cell lines; differentiation; cell receptor signal; memory cell lines; autoimmune diseases; chemokines, 651

exercise; leukocyte subsets; psychological stress; physical stress; CD62L, 19862

hostility; peripheral leukocyte counts; lymphocytes, 687 human blood lymphocytes; granulocytes; substance P; peptide; brain; receptor antagonists, 33986

lymphocyte gene expression; multiplex schizophrenia pedigree; family members, 19496

lymphocytes; psychiatric disorders; central nervous system; genetic probe, 18537

mitochondrial DNA sequence variant; schizophrenia; oxidative stress, 7886

monoclonal antibody; b cells; b lymphocytes; tic disorder; immunoglobulin m; streptococcal infections; immune activation, 35289

panic disorder stress; lymphocyte; interleukin; immunologic dysfunction; hypothalamic-pituitary-adrenal axis; cortisol; serotonin; epinephrine, 22585

photoperiod; sex differences; species differences; leukocyte number; leukocyte trafficking; congeneric hamsters, 523

schizophrenic patients; immunology; risperidone; celecoxib; placebo; lymphocytes; cytokines; psychopathology, 20365

social stress; blood T cells distribution; lymphoid organs; body tissues; social confrontation stress; male Fischer rat, 15719

social stress; T cell maturation; male rats; thymic function; animal dominance, 671

terminal deoxynucleotidyl transferase; mouse brain; experience-dependent expression; DNA polymerase; antigen receptor diversity; lymphocytes, 6824

written emotional expression; immune function; human immunodeficiency virus; HIV infection; lymphocyte count, 19904

Lysergic Acid Diethylamide—Serials

drug discrimination; glutamatergic receptor ligands; serotonergic receptor ligands; phencyclidine; lysergic acid diethylamide; rats, 18816

environmental psychology; Humphry Osmond; psychedelic movement; psychiatry; LSD drug, 27175

receptor density; associative learning; rabbits; frontal cortex; 5-HT receptor; classical conditioning; LSD; Lysergic acid diethylamide; Bromolysergic acid diethylamide; MDL 11,939, 21848

Machiavellianism—Serials

bullying; victim problems; machiavellianism; self-efficacy; Greek primary school children, 25769

Machiavellianism; volitional model; alexithymic; emotions; emotional connections; relationship formation; successful psychopathy, 10868

self-reported number; self-rated performance; machiavellianism; car salespersons, 25316

work social agency; self esteem; Machiavellianism, 12431

Machiavellianism—Chapters

Bypassing empathy: A Machiavellian theory of mind and sneaky power, 7720

Theory of mind, Machiavellianism, and social functioning in childhood, 7449

Machine Learning—Serials

adaptive training; radial basis function neural networks; on-line structure & parameter adaptation; training methods; fuzzy clustering; algorithm; time varying systems; dynamic modeling & systems, 9258

anomaly detection; sequence learning; computer security applications; machine learning; instance based learning; hidden Markov models, 12384

cellular automata; adaptive behavior; rough set theory; machine learning; artificial intelligence; simulated cars; vehicular traffic; urban environment, models, 24109

distributed learning; classification accuracy; learning capabilities; neural systems; category proliferation; Fuzzy ARTMAP; winner-take-all architecture; FasArt; dART-MAP; neuro-fuzzy systems, 9275

genetic & evolutionary computation; development; mobile robot controllers; physical robot; simulated robot; training phase evolution; lifelong adaptation by evolution; evaluation criteria; algorithms, 12388

incremental learning; recurrent neural networks; incremental training; evolutionary hill climbing; mildly context sensitive & context free languages; evolutionary algorithm; hidden unit dynamics, 9264

influence of learning; evolution of sensors; learning duration; individual adaptation; cognitive economy learning; fitness; genetic algorithm, 12380

instance based learning method; regression tree; machine learning, 36511

learning machine; non-identifiable statistical model; gaussian mixture; distribution mixture; mixture model singularity; stochastic complexity; algebraic geometry, 9256

linear classifiers; piecewise linear classifiers; artificial neural networks; machine learning; perceptron algorithm, 36516

machine learning; iterative tasks automation; Familiar; programming; decision trees; heuristic methods, 36509

machine learning; temporal difference learning; relative loss bounds; on-line algorithms; linear regression; linear predictors, 12383

missing data treatment; imputation method; data treatment; missing values; machine learning algorithm; data imputation; data quality; induced knowledge, 3067

modular or hierarchical reinforcement learning; modular reward; multiple model-based reinforcement learning architecture; MOSAIC non-linear control task; inter-module credit assignment, 9248

Naive Bayes; geometric complexity; nominal to numeric transformation; data-mining applications; mapping; geometric linearity; inductive-learning algorithms, 3075

neural receptive fields; modular neural networks; machine learning; neural architecture; network design, 9277

recurrent neural networks; neural network learning; optimization problem; model selection; support vector machines; telecommunication application, 9259

stochastic model selection; PAC-Bayesian learning; machine learning; posterior distribution; Bayesian learning; PAC learning; model averaging; Gibbs distribution, 12385

Machine Learning—Chapters

Consciousness in meme machines, 17988

Mirror neurons and feedback learning, 6168

Magazines—Serials

female weight management; print media; women's magazines; female body; advertising; symbolic convergence theory, 30256

lifestyle magazines; sexuality management; sexual relations; management discourse; social theory; postmodernization of sexuality, 28364

magazine preference; awareness levels; sociocultural appearance standards; eating disorders; college women; media images; female body types, 25995

magazines; teaching methods; reading material, 36118 masculine identity; lifestyle magazine; antifeminist sentiments, 31081

masculinity; life expectancy; health behavior; mortality; social construction; gender attitude, 31094

media exposure; body dissatisfaction; disordered eating; magazine reading; television viewing, 13843

occupational messages; adolescent girls; teen magazines; work world; career future; modeling work; girls perceptions, 23958

smoking; smoking images; youth magazines; health; pro-smoking imagery, 4071

social comparison processes; magazine advertisements; thin-idealized female beauty; mood; body dissatisfaction; women, 16301

women's magazines; healthy eating; diet; food; media; contemporary society, 29338

Magical Thinking—Serials

ambiguity tolerance; psychological mindedness; magical thinking; magical ideation; locus of control; personality variable; cognitive style, 25320

extrasensory perception; ESP; subjective probability neuropsychological correlates; coincidence causation; beliefs; parapsychology; randomness; forced-choice experiments; magical causation, 6633

magic spells; desire; Petalangan people; agency; beauty; love spell; linguistic features; metalinguistic dimensions; language practice; sexuality; desire subject; desire object, 16213

magical thinking; causation judgments; ontological causal beliefs; physical causality, 18981

Magnetic Resonance Imaging—Serials

magical thinking; obsessive compulsive disorder; magical ideation, 22578

magical thinking; paranormal beliefs; secondary school students; university students; South Africa, 1269

multiple sclerosis; magical ideation; defense mechanism; neuropsychological deficiency; neuropathology; alternative treatments, 29182

mystical experience; schizophrenia; mental illness; Magical Ideation Scale; Rasch Mystical Experience Scale; Manic-Depressiveness Scale; happy schizotypic; positive outcomes of mental illness, 30758

obsessive-compulsive disorder; thought action fusion; magical thinking; undergraduate sample, 25710

postural preferences; posture; arm folding; hand clasping; magical ideation, 3298

preschooler magical explanations; physical law violations; social law violations; mental law violations, 24902

Magnesium—Serials

magnesium therapy; traumatic brain injury; sensorimotor functions; cognitive impairments; bilateral anterior medial cortex; bAMC, 15757

magnesium; mice; antidepressant-like activity; anxiolytic-like activity; N-methyl-D-aspartate; glutamate receptor inhibitor, 24840

Magnet Schools [See Nontraditional Education]

Magnetic Resonance Imaging—Serials

adolescent development; depression; pituitary gland; magnetic resonance imaging; early onset, 19386

agrammatism; Broca's area; event-related functional magnetic resonance imaging; grammaticality judgments; syntactic traces; Trace Deletion Hypothesis, 862

albinism; monocular visual; functional magnetic resonance imaging; hypopigmentation disorders; chiasmic projection system, 34066

alcohol cues; regional brain activity; nonalcoholic beverages; addictive substances; orbitofrontal cortex; alcoholic beverages; alcoholics; social drinkers; craving, 22686

amygdaloid volumes; schizophrenia; magnetic resonance imaging, 7879

anxiety; brain function; adolescents; functional magnetic resonance imaging; fMRI; amygdala activation; fear; aversive air blast; larynx, 7363

attentional control; dorsolateral prefrontal cortex; anterior cingulate cortex, 27727

atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 14005

atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 13939

autism; functional neuroanatomy; theory of mind; executive function; cognitive impairment; neurodevelopmental syndrome; face recognition; mentalization; Aspergers syndrome; cortical connections, 35070

averted gaze; mutual gaze; functional magnetic resonance imaging; superior temporal sulcus; fusiform gyrus; brain activity; social encounter; social cognition; social perception, 34638

basal ganglia volume; major depressive disorder; caudate; putamen; globus pallidus; anatomical magnetic resonance imaging, 4596

basal ganglia; language generation; nonsense syllable; semantic category; frontal activity; word generation; phonological information; thalamic structures; anterior thalamic; generation tasks, 3615

basal ganglia; magnetic resonance imaging; major depression; hyperintensities; T2-weighted image, 4582

bipolar disorder; left hemisphere; white matter; twins; gray matter; cerebrospinal fluid volumes; magnetic resonance imaging; genetic risk, 7830

blood oxygen level-dependent hemodynamic response; positive and negative voxels; healthy aging; visual regions; motor regions; functional magnetic resonance imaging; fMRI; elderly, 24609

brain activation; healthy age-matched controls; performance differences; medial premotor system; Parkinson's disease; decreased activation; disease rating; sensorimotor cortex; timing; synchronization, 4991

brain activation; odors; primary olfactory areas; elderly subjects; olfactory function; olfactory deficits; retronasal olfactory stimulation; olfactory projections; olfactory processing, 3609

brain function; functional magnetic resonance imaging; functional neuroimaging; schizophrenia; pathognomonic physiological features; genetic variation; mental illnesses, 16427

brain regions; optimization procedure; experimental stimuli; research directions; visual presentation; experimental tasks; functional magnetic resonance imaging; reproducibility maps; inference, 591

brain regions; primary motor cortex; neural correlates; stroke recovery; neuronal reorganization; functional magnetic resonance imaging; recovery, 22896

- brain tissue measures reliability; grey matter; white matter; cerebrospinal volume; cerebrospinal fluid; intracranial box; frontal box; temporal box; parietal box; occipital box, 12873
- brain; magnetic source imaging; phonological processing; semantic processing; language, 552
- central somatosensory processing; chronic pain patients; hysterical anesthesia; nondematomal somatosensory deficits; supraspinal nuclei; sensory deficits, 16615
- cerebral activation; differential activation; retrieval; brain regions; performance-related activation; response categories; verbal recognition; target words; signal changes; recognition success, 15652
- cerebral activation; functional magnetic resonance imaging; Parkinsonian patients; apomorphine; Parkinson's disease; finger tapping, 16810
- cerebral blood flow change; ketamine; BOLD signal; fMRI; functional magnetic resonance imaging; cognitive state change, 3862
- cerebral response; visual stimulation; visual loss; neural mechanisms; visual cortex; functioning magnetic resonance imaging, 26188
- childhood autism; proton magnetic resonance spectroscopic imaging; brain imaging; developmental disorder; brain structures; metabolic abnormalities, 8057
- cingulate fasciculus; schizophrenia; magnetic resonance diffusion tensor imaging; pathophysiology, 7883
- cingulate fasciculus; schizophrenia; magnetic resonance diffusion tensor imaging; pathophysiology, 19415
- clinical characteristics; subcortical ischemic depression; magnetic resonance imaging, 16404
- cognitive generation; bipolar depression affect; mood functional substrates; functioning magnetic resonance imaging; picture stimuli; bipolar affective disorder; cognitive generation, 34837
- cognitive processes; functional magnetic resonance imaging; mental chronometry; hemodynamic response; neural activation, 15434
- computer-mediated measurement; subjective ratings; white matter hyperintensities; vascular dementia; neuropsychological performance, 35283
- continuous recording; simultaneous recording; functional magnetic resonance imaging; electroencephalogram; clinical applications; stepping stone sequence; echo planar sequence; brain mapping, 3211
- corpus callosum; schizophrenia; magnetic resonance imaging abnormalities; brain volume; first episode patients, 1465
- cortical networks; stimulus onset; functional magnetic resonance imaging; visual event-related potentials; spatial attention; attention shifts; visual search, 588
- cortical reorganization; motor recovery; hemiparetic stroke patients; cerebral infarct; finger flexion-extension movements; sensorimotor cortex, 8195
- declarative memory formation; memory retrieval; event-related functional magnetic resonance imaging; medial temporal lobe, 18622
- developmental differences; lexical processing; functional magnetic resonance imaging; neuroanatomy; orthography; phonology; semantics; audio & visual presentation, 358
- diffusion tensor imaging; brain; neuropsychiatry, 12923
- dorsolateral prefrontal cortex; inferior parietal cortex; working memory capacity; schizophrenia; parametric fMRI study, 25642
- emotional arousal; bilateral occipito-temporal; temporal gyrus; visual affective processing; bilateral anterior insulae; negative emotions; heart rate; hypothalamus; fMRI; frontal lobe, 681
- epilepsy; surgery; focal cortical dysplasia; magnetic resonance imaging; circumscribed lesionectomy, 14275
- epilepsy; simultaneous EEG-fMRI; metabolic response; epileptic patients; neuronal activity; epileptic spikes; magnetic field; ballistocardiogram; methods artifacts; contamination; magnetic gradients, 4969
- error; event related potentials; functional magnetic resonance imaging; unsuccessful response inhibitors; conflict monitoring, 7061
- event-related potentials; fMRI; functional MRI; visual evoked potentials; electroencephalography; visual cortex, 624
- external feedback; habenular complex; reward system; cingulate motor area; functional magnetic resonance imaging; positive feedback; negative feedback; performance monitoring, 21708
- first-episode schizophrenia; microstructural integrity; corpus callosum; signal intensity; magnetic resonance imaging, 22532
- first-episode schizophrenia; prefrontal cortical thickness; first-episode psychosis; gray matter; age; magnetic resonance imaging, 10813
- fMRI activation; gender differences; affective stimuli; international affective picture system; sublingual extended amygdala; functional magnetic resonance; functional brain imaging, 9851
- fMRI activation; gender differences; affective stimuli; international affective picture system; sublingual extended amygdala; functional magnetic resonance; functional brain imaging, 24685
- fMRI; cognitive rehabilitation therapy; severe traumatic brain injury; neuropsychological testing, 32312
- fMRI; neural basis; response inhibition; task dependent; working memory; dorsolateral prefrontal cortex; Go/No-go tasks; memory load, 3794
- frontotemporal dementia; early Alzheimer's disease; FTD; frontal cortex activation; frontal fMRI activation, 1870
- functional imaging; hysterical anesthesia; high-resolution functional MRI; fMRI; afferent function; cerebral activity, 15506
- functional magnetic resonance imaging; action onset; time; drug-induced changes; task-related activity; opioid analgesic; remifentanyl; insular cortex; regional brain activity; temporal variation, 18817
- functional magnetic resonance imaging; blood oxygenation level-dependent; hippocampal formation; epilepsy; picture encoding task; memory encoding, 23007
- functional magnetic resonance imaging; language; memory; epilepsy surgery; refractory epilepsies; neuropsychology, 20066
- functional magnetic resonance imaging; native English speakers; superior temporal gyrus; inferior frontal gyrus; language functions; foreign language learning; lexical tone, 633
- functional magnetic resonance imaging; porencephalic cyst; seizures; cerebral cortex; cerebral plasticity, 11238
- functional magnetic resonance imaging; striatal contributions; neural circuitry; working memory, 34045
- functional magnetic resonance imaging; visual cue; motor sequencing; supplementary motor area; pre-motor area, 15178
- functional magnetic resonance; causal modeling; object category; occipital cortex; visual cortex; anatomical constraints; neuronal interactions; differential effects; parietal regions, 600
- functional MRI; visual-spatial processing; neurofibromatosis, type I; neuroanatomy; cerebral cortex, 11133
- functional neuroimaging; psychiatric disorders; positron emission tomography; functional magnetic resonance imaging; clinical psychiatry, 25510
- gray matter density; white matter density; bipolar I disorder; voxel-based morphometry; frontal lobe; magnetic resonance imaging, 19385
- hemodynamic responses; fear; disgusts; pictures; functional magnetic resonance imaging; brain, 7138
- hippocampal activation; memory encoding; memory retrieval; regional analysis; activation differences; hippocampal subregions; words; models; anterior hippocampus; posterior hippocampus; fMRI, 9912
- hippocampal atrophy; magnetoencephalography; magnetic resonance; mesial temporal lobe; cognitive patterns; neurophysiological activity, 13973
- hippocampal volume; memory ability; lifespan perspective; neurological patients; psychiatric disorders; healthy individuals; magnetic resonance images; aging, 27802
- idiopathic aqueduct stenosis; neuropsychological outcome; magnetic resonance imaging; arrested hydrocephalus; psychometric testing; ventriculostomy, 14254
- imaging; functional MRI; evoked-response potential; speech perception; speech processing; psychophysics, 9618
- immersive virtual reality; posttraumatic stress disorder; VR exposure therapy; fMRI; pain reduction; phobias, 23098
- independent component analysis; ICA; functional magnetic resonance imaging; fMRI; human brain mapping; motor cortex; power spectrum; motor paradigm; objective differentiation; task-related components, 3257
- interleaved transcranial magnetic stimulation; lamotrigine; cortical excitability; brain circuits; functional magnetic resonance imaging; motor cortex, 27758
- intractable temporal lobe epilepsy; flumazenil; diffusion-weighted MRI; presurgical assessment; interictal apparent diffusion coefficient; epileptogenic focus, 17172
- intrasubject reproducibility; presurgical language lateralization; brain mapping; language fMRI; test-retest reliability; within test reliability; epilepsy, 12505
- language comprehension; human brain; language disorders; sensory areas; lateralization; location; functional magnetic resonance imaging; fMRI; language stimulus; cortical processing, 3717
- language organization; cognitive functions; brain semantic processing; brain activation; fMRI; functional magnetic resonance imaging, 3791
- Left anterior temporal lobectomy; functional neuroimaging; language deficits; fMRI; epilepsy patients, 16818
- longitudinal change patterns; frontotemporal lobar degeneration; syndromic variants; atrophy; fluid registration technique; progressive nonfluent aphasia, 32198
- low back pain; magnetic resonance imaging; MRI; risk factors; evaluation, 16601
- Magnetic Resonance Imaging slice thickness; entorhinal cortex volumetry; 3D volumetric acquisition, 6847
- magnetic resonance imaging; corpus callosum abnormalities; bipolar disorder; brain size, 6216
- magnetic resonance imaging; fMRI; Japanese Kana orthography; visual familiarity; words; phonological encoding; silent articulation; phonological lexical decision, 24682
- magnetic resonance imaging; magnetic resonance imaging scans; obsessive-compulsive disorder; parahippocampal region; disgust inducing pictures; brain activation, 1539
- magnetic resonance imaging; MRI; mediodorsal nuclei; pulvinar nuclei; thalamus; centromedian nuclei; schizophrenia, 1484
- magnetic resonance imaging; prediction; anxiety; psychological distress; MRI, 18164
- magnetic resonance imaging; sex-dependent effects; schizophrenia; gyrus folding; cortical volume; white matter volume, 1476
- magnetoencephalography; temporal lobe; magnetic resonance imaging; language comprehension task, 379
- mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22560
- mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22571
- motion-correction strategy; time course selection; structural equation modeling; task-correlated motion; lexical retrieval task; connectivity models; functional neuroimaging data, 27732
- movement-associated changes; functional changes; brain; multiple sclerosis; clinically isolated syndromes, 29112
- MRI scanning; Zen meditation; enlightenment; meditation practitioners; normal consciousness; meditative state of mind; prefrontal cortex; basal ganglia; brain activation; anterior cingulate, 6631
- neural correlates; traumatization; memory; posttraumatic stress disorder; borderline personality disorder; functional magnetic resonance imaging, 19569
- neurobehavior; sleep deprivation; event-related functional magnetic resonance imaging; sustained wakefulness, 18663
- neurochemical alterations; medial temporal lobe; mother-infant dyads; aminobutyric acid; nonhuman primates; early-life stressors; mother infant dyads, 598
- neuroethics; historical trends; emerging trends; neuroimaging; functional magnetic resonance imaging; neurosciences, 21600
- neuroimaging; white matter hyperintensities; affective disorders; bipolar disorder; unipolar disorder; MRI; illness severity, 7843
- neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26503
- neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 2289
- neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26488
- neuropathology; major depression; periventricular white matter hyperintensities; magnetic resonance imaging, 4607
- nonsyndromic mental retardation; subcortical band heterotopia; SBH; cryptogenic epilepsy; doublecortin gene mutations; lissencephaly-pachygyria; magnetic resonance imaging; MRI; phenotypes, 1768
- overlapping dual task interference; functional neuroanatomy; brain activation; magnetic resonance imaging, 6984
- parietal cortex; mental image; perspective transformation; event-related fMRI; neural processing; spatial reasoning; temporal cortex; object rotations, 650
- Parkinson's disease; brain activity; cognitive resources; grammar; information processing speed; IPS; working memory; WM; patients, 16766
- point-light displays; ventral temporal cortex; visual motion; video clips; superior temporal sulcus; middle temporal gyrus; whole-body motion; fMRI; brain responses; event related design, 521
- positron emission tomography; microglia visualization; multiple sclerosis patients; peripheral benzodiazepine receptor; immunology-pathophysiology, 22800
- post mortem; frontotemporal dementia; brain; magnetic resonance imaging; histopathology, 32166
- proton magnetic resonance spectroscopy; band heterotopia; cortical developmental malformations; cortical dysplasia; biochemical properties, 16802
- proton magnetic resonance spectroscopy; unipolar major depressive disorder; membrane phospholipid metabolism; membrane function, 1453

psychological refractory period; visual tasks; psychological theories; functional magnetic resonance imaging; response delay, 24439

Robust Bayesian estimation; hemodynamic response function; event-related BOLD (fMRI); functional magnetic resonance imaging; brain; temporal information, 3674

S-adenosyl-L-methionine; magnetic resonance spectroscopy; brain transverse relaxation; brain bioenergetics; relaxation time; phosphocreatine; beta nucleoside triphosphate, 783

schizophrenia; brain asymmetry; brain torque; magnetic resonance imaging, 1487

schizophrenia; brain volume; MRI; psychosocial functioning; treatment; psychotic symptoms; disorganized symptoms; negative symptoms, 1491

schizophrenia; functional magnetic resonance imaging; Brodmann area; primary motor cortex; premotor and supplementary motor area, 25670

schizophrenia; grey matter; magnetic resonance imaging; voxel-based morphometry, 4633

schizophrenia; multiple structural brain measures; magnetic resonance imaging; lateral ventricle; sylvian fissure, 28730

schizophrenic patients; brain structure differences; magnetic resonance imaging, 4635

short-term memory; functional magnetic resonance imaging; semantic retention; phonological retention; frontal lobe; parietal lobe, 595

signal changes; subcortical regions; cortical regions; time course; fMRI; integrated object; eeg oscillations; Brodmann area; hybrid model; time course, 3663

social loss; fMRI study; methodology; implications, 610

spatial resolution requirements; functional magnetic resonance imaging; brain mapping; neurosurgical planning; neurosurgical navigation; brain tumor patients, 23413

speech perception; prosody; functional magnetic resonance imaging; superior temporal region; frontal operculum; syntax; auditory sentence comprehension, 347

statistical parametric mapping; brain perfusion abnormalities; Alzheimer's Disease; cerebral hypoperfusion; occipital lobes, 16789

stimulation protocol; odor-taste interactions; functional magnetic resonance imaging, 24373

structural brain alterations; brain anatomy; obsessive-compulsive disorder; magnetic resonance images, 28795

structural connectivity; cortical connectivity; frontotemporal & frontoparietal connections; schizophrenia; frontotemporal & frontoparietal white matter tracts; diffusion tensor MRI, 10780

subgenual prefrontal cortex; familial bipolar disorder; brain scans; positive family history; bipolar disorder; grey matter; prefrontal cortex volume; magnetic resonance; structural changes; brain, 7845

superior temporal gyrus; P300; schizophrenia; magnetic resonance imaging; gray matter volume reductions; topographic asymmetry; event-related potentials, 16438

task performance; rapid visual information processing; sustained attention deficits; parahippocampal gyrus; attentional abilities; decreased activation; enhanced activation, 586

unipolar depression; treatment-resistant depression; functional MRI; affective processing; temporal lobe; hippocampus; gyrus; subgenual cingulate; striatum; brain stem; physiological correlates, 1429

verbal analogy; analogical reasoning; functional magnetic resonance imaging; brain, 6938

visual consciousness; dissociation; neural correlates; perceptual transitions; sustained perception; occipitotemporal regions; fronto-parietal regions; functioning magnetic resonance imaging, 34017

visual cortex; magnetic resonance imaging; humans; primates, 21705

visual cortex; magnetic resonance imaging; neurophysiology; attention; sensory processing; top-down control, 21662

visual evoked potential; magnetic resonance imaging; optic nerve; optic neuritis, 32201

white matter lesions; education; cognition; white matter hyperintensities; WMH, 15903

working memory rehearsal; cerebral activation; multiple sclerosis; functional magnetic resonance imaging; fMRI, 4861

working memory; visual memory storage; prefrontal cortex; fusiform gyrus; short-term memory; event-related fMRI, 3798

Magnetic Resonance Imaging—Chapters

The application of neurophysiologically sensitive MRI techniques to the study of psychosis, 16448

Functional magnetic resonance imaging in psychiatry: where are we now and where are we going?, 16371

The neural basis of episodic memory: Evidence from functional neuroimaging, 3405

The neural basis of the blood-oxygen-level-dependent functional magnetic resonance imaging signal, 3749

Magnetism—Serials

electromagnetic fields; radial-arm maze; object recognition; rats; mobile phone; spatial memory; mobile communication microwaves; GSM 900-MHz; head-only exposure; spatial learning; performance, 3769

electrophysiology; quantitative electroencephalography; transcranial magnetic fields; compact disc; computer sound card; shakti treatment, 30907

global geomagnetic activity; pleasantness, 34055

intelligent system; magnetic field; cathode ray tube; deflection yoke tuning; colour misconvergence; radial basis function neural network, 17982

low frequency magnetic fields; cells; transitional states; serotoninergic synaptic growth; postnatal development; cerebral cortex; pineal gland; rats, 553

magnetic field; electrode implantation; epileptic patients; interictal firing rate; hippocampus; intractable complex partial seizures, 16761

magnetic fields; analgesic effects; analgesia; morphine; agmatine; naloxone; painful stimuli; thermal stimuli; male rats; pain stimuli, 30821

nociceptive sensitivity; magnetic field exposure; behavioral patterns; open field behaviour; mice, 654

Parkinson's disease; transcranial magnetic stimulation; subthalamic nucleus stimulation; motor evoked potentials; silent period; dopaminergic medication; extensor carpi radialis; flexor carpi radialis, 17177

recovery cycle; masseter inhibitory reflex; MIR; magnetic stimulation; electrical stimulation, 8248

repetitive transcranial magnetic stimulation; regional cerebral blood flow; motor cortex; positron emission tomography; intensity-dependent; 1 Hz, 626

repetitive transcranial magnetic stimulation; regional cerebral blood flow; prefrontal cortex; intensity-dependent; 1 Hz, 627

somatosensory evoked potentials; magnetic fields; tactile stimulation; active sleep; quiet sleep; newborns, 28080

transcranial magnetic stimulation; drug-resistant major depression; magnetic seizure therapy, 8568

transcranial magnetic stimulation; verb processing; noun processing; neural correlates; prefrontal brain; dorsolateral frontal cortex; action naming, 12829

vagus nerve stimulation therapy; seizures; magnet-activated stimulation, 11667

Magnetoencephalography—Serials

appearance rate; absolute pitch; auditory attention; auditory evoked magnetic fields; pure tones; random tones, 15250

auditory evoked responses; fetal magnetoencephalography; latency development; fetal brain development, 34093

auditory temporal resolution; gap detection; mismatch negativity; event related potentials; event related field recordings; size, 7081

cognitive impairment; frequency bands; AD patients; correlation dimension; Alzheimer disease; complexity measure; magnetoencephalography; MEG; neural complexity, 16838

cortical activity; vocalic segments; magnetoencephalography; cortical maps; spatial configuration; temporal characteristics; auditory-evoked field; speech sounds; vowels, 18636

cortical processing; allostyria; magnetoencephalography; cingulate cortex; primary somatosensory cortex; contralateral SI cortex; chronic pain; contralateral primary; magnetic fields, 15541

Electrogustometry; taste acuity; cortical activity; magnetoencephalography; cerebral cortex; electrogustatory stimulation, 15604

electromyography; cerebral cortical rhythms; electroencephalographic; electrocorticogram; magnetoencephalography; corticomuscular coherence; muscular activities; fatigue, 6964

error processing; anterior cingulate cortex; error related negativity; magnetic imaging, 7062

finger stimulation; somatosensory evoked magnetic fields; extended cortical sources; electroencephalography; EEG; magnetoencephalography; MEG; Monte-Carlo-Markov-chain estimator; source reconstruction, 3254

gamma-band phase clustering; idiopathic photosensitive epilepsy; visual perception; neuronal activity; epileptic photoparoxysmal response; photosensitivity; magnetoencephalography, 22984

ictal magnetoencephalography; visual hallucinations; status epilepticus; comorbidity; spike complexes; temporal area, 16805

interictal magnetic spikes; non-supervised spatio-temporal magnetoencephalography; MEG; intracerebral recordings; epileptogenic network; epilepsy; spatio-temporal localization; accuracy, 5060

limbic paroxysmal; frontotemporal paroxysmal rhythmic activity; magnetoencephalography; obsessive-compulsive disorder; diagnosis; magnetic resonance imaging; electrocardiograms; electrooculograms, 19506

magnetoencephalography; dipoles; evoked potentials; electrical activity; cranial volume; magnetic flux; dementia, 12910

Magnetoencephalography; MEG; peritumoral temporal epileptic focus; surgical resection; drug-resistant seizure patients; intracranial lesions, 5407

magnetoencephalography; neurophysiology; clinical test; cost; complexity; source localization, 24701

magnetoencephalography; temporal lobe; magnetic resonance imaging; language comprehension task, 379

magnetoencephalography; writing systems; language-specific cortical maps; neuroanatomy; brain activation; word recognition; language, 631

morphological family frequency; M350 inhibition; magnetoencephalographic response time; lexical processing; lexical frequency; facilitatory effect; root-affix competition; family size; neural correlates, 15670

negative symptoms; functional imaging techniques; psychopathological findings; schizophrenia, 7899

neuromagnetic imaging; brain rhythms; somatosensory cortex; spatial filtering; minimum-variance beamformer; tactile perception & stimulation; visual feedback; somatosensory input, 6858

schizophrenia; laterality; hemispheric asymmetry; auditory cortex; steady-state response; magnetoencephalography, 7907

superior temporal gyrus; schizophrenia; cortical responses; auditory responses; electroencephalography; EEG; MEG; magnetoencephalography; auditory stimuli; asynchrony; auditory stimuli, 16435

Magnitude Estimation—Serials

absolute magnitude estimation; judgment; subjective size; intra-active touch; interactive touch; face, 3311

category membership; sequential effects; stimulus category; range effects; sequential dependencies; sequence effects; reaction times; magnitude judgment, 33816

long-term retention; Arabic numerals; differential numeral values; chimpanzees; computer monitor; magnitude estimation; magnitude representation; cognitive processes; discrete representation, 24556

Magnitude of Effect (Statistical) [See Effect Size (Statistical)]

Mail Surveys—Serials

attitude & belief questions; contingent valuation survey; attitudes; beliefs; willingness-to-pay, 18096

data collection methods; postal data collection; online data collection; marketing research; football club subscribers, 6118

mail survey; community preferences; mental health services; Severely Mentally III; Community Safety and Environment; Service Quality; Community Mental Health Goals; community service priorities, 30521

monetary incentives; mail survey response; cost-effectiveness; inducement size; consumer mail surveys; organizational mail surveys, 24063

prepaid monetary incentives; Internet; web-based surveys; online money transfer; promised incentives; mail surveys, 10117

prepaid monetary incentives; response rates; consumer and organizational mail surveys, 36380

three-wave mail surveys; survey response rates; tone; insistently worded postcards; amiable worded postcards, 24348

web surveys; e-mail addresses; mixed mode web/mail strategy; web responses; mail responses, 9548

Mainstreaming [See Also Mainstreaming (Educational)]—Serials

developmental disabilities; children; youth; community recreation programs; inclusion; activity coaches; training, 16529

learning disabilities; social competence; academic achievement; self-perception; inclusive classrooms; teachers; peers; elementary students; junior high school students; high school students, 1712

out-of-school care; disabled children; children's participation; special needs; inclusion, 29692

recreational settings; social interactions; social development; behavioral goals; full inclusion; summer day camp, 2045

therapy manual construction; language impaired children; mainstream primary school, 36223

Mainstreaming (Educational)—Serials

autism spectrum disorders; preschoolers; outcomes; inclusive programming; Children's Toddler School; functioning, 20879

autism; autistic child; mainstreaming, 29977

behavioural difficulties; emotional difficulties; legal rights; civil rights; pupil inclusion; education; mainstream schools; special educational needs, 24126

charter elementary school; school inclusion; disabilities; curriculum; special education, 36210

disabilities education act amendments; behavioral assessments; disciplinary practices; behavior intervention; intervention plans; school settings; school staff, 2750

education; teacher attitudes; Finland; Zambia; inclusive education; educational environment; disabled children, 12204

educational psychologists; inclusive education; role change; support services, 20686
 emotional difficulties; behavioural difficulties; pupil behavior; classes; mainstream comprehensive school, 23933
 epilepsy prevalence; epilepsy management; primary school children; mainstream education; special educational placement, 5073
 excluded students; parents; future education; mainstream schooling; special education needs; disaffection, 9043
 general education teachers; professional development; inclusive education; educational reform; educational policies, 12212
 inclusion; special education; Mike Gordon, 12194
 inclusive education classrooms; training needs; teacher education programs; instructional planning; behaviour management; classroom management; preservice training, 14638
 inclusive education; parental perception; disabled children; mainstreaming; social & emotional outcomes, 36221
 inclusive schools; inclusive education; special needs, 29978
 instructional assistants; inclusive practices; exceptional student; students with severe disabilities; direct instruction; role, 17597
 judgement; education service personnel; success of inclusion, 26878
 language development; social competence; preschoolers; inclusive classes; segregated classes; disabilities, 2845
 learning difficulties; learning strategies; strategy learning; middle school students; middle school teachers; inclusion team content area teachers; special educators, 14698
 learning disability; labels; civil rights; inclusion; equality; learning patterns; educational & social systems; medical model; flexible curricula; diagnosis, 28930
 mental retardation; definitions; terminology; general curriculum; special education practice; educational reform initiatives; educational practices; classification system, 12213
 pretend toy play; toddlers; disabilities; inclusive classroom; program components, 33184
 scaling up research-based practices; inclusive classrooms; elementary school teachers; professional development program; facilitators; high implementers; moderate implementers; low implementers, 2718
 school psychologists; education policy; inclusion, 20745
 social behaviors; autism; general education classrooms; social skills, 12216
 special education; educational mainstreaming; systemic dilemmas; Hong Kong, 14697
 special education; emotional disorders; behavioral disorders; inclusion; behavior management program; skills, 2843
 student inclusion; inclusive education; learning disabilities; mainstreaming; general education classrooms, 26991
 teacher attitudes; parent attitudes; significant other attitudes; mainstreaming; children with difficulties, 33189
 teachers attitude; classroom learning environment; special education; mainstreaming; student attitudes, 36060
 teachers attitudes; disabled students; disability level; inclusive policies; student attitudes; school district characteristics, 36208

Mainstreaming (Educational)—Books

Creativity and collaborative learning: The practical guide to empowering students, teachers, and families (2nd ed.), 5946

Mainstreaming (Educational)—Chapters

Beyond benevolence: Supporting genuine friendships in inclusive schools, 5953
 Cooperative learning and inclusion, 5952
 Empowering secondary students to take the lead: Training activities to promote advocacy, inclusion, and social justice, 5893
 Families as creative and resourceful collaborators in inclusive schooling, 5947
 Hoping for the best: "Inclusion" and stigmatization in a middle school, 23936
 Problem-solving methods to facilitate inclusive education, 5950
 Teaching for liberation: Promising practices from critical pedagogy, 5951

Maintenance Therapy—Serials

abstinence-oriented therapies; opiate addicts; maintenance treatment; opioid maintenance; opioid dependency; community follow-up; antagonists; assessment; mental problems, 26744
 antipsychotic drugs; bipolar disorder; mania; maintenance treatment, 5275
 bipolar disorder; lamotrigine; olanzapine; methodological guidelines; psychotherapy; disorder recurrence; maintenance treatment, 32221
 buprenorphine treatment; Australian community settings; Buprenorphine Implementation Trial; opioid dependence; methadone maintenance treatment, 26731
 buprenorphine treatment; office-based treatment; opiate agonist treatment; psychiatrist characteristics; opiate addiction, 26746

buprenorphine; drug therapy; sedatives; methadone treatment; heroin users; French prescription levels, 26710
 care processes; office based treatment; opioid dependence; primary care; methadone maintenance, 26717
 chronic depression; maintenance treatment; cognitive behavioral analysis system of psychotherapy; treatment efficacy, 32311
 clozapine; maintenance therapy; schizophrenia; treatment efficacy, 20329
 cognitive impairment; schizophrenia; maintenance electroconvulsive therapy; neuropsychology, 23318
 lamotrigine; depression mood stabiliser; mood baseline; bipolar depression; anticonvulsants; maintenance therapy, 26378
 lithium treatment; maintenance therapy; bipolar disorder; lamotrigine bipolar trials; disease subtype; treatment adherence; drug tolerability; dose uncertainty, 20330
 maintenance therapy; cutoff scores; validity; Montgomery-Asberg Depression Rating Scale; Hamilton Depression Rating Scale; Bech-Rafaelsen Melancholia Scale; major depression; citalopram; elderly, 9409
 maintenance treatment; bipolar disorder; olanzapine; drug therapy; valproate; drug dosages, 32419
 maintenance treatment; maintenance therapy; insomnia; depression; research, 35540
 maintenance treatment; maintenance therapy; insomnia; depression; research, 35568
 maintenance treatment; schizophrenia; quetiapine; drug dosages, 20293
 mirtazapine; antidepressants; relapse prediction; true drug initial response pattern; placebo responders on drug; maintenance treatment, 26408
 pharmacological approaches; neurobiological research; chronic alcohol intake; alcoholism, 11913
 psychotropic drugs; methadone maintenance treatment; QT interval prolongation; drug dosages; drug interactions; arrhythmia, 32799
 schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11492
 schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11528
 schizophrenia; maintenance medication; antipsychotic medication; treatment compliance; drug efficacy; side effects; drug administration methods; doctor noncompliance reduction; relapse prevention, 8496
 symptom control; long-term treatment; reducing relapse risk; atypical antipsychotic agents; ziprasidone; symptom efficacy data; schizophrenia, 11555
 Tridimensional Personality Questionnaire Scores; clinic attendance; cocaine abuse; buprenorphine maintenance; novelty-seeking behaviors; cocaine users, 26738

Major Depression (See Also Anacitic Depression, Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Reactive Depression, Recurrent Depression, Treatment Resistant Depression)—Serials

activation hypothesis; diathesis-stress model; hopelessness theory of depression; integration; cognitive priming; inferential styles; depressive symptoms, 25544
 activities of daily living; stroke; poststroke depression; physical impairment; early antidepressant treatment; late antidepressant treatment, 2199
 acute depression; treatment quality; treatment costs; primary care; outpatient treatment; cross cultural differences, 32438
 acute myocardial infarction; depression; prognostic impact; hospital admission; tertiary care; community hospitals; depressive symptoms prevalence, 16721
 adjunct therapy; fatigue; sleepiness; major depression; partial responders; antidepressants; symptoms; modafinil, 2153
 adjunctive modafinil; treatment; efficacy; safety; selective serotonin reuptake inhibitor; therapeutic effects; degree; onset; major depressive disorder; fatigue; fluoxetine; paroxetine, 23279
 adolescence; depression; familial risk; family environment, 13588
 adolescent depression; drug therapy; parental resistance; antidepressants; psychotherapy; cognitive behavioral therapy, 23257
 adolescent depression; externalizing problems; comorbidity models; inpatient sample, 25554
 adolescent development; depression; body image, 4594
 adolescent development; depression; pituitary gland; magnetic resonance imaging; early onset, 19386
 adolescent inpatients; aggressive behavior; depressed patients; depression/gender interaction; physical aggression, 4692
 adrenocorticotrophic hormone; anterior cingulate cortex; glucocorticoid receptors; addiction; sleep loss; substance abuse; college student depression, 25603

adult hippocampal neurogenesis; cellular plasticity; major depression; etiology; neurons; hippocampus, 1426
 adult romantic relationships; attachment; cognitive vulnerability; anxiety; depression; interpersonal interaction; vulnerability model; schemas, 19222
 aerobic endurance exercise; executive functions; depressed patients; major depressive disorder, 1427
 aerobic exercise training; depressive symptom management; psychological effects; hiv-infected adults; self-reported symptoms, 17422
 affective disorders; older inpatients; age differences; major depression; treatment duration; delusions; cognitive impairment; physical disease; comorbidity, 25605
 affective reactivity; daily interpersonal stressors; prospective predictor; depressive symptoms; interpersonal sensitivity; vulnerability factors; depression; state affect; life events; time, 25583
 affluence; material wealth; children; depression; substance abuse; anxiety; families, 19269
 age differences; physical activity; depressive symptoms; older adults; middle aged adults; psychological well-being, 25556
 age; treatment response; serotonergic antidepressants; noradrenergic antidepressants; depression, 5319
 AIDS; psychological status; anxiety; depression; coping style; quality of life; interrelationships; Thai people, 32122
 alcohol abuse/dependence; anxiety disorders; unipolar major depression; comorbidity, 22492
 alcohol consumption; injuries; emergency room attendance; violence; depression; conduct problems, 25780
 alcohol dependent men; prediction; affective change; autobiographical memory; detoxification therapy; positive & aggressive cue words; depression; remissive course, 13542
 alcohol treatment effectiveness; alcohol rehabilitation; alcohol abuse; abstinence; heavy drinking; depressive symptoms; therapist focus; emotional material, 2505
 alexithymia; adverse childhood experiences; sociodemographic variables; actual mood disorder; major depressive disorder, 22451
 alexithymia; functional gastrointestinal disorders; anxiety; depression; prediction; treatment outcome, 2318
 alexithymia; somatization; depression; borderline pathology; mental health, 28610
 ambivalent attachment; depressive symptoms; romantic relationships; parent-child relationships; diathesis-stress model; stress; anxiety; dysfunctional relationship attitudes; relationship deprivation, 19396
 American Indians; sociodemographic factors; stressful life events; functional ability; depression, 19168
 amino acids; dietary intake; depressed mood; low mood; depressive disorder, 1421
 anger attacks; prevalence; bipolar depression; unipolar depression; major depressive disorder; depressive episode, 22511
 anger; aggressiveness; major depressive disorder; anxiety disorders; somatoform disorders; unipolar depression; hostility, 22512
 animal model; human depression; c-fos expression; imipramine treatment; forced swimming test; dopaminergic brain; behavioral alterations; WAG/Rij rats, 534
 animal models; bipolar disorders; mania; depression; euthymia; mixed states; neurobiology; genetics approaches; clinical characteristics; pharmacological responses; mood cyclicity, 13595
 animal strain differences; depression; model; dopamine transporter; mesolimbic system; wistar kyoto rats, 577
 antagonist yohimbine; fluoxetine; rate of antidepressant response; adrenoceptors; monoaminergic neurotransmission; major depression; mood disorders, 26426
 antenatal depression; antenatal anxiety; fetal heart rate; mental health; women; developmental risk, 13600
 antidepressant activity; melancholic features; receptor antagonist; depressive disorder; sexual side effects; substance p receptor agonist; major depression, 23258
 antidepressant adherence; depressive disorders; side effects; drug tolerability; patient education; patient-physician relationship; controlled-release antidepressants, 11534
 Antidepressant Compliance Questionnaire; patients attitudes; patients beliefs; depression; antidepressants; test development, 30439
 antidepressant drug treatment; genetic variability; drug action; neurotransmitter receptors; therapeutic guidelines; major depressive disorders, 11513
 antidepressant drugs; drug therapy; therapy completion; drug doses; treatment compliance; treatment outcome; depression; treatment duration, 14200
 antidepressant efficacy trials; inclusion criteria; exclusion criteria; major depressive disorder; bipolar depression; drug therapy, 17095
 antidepressant medication; alexithymia; major depression, 2206

- antidepressant medication; antidepressant treatment; treatment response; motor retardation; psychomotor slowing; treatment outcomes; neuromotor function; response predictor; parkinsonism, 8488
- antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 1935
- antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 26214
- antidepressant medication; ethnic differences; guideline-concordant care; depression treatment; treatment preference, 17290
- antidepressant medication; patient education; educational interventions; unipolar depression; patient compliance, 11618
- antidepressant medications; antidepressant treatment; pregnancy; depression, 2201
- antidepressant therapies; remission; depression, 5355
- antidepressant therapy; complaints; Hispanic ethnicity; antidepressant medications; adherence problems; physicians' reaction, 8545
- antidepressant therapy; nonadherence; treatment duration; adverse events; physician-specific issues; medication-specific issues; patient-specific issues, 8524
- antidepressant medication; 3-methoxy-4-hydroxyphenylglycol; plasma level; noradrenergic neurons; central noradrenergic activity; depression; psychomotor retardation, 35582
- antidepressant treatment; cytokine; treatment response; major depressive disorder; serotonin re-uptake inhibitors; tumor necrosis factor- α ; immunological parameters; C-reactive proteins, 11566
- antidepressant treatment; dehydroepiandrosterone sulfate; amitriptyline; paroxetine; depressed patients; adrenal androgens; hypothalamus; pituitary system, 35522
- antidepressant treatment; dexamethasone suppression; thyrotropin releasing hormone stimulation; growth hormone response; depressed patients; dopaminergic system; hypothalamic-pituitary-thyroid axis, 13589
- antidepressant treatment; diagnosis; elderly patients; younger patients; depressive symptoms; nondemented elderly; fluvoxamine; age differences, 7854

- temperament; anxiety; depression; ethnic differences; affectivity, 22425
- test construction; avoidance; coping; major depression; test validity, 18136
- Theodor Ziehen; paediatric psychiatry textbook; mania; melancholia; periodic psychoses; childhood psychoses, 28620
- therapeutic reactance; therapeutic alliance; cognitive-behavioral psychotherapy; chronic major depression; prediction; outcomes; drug therapy; combination treatment; Nefazodone, 1903
- therapy length; selective serotonin reuptake inhibitors; tricyclic antidepressants; major depression, 26399
- thought action fusion; obsessive compulsive disorders; negative affect; cognitive bias; anxiety disorders; emotional distress; depression, 1511
- thought disorder; bipolar affective disorder; emotionally salient material; manic patients; depressed patients; emotional salience; thought; language; communication, 34849
- thought suppression; life stress; depression severity; vulnerability, 31720
- three-stage model; treatment plan; cognitive-behavioral treatment; depression; treatment strategies, 11403
- thyroid dysfunction; unipolar major depression; female patients; depressive disorder, 11166

thyroid function; depressed mood; cognitive performance; aging population; serum thyroid stimulating hormone level; Maastricht Aging Study; verbal memory, 27846
tolerability; nefazodone; major depressive disorder; antidepressant treatment; serotonin reuptake inhibitors; drug therapy, 17065
total cholesterol; major depression; serum cholesterol; impulsivity; serum lipids, 1391
total sleep deprivation; late partial sleep deprivation; treatment; major depression; therapeutic sleep deprivation, 5378
trait anger; adult attachment style; depression; insecure or avoidant attachment; anxious attachment; young men, 22517
trans-cultural aspects; obsessive-compulsive disorder; symptomatological patterns; socio-demographic characteristics; phenomenological characteristics; anxiety; depressive disorders, 31800
transcranial magnetic stimulation; TMS; repetitive TMS; depression; depression treatment, 20373
traumatic life event; stress response; past traumatic experience; depression anxiety; job strain; life experiences; mental health indexes, 22452
treatment adherence; depression; injection drug users; psychotherapy; psychopharmacology, 20124
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14187
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14186
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14163
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14197
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14178
treatment guidelines; panic disorder; agoraphobia; depression; bipolar disorder; cognitive behaviour therapy; drug treatment; psychotherapy; psychiatry, 35386
treatment guidelines; panic disorder; agoraphobia; depression; bipolar disorder; cognitive behaviour therapy; drug treatment; psychotherapy; psychiatric practice; cognitive behavioural therapy, 35357
treatment of depression; epilepsy patients; transcultural issues; comorbidity; psychotherapy; drug therapy; treatment access & acceptability, 4522
treatment outcome measures; depression; antidepressant response; nortriptyline; fluoxetine; rating scales, 3196
treatment patterns; managed care organizations; clinical characteristics; medication nonadherence; outcomes; persistent depression; primary care patients; sociodemographic characteristics, 20549
treatment remission; Montgomery-Asberg Depression Rating Scale; symptom severity; cutoff choice; antidepressant efficacy trials; defining remission; psychosocial functioning, 18144
treatment strategies; sleep disturbance; major depression, 7822
treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11346
treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11344
treatment; chronic depressive disorders; unipolar depression; functional impairment; clinical course; mood disorders; adolescence; diagnosis; childhood depression, 1454
tripartite model of depression anxiety; older adults; psychiatric outpatients; factor models; anxiety symptoms; affect measurement, 34819
tryptophan depletion; depression; cerebral blood flow; smoking; left frontal lobe hypoactivity, 25590
tryptophan depletion; major depression; cognitive therapy; selective serotonin reuptake inhibitor antidepressants, 23100
unipolar depression; alcohol related coping; life context vulnerabilities; drinking to cope; negative life events; family support, 16401
unipolar depression; amino acid concentrations; balanced amino-acid mixture; plasma amino acid, 15777
unipolar depression; chaotic process; determinism; sadness, 1423
unipolar depression; gender differences; epidemiology, 7833
unipolar depression; treatment-resistant depression; functional MRI; affective processing; temporal lobe; hippocampus; gyrus; subgenual cingulate; striatum; brain stem; physiological correlates, 1429
unipolar major depression; cerebrospinal fluid interleukin; cytokine interleukin-6, 22483
unmet needs; bipolar disorder; depression; diagnosis; treatment; children; adolescents; Depression and Bipolar Support Alliance Consensus Statement; health care delivery; provider training, 5530

unrecognized bipolar disorder; treatment patterns; antidepressant treatment; depression; medical costs, 5102
untreated depression; hippocampal volume loss; antidepressant medication, 29316
untreated depression; hippocampal volume loss; antidepressant medication, 29383
vagus nerve stimulation; pulse width; brain activation; major depression patients, 29419
vagus nerve stimulation; VNS; antidepressant treatments; electroconvulsive shocks; antidepressant action; desipramine; Wistar Kyoto rats; rat model, 18759
vascular depression hypothesis; geriatric rehabilitation patients; cerebrovascular risk factors; post-stroke depression, 11216
vascular depression hypothesis; geriatric rehabilitation patients; cognitive impairment; vascular risk factors; late-life depressive symptoms, 10663
vascular disease; coronary artery disease; vascular depression; depressive illness; vascular dementia; diabetes mellitus; cholesterol; hypertension; blood pressure, 22420
vascular diseases; geriatric depression; cardiovascular diseases; depressive disorders; vascular depression; vascular disease, 28988
velafaxine; paroxetine; depression; geriatric patients; elderly Chinese, 20337
venlafaxine treatment; psychiatric patients; outpatients; inpatients; treatment outcomes; drug dosages; depression, 5306
venlafaxine; major depressive disorder; treatment-resistant depression; generalized anxiety disorder; obsessive-compulsive disorder; chronic pain syndromes; selective serotonin reuptake inhibitors, 8508
verbal memory performance; depressive episode patients; unipolar depression; bipolar depression, 16397
violent suicide victims; depression; serotonin postsynaptic receptors; frontal cortex; hippocampus; caudate nucleus; amygdala; inositol triphosphate; cyclic adenosyl monophosphate, 25840
volumetric analysis; orbital prefrontal cortex; amygdala; hippocampus; major depression; gender, 25562
Vulnerable Attachment Style Questionnaire; VASQ; adult attachment style; depression; test validity; test construction; insecurity; social support, 79
white matter lesions; executive function; late-onset depressive disorder; neuropsychological function; neuroradiology; vascular risk factors; drug therapy; antidepressants; treatment response, 17028
white matter; dorsolateral prefrontal cortex; late-life depression; microstructural abnormalities, 28673
white matter; late-life depressive disorder; macromolecular protein matrix; magnetization transfer ratio, 19382
winter seasonal affective disorder; childhood inattentiveness; dysphoria; adult obesity; carbohydrate craving; 7 repeat allele dopamine 4 receptor gene; weight gain; attention deficit; disease course, 10750
women and depression project; feminist action research; guided self-help groups; Finnish women movement, 34835
work disability; psychiatric comorbidity; inflammatory rheumatic diseases; illness severity; physical functioning; depression severity, 26047
young adults; first-degree relatives; major depressive disorder; subthreshold depression; familial psychopathology; family history; familial aggregation; depressive symptoms; mood disorder, 7832
young adults; tobacco use; coping style; weight concerns; exercise level; undergraduates; depressive symptoms; psychological correlates; risk factors, 1451
Young Mania Rating Scale; diagnosis; children; adolescents; assessment; bipolar disorder; depressive disorder; clinician reports; parent report; diagnostic group; mania assessment; disruptive behavior, 6335
ziprasidone; selective serotonin reuptake inhibitors; drug side-effects; atypical antipsychotic agents; mood disorders; treatment-resistant depression, 20376
zonisamide; depression; mania; epilepsy; side effects, 11357
Major Depression [See Also Analcitic Depression, Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Reactive Depression, Recurrent Depression, Treatment Resistant Depression]—Books
Depression fallout: The impact of depression on couples and what you can do to preserve the bond, 4612
Experiences of depression: Theoretical, clinical, and research perspectives, 10773
The prevention of anxiety and depression: Theory, research, and practice, 8386
Major Depression [See Also Analcitic Depression, Dysthymic Disorder, Endogenous Depression, Postpartum Depression, Reactive Depression, Recurrent Depression, Treatment Resistant Depression]—Chapters
Adolescent onset of the gender difference in lifetime rates of major depression: A theoretical model, 1458

Collaborative care for injured victims of individual and mass trauma: A health services research approach to developing early interventions, 1972
The comorbidity of anxiety and depression, and the implications of comorbidity for prevention, 8395
Depression and anxiety in late life, 4613
Depression, trauma, and cardiovascular health, 10692
Design consideration in prevention research, 8391
Measurement issues in preventing anxiety and depression: Concepts and instruments, 8390
Modular therapy for adolescents with major depression, 16994
The nature of anxiety and depression: Implications for prevention, 8396
Personal construct psychology and me, 16334
The prevention of anxiety and depression: Introduction, 8394
The prevention of anxiety and depression: Promises and prospects, 8392
Primary prevention of depression, 8398
Psychiatric assessment and treatment of depression in dementia, 1884
Psychological and nonpharmacological aspects of depression in dementia, 1362
Puberty and depression, 10157
Secondary prevention of depression: Risk, vulnerability, and intervention, 8400
Social separation models of depression, 16422
Tertiary intervention for depression and prevention of relapse, 8393
The use of imagery in alleviating depression, 23328
Women and depressive disorders, 16423
Major Tranquilizers [See Neuroleptic Drugs]
Maladjustment (Emotional) [See Emotional Adjustment]
Maladjustment (Social) [See Social Adjustment]
Malaria—Serials
cognitive outcomes; rural environment; Kenya; neuropsychological battery; test development; Kaufman Assessment Battery for Children; cerebral malaria; reliability; validity, 18156
health beliefs; communication; travel clinic consultation; prediction; adherence; malaria chemoprophylaxis; Health Belief Model; Theory of Planned Behavior; belief change, 26490
malaria; endemic countries; community perceptions; hypoendemic countries; foci-endemic malaria, 22850
sub-Saharan Africa; tuberculosis treatment; clinical guidelines; HIV treatment; malaria prevention; randomized clinical trials; public health importance; systematic review, 29480
vector borne diseases; urban locality; health behavior; health education; mosquito borne disease; community participation, 22823
Male Animals—Serials
adult rats; fertility; forced swimming stress; adulthood; spermatogenesis, 21791
aggressive behavior; corticosterone; green anole lizard; attack behavior; male animals; social interaction, 3859
ambient noise; territorial advertisement; blue-throated hummingbird; amplitude modification, 3529
cotton-top tamarins; male animal; responsiveness; *Saguinus oedipus*; pregnancy; paternal care; hormonal changes, 21493
courtship behavior; Hawaiian cricket; male animals; spermless spermatophores; nuptial gifts; mating behavior, 27677
dominance; aggression; testosterone; male chimpanzees; reproductive contexts, 15410
dominance; territoriality; competition; conditional breeders; conditional mating; variegated pupfish; *Cyprinodon variegatus*, 24592
female choice; male courtship behavior; beaugregory damselfish; animal coloration, 27652
female colour; sockeye salmon; phenotypic convergence; anadromous morphs; nonanadromous morphs; male mate choice, 15392
food preferences; number of male pups; late pregnancy; maternal hormone profiles; fetal sex hormones; maternal behavior; mice, 510
food preferences; number of male pups; late pregnancy; maternal hormone profiles; fetal sex hormones; maternal behavior; mice, 503
food; vigilance; sperm; female preference; polygamous bird; copulation partners, 3528
greater sage grouse; lek locations selection; long range visibility; conspecific females; avian predator; topographic features, 30783
locomotor performance; social dominance; assertion displays; male lizards, 15415
male aggression; female-dominated society; spotted hyena; reproductive cycle, 517
male harbour seal; vocalizations; breeding season; roars, 30793

Volume 91 SUBJECT INDEX

Male Animals—Serials

male mate choice; guppy; male preference; male paternity; female body length, 27655
male mate choice; male availability; egg production; polyandry; red-necked phalarope; sperm, 24600
male sexual behavior; Mohor gazelle; fecal estrogen; progesterone concentrations; female Mohor gazelles; mating behavior, 3527
mating advantages; sexual selection; rare male mating; alpha inversion; *Drosophila ananassae*; inversion karyotype, 24640
oxytocin; arginine vasopressin; alloparental behavior; male prairie voles, 27853
partner preference; receptive females; olfactory preference; feminine sexual behavior; testosterone propionate; estradiol benzoate; progesterone; noncopulating male rats, 3831
resource based mating system; mediterranean pollen wasp; *ceramium fonscolombei*; female brood care; water collection sites; copulation, 27651
sperm competition; egg fertilization; cockerels; ejaculation; animal mating behavior; animal mate selection; genes, 6703
sperm investment; alternative mating tactics; male bluegill sunfish; parental tactics; sneaker tactics; satellite tactics; sperm investment patterns; sperm competition; fertilization success, 3526
vocalizations; male bearded seals; ice cover; displays; mating, 30809
white-faced capuchins; male dispersal patterns; *Cebus capucinus*; age differences; breeding dispersal; emigration; intragroup mating competition; increased reproductive opportunities, 21467
white-faced capuchins; male dispersal patterns; *Cebus capucinus*; natal emigration; emigration patterns; proximate causation, 21466

Male Animals—Chapters

Juvenile male emigration from natal one-male troops in *Haemaphysalis*, 3558
Male Castration—Serials
brain; estradiol; Estrodox; dose dependence; time dependence; cycloheximide complex; copulatory behavior; castrated male; ovariectomized female; rats; blood luteinizing hormone, 18807
cytochrome oxidase activity; sexual behavior; preoptic area correlates; castrated male leopard geckos; intact geckos, 30869
photoperiod; Siberian hamster; male copulatory behavior; castration, 16511

Male Criminals—Serials

cognitive skill programmes; prison intervention programmes; adult male offenders; prison service, 32835
criminal behavior patterns; postrelease offending patterns; paroled youth characteristics; arrest frequency; geographic characteristics, 22703
family violence; correctional service; culturally competent programs; community agency; abusive men; treatment; woman abuse; Aboriginal men; Aboriginal family violence program, 17485
grief counseling; group counseling; male inmates; prisons; disenfranchised grief; gender; culture; experiences, 26778
intellectual ability; legal process; male remand prisoners; intellectual impairments; criminal justice system; understanding, 33412
Item Response Theory; Psychopathy Checklist-Revised; male criminals; female criminals; offenders; forensic psychiatric patients, 24231
male offenders; interpersonal violence; nonforensic patients; risk assessment; Violence Risk Appraisal Guide; forensic actuarial assessment, 33548
masculinity; male street thieves; criminal decision making; street crime; criminal experience, 16516
nightmares; dreamwork; adolescent male felons; verbal interventions; positive answers; case examples; verbal interventions; dreamwork benefits, 17016
predictive validity; general recidivism; Self-Appraisal Questionnaire; release outcome; male offenders; criminal outcomes, 3194
rape supportive attitudes; rapists; endorsement levels; self, other, 31978
reconviction prediction; Psychological Inventory of Criminal Thinking Styles; male English prisoners, 14983
young male offenders; anger management therapy; treatment outcomes; brief therapy; group-based therapy; evaluation, 20677

Male Delinquency—Serials

criminal behavior patterns; postrelease offending patterns; paroled youth characteristics; arrest frequency; geographic characteristics, 22703
empathic ability; hypermasculinity levels; male adolescents; sex offenders, 25795
juvenile sexual offenders; male juvenile delinquency; sexual offenders; recidivism; at risk populations, 11035
Minnesota Multiphasic Personality Inventory-Adolescent; delinquent; treatment setting, 6284

nightmares; dreamwork; adolescent male felons; verbal interventions; positive answers; case examples; verbal interventions; dreamwork benefits, 17016
nutritional adequacy; prison; male prisoners; kitchen menu; vitamin content; food choices; young offenders, 4752
social desirability; interrogative suggestibility; compliance; adolescent behaviors; personality; institutionalized adolescent males, 11972

Male Delinquency—Books

Shared beginnings, divergent lives: Delinquent boys to age 70, 8050

Male Female Relations—Serials

adolescent friends; romantic partners; siblings; antisocial lifestyle; boys; delinquency, 4715
advice manuals; books; relationship advice; women; feminist psychologists, 22240
behavioral responses; hormonal responses; men; interactions; women; conversation; mating partners; salivary testosterone, 4377
cultural differences; gender differences; romantic behaviors; university students; Puerto Rico; United States, 4374
female adolescents; dating relationships; relational dynamics; socialization processes; dating partner; health threats; risky health behavior, 10221

feminism; heterosexual relationships; marriage; self-help psychology; relationship needs; men-women relationships; feminist discourse, 28238
feminism; postfeminism; young women; identity; gender relations, 7564

first impressions; unacquainted opposite gender pairs; conversation; extroversion; cheerfulness; attractiveness; galvanic skin response, 31512
food; vigilance; sperm; female preference; polygamous bird; copulation partners, 3528

gender ambivalent group; gender blinded analyst; group therapy; gender-related differences; group harmony, 32350

gender issues; gender; positive dialogue; gender clashes; gender roles; gender sensitive psychotherapy, 31413
gender relations; gendered violence; global dimension; masculinity; men studies, 16193

gender role conflict; male partners; female perceptions; psychological well being; relationship satisfaction, 28318

male female relations; age differences; gender differences; social perception; adolescent development; boundary violations; goal nominations; social conflict; intimacy; power; friendship; avoidance, 989

masculinity-femininity; adolescent; romantic couples; sexual intercourse; relationship duration, 7443
miscommunication; flirting interactions; sexual behavior; flirting motivation; gender differences, 25220

personal characteristics; hypermuscular female bodybuilders; personality traits; social behaviors; gender traits; social perceptions; romantic involvement perceptions; gender role perceptions, 34629

physical attractiveness; sexual harassment; male employees; female employer, 19641
predictions; religious change; adolescence; attachment; romantic relationship status, 10239

psychoanalytic gender theory; heterosexual family; gender arrangements; defensive autonomy; relational submissiveness; television shows, 34527
relationship adjustment; relationship stability; young couples; test validity; Communication Skills Test-Revised; Communication Box; Demand/Withdraw Pattern Questionnaire; communication measures, 93

relationship status; romantic partner; knowledge organization; partner knowledge, 34612
risk takers; romantic partners; nonromantic partners; men; women; gender differences; preferences; desirability, 28385

self-presentations; happiness; sincerity; politeness; caution; social relationships; social desirability; social relationships; male-female interactions, 25280
social support networks; adolescent mothers; children's biological fathers; social strain; relationship continuity; teenage mothers; psychological adjustment; maternal grandmothers; new male partners, 983

values; ambivalent attitudes; gender relations; benevolence; hostility; sexism, 7658

Male Female Relations—Chapters

Gender differences in opposite sex relationships: Interactions with puberty, 10273

Male Genital Disorders [See Also Klinefelters Syndrome]—Serials
youth-targeted television broadcast; testicular cancer; testicular self-examination; college students; mass-mediated information; intention; knowledge; awareness; attitudes, 32606

Male Homosexuality—Serials

Male Genitalia [See Also Penis, Prostate, Testes]—Serials
cholinergic mechanisms; cocaine; genital reflexes; paradoxical sleep deprivation; male rats; penile erection, 18705

genital difference; preschool children; developmental period; anatomical features; female genitals; male genitals; gender differences, 18899

Greek sculpture; testicle position; scrotal asymmetry, 34048
reductase deficiency; male pseudohermaphroditism; enzyme deficiency; culture; dihydrotestosterone; patient abnormality; genitalia, 4904

sperm motility; male mice; social dominance; developmental change; reproductive organs; body size, 7099

Male Homosexuality—Serials

abjection; camp; misogyny; queer; Edward II; Tilda Swinton, 7589
activism; gay; lesbian; bisexual; transgender; media tools; activists, 28034

adolescents; gays; lesbians; bisexuals; harm reduction; school environment; gender identity; at risk populations; mental disorders, 14631

affirmative psychotherapy; gay men; homosexuals; identity formation; psychotherapeutic implications; psychodynamic model, 2011

alcohol use; HIV seropositive gay & bisexual men; sexual risk taking, 32123
anal sex; sexual partners; risk behaviors; behavioral intervention, 16214

anthropological assessment; cultural interventions; sex; social factors; HIV prevention; sexual minority populations; men who have sex with men; public health activities; same-sex phenomenon, 17327

Asian gay men; sexually transmitted diseases; unprotected anal intercourse; HIV risk, 19869

Asian men; Pacific Islander men; gay men; HIV risk; racism; homophobia; anti-immigrant discrimination; depressive symptoms; family; friendship networks, 20528

brothers; sisters; lesbians; gay men; bisexuals; social change; social issues; sexual orientation; demographic comparison; methodology, 34567
butch-femme; gender studies; James Dean; masculinity; queer nation, 7580

campus climate; student investigators; gays; lesbians; bisexuals; transgendered; self-perception; self-awareness; sexual identity, 36180

casual partnerships; HIV infection; homosexual men; highly active antiretroviral therapy; sexually risky behaviors, 7594

Charles Busch; drag performance; drag queens; entertainment; gay sensibility; female impersonator; gender dynamics, 34559

civil partnership; same-sex couples; marriage rights; civil union; lesbian partnership; gay partnership; partnership legislation, 28355

coping effectiveness training; intervention; AIDS; HIV; distress; gay men; bisexual men; self-efficacy; group coping intervention, 8446

daytime soap operas; homosexuality; gay characters; lesbian characters; Bianca Montgomery storyline; genre, 15888

demographic characteristics; risk behaviors; knowledge; psychosocial variables; HIV testing; African-American men; sex with men, 10423

domestic violence; conflict resolution skills; addictive behaviors; intimate relationship; emotional abuse; sexual abuse; Puerto Rican gay male couples; physical abuse; family of origin, 28849

domestic violence; gay men; abusive relationships; bisexual men; same-sex relationships, 16472
drag queen; drag performance; musical genres; gospel music; gay community; Blacks, 34556

drug prevention treatment programs; drug-use patterns; illicit drug use; homosexual men, 11947
equal marriage; lesbians; same-sex marriage; lesbian couples; gay couples; human rights; marriage rights; federal legislation, 28366

family therapists; lesbians; gay men; therapist attitude; training, 26793

feminist theory; lesbian marriage; gay marriage; social inequality; social movement; human rights, 28326
gay & straight possible selves; goals; identity; subjective well-being; personality development; ego development; narratives, 34551

gay adolescents; lesbian adolescents; loneliness, 7585
gay bar; homosexual life; gay mutual sharing; leather scene; gay guys; gay dance parties, 4262

gay congregation; lesbian congregation; social justice; communities; liberal church; advocacy; community affirmation, 28342

gay identity development; college environment; self identity; college students; sexual identity, 31435
gay male drag; drag performers; sex gender sexuality systems; femininity; sexuality; drag queens, 34572

gay marriage; lesbian marriage; intimate relationships; couples; marriage rights; partnership rights; international migration; immigration, 28338

gay men stories; sex preferences; anonymous sex; sexual stories, 4276

gay men; Asian men; Pacific Islander men; HIV risk; social discrimination, 20527

gay men; bathhouses; sexual activities; sexual relationships; homosexuals; sexual fantasy, 4261

gay men; bisexual men; Acquired Immune Deficiency Syndrome; helplessness related loss; coping behavior, 29047

gay men; gay daughter; gay mother; gay friends, 4263

gay men; heterosexuals; television; social structure, 31428

gay men; HIV; high-risk sex; unrealistic optimism; motivation; cognition; gay males; homosexuals, 13891

gay men; homosexuality; gay men stories; gay men publication; Barry Charles, 4273

gay men; homosexuality; social theory of sexuality; practice-based theory of sexuality; sexual stories, 4274

gay men; human immunodeficiency virus; HIV; highly active antiretroviral therapy; HAART; public health; HIV prevention; drug users; risk avoidance, 2339

gay men; intimate relationships; sexual encounters; sexual activity; sexual contact; sexual lives, 4277

gay men; lesbians; mental health counselors; substance abuse problems; counseling; historical context; legal protections; gay community, 1144

gay men; support services; heterosexism; service delivery; aged care; Whites; low income, 28356

gay nightclub; drug use; sex; club dancing; social space; tribal space; multiplicity; flux; social relations; cultural relations, 28408

gay youth; youth suicide prevention; protective factors; high self esteem; young gay men; social norms; suicide resiliency factors, 10906

gay; lesbian; bisexual; transgender; equality; public policy; liberation, 28330

gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5106

gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5131

gender role behaviors; homophobia; heterosexuals; homosexuals; negative attitudes; Whites; African Americans; Latinos, 28359

gender; sexuality; judgement; victim blame; rape myth acceptance; male rape; gay men, 1571

health promotion; online HIV intervention; sexual risk; gays; men who have sex with men; chat-room based intervention; HIV prevention, 35704

health service; social service; gay population; lesbian population; bisexual population; rights; quality of life; social networks; health; well-being, 29670

heterosexist ambivalence; heterocentric norms; intergroup discomfort; gay male; straight male, 28390

high risk sexual behavior; young men who have sex with men; homosexuals; personality variables; unprotected anal sex; decision making; sensation seeking; anxiety; depression; homophobia; substance use, 34542

HIV prevention; sexuality; sex partner; sex discussion; sex problems, 26539

HIV prevention; unprotected anal intercourse; sexual risk; communication skills; noninjection drug usage; social norms; individually; men who have sex with men, 16210

HIV-infected patients; lack of homosexual exposure; heterosexuals; HIV; AIDS; sexually transmitted diseases; STD; HIV transmission; Peru, 22866

HIV; AIDS prevention; AIDS prevalence; men who have sex with men, 32595

HIV; AIDS; prevention research; homosexual males; African Americans; risk factors, 14335

HIV; HIV optimism; high risk sexual behavior; gay men, 4917

HIV; HIV optimism; high risk sexual behavior; gay men, 4923

masculinity-femininity; adolescent; romantic couples; sexual intercourse; relationship duration, 7443

masculinity; character representation; male bonding; material prosperity; Sinclair Lewis; male friendship, 31046

masculinity; drama therapy; male survivors; sexual assault; male rape; group treatment, 32284

masculinity; femininity; personality traits; self-construal, 19160

masculinity; life expectancy; health behavior; mortality; social construction; gender attitude, 31094

masculinity; male antigay attitudes; authoritarian hegemony; gender role beliefs; heterosexual men, 28521

masculinity; male street thieves; criminal decision making; street crime; criminal experience, 16516

masculinity; mental hospital; male residents, 16216

men; long-term unemployment; gender identity; masculine identity; breadwinning, 19083

nursing; registered male nurses; history; career issues; masculinity; motivation; experiences; recruitment, 2670

prejudice; homophobia; sexism; adolescents; male talk; masculine norms; social interaction, 28112

railroads; racism; religion; gender difference; masculinity; apocalypse; ethics, 31293

reject sexual harassment; same-sex harassment; perceiver gender; approach sexual harassment, 28434

social dominance orientation; feminist identity; sex difference; gender socialization; masculinity; femininity, 25194

sociosexuality; masculinity; mating tactics; self-perceived attractiveness; women, 22259

sport fan motivation; gender differences; anatomical sex; gender role orientation; sport fandom; masculinity; femininity, 12323

sport; femininity; masculinity; intercollegiate athletics; intercollegiate media guide covers; gender differentiation, 24037

transsexuals; social stigmatization; manhood; Cyber community support; sex negotiation; gender mobility; female to male transsexuals, 25213

treasure hunting; adventure fiction; masculinity; femininity; feminist perspective; narrative; contemporary film, 4015

Viagra; sports club members; erectile dysfunction; masculine image; male health; sexual dysfunction; men's attitudes; social setting; knowledge; interest, 31319

youth movement; masculinity; straight edge movement; manhood, 31410

Masking [See Also Auditory Masking, Visual Masking]—Serials

backward masking; central performance drop; texture segmentation; spatial vision; parafovea, 12606

constructivism; constructing masks; self; therapists; clients; psychotherapists; drama therapy; psychodrama models; constructivist therapists; psychological theory; constructivist theory, 8417

form-priming effects; nonword naming; masked priming; phonological encoding; visual word processing, 27995

masked prime stimuli; free choices; choice responses, 33675

programming language; quantitative models; online simulations; Web browser; source code; visual backward masking, 9511

Masking—Serials

Volume 91 SUBJECT INDEX

Masking—Chapters

Masking [See Also Auditory Masking, Visual Masking]—Chapters

Masked priming across languages: An insight into bilingual lexical processing, 15309

The nature of masked onset priming effects in naming: A review, 15273

Racehorses, reindeer, and sparrows: Using masked priming to investigate morphological influences on compound word identification, 15323

A retrospective view of masked priming: Toward a unified account of masked and long-term repetition priming, 15319

The robustness of phonological effects in fast priming, 15271

Maslow (Abraham Harold)—Serials

positive psychology; history: American Psychological Association; Abraham Maslow; William James; Martin Seligman, 30350

Masochism [See Also Sexual Masochism]—Serials

femininity; psychoanalytic implications; social status; gender-role behavior; penis envy; masochism; passivity; super-ego development; female psychosexuality; orgasm, 28315

Freud; masochism; metaphysical anthropology; erotic relation, 19233

masochism; sadism; metaphysics; suffering; physical pain; mental pain; truths; pain; sorrow; asceticism; Western medicine; psychoanalysis, 18837

masochism; sexuality; non sexual masochism; death drive; sexual drives, 19242

masochism; umbilicus; enigma; negative therapeutic reaction, 20225

masochistic thoughts; masochistic behaviors; masochism; psychic pain; masochistic patient; intrapsychic dynamics; self-defeating masochism, 25803

Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34741

Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34740

perverse masochism; castration anxiety; rich fantasy; death drive, 19590

vampires; patients; hoarding behavior; sadomasochistic sexual practices, 26231

Masochistic Personality—Serials

masochistic thoughts; masochistic behaviors; masochism; psychic pain; masochistic patient; intrapsychic dynamics; self-defeating masochism, 25803

Mass Culture [See Popular Culture]

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Serials

African Americans; high school students; Blacks; religiosity; media exposure; racial self esteem; self concept; stereotypes, 13260

agenda setting; moderating influence; political elites; television news; European union; cross-national comparative research, 4073

agenda setting; political variables; public agenda; audience skepticism; media mistrust; cynicism, 15897

attention deficit hyperactivity disorder: World Federation for Mental Health guidelines; World Health Organization; behavioral characteristics; media; neurobiological disorder, 31992

beauty and thinness messages; children's media; young; body image concerns; desire for thinness; avoidance of obesity; body preferences and stereotypes, 28106

biotechnology; scientific literacy; mass media, 27687

body image dissatisfaction; appearance culture; adolescent attitudes; friend conversations; peer criticism; appearance magazine exposure; appearance ideals; internalization, 22077

campaign rhetoric; emotion; fear; anger; priming; campaign effects, 28296

child development; ecological contexts; media role; physical development; behavioral development; cognitive development, 28047

consumer orientation; media planning; simultaneous media usage; multi-tasking consumers; media marketplace, 30251

contemporary Christian music; mass media; culture; Evangelical Christians; American society; Christian music, 19023

diabetes; blacks; social marketing; health education; health care providers; media campaign, 23418

dopaminergic systems; ecstasy users; MDMA; ecstasy information; 3,4-methylenedioxymethamphetamine; mass media; toxic effect; animal research; human research; mood; pain tolerance; driving, 25878

exposure to the thin-ideal media image; women; affect; self-esteem; body satisfaction; eating disorder symptoms; level of internalization of the thin-ideal, 28949

feminism; political values; democratization; gender issues; popular culture, 34520

Internet chat rooms; suicide; adolescents; cyberspace; suicide prevention; imitation suicide; mass media, 13690

interpersonal communication; public affairs; public opinion; mass media, 18889

life skills education; education evaluation; puberty; body knowledge; HIV knowledge; HIV risk perception; condom use knowledge; mass media education; South African junior-secondary school children, 11733

mass media advertising; community education; public health project; stigma; discrimination; mental illness; Like minds like mine, 35710

mass media; drug prevention campaigns; sensation seekers, 11741

mass media; symbolism; framing analysis; religion, 18887

media coverage; human genome sequencing; houseofficers reactions; physician attitudes, 8947

media distortion; mental illness; psychiatric disorders; dehumanization; stereotypes; values; beliefs; society, 7789

media exposure to suicide; early experience; cognitive development; comprehension; social influences, 929

media exposure; airplane typicality; media coverage, 18886

media exposure; body dissatisfaction; disordered eating; magazine reading; television viewing, 13843

media exposure; male body image; mass media; physical appearance; ideal male images, 16278

media figures; adolescent development; autonomy; attachment; celebrities, 16013

media impact; voting; media coverage; methodological foundations; attentiveness approach; linkage approach, 13363

media influences; suicidal behavior; suicidal ideation; self-harm; adolescents; images; memory, 25857

media use; media effects; individual explanations; information processing; social problems; crime; welfare; attribution, 15896

media violence; aggressive behavior; aggressive emotions; aggressive thoughts; childhood exposure; criminal behaviors; adolescent development, 18879

media violence; violent media; media effects; individual growth curves; multilevel modeling; concurrent effects; aggressive youth; active audience; middle schools; internet sites, 4115

media-use pattern; data collection; sexual health; recruitment; sexuality; young adolescents, 21239

moral discourse; self discourse; interaction patterns; Love-line; radio advice show; healthy selfhood; intimate troubles; postmodern world, 34668

nationality; globalization; social forms; mass communication; media theory, 34441

persuasive communication; media richness; model; media features; communication outcomes; attitudes; intentions; behavior; organization, 20892

political figures; attitude strength; media coverage; agenda-setting effects; presidential election; public attitudes, 13137

political scandal news; media; politicians; political popularity, 28302

political scandals; cross country differences; media; democracies, 28303

political scandals; political culture; mass media; society, 28294

predictors: violent media use; sensation seeking; alienation; aggression; 8th graders; adolescents; violent film; internet websites; computer games; video games, 16033

Presidential leadership; terrorist attacks of September 11; media responses; charismatic leadership; Presidential speech; rhetorical language; public opinion; crisis, 31049

pretrial publicity; prejudicial publicity; decision making; confirmation biases; negative pretrial publicity; predecisional distortion; guilty verdicts; evidence evaluation; mock jurors; juror bias, 27230

psychological reactions; posttraumatic stress; teacher's reactions; Oklahoma City bombing; media exposure; media coverage, 28777

religious faith; behavioral health outcomes; media exposure; human genetics; genes, 29445

risk factors; body image; body dissatisfaction; eating disturbance; interpersonal teasing; media internalization, 19824

scandals; media; citizenship; media publicity; politicians, 28305

school violence; student perception; optimistic bias; middle school students; high school students; personal attributes; media, 22613

self-help group participation; culturally diverse urban areas; media; leveraging referent power; chronic health problems; health benefits; Media and Education for Self-Help Project, 29427

social identity model; media usage; social stasis; social change; power arrangements; social creativity; social mobility, 28032

Matching to Sample—Serials

third-person effects; media messages; alcohol messages; perceived influences; social comparison; social judgment; self esteem, 18880

third-person perception; media effects; preventive explanations; punitive explanations; public support; media censorship; private sexual content; politicians; compact disc, 13130

transnational identities; Chinese transnational mass media; transnational Chinese identities; Malaysian Chinese; adults; high school students, 21986

unrestrained eaters; self-esteem; mood; body image; restrained eaters; thin-body media images; exposure duration, 22347

widespread community; rhetoric; mass communication; Christ-followers; social practices; ritual practice; religious sect; mass society; mass communication; Paul of Tarsus, 19027

youth-targeted television broadcast; testicular cancer; testicular self-examination; college students; mass-mediated information; intention; knowledge; awareness; attitudes, 32606

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Books

Hidden depths: The story of hypnosis, 3430

Mixed media: Moral distinctions in advertising, public relations, and journalism, 869

Mass Media [See Also Motion Pictures, News Media, Printed Communications Media, Radio, Television]—Chapters

Children and the changing media environment: From Plato's Republic to Hillary's village, 22022

Does media coverage of capital punishment have a deterrent effect on the occurrence of brutal crimes? An analysis of Japanese time-series data from 1959 to 1990, 4724

Engineering consent: The renaissance of mass communications research in politics, 10331

Poverty and research, 10325

Public education of psychology: An interview with Philip G. Zimbardo, Ph.D., 2616

Massage—Serials

aromatherapy; cancer; research methodology; palliative care; psychological distress; cancer; aromatherapy massage, 15161

massage therapy; treatment efficacy, 11587

Mastectomy—Serials

mastectomy patients; breast reconstruction; decision-making, 17166

psychosocial functioning; psychological distress; body image; bilateral prophylactic mastectomy, 14283

self esteem; apparel satisfaction; appropriate clothing; post-mastectomy women; product attributes; support groups; mastectomy survivors; special needs; shopping; apparel items, 9174

Mastery Learning—Serials

mastery beliefs; productive leisure activities; third age; education; volunteering; participation; personality traits, 10619

Mastery Tests [See Criterion Referenced Tests]

Masturbation—Serials

masturbation; homosexuality; moral disapproval; religious culture; self-identification, 22258

slimness; sexual intercourse; masturbation; sexual activity; noncoital partnered sex; sex therapy, 28329

temporal lobe epilepsy; surgery; hypersexuality; excessive masturbation; amygdalohippocampectomy; psychiatric symptoms, 14290

Matching Test [See Matching to Sample]

Matching to Sample—Serials

acquisition; short-term retention; compound matching; hue value; peck number value; pigeons, 3474

asymmetrical retention; asymmetrical training; feature-present matching; feature-absent matching; initially trained sample; retention; matching task; single-code-default strategy; Silver King pigeons, 9708

categorization models; general recognition theory; categorization behavior; exemplar-based models; stimulus classification; assignment probabilities; rule-based prediction; generalized context model, 12669

color classification; matching-to-sample procedure; long-term training; color names; chimpanzees, 9763

decision theoretic analysis; deontic reasoning; indicative conditional probability; acceptability judgment; unacceptability; deontic conditionals; psychological research; permission rules, 24461

equivalence class formation; differential probability; reaction time; errors; matching to sample; training structure; many-to-one training; one-to-many training, 3390

equivalence formation probability; stimuli familiarity; training sequence; equivalence relations, 21324

forgetting functions; multiple delays; delay interval distribution; delayed matching to sample; pigeons, 12739

hippocampus; medial caudate nucleus lesions; memory; direction information; rats; delayed matching-to-sample task, 21568

local proactive interference; delayed matching to sample; reinforcement; discriminability; working memory, 18466

matching stimuli; same-class elements; different-class elements; discriminative properties; match-to-sample tasks; equivalence-equivalence, 15284

need probability effects; short-term memory; delayed matching-to-sample; pigeons, 15379

object-based connectedness; image-based connectedness; object pairs image; monocular & binocular depth cues; concavities; matching, 6508

relational evaluation; stimulus equivalence; symmetry; equivalence; discrimination task; match-to-sample, 18403

semantic refractory access dysphasia; spoken word comprehension; matching-to-sample performance; visual processing; semantic processing; verbal comprehension; visual comprehension, 20072

stimulus equivalence; testing conditions; US geography relations; autism, 9042

stimulus salience; retention interval; delayed matching-to-sample; asymmetric forgetting; pigeons, 27639

symmetric responding; symmetric experience; response generalization; matching to sample; visual stimuli; spoken stimuli; names, 4095

temporal lobe; face processing; face matching; face perception; hemisphere neurons; hemispheric specialization, 11271

unspecified models; everyday predictions; sampling; symmetry; judgment, 27519

Match Selection [See Animal Match Selection]

Match Swapping [See Extramarital Intercourse]

Materialism—Serials

cognitive psychology; social environment; biomedical psychiatry; eliminative materialism; ethics; moral philosophy; moral psychology; neuropsychology; mental behavior; brain behavior; reductionism, 18838

compulsive buying behavior; perceived social status; materialism; self-esteem; apparel-product involvement, 30268

critical thinking; theoretical assumptions; psychology courses; determinism; materialism; instructional approach, 29895

family structure; materialism; compulsive buying; adults, 9194

life experience; experiential purchases; material purchases; materialism; happiness; time perspective, 7709

masculinity; character representation; male bonding; material prosperity; Sinclair Lewis; male friendship, 31046

material values scale; materialism; consumer behavior; test reliability, 30519

materialism; affect; self-presentational concerns; psychological well-being, 25329

materialism; resource allocation; spending tendencies; saving; debt; economic psychology; consumer attitudes; consumer behavior; self-perception, 4190

materialist values; parental socialization; adult life; parent child relations; offspring; childhood development; personality development, 10234

parental influence; luxury brands; infant apparel; purchasing behavior; social consumption motivation; conspicuous consumption motivation; materialism, 20993

psychological well-being; materialism; affective well-being; social support; positive affect; negative affect, 31558

television advertising; materialism; parent child conflict; unhappiness, 960

terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews; well-being, 27168

terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; self-esteem; worldviews; well-being; individual differences, 27155

terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews, 27154

Materialism—Chapters

The Spinozist programme for psychology: An attempt to reconstruct Vygotsky's methodology of psychological materialism in view of his theories of emotions, 4483

Maternal Behavior (Animal) [See Animal Maternal Behavior]

Maternal Behavior (Human) [See Mother Child Relations]

Maternal Investment [See Parental Investment]

Mates (Humans) [See Spouses]

Mathematical Ability—Serials

Academic achievement; longitudinal study; mean length of utterance (MLU); narrative cognition; picturebook reading; language development; Peabody Individualized Achievement Test-Revised (PIAT-R), 33133

academic behavior; reinforcement contingency; task difficulty; response allocation, 18926

addition; subtraction; counting; arithmetic problems; preschoolers understanding; prediction phase; checking phase; problem solving, 23899

Alzheimer's disease; arithmetic fact retrieval processes; arithmetic strategy selection, 1839

anxious responding; mental arithmetic; lexical decision; performance, 9655

arithmetic learning difficulties; arithmetic skills; reading difficulties, 13810

attention; math; students; attention deficit; problem solving; elementary education students; categorizing, 19754

behavioral momentum; academic productivity; high probability request sequences; letter writing; mathematics problem completion; response rates; reinforcement, 36161

calendrical calculation; savants; calendrical skills; development; social skills; cognitive skills, 25006

children's skills; numeral writing; developmental maturity; writing skills, 36150

chimpanzees; numerosness judgments; nonvisible sets; item addition; item removal, 12732

cognitive mediators; sex-related differences; mathematical abilities; mental rotation; lexical access, 9647

cognitive neuroscience; numerate neurons; neuronal encoding; linear encoding; logarithmic encoding; mathematical cognition; computation ability; nonhuman primates; numerosity judgements, 15597

cognitive processes; working memory; mathematical problem solving; at risk populations; serious math difficulties; age differences; elementary school students, 35113

counting strategy; counting errors; task difficulty, 18910

decision making; individual differences; cognitive processing; risky choice; math skills; need for cognition, 21348

deficient arithmetic fact retrieval; fact retrieval difficulties; developmental dyscalculia; information storage; information access, 13963

dyscalculia; reading disability; children; working memory; numerical processing, 32023

elementary school students; elementary school teachers; mathematical learning; mathematical thinking; mathematics teaching, 14669

episodic situation model; formalisation; primary school pupils; comprehension; problem-solving strategies; situation model; word problems; procedural models; arithmetic, 13170

explicit counting; temporal discrimination; marker-type conditions; strategy limits; standard durations; auditory signals; visual signals; duration discrimination; memory variance; memory process, 15182

fair division problems; consensus-halving; Borsuk-Ulam theorem; Tucker theorem; object division; combinatorial topology, 21222

individual differences; fraction skills; mathematical knowledge; conceptual knowledge; simple arithmetic; working memory; on task classroom behavior, 7384

interhemispheric interaction; global local processing; mathematically gifted adolescents; average ability youth; college students, 18612

jail population; employability skills; recidivism; female jail inmates; soft skills; reading; math; interpersonal skills; personal characteristics; employment barriers, 26783

learning intelligence; mother tongue; mathematics; children perception; best pupil, 26939

mathematic skills, talented females; high school calculus; socioeconomic status; mathematically talented females, 9048

mathematical ability; unidimensional model; multidimensional item response theory; communication ability; scoring items; student proficiency classification, 6374

mathematical disabilities; child development; ability level; learning strategies, 19788

mathematical giftedness; problem solving experiences; gifted students; accelerated algebra; generalizations; abstractions, 17765

mathematical learning difficulties; PASS cognitive processes; children; intervention; special education, 5943

mathematical literacy; cultural equivalence; scientific literacy; literacy assessment; PISA; Programme for International Student Assessment; reading literacy assessment instrument, 21192

mathematical literacy; learning environments; designed learning; mathematical development; mathematical identities, 33055

mathematical proficiency; emergent mathematic skills; preschool children; executive functions; working memory; inhibitory control; shifting abilities, 31144

mathematics self-concept; mathematics achievement; mathematics ability; Norwegian students; frames of reference; self-evaluation; self-efficacy, 26946

mathematics skills; dyslexia; language comprehension skills; digit span performance; children, 13809

mathematics; learning disabilities; memory deficit; cognitive deficit; arithmetical competencies, 11092

motivational characteristics; cognitive characteristics; high school students; math self-efficacy; non-gifted students; gifted students; creativity, 30098

multiplication practice; product verification; integrated structures model; retrieval-induced forgetting; cognitive processes, 33817

multiplication problems; word-finding difficulties; syntactic comprehension; phonemic paraphasias; reading; access deficit; Aphasia, 19945

Number Processing and Calculation battery; counting abilities; number comprehension; numerical transcoding; arithmetic reasoning; conceptual knowledge; normative data, 6340

number processing; analogue equivalents; arithmetic sums; IQ-dependent, 12657

number processing; mental calculation; developmental dyscalculia; mathematics disorder; arithmetical performance; test validity; test standardization; Greek schoolchildren, 33491

number sense; mathematics program; learning development; cognitive development; Number Worlds; educational program evaluation, 23810

numerical diagrams; arithmetical activity; fourth-grade class; natural number concepts; semiotic signs; metaphor, 23888

numerical surface form; operand parity; cognitive arithmetic; odd-even; addition; multiplication; parity comparison; digits; number words; strategies; retrieval, 9641

older siblings; parental support; preschoolers counting; middle-income families; mathematical abilities; social support, 22024

social comparison; middle school students; student perceptions; ability; math; academic motivation; self-evaluation maintenance model; self concept; social relationships, 5914

socioeconomic status; ethnic differences; gender differences; informal mathematical knowledge; addition; subtraction, 28073

strategies; mental arithmetic calculation; written arithmetic calculation; grade school children; mathematics; cognitive functioning, 2790

task difficulty; presentation mode; arithmetic ability; computer presentation; response latency; response accuracy; auditory information processing; modality of presentation; interference effects, 18162

visual-sequential functions; visuo-spatial functions; dyslexia; language comprehension; mathematics skills, 1706

visuospatial learning disability; arithmetic; numerical tasks; calculation tasks; knowledge, 1717

visuospatial memory; working memory; mental rotation; intelligence; numeracy; early mathematical skills; preschool children, 18925

working memory; counting knowledge; mathematical disability; arithmetic development; strategy choice; addition problems; learning disability, 25974

working memory; mathematical reasoning; children, 18929

working memory; mental arithmetic; cognitive processes; learning strategies; phonological disruption; visuospatial interference; age differences; children, 18930

working memory; numerical information; mathematical disabilities and ability; cognitive impairment; children, 32026

working memory; resource demand effects; retention interval; card counting span performance; time limits; cross age consistency, 7397

young deaf children; spatial task; temporal number task; number representation; mathematical learning; mathematical instruction, 29209

Mathematical Ability—Chapters

What mathematical abilities are needed for success beyond school in a technology-based age of information?, 23901

Mathematical Modeling [See Also Structural Equation Modeling]—Serials

aggregation maps; social choice; topological properties; null preference, 6406

animal behavior; animal motions; pharmacological experiments; behavior analysis; qualitative modelling, 33615

applied longitudinal methods; aging research; quantitative statistical techniques; multilevel modeling; structural equation modeling, 7462

attribute-base approach; customer choice; comparability-based balance model; market segmentation; Bayesian framework; reservation prices; multiple category product bundles; bundle pricing, 24069

auditory nerve recovery function; modified subtraction method; mathematical modeling; neural response telemetry; cochlear implant; electrical compound action potential; electrical stimulation, 6392

Bayesian inference; covariance; matrix structures; Bayesian solution; diabetes patients; simulation; noise; clustering, 235

Bayesian learning; missing data; independent component analysis; independent sources; gaussians, 9527

comonotonic book making; uncertainty attitudes; De Finetti; Dutch book argument; Choquet integrals, 6407

Volume 91 SUBJECT INDEX

Mathematical Modeling—Serials

computational model; neural representation; multiple disparities; visual system; motion direction; same region; image; multiple surfaces; glass; stereopsis; transparency, 6164

computational model; story comprehension; simulation results; inference process; story coherence; story recall, 9650

covariance structure modelling; estimation; maximal reliability; linear composites; congeneric measures; covariance structure analysis, 30539

decaying synapses; neuronal networks; synchronization, 6153

elimination by aspects model; parameter estimation; choice modeling, 6387

experimental color-matching functions; mathematical determination; numerical data; unreal primaries; RGB CIE-1931 primary system; color-representation system, 15214

fly motion vision; high-pass filter; low-pass filter; model; adaptation; response transients; fly neurons, 21545

generalized factorizable automorphisms; conjoint structures; conjoint measurement, 6404

genetic algorithms; classification tasks; pattern recognition; symbolic learning; real-world data; structural rule extraction; Structural Galois Lattice; machine learning; real-world data sets, 3066

habilitation; infant development; methodology; model-based nonlinear regression framework; individual differences, 15138

HIV status; biological measures; large-scale study; categorical data; continuous data; MIMIC model, 12540

impairment; stroke; neurons; cell death; neural firing rate; cosine directional tuning; cortical activity; population vector model; movement control; hand movements, 4951

inhibition; cognitive performance; mathematical models; age differences; cognitive functioning; irrelevant thoughts; cognitive processing speed, 24939

learning machine; non-identifiable statistical model; gaussian mixture; distribution mixture; mixture model singularity; stochastic complexity; algebraic geometry, 9256

local component decisions; problem-solving oscillations; coordination; project members; rugged performance landscape; product development projects; system performance; complex engineering projects, 1189

mathematical learning theory; mathematical models; traumatic avoidance learning; learning; mathematical psychology; data sets, 30534

mathematical modeling; conflict resolution; heterosexual couples; emotional inertia; repair effectiveness; gay and lesbian couples, 10421

minimal relative motion principle; structure from motion; perceptual phenomenon; mathematical model; vertical axis; oscillating tilted bar, 24328

model mimicry; parametric bootstrap cross-fitting method; goodness-of-fit, 15141

model selection; Bayesian information criterion; Akaike information criterion; regression problem; structural risk minimization; Vapnik-Chervonenkis theory, 237

model with internal restrictions on item difficulties (MIR-ID); estimation; parameter values; model parameters; item response theory models; computer program, 9518

multilayer neural networks; learning model; algorithm; local minima escape; global convergence; exclusive or & parity problems; alphabetic characters & Arabic numerals learning; ionosphere data, 18008

ontological reversal; science education; Edmund Husserl; Goethe; natural science; theoretical models; thinking; reasoning; pre-service science teachers; mathematical models, 23756

overfitting; regression-type models; statistical models; shrinkage; penalization, 24317

paired comparison data; parameter estimates; multivariate normal distribution; statistical software; Thurstonian paired comparison models; Monte Carlo Expectation-Maximization algorithms, 12542

perceptual organization; minimal relative motion principle; mathematical analysis; visual system, 30582

performance expectations; status characteristics; equation model; expectation states theory; performance evaluations; mathematical models; hierarchy formation; single equation, 266

person-environment fit; job satisfaction; theory of work adjustment; Bradley-Terry-Luce method, 12289

preferred orientations; cortical surface; computer simulations; principal component; receptive fields, 3263

programmable cellular automata; all one polynomial; Montgomery multiplication architecture, 33402

programming language; quantitative models; online simulations; Web browser; source code; visual backward masking, 9511

purely ordinal scales; decision behavior; reflection lattices; linear lattice, 15125

quadratic approximation; probability summation; analyzers; channels; human vision; models, 15132

quadratic approximation; probability summation; analyzers; channels; human vision; models, 6410

range equation; optimal migration theory derivation; running animals; fuel load; departure mass; lean mass; model, 3448

representational knowledge; knowledge units; multinomial model; model parameters; mental operators; abstract content; congruent items, 30683

resource allocation; multisite service systems; service quality; health care services; interstate customer flows; analytical optimization models; optimal allocation policy; service criterion, 14753

reverse correlation; neurophysiology; linear transducers; spiking neurons; receptive fields; visual neurons; spatial processing; color processing, 21675

segment retention criteria; finite mixture logit model; marketing decisions; latent segment; product design; multinomial choice data; Akaike information criterion; simulation; consumer choice modeling, 24078

self adaptive output tracking; active binocular tracking; online computation; binocular head trajectories; neural network; mathematical model; robotic systems, 24107

sequential bargaining; subgame perfection concept; actual behavior, 10491

similarity measures; categorization models; geometric distance, 30546

social dilemmas; mathematical analysis; artificial intelligence; agent-based simulation; prisoner's dilemma; tragedy of the commons; mathematical modeling, 6147

state space model; point process intensity & parameters; latent stimulus; neural spiking; approximate expectation maximization algorithm; recursive nonlinear filter algorithm, 17979

subthreshold voltage fluctuations; neuronal membranes; synaptic noise; electrophysiology; cerebral cortex, 6159

team formation; bargaining; model, 21216

Thurstonian models; judgment data; comparison data; identifiability, 18206

vertebrates; nervous system; sensory stimuli; neurons; neural computation; neuron population; inference process; uncertainty; function approximation models, 6972

Mathematical Modeling [See Also Structural Equation Modeling]—Books

Beyond constructivism: Models and modeling perspectives on mathematics problem solving, learning, and teaching, 23781

Mathematical Modeling [See Also Structural Equation Modeling]—Chapters

The Application of Methods of Meta-Analysis for Heterogeneity Modeling in Quality Control and Assurance, 293

Foundations of a models and modeling perspective on mathematics teaching, learning, and problem solving, 23782

From problem solving to modeling: The evolution of thinking about research on complex mathematical activity, 23855

In what ways does a model and modeling perspective move beyond constructivism, 23853

Integrating a models and modeling perspective with existing research and practice, 23840

Introduction to an economic problem: A models and modeling perspective, 23838

Mapping structural alterations of the corpus callosum during brain development and degeneration, 15642

Mirror neurons and the neural basis for learning by imitation: Computational modeling, 3742

Model development sequences, 23852

A modeling perspective on teacher development, 23793

A models and modeling perspective on problem solving, 23864

A models and modeling perspective on skills for the high performance workplace, 23978

Models of functions and models of situations: On the design of modeling-based learning environments, 23860

Origins and evolution of model-based reasoning in mathematics and science, 23850

Piagetian conceptual systems and models for mathematizing everyday experiences, 23851

A semiotic look at modeling behavior, 23847

Using a translation model of curriculum development and classroom instruction, 23842

Mathematical Psychology—Serials

binary choice; subset choice; random utility; ranking; permutahedron, 21229

consequence paradoxes; Allais paradox; transitivity; coalescing; rank-dependent utility theories; cumulative prospect theory; violate branch independence, 21211

mathematical learning theory; mathematical models; traumatic avoidance learning; learning; mathematical psychology; data sets, 30534

set representation of order; partial order; knowledge spaces; structural equivalent of saturation, 24334

Mathematics—Serials

Mathematics [See Also Algebra, Calculus, Geometry, Statistics]—Serials

achievement goal theory; motivation; cognitive engagement; mathematics achievement; goals; performance-approach goal structure, 23895

addition development; subtraction development; conceptual knowledge; procedural knowledge; grade, 17697

addition; subtraction; counting; arithmetic problems; preschoolers understanding; prediction phase; checking phase; problem solving, 23899

age-related differences; arithmetic problems; verification strategies, 25093

arithmetic knowledge; brain activation; multiplication problems; working memory, 18564

arithmetic problem solving; individual differences; memory updating, 31166

arithmetic; age-related differences; strategy selection; five-rule effects; cognitive ability; judgments; young adults; elderly; arithmetic problem verification tasks, 30678

authentic context; graphical representations; problem solving; word problems; geometry; high school students; middle school students, 5899

basic arithmetic operations; sensory modalities; recognition; preverbal infants; visual objects, 13189

biased extensive measurement; monotonicity; homothetic invariance; scaling transformation, 15134

cardiovascular reactivity; psychological stress; mental arithmetic; cold pressor; Caribbean Americans; African Americans; European Americans, 11208

cerebral activation patterns; arithmetic learning; multiplication; training; hemispheric activation, 9906

computational complexity; finite state; optimality theory; OT; phonology; language comprehension, 15862

computational estimation; age-related changes; age differences; strategy choices; digit multiplication; speed; accuracy; cognitive domain change, 34380

conjoint measurement models; additivity; subtractivity; numerical representation; binary relation, 30525

cooperative work groups; mathematics tasks; mathematics knowledge; peer-directed questions; elementary school students, 9016

dyscalculia; Turner syndrome; cognitive deficits; arithmetic; genetics, 11135

early mathematical experience; black children; white children; cognitive development, 22046

electrophysiological correlates; multiplication facts retrieval; electrophysiological activity; stimulus-driven retrieval, 27815

elementary-school children; educational implications; advanced math; basic math; children's gender stereotypes; stereotype stratification, 14668

engineering students; academic success; mathematics; problem-solving, 9015

fair division problems; consensus-halving; Borsuk-Ulam theorem; Tucker theorem; object division; combinatorial topology, 21222

feminine characteristics; math courses; negative stereotypes; feminine identity; identity bifurcation; stereotype threat, 19081

gifted females; mathematics; natural sciences; technology; gender differences; cultural influences, 33202

grade level; instructional time; mathematics software selection; level differences; elementary school; intermediate students; teacher influence; gender; computer software, 2691

helping behavior; help-seeking behaviors; help-giving behaviors; mathematics problems; peer directed groups, 12165

information acquisition strategies; cognitive structure; arithmetic; operators; operands; problem solving, 18361

internal consistency; reliability; consistency estimates; united arab emirates; construct validity; arabic version; Fenema-Sherman mathematics attitudes scales, 24303

learning machine; non-identifiable statistical model; gaussian mixture; distribution mixture; mixture model singularity; stochastic complexity; algebraic geometry, 9256

mathematical tools; hazard function analysis, 6393

mathematics education; international perspectives; mathematics performance; learning disabilities, 12152

mathematics education; learning disabilities; Spain; math curriculum; teacher resources, 11090

mathematics education; mathematics knowledge; educational program evaluation; Big Math for Little Kids; preschool education, 23808

mathematics education; United States; historical review; sociopolitical forces; educational policy; mathematics research; theories of learning & instruction, 12135

mathematics homework completion; emotional and behavioral disorders; self management; parent participation; school failure; academic behavior; social behavior; homework completion program, 20872

mathematics learning disabilities; assignment perceptions; student attitudes; computation skill deficits; interspersal assignments, 27002

- mathematics learning disabilities; Belgium; elementary schools, 11091
- mathematics learning: science learning; education; academic competence, 23880
- mathematics reform; minority community; school; public school system; poverty, 36144
- mathematics scores; mathematics lessons; attribution retraining instruction; second-grade classroom; elementary education, 29989
- mathematics; academic diversity; Japan; teaching methods; learning disabilities, 12136
- mathematics; language skills; science subjects; secondary education; background characteristics; rational choice model, 36173
- mathematics; learning disabilities; memory deficit; cognitive deficit; arithmetical competencies, 11092
- mental representations; numbers; stimulus modality; event-related potentials; auditory stimulus; visual stimulus; mental addition, 18651
- metacognitive training; mathematical word-problem solving; computer-based environment, 17717
- mystery motivator; homework completion; homework accuracy; mathematics homework; fifth-grade students; intervention, 9014
- normative systems; conflict situations; normative approach; social action; social laws; multi-agent systems; rights, 30306
- Number Processing and Calculation battery; counting abilities; number comprehension; numerical transcoding; arithmetic reasoning; conceptual knowledge; normative data, 6340
- number processing; analogue equivalents; arithmetic sums; IQ-dependent, 12657
- number sense; mathematics program; learning development; cognitive development; Number Worlds; educational program evaluation, 23810
- numerical sequences; linguistic syntactic structure; syntax; rule-governed anomalies; arithmetic rules; P600; neurophysiology, 18595
- pre-service teachers; elementary school classroom; mathematics; calculators; Heideggerian perspective, 17610
- psychological measurement; figure-meaning independence; metrolinguistic culture; measurement; mathematics; hermeneutic-mathematical metaphysics; signifier-signified coordination; metrolinguistic studies, 9509
- qualitative methods; scientific method; figure meaning independence; experimental methodology; mathematical metaphysics; significant anomaly; sign-thing coordination; numerical variables, 9510
- quality indicators; effective early intervention; literacy; numeracy; primary school intervention; processes evaluations, 33102
- recent selective practice; task switching; letter-digit pairs; shape comparison; alphabet arithmetic; switching costs; task-set inertia; task-set priming, 447
- secondary mathematics teachers; mathematical definition; school mathematics; teacher educators; logic; pedagogy; periodic function; periodicity; constant function, 2709
- self-to-prototype matching; academic choices; student prototypes; humanities; math; science; academic subject preferences, 36184
- semantic representations; symbolic representations; arithmetic processing; simulated acquired dyscalculia; insights; brain-damaged patients, 20059
- simple arithmetic; age differences; brain functioning; mental calculation, 18334
- spatial thinking; high spatial low numerical scores; high numerical low spatial scores; standardized mathematics; United Kingdom; pupils' performance, 9013
- strategies; mental arithmetic calculation; written arithmetic calculation; grade school children; mathematics; cognitive functioning, 2790
- student understanding; high school students; quantitative chemistry problems; Multidimensional Analysis System; MAS; teaching methods, 17629
- subtraction; reaction times; errors; working memory; problem size; problem solving, 388
- talented girls; mathematics; science; guidance intervention; career identity; career exploration; at risk girls; self-efficacy; self-esteem; nontraditional career choices; suicidality, 33198
- teacher discourse; sixth graders; achievement behaviors; mathematics class; classroom motivational context; student autonomy; student motivation, 17680
- two-digit numbers; compatibility effect; number comparison; number magnitude; mental number line; unit-decade-compatibility; decade decision; unit comparison decision; vertical perceptual arrangement, 24458
- understanding; inversion concepts; addition; subtraction; multiplication; division; math problems, 6590
- university students; approach to learning; mathematics; learning mathematics, 14656
- working memory; counting knowledge; mathematical disability; arithmetic development; strategy choice; addition problems; learning disability, 25974
- working memory; selective attention; switching; mental model; anaphor resolution; spatial distance effect; object switch effect; object switch costs; arithmetic, 380

Volume 91 SUBJECT INDEX

Mathematics Education—Serials

computer algebra systems; mathematical classrooms; self-regulated learning, 17650
computerized instructional management system; curriculum-based instruction; math achievement; urban schools; treatment group; Accelerated Math intervention, 12137
design strategies; science students; mathematics students; representation; learning; curriculum; instruction goals, 33064
early childhood mathematics; curriculum design; Building Blocks; educational program evaluation, 23824
early mathematical experience; black children; white children; cognitive development, 22046
electronic technologies; secondary school classrooms; mathematics learning; pedagogical implications; teaching, 2739
elementary mathematics methods; classroom discourse; student resistance; student growth; pre-service teachers; openmindedness; verbal communication, 12031
elementary school students; elementary school teachers; mathematical learning; mathematical thinking; mathematics teaching, 14669
elementary schools; mathematics instruction; professional developers; leadership development; school administrators; leadership strategies; literacy instruction; academic subjects; literacy skills, 17620
emotional or behavioral disorders; learning disabilities; academic difficulties; mathematics; lesson script deviations; effective instructional practices; Direct Instruction, 2828
future learning; student invention; statistics instruction; student production, 26907
high school students; geometric transformations; technological tool; geometry; mathematics education; Geometer's Sketchpad, 2784
learning difficulties; numeracy education; Australia; outcomes-based curriculum frameworks; teaching approaches, 12099
learning; Japanese students; addition solution methods; classroom instruction, 26902
learning; objects; mathematics education; ethnomathematics; mathematical concepts; mathematical thought; material qualities; arts and crafts; geometric patterns; visual knowledge; anthropology, 17683
mathematical achievement; Chinese; cross-cultural differences; within-cultural variations; socioeconomic status; quality of instruction; elementary school students; understanding; distance; time; speed, 20846
mathematical concepts; authority; children's reasoning; conventional & second-order logical rules; arithmetic algorithms, 24961
mathematical knowledge; mathematics intervention; socioeconomic status; mathematics curriculum, 23831
mathematical literacy; learning environments; designed learning; mathematical development; mathematical identities, 33055
mathematical problem-solving instruction; mathematics disability; at risk; third graders; reading disability, 30079
mathematical problem-solving; instruction; task representation, 9003
mathematical word problems; reciprocal teaching; teaching methods; academic achievement; comprehension strategy, 26914
mathematics curriculum; elementary teacher education; education programme; teacher trainers; curriculum development, 36095
mathematics education; international perspectives; mathematics performance; learning disabilities, 12152
mathematics education; learning disabilities; Spain; math curriculum; teacher resources, 11090
mathematics education; mathematics knowledge; educational program evaluation; Big Math for Little Kids; preschool education, 23808
mathematics education; United States; historical review; sociopolitical forces; educational policy; mathematics research; theories of learning & instruction, 12135
mathematics learning; science learning; education; academic competence, 23880
mathematics pedagogy; English mathematics curriculum; teaching strategies; mathematical learning; cognitive processes; multisensory learning; self esteem; preschool students, 33070
mathematics reform; minority community; school; public school system; poverty, 36144
mathematics teaching; elementary pre-service teachers; teachers' reflective thinking; student teaching, 29951
mathematics; academic diversity; Japan; teaching methods; learning disabilities, 12136
mathematics; head start curriculum; mathematics learning; geometric shapes; measurement perspective, 23830
motivation; performance; college students; class format; self-paced format; lecture format; achievement goal orientation; remedial mathematics; learning goals; performance goals; mathematics anxiety, 12149

number sense; mathematics program; learning development; cognitive development; Number Worlds; educational program evaluation, 23810
number skills; number books; number games; educational program effectiveness, 23837
pre-service teacher; teacher education; learning experiences; mathematics teachers; students development; reflection, 14578
pre-service teachers; pre-service mathematics teaching; mathematics classrooms; elementary school; primary school; identity, 29956
preservice teachers; epistemological beliefs; belief change; teaching; learning; mathematics, 20783
professional development; mathematics teacher educators; junior high school teachers; senior high school teachers; mathematics teachers; growth through practice; community of practice, 29957
science learning; maths learning; educational practice; educational program evaluation; preschool children, 23807
secondary mathematics teachers; mathematical definition; school mathematics; teacher educators; logic; pedagogy; periodic function; periodicity; constant function, 2709
statistics anxiety; instructional methods; graduate students; social sciences; statistics education, 33089
storytelling; early childhood mathematics; mathematics concepts; problem-solving; language arts, 23799
strategic learning; primary math education; model construction; teaching strategy, 17681
teacher beliefs and practices; computer-based exploratory mathematics; mathematical investigations' school program, 33079
teachers developing assessment for learning; testing as a policy tool; central reforms of instruction; impact on student achievement; mathematics testing; teaching to the test, 29975
tracking; secondary school mathematics; mixed ability grouping; fast track group; academic progress, 23835
university collaboration; education courses; content knowledge; teaching practices; individual beliefs; mathematics learning, 23811
young deaf children; spatial task; temporal number task; number representation; mathematical learning; mathematical instruction, 29209

Mathematics Education—Books

Beyond constructivism: Models and modeling perspectives on mathematics problem solving, learning, and teaching, 23781

Mathematics Education—Chapters

Beyond constructivism: An improved fitness metaphor for the acquisition of mathematical knowledge, 23849
Cultural-historical theory and mathematics education, 2772
Explanations why? The role of explanations in answer to (assessment) problems, 23862
Foundations of a models and modeling perspective on mathematics teaching, learning, and problem solving, 23782
From problem solving to modeling: The evolution of thinking about research on complex mathematical activity, 23855
In what ways does a model and modeling perspective move beyond constructivism, 23853
Integrating a models and modeling perspective with existing research and practice, 23840
Interest, identity, and social functioning: Central features of modeling activity, 23857
Introduction to an economic problem: A models and modeling perspective, 23838
Local conceptual development of proof schemes in a cooperative learning setting, 23844
A modeling approach for providing teacher development, 23859
A modeling approach to describe teacher knowledge, 23841
A models and modeling perspective on problem solving, 23864
A models and modeling perspective on the role of small group learning activities, 23863
Models of functions and models of situations: On the design of modeling-based learning environments, 23860
Origins and evolution of model-based reasoning in mathematics and science, 23850
Piagetian conceptual systems and models for mathematizing everyday experiences, 23851
A semiotic look at modeling behavior, 23847
Task-analysis cycles as tools for supporting students' mathematical development, 23856
Using a translation model of curriculum development and classroom instruction, 23842

Mating Behavior (Animal) [See Animal Mating Behavior]

Matrarchy—Serials

adult hunger; child hunger; maternal risk indicators; low income; homelessness; female-headed families, 22168
ecofeminism; Elin Wagner; Alarm Clock; matrarchy; ecological destruction; patriarchal civilization; feminine subjugation, 21938

Maze Learning—Serials

Matriculation [See School Enrollment]

Maturation [See Human Development]

Maturity (Emotional) [See Emotional Maturity]

Maturity (Physical) [See Physical Maturity]

Maturity (Vocational) [See Vocational Maturity]

Maxilla [See Jaw]

Maximum Likelihood—Serials

anchor item methods; differential item functioning detection; likelihood ratio test; Type I error; item response theory, 6419
coefficient alpha; maximum likelihood estimation; item-level missing data; reliability estimate; confidence interval; cross-sample fluctuation; reliability analyses; expectation maximization algorithm, 24323
maximum likelihood estimation; ignorable missing data; general nonlinear structural equation; metropolis-hastings algorithm; maximum likelihood estimates; structural equation modeling, 53
parameter estimates; structural equation; covariance matrix; standard errors; missing data; confirmatory factor analysis; confidence interval; maximum likelihood; sample size; error rates, 12550
quantile averaging; response time analysis; Vincentizing; sampling properties; least squares regression; maximum likelihood method; standard errors, 24327
quantile maximum likelihood; estimation technique; distribution parameters; experimental data; response time data; software program, 9503
quantile maximum probability estimator; shifted distributions; Lognormal; Wald; Weibull; parameter-dependent lower bound; continuous maximum likelihood, 30529
structural equation models; latent interaction; alternative estimation strategies; indicator construction; quasi-maximum likelihood; Type I error rates; QML, 30536
structural equation models; missing data; structural equation modeling; maximum likelihood, 6385

Maximum Security Facilities—Serials

clinical needs; social needs; patients; high security psychiatric hospitals; individual needs, placement needs; security needs, 32739
individual needs; patients; high secure psychiatric hospitals; placement needs, 32747
Supermax Prisons; effects on inmates; current practices; inmate's mental health; correctional administrators; increased economic costs; public budgets, 32842

Maze Learning—Serials

aging; radial arm water maze; spatial learning; memory, 27632
anxiolytic-like effect; one-trial tolerance; elevated plus-maze; learning acquisition; learned avoidance; male Wistar rats; scopolamine; anxiety; midazolam; memento, 18709
behavioral impairments; chronic manganese poisoning; manganese chloride; rats; maze learning; memory; avoidance reactions; stereotypes, 15808
castration; working memory tasks; scopolamine; mecamylamine; testicular hormones; androgen; testosterone; maze learning; cholinergic interaction, 9758
chronic administration; calcium channel blocker; nimodipine; sequence learning; radial-arm maze; dihydropyridine, 21873
cognitive ability; nonhuman primates; maze learning; long-tailed macaques, 21439
cue-based associations; rotation of starting position; retention; water maze; spatial tasks; spatial memory, 30773
discrimination performance; hippocampal lesions; initial learning; radial maze; test phase; relational representations; ibotenate hippocampal, 18451
egocentric working memory; limbic brain regions; direction cues; J maze; nonmatching-to-turn rule; fornix lesions, 30837
erythropoietin; allocentric place learning; bilateral fimbria-fornix transection; sham control; rats; task acquisition; task impairment, 13042
estrous cycle; water maze acquisition; water overarousal; task stressfulness; plasma corticosterone; ovarian hormones; rats, 31005
extinction; contextual renewal; spontaneous recovery; spatial preference; water maze; spatial cues; spatial learning; hippocampus; mice, 472
fimbria-fornix; hippocampus; amygdala lesions; spatial discrimination; proximal locations; conditioned cue preference; rats, 30841
Hebb-Williams Maze; test performance; strain differences; cognitive ability; spatial learning; mice; major histocompatibility complex; genetics; gender differences, 483
hippocampal dentate gyrus synapses; morphological changes; spatial learning task; Morris water maze training; rats, 21579
histamine antagonist; clobenpropit; MK-801; spatial memory deficits; maze learning; rats; working memory; reference memory, 30980
lobeline; nicotinic ligand; antagonist; radial-arm maze; working memory performance; learning; rats, 743

Volume 91 SUBJECT INDEX

Maze Learning—Serials

physical stimuli; vanilloid receptors; olvanil; antagonist capsazepine; rat behaviors; physical stimuli; anxiety-like behaviors; float time; rats, 13023
spatial learning ability; spatial reference memory; neural systems; cue learning; animal learning; mice; aging; maze learning, 6686
spatial learning; involuntary movement; unreinforced pre-exposure; radial maze; hippocampus; fimbria-fornix; brain lesions; rats, 18624
spatial working memory; dorsal hippocampal subregions; short delay; intermediate delay; neurotoxic lesions; rats; familiarity; novel environments; maze learning, 587
time-place learning; radial maze; spatial choice; location of food transition cues; rats, 27630

Maze Pathways—Serials

egocentric; allocentric reference frames; spatial navigation; gravity; self-motion; weightlessness; spatial memory; virtual reality; three dimensional maze, 21296
food foraging; rats; spatial memory; maze pathways; pathway novelty; pathway choice, 9757
striatal subregions; place learning; response learning; rats; NMDA lesions; dorsolateral striatum; anterior dorsomedial striatum; posterior dorsomedial striatum; mazes; spatially guided behavior, 33946

Mazes [See Also Maze Pathways, T Mazes]—Serials

acute stress response; corticosterone; water maze performance; rats; sex differences; spatial memory, 30812
anisomycin; spatial preference; spatial reversal preference; protein synthesis inhibition; Morris water maze, 34162
anxiety behaviour; chimeric mice; genes; Elevated plus-maze; Open-field, 21451
anxiety; elevated plus-maze; one trial tolerance; anxiolytic effect; receptor activity; repeated administration; drug responsiveness; receptor ligands; arms avoidance; male rats, 9952
anxiolytic-like effects; rose oil inhalation; plus maze test; adult male rats; diazepam, 12985
behavioural effects; cannabinoid receptor antagonist; benzodiazepine chlordiazepoxide; emotional reactivity; maze-naïve mice; prior experience; anxiolytic effect; anxiety, 21902
emotional reactivity; elevated plus-maze; subchronic mild stress; coping style; BALB/c ByJ mice; C57BL/6 J mice, 24753
infralimbic D1 receptor agonist; spontaneous novelty exploration; mice; ventromedial prefrontal cortex; anti-predator defensive responding; anxiety-like defensive responding, 24856
N-methyl-D-aspartate receptor agonist; D-serine; amino acid; male rats; water maze, 31011
nicotine; elevated plus maze; locomotor activity; male and female rats; adolescent and adult rats; anxiolytic effects; anxiogenic effects, 12991
receptor binding; baseline plus maze anxiety; anxiety like behavior; ethanol; alcohol preferring strain; rats; autoradiographic studies; frontal cortex; amygdala; anterior cingulate; dentate gyrus, 13013
scopolamine-induced memory impairment; Z-alphaone; oil-macerated garlic products; dose-dependent; water maze, 34187
sex differences; virtual Morris water task; virtual radial arm maze; mental rotation; spatial memory, 30700
special education; prerequisite skills; reading skills; curriculum based measurement; reading probes; maze; universal screening; achievement test; educational placement, 30487
water maze; visual acuity; scopolamine; muscarinic receptor blockade; receptor sensitivity; rats; mice, 31003

MCP [See Piperazines]

MDMA [See Methylendioxyamphetamine]

Mealtimes—Serials

failure to thrive; feeding behavior; mealtime energy intake; infants; meal duration; food intake, 24745
topic organization; role related topic control; dinner conversations; socialization; communicative styles; family discourse; linguistically different ethnic groups; Finnish; Swedish, 24889

Mean—Serials

child psychologists; adolescent psychologists; pairwise comparisons; mean; analysis of variance; statistical analysis, 30531
mean effect size; meta-analysis; standardized mean; biased estimate; empirical flux; mean squared error, 9520
missing item scores; questionnaire data; statistical test; random data; sample sizes; person mean; two-way imputation; response-function; mean response-function; imputation, 9342
personality constructs; intraindividual variability; interpersonal behavior; flux; pulse; spin; mean score; interpersonal circumplex; mean extremity; mean angular coordinate; personality traits, 22354
reliability; group mean difference score; methodology, 6391

structured latent curve model; multiple repeated measures; mean matrix; mean response; factor analysis; working memory task; WM task measures, 30524

Meaning [See Also Verbal Meaning]—Serials

athletic performance; elite athletes; trampolinists; situated cognition analysis; course of action; competition activity; elementary units of meaning; psychological preparation; self confrontation, 14808
breast cancer patients; ontological health model; suffering; meaning, 8177
category-specific deficits; conceptual representations; category specificity; semantic knowledge; semantic features; knowledge domain; meaning; statistical model; hybrid account, 860
children's imagination; unknown; story-telling context; heffalump; meaning, 7435
chronic fatigue syndrome; patient schools; health education; personal experience; hospital clinic, 14440
death & dying; terminally ill patients; family members; personal meaning; living; experience of dying, 1052
death; meaning, 24144
dreams; holographs; meanings; cultural memories; holographic theory of dreams, 28530
dual coding theory of imagery; relational-distinctiveness processing theory; concrete & abstract words; free recall; cued recall; sentence frames; cues; adults, 433
end of meaning; birth of man; history of consciousness; unconscious; C.G. Jung's psychology project; logical interiorization, 31644
everyday life experiences; life meaning; rehabilitation service delivery; meta-model; relationships; activity engagement; everyday life experiences; individual differences; self knowledge, 11790
Featural and Unitary Semantic Space hypothesis; hypothesis testing; object words; action words; meaning representation; statistical model, 21976
female body; female psychology; psychoanalytic theory; sexuality; femininity; feminine body image; female genitalia; female self-concept; object relations; personal meaning; cultural meaning, 1139
gesture performance; two route model; body representations; meaningful movements; meaningless movements; left-hemisphere lesions; body semantic tasks; body schema tasks, 20054
hermeneutics; faith; suspicion; meaning; decoding; disguised meanings; interpretive stances; reflexivity; ethics, 31021
hermeneutics; faith; suspicion; meaning; decoding; disguised meanings; interpretive stances; reflexivity; ethics, 31029
historical meanings; museum collection; psychiatric objects; past psychiatry relics; preservation; Porirua Hospital Museum, 14956
information transfer; behavioral coordination; meaningful information; computational models; information theory; technical sense; neural nets, 36517
intended meanings; parental reformulation of child language errors; development; 2-4 yr olds, 903
Jerry Fodor; inscrutability of reference; naturalized semantics; meaning; predicate compatibility relations; ontological homogeneity; semantic theories; predicate conjunction; natural semantics theory, 4060
learning; verb meaning; language impaired children; normally developing children, 8105
lexical decision; semantic priming; verbal humor; joke understanding; meaning activation; initial meaning; intended meaning, 6597
life meaning; religious community; religious beliefs; assisted-living facilities; social interactions, 34452
limb apraxia; conversational gestures; pantomime; nonfluent aphasia; hand gestures; meaning, 16577
linguistic meaning; ontological subjectivity; cognitive psychology; linguistic forms; mental life; meaning; pragmatics; semantics; semiotics; structuralism; epistemic objectivity; intentionality, 18857
love; multiple meanings; ego states, 1312
martial arts benefits; logotherapy; Viktor Frankl; existential analysis' meaning potentials; self-transcendence; freedom; experiential meanings; martial arts, 16923
meaning access process; homographs; meaning frequency; semantic priming paradigm; age differences, 15975
meaning constructs; bereavement adjustment predictors; content analysis; risk factors, 28466
meaning-making; counseling; counselors; professional development; conversations; hermeneutics, 2638
meaning; hope; psychological functioning; late adulthood, 19186
meanings of death; grieving; grief; philosophies; suffering, 25314
memory narratives; listener responses; self-defining memories; adolescence; spontaneous references; larger meanings; lessons; insight, 22101
multiple meanings; metaphors; open interpretation; implicit metaphor theory, 21970

narrative circulation; narrative meaning structures; existence modes; experiential model; life interpretation; model, 31018

natural codes; natural behavior; natural meaning; intention recognition; verbal communication; verbal communication; signalling function; intentions, 4061
noetic dimension; human ontology; existentialism; logotherapy; physical dimension; human existence; human genome; human spirit; psychological dimension; ethical meanings; morals; conscience; values, 15834
Noguera RESPECT program; youthful violence; existential vacuum; logotherapeutic approach; cultural phenomenon; moral education; the meaning factor; violence learning; aggression; RESPECT, 16939
older adults; functional impairments; occupational therapists; occupational choices; rheumatoid arthritis; stroke; fractures; daily occupations; occupational life; values; meaning, 10681
orthography; phonology; meaning; word recognition; words, 33780
personal meaning; factorial invariance; factor structure; age differences; young adults; older adults; measurements, 105
prefactual possibilities; future; counterfactuals; indicative conditionals; true possibilities; implied meaning; consistent possibilities; judgment; presupposed facts, 24421
prefrontal activity; name agreement; covert picture naming; overt picture naming; semantic retrieval; meaning, 27749
psychodynamic understanding; relational experience; mutual analysis; psychoanalysis; treatment impasse; free association; meaninglessness, 2101
psychological meanings; fear of failure; athletes; achievement goals; contextual motivation, 36423
psychology; phenomenology; methodology; meaning, 9329
reader's emotions; poem interpretation; think-aloud group; verbalized thoughts; think-and-feel-aloud group; elaboration types; poetry meaning; poetic devices; poetry interpretation, 14643
recovery following bereavement; concept; meaning; existential phenomenology; life crisis; human development, 25318
relational meanings; nonverbal behavior; nonverbal matching; matching behavior; social meaning; messages, 4397
rituals; South Canara; India; power; politics; meaning; myth, 22177
semantic knowledge; organisation; meaning evocation processes, 24416
sign language lexicography; word definitions; meaning explanations; frame roles; structured background information; sign lexicographers; ASL corpus; ASL dictionary; meaning descriptions; frame-setting, 15857
social meanings; gay men experience; unprotected anal intercourse; barebacking; safe sex; sexual risk taking, 34565
social structure; affective meaning; American kinship; kinship identities; family identities, 31531
sound; meaning; language proficiency; bilingual consumer environments; bilingual information, 33335
spiritual meaning scale; construct validity; clinical utility; spiritual meaning; personality; mental health, 33523
taxon; meaning; taxometrics; statistical analysis; latent trait theory; psychometrics; inferential knowledge, 12539
trauma; meaning making; cognitive processes; adaptation; traumatic experiences, 25385
violence against women; partnership; age; meanings of violence, 8042
Western music; meaning; historical development; culturally disseminated memes; cultural assimilation; cross-modal integration; cultural origins; identity; meaning; cultural invention; semantic systems, 21945
work patterns meaning; work patterns; working populations; Chinese contexts; work meaning; socio-cultural environment; political-economic environment, 9110
Meaning [See Also Verbal Meaning]—Chapters
Can participation in peacekeeping missions be beneficial? The importance of meaning as a function of attitudes and identity, 2995
Language, Cognition, and Reality: Constructing Shared Meanings Through Communication, 865
The Microgenesis of Culture: Serial Reproduction as an Experimental Simulation of Cultural Dynamics, 1089
Mirror neurons' registration of biological motion: A resource for evolution of communication and cognitive/linguistic meaning, 4123
Narrative social work with groups: Just in time, 5631
Meaningfulness—Serials
attempted suicide; suicide; suicidal ideation; hopelessness; meaningfulness; coping behavior; gender differences, 7970
consumer perceptions; meaningful response categories; specific product attributes; rating scales, 21210
employees engagement; work commitment; psychological conditions; meaningfulness; safety; availability, 30191

environmental sounds; response times; auditory icon recognition; learnability; sound meaning, 15251
good life; easy life; folk concepts; desirability; moral goodness; happiness; meaning; effort experienced, 28505
metaphysics; meaningfulness; myths; Jungian psychology, 30355
Measurement [See Also Achievement Measures, Aptitude Measures, Attitude Measurement, Attitude Measures, Body Sway Testing, Comprehension Tests, Creativity Measurement, Criterion Referenced Tests, Digit Span Testing, Employment Tests, Group Testing, Individual Testing, Intelligence Measures, Inventories, Multidimensional Scaling, Needs Assessment, Occupational Interest Measures, Pain Measurement, Perceptual Measures, Performance Tests, Personality Measures, Posttesting, Preference Measures, Pretesting, Professional Examinations, Profiles (Measurement), Psychiatric Evaluation, Psychological Assessment, Psychometrics, Questionnaires, Rating Scales, Reading Measures, Screening, Screening Tests, Selection Tests, Sensorimotor Measures, Sociometric Tests, Speech and Hearing Measures, Standardized Tests, Statistical Measurement, Subtests, Surveys, Symptom Checklists, Testing, Verbal Tests]—Serials
academic achievement; self-concept dimensions; indigenous communities; high school students; Western cultures; Australian students; measurement, 26936
actigraphy; sleep; sleep disorders; circadian rhythms; treatment outcome measure, 4835
activities of daily living; ADL; neurologic patients; neurologic assessments, 15074
adolescent anxiety; adolescent psychiatric disorders; anxiety disorders; diagnostic instruments; symptom measurement; psychometric properties; validity; comprehensive review, 139
adolescent quality of life; structural equation modelling; measurement properties; latent factors; second order confirmatory factor analysis, 21171
adolescent smokers; stage of change measures; tobacco smoking, 24161
adolescent treatment; outcome measures; test-retest; drug abuse; drug dependence; adolescent runaways; alcohol abuse; Form 90 Drug and Alcohol measure; test validity; test reliability, 30390
adult attachment; trauma; attachment relationship; mothers with stillbirth; psychiatric factors; social factors; unresolved state; Adult Attachment Interview, 19317
adults with mental retardation; formal assessment; scientific findings, 32039
affective measurement; experience sampling methods; data collection; hedonic balance; well-being; affective dispositions; extraversion; neuroticism; life satisfaction, 3286
African Americans; Organ Donation Readiness Index; organ donation fear; organ donation knowledge; organ donation related actions; confirmatory analysis, 33589
aggression norms; classroom-level measure; return potential; social learning; age differences, 25814
aggressive behavior; aggression; measurement instruments; psychometric properties; instrument identification, 15034
akathisia; symptoms; diagnosis; assessment; Barnes Akathisia Rating Scale; antipsychotic medication, 12480
animal welfare assessments; TGI 35 L Austrian animal needs index; animal health; veterinary examinations, 6662
Anxiety Sensitivity Index; cross-cultural applicability; psychometric characteristics; Native Americans, 18166
anxiety; change readiness; stages of change; psychometric properties; University of Rhode Island Change Assessment scale; test reliability; test validity; panic disorder; cognitive behavioral therapy, 24205
anxiety; depression; measurement; methodology, 279
applicant faking; applicant response distortion; application process; job applicants; self report measures; selection measures; randomized-response technique, 18187
Arab-American adolescents; tobacco use; predictors; tobacco smoking; cultural appropriateness; Project Toward No Tobacco; potential longitudinal study; measures, 13246
assessment instruments; psychometrics; educational programs; assessment process; stress levels; parents; children with disabilities, 9357
assessment measures; strategies; child neglect; detection; child risk; parents; social factors; ecological factors; family; intervention, 7971
assessment method; portfolios & interviews; professional development; personal development; students; medical education, 17514
assessment practices; children; adolescents; research findings importance; professional factors influencing assessment; assessment decision making, 20161
assessment protocol; mental health counselors; diagnosis; reactive attachment disorder; adopted & foster children, 74

assessment psychology; behavioral assessment; neurocognitive assessment; personality assessment, 14970
assessment; Mandinka; PTSD; refugee; post-trauma syndromes; nosology; West African-sensitive assessment instruments, 12483
asthmatics; bronchoconstriction; breathlessness perception; symptom perception; Borg scale, 4845
auditory nerve recovery function; modified subtraction method; mathematical modeling; neural response telemetry; cochlear implant; electrical compound action potential; electrical stimulation, 6392
automated method; transcranial magnetic stimulation; TMS; motor activity; cortical inhibition; contralateral silent period; voluntary muscle activity, 15088
automatic analysis; sleep depth; sleep apnea; sleep EEG, 16605
automatic nervous system regulation; heart rate; electrocardiogram; electrical hypersensitivity, 661
autonomic control; obstructive sleep apnea syndrome; respiratory sinus arrhythmia; arterial blood pressure; systolic blood pressure; respiration; R-R interval, 4841
basic concepts; Bracken Basic Concept Scale; measurement; interview, 9372
bilingualism; English as an additional language; language skill assessment; children, 5827
birth preparedness; safe motherhood programs; program evaluation; behavior change interventions; pregnant women; methodological issues; measurement, 30570
body coordination; athletes; neuromuscular ability; kinesthetic perception; physical proficiencies; Brace Test, 33485
body image satisfaction; body image measurement; computer digital imaging; computer manipulation, 34707
body image; male body image; social psychological studies; methodological guidelines; assessment; Drive for Muscularity Scale; somatomorphic matrix, 9384
brief measure; verbal abilities; short-term verbal memory; memory impairments; memory measure; attention-deficit/hyperactivity disorder, 9427
Brief Resilient Coping Scale; stress coping; adaptive coping; Psychometric Evaluation; test development; test reliability; test validity; rheumatoid arthritis patients, 14985
calf responsiveness; human animal relationship; test reliability; test repeatability; approach test, 9356
Cancer Rehabilitation and Evaluation System short form; rehabilitation needs; high-dose chemotherapy; stem cell transplantation; disease course; treatment; quality of life, 9460
cancer treatment; quality of life; head cancer; neck cancer; health-related quality of life; HRQOL questionnaires; QOL assessment, 11643
caregiving; positive aspects; Alzheimer's disease; dementia caregivers; self-affirmation; outlook on life; caregiving measures; validity; reliability, 30485
category norms; ad hoc categories; normative data; latencies; generational stability; Battig and Montague norms, 18233
Child & Adolescent Functional Assessment Scale; community mental health services; functioning; severe emotional disturbance; youths; outcome; state funds; impairment; public mental health, 24248
child abuse; sexual abuse; retrospective childhood sexual abuse instruments; psychometrics, 24250
childhood loneliness; conversations; children; game-playing approach; subjective experiences; measurement, 4135
chronic skin disorders; measurement; reliability, 6329
classical test theory; item response theory; item reliability; true test score; item total correlation; item true score; item response function; conditional independence; exchangeable measures, 6238
clinical child research; discrepancy measurement; informant ratings; child psychopathology, 33626
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21808
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21896
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21839
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21840
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21809
clinical outcomes measures; spirituality; treatment outcome package; TOP; CORK Outcome Measure; CORE-OM; mental health service, 12485
Co-Parenting Behavior Questionnaire; post-divorce parenting, 6248
cognitive ability measurement; signal detection methods; familiarity; overclaiming technique; self-report; standard ability tests, 30477
cognitive ability; cognitive abilities; general intelligence; individual differences; measurement, 10599

cognitive impairments; financial competence; assessment; guardianship decisions, 12395
cognitive learning models; social learning models; drug dependence models; tobacco dependence; adolescent tobacco smokers; measurement; assessment instruments; drug expectancies; self-efficacy, 31914
cognitive status examination; client relatives; relatives intentions; Alzheimers disease, 26179
communicating systems; auditory communication; rehabilitation; assessment; hearing; audiology; ecology, 6239
community integration measures; psychometric properties; Community Integration Questionnaire; Sydney Psychosocial Reintegration Scale; acquired brain injury, 33462
comorbidity measurement methods; quality of life; joint arthroplasty; post-surgery; electronic health record; hip replacement, 32568
computer science; help seeking scales; instrumental help seeking; help seeking benefits; help seeking; avoidance; psychometric properties; academic motivation; Perceived Benefits of Help Seeking scale, 24218
computerized assessment; treatment guidelines; bipolar disorder; patients; bipolar disorder; clinician adherence, 18122
concurrent validity; convergent validity; contemplation ladder; University of Rhode Island Change Assessment; smoking cessation, 33585
construct validation; actigraphic sleep measures; hospitalized patients; depression; sleep-wake cycle; experimental intervention, 14039
construct validity; criterion validity; goal orientation instruments; nomological network; college undergraduates, 5898
constructivist assessment strategies; career counseling; counselors; client self-awareness, 30126
content validity; oral health status scales; oral health related quality of life; quality of life, 24298
Corsi Block-tapping Test; spatial path; memory; analysis of variance; gender differences, 33463
creativity; psychometrics; alternative assessment; quantitative analysis; quality assessment; method effect hypothesis; creative achievement, 22359
crew resource management skills; non technical skills system development; pilots; cognitive skills; social skills; European taxonomy; NOTECHS; assessment, 14867
criminal psychological profiling; serial arsonists; skill assessment; accuracy assessment; professional profiles; fire setting, 31977
critical thinking instruments; psychometric characteristics; reliability estimates; contemporary test; measurement; academic proficiency, 21086
cross informant ratings; social competence; children; adolescents; parents; teachers; peers, 25054
daily diary; negative affect; alcohol drinking; drinking to cope; measures; interpersonal exchanges, 4319
depression identification; long-term care setting; nursing home residents; Geriatric Depression Scale Short Form; Minimum Data Set; aging; validity, 24245
depression; elderly labor migrants; Center for Epidemiologic Studies Depression Scale; utility; Turkish & Arabic translation; acceptability; reliability; convergent & construct validity, 27323
developmental disorders; discrepancy criterion; achievement discrepancies; intelligence; motor coordination; language; empathic ability; attentional control; behavioral disturbances; measurement, 24239
diabetes care seeking; Illness Perception Questionnaire; Personal Models of Diabetes Interview; performance; prediction; individual differences; illness representations, 26497
discriminant validity; convergent validity; personality disorder measurement; mentally ill male offenders, 24230
doctors; training; error sources; within-case sources of error; examinations reliability; examinations validity; communication skills assessments; medical students, 12022
double dissociations; neuropsychological research; brain damage; correlation; measures; language deficits; hemispatial neglect, 6386
drug level measurement; epilepsy management; anticonvulsant levels, 5436
eating concerns; measurement; Eating Disorders Inventory; Black girls; body dissatisfaction; emotional distress; ethnic backgrounds; White girls, 18084
Eating Disorder Inventory 2; men; women; gender; instrument validity; eating disorders; symptom measures; college students; factor structure; factor analysis; test validity, 14986
emotion; child's tone; voice; test construction; Diagnostic Analysis of Nonverbal Accuracy Child Paralanguage, 24194
environmental factors; disability; chronic health conditions; International Classification of Diseases & Related Health Problems & Functioning & Disability & Health; ICD-10; ICF; school aged children, 9463

- event interpretation; life experiences; assessment; eisegeis; childhood experiences; educational experiences, 25335
expressive language assessment; children; Pakistani heritage background; bilingualism; test development, 3152
external validity; mock-crime procedure; polygraph tests; Guilty Knowledge Test, 3187
factor structure; Anxiety Sensitivity Index; anxiety disorder; outpatients; anxiety sensitivity; measurement instrument, 15053
factor structure; Arabic test version; Self-Administered Nicotine-Dependence Scale, 24162
factor structure; Fagerstrom Test for Nicotine Dependence; polysubstance use, 4736
factor structure; Self-Constraint Scale; measurement; self constraint; multidimensional structure; cross cultural differences, 21115
factorial structure; Revised Collett-Lester Fear of Death Scale; Arabic version, 33496
fairness perception; personnel selection agency; employee selection; assessment procedure; job applicant attitudes; assessment feedback, 33245
familiarity; visual complexity; image agreement; naming difficulty; Boston Naming Test; line drawings, 6904
fatigue scales; assessment; diagnosis, 19849
fecal glucocorticoid assay; Steller sea lions; hormones; ecological stress, 18688
female genital functions; genital dysfunction; research; current clinical evaluation, 32095
fetal attachment; depression; measurement; parent gender; parental depression; Antenatal Attachment Inventory; Fetal Attachment Scale; Center for Epidemiologic Studies in Depression Scale, 12448
finite binary relation; linear order; generalized ranking; numerical ranking; object differential; measurement scales, 30540
five-factor model; test comparison; personality; measurement, 30401
Fodor's problem; flexible cognition; modular account; natural language sentences; conceptual models; sentence generator; supposer; inference to best explanation; computational tractability, 4029
forensic populations; learning disability; Psychopathy Checklist-Revised; PCL-R; offenders; reliability; validity, 21151
Foster Parent Role Performance; role expectations; responsibilities; foster/adoptive family applicants; foster care workers; perceptions; factor structure; reliability, 7554
friendship maintenance behavior; gender differences; dyad behavior; test reliability; test validity; measurement; psychosocial factors, 27279
functional assessment of cancer therapy; quality of life; biologic response modifier; renal cell carcinoma; test validity; scale development, 27259
gender differences; implicit anxiety measures; explicit anxiety measures; awareness, 25338
global quality of life indicators; health assessments; health perceptions; construct validity; causal model, 33587
goal attainment scaling; communication disorder; clinical measurement technique, 22784
goal orientation; multidimensional measure; predictive validity; factor structure; reliability; competence; learning; self-efficacy; performance, 27304
Guiding Responsibility and Expectations in Adolescents Today and Tomorrow violence prevention program; program evaluation; data collection; measurement, 17658
hallucinatory predisposition; multi-dimensionality; Launay-Slade Hallucinations Scale; normal subjects; auditory hallucination; intrusive thoughts; vivid daydreams; sleep-relation; factor structure, 16293
hand preferences; assessment methods; scoring methods; schizophrenia; risk level; first episode, 19429
Hare Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; risk prediction; violence, 18128
health disparities; measurement issues; conceptual issues; psychometric issues; self-report measures; discrimination; socioeconomic status; acculturation, 14344
health status; end-stage liver disease; health-related quality of life; health-status questionnaires; utility assessment techniques, 26024
health status; self-report validity; health assessments, 4433
health status; SF-36; chronic regional pain; chronic widespread pain; musculoskeletal pain; changes in pain status; prediction, 33588
health technology assessment; telehealthcare; health care delivery; social organization, 11793
health-related quality of life; test validity; adolescents; health status assessment, 27368
heavy prenatal alcohol exposure; attentional measures; fetal alcohol syndrome; diagnosis; classification, 19675
high mastery sportsmen; cyclic sports; rowers; middle distance runners; emotional states; neuroticism; emotional stability; physical state; anxiety; self confidence, 14809
Hindus; religious pathways; measures; reliability; validity; development; mental well-being; physical well-being; psychometrics; religious practices, 114
historical trauma; American Indian people; internal reliability; scale development; Historical Loss Scale; Historical Loss Associated Symptoms Scale, 24184
Homai te Waiora ki Ahau; measurement; well-being; Maori; construct validity; test development, 33476
homework compliance; homework assignments; psychotherapy research; assessment, 26246
hopelessness; dimensionality; factor analysis; factor structure; psychometric properties; Beck's Hopelessness Scale; prediction of suicidal behavior, 24226
household composition timeline; field research; participatory research; agriculture; gender; methodology; kinship charts; agricultural household units; household living arrangements, 10310
Human Development Index; social indicators; human development; education; living standard; Life Quality Index; Time Allocation Index; literacy; longevity; developed countries, 30371
hyperactivity; impulsivity; inattention; hyperkinetic disorder; methylphenidate; measurement; OPTAx test, 26376
Implicit Association Test; salience asymmetries; nonassociated categories; neutral categories; target categories; explicit measures; common variance; visual search, 21344
implicit attitude measures; explicit attitude measures; reflective behavioral intentions; automatic behavior; avoidance behaviors; acquired immune deficiency syndrome; AIDS attitudes; predisposition, 27361
incremental validity; psychological assessment; measurement; children; adolescents; information, 6300
infant communication; mother-infant relationship; risk measurement; construct measurement; mental health risk, 24186
Inflammatory Bowel Disease Questionnaire; Medical Outcomes Study Short-Form 36; ulcerative colitis; quality of life; test comparison; discriminatory power, 24297
information processing; eating disorders; modified Stroop task; dot probe task; memory; attention, 25993
inhibitory control; stop signal task; modification; revised measure; mean reaction time; area of inhibition; children, 10169
Injection Drug User Quality of Life Scale; test development; psychometric properties, 6351
inpatient treatment; inpatient alliance scale; outpatient treatment; inpatient care; inpatient alliance; hospitalization, 30435
inpatient violence; acute psychiatric wards; Broset Violence Checklist; violence prediction; psychiatric inpatients; predictive value; validity, 30431
insomnia; postwithdrawal recovering alcoholics; sleep assessment protocol; subjective measures; objective measures; collateral measures, 31658
instruments; measurement; spirituality; religiosity; Expressions of Spirituality Scale, 30424
interactive-synergetic approach; personality vulnerability; depression; Depressive Experiences Questionnaire; risk; resilience; dependency; self-criticism, 25595
interindividual differences; traffic accidents; impaired driving; driver behaviour; detection criteria, 17957
interpersonal adjective scales; circumplex model; measurement; adjective definitions; interpersonal traits, 30392
interpersonal circumplex; physician-patient interaction; communication literature; interpersonal behavior; physician-patient control; affiliation measures; control measures, 11995
intrater reliability; multivariate analysis; rating; measurement, 9351
intrater reliability; test-retest reliability; Eating Disorder Examination; binge eating disorder, 9459
intraclass correlation; dependent variables; group-randomized trials, 21220
item equivalence; language testing; language skills, 21097
item response theory; marketing; measurement issues, 24089
judgmental tendencies; Coolidge Axis II Inventory Scale; personality disorder scales; behavior; first impression interaction procedure; judgmental behavior, 21142
Kuder career search; test reliability; test validity; occupational possibilities; career interest measurement, 30509
language changes; bilingual children; Punjabi; English; language assessment, 14626
language changes; bilingual children; Punjabi; English; language assessment, 5828
language tests; test translation; differential item functioning; DIF, 21101
life skills; assessment instrument; instrument development; working adults; life skills learning program; young workers; learning outcomes, 18071
LifeShirt; ambulatory monitoring; respiration; cardiac function; tidal volume; anxiety; plethysmography; sensors; clinical variables; cardiorespiratory electronic diary; sleep apnea; sinus arrhythmia, 689
likert scales; visual analogue scales; coping function; response format; methodology; transactional coping patterns; baseline assessments, 15026
linguistic unit analysis system; verbal instructions; linguistic complexity measurement; syntactic complexity; verbal length; linguistic structure; verbal comprehension, 9350
local item dependence; item response theory; reading comprehension; reading assessment; Q3 statistics, 21191
locomotion; assessment; self-regulation; subjective well-being; depressive moods; life satisfaction, 31572
low-progress readers; phonological processing; literacy intervention program; literacy instruction; dyslexic readers; phonological assessment battery; predicting gains; students, 1745
management information systems; human-computer interaction; human factors; research; assessment, 21010
Marital Satisfaction Inventory-Revised; original measure; Spanish translation; Spanish sample; internal consistency; factor structures; test utility; psychometric characteristics; cultural background, 14964
marriage and family therapy; new clinicians; therapist effectiveness; skills assessment; Clinical Attributes for Therapists Scale; measurement; interpersonal attributes, 8941
maximum information approach; scale description; Rasch model; data analysis; affective measures, 12532
measurement conditions; self-assessment validity; employee selection; competency rating; social comparison instructions, 33601
measurement; face validity; quantified validity; family therapy, 58
measurement; religion; spirituality; health research; religiousness; test development; elderly, 27273
measurement; treatment research; cognition in schizophrenia; neuropharmacological aspects; MATRICS program; drugs, 32439
memory indices; Alzheimer's disease; at risk population; mild cognitive impairment; event-related brain potential; hippocampal volume; verbal memory; neuropsychology; neuroanatomy; electrophysiology, 20035
memory recall; dissociations; memory measures; ergonomics; encoding, 30376
memory; health; aging; cognition; cognitive neuroscience; brain abnormalities; blood pressure; dementia; sex differences, 34387
mental retardation; assessment; adaptive and social functioning; social skills deficits and excesses; maladaptive behaviors; social skills training; assessment methods, 32032
mindfulness skills; self-report; psychometric characteristics; borderline personality disorder, 30363
mindfulness; definition; measurement; meditation, 30695
mindfulness; emotion regulation; change; therapy; measurement; definition, 30654
mindfulness; operational definition; model; temporal stability; situational specificity; behavior; experiences; psychological processes; measurement; conceptual framework, 30657
Minnesota Multiphasic Personality Inventory 2 Superlative (S) scale; incremental validity; scale evaluation; psychiatric inpatient sample, 14968
mood; cognitive testing; late middle age; sex; habitual alcohol consumption; bodily symptoms, 31923
motivation; control construct; Theory of Planned Behavior; perceived behavioral control; measurement redundancy, 25281
multichannel accelerometry; assessment methods; parkinson disease; hypokinesia; bradykinesia; tremor; motor complications, 35290
multidimensional adaptive testing; latent traits; adaptive item selection; measurement efficiency, 33621
multivariate generalizability model; clinical skills assessment; medical students, 9352
Myers-Briggs Type Indicator; Salter Environmental Type Assessment; Judging-Perceiving Scale; college students; social climate; classroom; work environment; living environment; small group, 3172
nicotine dependence; assessment; positive reinforcement; vulnerability, 31927
normal sleepers; sleep schedule adherence; self-report validity; wrist actigraph; sleep disorders; psychiatric disorders, 30911
normal sleepers; sleep schedule adherence; self-report validity; wrist actigraph; sleep disorders; psychiatric disorders, 30913
numerical response scales; measurement; regular exercisers; self-reported exercise frequency, 9454
object relations; assessment, 59
obsessive personality disorder; contamination fear; disgust sensitivity; disgust elicitor; contagion; score prediction; measurement; contamination obsession; washing compulsion; disgust emotion scale, 16457
older people; health care staff; knowledge level; attitudes; measurement instruments; support workers, 27348

- one missing letter effect; assessment methods; reading; target letters; function words; content words; frequency; rapid serial visual presentation; cognitive processes, 15299
- organizational socialization; organizational commitment; job satisfaction; test validity, 33605
- organizational success measures; financial measures; market measures; process measures; people measures; future measures; Balanced Scorecard, 17825
- outcome measure; consultation-liaison mental health services; Health of the Nation Outcome Scales; problem severity; emergency department; general hospital; acute psychiatric unit, 35780
- Outcome Questionnaire; sensitivity to change; personal counseling; university counseling center clients, 9436
- palliative care; assessment instrument; Resident Assessment Instrument for Palliative Care; RAI-PC; care planning, 15097
- panic disorder; medical & psychosomatic outpatients; test validity; Patient Health Questionnaire; Hospital Anxiety and Depression Scale; health screening; algorithms; physicians diagnosis, 6303
- paranormal phenomena; scientific community; balancing effect; psychokinesis; skepticism; micropsychokinesis phenomenon; scientific measurement; magic, 6638
- paraphrase procedures; schizophrenia treatment; comprehension problems; health outcome measures; systematic assessment; treatment outcomes; health conditions; respondent comprehension, 16889
- parenting behavior measures; Chinese adolescents; construct validity; diverse cultural backgrounds; maternal socialization strategies; maternal support, 33537
- past behavior; habit strength; self-report measure; test validity; test reliability; Self-Report Habit Index; test development, 15035
- pediatric patients; illness appraisals; parents; cancer; diabetes; accidental injury; resource appraisals; situation appraisal; medical diagnosis, 22852
- perceived quality of life; adolescent health assessment; health promotion, 23433
- perfectionism; children's self-concept; Adaptive/Maladaptive Perfectionism Scale; scale validation, 15031
- performance assessment; medical translation; foreign language; Japanese; English; GENOVA; FACETS; criterion referenced testing, 23696
- personal meaning; factorial invariance; factor structure; age differences; young adults; older adults; measurements, 105
- phonology; assessment; Swedish-Arabic children; language impairment; bilingualism, 4816
- physical disabilities; upright position; uptime; uptime; body mass index, 3157
- physical education; student achievement; practical skills; French Badminton Service Test, 33598
- platelet serotonin uptake sites; measurement; impulsivity; aggression; craving; cocaine abuse; paroxetine, 6315
- polysomnography; algorithms; actigraphic recordings; sleep studies, 3818
- polytomous ordered scales; middle response category; subpopulations; mixed-partial credit model; latent classes; personality questionnaire; personality factors, 30362
- population replacement; British isles; cultural changes; genetic variation; demographic processes; AY chromosome, 15458
- positive behavior support; School-Wide Evaluation Tool; training; technical assistance; assessment; psychometrics; primary prevention; social culture; academic outcomes; behavioral climate, 9478
- positive psychology; life satisfaction; satisfaction assessment research; children; adolescents; construct validity; demographic variables; cultural factors; group differences, 27418
- practice parameters; sleep-wake patterns; sleep disorders; actigraphy; circadian rhythms; movement, 3422
- prejudice; discrimination; stressors; health outcomes; measurement of prejudice, 22194
- prenatal attachment; test development; Maternal Fetal Attachment Scale; methodology; test validity; test reliability; measurement, 12441
- preschool process quality; Chinese context; structural measures; management; physical environment; staff parent interactions; staff child ratio; safety; staff qualifications; government regulation, 2818
- Psycholinguistic Assessment of Language Processing in Aphasia; aphasia; cognitive neuropsychology; neuropsychology; cognitive impairments; cognitive neuroscience, 27309
- Psycholinguistic Assessments of Language Processing in Aphasia; pragmatic disorders; language, 27332
- psychological measurement; figure-meaning independence; metrological culture; measurement; mathematics; hermeneutic-mathematical metaphysics; signifier-signified coordination; metrology studies, 9509
- psychometric characteristics; community-based treatment; service delivery; treatment adherence; Wraparound Fidelity Index; test validity, 24291
- psychometric characteristics; self-control skills; assessment; self-management; self-reinforcement; self-regulation, 30418
- psychometric measures; boredom, 12437
- psychometric properties; Coping Strategies Questionnaire; Cognitive Coping Strategies Inventory; chronic pain patients, 6363
- psychometric properties; Strengths and Difficulties Questionnaire; Australian children; SDQ; parent-report SDQ; internal consistency; stability; external validity; internal reliability, 30367
- psychometric properties; traumatic stress; posttraumatic stress disorder; confirmatory factor analysis; male Vietnam veterans; traumatic stress symptomatology, 6286
- psychometric properties; verbal working memory span; memory measures; reliability; validity, 9368
- psychometrics; Child Stress Disorders Checklist; acute stress; posttraumatic symptoms; traffic accidents; children; burns; test validity, 18138
- psychometrics; Children's Aggression Scale—Teacher Version; aggressive disruptive behaviors; severity; frequency; test validity, 18127
- psychometrics; test development; organizational context; electrical job knowledge test, 18189
- Psychopathy Checklist-Revised; offender risk assessment; knowledge cumulation; measure; recidivism; research; risk prediction, 3190
- PTSD; malingering; posttraumatic stress disorder; faking; assessment, 6292
- pupil staging; electroencephalography; sleepiness measurement; Alertness Level Test; test validity; pupil size; narcolepsy; obstructive sleep apnea, 18092
- purely ordinal scales; decision behavior; reflection lattices; linear lattice, 15125
- qualitative methods; scientific method; figure meaning independence; experimental methodology; mathematical metaphysics; significant anomaly; sign-thing coordination; numerical variables, 9510
- Quality of Life in Epilepsy Inventory 89; content validity; individualized measures; health-related needs; patients with epilepsy, 24178
- quality of life; health; assessment; WHOQOL, 29559
- quality of life; pediatric cancer patients; cancer treatment, 24294
- quality of sexual life; sexual satisfaction; sexual partner; erectile dysfunction; Index of Sexual Life Questionnaire; validity, 24293
- quality-of-life measures, 27357
- quantitative motor assessment; myotonic dystrophy; muscles, 22833
- quick drinking screen; timeline followback; drinking measures; assessment method; alcohol abusers; problem drinkers, 13729
- random error; pay measurement; reliability; contingent values; validity; willingness to pay, 9353
- Rapid Assessment of Problem-Solving; traumatic brain injury, 60
- Rasch analytic procedures; item bias; differential item functioning; English language test; undergraduate students; native English speakers; non-native English speakers, 12530
- reactive-proactive aggression; overt-relational aggression; childhood aggression; aggression measures; internal structure; social adjustment, 9374
- reliability; convergent validity; discriminant validity; Defensive Functioning Scale; overall defensive functioning score; psychopathology, 6296
- religious coping assessment tool; Hindus; measure construction; mental health; reliability; validity; Hindu Religious Coping Scale, 115
- religiousness; physical health; mental health; measures; spirituality; counseling, 11613
- repetitive work; Alzheimer's disease patients; work program; patient functioning; cognitive ability; adult day care program, 29098
- reproductive potential; gestation period; active female; litter; nurse sharks; pregnancy, 3268
- residential services; community-based; housing satisfaction; deinstitutionalization; housing based programs; reliability; validity; measurement; mental illness; SAMHSA Housing Satisfaction Scale, 174
- response shift; health related quality of life; epistemology; theories; measures; cognitive processes; assessments, 23457
- restaurant tips; service quality; semantic differential scale; unbounded write in scale; measurement methods, 9500
- Revised Collett-Lester Fear of Death Scale; factorial structure; death attitude; college students, 33518
- Revised Memory and Behavior Problems Checklist—Nursing Home; development; measurement; burden; certified nursing assistants; reliability; dementia; staff burden; factor structure; validity; residents, 6282
- Key Complex Figures; Taylor Complex Figures; age; gender; order of administration; copy time; copy score; recall performance; memory; visual perception, 3138
- risk behavior; health promoting behavior; parent-child interaction; student attitudes; after school activities; community relationship; academic success; brief measurement; volunteering, 28121
- risk factors; resilience; social workers; goal formulation; assessment tool; ecological framework, 26646
- Routine Assessment of Patient Progress; outcome assessment; validity; antipsychotic medication; psychiatric inpatients, 12482
- salivary cortisol; preterm infants; pain management; saliva; pain assessment; pain, 18918
- sampling; measurement; self-reported pain; prevalence; Canada; chronic pain; age; sex, 4899
- scholarly journal articles; tobacco use; study variables; research instruments, 22268
- school reintegration; childhood posttraumatic stress disorder; prevalence; therapeutic techniques; etiological factors; assessment tools; PTSD; diagnosis, 19521
- school spirit; colleges; universities; college environment; college students; student attitudes; measurement; data collection, 17738
- score drift; performance assessment; standardized patient examinations, 27384
- screening methods; marijuana; Marijuana Screening Inventory; legalization; use patterns; social policy; cannabis use; cultural factors; clinical factors; diagnosis, 19645
- second language; explicit knowledge; language proficiency; language aptitude; metalanguage; measurement, 31063
- secondary students; students disposition; critical thinking; California Measure of Mental Motivation, 18181
- self-report instruments; psychometric properties; depressed adolescents; efficacy assessments; depression severity; self-report scale; Kutcher Adolescent Depression Scale; evaluative properties, 138
- SES measurement; health research; social epidemiology; socioeconomic status, 22175
- sex offending behaviour; assessment; challenging behaviour; intellectually disabled; definitions; assessment models; client intentions; criminal intent; communicative intent, 28900
- sexual offenders treatment; measurement instrument; deviant behavior; court ordered treatment progress assessment; Facets of Sexual Offender Denial Scale; assessment scores, 33572
- significance testing; learning disabilities; effect size measures; social sciences, 3276
- sleep assessment devices; polysomnography; sleep log; actigraphy; REMview; sleep disorders, 12443
- sleep disordered breathing; respiratory disturbance events; oximeter acquisition parameter, 4850
- sniff magnitude test; University of Pennsylvania Smell Identification Test; nonnative English speakers; children; olfactory function; cognitive abilities; linguistic abilities, 24185
- social acculturation; acculturation measurement; Mexican American Elders; language fluency; interpersonal relationships; language use; scale reliability; scale validity, 30365
- Social and Personal Identities scale; self-categorization; test validity; test reliability; psychometrics, 24217
- social class; socioeconomic status; measurement; counseling psychology; research, 11380
- social class; socioeconomic status; measurement; counseling psychology; research, 11381
- social desirability; criterion-related validity; biodata measures, 3132
- social functioning; functional autonomy; health care; interrater reliability; comprehensive profile; health care improvement; older people; social subscale; functional autonomy measurement system, 12518
- social phobia; social anxiety; adolescence; assessment; confirmatory factor analysis, 30457
- social psychology; stereotype threat; test performance; research; history; African-Americans, 10471
- socio-communicative variables; behavior states; profound disabilities; multiple disabilities; school settings; special education; assessment, 12189
- spiritual meaning scale; construct validity; clinical utility; spiritual meaning; personality; mental health, 33523
- spirituality assessment; coping; disease reduction; spirituality based interventions; Spiritual Health Inventory; substance abuse; test reliability; test validity, 30370
- sports motivation; recreation; exhibitionism; competition; emotion; sports participation; construct validity, 30373
- standardised admission ratio; widening participation; medical schools admissions; measurement; ethnicity; socioeconomic status; sex ratio, 35987
- statistical methods; multi-item instruments; non-metric properties; ordinal data; rank invariance; hearing aids satisfaction, 6364

student achievement; multidimensional measurement; unidimensional Rasch model; Multidimensional Random Coefficient Multinomial Logit model, 9471
summary measurement; health-related quality of life assessments; cognitive processes; diversity, 21168
survey item; generalized trust; measurement; validity; cross-cultural factors, 3147
sustained attention; schizophrenia; reaction time; sustained attention to response task; measure sensitivity, 33575
symptom experiences; advanced case cancer patients; psychological & physical symptom distress; family caregiver perceptions; Memorial Symptom Assessment Scale; reliability; validity, 6358
target board test; ataxia; tremulous patients; dysmetria; multiple sclerosis; dysidiadochokinesia; kinetic tremor, 12479
temporal horn; Alzheimer's disease without cerebrovascular disease; medial temporal lobe atrophy; markers; CT-based measurement; validation; accuracy; sensitivity; diagnosis, 27342
test anxiety measurement; scale development; internal construct validation, 33599
test construction; incremental validity; measurement, 6237
test reliability; test validity; Fruit and Vegetable Screening Measure for Adolescents; fruit consumption; vegetable consumption; nutrition, 27280
test-retest reliability; commercial volumeter; measurement; hand volume, 18079
testing; assessment; counseling; Spanish-English bilingual Latinos, 18078
Theoretical Evaluation Self-Test; community clinical practice; test validation, 27310
time measures; rate measures; choice transitions; changing preference; free-operant choice; pigeons, 33919
tobacco dependence measurement; negative reinforcement; social learning, 31922
Tower of London; instructions; cueing; learning; difficulty levels; planning ability; online vs mental preplanning; errors, 6349
TPL-KATS-card sort; structural knowledge; software tool, 12379
traffic safety; safety assessment; accidents; rural roads; accident models; prediction; mortality, 30281
trait impressions; shared stereotypes; gender; age; personality inferences; behavior slices, 16264
traumatic brain injuries; The Awareness of Social Inference Test; social cues; emotion recognition; social behavior; conversational inference, 27339
treatment condition; standard deviations; active treatment; treatment group; change scores; individual level change, 12541
treatment outcome measures; depression; antidepressant response; nortriptyline; fluoxetine; rating scales, 3196
validity; cardiac monitor; heart rate variability; heart rate measurement; female pigs; 24-h Polar RR monitor; ECG; electrocardiogram, 12449
validity; rating scales; measurement; pain intensity; cerebral palsy; pain assessment; chronic pain, 21103
validity; reliability; sincerity test; dynamic trunk motions; effort bias; test-retest reliability; inter-rater reliability, 14995
value-added outcomes; program assessment; managerial leadership; longitudinal approach; skill area; program participation; master degree students; Life Styles Inventory; beneficial attitudinal change, 18184
veridicality; nonconventional cognitions; transpersonal psychology; measurement, 27428
Vietnam war service appraisal; tertiary appraisals; present life impact; posttraumatic stress disorder; war zone stressors; outcomes; military records; U.S. male veterans; postwar functioning; wartime, 28764
visualization assessment; visualization training; spatial skills; VIZ Website; response times; accuracy; spatial cognition, 33049
well-being; pupils; Flemish secondary schools; quality of education; measurement instrument development; questionnaire construction, 30489
youth psychopathy; juvenile offender; antisocial behavior; personality disorder; predictive validity, 33536
youth psychopathy; psychopathic-like traits; conceptual concerns; measurement concerns; pre-adolescent children, 34793
Measurement [See Also Achievement Measures, Aptitude Measures, Attitude Measurement, Attitude Measures, Body Sway Testing, Comprehension Tests, Creativity Measurement, Criterion Referenced Tests, Digit Span Testing, Employment Tests, Group Testing, Individual Testing, Intelligence Measures, Inventories, Multidimensional Scaling, Needs Assessment, Occupational Interest Measures, Pain Measurement, Perceptual Measures, Performance Tests, Personality Measures, Posttesting, Preference Measures, Pretesting, Professional Examinations, Profiles (Measurement), Psychiatric Evaluation, Psychological Assessment, Psychometrics, Questionnaires, Rating Scales, Reading Measures, Screening, Screening Tests, Selection Tests, Sensorimotor Measures, Sociometric Tests, Speech and Hearing Measures, Standardized Tests, Statistical Measurement, Subtests, Surveys, Symptom Checklists, Testing, Verbal Tests]—**Books**
Adult psychopathology and diagnosis (4th ed.), 22476
Assessing children's well-being: A handbook of measures, 212
Conceptual foundations of human factors measurement, 3048
The measure of service learning: Research scales to assess student experiences, 8980
Three art assessments: The Silver Drawing Test of cognition and emotion; draw a story: Screening for depression; and stimulus drawings and techniques, 3156
Measurement [See Also Achievement Measures, Aptitude Measures, Attitude Measurement, Attitude Measures, Body Sway Testing, Comprehension Tests, Creativity Measurement, Criterion Referenced Tests, Digit Span Testing, Employment Tests, Group Testing, Individual Testing, Intelligence Measures, Inventories, Multidimensional Scaling, Needs Assessment, Occupational Interest Measures, Pain Measurement, Perceptual Measures, Performance Tests, Personality Measures, Posttesting, Preference Measures, Pretesting, Professional Examinations, Profiles (Measurement), Psychiatric Evaluation, Psychological Assessment, Psychometrics, Questionnaires, Rating Scales, Reading Measures, Screening, Screening Tests, Selection Tests, Sensorimotor Measures, Sociometric Tests, Speech and Hearing Measures, Standardized Tests, Statistical Measurement, Subtests, Surveys, Symptom Checklists, Testing, Verbal Tests]—**Chapters**
Activity level and DSM-IV, 22478
Assessing children's proficiency in natural signed languages, 21984
Assessment of children's behavior in the school setting: An overview, 3237
Assessment of individual job performance: A review of the past century and a look ahead, 3248
Behavior problems in the school setting: Synthesizing structural and functional assessment, 3240
Classification and assessment, 22662
Driven to despair: Why we need to redefine the concept and measurement of intelligence, 16317
Dynamic assessment of the evolving cognitive functions in children, 1721
Eating disorders, 22779
Family assessment tools, 23113
Formal and informal approaches to the language assessment of deaf children, 23064
Functional assessment of school-based concerns, 3238
Functional capacity evaluation, 16659
Measurement in work and organizational psychology, 3245
Measurement issues in preventing anxiety and depression: Concepts and instruments, 8390
Measures of externalizing and attentional problems in children, 3236
Measuring symptoms and fatigue severity, 16649
Mood disorders; Depressive disorders, 22522
Must the magic of psychokinesis hinder precise scientific measurement?, 9738
Pain and fatigue, 16670
Phase-based interventions, 16653
Psychopathology in children and adolescents with intellectual disability: Measurement, prevalence, course, and risk, 13560
The repertory grid technique, 15036
Self-control and sexual behavior, 13390
Structured diagnostic interviews and self-rating scales, 14991
Summary grid of reviewed measures, 3241
Measurement Error [See Error of Measurement]
Mecamylamine—**Serials**
nicotine dependence; nicotine self-administration; rats; nicotine access; mecamylamine; drug withdrawal; nicotine antagonist, 27930
nicotine; self-administration; dependence; craving; cigarette smoking, 3964
Tourette syndrome; head twitch response; 1-(2,5-dimethoxy-4-iodophenyl)-2-aminopropane; DOI; nicotine; donepezil; acetylcholinesterase inhibitor; mecamylamine; animal model; mice, 7195
Mechanoreceptors—**Serials**
mechanoreceptors; myelinated nociceptors; substantia gelatinosa; neonatal hypersensitivity; skin sensory neurons, 12900
receptive fields; hairy skin; forearm; unmyelinated tactile afferents; human skin; cutaneous mechanoreceptive afferents, 15600
Media (Communications) [See Communications Media]

Medial Forebrain Bundle—**Serials**
choline acetyltransferase; hippocampal neurons; heparin-derived oligosaccharide; Alzheimers disease; AD; glycosaminoglycans; GAGs; Choline acetyltransferase; cingulum bundle, 10036
Medial Nerve [See Spinal Nerves]
Mediation—**Serials**
alternative dispute resolution; legal disputes; procedural preferences; decision control; process control; control over choice of substantive roles; social status; role; mediation type, 33446
amphetamine; dopamine mediation; addiction, 12966
children of divorce; preventive intervention; program effects; mother-child relationship; relationship quality, 31367
cross-age peer-mediation; mediation teaching style; mediators; learners; cognitive level, 20827
divorce mediation; chronic high conflict; mediation therapy, 12423
domestic violence; family court; domestic court mediation; reconciliation services, 36544
expressed anger; online mediation; productive anger; resolution rate; angry responses; reputation; dispute value; anger precursors; dispute resolution reciprocity, 18043
family law; mediation processes; child-focused approaches; parental separation; litigation, 33411
family mediation; divorce; family law, 33445
family mediation; family disputes; mental health professionals; child custody; judge-imposed orders, 25155
family mediators; dispute resolution; family separation; family mediators, 12419
international crises; tension reduction; crisis management; historical data; mediator style; International Crisis Behavior data set; negotiation; agreement, 18048
international exchange; information gaps; social structure; intermediation; exchange relationships; income replacement sources, 9055
mediating; family intervention; marital separation; anxiety; tension, 12420
mediation processes; child-inclusive approach; divorce mediation; child consultant, 33443
mediation; child dependency disputes; dispute resolution methods; parental attitudes; justice psychology; trust psychology, 18041
mediation; parent intervention strategies; child dispute resolution; mothers, 13352
mediation; procedural justice; litigation; social processes; legal decision-making, 33444
mediator effects; moderator effects; pediatric development; pediatric behavior; pediatric research, 15917
Mediator Mentors; school climate; conflict resolution program; student perceptions; elementary school; cross-age mentoring, 14674
mediators; mediation; problem solving; stress; politics; economics; Israeli Jews; Palestinians, 13430
memory performance; adulthood; attributions; age differences; mediation effects; free recall task, 21363
Minnesota Multiphasic Personality Inventory-2; MMPI-2; response bias; custody litigants; custody disputes, 3171
orthodox Judaism; psychoanalysis; Jewish thinkers; psychology; dialogue; reconciliation, 31626
peer mediation; educational settings; mediation program; school conflict, 14704
peer mediation; junior high school; cultural diversity; inhibition, 30107
resistance to collaboration; stakeholders' frames; environmental conflicts; Voyageurs National Park; mediation success; failure, 27179
violence related behaviors; middle school students; violence prevention; mediation effectiveness; verbal violence; victimization; gender differences; D.A.R.E. Plus Project outcomes, 33208
Mediation—**Chapters**
The role of students in resolving conflict, 5938
Mediation (Cognitive) [See Cognitive Mediation]
Medicaid—**Serials**
assisted living; health service use; Medicaid beneficiaries; schizophrenia, 5111
conventional antipsychotics; atypical antipsychotics; treatment adherence; Medicaid program; schizophrenia, 8528
economic policies; tobacco use; Medicaid clients; pharmacotherapy; tobacco cessation; smoking behavior; cigarette tax increase, 2513
executive summary; mental health services; Center for Mental Health Services; substance abuse beneficiaries; Medicaid; health policy, 35757
health care policy; Medicaid; social entitlements; health insurance; activism, 11362
health care services; Medicaid health care; foster care system; child care; foster care, 17351
managed behavioral health; carve-out; psychosocial rehabilitation; psychosocial treatments; Medicaid; schizophrenia; outpatient care quality, 26558

Medicaid beneficiaries; life expectancy; external causes of death; natural causes of death; mental illness; substance abuse; psychiatric disorders; dual diagnosis, 13533

Medicaid eligibility; former SSI income recipients; drug abuse; alcoholism disability; hospitalization; baseline medical need; psychiatric problems, 22680

Medicaid waivers; health delivery; cost effectiveness; community based physical disability waiver; home care; service needs; service access, 29682

medicaid; developmental disabilities; intermediate care facility; long-term care services; nursing facility, 35752

Medicare; Medicaid; costs; per capita expenditures; schizophrenia; age cohort; depression; dementia; medically ill patients, 5521

mental health screening; Medicaid programs; substance use disorders screening, 7764

pharmacy benefit plans; consumers; Medicaid; drug coverage; medical ethics; mental health sector, 29661

public insurance; private insurance; state program; low-income population; family response; employer response; Medicaid, 16885

selective serotonin reuptake inhibitors; antidepressant therapy; health plan; pediatrics; depressed youth; Medicaid; quality of care; treatment duration; treatment follow-up, 26614

Tax Equity and Fiscal Responsibility Act; Medicaid eligibility; severe disabilities; disabled children; poor families; middle-income families, 32679

Medicaid—Chapters

A study to assess patient satisfaction of transitioning from Medicaid to managed care by sickle cell patients in Hampton Roads, Virginia, 5470

Medical Care Costs [See Health Care Costs]

Medical Diagnosis [See Also Biopsy, Cardiology, Dexamethasone Suppression Test, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, HIV Testing, Prenatal Diagnosis, Roentgenography, Tomography, Urinalysis]—Serials

akathisia; diagnosis; symptoms; diagnostic criteria; antipsychotic therapy; restlessness; drug side effects, 4518

Angelman syndrome; autism spectrum disorders; diagnosis; communicative skills; social skills developmental delay; developmental deviance; comorbidity, 32015

bipolar disorder; Mood Disorder Questionnaire; medical diagnosis, 33555

cancer patients; palliative medicine program; cancer diagnosis communication; patients' perceptions; satisfaction; information imparting, 5466

child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2620

child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2636

clinical relevance; diagnoses; forensic psychiatric hospital; childhood onset neuropsychiatric disorder, 19285

cluster headache; diagnostic delay; mismanagement; patient suffering, 28982

common movement disorder; tremor; treatment; tremor diagnosis; physicians, 13949

computed tomography; dementia assessment; clinical decision-making; outpatient evaluation; memory disorders, 26130

consultation support; physician patient discussion; real time decision support; decision making; practitioner learning; computer software, 17528

culture; Spanish speaking; pituitary adenoma; communication; self-presentation; doctor patient relationship; treatment; poor continuity; preventative screening, 1818

dementia with Lewy bodies; DLB; clinical diagnostic criteria; neurofibrillary changes; degenerative process; diagnostic accuracy; Alzheimer disease; AD; pathology; tau protein; synucleinopathies, 16794

diagnostic thresholds; healthcare providers; treatment decisions; medical decision; life expectancy; health outcome, 11654

diagnostic validity; brain S100 protein; mild traumatic brain injury, 29161

electrodiagnosis; musculoskeletal pain; median neuropathy at the wrist; MNW; carpal tunnel syndrome; CTS, 3149

epistemological problems; evidence based medicine; clinical judgment, 32620

evidence based medicine; ethics; clinical decision, 32992

evidence-based medicine; EBM; rational medicine; ethical problems; epistemic problems; patient experiences; therapeutic decision making; medical community; patient health, 2267

fetal alcohol syndrome; fetal alcohol spectrum disorder; diagnosis; exposure, 8026

general medical practice framework; diagnosis; treatment planning; biomedical perspective; cultural context; medico-psychological perspective; social networks; research skills; teaching skills, 5561

hearing disorders; tinnitus; assessment; treatment; masking approach; audiology clinics; tinnitus retraining therapy; evaluation process, 1948

hearing disorders; tinnitus; clinical management; tinnitus retraining therapy; clinicians guide; patient treatment; initial interview, 1926

hearing disorders; tinnitus; treatment; tinnitus masking; tinnitus retraining therapy, 1927

International Classification of Sleep Disorders; Association of Sleep Disorders centers; differential diagnosis; clinical descriptions; clinical decision making, 4844

Kleine Levine syndrome; adolescent males; transient neuropsychiatric disorder; hypersomnolence; behavioral changes; excessive compulsive eating; hypersexual behavior; etiology; clinical diagnosis, 35282

laboratory diagnosis; anemia causes; elderly anemia; diagnostic efficacy; anemia; differential diagnosis, 29007

medical diagnoses; lay diagnoses; stomach symptoms; throat symptoms; diagnosis impact; function of diagnosis, 5396

medical diagnosis bias; clinicians; diagnostic accuracy; comprehensive feature lists; expertise level, 20695

medical disorders; psychiatric patients; questionnaires, 7795

medical personnel; emergency medical service; ischemic stroke; presentation time; stroke patients; paramedics; stroke diagnosis, 17401

medical students; undergraduate psychology students; prestigious terminology; clinical judgments; disease seriousness judgments; medical case; diagnostic seriousness, 20749

mental health professionals; diagnostic information; dementia; psychological well-being, 14555

multiple sclerosis; diagnosis; treatment; health knowledge; patients; neurologists, 8131

National Cancer Center; Milan; terminal cancer patients; therapeutic approaches; diagnostic approaches; Palliative Care Unit; demographic data, 17396

Parkinson's disease; family history; conservative diagnosis; in-person examination; first-degree relatives, 11276

pediatric specialist; neurodevelopmental diagnostic services; parental perceptions; neurodevelopmental disorders, 35738

pharmacocavernosometry; pharmacocavernosography; erectile dysfunction; penile erection; hemodynamic responses; diagnostic assessment; vasoactive agents; erectile function test; men, 32084

polysomnography; algorithms; actigraphic recordings; sleep studies, 3818

psychogenic movement disorders; organic illness; movement disorder diagnosis; PMD, 13978

skin sensitivity; laser-evoked potentials; LEP; somatosensory evoked potentials; SEP; peak-to-peak amplitude; spinothalamic tract; multiple sclerosis; MS; vertex potential; medical diagnosis, 16827

symptom-defined populations; community surveys; cancer diagnostic research; general practice, 3292

therapy; AED treatment; side effects; partial complex seizures; antiepileptic drugs; AEDs; Swedish adolescents; clinical diagnoses; epileptic seizure; primary generalised tonic-clonic seizures, 17192

urinary tract infection; probability; tested; antibiotics; general practitioner; urine culture, 35627

Medical Diagnosis [See Also Biopsy, Cardiology, Dexamethasone Suppression Test, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, HIV Testing, Prenatal Diagnosis, Roentgenography, Tomography, Urinalysis]—Books

What's wrong with the Rorschach? Science confronts the controversial inkblot test, 15057

Medical Diagnosis [See Also Biopsy, Cardiology, Dexamethasone Suppression Test, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, HIV Testing, Prenatal Diagnosis, Roentgenography, Tomography, Urinalysis]—Chapters

Advances in early diagnosis and differentiation of the dementias, 16861

Differential diagnosis in medical assessment, 16662

Medical Education [See Also Medical Internship, Medical Residency, Psychiatric Training]—Serials

4th year medical students; humanities; medical education; communication; reflective activities; writing activities, 23668

A level grades; intelligence; achievement; ability; physician career; medical students; predictors; undergraduate training; personality traits, 35991

academic medicine; faculty members; mentoring relationships; consensus taxonomy; career progress, 17517

academic performance; psychiatrists; specialists; medical school, 35989

addiction treatment experience; substance-abusing patients; psychiatry clerkship; psychiatric knowledge; psychiatry patients; medical education; student attitudes, 20709

African American physicians; White physicians; racial differences; medical school; medical careers; professional activities; community involvement; school environment, 20714

anxiety problems; clinical medical students; medical education; clinical training; health sciences; teachers' views, 17518

anxiety; anger; family practice residents; South Carolina family practice residents; student characteristics; medical education; medical residency, 5797

approaches to medical education; medical schools; medical students; curricular design; learning methods; integrated curriculums; patient contact; research methods; academic training, 32922

approaches to medical education; medical schools; medical students; curricular design; learning methods; integrated curriculums; patient contact; research methods; academic training, 32908

assessment criteria; criteria reliability; undergraduate medical students; communication skills; skill portfolios, 27388

assessment method; portfolios & interviews; professional development; personal development; students; medical education, 17514

Association of American Medical Colleges; academic health centers; medical school psychologists; partnering model, 26813

attitudes; roles; residents; teachers; undergraduate clinical teaching; attending doctors, 17504

career development; premedical programs; career maturity; minority students; disadvantaged students, 8934

case-based reasoning; problem-based learning; medical schools; curriculum; cognitive processes; human reasoning process; teaching method, 12018

 interprofessional learning: ward environment; nursing students; effective leadership; clinical performance; schools of medicine; medical conditions, 17520
 learning activities: medical students; medical tutors; medical clerkship: medical examination preparation; medical internship; medical education, 23674
 learning objectives: undergraduate medical education; medical school curricula; sleep; circadian rhythms, 5782
 life threatening illnesses; cancer patients; patients response; bad news, 23651
 Lopez Pinero: medical historiography: scientific communication; medical school professor; journal information, 39
 medical career choice: reasons for rejection; medical specialization; working relationships; career prospects; quality of life; medical school graduates; United Kingdom, 17495
 medical career choice: reasons for rejection; medical specialization; working relationships; career prospects; quality of life; medical school graduates; United Kingdom, 17489
 medical career: psychiatrist; failure: medical education; psychiatry; eating disorders, 35948
 medical curricula: undergraduate education; major depression; Asia Pacific region, 35982
 medical education video: knowledge; attitude; interpersonal violence; patients; continuing medical education videotape; educational programs, 12026
 medical education: deprived communities; community-based education; patient involvement; medical students; carers; socioeconomic status, 23435
 medical education: professionalism; medicine; practitioners: practice behaviour; needs assessment; professional competence, 26818
 medical education: psychiatric training; psychiatry; medical student attitudes, 32906
 medical education; team learning; small group learning, 20730
 medical graduates: problem-based learning curriculum; medical education; career preparation; educational quality; undergraduate education; graduate attitudes, 23669

medical professionalism: learning differences; medical students: reading impairment; accommodation; licensing exams; Supreme Court decision; Bartlett v. the New York State Board of Bar Examiners, 23688
 medical students experiences: virtual patient; communication skills; medical students, 12013
 medical students training: end-of-life communication; clinical instructional strategies; medical school; perceptions, 12032
 medical students' attitudes: potential behavior; whistle blowing; undergraduate medical curriculum, 17556
 medical students: abortion education; medical schools; abortion providers; reproductive choice; medical training; reproductive health services; Medical Students for Choice, 12033
 medical students: healthy older people; medical school; aging attitudes; nursing home visits; old age environments, student attitude, 17501
 medical students; homeless people; students attitude; medical school; questionnaire; test score; instrument validity, 27263
 medical students; knowledge; understanding; peoples experience; emotions; health; sickness; the arts; arts in medicine; special study module, 23698
 medical students: psychological trauma; stress reaction; psychological morbidity; coping behavior; gender differences; ethnicity; human dissection, 20717
 medical students: reading test performance; medical school; Medical College Admission Test; United States Medical Licensing Exam, 26811
 medical students: student perception; culture; problem based learning; cognitive skills; motivation; cohesion; group learning; group productivity; tutorial groups; group dynamics, 12015
 medical students: student perceptions; housestaffs; physical examination skills, 5780
 medical training: fatigue; sleep loss; sleep; medical education; medical trainees, 5764
 moral reasoning: value priorities; medical school; self descriptions; professional socialisation; medical education, 8933
 Objective Structured Clinical Examination: OSCE; standards; surgical undergraduates; normative data; medical education; Angoff; Ebel; Hofstee methods, 18175
 oral examinations: examination reliability; medical education; decision making skills; professional values; membership examination; oral component, 21201
 oral examinations: examination reliability; medical education; decision making skills; professional values; membership examination; oral component, 21198
 outcomes measurement; undergraduate medical education; UME; residency achievement, 5777
 palliative care education: informal curricula; medical students; ethical issues, 17509
 personal qualities: medical school admissions; academic measures; applicants quality; admission decisions; admission data, 17499
 physician-patient interaction: religion; church attendance; social support; elder health; medical education; biopsychosocial model, 29446
 pre-clerkship examination: medical education; postgraduate medical students; medical practice; curriculum evaluation; educational quality; question rating; question difficulty, 23689
 problem-based learning: cultural differences; Asian medical schools; learning; teaching; student responses, 29896
 problem-based learning: cultural differences; Asian medical schools; learning; teaching; student responses, 17521
 problem-based learning; undergraduate medical tutors; learning agenda conceptions; clinical science; behavioral science; population science; ethics; legal aspects; professional practice; attitudes, 17604
 professional development: personal development; medical professionalism; medical education; altruism; accountability; integrity, 17513
 professional development; personal development; medical professionalism; medical education; altruism; accountability; integrity, 17531
 professional ethics: value judgments; continuing professional education; clinicians; medical education, 32886
 professional identity; medical socialization; physicians; medical ideology; morning reports; medical education; ideological discourse; teaching conference, 29866
 psychiatry training: intellectual disabilities; medical professionals; developmental disabilities; work settings; Natalie Cobbing Travelling Fellowship; professional networks; clinical practice, 29879
 psychodynamic psychotherapist; psychotherapy; therapists training; psychoanalytic literature, 23714
 psychosomatic medicine; curriculum development; physician education, 9005
 questionnaire evaluation: student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21200

questionnaire evaluation: student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21188
 reasoning strategies: student behaviour; medical students; professional lapse; professional conflict, 17512
 role play: residents awareness; medical student; mistreatment; teacher-learner relationship, 5770
 self-directed learning: learning activities; paediatric residents; computer-aided instruction; training programs; residency training; independent study; medical schools, 17507
 specialist registrars; productivity; training; psychiatric consultants, 29889
 standardised admission ratio; widening participation; medical schools admissions; measurement; ethnicity; socioeconomic status; sex ratio, 35987
 standardised patients; student scores; case scores; error rate; patient error reporting; clinical competency; medical education: clinical performance examinations, 23691
 student attitudes; doctoral training; professional psychology: Combined-Integrated psychology, 35965
 student attitudes; personal reflection; significant event analysis; general practice; medical students; medical curriculum; conflict; coping strategies, 17516
 student engagement: interobserver reliability; observation instrument; educational research; student learning time; STROBE; health profession settings; validity, 15105
 student personalities; clinical competence; medical school clerkships, 26812
 systems based preclinical curriculum; problem based learning; learning environment; cognitive behavior; social issues; student attitudes; faculty members, 20729
 team learning: evidence-based medicine; learning behaviors; medical students, 20719
 test standard setting: objective structured clinical examinations; medical education; rational standard setting; empirical standard setting; reliability; credibility; reality check, 21189
 undergraduate medical students; reflective portfolio assessment; communication skills learning; students views; educational measurement, 27389
 undergraduate medical training: problem based learning; interpersonal skills; traditional teaching; educational reform; medical students, 32933
 video feedback technique; communication skills training; teaching intervention evaluation; gender impact; communication change; medical undergraduate; physician patient interaction, 29892
Medical Ethics [See Bioethics]
Medical History [See Patient History]
Medical Internship—Serials
 learning activities; medical students; medical tutors; medical clerkship: medical examination preparation; medical internship; medical education, 23674
 preceptors ratings; clerkship performance; clinical evaluation form; clinical competence; test validity; medical students; medical internship, 27268
Medical Model—Serials
 analogy: scientific reasoning; medical illness; substance abuse; antisocial behaviour, 31936
 antisocial behavior; substance abuse; drug policy; genetic vulnerability; bipolar illness, 31952
 medicine; morals; drug addiction; medical model; moral model; craving; compulsion, 19684
 quality improvement; cost control; organizational cultures; residential care; outcome evaluation; organizational quality; methodology, 32635
 social constructivism; medical model; disability theory; US; conceptual paradigms; Americans With Disabilities Act; disability definitions; civil rights protection, 6184
Medical Patients—Serials
 African American females; mental health patients; medical patients; urban health care center; treatment resistance, 14402
 African-American family: long distance caregiving; elderly patient; caregiver stress; Alzheimers disease, 11847
 alcohol withdrawal syndrome; behavioral dyscontrol; hospitalized; medical patients, 23592
 alexithymic features; migraine patients; psychopathologies; depression; anxiety, 32101
 Alzheimers disease: Mini-Mental State Examination; patient rating; informant; patients, 9354
 Alzheimers disease: Mini-Mental State Examination; patient rating; informant; patients, 9366
 Alzheimers disease; patients; loved ones; care, 11854
 cognitive impairment; Geriatric Depression Scale; Orientation-Memory-Concentration-test; major depression; test validity; test reliability; psychometrics; older ill inpatients; screening tests, 24242
 complementary test seeking patients; somatizers; patient groups; personality; negative medical experience; somatic explanations; reassurance seekers; technology seeking patients; patient behavior, 20470

Volume 91 SUBJECT INDEX

Medical Patients—Serials

consultation-liaison psychiatry; interrater reliability; psychosocial distress; medical patients; Diagnostic Criteria for Psychosomatic Research, 35606

day treatment programme; rheumatoid arthritis; client participation; rehabilitation process; outcome measure; Canadian Occupational Performance Measure; COPM, 15120

depressed medically ill; non-medically ill patients; treatment patterns; treatment outcomes; community psychiatric practice; depression; depression care outcomes; physical illness, 14399

emotional trauma; pain; mood; physical function; primary care population; trauma history; emotional functioning; pain patients; trauma distress, 4889

French version; Multidimensional Fatigue Inventory; medical patients; test validity; psychometrics, 15089

general practitioners; older adults; professional correspondence; client attitudes, 32634

home health care; ventilator patients; ethical values, 17378

hypnotizability; postoperative period; structured empathetic attention; self-hypnotic relaxation; medical patients; controlled hypnosis trials, 1777

internal medical inpatients; mental disorders; physical diseases; health care services; complementary therapy & medicine usage; health care utilization; epidemiology, 8376

medical inpatients; mental illness; mental disorders; health care utilization; self-rated health; physical fitness, 29620

medical outpatients; antidepressant drugs; attitudes, 20553

medical patients; psychiatric interventions; length of hospital stay; health status; quality of life; consultation-liaison nurse; discharge, 8818

medically unexplained symptoms; primary health care; physician perceptions; sick-leave, 36013

nasopharyngeal carcinoma patients; NPC; radiation therapy; RT; pain management; pain intensity; pain characteristics; pain trajectory; Taiwanese patients, 5428

patient decision aid; information structuring; decision support; reasoned choice model; presentation; expectancy value, 29595

perception of stressors; critical care environment; nurses; patients, 23595

prostate-specific antigen screening; prostate cancer screening; index consultation; general practitioners; male patients, 5485

psychiatric disorders; medical outpatients; Pakistan, 31699

quality of care; patient satisfaction; diabetes; African Americans, 14387

score reliability; stroke patients; significant others; Reintegration to Normal Living Index; RNL; rehabilitation; cognitive status, 15098

somatoform disorders; internal medical inpatients; psychiatric disorders; comorbidity, 22806

spouse confidence; patient survival; heart failure; self efficacy; illness management, 13910

subsyndromal delirium; elderly medical inpatients, 10699

suicide risk; multiple sclerosis; mortality rate; secondary diagnosis; hospital admissions; general population; hospital patients, 16760

surgical decisions; early stage non-small cell lung cancer; racially sensitive perceptions; patient preferences; Whites; African Americans; racial variation; curative surgery; patient care, 11636

Medical Patients—Books
Psychosocial treatment for medical conditions: Principles and techniques, 8598

Medical Patients—Chapters
The PRO-SELF Program: A self-care intervention program, 17140

Significance of psychosocial factors to health and disease, 8602

Medical Personnel [See Also Dentists, Military Medical Personnel, Nurses, Paramedical Personnel, Pharmacists, Physical Therapists, Physicians, Psychiatric Hospital Staff]—Serials
alcohol use disorders; nonpsychiatric inpatients; general hospital; medical staff; alcohol abuse; alcohol dependence; disorder identification, 25865

Americans with Disability Act; ADA accommodation; therapists; disabilities; clinical training; mental health professionals; administration procedures, 2684

antipsychotic drugs; body mass index; chronic mental illness; direct-care staff; obesity; psychosis; schizophrenia, 32748

anxiety levels; psychiatric wards; relocation; staff members reaction; uncertainty levels, 36005

anxiety levels; psychiatric wards; relocation; staff members reaction; uncertainty levels, 32947

Bali Bombing; terrorism acts; victim needs; hospital staff, 20556

consultants; sex; ethnicity; distinction awards, 32948

dementia; staff training; nursing home; performance measures; communication; nursing aides, 20708

hospice services; Latino population; Mexican community; hospice staff; hospice utilization; hospice communication, 20534

hospitalized children; staff perception; hospital staff; parental needs; psychosocial needs, 11841

medicalization; social workers; mental health services; social work practice; medical dominance; medical professionals, 32690

nursing homes; hospitals; patient homicides; working environment; suspicious behavior; heuristic model for investigation, 19712

operating theatres; teamwork; team resource management; educational intervention; medical personnel, 36014

patient care; inpatient rehabilitation; staff satisfaction; new patient care coordinator; rehabilitation service; multidisciplinary team, 8827

patients age; death wish; treatment decisions; physicians; nurses; subthreshold depression; psychopharmacological treatment, 26553

psychiatric hospital; staff attitudes; smoking attitudes; smoking habits, 32962

sexual harassment; female personnel; gender harassment; unwanted sexual attention; sexual coercion; domestic violence; hospital workers, 35010

smoking cessation advice; licensed nurses; nursing assistants; job classification; resident disinterest; institutional support; safety concerns; long-term care; intervention opportunity, 13413

specialist registrars; productivity; training; psychiatric consultants, 29889

staff downsizing; cost cutting; shrinking budgets; care quality; hospitals; staff views; work environment; individual health; hospital downsizing; workload perceptions, 11984

staff learning needs; touch; care; staff training; interactive training package; staff focus groups; touch in care, 29606

teaching staff; cognitively impaired; impaired residents; self-protective behaviors; educational program; staff knowledge; staff skill; staff confidence; long-term care residents; patients, 12029

therapeutic environment; drug dog searches; psychiatric units; illegal drugs; staff attitudes, 32738

university hospitals; hospital organization; patient care departments; nurses; physicians; reorganization planning; hospital personnel, 2477

young adults; cancer patients; parent interaction; health care professionals, 29617

Medical Personnel Supply—Serials
participant satisfaction; pre-registration house officer positions; West Midlands Matching Scheme; employment status; United Kingdom, 17493

turnover behavior; gender; employment opportunities; work-related opportunities; medical personnel; internal labor market; external labor market; perceptions of opportunities, 5795

workforce projections; speech-language pathologists; health human resources; Ontario; supply; demand; speech-language pathology services, 11987

Medical Psychology—Serials
clinical psychology; psychotherapy; eugenics; medicine; connectedness; clients, 26254

subjective & objective indicators; physician dissatisfaction; causes; managed care; malpractice crisis; disparate expectations; lack of time; doctors' role as double agent; historical context, 12060

Medical Psychology—Books
Psychology builds a healthy world: Opportunities for research and practice, 20529

Medical Records [See Also Client Records]—Serials
comorbidity measurement methods; quality of life; joint arthroplasty; post-surgery; electronic health record; hip replacement, 32568

immunization rates; public health centers; babies; individual calendars, 23444

medical record; paper based record; electronic record; organizational reach; discourse research; organizational discourse, 20538

medical records; confidentiality; common law; courts; psychiatric patients; dangerousness; release of records; patient consent; disclosure required by law; public interest; clinicians, 30323

mental health practice; diagnosis; evidenced-based practice; electronic medical record, 11780

mothers; health visitors; general practitioners; personal child health record; child care, 26527

patient-therapist relationship; mental health records; shared electronic environment; electronic health records; mental health services; mental health information; healthcare providers, 32226

psychotherapy; documentation; HIPAA Privacy Rule; ethics; patient confidentiality; disclosure, 14599

self-report service; agency records; service utilization; alcohol use disorders; treatment seeking individuals, 29631

Medical Sciences—Serials

shared electronic mental health records; ethical issues; legal repercussions; third party access; confidentiality, 32984

Medical Records [See Also Client Records]—Chapters
Medication history profile, 5365

Medical Regimen Compliance [See Treatment Compliance]

Medical Residency—Serials
attitudes; roles; residents; teachers; undergraduate clinical teaching; attending doctors, 17504

child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2636

child abuse; primary care physicians; residency education; residency programs; residency training; community agencies; medical diagnosis; increasing demand; abuse prevention, 2620

clinical preventive services; medicine residency program; physicians; internal medicine residents; office environment; health promotion; physician characteristics, 8714

education; preventive medicine residents; alcohol; tobacco; drug abuse; generalist physician's addiction training; preventive medicine residency, 5784

family functioning; medical residency; family relations; psychiatric illness; recovery patterns; biopsychosocial treatment; family coping; graduate medical education competency; Psychiatric training, 32916

general psychiatry residents; specialized training; mental retardation; psychiatric disorders, 29916

Hawthorne effect; healthcare delivery; quality improvement efforts; pain assessment; medical residents; hospital setting; palliative care, 17541

life threatening illnesses; cancer patients; patients response; bad news, 23651

outcomes measurement; undergraduate medical education; UME; residency achievement, 5777

physical stress; fellowship training; invasive procedures; critical care unit; physical demands; patient safety; workload, 29910

psychiatric resident conceptualizations; mental status examination; mood; affect, 26844

psychiatric resident conceptualizations; mood; affect; mental status questionnaire, 26830

psychiatric residents; family functioning; psychiatric illness; graduate medical education; competency requirements; knowledge level; attitude; recovery; biopsychosocial treatment, 32905

scientific merit; human research; psychiatric clinicians; psychiatric research; clinical research; ethical conduct; medical residents, 5816

Medical Sciences [See Also Anesthesiology, Dentistry, Endocrinology, Epidemiology, Family Medicine, Geriatrics, Gynecology, Immunology, Neurology, Obstetrics, Ophthalmology, Osteopathic Medicine, Pathology, Pediatrics, Psychiatry, Psychosomatic Medicine, Surgery, Veterinary Medicine]—Serials
bioethics; biomedical science; political distortion; stem cell research, 36027

bioethics; medical science; politics, 36018

bioethics; medical science; politics; stem cell research, 36022

bioethics; politics; biomedical science; stem cell research, 36017

burden of mental illness; psychiatry; medicine; National Institute of Mental Health, 35379

Career Occupational Preference System Inventory; Holland types; personality; physicians; medical specialty choice, 20906

data sets; behavioral science; medical science; research methodologies, 6449

drug formularies; clinical innovation; psychopharmacology; managed care; health care costs; medical science, 8725

embryonic stem cells; medical research; bioethics; human embryos, 36024

enslaved Africans; enslaved doctors; American medicine; slave community; slave quarters; plantation hospitals; southern medical knowledge, 23652

evidence-based medicine; EBM; biomedical science; medical practice; family physicians; social organization; governance; research transfer initiative; informed; work practices, 2273

evidence-based medicine; EBM; implementation gap; evidence-based policy; evidence-based practice; medical profession; policy makers; health care; clinicians, 1914

evidence-based medicine; EBM; rational medicine; ethical problems; epistemic problems; patient experiences; therapeutic decision making; medical community; patient health, 2267

feminization; psychiatry; feminism; medicine, 28313

government; politics; Controlled Substances Act; Partial Birth Abortion Ban Act; stem cell research; bioethics, 36037

hypertension treatment; medical informatics applications; health care system; informatics utility; informatics status; informatics future, 8199

Internet; weblogs; social software; Web interactivity; psychiatry; medicine, 27970

living with HIV/AIDS; return to work; medical advances; social questions; financial question, 4919

Lopez Pintero; medical historiography; scientific communication; medical school professor; journal information, 39

male erectile dysfunction; sexual difficulties; sexual functioning; history of sexual medicine; psychological factors; erectile function; social factors; physiological factors; sexual history, 32078

medical information management; biomedicalization; technoscience; medicalization; American medicine; surveillance biomedicine, 8362

medical science; criminology; cultural factors; randomized controlled trials; criminal justice; social factors, 18011

medicine; drug control treaties; buprenorphine; opioid addiction; drug abuse potential, 29325

pain management; Egyptian medical practice; cultural aspects; history; pain theories; disease theories, 17160

phenomenology; medicine; collaborative healing; practitioners; physicians, 14227

professional mobility; psychologists; health care professions; dentistry; optometry; medicine; nursing; pharmacy; professional licensing; licensure, 2630

research methods; health sciences; research design; research project management; statistical skills, 6423

traditional medical systems; anthropological studies; rheumatic disorders; ayurvedic tradition; unani tradition; arthritis; Indian medical tradition, 5383

Witness Seminar; Medical Research Council Applied Psychology Unit; history of medicine; history of psychology, 9335

women's bodies; medicine; reproductive organs; male functioning; female functioning; menstrual cycle; mood changes; menopause; episiotomy; cesarean; hormonal contraception; hysterectomy, 29493

Medical Sciences [See Also Anesthesiology, Dentistry, Endocrinology, Epidemiology, Family Medicine, Geriatrics, Gynecology, Immunology, Neurology, Obstetrics, Ophthalmology, Osteopathic Medicine, Pathology, Pediatrics, Psychiatry, Psychosomatic Medicine, Surgery, Veterinary Medicine]—Books

Meta-analysis: New Developments and Applications in Medical and Social Sciences, 291

Medical Students—Serials

4th year medical students; humanities; medical education; communication; reflective activities; writing activities, 23668

academic performance; psychiatrists; specialists; medical school, 35989

addiction treatment experience; substance-abusing patients; psychiatry clerkship; psychiatric knowledge; psychiatry patients; medical education; student attitudes, 20709

alcohol screening; medical provider training; brief intervention; physicians; medical students; self-confidence, 35962

assessment criteria; criteria reliability; undergraduate medical students; communication skills; skill portfolios, 27388

assessment method; portfolios & interviews; professional development; personal development; students; medical education, 17514

attitudes; roles; residents; teachers; undergraduate clinical teaching; attending doctors, 17504

behavioral treatment; test anxiety; professional examinations; systematic desensitization; self-control; muscle relaxation; medical students; physicians; dual deficits; psychoeducation, 32328

Cardiovascular System Course; course coordinator; faculty development; course renewal; teaching; medical students, 29874

communication skills; communicative style; undergraduate curriculum; objective structured clinical examination; medical school students, 17502

communication skills; communicative style; undergraduate curriculum; objective structured clinical examination; medical school students, 17527

controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; controllability; income; work hours; graduate medical education, 8938

controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; controllability; income; work hours; graduate medical education, 8942

controllable lifestyle; speciality choice trends; medical students; speciality-related characteristics; speciality preference; income; work hours; graduate medical education; anesthesiology, 8943

daytime sleepiness; morningness/eveningness dimension; young adults; medical school students; drug use; diseases; sleeping habits, 7697

domestic violence workshop; standardized patients; medical students; knowledge; clinical skills, 20716

educational benefits; medical school diversity; students; underrepresented minority; public benefits; peer cultural exchange; student perception, 12035

educational interventions; student needs; student course design; medical students; study skills; objective structured clinical examination; examination scores; course evaluation, 17500

ethical conduct; professional conduct; medical students; medical education; assessment measures, 32968

first year medical students; final year medical students; attitudes; suicide; suicidal patients; death attitudes; psychosocial circumstances, 12058

first year medical students; stress coping style; prediction of health and well being, 5778

first-day medical students; future profession; professional orientation; students family background; future physician; career choice, 12047

gender; final year students; communication skills; role players; examiners; medical undergraduates; prejudice, 27393

health professions; pharmaceutical industry; student understanding; medical students; ethics, 12028

homeless persons; community psychiatry education; medical students; outreach programs; mental illness, 35968

Internet-based educational resources; engagement modes; flow experience; educational training; clinical practice; personal computers; Personal Digital Assistants; medical students; IT-competence, 35974

medical career choice; reasons for rejection; medical specialization; working relationships; career prospects; quality of life; medical school graduates; United Kingdom, 17489

medical career choice; reasons for rejection; medical specialization; working relationships; career prospects; quality of life; medical school graduates; United Kingdom, 17495

medical education; psychiatric training; psychiatry; medical student attitudes, 32906

medical graduates; career choice; decision making; influential factors; job satisfaction; female medical graduates, 17490

medical professionalism; learning differences; medical students; reading impairment; accommodation; licensing exams; Supreme Court decision; Bartlett v. the New York State Board of Bar Examiners, 23688

medical students' experiences; virtual patient; communication skills; medical students, 12013

medical students training; end-of-life communication; clinical instructional strategies; medical school; perceptions, 12032

medical students; abortion education; medical schools; abortion providers; reproductive choice; medical training; reproductive health services; Medical Students for Choice, 12033

medical students; attitudes; geriatric medicine; elderly patients; reinforcement theory, 17525

medical students; ethnicity effects; students attitudes; consultation skills; examination performance, 29882

medical students; healthy older people; medical school; aging attitudes; nursing home visits; old age environments, student attitude, 17501

medical students; homeless people; students attitude; medical school; questionnaire; test score; instrument validity, 27263

medical students; informed consent; HIV testing; patient interaction, 23711

medical students; knowledge; understanding; peoples experience; emotions; health; sickness; the arts; arts in medicine; special study module, 23698

medical students; learning differences; reading impairment; law; accommodation; medical licensing examinations; Supreme Court decision; Bartlett v. the New York State Board of Bar Examiners, 23703

medical students; mentoring relationships; San Francisco; mentors, 14573

medical students; motivations for volunteering; gender differences; volunteer; altruism; gender, 29905

medical students; practicing physicians; professional behavior; alcohol consumption; smoking prevalence; substance abuse; medical school, 26857

medical students; psychological trauma; stress reaction; psychological morbidity; coping behavior; gender differences; ethnicity; human dissection, 20717

medical students; reading test performance; medical school; Medical College Admission Test; United States Medical Licensing Exam, 26811

medical students; stress management intervention; educational intervention; coping skills; psychological distress; mindfulness-based stress reduction; emotional distress, 20727

medical students; student perceptions; housestaffs; physical examination skills, 5780

medical training; fatigue; sleep loss; sleep; medical education; medical trainees, 5764

moral reasoning; value priorities; medical school; self descriptions; professional socialisation; medical education, 8933

multivariate generalizability model; clinical skills assessment; medical students, 9352

Objective Structured Clinical Examination; OSCE; standards; surgical undergraduates; normative data; medical education; Angoff; Ebel; Hofstee methods, 18175

outcomes measurement; undergraduate medical education; UME; residency achievement, 5777

patient suicide; impact; psychiatric trainees; post-suicide management training; post-traumatic stress symptoms, 10939

patient video clips; neurology examination interpretation; computer-based test questions; text-based questions; item statistics; reliability; medical students, 18067

personal qualities; medical school admissions; academic measures; applicants quality; admission decisions; admission data, 17499

preceptors ratings; clerkship performance; clinical evaluation form; clinical competence; test validity; medical students; medical internship, 27268

professional development; personal development; medical professionalism; medical education; altruism; accountability; integrity, 17513

professional development; personal development; medical professionalism; medical education; altruism; accountability; integrity, 17531

psychiatry; Australian medical students; student attitudes; career options, 23957

psychiatry; medical students; student attitudes; specialization; social stigma; professional stigma; trainees, 32936

reflection; operating theatre; student experience; professional learning; reflection, 23704

role play; residents awareness; medical student; mistreatment; teacher-learner relationship, 5770

self-directed learning; student pragmatism; medical students; students experience; social factors; curricular factors; contextual factors; problem-based learning; undergraduate course, 29883

software; medical students; web pages, 17530

speech-language pathologist; role knowledge; students; health care programs; medical students; interprofessional education, 12009

standard score differences; computer-based test; relative standing; test preparation; educational measurement; medical students, 15102

student personalities; clinical competence; medical school clerkships, 26812

students' attitudes; potential behavior; whistle blowing; undergraduate medical curriculum, 17555

student ideation; medical profession; depression; symptoms; medical students; hospital physicians, 19616

Swedish doctoral students; PhD; academic opportunities; obstacles; working conditions, 23904

Swedish medical students views; professional role; medical doctors; health care, 29909

team learning; evidence-based medicine; learning behaviors; medical students, 20719

undergraduate medical students; reflective portfolio assessment; communication skills learning; students views; educational measurement, 27389

undergraduate medical training; problem based learning; interpersonal skills; traditional teaching; educational reform; medical students, 32933

United States Medical Licensing Exam; performance; medical students; problem-based learning curriculum; Asian population; Pacific Islander population; Medical College Admissions Test; MCAT, 12021

written communication skills; medical school graduates; psychometrics; patient note; graduate training, 27261

Medical Therapeutic Devices [See Also Hearing Aids, Optical Aids, Prostheses]—Serials

in-house' alphanumeric paging system; prospective activity impairments; traumatic brain injury; therapeutic applications and intervention; assistive technology for cognition, 29760

assistive device use; physical impairments; health behavior; frail elders, 29567

behavioral assessment; ventilator-dependent children; life-threatening behavior; developmental delays; ventilator tube disconnection, 29593

clinical course; vagus nerve stimulation; end of service; battery replacement; reimplantation; epilepsy, 35617

clinical course; vagus nerve stimulation; end of service; reimplantation; epilepsy, 14302

cognitive control signals; neural prosthetics; paralyzed patients; goals of movements; monkeys, 30863

implantable cardioverter defibrillator; adjustment problems; fear; arrhythmias, 8593

implantable cardioverter defibrillators; caregivers; support groups; health information; attendance, 29459

multiple disabilities; motor behavior; microswitch combination; environmental stimulation, 35638
 psychosocial intervention; geriatric patient; fears; distress; implantable cardioverter defibrillator; defibrillator discharges, 20127
 total artificial heart technology; elective device inactivation; decision-making capacity; potential clinical therapy; non futile situations, 29924
 vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35595
 vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35592
Medical Therapeutic Devices [See Also Hearing Aids, Optical Aids, Prostheses]—Chapters
 Technologies for communication: Status and trends, 23063
Medical Treatment (General)—Serials
 Alzheimer's disease; memory; cognitive abilities; personality change; dysfunction; nerve cell death; information processing; drugs; treatment; neurodegenerative process, 32173
 anorexia nervosa; self-phlebotomy; purging, 13832
 behavior therapy; medical crisis; treatment process, 32329
 behavioral treatment; medical treatment; chronic polydipsia; schizophrenia; diabetes insipidus; fluid intake, 20464
 clinical guidelines; patient care; practice guideline; evidence-based medicine; palliative care; medical practice; guideline methodology, 17558
 cognitive outcome; psychosocial functioning; quality of life; unruptured intracranial aneurysm, 11681
 collateral health effects; medical care; social networks; clinical trials; health care delivery, 35726
 designated case managers; facilitators; case management; substance abuse treatment programs; comprehensive service delivery; psychosocial services; medical services, 14472
 diagnostic thresholds; healthcare providers; treatment decisions; medical decision; life expectancy; health outcome, 11654
 discursive psychology; bioethics; patient expectations; false beliefs; unrealistic expectations; information-processing; discursive processing; medical treatment; patient report interpretation, 23746
 ethics; HIV treatment eligibility; residential status; medical treatment; regulations; illegal immigrants; asylum seekers; harm to infants; infected mothers; guidelines; vertical transmission, 32669
 evidence resistance; evidence-based medicine; contemporary social movements; research evidence; medical practice; power struggles; clinicians; surgeons, 1945
 evidence-based medicine; EBM; biomedical science; medical practice; family physicians; social organization; governance; research transfer initiative; informed; work practices, 2273
 evidence-based medicine; EBM; implementation gap; evidence-based policy; evidence-based practice; medical profession; policy makers; health care; clinicians, 1914
 evidence-based medicine; EBM; rational medicine; ethical problems; epistemic problems; patient experiences; therapeutic decision making; medical community; patient health, 2267
 factitious disorder; psychiatric disorder; patients; hyperthyroidism; management; treatment; levothyroxine, 5118
 general medical practice framework; diagnosis; treatment planning; biomedical perspective; cultural context; medico-psychological perspective; social networks; research skills; teaching skills, 5561
 pain perception; bone marrow puncture; anxiety; hematological oncology; fear; depressive tendency, 35644
 patient adherence; social support; medical treatment; medical regimes; marital status; family relations; living arrangements, 14040
 quality-adjusted life years; medical decision making; constant proportional time tradeoff; risk posture conditions, 6398
 somatization prevention; medical care; somatic symptoms; physical illness, 19863
 state policy; participation; young children with medical needs; zone of medical complexity; licensed childcare; children with medical complexity, 32536
 substance abuse treatment; HIV; Personalized Nursing LIGHT model; medical treatment; AIDS; integrated care; evidence based practice, 11320
 suicide; psychiatric medication; tertiary military treatment; United States military; death; suicidal behavior, 16486
 sumatriptan; migraine management; headache frequency; clinical status; automated prescription data; medical care, 23402
 surgery; safety; treatment effectiveness; temporal lobe epilepsy; medical therapy; quality of life, 35657
 traditional medical systems; anthropological studies; rheumatic disorders; ayurvedic tradition; unani tradition; arthritis; Indian medical tradition, 5383
 urinary tract infection; probability; tested; antibiotics; general practitioner; urine culture, 35627

Medical Treatment (General)—Books

Drug interactions casebook: The cytochrome P450 system and beyond, 23111

Medical Treatment (General)—Chapters

Medical intervention and management, 16657
 Meta-Analysis of Randomized Clinical Trials in the Evaluation of Medical Treatments—A Partly Regulatory Perspective, 300
 Psychosocial dimensions of gastrointestinal disorders, 8170
 Significance of psychosocial factors to health and disease, 8602

Medicare—Serials

acute inpatient care; veterans health administration; patient severity; inpatient stay; medicare; 3M All Patient Refined Diagnosis Related Groups Grouper; veterans health administration, 17405
 dementia patients; hospice Medicare guidelines; prognosis; hospice patients; Alzheimer's disease; functional impairment, 17382
 longevity; health care expenditures; older people; death; elderly medicare beneficiaries; expenditure patterns, 26471
 longevity; health care expenditures; older people; death; elderly medicare beneficiaries; expenditure patterns, 26467
 Medicare coverage criteria; technological innovations, 26571
 Medicare coverage; regulatory language, 26637
 Medicare; Medicaid; costs; per capita expenditures; schizophrenia; age cohort; depression; dementia; medically ill patients, 5521
 smoking habit; physical functioning; mental functioning; medicare managed care population, 4303
 undesirable policy; political participation; senior citizen; social security; medicare; threat; activity level; policy change, 22229

Medicare—Chapters

Medicare Documentation Forms, 5761

Medication [See Drug Therapy]**Medicinal Herbs and Plants—Serials**

alertness; chemosensory function; cognitive function; neural disorders, 18771
 Angelica gigas; decursinol; coumarin; beta-amyloid peptide-induced memory impairment; mice, 10063
 antistress agents; effectiveness; Bacopa monniera; Brahmi; adaptogen; plants; acute stress; chronic stress; rats; immobilization stress; Panax quinquefolium, 768
 aphrodisiac properties; sexually active rats; Montanoa tomentosa; chupattii; ejaculation; animal copulatory behavior; drug dosages, 24794
 calcineurin activator; Chinese herbal medicine; memory; mice; brain; synaptic efficacy; passive avoidance; amnesia; Fructus cannabis; calmodulin-dependent protein serine threonine phosphatase, 746
 chronic fatigue syndrome; herbal treatments; Siberian ginseng, 17103
 cognitive performance; cheerful mood; Kava-kava; emotional reactivity; visual attention; short-term memory; recognition, 27946
 complementary medicine; alternative medicine; primary care; mental health; acupuncture; herbal medicine; homeopathy; anxiety; depression; substance misuse; treatment benefits; hypericum, 35599
 Cuscuta chinensis glycoside; neuronal differentiation; rats; pheochromocytoma PC12 cells; kinases; PD98,059; acetylcholinesterase; herbal medicines, 732
 decursinol; antinociceptive mechanisms; nociceptive response; mice; serotonergic; noradrenergic; opioidergic; histamine; adenosine receptor antagonists, 15735
 generalized anxiety disorder; St. John's wort, 2254
 ginkgo biloba special extract Egb 761; cognitive function improvement; senile primary degenerative dementia of the Alzheimer type; multi-infarct dementia, 11653
 ginkgo biloba; bacopa monniera; cognitive function; antioxidant properties; cholinergic modulation, 18776
 Ginkgo biloba; corticosterone stress responses; inescapable shock exposure; daily dosage level; active avoidance acquisition; rats, 7227
 health food stores; kava extract; natural health product, 5886
 health food stores; kava extract; natural health product, 5889
 herbal products; natural supplements; elderly veterans; depression; dementia; caregivers, 17105
 herbal remedies; health care system; female adolescents; anorexia nervosa; eating disorders; bulimia nervosa, 20424
 home remedies; Mexican Americans; diabetes mellitus; western biomedical; folk remedies; treatment beliefs; herbal therapy, 20482
 hypericum perforatum; antidepressant effects; imipramine; hypericin; forced swimming; mobility; activity; model of depression; rats, 9994
 immunomodulatory effects; immune cells; cannabinoids; multiple sclerosis; plasma; cytokines; side effects, 5433

Mellisa officinalis; lemon balm; acetylcholinesterase inhibition; cholinergic receptor binding; cognitive performance; mood effects; nicotine & muscarinic receptor binding, 736
 memory-enhancing effects; Ginseng; Ginkgo biloba; herbal remedies; learning, 21894
 Piper methysticum; kava; cognitive impairment; intoxication; eye saccades, 1648
 pseudoginsenoside-F; saponin; ginseng; protective effects; methamphetamine-induced neurotoxicity; anxiety-like behavior; memory impairment; dopamine; mice, 799
 sleep disturbances; kava extract; anxiety disorder; drug therapy, 14208
 St John's Wort; depression; juveniles; adolescents; affective disorders, 20417
 St John's wort; hypericum perforatum L; depression self-help organization; Hospital Anxiety and Depression scale; anxiety symptoms, 23268
 subjective effects; psychomotor effects; herbal medication; valerian; cognitive effects; drug dosages; diazepam, 24812

Medicine (Science of) [See Medical Sciences]**Medics [See Paramedical Personnel]****Meditation—Serials**

antidepressant drugs; antidepressant experiences; meditators; subjective effects, 2147
 brief meditation program; health effects; well being; loneliness, 17101
 Charles N. Alexander; memorial; Transcendental Meditation, 6217
 clinical psychologists; psychotherapists; meditation; transpersonal psychology; psychotherapy; spiritual practices; meditative techniques, 2084
 cortical activity; high frequency EEG; meditation; experienced meditators; altered consciousness state; cognitive activity; happiness, 6628
 crime prevention; Maharishi Effect; informal social control; Transcendental Meditation-Sidhi; TM-Sidhi, 8902
 criminal rehabilitation; crime prevention; Transcendental Meditation; stress; holistic health, 8896
 family caregivers; stress management; dementia caregiver stress; meditation intervention; yoga; Latinas, 26221
 forensic hypnosis; memory facilitation; focused meditation technique; police investigations, 23338
 group process; psychotherapy groups; short meditation; group psychotherapy; group cohesion, 8456
 hemodynamic changes; blood pressure; heart rate; meditation; males, 34129
 immune function; brain function; mindfulness meditation, 17218
 immune function; brain function; mindfulness meditation, 17219
 immune function; brain function; mindfulness meditation, 17256
 immune function; brain function; mindfulness meditation, 17262
 integral transformative practice; psychospiritual practices; mind-centered direction; holistic integration; group retreats; interactive embodied meditations, 2083
 labyrinth; therapeutic tool; problem-solving; mental focus; meditation; mind-body integration; family therapy, 34801
 middle latency; auditory evoked potentials; Brahmakumaris Raja Yoga meditation; Na wave, 24405
 MRI scanning; Zen meditation; enlightenment; meditation practitioners; normal consciousness; meditative state of mind; prefrontal cortex; basal ganglia; brain activation; anterior cingulate, 6631
 probationers; The Enlightened Sentencing Project; offender rehabilitation; Transcendental Meditation; stress reduction; community-based rehabilitation; self-development, 8892
 Qigong meditation; health benefits; personality; neuroticism, 28487
 reflectivity; creativity; silence; meditation practice; educational discourse; reality work; ego preoccupation, 21402
 subjective well-being; meditation practice; Kundalini Yoga, 3421
 substance abuse recovery; criminal behavior; Transcendental Meditation; crime prevention; criminal rehabilitation; risk factors, 8838
 terrorism; international conflict; Transcendental Meditation-Sidhi; crime prevention, 8903
 Transcendental Meditation program; maximum security prisoners; offender rehabilitation; self-development; psychopathology; crime prevention, 8891
 Transcendental Meditation program; maximum security prisoners; self-development; psychopathology; counseling; drug rehabilitation; Muslims; Christians; recidivism, 8890
 Transcendental Meditation program; maximum security prisoners; self-development; psychopathology; counseling; drug rehabilitation; Muslims; Christians, 8889

Volume 91 SUBJECT INDEX

Meditation—Serials

Transcendental Meditation; autonomic nervous system; compulsive behavior; obsessive thoughts; frontal lobes; prison inmates; rehabilitation, 8904
Transcendental Meditation; cost savings; prisons; crime prevention; recidivism; offender rehabilitation, 8900
Transcendental Meditation; crime prevention; violence; antisocial behavior; consciousness-based education; schools; risk factors; substance abuse; physiology; psychology; sociology, 8898
Transcendental Meditation; criminal rehabilitation; crime prevention; stress; coping skills, 8901
Transcendental Meditation; development psychology; consciousness; self development; crime prevention; criminal rehabilitation, 8895
Transcendental Meditation; maximum security prisoners; recidivism, 8906
Transcendental Meditation; neuroendocrine system; aggression; crime; stress; adaptation; coping abilities, 8908
Transcendental Meditation; prisoners; psychosocial factors; cognitive risk factors; criminal behavior, 8897
Transcendental Meditation; Senegal; criminal justice; offender rehabilitation; prisoners; developing nations; Africa; recidivism, 8893
visual imagery; pulse waves; neuron activity; brain waves; neurochaos phenomenon; parasympathetic-division activity; meditation; electroencephalogram, 3424

Meditation—Chapters

Physiological consequences of imagery and related approaches, 21802
Use of imagery in the treatment of cardiovascular disorders, 23356

Medulla Oblongata—Serials

audiogenic stress; stress-induced activation; corticotropin-releasing hormone; paraventricular nucleus; catecholaminergic neurons; medulla oblongata, 6901

Melanin—Serials

melanin-concentrating hormone; intracellular signaling pathways; lateral hypothalamus; feeding behavior; lateral hypothalamic neuropeptides; drug addiction; orexin; neurons; drug abuse responses; MCH, 15496
neuromelanin; normal aging; protective characteristics; toxicity; Parkinson's disease; substantia nigra, 7011

Melanocyte Stimulating Hormone—Serials

alpha-melanocyte stimulating hormone; anorexia; anxiety; gamma-aminobutyric acid; diazepam; muscimol; bicuculline; rats, 7244
melanocortin receptor deficiency; defensive behavior; male mice; alpha-melanocyte-stimulating hormone; aggressive behavior; pheromone secretion, 15783

Melanotropin [See Melanocyte Stimulating Hormone]

Melatonin—Serials

add-on melatonin; quality of life; epileptic children; sodium valproate monotherapy; physical function; emotional well-being; cognitive function; social function; behavior; general health, 26491
daily locomotor activity; melatonin rhythms; Senegal sole; aquaculture, 27828
depression; melatonin; urinary 6-sulphatoxymelatonin; circadian rhythm, 7820
dim light melatonin onset; sleep; regular schedule; circadian phase, 3816
dopamine depletion; melatonin; deprenyl; mitochondrial damage; dopamine; parkinson's disease; PD; locomotor activity; oxidative damage; neurotoxin, 10009
exogenous melatonin; cognitive functioning; age-related cognitive decline; healthy elderly subjects; sleep latency, 27931
insomnia; melatonin; children; adolescents; drug therapy; drug efficacy; drug safety, 32532
light/dark cycle; melatonin; cerebellum; cholinergic input; rats; nicotinic acetylcholine receptors; selective cholinergic agonists; cholinergic antagonists; glutamate release, 3939
malatonin; dopaminergic supersensitivity; long-term treatment; haloperidol; rats, 21803
melatonin metabolites; hormone; spinal nociceptive transmission; eserin; spinal cord windup activity; melatonin degradation blockade; rats, 13043
melatonin secretion; total food intake; macronutrient selection; phase shift; carbohydrates; proteins; melatonin dose; gender; diet; rats, 3813
melatonin synthesis; individual circadian phase position; morning types; evening types; soldiers; time schedules, 9163
melatonin treatment; day-night rhythm disturbances; sun-downing; Alzheimers disease, 32552
melatonin; health status; sleep; idiopathic chronic sleep-onset insomnia, 5346
nocturnal melatonin secretion; disordered sleep; abstinent alcoholics; sleep-wake cycle, 8017
penile erections; antagonist properties; receptor agonists; Wistar rats; agomelatine; serotonin receptor stimulation, 3880

primary insomnia; hypnotic effect; side effects; EEG records; night time; sleep loss; sleep EEG; melatonin; drug dosage; placebo, 23398
quality of life; mood; stress; cortisol; dehydroepiandrosterone sulphate; melatonin; breast cancer; prostate cancer, 17131
sex differences; rats; melatonin; corticosterone; depression, 729
sleep maintenance problems; chronic insomnia; pediatric sleep; chronic sleep initiation; melatonin; children; adolescents, 23386

Membranes [See Also Nictitating Membrane]—Serials

auditory pathway; temporal coding; hyperpolarization; feedforward inhibition; inferior colliculus; membrane, 15241
cholesterol; amyloid-beta protein; Alzheimer's disease; membranes; metabolism, 4990
cholesterol; membrane-associated A-beta fibrillogenesis; amyloid-beta peptide; Alzheimer's disease; plaque; brain samples, 5034
cognition; hemispheric activation; tympanic membrane thermometry; ear temperature, 21560
ligands; voltage sensitive calcium channel modulators; ions; neuronal membranes; neurotransmission; central nervous system; anticonvulsant effects, 34072
red blood cells; mental disorders; biochemical alterations; erythrocyte membrane; psychopathology; schizophrenia; depression; bipolar disorder, 10717
thalamic membrane phospholipids; schizophrenia; thalamus; phosphatidylcholine; myelin membrane; sphingomyelin; galactocerebrosides; phosphatidylserine; membrane lipid, 28739

Memory [See Also Autobiographical Memory, Early Memories, Eidetic Imagery, Episodic Memory, Explicit Memory, False Memory, Implicit Memory, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Repressed Memory, Short Term Memory, Spatial Memory, Spontaneous Recovery (Learning), Verbal Memory, Visual Memory]—Serials

in-house alphanumeric paging system; prospective activity impairments; traumatic brain injury; therapeutic applications and intervention; assistive technology for cognition, 29760
abstraction impairment; cognitive domains; memory; executive function; aging; prefrontal cortex functioning; Rhesus monkey, 3570
accurate retelling; entertaining; recognition memory, 18377
acetylcholine release; brain; learning; hippocampus; striatum; rats; memory systems switching, 21558
acetylcholine; human brain function; neuroimaging; cholinergic modulation; learning; memory; psychopharmacology; functional magnetic resonance imaging; positron emission tomography, 535
acetylcholine; memory; cognitive functions; neural systems; neural plasticity; neurochemistry; neurophysiology, 564
acquired memory; operant conditioning; memory reactivation; reactivated memory; infants; reminding; retrieval difficulty; memory accessibility, 913
adolescent parents; adult rats; active avoidance responses; emotionality; memory; learning, 12745
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; memory acquisition; temporal spacing; extinction, 21669
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; yohimbine; memory acquisition; temporal spacing; extinction; propranolol, 21427
adult memory; test-retest reliability; inter-rater reliability; information processing; multiple sclerosis; MS; Adult Memory and Information Processing Battery; AMIPB, 196
advertising misinformation effect; memory; product consumption, 33345
affective meaning; memory; contextual information; word meaning; spatial location; color; encoding conditions; emotional words, 24490
age differences; memory; hippocampus; adult mice; aged mice, 12889
age differences; strategy selection; associative learning deficits; memory; confidence; retrieval strategy; older adults; age differences; memory probe response, 33878
age effects; prospective remembering; naturalistic stimuli; memory, 21383
age-related declines; prospective memory; neural correlates; event-related brain potentials; electrophysiological data; encoding of intentions; detection of cues; disengagement from ongoing activity, 948
age-related differences; monitoring; control of learning; study time; feeling-of-knowing judgment; memory; recall, 28089
age-related differences; unfamiliar faces; recollective experience; emotional expression; angry faces; memory; identity; ageing, 27536

Memory—Serials

aging; divided attention; memory; item information; associative information; age differences; word pairs; word recognition; associative recognition memory; age-related changes, 7456
aging; learning; memory; extracellular matrix; proteoglycan; heparan sulphate; polysaccharides; brain acetylcholine; aged rats, 10004
aging; memory control beliefs; goal setting; memory self-evaluation; memory performance, 33883
aging; memory for time; distance-based processes; location-based processes; age-related differences; recognition memory; episodic memory; contextual information, 27530
aging; memory; to-be-performed actions; encoding, 13176
aging; radial arm water maze; spatial learning; memory, 27632
aging; recognition memory; response time; age differences; older adults; young adults, 27563
aging; retrieved intentions; memory retrieval; age differences; age-related deficits; delays; divided attention; memory performance; prospective memory, 6609
aging; script memory; typical actions; atypical actions; typicality effect; event recognition; age differences; memory impairment, 12711
aging; source memory; EEG; alpha; regional covariance, 27550
alcohol-induced memory blackouts; college students; experiences, 19706
alcohol; induced memory impairment; trace fear conditioning; hippocampus-specific effect; alcohol amnesic effects; contextual cues; memory; delay fear conditioning, 18814
Alzheimer's disease; false memory; memory; age differences, 14016
Alzheimer's disease; memory; cognitive abilities; personality change; dysfunction; nerve cell death; information processing; drugs; treatment; neurodegenerative process, 32173
Alzheimer's disease; remote memory functioning; autobiographical fluency; dementia of Alzheimer type, 35321
Alzheimer's disease; visuo-spatial impairment; memory impairment; new learning; remote memory, 5072
amygdala oscillations; memory consolidation; emotional arousal; basolateral amygdala neurons; stress hormones; neuromodulators, 18695
amygdala; conditioned memory modulation; avoidance; freezing; shock-paired cues; appetitive preference; muscimol; conditioned neurohormonal responses; conditioned fear, 12844
Amyloid beta(25-35) peptide; amnesia; neurodegeneration; hippocampus, 18804
amyloid precursor protein; spatial memory processes; recognition performance; mice; Alzheimer's disease, 9821
Angelica gigas; decursinol; coumarin; beta-amyloid peptide-induced memory impairment; mice, 10063
angiotensin II; learning; memory; passive avoidance; male rats, 9975
anterior cingulate cortex; remote contextual fear memory; neuroanatomy; pharmacological factors; genetics; permanent memory storage; mice, 24673
antiepileptic drugs; impaired memory; epilepsy, 35642
anxiety disorder; subjective memory loss; elderly; prediction; future cognitive decline; depression, 1345
anxious mood induction; suggestibility; misleading post-event information; memory; encoding, 18352
applied memory research; scientific method; methodology, 15327
arithmetic problem solving; individual differences; memory updating, 31166
associative learning; chimpanzee fetus; long-lasting memory; vibroacoustic stimulation; classical conditioning, 18455
associative learning; Drosophila melanogaster; classical conditioning; memory; olfactory conditioning; visual learning; spatial learning; male courtship behavior, 18463
associative memory formation; dendritic spines; hippocampus; synaptic contact; dendritic spine density, 12860
associative memory; behavioral inhibition system; hippocampus; Hebb; inappropriate associations, 3677
associative memory; inferotemporal cortex; memory encoding; monkeys, 21651
associative memory; morphological neural networks; autoassociative vs heteroassociative morphological memories; spurious memory; kernel method; dual kernel method; fixed point, 9278
associative recognition; amnesic patients; medial temporal lobe; associative memory; diencephalon; word pair association, 5002
atrophy rate; entorhinal cortex; Alzheimers disease; hippocampal atrophy rate; memory impairment, 29108
attachment style; affect-cognition link; memory; attribution; individual differences; negative affect; judgment, 7698

- attack advertising: political elections; faith; memory; information processing; political behavior; radio; political ads; voting behavior, 22232
- attention-deficit/hyperactivity disorder; executive functions; planning; working; memory; delay aversion, 4779
- attention; confidence; recognition memory; familiarity; recollection; event related potentials; divided attention; parietal old/new effect, 21729
- attention; memory; psychiatric patients; neuropsychological assessment; clinician rating; self report, 28611
- attentional blink; working memory; visual presentation; event-related potentials; stimulus presentation; P3; sensory memory, 15656
- attentional functions; attentional capacities; cortical cholinergic inputs; learning; memory, 621
- autobiographical event; memory; event descriptions; memory knowledge; false autobiographical event descriptions; true autobiographical event descriptions, 27534
- autobiographical memory; metacognitive processes; personal recollections; reconstructive nature; metamemory monitoring; metamemory knowledge, 27557
- balance performance; secondary cognitive task; memory, 18362
- basal ganglia damage; latent learning; medial temporal lobe; associative learning; medicated Parkinson's patients; amnesic patients, 5040
- basal ganglia; category learning; Parkinson's disease; memory; learning strategies, 32183
- basolateral amygdala lesions; Sprague-Dawley rats; retention; memory; context-footshock training, 6842
- bedtime alcohol ingestion; cognitive procedural task; memory loss; ethanol consumption prior to sleep; pursuit rotor task; declarative task; sleep states, 3979
- behavioral impairments; chronic manganese poisoning; manganese chloride; rats; maze learning; memory; avoidance reactions; stereotypes, 15808
- benzodiazepines; memory; stem-completion tasks; lorazepam; flunitrazepam; perceptual priming, 767
- beta-adrenoceptor agonists; beta-adrenergic antagonists; baclofen; memory impairment; mice; avoidance test; dobutamine; salbutamol; atenolol; propranolol, 34189
- bilateral neurotoxic amygdala lesions; monkeys; emotional reactivity; food; recognition memory; reward association memory; performance; object recognition, 628
- bilingual memory; language organization; language knowledge; mechanisms; interactive-activation models; connectionist models; memory processes, 27538
- binary multinomial processing tree models; cognitive processes; memory; recall; forgetting, 30723
- black men; white men; risk factors; memory impairment, 21384
- blood pressure; adult age; memory search; visual search, 13191
- brain lesions; anterior thalamus; contralateral inferotemporal cortex; monkeys; learning; spatial perception; unilateral lesion; topographical memory, 27781
- brand name imprinting; memory; brand information retention, 9164
- calcineurin activator; Chinese herbal medicine; memory; mice; brain; synaptic efficacy; passive avoidance; amnesia; Fructus cannabis; calmodulin-dependent protein serine threonine phosphatase, 746
- Campbell Perry; hypnosis; memory; uncanceled hypnotic suggestions; pain; surgery; imagery; hypnotizability; Heraclitus, 23336
- cannabis extracts; nocturnal sleep; early morning performance; memory; sleepiness; tetrahydrocannabinol, 24836
- capgras delusion; unusual experiences; unfamiliar person; familiar person; self-recognition; memory, 27532
- categorical expert systems; hierarchical categorization; categorical representation; approximate reasoning; associative memory, 30311
- categorization; face recollection; ethnically ambiguous faces; ethnic features; memory distortion, 9705
- category test; perseveration; memory scale; loss of cognitive set; executive functioning measures; head injury; schizophrenia; test validity, 193
- celebrity plugs; product placement; within program brand appearance; retention; brand exposure; memory organization, 12349
- cerebral correlates; emotional memories; electroencephalography, 24672
- character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9672
- character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9697
- chicks; diphenylhydantoin; passive avoidance learning; memory facilitation, 27870
- child memory; neutral pictures; emotional pictures; boundary extension; scene memories; memory illusion; schemata, 24937
- childhood amnesia; theoretical explanation; quantitative changes; age-related changes; memory development, 13184
- childhood experience; memory development; infantile amnesia; non-verbal memory; memory paradigms; explicit verbal recall, 13196
- childhood head injury; metacognitive processes; injury severity; typically developing children; recall prediction; delayed test; study-recall trials; memory span; overconfidence; language; semantics, 16768
- cholesterol; classical conditioning; rabbit; nictitating membrane; learning; memory; beta amyloid, 6983
- cholinergic regulation; memory systems; acetylcholine; amygdala; hippocampus; striatum; learning; memory, 565
- cholinesterase inhibitor; timing behaviour; cognitive enhancement; mental processes; learning; memory; metrifonate; drug dosages, 27859
- chronic noise exposure; ambient noise levels; residential noise; rural environments; memory; attention; childhood development, 921
- cingulate gray matter density; brain abnormalities; bipolar illness; poor outcome; memory function; verbal learning, 19368
- clamping; motivation; memory; pleasure; pain; desire; fear; percepts, 18412
- classical fear conditioning; auditory cues; memory enhancement; cortisone injections; learning; male rats, 9843
- cognition; infancy; attention; memory; look duration; reaction time; recognition, 31180
- cognition; information theory; age-related changes; memory; Nancy Collier Waugh, 9649
- cognitive abilities; mixed effects models; modeling age; retest processes; longitudinal studies; age-related effects; memory; spatial ability; speed, 25094
- cognitive aging; memory compensation; memory skills; personality traits; health effects, 34372
- cognitive consequences; epilepsy; memory impairment; verbal memory; epileptic surgery; temporal lobe epilepsy, 11246
- cognitive decline; global cognitive function; visuospatial ability; perceptual speed; death; episodic memory; semantic memory, 16069
- cognitive decline; nonsteroidal anti-inflammatory drug; information processing speed; elderly individuals; NSAID; aspirin, 8514
- cognitive impairment; euthymic bipolar patients; verbal learning; memory, 28657
- cognitive inertia; postconsumption evaluation processes; memory; satisfaction judgement; consumers, 9189
- cognitive psychology; terrorist attacks; stressful everyday events; memory, 12656
- cognitive remediation training; cognitive deficits; schizophrenia; functional outcomes; work therapy; memory; computerized training, 16432
- cognitive technology; technological use; user perceptions; non users; self-presentation; self perceptions; technological devices; memory, 20994
- cognitive test anxiety; text comprehension; recall; external evaluative pressure; student memory, 21364
- color memory; anomalous trichromacy; memory color matching; matching time; protanomalies; deuteranomalies; color vision, 15219
- commercial memory aids; individual differences; utility, 17944
- community-residing patients; alzheimer's disease; declarative memory; hippocampal integrity, 20032
- comparative psychology; monitoring uncertainty; metacognition; psychophysics; memory monitoring, 9751
- complex regularity; learned associations; human memory systems; medial temporal lobe; implicit learning task; basal ganglia; fMRI data; behavioral data, 21509
- computer; communication; human behavior; e-mail; mobile phones; memory, 17948
- concept formation; language evolution; tools; evolutionary processes; hierarchical order; neural networks; hominids; neural nets; Wernicke area; Broca area; eem warning period; learning; memory, 3091
- concurrent validity; criterion validity; Immediate and Delayed Memory Tasks continuous performance test; impulsivity; impulsive behavior; disruptive behavior disorders; fighting, 3189
- consciousness; cognition; perception; memory; skill learning, 30756
- constraint attainment hypothesis; process theory; template theory; expert memory; chess players; skill level; chess positions; visuospatial memory, 416
- constraints; interactive behavior; dependencies; embodied cognition; memory retrieval; perception; action; access to knowledge; perceptual motor factors; computer human interaction, 24435
- content memory; temporal order memory; severe closed-head injuries; cognitive activities; performed activities; free recall; recognition, 4887
- context effects; recognition memory; familiarity; recollection; dissociation procedure, 33866
- context memory; binding; context-memory hypothesis; schizophrenia; contextual information; memory, 25688
- context-dependent memory; context-dependent forgetting; context familiarity; context effects; mental visualization; environmental context, 3384
- contextual fear conditioning; protein synthesis inhibitor; context memory formation; amygdala; hippocampus; cues; shock; rats; muscimol; GABA agonist, 12845
- contextual fear memory; contextual fear conditioning; adrenergic antagonist; D,L-propranolol; hippocampal Cornu Ammonis I region; rats, 21607
- control processes; frontal cortex; memory; functional anatomical correlates, 21550
- cooperation; cognitive limitations; temporal discounting; numerical discrimination; memory; psychological constraints, 27680
- Corsi Block-tapping Test; spatial path; memory; analysis of variance; gender differences, 33463
- cortical plasticity; kinematic details; motor training; motor memory encoding; practiced movements; stroke recovery; age dependent changes, 21392
- corticosterone; memory retrieval; cues; stress hormones; emotion; hypothalamus; amygdala; corticotropin; rats, 15375
- corticosterone; moderate stress; memory storage; hormonal levels; spatial learning; information acquisition; information retention; rats, 21805
- cortisol administration; posttraumatic stress disorder; memory retrieval; traumatic memories; cortisol dosage, 35498
- criminal descriptions; witnesses; memory; accuracy; armed bank robberies; videos; offender identification; witness role; type of weapon; number of perpetrators, 33429
- criminality; face attractiveness; memorability; recognition; crime; face recognition; typicality, 22704
- cue focused processes; reflexive associative processes; prospective memory recall; divided attention, 18391
- cumulative effects; amateur athletes; multiple concussions; head injuries; symptom reporting; memory performance, 32158
- declarative memory formation; memory retrieval; event-related functional magnetic resonance imaging; medial temporal lobe, 18622
- declarative memory; memory functioning; mediodorsal nucleus; thalamic nuclei; anterior nuclei; thalamus, 3724
- declarative memory; memory system; medial temporal lobe; habit memory; basal ganglia; habit-learning task; Parkinson's disease; caudate nucleus; prefrontal cortex; activation, 20025
- decomposing serial learning; learning curve; information acquisition; information forgetting; item information; order information; free recall learning, 21360
- delay-dependent involvement; hippocampus; object recognition memory; rats; object exploration, 27740
- delayed nonmatching-to-position; memory functions; visuospatial function; noradrenergic transmission; discrimination learning; nadafinil; modafinil; adrenergic agonists; age; dogs, 785
- dementia; Alzheimer's disease; musical skill; retention; memory; recall; retention; learning ability, 8228
- dementia; neuropsychological markers; memory loss; neuropsychological characteristics, 19984
- dense amnesia; cholinergic cells; learning; memory; primates; animal model; basal forebrain, 4989
- dentate gyrus; mammalian learning; stereotypical behavior; auditory conditioning; intertrial intervals; hippocampus; spatial behavior; memory, 3714
- depressive symptoms; hippocampal sclerosis; auditory memory; seizure focus; temporal lobe epilepsy; side of seizure, 35277
- diagnosis-seeking; memory clinics; trigger events; dementia; memory assessment; caregivers, 1951
- dissociable neural correlates; familiarity; recollection; encoding; retrieval; recognition memory, 18376
- dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10715
- dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10698
- dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10696
- dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10714
- dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10701

- divided attention; memory interference; temporal lobe function; neuropsychological testing; word test; animacy decision task; numbers; associative retrieval; distracting task, 27728
- domestic chick; neural correlates; memorized associations; cued movements; archistriatum; sensori-motor coordination, 21532
- dopamine facilitation; LTP induction; hippocampal CA1; spatial novelty; memory formation; synaptic plasticity; novel spatial environment; glutamatergic transmission; rat hippocampus, 9857
- dopamine systems; hippocampal synaptic plasticity; histamine system; genes; memory; mice; animal learning, 6671
- dorsal striatum lesions; tone fear conditioning; contextual fear conditioning; lesioned rats; memory tasks, 12828
- dorsal visual stream; object size; object shape; visual attributes; stream activation; retrieval, 18293
- dose; time; 7-nitroindazole; picrotoxin-induced convulsions; memory formation; brain nitric oxide synthase activity; nitric oxide concentration; rats, 12743
- drinking age; impulsivity; immediate memory tasks; delayed memory tasks; alcohol consumption, 34580
- drug use patterns; gender; memory ability; self report; ecstasy users, 13752
- early memory; scientific thinking; personal events; human memory development, 13187
- early predictors; phonological memory; letter knowledge; rapid naming, 28069
- ecstasy; learning impairment; NMDA receptor; acute MDMA treatment; passive avoidance retention; memory consolidation; protein phosphatase; serotonin; rat hippocampus, 24835
- egocentric orientation; memory; route learning; survey learning; perspective, 9723
- electronic memory devices; traumatic brain injury rehabilitation; clinicians' confidence; clinician training, 35852
- electrophysiological correlates; recognition performance; differential processing; recognition memory; task difficulty; memory; retrieval; age; cue processing; event-related potentials, 30900
- embodied meaning; negative priming; memory; models of cognition; symbols; grounding; perception; action; language, 18379
- embodied memories; negative priming; suppression, 18392
- embodied memory; structural mapping; cognitive representation; grounding, 18389
- emotion; memory; attention; taboo Stroop; lexical decision; immediate memory tasks, 30679
- emotional effects; behavioral inhibition system; startling background music; behavioral activation system; subjective response; physiological response; memory performance; reading; news reports, 27842
- emotional events; retellings; memories; past experiences, 30726
- emotional memories; thematically-induced arousal, 9717
- emotional memory; declarative memory; hormonal systems; corticosteroid system; adrenergic system; propranolol; metyrapone; emotionally arousing material; neutral material; differential effects, 18767
- enactment effect; recall; guessing; performance expectancies, 27544
- entorhinal volume; hippocampal volume; memory; older adults, 6978
- environmental influences; primary memory development; cross-cultural comparison; memory span; children; age differences; Kaufman Assessment Battery for Children, 7379
- episodic recognition memory; low frequency words; hit rates; false alarm rates; study task; study time; mirror pattern, 24489
- errorless learning; false memory; memory performance; memory retrieval; learning strategies; evoked potentials; trial and error learning, 21739
- estradiol; progesterone; radial maze performance; female rats; calcium diet; ovarian steroids; learning; memory; ovariectomized, 21906
- estrogen; associative memory formation; ovariectomized females; rats; ovarian hormone; learning; short term estrogen replacement, 27913
- ethanol; aging; mouse; declarative/procedural memory; hippocampus; synaptic plasticity; retention, 10010
- event memory; misinformation effects; gorillas; primates; episodic memory, 24574
- event-based prospective memory; multinomial model; prospective memory processes; preparatory attentional processes; retrospective memory, 24518
- event-induced theta responses; memory; EEG; hippocampus; theta rhythm, 3762
- event-related potential; temporal context discrimination; declarative memory; neural correlates; recency judgments; memory retrieval, 24711
- executive function; memory updating; random generation; schizotypal disorders, 1464
- expectancy assessment; alcohol expectancy research; developing memory theory; information processing network; multidimensional scaling; predictive models; multiaxial assessment; heuristic map, 12552
- expert testimony; eyewitness memory; judge's final instructions; guilt perceptions; eyewitness believability; jurors; need for cognition; conviction rate; case strength, 24128
- eyewitness identification; memory; decision model; computer simulation model, 3056
- eyewitness memory; susceptibility; misinformation; real-life events; video events; age differences; children; free recall, 22045
- eyewitness; sequential procedure; change of appearance; sequential presentation, 426
- face memory; recognition memory task; memory illusions; perceptual fluency; subjective familiarity, 33861
- face presentation; name presentation; memory; verbal descriptors; association; immediate recall; delayed recall; information; retention; photographic images, 420
- face recognition memory; configural processing; event-related potentials; child and adolescent development; upright, inverted and contrast-reversed faces; age effects, 18641
- face recognition; memories; own-face effect; Asians; Whites; cross cultural differences, 27469
- face-sensitive event-related potentials; face processing; face recognition; encoding; memory, 10176
- facial expression; face memory; temporal lobe; epilepsy, 13945
- facial memory; verbal overshadowing; recognition criterion; verbalization; verbal description; identification performance; memory trace; implications for eyewitnesses, 24487
- factor analysis scores; traumatic brain injury; adaptive functioning; memory; executive functions; brain injured children; severity; test age; executive function components; typical children, 16739
- false memories; anomalous experiences; human memory; paranormal experience; hypnotic susceptibility; fallibility; research; eyewitness testimony, 6629
- familiarity; perirhinal cortex; temporal lobe; familiarity discrimination; recognition memory; Hebbian learning; anti-Hebbian learning; neurons; hippocampal region, 15483
- family relationships; false memories; recovered memories, 34490
- fantasy proneness; mental imagery; reality monitoring; individual differences; memory confusions, 24415
- feigned amnesia; memory-undermining effects; mock crimes; recall, 30745
- feigned-memory impairment; Test of Memory Malinger; symptom detection, 33581
- first memories; childhood amnesia; emotional trauma; abuse; positive memories; negative memories; verbal memory; visual memory; right hemisphere, 18920
- flashbulb memory; Princess Diana death; September 11 terrorist attack; time delay; nationality; forgetting patterns, 12695
- forced-choice recognition; associative recognition; pronounceable nonwords; frequency judgments; recognition memory; pseudowords, 18380
- forensic hypnosis; memory facilitation; focused meditation technique; police investigations, 23338
- forgiveness; memory; prototype structure; cognition; meaningfulness; centrality; categorization, 25364
- frontal lobe epilepsy; frontal lobe seizures; childhood epilepsy; attention; memory; behavioral adjustment; neuropsychological assessment; cognitive ability; behavior problems, 1848
- frontal lobe executive functioning; hypnotic ability; memory tasks; dissociated control theory; source amnesia; free recall, 12720
- frontal lobes; encoding; retrograde memories; anterograde memories; semantic memory; working memory, 3728
- functional amnesia patients; anterograde amnesia; retrograde amnesia; neuropsychological profile; autobiographical memories; remote memory, 22964
- functional magnetic resonance imaging; language; memory; epilepsy surgery; refractory epileps; neuropsychology, 20066
- functional neuroanatomy; medial temporal lobe; memory system; neural circuitry; hippocampal; primate brain; episodic memory; declarative memory; relational memory; monkey, 18614
- galantamine; acetylcholine; cognition; aging; brain damage; acquisition; retention; trace conditioned eyeblink; young rabbits; female rabbits; Pavlovian conditioning, 15809
- gaze direction; direct gaze; person perception; spatial location; perceptual task; person memory; averted gaze; social cognition, 27552
- genetic influence; memory performance; familial Alzheimer disease; cognitive measures; neuropsychological measure, 29140
- genetics; childhood disorders; learning; memory; long-term potentiation; hippocampus, 19250
- glucocorticoids; inhibitory avoidance; corticosterone; memory retrieval, 18792
- glucocorticoids; regional cerebral blood flow; median temporal lobe; declarative memory retrieval; human males, 18283
- glucose injections; memory consolidation; intra-amygdala injections; conditioned reward; conditioned place preference; extinction; amphetamine; drug reward; rats, 21685
- guanosine administration; seizures; body weight; lethality; locomotor activity; motor coordination; anticonvulsant effect; amnesic effect; glutamatergic excitatory system; epilepsy; anxiety, 13094
- gustatory thalamus; negative contrast; taste stimuli; thalamic lesions; gustatory memory; contrast effects; lesion-induced disruption; simultaneous contrast; anticipatory contrast; memory deficit, 18603
- haloperidol; chlorpheniramine; inhibitory avoidance; learning; memory; goldfish, 9986
- healthy elderly persons; positron emission tomography; Alzheimer disease; memory tasks; brain activation; cognitive reserve mediated modulation, 22996
- Heider's balance theory; Fournier's consumer-brand relationship typology; consumer's memory; social consequences; buying; consumption; brands, 20995
- hemispheric asymmetries; face processing; face perception; memory; self recognition; visual field, 27717
- hemispheric laterality; prefrontal cortex; verbal stimuli; meaning; neuroimaging; memory process, 410
- hemispheric lateralization; amygdala; emotionally influenced memory; human sex differences; emotional material, 24656
- hemispheric processing speed factors; attentional processing speed factors; developmental dyslexia; neuropsychological treatment, 25975
- hemispheric processing; sex-related differences; hemispheric-related influences; neurobiology; emotionally influenced memory; brain; cognition, 9702
- hindsight bias; visual perception task; outcome knowledge; metaperception; fluency misattribution theory, 30668
- hippocampal lesions; priming; nonassociative priming; visual stimulus orientation; visual stimuli; memory activation; excitotoxic hippocampal lesions; rats, 18588
- hippocampal memory system; cocaine self-administration; rats; drug-seeking behavior; lidocaine, 30813
- hippocampal signaling cascades; memory consolidation; fear memory; protein kinases, 12799
- hippocampal volume; memory ability; lifespan perspective; neurological patients; psychiatric disorders; healthy individuals; magnetic resonance images; aging, 27802
- hippocampal-dependent spatial task; place cells; spatial information; navigation task; navigational performance; spatial learning; place cell activity; cognitive mapping, 18384
- hippocampus; dorsolateral striatum; mice; memory; genotypes, 34049
- hippocampus; relational memory task; transverse patterning; activation maps, 30835
- hospital in-patient; recovery; photography; hospital experience; remembering; narratives, 14452
- human memory formation; prefrontal cortex; memory encoding, 12897
- human memory; genetic variation; environmental factors; cognitive ability; 5-HT2A receptor; serotonin receptor, 6825
- human sex-steroid; mood; memory; autonomic nervous system function; behavioral contexts; olfactory perception; androstadien; estratetraenol; pheromones, 24784
- hypertension; aging; attention; memory; executive functioning; cognitive impairment, 4953
- illusory recollection; dual-process models; recognition memory; familiarity; recollection, 24498
- imageability effects; ease of prediction hypothesis; semantic features; memory retrieval, 4033
- imagery; early memories; agoraphobia; anxiety disorders, 25703
- impaired hippocampal function; novel words detection; schizophrenia; declarative memory task; cognitive performance; hippocampal volume, 19498
- incentive effect; preparation time; classification accuracy; traumatic brain injury; task performance; memory tests, 33582
- incidental context; memory; retrieval process; motor programming; motor buffer; incidental contextual changes, 27483
- individual differences; imagery; aversions; memory; trauma, 24491
- individual differences; self-defining memory dimensions; specificity; meaning; content; affect; self-restraint; distress; repressive defensiveness, 21362
- inferior frontal gyrus; phonological processing; frontal operculum; memory, 18594
- information processing; eating disorders; modified Stroop task; dot probe task; memory; attention, 25993

- information seeking; human-computer interaction; user interface design; memory; internet; search history; legal information; information retrieval, 21016
- inhibition activity; conditioned taste aversion; CTA; cAMP-dependent protein kinase A; PKA; memory reconsolidation; memory retrieval; protein synthesis; memory extinction; amygdala, 13024
- inhibition of return; attention; rapid attentional shifts; memory; visual search; cue duration; reaction time, 6616
- insight; working through; procedural knowledge; information-processing; non-declarative procedural knowledge; declarative knowledge; procedural memory; emotions; psychoanalytic technique, 20253
- intellectual disabilities; memory clinic; cognitive function; cognitive decline; older people, 4516
- intelligence related differences; brain activity; event-related desynchronization; event related synchronization; alpha bands; theta bands; memory; neural networks, 12847
- interactive dimensions; individual dimensions; spatial dimension; time dimension; characters; mental models construction; text memory; narrative, 30736
- interference; forgetting; retrieval; memory, 3383
- intracranial tumors; laterality; picture recognition memory; word recognition memory; left hemispheric patients; right hemispheric patients, 13946
- intrusive memories; non-intrusive memories; mood; imagery vividness; depressed mood, 24486
- intrusive recollections; breast cancer survivors; posttraumatic stress disorder; medical characteristics; alcohol consumption; volumetric analysis; amygdala, 1816
- invisible cognitions; perception; thought processes; cognition; memory, 18348
- IQ; memory score; traumatic brain injuries, 23001
- isolated executive impairment; frontal neuropathology; mild cognitive impairment; executive function; memory; language; visuospatial function, 32159
- Israeli Jews; memories; national events; world events, 13317
- item associated context and ensemble model; environmental context; recognition memory; cue-overload hypothesis, 12706
- item learning; cognitive skill training; item difficulty; skill learning; recognition memory; problem solving; alphabet arithmetic, 18382
- item memory; order memory; visual patterns; two choice recognition; serial order memory, 27528
- item recognition memory; study time; study repetition; semantic & orthographic similarity; category length; receiver operating characteristics; constancy-of-slopes generalization; dual process model, 418
- judgments of presentation frequency; recognition confidence ratings; memory; repetition; reminding; stimulus duration, 33799
- ketamine; acute effects; memory functioning; cognitive functioning; psychotic symptoms; dissociative symptoms, 10026
- lateralized prefrontal memory; monitoring processes; prefrontal cortex; recognition judgments; judgment of frequency; item familiarity, 30844
- learning; memory; memory deficit; elevated TAU; mutations; mushroom body neurons; microtubule-binding protein accumulation; olfactory perception; Drosophila; behavioral plasticity, 24693
- learning; memory; Holocaust survivors; posttraumatic stress disorder, 13676
- learning; memory; inductive inference; category information; induction; cognitive development; childhood development, 31185
- learning; memory; neuroscience; adult neurogenesis; mammalian brain; brain injury; brain cells; proliferation; environmental factors, 9879
- left basal ganglia infarctions; right basal ganglia infarctions; procedural learning; ischemic infarctions; declarative memory; general intelligence, 26177
- lesions; ventromedial prefrontal cortex; artery; object memory; object-location memory; patients, 629
- lexical decision; decision process; evidence accumulation; words; lexical processing; models; REM-LD; retrieving effectively from memory-lexical decision, 27524
- lexical decision; perceptual information; explicit recognition; repetition priming; semantic priming; associated words; false memory, 24451
- lidocaine injections; place task acquisition; hippocampal lesions; response learning; male rats, 554
- linguistic labels; source errors; source-monitoring decisions; memories; category membership, 27539
- lying; memory, 21388
- magnetic resonance imaging; encoding; divided attention; explicit memory; retrieval; neural processes; auditory task; prefrontal cortex; hippocampus; memory suffers, 15522
- major depression; declarative memory; antidepressive treatment; cognitive impairment; recovery; memory disorder, 31728
- mathematics; learning disabilities; memory deficit; cognitive deficit; arithmetical competencies, 11092
- medial temporal lobe; familiarity; recognition memory; encoding processes; hippocampus; brain regions, 6975
- memoriam; Irv Rutman; Psychiatric Rehabilitation Journal; Co-Editor; Matrix Research Institute; psychosocial rehabilitation, 7286
- memories; childhood abuse; borderline personality disorder; psychiatric disorder; traumatic events; etiology, 19577
- memories; emotional trauma; traumatic memories; PTSD, 1512
- memorization strategies; mentally retarded adolescents; recall, 12693
- memorization; strategies; classification; categories; 5-4 category; performance; category advantage; learning, 18313
- memory acquisition; celecoxib; hippocampus; learning; morris water maze, 15332
- memory bias; interpretation bias; social anxiety; cognitive biases; factual details; threat, 19512
- memory bias; pre-exam anxiety; recall; self esteem, 412
- memory biases; gymnastic judging; surface feature changes, 21359
- memory biases; gymnastic judging; surface feature changes, 436
- memory circuits; language; declarative model; procedural model; brain structure; temporal lobe; declarative memory, 21707
- memory concerns; adult lifespan; aging; age differences, 33875
- memory consolidation; dopaminergic mechanisms; memory impairment; anandamide; morphine, 18727
- memory consolidation; glucocorticoid effects; memory retrieval; rats; basolateral complex of the amygdala; glucocorticoid receptors, 9884
- memory consolidation; hippocampus; cortical areas; cyclic adenosine monophosphate; associative learning; serotonin antagonists; serotonin agonists; 8-OH-DPAT autoshaping; rats, 9862
- memory consolidation; reconsolidation; dissociable stages; wake; sleep; memory processing; recall; motor tasks, 3301
- memory consolidation; sleep; perceptual learning; spoken language; generalization, 3296
- memory consolidation; sleep; sleep replay; birdsong; electrical activity; temporal frequency, 15491
- memory consolidation; vertebrates; proacine; honeybee; learning deficits; memory deficits; local anaesthesia; neuronal processes, 13047
- memory constraints; transitive inferences; free-flying honeybees; visual patterns; Apis mellifera; multiple discrimination, 24555
- memory deficits; nicotine; scopolamine; inhibitory processes; dementia; aging; retrieval-induced forgetting; cholinergic antagonist; cholinergic function; cholinergic agonist; memory deficits, 9983
- memory effects; synaptic evoked potential; sentence processing; grammatical violations, 24514
- memory enhancement; emotional words; neutral words; remembering; valence; arousal; memory vividness, 18387
- memory for change; responsiveness to change; novelty; brightness change; glucose treatment; age; rats, 469
- memory formation; cholinergic systems; conditioned taste aversion; nucleus basalis magnocellularis; insular cortex; acetylcholine; novelty; muscarinic receptors; gustatory learning, 603
- memory formation; epilepsy patients; hippocampus; rhinal cortex; medial temporal lobe, 15433
- memory formation; learning; metabotropic glutamate receptor agonists; ACPD; ABHx-D-I; neurotransmitters; chicks, 775
- memory function; presurgical evaluation; Wada test; temporal lobe structures; functional magnetic resonance; positron emission tomography; temporal lobe seizures; cerebral plasticity; neuroscience, 3210
- memory function; Taiwanese Americans; older adults; sleep; physical activity; depression; memory self-efficacy, 28151
- memory functions; nonmemory functions; chronic epilepsy; cognition; temporal lobe epilepsy; surgically treated patients; medically treated patients, 11649
- memory impairment; chronic fatigue syndrome; psychiatric comorbidity; recall; recognition; acquisition; storage; retrieval, 11144
- memory monitoring; comprehension abilities; schizophrenic patients; verbal comprehension; encoding, 28694
- memory narratives; listener responses; self-defining memories; adolescence; spontaneous references; larger meanings; lessons; insight, 22101
- memory organization; transitive inference; relational memory organization; schizophrenia, 25681
- memory patterns; functional role; oscillator neural networks model; temporal coding; statistical neurodynamics, 9274
- memory performance; adulthood; attributions; age differences; medication effects; free recall task, 21363
- memory performance; alzheimer's disease; alzheimer's disease; metacognitive knowledge; frontotemporal lobe dementia; metamemory, 8312
- memory recall; dissociations; memory measures; ergonomics; encoding, 30376
- memory representations; developmental implications; inference generation; strategic processing; reading; comprehension; reader's flexibility, 21333
- memory retention; imipramine; gamma aminobutyric acid; baclofen; muscimol; bicuculline; drug dosage, 13103
- memory retrieval; cue selection; parallel access; responses; recall; models; attention, 27564
- memory retrieval; learning; plasticity-associated gene zif268; cocaine associated stimulus; rats, 21912
- memory self-efficacy; test construction; test reliability; test validity; psychometrics, 30380
- memory skills; illiterates; test artifact; strategy differences; illiteracy; neuropsychological assessment; memory, 15066
- memory strategies; performance; prospective memory task; e-mail; mobile phone, 15334
- memory trace; conditioned taste aversion; neophobia; taste memory; muscarinic receptor; novelty; scopolamine; insular cortex; rats, 724
- memory-enhancing effects; Ginseng; Ginkgo biloba; herbal remedies; learning, 21894
- memory; academic success; children, 18935
- memory; appearance of others; gender differences; accurate recall; interpersonal orientation; interpersonal sensitivity, 9711
- memory; colonoscopy; patients; decision making, 8686
- memory; concentration; xylene; perception; cognitive functions; professional exposure, 24031
- memory; emotional experiences; non-emotional experiences; learning sequencing; alcohol drinking, 21862
- memory; ethanol; discrimination performance; odor discrimination; adolescent rats; adult rats, 10012
- memory; health; aging; cognition; cognitive neuroscience; brain abnormalities; blood pressure; dementia; sex differences, 34387
- memory; olfactory perception; olfaction, 21718
- memory; performed actions; imagined actions; false memory, 9716
- memory; prior instances; relative judgments; conflict detection, 33864
- memory; self-concept; social anxiety; recall; social phobia; observer perspective images, 25387
- memory; simulated environment; able-bodied children; physically disabled children; virtual building; directions; asymmetry; physical disabilities, 32118
- memory; space; time; balance; spatiotemporal organization; kappa effect; tau effect; constant durations; constant distances; variable distances; variable durations; mental image; stabilization, 21391
- memory; theta-range oscillations; human EEG; hippocampus; thalamus; hypothalamus; distributed mnemonic networks; theta-rhythmic activity; dienecephalon; synchronizing activity; integrating activity, 3786
- mental imagery; memory; psychopathology; psychological disorders; imagination; psychological disorder, 25517
- mental imagery; memory; psychopathology; psychological disorders; PTSD; agoraphobia; mood disorders; psychosis; body dysmorphic disorder, 25514
- mesial temporal lobe; epilepsy; memory deficits; hippocampal atrophy, 13914
- metabotropic glutamate receptors; selective memory performance; inhibitory effects; mice; learning; memory; passive avoidance, 18797
- mid-ventrolateral prefrontal cortex; memory retrieval; mnemonic functions; executive functions, 21616
- midazolam; conscious processing; controlled processing; conscious memory processes, 18381
- mild cognitive impairment; amnesic Alzheimers disease; awareness; memory; cognitive deficits; dementia; impaired insight, 35330
- mild cognitive impairment; consolidation; dementia of the Alzheimer type; lost access; acquisition; intertrial free recall performance; gained access; memory, 13981
- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 1929
- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11347
- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11326

- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11360
- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11355
- mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11341
- mineralocorticoid receptors; glucocorticoid receptors; memory performance; Addison's disease; differential effects, 29033
- misinformation; criminal justice system; eyewitness confidence; eyewitness accuracy; time delay; information accuracy; TV show; Cops; memory, 33432
- mitogen-activated protein kinase; MAPK cascades; synaptic plasticity; memory; aplysia; sensitization; serotonin; sensory-motor synapses; SN-MN synaptic facilitation, 34069
- mother-child interaction; maternal distancing; infant development; memory performance; competence; declarative memory, 940
- motor preparation; memory search task; event-related brain potentials; ERPs; lateralized-readiness potential; LRP; serial & parallel processing, 27790
- multidimensional anxiety; content-specificity effects; preferential processing; threat; memory, 9561
- multidisciplinary memory clinics; caregivers; clients; satisfaction; Cognitive, Dementia and Memory Service, 29611
- multiple memory systems; neuropsychological dissociation; amnesia; hippocampal system, 3701
- multiplication practice; product verification; integrated structures model; retrieval-induced forgetting; cognitive processes, 33817
- muscarinic cholinergic receptor; memory consolidation; basolateral amygdala; acetylcholine, 612
- music; learning; memory; knowledge; linguistic process; language development, 34286
- music; liking ratings; memory; previous exposures; ecological validity; focused listening; incidental listening, 12709
- mythscape; memory; mythology; national identity; collective memory; nationalism; social agency; mythology, 16263
- N-methyl-D-aspartate receptor; hippocampus; rats; amygdala; step-down inhibitory avoidance task; memory, 7247
- N-methyl-D-aspartate receptors; olfactory learning; memory; glutamate; brain functions; honeybee, 13077
- navigation; allodhesia; idiothesis; humans; test battery, 9570
- neural correlates; traumatization; memory; posttraumatic stress disorder; borderline personality disorder; functional magnetic resonance imaging, 19569
- neural systems; parietal areas; right cerebral hemisphere; linguistic content; word recognition; medial parietal; voice recognition; memory; tones, 18406
- neural systems; unwanted memory suppression; Freud; repression; brain; hippocampal, 12801
- neurobiology; learning; memory, 24674
- neurological soft signs; nonverbal memory performance; obsessive-compulsive disorder, 4663
- neurology; memory, 3634
- neuropsychological test performance; healthy volunteers; donepezil; learning; memory; cognition, 23214
- neurotransmitter norepinephrine; fear conditioning; noradrenergic transmission; adrenergic agonists; phosphorylated creb; behavioral change; contextual memory; cue memory; c-Fos; mice, 21822
- neurotransmitter; neurochemical systems; cognitive processes; behavioral tasks; rat learning; rat memory; neurotransmitter systems, 15554
- nicotinic effects; memory function; ventral hippocampal NMDA receptors; systemic nicotine; NMDA antagonist; dizocilpine; rats, 13030
- nonverbal test; naturalistic memory health; alcohol commercials; memory; consumer behavior; public health, 21002
- noradrenergic neurotransmission; nucleus tractus solitarius; agonist phenylephrine; neural processes; memory storage process; information encoding, 12867
- noradrenergic system; alpha-2 adrenergic receptor; deficient mice; fear memory; sensitivity; genetic depletion, 3623
- nycthemeral variation; physical vigor; fitness club members; intra-aural temperature; memory task performance; strength-training machine; Circadian rhythm, 21768
- object permanence; twenty four hour delay; disappearance; memory; spatial understanding; object identity; different locale; infants, 24966
- object recognition; attention; memory; visual perception; object representation; infants; preschool children; novelty task; matching task; habituation task, 910
- object recognition; mice; strain differences; memory, 9775
- object-place associations; hippocampal function; associative learning; arbitrary associations; retention; male rats, 9835
- obsessive-compulsive disorder; memory biases; threat-relevant information; anxiety disorders; attention, 31820
- obsessive-compulsive disorder; perseverative behaviour; uncertainty; memory, 31831
- odor learning; oviposition; host location; *Leptopilina bouardi*; parasitism; retention; conditioned response; odor memory; olfactory plasticity, 12725
- odor-evoked memory; emotional potency; functional magnetic resonance imaging; cues; amygdala; hippocampus, 9939
- old age psychiatry; memory clinics; old age services, 35774
- old-new recognition; frequency judgments; repetition; similarity; normative word frequency; memory representations; registration without learning; target discrimination, 12648
- olfactory ability; HIV infection; HIV-infected patients; symptomatic HIV; HIV-AIDS; olfactory deficits; AIDS dementia complex, 22870
- olfactory ability; HIV infection; HIV-infected patients; symptomatic HIV; HIV-AIDS; olfactory deficits; AIDS dementia complex, 19907
- opioid peptide; antagonist naltrindole; memory consolidation; analgesic effect; enhanced memory; spinach leaves; mice; rubicolin-6, 3998
- ordinal process dissociation; automatic processes; controlled processes; equations; ordinal relations; inclusion tasks; exclusion tasks; memory, 15328
- organizational knowledge; market information; firm performance; learning; memory, 12313
- origin of knowledge; child witnesses; sexual abuse; physical abuse; awareness; knowledge attributions; memory; victims, 10213
- p-chloroamphetamine; serotonin; memory enhancement; physostigmine; rats; NMDA-induced unilateral lesions; nucleus basalis; choline acetyltransferase, 13072
- pain intensity; pain unpleasantness; muscle pain; pain recall; expected pain; actual pain, 21253
- paired-associate learning; muscarinic cholinergic receptors; proactive interference; word pairs; memory; scopolamine, 12802
- Parkinson's disease; prospective memory; memory impairment, 22958
- passive avoidance tasks; *Scrophularia buergeriana*; scopolamine induced amnesia; methoxycinnamic acid; anti-amnesic activity; phenylpropanoids; mice; herbs; plants, 3920
- past life memory; Lebanese children, 33899
- pedophilia; IQ; memory; handedness; men; neuropsychological assessments, 10888
- pentyleneetetrazole-induced status epilepticus; behavior; emotional memory; learning; rats; seizures, 24800
- perceptual distinctiveness of cues; prospective component; retrospective component; prospective memory, 6602
- perceptual experience; recollective experience; amygdala damage; neural mechanisms, 13989
- perceptual memory; temporally ambiguous stimuli; potential impact; perception, 9588
- perceptual modality; verbatim memory; gist memory; fuzzy-trace theory; retrieval; recognition, 21371
- perceptual old new recognition; item distinctiveness; continuous dimension change; item features; word recognition; face recognition; color recognition, 429
- perirhinal cortex; anterior thalamic nuclei; lesions; learning; memory, 6953
- perirhinal cortex; cholinergic neurotransmission; glutamatergic neurotransmission; taste recognition memory; learned taste aversion; scopolamine; AP5; NBQX; NMDA; AMPA; receptor antagonists, 15750
- personal characteristics; depression mood; anhedonic mood; long-term recall; lifetime history; individual characteristics, 28674
- personality motives; traumatic events; memory; distress; cognitive complexity; September 11th terrorist attacks; personal traumatic experience; psychological symptoms; stress-related growth, 22106
- potassium channel modulators; morphine state-dependent memory; mice, 21929
- practice; memory reactivation; memory generalization; infants, 18917
- pre-attentive auditory processing; lexicality; event-related potentials; auditory sensory memory; speech comprehension; language familiarity, 9657
- prefrontal cortex activity; memory impairments; depression; brain mechanisms; cognitive deficit, 34841
- prefrontal cortex; functional organization; memory, 21377
- prefrontal cortex; hemispheric asymmetries; prefrontal activity; memory retrieval processes; cerebral hemispheres, 30867
- prefrontal cortex; hypoactivation; hemodynamic response; posttraumatic stress disorder; verbal fluency; memory; near-infrared spectroscopy, 1528
- prefrontal cortex; recognition; remembering; knowing; frontal lobe injuries, 5080
- pregnenolone; steroid; placebo; mood; memory; sleep quality; well-being; diazepam; benzodiazepine; anxiety; drug tolerability; psychotropic effects, 15779
- preschool students; memory; false memory; suggestibility, 10201
- preschoolers memory; threatening information; trauma history; divided attention; developmental dissociation, 22429
- presentation modality; event memory; suggestibility; confidence judgments; recognition; metamemory monitoring, 22041
- presentation speed; story recall; college students; multiple sclerosis patients; story memory tests, 27329
- prior experience; props; recall; toys, 30730
- problem solving; external memory aids; working memory; cognitive processes, 30734
- process dissociation; item information; order information; phonological similarity; information processing; memory processing; retention; numerical estimates, 33812
- proinflammatory cytokines; leverpress avoidance acquisition; rats; learning; memory processes; avoidance conditioning, 34137
- proper name learning; age-related learning; memory problems; cognitive aging; young adults; older adults; faces; recall; previously unknown people, 33857
- prose memory; higher education; lower education, 18927
- prospective memory performance; event-based prospective memory tasks; prospective memory task; prospective memory, 27548
- prospective memory; aging; meta-analytic review; automatic processes; event based tasks; time based tasks; retrospective memory; free recall; age-related decline, 15955
- prospective memory; executive processes; cues, 30583
- prospective memory; pediatric traumatic brain injury; orthopedic injuries; adolescents; children; reaction time; decision making task; computer task; reporting words task; category decision task, 16797
- protein kinase C; nucleus accumbens; motor & spatial learning; long term memory; spatial memory, 18703
- protein phosphatase 1; memory; transgene encoding; forgetting; mice, 21713
- prototypes; memory; abstraction level, 16268
- pseudogeneside-F; saponin; ginseng; protective effects; methamphetamine-induced neurotoxicity; anxiety-like behavior; memory impairment; dopamine; mice, 799
- psychological predictors; intractable epilepsy; memory performance; children; cognitive predictors, 13961
- rapport-building style; children's reports; staged event; memory, 18897
- rats; propylthiouracil; diazepam; dose-related effects; neuroleptic agent; anxiety; memory; animal models, 21817
- real-world outcomes; traumatic brain injury; attention recovery; memory recovery; prediction, 29106
- recall memory; recognition memory; orienting response; web advertisements; pop-up window; animation; online users, 33849
- recall; information retrieval; memory; inhibition; recognition latency, 12712
- recency discrimination; event-related brain potentials; long retention intervals; discrimination tasks; recognition memory; retention interval; memory; familiarity; recollection; time, 18634
- receptive field plasticity; auditory cortex; conditioning; memory; stimulus-stimulus learning; stimulus generalization; acetylcholine; auditory stimulation; tone; nucleus basalis, 634
- recognition memory; high-frequency words; low-frequency words; normal readers; dyslexic readers; event-related brain potentials; word processing, 4789
- recognition memory; hippocampal networks; neocortical networks; neural networks; hippocampus; medial temporal lobe cortex; recall; familiarity; operating characteristics; lesions; recognition, 428
- recognition memory; hippocampus; recollection; signal detection; receiver operating characteristic curves; rats, 34020
- recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 15329
- recognition memory; memory span; memory-impaired patients; hippocampal lesions; odor recognition; olfactory memory; amnesic patients; brain damage; animal models; rats, 6608
- recognition memory; normal adults; dyslexic readers; event-related brain potentials, 8076
- recognition memory; object discrimination; cognitive function; memory deficit; novel object; muscarinic receptor antagonist; dose-dependent reduction; acute administration; object exploration, 10061

- recognition memory; recall performance; intentional study; common objects, 21382
- recognition memory; single item recognition; associative recognition; recollection; familiarity; amnesia, 14013
- recognition memory; Spanish-Catalan cognate & noncognate words; remember; know; confidence judgment; signal detection model, 406
- recognition memory; study time; false alarm rate; information storage, 33876
- recognition memory; theories; signal detection; recognition decisions; dual process theory; parameter estimates, 18404
- recollection rejection; phantom recollection; memory conjunction paradigm; conjunction lure recognition, 12696
- reconstructive memory; adolescent-parent conflict interactions; perception change; attachment-related representations; immediate perceptions, 1092
- recurrent neural networks; definite memory machines; small weights, 12390
- regional brain activations; memory; deep encoding; shallow encoding; fMRI, 3771
- regional cerebral blood flow; lexical; brain regions representations; priming; retrieval; memory, 6853
- remembering; false memory rates; repeated attempts; prolonged attempts; erroneous memories; recall, 9710
- repeated exposures; gustatory stimuli; habituation; positive contrast effects; perinatal rats; orofacial motor responses; memory; taste, 18446
- repetition effects; visual recognition; letter presentation, 24504
